TWO NIGHTS OF FUN.

Local Talent Appears to Advantage Under Able Management

Another pronounced success by local talent was the entertainment given at the opera house Wednesday and last evening under the direction of Mrs. T. C. Runcie and the auspices of the ladies of the Episcopal Church Guild. Every number was well given and well received and the only criticism we can truthfully make is that the ladies were at least one-half hour too late in starting the evenings program, which lasted over two and one-half hours carrying the close to 11:30. That each number was intensely interesting is shown by the fact that the vast audience showed no signs of fatigue throughout the entire performance.

A delightfully pleasing piano solo by Mrs. H. M. Coburn and Monteze Appleton, Processional and rhapsody marches, announced the beginning of the program and was duly applauded at the close.

The curtain then rose and revealed a vast assemblage of youth and beauty in snow-white and delicate pink raiment.

Mesdames Brumfield	Misses Clementson
Mathewson	Hooker
Runcie	Phelps
Misses Brown	McIvor
Palmer	Clegg
Tyrrell	Tillman
McLaughlin	Appleton
Dick	Shute
Wilcox	Jensen
Henson	Sprague
Trumbull	Dahlin
Fowler	Coburn

The scene represented the beautiful grounds of a young ladies school from which all men were debarred. The ladies are dying of ennui and as the curtain rises are endeavoring to pass away the time with song and jest. The happy hits made as the program proceeds were clever and several witty jokes on local parties were made. John Puddingham Smith, a young society swell, impersonated by Mr. Tom Snow, arrives in the neighborhood and in strolling through the school grounds encounters Arethusa (Miss May Tyrrell) one of the young ladies. He speaks to her, but she takes fright and flees and although he pursues her she escapes. The girls decide to play a joke on the new arrival and after he is put to sleep in a mysterious way by one of their number (Miss Annette Trumbull) they arrange for the appearance of a wandering spirit (Miss Edith Palmer) who tells the impossible story that she is only allowed to be upon earth for a few hours Hallow'een, and must return unless her earthly mate should find and recall her to him. After she vanishes the others discover him and a merry time ensues.

During the carrying out of the above the program of specialties goes on, each number being vociferously applauded, and each participant compelled to respond to an encore.

Especial mention should possibly be made of the parts by little Welsie Runcie, who, in "O'Dooley's First Five O'Clock Tea," captured the house in his double presentation of the Irishman and the Highlander in costume; of the twelve little innocents in "Baby Isn't Old Enough to Know"; and of the weird scene by the nine pickanninies and nine imps, represented by the boys and girls named below.

Innocents, pickanninies and imps:

Masters Runcie	Angeline Ritchie
Cain	Cecil Smith
Johnson	May Brumfield
Grubb	Ruth Gould
Goldwater	Ruth Church
Ritchie	Mabel Griggs
Bowman	Lucile Foster
Carrigan	Atheline Fisher
Coburn	Julia Seeres
Gracie Richardson	Lorna Smith
Maud Hirsch	Ella Barr
Frankie Church	Emma Barr
Clio Appleton	Bessie Fowler
Mabel Gehrke	Birdie Trickle
	Genelieve Sprague

The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Cholic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N.C. For sale by C. E Nailor & Co.

COUNTY NEWS

Clallam Bay Record.

Road supervisor McNally is at work with a crew improving the county road south of town.

George Welch, who has been looking over some timber land, went up to Port Crescent Monday night.

Duncan rocks, an obstruction and a danger to vessels coming in or going out near Tatoosh island are likely to be removed. An appropriation has been made for an examination of the rocks with a view to their removal.

Francis Mulligan who formerly resided on the Sekiou where he had a homestead but who has been in Texas for several years past, recently died in a hospital in Seattle while he was on his way here to visit his Sekiou ranch.

W. T. Crosby was in from Beaver last Monday to execute some application papers for a pension. Mr. Crosby served as a soldier in the Indian wars in Washington Territory in 1856 and under a recent act of congress is entitled to a pension.

Quillayute.

Another 4th is past and gone. Credit should be given to the Lapush Indians for the hospitality extended to the whites and to the Indians who came from Neah Bay, Ozette, Hoe, Queets and the Quinault reservations. Policeman Jimmie gave the whites and Indians all they could eat, and in good style, too. The program was good, consisting of foot, canoe and tub racing; then came the base ball game and horse racing. We understand the Quillayutes got away with most of the games. In the evening the whites attended a grand ball at the cannery and had a good time. Everybody and his best girl enjoyed themselves.

The Lapush Oil Company last week received the casing for their wells and are now ready to begin drilling. We hope they will strike a gusher.

Ozette

The Fourth of July celebration was very quiet and the weather was pleasant Mrs. Borseth and Mrs. Erickson served a good dinner and lunch. Mr. A. C. Allen made a very good speech on "Our Independence."

