VOL 12, NO 42 PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, JANUARY 24, 1902. PRICE FIVE CENTS

THIS MORNING'S STORM.

Considerable Damage Done to Property Along Water Front.

The terrific wind storm which broke up the city early this morning reached its height about two o'clock and did considerable damage to those buildings along the street out which have been newly bulkheaded and the piling allowed to rot away.

About five o'clock the Myers bath house and restaurant and the boat house and boats in the rear dropped into the bay, the piling being too weak to resist the swaying motion. The buildings were not very substantially built and soon fell apart piling up on the beach in splinters. Mr Francks, the boatman in charge, barely escaped with his trunk He lost all other personal effects, including two chests of tools The buildings were the property of S. L. M[illegible] now a resident of Northport, Wash., whose loss will be in the neighborhood of $1000.

About the same time the sloop anchored off the boat house belonging to Roy McClinton broke loose and was demolished. The sloop and contents are valued at $250.

At 7:30 this morning, the old delapidated Cross building adjoining Griggs & Gutenberg's, in which the firm named kept an assortment of second hand furniture, went down and practically everything was lost. The contents of the building were valued at $250.

The liquor room in the rear of Mona's saloon, also went down about this time and $75 or $100 of liquor was lost.

The beach between Oak and Valley streets is covered with huge sills, piles, boards and broken furniture and boats, and the wonder is how the mass got through the Front street extension without tearing that structure down.

LATER—This afternoon the surf at high tide lifted a section of the railroad trestle at the foot of Peabody street where hardpan prevented the driving of the piling to any depth, and carried it away, and the immense amount of driftwood and big timbers afloat constitute somewhat of a menace to the water front property In fact the only one is the danger of the storm, one weak piling giving way soon looses more until timbers are so numerous that every weak pile along the frontage is attacked. However, the storm is practically over at present writing (4 o'clock) and those who removed property are returning it to their buildings.

A rigid examination should be made hereafter and all piling ordered kept in good repair, for in a northeaster the [illegible] piles.

Rails for Crescent.

Monday a shipment of rails was made to the logging company at Crescent aggregating 26 tons, and on Wednesday another shipment of the same weight was made. The rails are for standard guage heavy traffic and it is thought are the first installment with which the company will begin carrying out its intentions to construct standard-guage tracks hereafter. There has been many accidents on the narrow guage road because of the top heavyness of the log laden cars.

The Waite shingle mill south of town is now cutting shingles.

Mrs. H. W. Dibb returned to Snohomish this morning after spending several weeks here nursing her daughter, Mrs. Hughes.

CITY BUSINESSMEN..

Rountine Transacted at Wednesday's Regular Meeting.

The city council met Wednesday with Councilmen Hunt and Miller absent, these gentlemen being occupied in the Riley trial.

The street committee's recommendation that $4 be spent in lowering ditch on 4th street, near Race, and that $10 be spent in graveling Valley street between Third and Fourth, was approved and amounts allowed.

Messrs. McKee and LaFlower submitted an offer to construct coffins complete for $15, and to do and supply all other things necessary, except digging graves, in burying city poor for $6. Upon recommendation of cemetery committee the offer was accepted.

City clerk was directed to procure for mayor letterheads and envelopes and 150 2 [illegible] and the mayor and Mr. Laundsen were appointed a committee to select a new design for city letter heads.

His Honor reported the Banks' building in danger of falling into the bay and a menace to adjoining property The clerk was directed to notify Mr. Banks to remove same forthwith.

Culbert at Lincoln and Fifth streets was ordered repaired at cost of $5. The street committee was also directed to purchase such tools as city may need.

City clerk was given a week's leave of absence.

That Divorce Case.

The defendant in the divorce case reported last week, made us a visit last Saturday and registered an emphatic protest against the report stating that the statements therein made were wholly false, tending to convey the impression that he had beaten his late helpmeet. The article, he said, was very damaging to him, particularly so in the statement that he had failed in the support of his family. He further stated that he had consulted with prominent attorneys of the city and would expend $1,000 in the case before he would allow the matter to stand thus, and had telegraphed for his late wife to return and bring an action against us to compell us to retract.

We have further investigated the matter and find that our report was substantially correct, justifying in no sense the remarks or threats made, but to be technically correct, we give the following extract from the complaint filed.

