Mr. Carrigan made a motion that a committee of five be appointed to wait on the county commissioners to secure a donation of $500.00 from the county funds to aid the club in its work of promoting the interests of the county. The motion prevailed and the chairman named Thos. H. Bradley, C. A. Griggs, D. W. Morse, M. J. Carrigan and J. E. Cochran as such committee.

On motion of Mr. Aldwell C. A. Griggs, J. I. Kirschberg and Horace White were selected as committee to solicit mombers to the club.

The secretary was directed to secure stationery to be used in correspondence the same to be secured by calling for bids from the different printing establishments, also to secure one blank book for constitution and by-laws; one blankbook in which to record the minutes of the secretary and one blankbook for the treasurer in which to keep his accounts.

On motion the club adjourned to meet Friday evening, Jan. 31st at D. W. Morse's office.

The Parker (South Dakota) Press Jan. 17th says:—"News has been received of the death of Ensign Hand, of the United States navy, from an operation to relieve appendicitis. His death occured last Friday in a San Francisco hospital and the remains were taken to Yankton for burial. He was on Schley's flagship, the Brooklyn when she made the famous loop". Ensign Hand was here last summer on the Philadelphia and has many warm friends in Port Angeles who will sincerely regret to here of his untimely demise.

COUNCIL IN A NEW ROLE.

WARM RESOLUTIONS PRESENTED IN PUBLIC SESSION

Strict Quarantine at Post Office is Withdrawn—Question of Maintenance of Electric Light Plant in the Air.

The city council met in regular session Wednesday, Councilmen Lauridsen and Bowman being absent.

The recommendation of the health officer to the effect that the strict quarantine observed at the postoffice by order of the council be abandoned and and all parties allowed perfect freedom after the mails have been distributedwas adopted.

Chairman Hunt of the electric light committee recommended that Mr. Teachman be retained as manager of the light plant at $40 per month. Mr. Smith moved that matter be laid over one week to allow a report from all of the committee. Mr. Hallahan wanted a full report of the plant's business during the past year, but Mr Hunt said his health was poor and his salary small and he did not believe the committee should be compelled to do this. He moved that Mr. Murphy be employed to make the desired statement. Finally the matter was dropped by the passage of the motion to lay over for one week.

Mr. Mock appeared before the council to explain that he had some time since made an offer as the only undertaker in the city, to do the city's undertahing. Subsequently another bid as high as his was made, and he did not know why he should not be awarded the business. Referred to the cemetery committee.

The following resolution was then introduced by Councilman Smith of the Third ward, read by the clerk, and referred to the city attorney, presumably as to the legality of such action:

WHEREAS, The City of Port Angeles has become the subject of much criticism, both at home and abroad, as to its morals, or rather lack of morals, and

Whereas, Certain individuals have taken advantage of the tolerance by the city officials of gross violation of the law in the toleration of lewd houses of the most contemptible sort, and

Whereas, One J. A. Lawrence, a resident and citizen of the United States, did abandon his estimable wife and family contrary to morals and right living, and came to this city, and in an open manner and in violation of the law and good morals lived with a Miss B. ———, apparently as husband and wife, to the chagrin and horror of all good citizens. Therefore be it

RESOLVED, That we, the members of the city council of the city of Port Angeles, do earnestly protest against the continuance of such conduct as above mentioned, either by J. A. Lawrence and B. ———, or any other person or persons whomsoever. We brand it as damaging to the city's good name and interest; degrading in morals, and becoming only to brutes of a very low order. Be it further

Resolved, That we request and demand of the proper officers the enforcement of such laws as shall eliminate from our city all such institutions as are calculated to bring our city into disrepute and disgrace. ALBERT SMITH,
Councilman Third Ward.

Another resolution of a like nature was also introduced by Councilman Hunt who later in the evening ask to be allowed to withdraw it.

MRS. RILEY IS GUILTY.

So Says the Jury, But a New Trial is Granted Without Further Argument.

