"ODOROUS" COMPARISONS

Figures for the Taxpayers With Which to Challenge Wild Boasts of Political Boosters.

Expenses Have Steadily Increased Until They Have Reach a Point Beyond the Days of Depreciated Warrants and This Despite the Fact That the Population is No Larger Than Then

The votersof Clallam county have been entertained at times with boasts of a platitude nature about the great work of the Republican ringsters in reducing the debt of the county. We knew these boasts to be idle talk circulated without figures to prove them for the purpose of befogging the voter and taking his attention from the real facts. We have, therefore, obtained the exact figures in detail from the official figures of the county auditor, given in his annual statements, under oath, for the fiscal years ending June 30, 1899, 1900, 1901 and 1902. We also take occasion to submit a few figures from the report of T. T. Aldwell in 1897 when he tried to make political capital by the unfair comparison of expenses during the first six months of his term, when everything, thanks to the Fusion legislature, was put on a cash basis, and prior to that time when (the people will remember) the county was compelled to pay just three times in warrants the actual cash value of the articles purchased.

Despite the fact that the county has since maintained a cash fund, under the beneficent law of the Fusionists creating the current expense fund, the expense figures of the past year are shown to far exceed the expenses for the fiscal years ending June 1, 1896 and 1897, when everything the county bought it had to pay for three times in warrants. The figures are: 1895 6, $24,994.91; 1896 7, $26,456.00; 1901-02, $30,036.04.

Thus it will be noted that when the county was paying three prices for everything, because of the depreciation of warrants brought about by Republican jobbery, yet the expenses in the first case were $5,042.13 less than for the past year and—the following year were $3,579.95 less.

And we do not pretend but that the first-named figures could have been reduced!

What then are we to say for the last administration?

In giving these figures it must be remembered that none of the bridges in course of construction at an expense of thousands of dollars and none of the thousands expended in road work are considered. When these figures are taken in, the extravagance of the past year grows apace, and a repetition of panicky days threatens.

Isn't it about time for the taxpayers to awaken?

The following is a detail of expenditures for the past four years. The details of the two other years mentioned are not given by Mr. Aldwell, but the aggregate we may be sure are not less than he gives:

Catarrh Cannot Be Cured.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Ball's Catarrh Cure is not a quack medicine. It was precribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

TREASURER,

Chas. A. Bork was born in Sweden in 1869; emigrated to America 1882 and settled in St. Paul, Minn. At the age of 13 he became apprenticed to Messrs. E. G. Krahmer & Co., painters and decorators, of that city, with whom he remained for eight years till 1891. In December of that year he located in Port Angeles and engaged in the business of painting and decorating and is well and favorably known as a member of the firm of Johnson & Bork, In 1899 he served a term as city treasurer.

COUNTY SURVEYOR,

E. A. Fitz Henry was born in Bloomington, Illinois, Jan. 9th, 1866. Educated at Illinois Weslyan University situated in native town; was engineer in charge of of construction on L.E.&W.R.R., 1885; assistant city engineer of city of Bloomington, 1887 and 1888; came to Puget Sound, 1889, and to Port Angeles, 1890 and has occupied the position of United States deputy surveyor, and county surveyor with equal credit to himself and to the citizens of Clallam county.

COUNTY COMMISSIONER,
Eastern District, No. 1.

William Ward, for 44 years a resident of Clallam county—a successful lumberman and farmer. For six years served as Justice of the Peace for Dungeness district; one term as Probate Judge and one term as Treasurer of Clallam county.

[NOTE.—Mr. Ward was placed upon the ticket without his consent and at a time that did not give him an opportunity to accept or reject the nomination, there being an immergenc created by the resignation of Mr. David Govan, the regular nominee. Mr. Ward will bring to the office experience, sbility and proven capacity.]

COMMISSIONER,
Western District, No. 3.

S. G. Tuttle, was born in Fond du Lac County, Wis., Nov. 20, 1860. He lived upon a farm until 16 years of age and then took up the carpenter's trade, which he followed until 1884, when he purchased an interest in a machine shop, and with his well-known energy he soon mastered the machinists trade. He came to Washington 12 years ago and settled at the promising town on Clallam bay. In 1894 he was named as the Democratic candidate for commissioner but owing to his belief that he should not make the race so early after taking up his residence here, he refused to make an effort for election and was defeated by one vote—his own. In 1896 he was again the nominee of the party and was elected by a substantial majority. As the people of Clallam county well know his record was a grand one. As Republicans and Democrats eloquently attest, he was THE BEST commissioner the county ever had, without exception.