The plaintiff complains of the defendant and for her cause of action alleges:

1st That plaintiff and defendant intermarried on the 4th of January, 1883, at Grand Rapids, Mich.

2nd. That for more than one year prior to the commencement of the action, both * * have been residents of * * Port Angeles * *

3rd. That there are now living as the fruits of said marriage, five children * John William; 18 years; Charles Albert, 16; Edith Annie, 11; Harold Stanley, 7; Helen Edna, 2½ years

4th. That at all times this plaintiff has conducted herself in a manner becoming a wife, and has been a faithful, dutiful and affectionate mother to their children.

5th. That for a long time past the defendant has treated this plaintiff in a cruel manner, and and has inflicted upon her personal indignities which have rendered her life burdensome. That said defendant has neglected the plaintiff, and has ceased to have any affection for her and has so informed this plaintiff, and has rendered it impossible for her to live with him any longer as his wife. *

At the trial plaintiff testified that during the past two years she had been compelled to look to her sons for support.

These are all the material points that have been aired in the courts, and therefore the only point we care to discuss at this time.

Communicated.

DEAR EDITOR:—

During my visits to Seattle I hear somethings about Port Angeles, some true and some false, and in my perambulations around and through Port Angeles I seesomethings, and somethings I do not like to see.

Seattle people say that we are in a comotose condition in Port Angeles, and when I hear so much about our splendid farming country and see the excellent soil and then see ordinary cabbage shipped in here from Seattle—from city to country, I begin to think that what they say in Seattle of us in Port Angeles is true.

Haven't we energy enough to cultivate our own vegetables?.

Again, I see tugs bringing into our harbor from elsewhere, feed for horses and cattle. Think of it, ye gods, bringing hay to the farmer and to the farm.

What is the matter with us? Can't we change our ranches into farms where things grow, and thereby help to change the tune about our lack of industry?

We have the consumers, we have our market. Let us have our producers. It will pay. Let us tickle our vacant lots this spring and see what they will bring forth. Let us cultivate our farms and supply the market already here, and thereby keep our money at home, rather than send it to Seattle or any other city.

RILEY PERJURY TRIAL.

Evidence all in and Argument Now on.

The case of the state vs. Tillie Blanche Riley for perjury came on to be heard before the Superior Court Tuesday and the day was spent in getting a jury, as follows:

H. M. Coburn, E. D. Elliott, J. W. Moore, L. C. Currie, H. C. Miller, Jno. Donahue, J. H. Hays of this city, F. Balch, of Sequim, and J. S. Anderson, Jos. Mamilton, Albert Pixley and J. I. Anderson of the Quillayute.

A special venire for ten jurors was issued.

Attorneys McClinton and McClinton, J. E. Cochran and Geo. H. Clementson, represent the state, and Trumbull and Trumbull and James Stewart the defense.

The evidence was begun Wednesday, and at the outset an extended argument on part of defense preceded a motion to dismiss on the ground that complaint was not definite and specific, as criminal complaints must be. The motion was denied, and the case proceeded.

The witnesses for prosecution testified as to Mrs. Riley's testimony in the Priest case, wherein she stated she was at Preist's on the 3rd of July, and others that they had seen her on the day in question in Jefferson county, 30 miles east of the place she testified she was at. All this was contested by defense on technical grounds.

The prosecution rested its case yesterday afternoon after examining about twenty witnesses, and the defense was given four hours to prepare its case. From 7 o'clock until 10 last evening and a couple of hours this morning the defense was heard.

Mrs. Riley, Geo. Preist, and Joe. Preist testified that Mrs. Riley was at the Preist house in the afternoon of July 3rd, and that it was the 30th of June that Mrs. Riley made the trip to Jefferson county to bring her husband home.

The argument was opened at 1 o'clock by Mr. Clementson and Judge Cochran for the prosecution, who were followed by Mr. Stewart and Mr. Trumbull for the defense. Judge McClinton closes the argument for prosecution at 7 o'clock this evening.

Official Paper

Of Port Angeles, Clallam county.

Entered as second-class matter in the Post office at Port Angeles, Washington.

It is now said Lord Salisbury will soon resign if the Boer war continues.

