VOL 12, NO 48 PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, MARCH 7, 1902. PRICE FIVE CENTS

TO CONNECT NEW ROAD

Commissioners and Councilmen Sign An Agreement.

The city council met in regular session Wednesday with all members except Mr. Lau i lsen present. Little business of importance was transacted. The franchise committee failed to make any report on light franchise proposition, and none was asked for, the delay seemingly being intentional.

The street committee reported in matter of fall in Front street sidewalk, recommending $5 for repair. The amount was allowed.

A communication was then re d from J. D. Hickok, manager of the Angeles Water Co., submitting a bill of expenditure in repair of water main, caused by break in Lincoln street sewer, in amount of $54.50. The item came in the nature of a statement instead of a demand for reimbursement and was ordered filed.

The ordinance committee reported recommending passage of amended ordinance providing for deposit of money before council would hereafter consider any franchise. The ordinance was then read. The mayor suggested that the words "and other valuab e privileges" be inserted to have money deposited before any franchise or privilege was considered. Mr. Hallahan stated if phraseology of ordinance was changed at all he would vote against it. A motion to refer back to the committee and city attorney was then voted down and the ordinance adopted, Miller voting "no" with the explanation that he did not beleive the ordinance complete.

Bills allowed:

G G Teachman, spe. police.....$20 00
Employees, light plant Feb.... 69 00

Bill of Port Angeles Water Co, water rent for February, $29 00, was referred back to committee to ascertain number of days city was without water, for deduction of prorata rate.

An agreement between the city and county officials for the connection of the Bradshaw road. The agreement is to the effect that the city is to call for bids to open certain streets to connect with the new county road running along the boulevard from F street west. If the cost of such improvement does not exceed $300 the county will stand $250 of same, and 5 6s of the additional costs.

Mr. Hallahan wanted to know if the county could not be enjoined from paying its proportion of the debt after the city became liable.

Mr. Miller thought this matter should be allowed to proceed without techincalities being considered. The commissioners wanted the connection and would do their part.

The city attorney said one should not look a gift horse in the mouth. The commissioners would do their part and legally and he thought the less said the better.

The question was dropped here and upon motion of Mr. Miller the city engineer with Mr. Bowman and assistants was instructed to run lines and draft profiles and specifi.ations for the calling of bids for construction of road on 12th street from C to E, on E to 17th, on 17th to F, and on F to Boulevard.

A report from the Health Officer was read to the effect that no party had developed any case of small-pox and all danger was over.

The infant son of Joe Pullen died on the 21st inst.

It was stated by the News at the time of the Carnes tragedy some time ago that he had an aged mother living in Ohio. His mother was getting feeble and the shock of the murder of her "Johnnie" proved too much, death relieving her a short time ago. Thus it seems that the fatal bullet fired on that lonely trail is respo sible for two lives instead of one and the murderer will someday be called to account for taking the lives of two inoffensive people. If the guilty conscience of the criminal was a heavy burden it would seem that its increased weight ought to be beyond human endurance.

MARRIAGES CAUSE CHAOS

Many Complications in Suit Over Site For Lighthouse.

A suit which may disclose many complications was filed in the federal court this week by the district attorney' office. It is for the condemnation of thirty acres at Slip point, Clallam county, this place having been selected as the site for a large lighthouse and fog signal station. The defendant in the case is E. F. Donohue.

Years ago a white man sold the land in question to twelve Indians, who were to hold it in common. The twelve are dead. Some of them married according to the laws of Washington; others, according to their native customs. Their children followed about the same methods when they came to be a marriageable age. In consequence, it is stated the title to the land is involved in a maze of complications that would puzzle the most resourceful lawyer. The light house and station is to be an elaborate one, the first appropriationbeing $12,500

A WONDERFUL PAINTER.

Prof. Crane and His Work of a Life of Three Score Years.