The Ozette postoffice will soon be reopened with Mr. Henry Belden as postmaster.

The difference between Jeffersonian expansion and republican imperialism is the difference between right and wrong, justice and injustice, patriotism and commercialism.

A democratic platform promulgated by democrats and adhered to by candidates known to be staunch democrats will bring about harmony.

Mr. Hanna has given to the public his celebrated recipe for making cornbeef hash. Mr. Hanna should now come to the front with his recipe for getting the beef.

Senator Mason is wearing a new belt with great pride. But it is not the one he received from the administration for daring to vote for what he thought was right.

The next democratic platform will not meet with the approbation of the republican organs that are now so deeply interested in seeing the democratic party e organized.

Mr. Roosevelt strenuously denounces those who have "attacked his official family." He should now perform a few strenuous vociferations on those who have attacked Dewey, Schley and Miles.

The Philippine bill as passed provides for government without consent and taxation without representation. George III. has been a long time dead, but a belated claim for vindication should be filed.

Congress adjourned without any republican senator endeavoring to met the arguments advanced by Senator Hoar in his great speech. Discretion is becoming a marked characteristic of g.o.p. senators who advocate imperialism.

The Filipinos enjoy all the rights and privileges of American citizens with the exception of relief by habeas corpus, trial by jury, representation, right to petition, franchise, citizenship, and other minor things too numerous to mention.

We have spent $200,000,000 and sacrificed the lives of upwards of 5,000 Americans in order to advance commercialism in the Philippines. Since the beginning of the trouble in the Philippines our trade with those islands have amounted to less than $20,000,000. Do the books balance?

The Northwest Magazine.

In the current mid-summer edition of the Northwest Magazine of St. Paul, the cover is appropriately printed on a delightful white surface, and shows a fisherman in the St. Joe, Idaho, with two fine trout caught at one cast. This must be based on a true fish story, inasmuch as the photograph of the angler and his trout was made by Mrs. E. E. Gimble of Fairfield, Wash. This number of the magazine abounds in good things, light and solid reading being agreeably varied.

Each article is illustrated with great taste in keeping with the old-time reputation of the magazine. In "Stillwater, Solid and Progressive," Mary Alcott McKusick provides a readable article of general practical interest. The same author writes interestingly of "Twelve Miles of Lumber, Logs and Mills," being a graphic account of the industry which has made Stillwater and the St. Croix famous. Rufus A. Hoyt of St. Paul describes from a business man's point of view "Picturesque Pine County, Minn." "Questions of the Day" contains aphorisms by James J. Hill. Frank I. Mason tells agreeably "A True Story of the Indian Chanentsy," while Roy W. Reynolds, a Western author, who is ascending the pathway to fame, recites the story of "Old Hawley's Ghost," in a way to interest railway men as well as the public in general. Charles S. Fee, the veteran General Passenger Agent of the Northern Pacific, writes with much force and clearness on the wonderful growth he has observed during a recent visit to Washington and Idaho. E. G. Blaine, a prominent Seattle lawyer, contributes and article on "The Famous Totem Pole of Seattle." Frederic L. Seixas gives timely facts concerning "Wheat and Flour for China and Japan." The merry home of the Olympia Rod and Gun Club is described in the article entitled "Amid Majestic Pine Trees of Washington." "The attractions of Wildwood" refers to the new summer resort on White Bear Lake, Minn. This excellent number of The Northwest Magazine is worthy of the fame of its founder, the late E. V. Smalley, who designed it to promote the advancement of the Northwest, as well as to develop literary sentiment there. The customary "Record of Industrial, Commercial, and Railroad Progress of the Northwest" makes a gratifying showing.

STAR ROUTE BOX DELIVERY

Parties Living Along Routes of Mail Carriers Can Have Mail Delivered.

Notice has been received that the contracts on star mail routes let July 1st, 1902, provide that, in addition to carrying the mails between stated points, the carriers are required to deliver mail to those along the route where he can do so without leaving the main road.

Any person living on or near the route and not within the corporate limits of any town or within 80 rods of any post office, who desires his mail deposited at a given point on the line of the route by the carrier may provide and erect a suitable box or crane on the roadside, located in such manner as to be reached as conveniently as practicable by the carrier without dismounting from the vehicle or horse, and such person shall file with the postmaster at the post office to which his mail is addressed [which shall be one of the two post offices on the route on either side of and next to the box or crane] a request in writing for the delivery of his mail to the carrier for deposit at the designated point, at the risk of the addressee. The small bag or satchel above described, as well as the box or crane, must be provided by the person for whose use it is intended without expense to the Department. * *

The Department does not prescribe any particular design of box or satchel to be used for this purpose, but the person providing either should see that it is of such character as to afford ample protection to his mail. If there is a lock attached to the box, a key is not to be held by the carrier, as he is expected to deposit the mail without the necessity of unlocking the box. The box or crane should be so located on the roadside that the carrier can deposit the mail without leaving his vehicle or horse, and yet not where it will obstruct public travel.

