STEAMBOAT PROSPECTS

ADDITIONAL CHEAP SERVICE IS PROMISED.

Telegram From Victoria and Rumors in Effect That Steamers Majestic and Rosalie Will Touch Here.

The steamboat situation has taken a very desirable turn if rumors are of any value, and in this case the rumor seems to be authentic though lacking official corroboration. It is to the effect that during the coming week we are to have, in addit on to the present boats, the palatial steamers Majestic and Rosalie now on the Seattle-Victoria run, touching here. The plan is to have the Majestic touch here en route from Seattle to Victoria going back direct, and the Rosalie going to Victoria direct touching here on the return trip.

According to this arrangement we would have a daily boat to Victoria and two boats a day between here and Seattle.

The Victoria papers and a prominent Victoria friend of Angeles confirm the story.

It is also stated that the fare between this city and Victoria will be reduced to $1 00.

The six vessels of the Thompson Steamboat Company have been formally transferred, and Capt. J. Rex Thompson has retired, and for the present will act as trustee for the absorbed company until the affairs are settled. One half of the sale price, $150,000, is said to have been paid, the balance being due at stated periods. Several of the employes of the Thompson company have been discharged and others promoted.

The masters, pursers and crews remain the same and President Peabody states no change is contemplated. Walter Oakes continues president of the Alaska Steamship company, with Charles E. Peabody as its vice president and general manager and President of the Puget Sound Navigation company. Frank E. Burns was appointed to the position of superintendent, of both the Puget Sound Navigation company and and Alaska Steamship company, and Carl J. Stoltenberg purchasing agent for the same corporations. Burns has for some time been the agent for the Alaska Steamship company at Skagway. A. L. McClinton, long purser of the Dolphin and son of Judge and Mrs. McClinton of this city, succeeds Mr. Stoltenberg as city ticket agent at Seattle.

Capt. Thompson, a machinist by trade, built up a business in ten years which was sold for $300,000. He began his marine career as chief engineer and half owner of the little steamer Delta. In a short time he purchased the other half interest in the Delta, which was the nucleus of the present fleet of six modern Sound steamers one of which alone stood the company about $125.000 when she made her first voyage about six months ago

The Thompson Steamboat company was composed of Captain John Rex Thompson, his brother, Fred R. Thompson, Captain L. B. Hastings. Winfred Mann, Joshua Green and Frank Mann. The Thompsons owned one-half of the stock and Joshua Green an eighth. He purchased his interest from Captain Horne but a few months ago.

MACHINERY FOR CRESCENT.

Up-to-Date Machine Shop For Repair of Logging Engines and Locomotives.

Monday two large iron planers and an iron drill with necessary tools and equipment for a first-class machine shop were shipped to Crescent where the plant will be established for the Seattle Logging Co. operating at that point. Wednesday another huge iron planer was sent down.

An experienced machinist J. W. Douglass has been placed in charge and Mr. Earles figures that the plant will pay in the time saved in the repair of the two locomotives and dozen donkey engines operated by the company and the other work in this vicinity that will be had.

MRS. PETERS DEAD.

Expired Last Saturday After a Long Seige of Sickness.

Mrs. Laura Etta Crane Peters, beloved wife of Charles F. Peters of this city, died last Saturday after a long period of sickness, death being caused by cancer.

The funeral services were held Sunday and were attended by a host of friends for everybody knew Mrs. Peters.

Deceased was born in Portland, Ind., in 1840, where she resided until the removal of her parents in 1855 to Adair Co, Iowa. Here in 1859 she married Isaac C. Hall, of Indiana, and in 1864 they removed to California, and the following year to Seattle, where she took a prominent part in temperance work as a member of the W. C. T. U., and state lecturer for the I. O. G. T. During suffrage days she took an active part in politics, assisting in ousting the Republican ring of King county in 1886. Mrs. Peters was elected corresponding secretary of the P. S. C. Colony in 1886, and upon the founding of the official paper of that body she was installed as editor of The Model Commonwealth.

In 1887 the paper was removed to Port Angeles and Mrs. Peters, then Mrs. Hall, came also. The following May she gave her heart and hand to Mr. Peters, the marriage being the first solemnized among the early colonists in this city.