COUNTY CLERK.

Guy Lesure, the convention's choice for this office, is a young man of brains and ability and has been identified with the interests of Clallam throughout his manhood and early boyhood. He is one of the sturdy young pioneers of the famous Quillayute country, and is now proprietor of the hotel at Sappho. Although slightly crippled in limb he is in no way deficient in ability, and would make an ideal officer.

SUPERINTENDENT
of Public Instruction.

Prof. Ira Lee Ullery was born in Miami county, Ohio, in 1868. His boyhood was spent in the country, where he attended the district school. As his parents were in meager circumstances he received from them no pecuniary aid in his efforts to get an education. Having saved a small amount from his earnings on the farm, he entered Otterbein University in 1887, where he remained in school two years, A year after leaving this institution, he entered the Ohio Normal University, where he remained three years, graduating from the classical course as a Bachelor of Arts. In 1895 the faculty of the Ohio Normal University conferred upon him the degree of Master of Arts, as the result of continuous professional study after date of graduation. After five years of experience in graded and high school work, Mr. Ullery was elected to the professorship of Civics and History in the North-Eastern Ohio Normal College, which position he occupied over two years, resigning to accept the principalship of Prineville Academy. He is now teaching his fourth year in the Port Angeles city schools, doing high school and eighth grade work. Mr. Ullery was granted a life certificate by the State Board of Examiners of Ohio in 1896, and was likewise granted a life diploma by the State Board of Education of Washington in 1901.

CORONER.

No practicing physician being obtainable in either party the Democrats have named for this position Chas. A. Wood, one of Angeles' pioneers, who has served the city in several capacities and will make an excellent officer.

WRECKMASTER.

For this office the Democrats have named Capt. O. Johnson, a life-long seaman who has sailed the waters of the world, and is now enjoying deserved rest and perfect health as a permanent resident of the "Port of the Angels."

Quillayute.

The Northern Pacific railway surveyors have been working north across the Quillayute, but expect to turn back again to finish up. It looks now as though we would have a road soon.

Work has again resumed at the Lapush oil well. The little row that occurred a few days ago resulted in the discharge of the foreman, and the old hands are again at work, going down last Monday morning.

Potato digging is progressing finely and all report a fair crop.

The Indians are returning from hop picking and some are placing traps in the river for their fall fishing.

OAK STREET FRANCHISE.

PETITIONERS AGREE THAT WHARF WILL BE COMPLETE BY APRIL FIRST.

Mayor Bradley and Councilman Gould were absent at Wednesday's council meeting. Mr. Miller was called to the chair. Only a short session was held Before adjournment council decided to meet at regular hour Saturday night to fix the tax levy for the year 1902. An effort will be made to raise the current expense levy two mills.

An ordinance was introduced by Councilman Grubb repealing franchise granted some years ago to Isaac C. Atkinson, trustee. The ordinance was read and referred.

Mr. Grubb also presented an ordinance granting to Frank Miller, W. K. Clark and Clinton A. Griggs, wharf privileges at Oak street, from the north line of Front street north, wharf not to be less than 15 feet in width on each side of the center line of said Oak street. and shall be completed in a substantial manner by the 1st day of April next. Referred to franchise committee and city attorney.

A petition was read from Dr. Hartt asking that portion of walk on Francis street between Front and First be connected with a two plank walk Lumber was allowed petitioner agreeing to put down same.

Mr. Smith called attention to absolute need of Mr. Pollock of Lincoln Heights he being unable to leave the bedside of his stricken wife for a half hour's time. He moved temporary relief of $25 be voted. It was so ordered.

The finance committee reported the current expense fund in arrears $750 and recommended that no work not absolutely necessary be hereafter done.

At the close of the session Mr. Richardson called the attention of the council to the passage of a law at the last legislature providing that city councils may accept improvement district warrants in payment of assessments against property in said district. The same law also provides, he said, that any judgment obtained against property for assessment might be paid with such warrants. He therefore believed that council could well afford to pass an ordinance providing for such payment, and referred them to the laws of 1901, page 151, to consider the proposition.

Rev. Carlisle F. B. Martin, L.L.D.

Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung troubles." DON'T forget you can vote for senator this year, if you want to—Turner or Ankeny.

Do you believe in rewarding faithful service and pronounced ability? Vote for Geo. Turner!

WONDER if it was a condition that Mitchell should give Morgan a certificate of character.