The jury in the case of the State vs. Tillie Blanche Riley brought in a verdict Saturday at nine o'clock finding the defendant guilty of the charge of perjury. The argument was completed at 10 o'clock Friday night and the case submitted. The first ballot it is said, stood 8 to 4 for conviction, and later 10 to 2, finally reaching the necessary unanimous verdict.

Defendant's attorneys at noon appeared to make the former motion for a new trial, but the court had adjourned to his home. Monday morning the motion was made, without further argument, the attorneys relying solely upon the objections made during the progress of the trial against the introduction of evidence, which the court had in each case overruled.

On these grounds one would naturally suppose that such a motion would be promptly overruled and denied, hence the surprise at the granting of a new trial.

M. T. Fuller of this city has received a letter from his son Rue who has just returned to San Francisco from the Philippines, his term of enlistment having expired. He will return to the former home of the Fullers at Frankfort as soon as he gets his discharge. Young Fuller was healthy and robust before he enlisted, but service in the Philippines has underminded his health and he is now very thin. One of the remarkable features of the Philippine soldier's experiences is that although he arrives home before his discharge, he is forced to pay his passage from the Philippines to San Francisco, leaving him practically nothing for his three years service. There are officers in the service who get fat salaries and are in no hurry to close the war, but the private spends patronism, and gets broken health as pay.

TERRIBLE TRAGEDY.

SALOON MAN SHOOTS HIMSELF WITH A HUGH GUN.

Temporarily Crazed By Brooding Over Difficulties Theopile Mona Deliberately Takes His Own Life.

Wednesday morning at 9 o'clock. Thos. Mona, the aged proprietor of Mona's Saloon, corner of Front and Oak streets, and the Bay View Hotel, one block west, sat alone in a side room in the saloon brooding over his recent financial loss and other troubles and finally decided to end it all by blowing out his brains.

Accordingly he loaded a huge ugly-looking 44-calibre revolver and taking a seat in an ordinary wooden arm chair deliberately placed the muzzle of the gun between his eyes and fired, holding the barrel in place with his left hand and firing with his right. Death was instantaneous, and when found the victim sat in the chair still holding the gun tightly clasped, his brains spattered against the wall and over the floor. The ball entered the head at the top of the nose, splitting it its entire length and shattering all the bones of the face. It came out at the back part of the top of the head, struck the partition behind him, glanced, struck the ceiling in front of him and fell to the floor near the front door of the saloon, a battered piece of lead. Many stitches had to be taken in various splits around the mouth to make the face assume any shape whatever.

A coroner's jury was immediately impaneled and it took but a short time to render a verdict to the effect that death was caused from a gunshot fired by the hand of deceased.

The remains were then taken to Undertaker Mock's to be dressed. The funeral was held from the Bay View Hotel today at 1 o'clock and interrment made at the Ocean View Cemetery. A large circle of friends followed the remains to their last resting place.

Deceased was 52 years of age and leaves a wife and two small children, besides other relatives.

Communicated.

DEAR EDITOR:—

MY liege lords tell me they have organized and organized, a "club." What a rarity; paradoxically speaking, how few clubs there are. Why to tell the truth many families are clubed to death. In the large cities wives and children are clubed nearly out of existence. And in smaller cities husbands and children are clubbed into acquiesce to be grass widowers and nearly motherless, but this club I understand is neither for killing time or self-improvement, but is called a "Commercial Club" and its object is, the commercial interests of Port Angeles.

Though I have not seen its "creed" and am told it is undenominational, yet I see it starts out with quite a religious air about it, which reminds me of an incident which happened some time ago:

Three poor fellows were shipwrecked and cast upon a very small island which at high tide was completely submerged and as the waters rose and the men saw death staring them in the face they thought they ought to make some preparation, and one was requested to pray and he said he couldn't; and another was asked to sing and he said he could not; and the third one took off his old hat and passing it around said we must have some sort of service.

The hat was passed just before dying.

With the "Commercial Club" this may not be so, at any rate the club believes in passing the hat, and has done so ere publically declaring its creed and object. Some businessmen say this has been done before and that no more smoke stacks are visible than were here years ago, and only difference they see is the "name" and the "officers," both being good. An exhibition of faith by works may win the confidence of the community and may mean more than simply taking up a collection or private advertising at public expense. We will wait and see—a pull altogether might do good. We believe in doing something even though that something may not always be the best. We believe in promotion, though not always in promoters.