If there is one thing more than another that starts the pulse beat of an angler it is warm sunny days and the near approach of the trout season. Spring is already here and in overhauling our tackle we made the discovery that we must have a new rod and in fact almost a new outfit, so we struck out to consult "Daddy" Crane, as we call him. Prof. Crane is an enthusiastic angler and authority on trout and tackle, having no doubt fished in more different streams from Maine to this Coast than any other man in this country.

Prof. Crane is an artist of very rare ability as all know who have ever seen his work, and for the time being we forgot our mission in our renewed admiration of the many beautiful works of art which the Professor has on exhibition. He has hundreds of beautiful pieces, the work of a lifetime, and all wonderful and true to nature. One would naturally think to visit his studio that like the great Landseer animals would be his forte, he having some of as fine paintings of dogs, etc., as we have ever seen. One expects to see them move as he looks at them so true to life are they. He has also many fine pieces of landscape, fruit, and other still life studies that would be hard to excel; but when you come to his fish pieces, especially trout, you become perfectly entranced. Prof. Crane's forte seems to lie in the reproduction of creels overflowing with trout, dishes filled with jeweled beauties, and strings of beautiful specimens just taken from clear, cold brooks, lakes and mountain streams. He has added many varieties to his already large collection and this has been the reason of his stay among us. Clallam's lakes and streams abound with species until recently unknown. Prof. Jordan, of Stanford University in an an article in Forest and Stream has asserted this. No artist to our knowledge has ever shown more clearly how long, earnestly and lovingly he has pursued and captured this king of game fishes; studied its habits, variety and coloring, or more successfully transferred them to canvas in imperishable colors. We have interviewed quite a number of connoisseurs from Boston, New York and other art centres who have traveled extensively, and all are unanimous in the belief that Prof. Crane's trout pictures are the finest in the world. This is a broad statement but we make it advisedly and believe experts visiting the Professor's studio and examining the work will corroborate us. He is in love with his work and parts with little, hence the accumulation of years of toil could not be purchased for $100,000.

Returning to the object of our visit we found the Professor nearly as enthusiastic on the rod as he is on trout. He will not use anything but the Horton steel rod, which he has so beautifully portrayed in many positions in his beautiful trout pieces.

Prof. Crane contemplates a trip this spring to the big and little Kern rivers and Whitney creek in California. Whitney creek heads high up on Mt. Whitney and is the home of the golden trout peculiar to that locality. Prof. Crane has made a special study of trout for over twenty years, often going hundreds of miles to secure specimens of that particular locality.

After his return from California the Professor intends to leave Port Angeles to locate permanently in Spokane. We are sorry to have him depart for aside from him being a jolly, congenial old fellow with whom it is a pleasure to converse, his marvelous exhibit of art is equal as any to be found in the great solons of the world. But then we cannot hope to have him with us always as it is his nature to get the best of everything and to hunt new fields of labor.

PINE HILL NEWS.

A very pleasant social event occured upon last Saturday evening at the home of Miss Vina Gould, who had prepared a party in honor of her friend Miss Pearl Stoops formerly of this place, but now residing in Seattle. The invited guests were from the east end. Pretty souvenirs were given to each guest in honor of the event and the evening was spent in solving unique contests, one of which was finding the ends of ten spools of thread twi-ted all about the room which proved most laughable. Prizes were won by Annie Ritchie, Sadie Goldwater, and Jay Appleton. Those present were: Peal Stoops, Jay Appleton, Stella Snyder Ralph Lutz, Florence Wilde, Fred Foster, Sadie Goldwater, Jack Henson, Annie Ritchie, Charly Filion, Leona Laird, Herman Mitchell, Ed. There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address,

CONGRESSMAN JONES has favorably reported a bill authorizing the issuance of a patent to Clallam county to the strip of the government reserve on which the court house now stands, east of Lincoln street and between 2nd and 3rd streets- The committee are said to be unanimously of the opinion that the bill should pass.