THE only way Republicans who so desire can shake the trust octopus is by voting the Democratic ticket.

SENATOR VEST says Republicans sidetracked every measure brought up at last session for regulation of trusts.

THE members of the state central committee give it out as their honest belief that Washington will elect a Democratic legislature a week from Tuesday.

EVERY vote for a Democrat for the legislature is a vote for Turner; every vote for a Republican is a vote for senatorial deadlock and a waste of the session in political wrangle.

IT is remarkable but true that many men who think they keep up-to-date do not know that three congressmen are to be elected this year. Vote for three congressmen: Cotterill, Cole and Holcomb, and vote for Senator Turner by electing Messrs. Lewis and Chambers to the state legislature

"WONDERLAND," issued annually by the Northern Pacific Co., this year is to contain an exhaustive review of the wonderful fertility of soil and rocky mountains of the western side of the sound known as the Olympic peninsula. This is the first time this side is mentioned in this great publication, and the fact is very significant at this time.

EVERETT business men have decided that the public records should be expert-ed every year. This is right, and calls to mind that Clallam's books have not been looked over for many years. That they should be, no one will question. The state legislators thought to have them looked over at least once in four years by providing against more than two terms, but everybody knows how this provision has been evaded. Let's adopt business principles.

To the Voters of Clallam county:

GENTLEMEN: — Having received the unanimous nomination for representative of this district, unsolicited and unsought, it is only fair and just to the people of the county to give an expression of my views and state what my acts will be in the event of my being elected as representative. In doing so I cannot do better than call attention to what I have done for the improvement and upbuilding of this county. I have been a resident of the county for over 19 years arriving here in the spring of 1883. I was entranced with its delightful climate, its magnificent harbors and its natural resources; believing from the first as I believe now, that there is no better place on earth for a man to live, either rich or poor, than in Clallam county. I have made six trips to St. Paul and Chicago on every one of which I have made every endeavor to interest people in this county and with no little success—six trips over 2,200 miles long. I never have asked for or accepted a pass over any of the roads, and I believe the acceptance of a pass is no more or less than a bribe when given to a public officer, the acceptance of which places the recipient under obligations to the doner—those who pay their fare really paying the cost of the pass.

I am in favor of good roads and was the only one from this county who, at his own expense, attended the recent "good roads" convention at Seattle.

There never has been a proposition of public improvement submitted to me to which I have not contributed. I am in favor of patronizing home industries as my past record will show. I am in full accord with every American principle as enunciated in the Democratic Platforms and am in favor of the State and U. S. government building and extending roads across their reserves and public lands whenever the requirements of the settlers demand it. I am in favor of equal and just taxation to all and believe in an exemption of $500 00 on personal property and improvements, the law so framed that it will not benefit the rich at the expense of the poor.

The above principles are, I trust, in harmony with your ideas and I pledge myself to carry them out to the best of my ability if elected. Yours truly,

FRANK CHAMBERS, SR.

THE INDEPENDENT VOTER.

Several causes exist for the quiet revolt that is going on in the republican party in this county and state, prominent among which may be named the renomination of Congressmen Cushman and Jones. The republican party of the state of Washington is almost unanimous in support of the president in his fight with the sugar trust, in the matter of Cuban reciprocity, and it is a serious conundrum with a large number of that party to see how they can, consistently, vote for the two men who have bitterly opposed President Roosevelt, and sided with the sugar trust during the last session of congress. A great many have already decided to stand by the president and to turn down the insurgent congressmen at the ballot box.—Ex.

MAD AS A WET HEN.

Mr. Editor: The enclosed was taken from a RABID republican paper, the Owatonna Chronicle, published in Southern Minn. It should be an eye opener to the voters of Clallam county.

F. CHAMBERS, SR.

Senator Harris of Kansas comes home from England "mad as a wet hen." While there he bought a pair of American shoes and got them twenty per cent. cheaper than he could have bought them in his own home town. As a representative of the St. Louis exposition his business called him to the great stock farms and upon careful inquiry he found that American farm machinery, pitch-forks, hatchets and other necessaries for farm management were sold considerably cheaper than in Kansas City. The Senator is disgusted with this state of affairs and says:

"It seems a very great injustice and imposition for American citizens to be forced to pay such high prices here when foreigners secure the same things at a much lower rate.

"The American manufacturer says that he must be protected against the foreigner. This is not true. He has nothing to fear from the foreign manufacturer because he is successfully invading the foreign market. Something ought to be done. The present condition of affairs is not just to the American consumer, and I do not believe the American people will stand it much longer. Something is radically wrong when I can buy American shoes abroad for less than I pay for them here, notwithstanding that freight for 3,000 miles has to be paid upon them."