In 1896 8 and 1900, Mrs. Peters was chosen as a delegate of the Populists of Clallam to the state convention, and being on the platform committee in 1896 forced the adoption of the plank for woman's suffrage and upon the success of the party followed up the fight for the submission of the amendment. During the election of 1898 Mrs. Peters lectured in behalf of the suffrage amendment and the fight was lost only through lack of funds.

Mrs. Peters leaves a husband and three children by her former husband, Mrs. Dora Mason and Llewella Hall of Seattle, and Frank S. Hall, of Libby, Montana.

STREET REPAIR.

Council Allows $70 to Repair Peabody St. in First Ward to Accommodate Traffic of New Shingle Mill.

All members of the city council except Mr. Hunt were in their places Wednesday evening and an extended session was had, a major portion of time being consumed discussing the payment of claims of Clerk Smith for deputy hire, the Seattle Electric Co. for expenses of electrician to Port Angeles, and Surveyor Ware for viewing road without balance of committee. After prolonged discussion the first two named were allowed, and the latter rejected by a vote of 3 to 3. An extended discussion of the health ordinance also took place.

The street committee reported that walk on 5th street, east of Race, was beyond repair, and $22,00 would be necessary to build a new one. The resolution acting against this action the matter was laid on the table. The committee also reported that Peabody street north of 4th was in a terrible condition and in view of the fact that the shingle mill now almost complete south of the city would soon produce shingles to be hauled over this road recommended that $70 be spent in repairs. It was so ordered by unanimous vote.

The city attorney reported that if electric light warrants held by Perkins & Co., of Seattle, were payable at all, they were payable out of the Indebtedness fund. The clerk was directed to notify the warrant holders to this effect. Perkins & Co. desired payment out of the Current Expense fund.

Mr. Stewart also reported to effect that wording of law relative to election of police justice permitted council to elect whom they pleased. The election of a police judge was thereupon taken up and Major Harding was elected to the office by a vote of 4 to 2 for the present incumbent Thos. Penniman,

At request of Mr. Gehrke who was present, matter of part of walk on 10th and Oak streets was brought up, and in view of the fact that the question had been hanging fire for many months prior to pas age of resolution against any further grants of lumber for such purposes, council allowed 900 feet of plank for a short walk, residents of vicinity to construct walk.

Application of Mr. Ripley to pay billiard license quarterly was referred to the ordinance committee.

The street committee was given power to expend $2.50 for repair of crossings at 8th and Laurel and 11th and Peabody streets.

Binders of bond company for bonds of engineer and marshal elect were taken from the files and approved. Mr. Lauridson stated that Mr. Graham wished to be relieved as soon as possible, so Mr. Anderson was sworn in and directed to assume his duties the following day.

THE LADIES BOOK CLUB

Hold Their Third Annual Reception at Judge Hatch's.

Last Tuesday evening the elegantly fitted and commodious residence of Judge and Mrs. Geo. C. Hatch on Pine Hill was the scene of a very successfully arranged reception given by the members of the Ladies' Book Club of this city, and a delightful affair it was.

The ladies were all dressed a la colonial, and looked very bewitching in the garb of years ago; the gentlemen had rebelled and so were allowed to spend the evening in their homely modern clothes.

A unique literary contest was the feature of the evening, in which Mrs. Coburn and Arthur Smith carried off the prizes. Then came supper, a feast of scollupped eastern oysters, sandwiches, fruit salad, coffee, etc. The table was most fastily decorated with ivy and winter roses.

Progressive whist was then enjoyed for an hour, the prizes being awarded to Mrs. FitzHenry and Dr. Appleton.

The guests of the ladies were Messrs T. J Appleton, Geo. C. Hatch, Wm. K. Clark, E. A. FitzHenry, A. L. Johnson, H. M. Coburn, Horace White, W. J. Ware, A. A. Smith, Harry E. Lutz, A. J. Cosser.

Should Be Vaccinated.

On account of the close proximity of the small pox to this city every precaution should be taken to not only prevent its reaching here, but its spread in case it should get here. The board of health of Seattle has communicated with the board of school directors in that city relative to the state law concerning vaccination and the school directors have issued an order that all students in the public schools of Seattle must display certificates of successful vaccination or a scar before they will be permitted to attend schools. Those unable to do so or who are not vaccinated by next Monday will be excluded from the schools.—Townsend Leader,

WILSONITES VICTORIOUS.