SEATTLE has again elected Humes mayor, but by a vote that repu iates him as far as the better element of the party is concerned. He received a plurality of 609, or a vote of 6,609, while the straight Republican vote cast was 7,851. While the result is a disappointment, the vote rather conveys the idea that Seattle is not altogether hopeless.

FORMER Gov. Hogg, of Texas is in London, and was to be presented to King Edward. He found he must appear in knee breeches, sword, etc., the regulation court dress.

"Never," said Mr. Hogg, "If I cannot appear in the ordinary evening dress of an American citizen, I will not appear at all. A pretty sight I would make rigged up in those gewgaws. I have not the faintest idea of trying to revolutionize or even criticize English customs, but blamed if I'll wear another country's uniform—no, not even for the sake of meeting the king.

Nasal CATARRH

In all its stages.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

IN another column will be found a clipping to the effect that the aged mother of Jno. Carnes has succumbed from the effects of the shock of her son's tragic death. Thus two are recorded against the murderer who has been allowed to escape BECAUSE THE PROPER STEPS WERE NOT TAKEN TO APPREHEND HIM. The county is out over $700 for the insane method adopted and no results have been obtained. If the commissioners wish to escape condemnation they had better quickly assume some semblance of interest in county affairs and not let one man do the business of the county while the others are looking after private matters.

DON'T SLOP OVER.

Every American who understands the obligation of hospitality will sympathize with all proper efforts to make Prince Henry's visit to this country agreeable. And every American of sense hopes that these efforts, so far as they may be official, will be marked by dignity and good taste. As for the extra-official attentions, they won't matter so much. Some of them are sure to be deplorable. But that unpleasant anticipation ought not to reduce the warmth of Prince Henry's welcome a particle. It will not be his fault that under the influence of his presence toadys, busybodies and every variety of fool will appear as plentifully as frogs and toads often do in a dry region after a downpour of rain.—New York Journal.

AN INCENDIARY DOCUMENT.

Senator Hoar, in a recent speech in the senate, referred to the fact that an order had been issued by the Philippine commission prohibiting the reading of the Declaration of Independence in the Philippine islands. The senator further pointed out that by the law promulgated by that commission it was a penitentiary offence to read the Declaration of Independence. The Declaration is said to be barred from the Philippines on the ground that it is an incendiary document. Is this not a curious charge to make against that document? It sets forth certain self-evident truths, and discusses the inalienable rights of man. Are we as a nation in a position to punish people for believing in that Declaration or reading it aloud to others? Imperialism has certainly brought us into a strange situation, and one is forcibly reminded of the time when Christian monarch felt it necessary to suppress a publication which contained extracts from the Bible condemning monarchy. If we are to have imperialism we will find it embarrassing to preach free government here while we practice imperialism elsewhere.—Commoner.

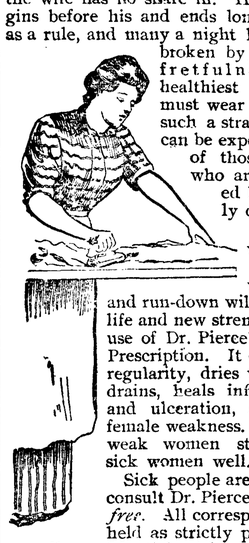
The 8 Hour Day

Which the working man has fought for and succeeded in obtaining is something the wife has no share in. Her day begins before his and ends long after it, as a rule, and many a night her rest is broken by the baby's fretfulness. The healthiest woman must wear out under such a strain. What can be expected then of those women who are weakened by womanly diseases?



Women who are weak, worn-out and run-down will find new life and new strength in the use of Dr. Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

Sick people are invited to consult Dr. Pierce, by letter, *free*. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I suffered with female weakness about eight years—tried several doctors but derived no benefit until I began using Dr. Pierce's Favorite Prescription," writes Mrs. John Green, of Danville, Boyle Co., Ky. "This medicine was recommended to me by other patients. I have taken six bottles and I feel like another person."