Cultivate, cultivate, is our motto.

As ever yours,
AGENORIA.

The February "Arena."

The Rev, R. Heber Newton's views of the ethical and sociological significance of "Anarchism," published in the January number of The Arena, are supplemented in the current issue by an essay from the same pen on its political, economic, and religious causes. It is worth reading, and will especially interest the clergy. Eltweed Pomeroy, A. M., contributes a sprightly article, entitled "French vs. English," in which the genius of the Gallic and Anglo-saxon people is studied—as portrayed in their respective legislative bodies. Henry W. Stratton has a most interesting paper on "Music and Crime," the author discussing the therapeutic efficacy of music in the treatment of moral disease. Leigh H. Irvine writes of "San Francisco's Labor Mayor," and Austin Lewis of "The University and the Public"—both contributors being residents of the western metropolis. In a significant article on "A Co operative Commonwealth," Joel Shomaker describes the economic aspects of Mormonism. John Delman, a Philadelphia lawyer, has a paper on "Municipal Reform," which contains some excellent suggestions, and an interview with Prof. Frank Parson on governmental ownership of the telegraph and telephone is one of the most valuable features of the number. Eleanor H. Porter has a very amusing story called "A Couple of Capitalists;" and Editor Fowler's "Topics of the Times" and "Books of the Day" are interesting, as usual. Editor McLean announces a paper from Felix Oswald, M. D., for the March number. (25 cents a copy, at news stands, or mailed direct by The Alliance Pub. Co., Fifth Avenue, New York.)

Entered as second-class matter, in the Post office at Port Angeles, Washington.

ONE MAN PUSH.

Clallam county presents the remarkable spectacle of being governed solely and unrestrainedly by one man—Commissioner Christopher—and THE DEMOCRAT-LEADER registers a protest against any such proceeding.

How is that possible? You may ask.

It is this way:

The much reviled Commissioner Gierin is away; has been for some time past and will be for some time to come, and the remaining commissioner acquieses in all the acts of the above first named, just so long as those acts do not step on the toes of the gentleman from Dungeness.

And to make matters worse the county autocrat enjoys his position and is just conceited enough to think he is capable of being the whole thing, however other people may differ with him.

There have come to light of late several acts that justifies this protest, and of one these we take the liberty of citing.

We have already said that the universal custom in felonies is to offer a reward sufficient to attract the attention of experienced sleuths who have made a life study of detective work, and to make that reward contingent on results.

Our chief push was not going to be held down by any such ruling, however, he was going to adopt his own plan, shelve the sheriff and bob up serenely as the capturer of Jno. Carnes' murderer.

What alamentable failure he has met with can best be found from the record, from which we take the following extracts.

Detective, Carnes murder	$500.00
Deputy sheriff, Nov	46.00
" " Dec	84.00
Boots for detective	4.50
Sheriff, expenses Carnes	42.75
	$677.25

And the murderer is still at large!

These items are taken from the commissioners' proceedings published in another column. Some of them are necessary, others are practically money wasted, and what have we to show for it all.

Simply this:

From the autocrat or the sheriff we or anyone else can get nothing regarding the case. However, the detective is said to have told confidentially that he has presented a very favorable report; but his wages have been stopped. He has returned to Seattle; the work has ceased and the murderer is still at large, despite the fact that in the neighborhood of $600 have been spent in experimenting on the plan and for the glory of ONE MAN.

The county is at the mercy of the detective and will undoubtedly have to pay for what he knows and pay big.

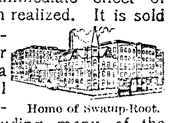
The public will await with interest further action on the part of the self-appointed justice machine.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.



Home of Swamp-Root.

IT would seem the part of wisdom for the city council and the property owners along the water front to look into the matter of filling in back of their buildings. It has been demonstrated that it is practical and cheap, time alone being necessary to allow the surf to do the work. Mr. Martin has demonstrated that if a board is nailed along the bottom of the piling the surf will soon fill in sand to the top of it. Add another and another and the fill continues indefinitely. It would seem this is a cheap and very satisfactory solution. Try it.