The carrier is not required to collect mail from the boxes, but there is no objection to his doing so if it does not interfere with his making the schedule time. The law provides that every carrier of the mail shall receive any mail presented to him if properly prepaid by stamps, and deliver the same for mailing at the next postoffice at which he arrives, but that no fees shall be allowed him therefor.

WEEKLY CROP BULLETIN.

A Brief Summary of the Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week ending July 14, 1902.

The week was one of abundant sunshine, with warm days, cool nights, and entirely without rain. Seldom if ever has there been a better week in all respects for the agriculturists of this state.

The abundant sunshine and light to fresh winds made ideal haying weather, which was taken advantage of by every farmer who had hay to cut. The yield is from average to somewhat above, and that secured during the past week was secured in fine condition. Some wheat hay is now being cut in the eastern counties.

Vegetables of all kinds have grown luxuriantly during the past week. All reports in regard to potatoes are exceedingly favorable. Oats and spring wheat have made great improvement. Early spring wheat is headed and late spring wheat is in the boot. It is all very thrifty. There have been no burning winds during the past two weeks. Fall wheat is in the dough and ripening slowly. Some of the earliest is ready to cut. It is all filling plump, and much of the grain that was beaten down by the heavy rains of the week before has raised up again.

The Best Liniment for Strains.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." For sale by C. E. Nailor & Co.

THE LEADER PRINTERY

CORRUPTING BRIBES.

A prominent local attorney from the Republican ranks has given us an opinion which will make some people think. Last week he visited Seattle and found as he figured out that three-fourths of the people who openly discussed the subject sympathized with Tracy the outlaw in his hunted life. The gentleman thought it strange that one so deserving of death should have so many who at least felt sorry in their hearts for him. Why is it? he asked himself, and could come to no other conclusion than that it was because the principle for which the man is hunted is wrong. He is hunted like a dog for the money that is placed on his head, probably not one outside of the few directly interested caring a snap for the enforcement of the law and punishment of the criminal. They are after the small fortune offered for the man dead or alive, and in their greed for gold are willing to take a human life.

The demoralizing effect of offering a bribe for killing a fellowman—criminal though he be—even extends to lads of tender age, whose minds are filled with visions of wealth if they could only KILL the criminal. They never think of taking him alive.

Of course Tracy should be captured—shot down on sight if need be—but the State should see to it that sufficient responsible men are deputized and armed with warrants upon which to act for this purpose—cool men of nerve and adaptability—and the corrupting blood money removed. Let the hunt be made thoroughly by peace officers, not by a mob. Let law reign supreme; not invite the populace to do that which in other cases the iron hand of the law steps in to prevent—mob violence. Let Tracy be captured or shot down on sight for the sake of law and order and for the protection of law-abiding citizens, but let's do away with the corrupting method of offering blood-money and authorizing any irresponsible person to shoulder a gun and go out to shoot a human being on sight.

THE New York Journal claims that the "railroad lobby" is responsible for the Panama Canal law—and that this happened by reason of the efforts of the railroad lobby to defeat the Nicaraguan bill. In their efforts the Journal claims "the lobby overreached itself" because it pressed the Panama Canal bill for the sole purpose of defeating the Nicaraguan, not having the remotest idea that Congress would ever agree to the latter.

THE American wheat crop this year is expected to be one-fifth more than the normal. Good crops are also reported from other great wheat countries, and unless signs fail wonderfully wheat will be way down this fall. When crops were short our Republican friends (?) claimed the credit for prevailing high prices, but just watch them talk excessive crop when it strikes bottom.

THERE are a good many people who are fond of asserting what they would do if Tracy would visit their home. Their assertions are simply theories that they find don't work well when the great moment arrives.

GROVER and his followers should recognize the fact that one Republican party is enough.

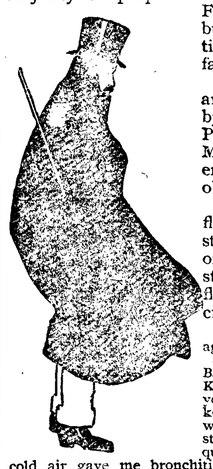
CHILL WINDS

Are the dread of those whose lungs are "weak." Some fortunate people can follow the summer as it goes southward, and escape the cold blasts of winter and the chill airs of spring. But for the majority of people this is impossible. Family cares and business obligations hold them fast.



"Weak" lungs are made *strong* by the use of Dr. Pierce's Golden Medical Discovery. It cures the obstinate cough, heals the inflamed tissues, stops the hemorrhage, and restores the lost flesh to the emaciated body.