Something ought to be done sure enough, and what is more, something will and must be done, or something will drop. The idea of being continually held up by our own "infants" is abominable and the revolt against it should become general.

The people of Port Angeles and Clallam county have an opportunity to accomplish several things by just doing one thing. Dr. F. S. Lewis has been a citizen of this city and county for more than 15 years. Through good report or evil report, good times or bad times, rain or shine, winter or summer, he has been the firm, persistent, active friend of this city and county. No public enterprise or movement promising good to the community but had his support. He has served on committees costing him valuable time and money, and always cheerfully, with ability, and without compensation. True he has not accumulated wealth. To have done so he must have drawn it from his friends and neighbors. He has never sued a debtor. As a public speaker he is forcible and convincing. He has a sufficient knowledge of business and of parliamentary law to acquit himself creditably, and will represent his constituency ably and faithfully.

Why not give him your support? By so doing you will be doing several good things at once.

You will show that you appreciate good citizenship and faithful service.

You will secure the representative in the state legislature to which this county is entitled. Jefferson county has had the senator with the exception of one term ever since Washington became a state.

You will help to elect a man who will fill the office with honor and credit both to himself and to you.

But above all, you will be able to demon- your own patriotism and love for your own city and county.

Vote for Dr. F. S. Lewis
for State Senator.

THE DEMOCRAT-LEADER believes it to be the duty of every fair minded citizen, who believes in home first, the rest of the world afterward, to vote for Frank Chambers, Sr., for representative. We believe this because Mr. Chambers has been identified with every interest of the county for the past twenty years and has assisted in the material development of the county. He is now a permanent resident and he and his large circle of children and grandchildren are numbered among Clallam's best citizenship. We believe this, not because his opponent is any the less intelligent, but because Mr. Palmer is practically not a resident of the county. He is here simply for his and his wife's health and as his biography published in the Seattle P.-I. says, "he has no business at present." His interests are all in Garfield county, as is his home, and we submit in all candor and frankness, eastern Washington's interests are not our interests, and our interests cannot be represented as they should be by a man with eastern Washington prejudices. On the other hand Mr. Chambers' only interests are Clallam's. Clallam's advancement means his own advancement, and in this age of selfishness we cannot afford to leave our interests in the hands of one whose interests are elsewhere. We have too long put party above business judgment. It is purely business that Clallam's representative should be wholly identified with this county, and that his interests are ours. Vote for Clallam county.

CLALLAM county is justly entitled to the Senator this year. Even our friends of Jefferson will concede this. They would rather be represented by a Clallam man than a King county man, anyway.

THE DEMOCRAT-LEADER strongly believes a life-long resident should be chosen to represent this county, in preference to a transient health seeker. What think you?

WHEN Risley heard of Prof. Ullery's nomination he immediately applied to the directors for a three weeks' leave of absence. Meanwhile his pupils are deprived of that which belongs to them.

MR. CHAMBERS AND MR. LEWIS are in absolute harmony, and will work together in every measure. Contrast this advantage with the opposition, Mr. Clapp, of Seattle, and Mr. Palmer, of Pomeroy, on the Washington-Idaho line!

IT is a notorious fact, and any number of Republicans can attest to it, Mr. Clapp, in 1898, promised as a condition of his support, that he would concede the nomination to Clallam in 1902. This fact makes the spectacle of his vigorous fight for renomination a glaring example of misplaced confidence.

WE are indeed pleased to present and point with pride to the most excellent record published this week in the biography of our non-partizan candidate for school superintendent, Prof. Ira L. Ullery. The prefix "Professor" is in proper place earned through years of study. He served for years as Professor of Civics and History in the faculty North-Eastern Ohio Normal College. Read the record.

COUNTY Attorney Clementson, it seems to us, makes a great mistake when he prates about saving the county deputy expenses. Such is in no wise a fact and it is generally commented upon as well-known, Not one case which Mr. Clementson has defended during his term of office, has he done so without expensive assistance. As will be seen by the figures submitted from the auditor's exhibit, the attorney's expenses this year were almost as much as in the three previous years combined!

A PORT TOWNSEND PIPE DREAM.