One broken sidewalk cost the city of Tacoma $812 in damages this week. City council take notice.

A movement is said to be afoot to consolidate the two Republican papers, but it seems it cannot be done.

The Seattle Times announces a Sunday edition on and after Feb. 9th, which daily subscribers are to have thrown in at the same old price.

It is stated that no rich men are contributing to the McKinley memorial. They ought to contribute, or the plan be dropped.—Tacoma Ledger.

The excellent annual edition of the Tacoma Evening News, issued last week is especially deserving of mention as one of the leading advertising agencies of the wonderful growth of commerce of Puget Sound in general and the city of Tacoma in particular. Those wishing information along the lines mentioned should not fail to secure a copy.

Dr Edward Everett Hale said recently, "we have a Secretary of War, what we now want is a Secretary of Peace." Now that we are making cabinet officers, why not create one that will tend to promote measures for the prevention of wars, and to hasten the coming of the era long spoken of "Peace on earth, good will to all men" by all men.

What is being done in the Carnes murder case? Naturally no one knows. We are advised, however, that the expense has been in the neighborhood of $20 a day, and there is not the least guarantee that the county will be any the wiser for the expenditure for the detective and assistant in the west end. It would seem that a much more satisfactory way to proceed would be to offer a reward sufficient to attract the very best talent in the country. The people would not object to paying a few thousand dollars to bring the culprit to justice but do seriously object to paying for junketing trips for local politicians.

We are not in the habit of delving very deeply in divorce cases be they ever so sensational for we believe most families have their difficulties, some of which reach the courts. However, there are times when the suppression of news is wrong, and where no newspaper worthy the name can do less than report facts indisputable, leaving the public to judge as seems most fitting.

Concerning Hon. Wm. J. Bryan's tour through the east the Boston Post says: "A most pleasing impression is created by the visit of the Hon. William J. Bryan to New England. There is no possible political significance attached to his tour; all that is eliminated, and the public which has known him heretofore as a fiery orator, blazing like a meteor through a hot campaign now makes the acquaintance of an amiable philosopher and highthinking citizen of the republic who teaches the civil virtues in fascinating discourse. The address which Mr. Bryan has delivered in several of the principal cities of this section are in many respects models of oratory.

APPROPRIATION ASKED.

Congressmen Jones and Cushman, despite the fact that Port Angeles and Clallam county were represented to them during the visit of the Rivers and Harbors Committee as being very antagonistic to any appropriation for a Harbor of Refuge at Neah Bay, have submitted a list of their wants to the committee, and among them we find the following:

Neah Bay—Proposed harbor of refuge. The improvement contemplated here is a harbor of refuge. The reports were printed as house document No. 337, Fifty-sixth congress, first session. The local engineer, Capt. Harry Taylor, presents a plan of improvement at an estimated cost of $1,111,997.50.

The division engineer concurs, but proposes a different plan at an estimated cost of $2,873,454.

Capt. Taylor says in his report:

"In my opinion there is no river and harbor work now in progress in this state, or contemplated, as far as my knowledge extends, which is of so much importance to the general commerce of the state as the construction of a harbor of refuge at Neah Bay.

We urge the full appropriation required to complete this project, to be made available as the committee may deem best, so that a contract for the entire work may be made.

In face of this request the question arises, what influence is prompting the congressmen to urge a full appropriation? Is it that local politicians, closer to the gentlemen than he who advised them last summer, have later advised that we are not so antagonistic to the proposed improvement as represented, or has the Northern Pacific really got its eye on Neah Bay as a possible terminal point and desirous that the government should spend anything under $10,000,000 to make a harbor at that point for the accommodation of that company? Or is it that the gentlemen expect to get nothing for this work and have simply mentioned it to make some people feel good?

Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. E. Nailor & Co.

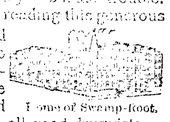
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the poor who rather than purchase relief at first expected to get it free, and so successful in every case that a generous arrangement has been made by which all readers of this paper who have not already used it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

THE FIRSTBORN.

Why is it that the firstborn child is so often the healthiest of a family of children? The reason seems to suggest itself. As child follows child the mother has less and less vitality; often not enough for herself and none, therefore, for her child.