CROCKER TURNED DOWN FOR COLLECTOR.

Hopkins for Marshal Though Chosen By Foster Said to Be a Staanch Friend of Wilson—Carrigan to Remain.

A dispatch from Washington this week says:

"Within the next few days the distribution of the principal federal patronage in the state of Washington will be made. No secret is now made of the fact that an agreement has been reached among the Republican members of the delegation which will save the president taking the matter in his own hands and rendering a decision. This action was taken as a result of recent conferences with the president which indicated clearly the latter's wishes in regard to Washington appointments.

"Clarence W. Ide, of Tacoma, who was a candidate for reappointment as United States marshal, will be appointed collector of customs to succeed F. C. Huestis, who has long since evinced a desire to be relieved. C. B. Hopkins of Spokane will be appointed to succed Mr. Ide as marshal."

Both of these appointees are believed to be Wilson men, and certain it is that Ide is, which means the retention of Mr. Carrigan as deputy collector of this port. It is said this agreement has been known for some time, but is just now made public. It is also stated that the vanquished candidate for collector of this port is to have some other federal job to appease him, but what it is or what it can be about these diggings no one seems to know.

Foster also is allowed to name the successor to Will R. Gay as district attorney with headquarters at Seattle. This office goes to Jesse Frye of Whatcom, who it is said was on the fence in the senatorial fight of 1899, finally landing in the Foster camp.

Mr. Ide's most excellent record as U. S. marshal undoubtedly assisted Mr. Wilson in securing his appointment to a position equally good to the one he gives up to Hopkins, who is claimed as a supporter by both Wilson and Foster.

Attorney J. E. Cochran returned Monday from Port Townsend where he argued for the prosecution against the motion for a new trial in the Priest case.

The city schools have been closed for two weeks.

C. A. Wood has been appointed special day marshal for a period of thirty days at $35.00 per month.

Official Paper

Of Port Angeles, Clallam county.

Entered as second-class matter in the Post office at Port Angeles, Washington.

WE have not yet been cited to appear, so presume the court house boys take it "that the least said the sooner mended."

THE proposition to tax abutting property for sidewalk improvements adopted by the council last meeting should be commended by the residents of the city, and the only fault we can find is that the rule should have been adopted from the start. It is only right that those who have walks should foot the bills, and it is not right that those who have not walks should pay to build walks for others.

A man told us the other day that we did not publish all things that happened. We should say we don't. In the first place we have others who depend on us for a living. If we publish all that happens we should soon be with the angels. In order to please people we must print only nice things of them and leave the rest to the gossips; yes, it's a fact, we don't print all the news. If we did wouldn't it make spicy reading? But this would be for one week only. The next week you would read our obituary, and there would be a strange face in heaven.—Carlyle (Ill.) Constitution.

WE have been asked to note by Press Secretary S. W. Bolles that there is now but one duly organized National Memorial Association for the erection of a monument to the late president, and this is known as the McKinley National Memorial Association, with headquarters at Cleveland. This association is headed by Wm. R. Day, of Canton, M. A. Hanna, and other prominent Republicans, and contributions are being made by people of means irrespective of party. The memorial will be erected over the grave of Wm McKinley in Westlawn Cemetery, Canton, and Secretary Bolles tells us, it will be throughout the voluntary offering of the whole people.

THE money question is dead, say our republican friends, but with a diligence worthy a better cause they work on and on to entrench themselves. A bill has been agreed upon by the committee on coinage for the consideration of this congress as follows:

"The secretary of the treasury is hereby directed to maintain at all times at parity with gold the legal tender silver dollars remaining outstanding and to that end he is hereby directed to exchange gold for legal tender silver dollaes when presented to the treasury in the sum of $5 or any multiple thereof; and all provisions of law for the use or maintenance of the reserve fund in the treasury relative to United States notes at the discretion of the secretary are hereby made applicable to the exchange of legal tender silver dollars."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

DEAR EDITOR.—While our city fathers are discussing ways and means and in every way trying to do the most for the city with the least possible amount of expenditure, it has occurred to me that there is at least one way whereby and wherein many of our not over-worked citizens could help very materially in improving the appearance of our county seat, enhance the value of their property and maybe increase the population. As it is we have "Rus in urbe," whereas if each one having one or more vacant lots would endeavor to make them more vacant by grubbing out the stumps and grading them we would then "urbe in Rus" (town in country), and in this favored spot where we have winter months but no winter the good work could be going on right along.