The dealer who offers a substitute for "Favorite Prescription," is only seeking to make the little more profit paid on the sale of less meritorious medicines. His profit is your loss. Refuse all substitutes.

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

COMMONER SAYINGS.

In their Lincoln birthday editorials the administration organs were careful not to quote from any of Lincoln's speeches or writings.

Uncle Sam has just returned something over $350,000 to China. Such a procedure is calculated to wring the hearts of earnest patriots like Neeley.

"We must have the Philippines because their trade is valuable!" shrieked the administration organs a few months ago. "We must enforce the tariff laws against Philippine trade!" shriek the administration organs now. The logic of the tariff organs usually jams its pilot into its caboose if given time.

It is now claimed that the Mayflower did not bear our Pilgrim Fathers from England to the stern and rock-bound coast. The iconoclast seems never satisfied. It has been claimed that the continental congress did not know what it was doing when it adopted the Declaration of Independence.

The character of Mr. Roosevelt's search for the truth is shown by his statement that he had summoned before him "the surviving captains of the five ships, aside from those of the two admirals, which were actively engaged at Santiago." In other words, in order to do "perfect justice" Mr. Roosevelt swept aside all the testimony of the men on the Brooklyn who were in the heat of the fight because in order to do "perfect justice" he had swept aside all the testimony of the men on the New York who were nearly twelve miles away and could not tell anything about the fight!

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

The Sunset Telephone Company.

Letter Indicates a System Will Be Put In Here This Spring.

The Commercial club met last Friday with President Griggs in the chair. The secretary read a communication from A. C. Hamilton, manager of the Sunset Telephone company at Port Townsend, in reply to a letter sent him by the club asking that their system be extended to Port Angeles. Following is the gentleman's letter:

PORT TOWNSEND, WASH.,
Feb. 20, 1902.

HORACE WHITE, Sec. Commercial Club:

DEAR SIR—Your favor of yesterday in regard to the extending of our telephone lines to Port Angeles is received and I forwarded it with a good word to our division manager, Mr. W. J. Phillips, at Portland, Or., and I think it more than likely that you will hear from him in regard to the matter.

I have had some correspondence with Mr. Phillips about this line, and while I am not in a position to give you anything official, the prospects are that almost the first work the company does this next spring will be to give you connection by telephone with the rest of the sound country and the installation of a local exchange. Yours truly.

A. C. HAMILTON, Mgr.

The secretary read a letter from Chas. Peabody, manager of the Thompson Steamboat company, in which he stated that he had been expecting to come to Port Angeles and meet the business men before this but owing to sickness in his family had been unable to do so, and that he hoped to come down at an early date.

Captain Bradley made a statement of what the city council had done toward open up streets to connect with the new county road to the southwest of the city. Peter Grubb reported that the committee had seen the commissioners as to the Eden valley road to the lakes and stated that the matter had been left to Mr. Gerrin with power to act and that the prospects were very favorable to opening up the road.

The matter of adopting the constitution was then taken. It was read through by sections, and after a full discussion and several amendments, agreed on, and finally adopted by a unanimous vote.

The communication from Col. Coolican in regard to the preparation of a pamphlet was taken up. It was decided by vote that Col. Coolican should prepare the reading matter as proposed in his first letter offering to get out the pamphlet.

On motion of Mr. Aldwell the president was authorized to appoint a committee of five to read the proofs of the pamphlet as prepared, such committee to include the president and secretary of the club.

BROME GRASS.

Highly Indorsed by Dr. Saunders of Canada For Pasture.

Dr. Saunders of Canada says that the awnless brome grass has proved of great value in the northwest and has practically solved the question, so important there in mixed farming, of obtaining good pasture. The brome grass is quite hardy, gives excellent crops, and after two or three years it is found to thicken up so much that, while the crop of hay is less, the undergrowth becomes so thick that it produces good pasture for the greater part of the year. It starts to grow very early in the spring and continues to grow very late in the season, so that it is a very advantageous crop for the farmer, and a large number of the northwest settlers now have a few acres of land in this brome grass.