Expectant mothers who use Doctor Pierce's Favorite Prescription find that it keeps them in vigorous health. They eat well, sleep well and are not nervous. When baby comes its advent is painlessness, and the mother is made happy by the birth of a healthy child. If every woman would be as careful by means of healthy children use "Favorite Prescription."

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. E. S. Douglas, of Marbleville, Brome Co., Quebec. "During the five first months, when I looked forward to becoming a mother, I suffered very much from nausea and vomiting, and I felt so terribly sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce, and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each, and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble (I could not do anything before). I feel very thankful to Dr. Pierce for his medicine, and I tell all who tell me they are sick, to get these medicines, or write to Dr. Pierce."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, *free*. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.

Washington Notes.

Democrat-Leader Bureau,
Newspaper Row.
Washington, D. C., Jan., 21, 1902.
From Our Regular Correspondent.

"We are engaged in the unholy office of crushing a republic," were the words with which the venerable Senator from Massachusetts startled his complacently self-satisfied colleagues on the floor of the Senate on Tuesday. This was followed by a severe arraignment of the course of the administration in the Philippine Islands. Among other things, Senator Hoar said that he had heard of the investigation of a proceeding which if true "has covered with a foul blot the flag which we all love and honor." He urged upon his colleagues the advisability of appointing an investigating committee to which senators and people could appeal for the verification or refutation of some of the frightful stories which were being brought back from the islands by soldiers and civilians. There are a number of Congressmen who have been to the Philippines and, while they have held their fire for an opportunity, it is bound to blaze sooner or later. Some of the democrats believe that the basis of the next campaign will be laid in the senate when this matter comes up for discussion.

The first gun in the fight for tariff revision was fired on the 14th when Representative Babcock introduced his bill for the reduction of the Dingley tariff on iron and steel. The bill is very carefully drawn and is calculated to meet the objections of all rational protectionists. Only the extremists can seriously object to it and it may prove to be the entering wedge that will split the majority in the House. There are some members of the Minnesota delegation who are opposed to what they call "legislation by the executive branch of the government" and they favor a straight bill similar to that introduced by Mr. Babcock.

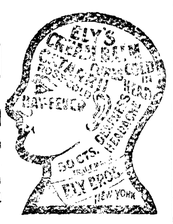
Nasal CATARRH

In all its stages.

Ely's Cream Balm



cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents.

A WORTHY SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments can do no more than the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH has at last perfected a treatment which when applied, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and healing all inflammation. It is the only remedy known to science that actually reaches the diseased parts. This wonderful remedy is known as the "SNUFFLES" GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

The sad intelligence was received in the city late last week of the death of Mrs Charles Lusk, nee Miss Susie Nailor, formerly of this city, at Fre donia, Kansas. Death came on the 10th inst. and blood poisoning caused by failure in securing proper attention in a medical way is supposed to be the cause.

Mr. and Mrs. Lusk and little son left here last summer to join the former's parents in Kansas, who reside some twelve miles from the nearest town, and when medical assistance was suddenly found necessary, it was long delayed because of the distance. They were con templating removing back to Port Angeles and were on the eve of starting when death overtook Mrs. Lusk. The news came as a great shock to the lady's many friends here. Mrs. Lusk was a daughter of Mr. B. F. Nailor of this city and the first of twelve children to succumb to the inevitable. Three of her sisters and two brothers Mrs. W B. Gould, Misses Alice and Maggie Nailor and E. J. and C. Elmer Nailor reside in this city, and a twin sister, Mrs. Bryan, resides in Tacoma. The other children are residents of Iowa and Nebraska.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any one have than for people to call for it when again in need of such a remedy? SINCE last week the [illegible] have had somewhat of [illegible] and it now looks [illegible] Wilson man [illegible] take care of after and in some other way than in the line of U. S. Marshal or collector. Though the fight made against the Wilson man Ide and the Foster man Crocker, the president has asked Col. Huestis to remain in the capacity of collector. This undoubtedly shelves Crocker; probably guarantees Charles P. Hopkins the marshalship, and makes Fryes chances for the attorneyship better. In this instance it will be hard to figure out that Foster has anything in the state's patronage as the two principal appointees are said to be strong Wilson men—the machine rules.