The Port Townsend Leader of the 22d, publishes a reprint from the Post Intelligencer of a supposed meeting in Port Townsend between Senator Turner and the Legislative candidate of Jefferson county and Dr. F. S. Lewis candidate for Joint Senator, wherein the P.-I. alleges a plan was adopted to slaughter all other candidates on the local tickets in the interest of the former. The article being called to the attention of Dr. Lewis he states that not only was he not in Senator Turner's room at Port Townsend, but that he heard of no such proposition and would not have consented to it if he had. The whole thing he alleges was doubtless caused by the extremely bad whiskey drunk by the P. I correspondent.

REVOLT GROWS

People Can't See Why the Gang Resorts to Such Contemptible Methods in the Face of Alleged Majorities.

With the alleged majority in favor of the Reps the people are amazed and are wondering what skulduggery is in the air that candidate Thompson should be so afraid of defeat that he would resort to contemptible sharp practice and treachery to have all opposition and all danger removed. Dave Govan is now about the maddest man in the county and has changed his place of trading not wishing to deal with traitors. His friends will doubtless do likewise.

Politics has crowded out the personals this week, for which we apologize to the ladies.

The steamers Majestic and Rosalie will be taken off the run Nov. 1st, and the Garland will resume her old schedule to Victoria.

Mrs. L. Payne, a sister of Dr. Stanley, arrived in the city this week, and will open Dressmaking Parlors in the Albert Goldwater building, Monday 27th.

The Rev. C. E. Fulmer will preach to children at the Methodist church next Sunday morning upon "Child Life in Heathen Lands." A few curios will be shown.

Frank Merritt received a wire Sunday summoning him to Pueblo to the bedside of his aged mother. He left immediately and just arrived a few hours before the lady expired Thursday morning.

The Sunday school speakers the Rev. Merritt and Mrs. Byrner addressed several good audiences at the M. E. church yesterday and last evening and they are now the topic of conversation. Everybody was well pleased and the meetings will be productive of much good.

Dr. E. H. Stanley returned from Seattle yesterday and wishes to announce that he will be here for the next two months, at least, and will open an office in the rooms formerly occupied by him in the opera house block, where he will be pleased to meet any of his old friends professionally or socially.

The local boys put up a strong game of ball Sunday, as also did their opponents from Fort Worden. The score stood at the end of the game, 4 to 3. The soldier boys brought a big crowd with them on the steamer Dauntless and "rooting" was very much in evidence. One of the soldier boys got left on the return and now contemplates deserting.

The Republican candidates with Judge Cochran as chief speaker, all went West Monday and held a meeting that night East Clallam. The night was not favorable and there was a small attendance. Cochran, Risley and Hopkins went into the interior the following day and will return tomorrow morning. They are not satisfied with the indifference shown Tomorrow night a big meeting is billed for Crescent.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for *catarrhal troubles*, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

Probate No. 230.

ORDER TO SHOW CAUSE WHY ORDER OF SALE SHOULD NOT BE MADE.

In the Superior Court of the State of Washington, for Clallam County.

In the Matter of the Estate of Edward O'Connell, Deceased.

W. S. Morrisey, the administrator of the estate of Edward O'Connell, deceased, having filed his petition herein, duly verified, praying for an order of sale of the real estate of the said deceased, or so much thereof as may be necessary for the purposes therein set forth; and it appearing from such petition that there are no moneys in the hands of the administrator belonging to said estate and that no personal property of the estate has come into the hands of the administrator, and that certain debts and claims against the estate have been allowed and approved by this Court and that the same are wholly unpaid, and that it is necessary to sell the whole or some portion of the real estate belonging to said estate for the purpose of paying said debts and claims and the expenses of administration which are unpaid:

Now, Therefore, It is ordered by the Court that all persons interested in the estate of said deceased appear before said Court on Monday, the 17th day of November, 1902, at the hour of ten o'clock in the forenoon, at the court room of said court in the city of Port Angeles, Clallam county, Washington, to show cause why an order should not be made authorizing said administrator to sell the real estate of the deceased, or so much thereof as may be necessary to pay said debts, charges and expenses of administration.

It is further ordered that a copy of this order to show cause shall be published for four successive weeks in "THE DEMOCRAT-LEADER," a newspaper printed and published in the city of Port Angeles, in said county.

Done and dated this 15th day of October, 1902.

GEO. C. HATCH, Judge.

Date of first publication October 17, 1902.

To the Voters of Jefferson, San Juan and Clallam Counties:

Having been nominated by the Democrats of the 24th district as their candidate for Joint Senator, and being unable to make such a personal canvas of the three counties as could be desired, I take this means of laying before you a statement of my position on some matters of interest and the grounds whereon, it seems to me, I can reasonably claim your support.