"I am a railroad agent," writes I. B. Staples, Esq., of Barclay, Osage Co., Kans., "and four years ago my work keeping me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend also advised me to try Dr. Pierce's medicines. I commenced taking your 'Golden Medical Discovery,' and by the time I had taken the first bottle I was better, and after taking about four bottles my cough was entirely gone. I have found no necessity for seeking another climate."

Sometimes a dealer, tempted by the little more profit paid on the sale of less meritorious medicines, will offer the customer a substitute as being "just as good" as the "Discovery."

You get the People's Common Sense Medical Adviser, the best medical work ever published, *free* by sending stamps, to pay expense of mailing *only*. Send 21 one-cent stamps for book in paper covers, or 31 stamps for cloth-bound volume, to Dr. R. V. Pierce, Buffalo, N. Y.

WILSON is said to control the Republican primaries in his home county—Spokane. The opposition will lose a lot of thunder if this proves true.

Announcement.

Candidate For Sheriff.

As already stated William Tyrrell is in the field for sheriff of Clallam county, subject to the endorsement of the coming Republican convention. Mr. Tyrrell has resided in our midst for a number of years, during which time he has been engaged in various pursuits, and at present is in business here. Politically, he is an old time republican, and after many years of service in the cause, for the first time, he comes before the public asking their suffrage for sheriff of this county. A vote for Bill Tyrrell, as he is called, means the right man for the office.

Communicated.

Kennewick, Wash., July 16, 1902.

Mr. Editor: I see by your newsy and able paper, that M. J. Carrigan is a candidate for the legislature; that is right, he should have the unanimous support of every voter who has the best interests of Clallam county and Port Angeles at heart; Mr. Carrigan has been thoroughly tried in all the walks of life, both private and public, during his 14 years of continuous residence in Clallam county Now I say throw aside all personal differences and jealousies and send a man from Clallam that we can depend upon; a man who we will be proud of; and when he rises to speak will say something that will be listened to; when his voice shall ring through the legislative halls, we shall know that he is doing something for Clallam and the whole people; I believe it would be a lasting credit to us to send Clallam's favorite son to represent us; where his good sense, honesty, integrity and brilliant abilities will shine forth and illuminate the whole State from Cape Flattery to the hills of Asotin. ALONZO HUNT.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

The commutator at the power house wore down so thin last Friday that it broke down completely about 9 o'clock leaving the city in darkness. And yet the council look at each other like blank fools—having not the courage to take a stand either way when the question of an expenditure of $60 for a new commutator is mentioned. Indifference is the cause. Some think lease; others shut down the lights, and still others have no opinion at all. It is about time for the gentlemen to wake up.

A Sustaining Diet.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without any doubt avert much sickness at this time of year.

The Northwest Magazine.

In the current mid-summer edition of the Northwest Magazine of St. Paul, the cover is appropriately printed on a delightful white surface, and shows a fisherman in the St. Joe, Idaho, with two fine trout caught at one cast. This must be based on a true fish story, inasmuch as the photograph of the angler and his trout was made by Mrs. E. E. Gimble of Fairfield, Wash. This number of the magazine abounds in good things, light and solid reading being agreeably varied.

Each article is illustrated with great taste in keeping with the old-time reputation of the magazine. In "Stillwater, Solid and Progressive," Mary Alcott McKusick provides a readable article of general practical interest. The same author writes interestingly of "Twelve Miles of Lumber, Logs and Mills," being a graphic account of the industry which has made Stillwater and the St. Croix famous. Rufus A. Hoyt of St. Paul describes from a business man's point of view "Picturesque Pine County, Minn." "Questions of the Day" contains aphorisms by James J. Hill. Frank I. Mason tells agreeably "A True Story of the Indian Chanentsy," while Roy W. Reynolds, a Western author, who is ascending the pathway to fame, recites the story of "Old Hawley's Ghost," in a way to interest railway men as well as the public in general. Charles S. Fee, the veteran General Passenger Agent of the Northern Pacific, writes with much force and clearness on the wonderful growth he has observed during a recent visit to Washington and Idaho. E. G. Blaine, a prominent Seattle lawyer, contributes and article on "The Famous Totem Pole of Seattle." Frederic L. Seixas gives timely facts concerning "Wheat and Flour for China and Japan." The merry home of the Olympia Rod and Gun Club is described in the article entitled "Amid Majestic Pine Trees of Washington" "The attractions of Wildwood" refers to the new summer resort on White Bear Lake, Minn. This excellent number of The Northwest Magazine is worthy of the fame of its founder, the late E. V. Smalley, who designed it to promote the advancement of the Northwest, as well as to develop literary sentiment there. The customary "Record of Industrial, Commercial, and Railroad Progress of the Northwest" makes a gratifying showing.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.