The grass grows in a great variety of soils. It does well on good, rich land, it accommodates itself to almost any kind of soil and will stand any amount of cold weather. In the northern part of Russia, where the people have long depended mainly on brome grass for hay, it is said to grow on all sorts of soil.

According to Dr. Saunders, "There is very little difficulty in getting rid of the roots if it is plowed under at the proper time—that is, in the autumn or early in the spring. If it is plowed later in the season, when there is an abundance of rain, the roots will sometimes start again, but we have practically found no difficulty here, and in the northwest the strong, fibrous roots of this grass have been found of great advantage from the abundance of fibers which it produces. These permeate the soil to a depth of three or four inches, so that when a piece of brome grass land is plowed under the soil is not liable to blow in windy weather, as is the case with ordinary summer fallow.

"I saw this year at Indian Head some five acres of brome grass land which had been plowed under carrying a crop of barley which did not seem to have suffered at all from the action of the wind, although it was in a very exposed place. These fibers in the soil had held it together."

A SIMPLE TROUGH.

One You Can Make Yourself, and It Will Do For Water or Food.

I have a feed trough which I made myself out of a piece of galvanized iron. It is three and one-half feet long. To make it, get two pieces of wood and shape them to fit the inside of the trough for the ends as shown in the diagram. Nail well with lath nails. If you want one for water, make it shorter and before putting the end pieces on paint a piece of cloth and place between the end pieces and the trough. Then after you have your end pieces on, get a piece of lath just long enough to fit between the ends and nail it lengthwise just above the level of the trough. This will keep the chickens out of the water. Put two eyes on the top of the end pieces to hang it by. Drive stakes in the ground just far enough apart to let the trough swing. Put pins in the top of the stakes to fit the eyes on the end pieces of the trough. The top of the trough should be about six inches above the ground. You can use your judgment about painting it. If you do, put some water in it and let it stand about a day before allowing the chickens access to it.—Subscriber in Poultry Keeper.

ORDINANCE NO. 306.

AN ORDINANCE REQUIRING THE payment of money to the city of Port Angeles by applicants for franchises therein, and repealing ordinance No. 305.

THE CITY COUNCIL OF THE CITY OF PORT ANGELES DO ORDAIN AS FOLLOWS:

SECTION 1. No application for any franchise shall hereafter be considered or acted upon by the city council unless such application be accompanied by the sum of one hundred dollars ($100) gold coin of the United States, which said sum shall be held by the city treasurer until such time as the conditions of the franchise (if granted) are fully complied with and performed by the grantee named in said franchise, his successors or assigns; but in case any such application for a franchise shall be rejected or for any reason refused said sum of $100 shall be returned to the applicant or his agent duly authorized to receive the same.

SECTION 2. That in case the grantee of any franchise, his successors or assigns, shall fail or neglect to perform and fully comply with all the conditions, reservations and restrictions contained in such franchise, then the said sum of $100 shall immediately become forfeited to the city for the purpose of paying attorney's fees for drafting ordinance repealing such forfeited franchise and the costs and expenses of publishing the same; and the said sum of $100 shall, as soon as any such franchise has been granted, be placed in the current expense fund to be used in the manner provided in this ordinance.

SECTION 3. All the conditions and provisions contained in sections 1 and 2 hereof shall apply with like force and effect to any application for renewal or extension of any franchise heretofore granted or which may hereafter be granted and to all renewals or extensions of such franchises.

SECTION 5. This ordinance shall take effect and be in force from and after its passage, approval, and from and after five days after the date of the publication of this ordinance.

Passed, the City Council Mar. 5th, 1902.
Approved, March 5th, 1902.
Published, March 7th, 1902.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards are Being cured Daily In Spite of hemselve.

No Noxious Doses. No Weaking of the Nerves. A Pleasant and Positive Cure for the Liquor Habit.