To the lay mind the granting of a new trial in the Riley case looks funny. Here is a trial occupying five days at an expense to the county of about $150.00 per day. When it is all over and a verdict rendered, it is brushed aside without a word being said as to the why or the wherefore.

But then we are very green at law, and guess we don't know much about it.

WHAT's the matter with the oil of the Standard Oil Co. which is being served out to patrons in Port Angeles these days? If water and oil would mix, we would be inclined to believe the oil was getting as much water as the company's stock.

Railroad men violate the law and then calmly tell the interstate commission that they do not propose to be summoned as witnesses The commission should be empowered to send the patrol wagon after them.—Tacoma Ledger.

The duel in the dark was a favorite with duelists. Two men were locked in a dark room and crawled stealthily from corner to corner, until some false step made one of them the target for bullet or blade.

Life is a duel in the dark with disease. One false step, one mistake, and the attack comes swift and sudden. The mistake which commonly opens the way for an attack by disease is neglect of the symptoms of stomach trouble. When eating is followed by undue fullness, belchings, sour or bitter risings, etc., disease is attacking the stomach.

The best way to frustrate such an attack is to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and makes the body strong and healthy.

"I was suffering very much with my head and stomach," writes Mrs. W. C. Gill, of Weldon, Shelby Co., Ala., "head was so dizzy when I would raise up in bed would fall right back. Could eat but very little, in fact scarcely anything, there seemed to be a heavy weight in my stomach so I could not rest; I had to belch very often and would vomit up nearly everything I ate. I was in a bad condition. I took four bottles of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am now well and hearty. I feel like a new woman and give Dr. Pierce's medicines credit for it all. I had taken medicine from physicians without any benefit as I could see."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

There will be services in the Baptist church Sunday as usual. Sunday School at 10 a. m. promptly. Preaching in the morning at 11 and in the evening at 7:30. Morning subject, "The Administration of the Spirit." Evening subject, "The Evils of Christian Science." B. Y. P. U. at 6:30 p. m. Prayer meeting at Pine Hill Wednesday evening at the home of E. S. Doyle. Prayer meeting upon Thursday evening at 8 o'clock. A cordial invitation to all these services

Mrs. Edson H. Foster received on Wednesday from Mrs. D. S. Allen of Lake Geneva, Wis., a draft of $150 00 to purchase one of Prof. U. E. Crane's strawberrie pictures, the fruit was grown in the garden of the late Mr. Sherman of this city and is a very beautiful piece of art. Port Angeles people should feel proud that such a genius of art has a studio in our city.

The little granddaughter of G. G Teachman, Edna Harding, of Edison, Wash., died Monday of Bronchitis, at the home of her parents, Mr. and Mrs. Jacob Harding, well known amomg the earlier settlers of Port Angeles. Mr. and Mrs. Harding recently visited in Port Angeles, and the little child caught a severe cold from exposure of the trip, resulting in the trouble that caused her death.

Up sound advices are to the effect that instead of following the usual custom and filing bills of sale, there has been filed at the custom house at Port Townsend a document noting that Charles E. Peabody has succeeded John Rex Thompson as president of the Thompson steamboat company.

There is said to be considerable excitement at Brinnon, just southeast of this city on Hood's canal, over newly discovered quartz prospects. An effort has been made by those on the ground to keep the matter quiet, but it is said every boat brings in from two to twenty prospectors. A new hotel will probably be built to accomodate the rush.

The extensive repairs and improvements on the M. E. Church are now completed in the interior of the building and services will be held in the main auditorium next Sunday Feb. 2nd. Rev. B. F. Brooks, the new Presiding Elder of the Tacoma District, will preach at this time and administer the sacrament of the Lord's Supper. All are cordially invited to these services at 11 a. m. and 7:30 p. m. Strangers in the city are especially we come.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. What better recommendation could any one have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

A WORTH SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up themucuous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by C. E. Nailor & Co.