If this was done and then each one would do the same on the street opposite their homes and then level down some of the "shacks" that deface our fair city site visitors coming here would receive a much better impression and would be much more likely to remain. vis unita fortier, (Force is strengthened by union) and now that we are to have better transportation services and probably more visitors let us all be up and doing. Yours truly,

IT SCARES PEOPLE

Who come of a consumptive family when they begin to cough and the lungs are painful. But it is a fact beyond disproof that consumption is not and cannot be inherited. The germ which breeds disease must absolutely be received by the individual before consumption can be developed.

Men and women who have been afflicted with obstinate coughs, bronchitis, bleeding of the lungs, emaciation and weakness, have been perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It cures the cough, heals the lungs, and builds up the body with solid flesh.

"When I commenced taking your medicines, eighteen months ago, my health was completely broken down," writes Mrs. Cora L. Sunderland, of Chaneyville, Calvert Co., Md. "At times I could not even walk across the room without pains in my chest. *The doctor who attended me said I had lung trouble, and that I would never be well again.* At last I concluded to try Doctor Pierce's medicines. I bought a bottle of 'Golden Medical Discovery,' took it, and soon commenced to feel a little better, then you directed me to take both the 'Golden Medical Discovery' and the 'Favorite Prescription,' which I did. Altogether I have taken eighteen bottles of 'Golden Medical Discovery,' twelve of the 'Favorite Prescription,' and five vials of 'Pellets.' I am now almost entirely well, and do all my work without any pain whatever, and can *run* with more ease than I could formerly *walk*."

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any one have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by C. E. Nailor & Co.

The Spirit of Winter.

The Spirit of Winter is with us, making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is no much pooh in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine first cures them—Hood's Sarsaparilla—it is easily obtained, and there is abundant proof that its cures are radical and permanent.

A WORTHY SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucuous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. This is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

The wagon roads are in a bad condition. The new road to the Elwha which was cut by way of Tumwater hill is, at present, impassable. The recent heavy wind storms blew down upwards of fifty trees, blockading the way. One can travel a-foot to and from Dry creek by this route. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. E. Nailor & Co.

About Gapes.

Gapes are usually due to filth, the eating of the residuum of food previ ously given and feeding in damp places. It is believed that they are propagated in earthworms, but no facts have yet been discovered regarding such claim. The best remedy for gapes, if the chicks will eat, is to add a teaspoonful of spirits of turpentine to a mixture of one pint of cornmeal and a half pint of middlings. Thoroughly incorporate the turpentine with the dry material, then scald as much of the material as may be required and feed to the chicks on a clean board. Put ten drops of carbolic acid in every pint of drinking water and change the water frequently once a day. There is no sure remedy for gapes, and inserting feather tips in the windpipe to draw out the gape worms can be done only by an experienced person. There are suggested remedies, but they are sometimes as fatal to the chicks as the gapes.

GEO C. HATCH, Judge,

FORCED TO APPLY

Mrs. Lawrence after a Life Unbearable Asks Court for Relief.

Yesterday Judge Hatch granted a decree of divorce to Mrs. Lawrence from J. A. Lawrence, giving her an equal division of the property, the custody of the children and alimony sufficient to support.

The complaint sets forth that the defendant has failed in support of the family, has brutally treated her until life became unbearable. No defense was made.

The case is truly a sad and distasteful one, the children of the marriage being some of the finest in the land. It is stated that further developments in the matter of distribution of property may be expected.

A party of railroad surveyors arrived here yesterday afternoon on the steamer Majestic from Seattle, and at once proceeded to the Port Townsend Southern depot with their tools, etc. It is given out, unofficially, that the surveyors are here to lay out a route that will run a spur of the Port Townsend Southern over to the farnace at Irondale, thence along the beach to the head of Water street in this city.—Townsend Leader.