It is now generally known and understood that the drunkeness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkers into sober, industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS! This remedy is in no sense a nostrum but is a specific for this disease only, and is no skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it, thousands of drunkards have cure them selves with this priceless remedy, and as many more have been cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement." Drive out the disease at once and for all time. The "HOME GOLD CURE" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing $25 to $50. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E637 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

Charles M. Kent, for many years a resident of Port Angeles came to an untimely end at the Globe Hotel last Sunday afternoon. He was confined to his room but a few days when death relieved him. The funeral services were held Wednesday from Undertaker Mock's rooms and were witnessed by a number of friends. Mr. Kent was an accountant of rare ability and but for dissapating habits might have been an influential citizen.

Mrs. Bertha Brant, of this city died at one o'clock Tuesday morning after an illess of but a few hours. She passed away without a struggle, peacefully while asleep. The funeral services were held this morning at 10 o'clock from the home of the family opposite the court house and were attended by a large number of friends. Deceased has been a resident of Port Angeles for the past 12 years. She was 59 years of age, and a native of Halmsted, Sweden. She leaves a husband and eight children, five girls and three boys to mourn her loss.

J. D. Bready left for Gettysburg Wednesday after a few days' visit in the city with his family. He says his company will complete their contract with Hall & Bishop in a couple of weeks.

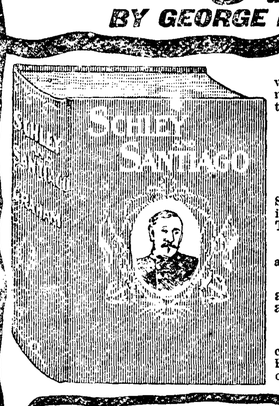
Schley and Santiago
BY GEORGE EDWARD GRAHAM.



The intrepid Associated Press war correspondent, who was aboard the U. S. S. Brooklyn during the entire five months of the campaign. Illustrated with photographs taken by the Author during the fight.

The Most Sensational Book of the Day.

The true story of the famous cruise of the Flying Squadron under Commodore Winfield Scott Schley, including the blockade and destruction of the Spanish fleet, TOLD FOR THE FIRST TIME.

Contains an autograph endorsement and personal account of the battle by Rear-Admiral Schley.

"The facts of the story of the movements and operations of the Flying Squadron as the author tells them in this book are correct."
—W. S. SCHLEY.

An interesting narrative of facts. Explains the so-called "Retrograde Movement;" the "Loop;" the "Coaling Problem," and settles conclusively every adverse ruling of the Court of Inquiry.

PRESIDENT ROOSEVELT, when Governor of New York, said:—"Mr. Graham's story is the best account I have heard or read of the naval fighting during the war. It needed just as much courage to go about taking photographs as it did to work the guns."

THE NEW YORK HERALD says:—"Mr. Graham, in the telling of facts, leaves the reader free to make the deduction that several naval officers need a Court of Inquiry to re-establish their reputations, if they can be re-established."

No subject has ever been before the public that has interested everybody as the manner in which Admiral Schley has been treated, and the American people demand the ***full recognition of the Hero of Santiago.*** This book tells everything just as it occurred and as the eyewitnesses saw it. Book is selling like wildfire. Liberal commissions. Outfit and books now ready. Send seven 2-cent stamps for canvassing outfit. ACT QUICK. Now is the time to MAKE MONEY.

Price $1.50, $1.75, $2.25, $2.75, according to style of binding desired.

A Printer Greatly Surprised.

"I never was so much surprised in my life, as I was with the results of using Chamberlain's Pain Balm," says Henry T. Crook, pressman of the Asheville (N. C.) Gazette. "I contracted a severe case of rheumatism early last winter by getting my feet wet. I tried several things for it without benefit. One day while looking over the Gazette, I noticed that Pain Balm was positively guaranteed to cure rheumatism, so bought a bottle of it and before using two thirds of it my rheumatism had taken its flight and I have had a rheumatic pain since." A WORTHY SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up themucuous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARR CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.