It is a notorious fact that in my own county and I think also in Jefferson if not in San Juan, a system of over-valuation of property has been maintained for the express purpose of raising the price or of maintaining the price of warrants for the benefit of warrant holders on the one hand and of aiding real estate speculators on the other. This unjust and dishonest system has not only compelled us to pay more than our just portion of the state tax but has been one of the causes for the loss of property by tax foreclosure.

This wrong can and should be remedied.

The counties comprising this district are sparsely settled and cover a large territory, much of which is inaccessible to markets. There are quite large settlements to say nothing of isolated settlers without roads or other means of marketing their products. Yet, nevertheless, their improvements bear the same burden of taxation as those more favorably situated. Every acre cleared, fence built or tree planted, adds to the burden of taxation although if more is raised than can be consumed on the farm there is no recourse but to let it go to waste. The only remedy for this species of injustice is a law exempting from taxation improvements on the farm or home to a reasonable amount. The man who goes into the Washington wilderness to hew himself out a home should rather be paid a premium than have every tree he fells and every stump he digs out add to the burden of his taxes. A law should also be enacted to prohibit county commissioners from making settlements with rich corporations and others whereby large reductions are made to the prejudice and injury of the rest of the community.

ROADS—As above stated there are many settlers in these new counties without roads or other means to market their products. One of the obstacles to securing roads is the fact that the state has many thousands of acres of selected lands in the western part of Clallam and Jefferson counties not open to purchase or settlement. Settlers located in the vicinity of such tracts are unable to secure road taxes with which to build roads because of the large amount of untaxable land held by the state. The same is true of the government timber reserve which has forced hundreds of settlers to abandon their ranches or live in utter seclusion. That state or government aid should be had in these cases is but a matter of the plainest justice, and if elected I pledge myself to do all in my power to secure liberal appropriations for that purpose.

More or less complaint is constantly being made of the manner of operating the fish traps in this district. In any industry not subject to close observation by the people at large abuses are likely to develop of a nature destructive of the best interests of the industry itself. Government supervision of the sealing industry was thought necessary to prevent the destruction of the fur seal. Why not such state supervision of the fishing industry within our jurisdiction as shall prevent wanton destruction of fish and dangerous obstruction to navigation?

Common sense would seem to dictate such a course. In case of my election this matter will receive my earnest consideration.

Both the state platforms this year demand the creation of a railway commission to be appointed by the governor. Having held a responsible position in the service of one of the largest railway companies in the United States for several years I can safely leave it to your judgment whether I am not better qualified to serve the people of this district than my opponent. A railway commission law gotten up by men having no knowledge of the inner workings of railroad companies will, in all probability, be a dead letter. If elected I shall give this matter my most careful attention.

A few words to the voters of Jefferson county: I think I should feel no diffidence in asking your suffrages at this time as you have had the choice of joint senator from your county with the exception of one term ever since Washington became a state. I have it on good Republican authority that Mr. Clapp made an agreement with his supporters in this county four years ago that he would yield the nomination to Clallam in 1902, but he failed to keep his word, making a strenuous fight for the nomination.

It is a fact that if I am sent to Olympia I shall use every honorable means to secure the return to the United States Senate of the Honorable George Turner. I could not support a better man. Although a member of the opposition he is one of the few men who have gone to the senate from a new state and walked speedily into the front rank and staid there. His influence more than equals that of all the other representatives of this state combined, as the history of the appropriation bills will show.

I do not suppose, however, that any Republican who reads this has any fear of him having a ghost of a show of election, in which case my success could do no possible harm. And one thing I should surely do if I saw that his election was impossible and that would be to use my best endeavors to break any deadlock to the end that the whole session might not be wasted by warring factions over the election of a Senator, but that it be used in enacting wise and useful legislation To each individual voter to whom this may come let me say, to you is the liberty of choice, upon you is the responsibility. If you go to the polls on the 4th of November bearing in mind the one and exercising the other intelligently, you will have done your full duty as a citizen of the 24th district and of the great commonwealth of Washington, and will merit and receive my regard whether or not I am deemed worthy of your support.

Clallam has an opportunity to again get a board of commissioners of the people. Grasp it.

The county superintendent of schools should be a resident of the county seat, any way.

Vote to put the superintendency in capable hands and out of politics as far as possible.

Who pays for the deputies while the county officers are out campaigning? You and I!

The county offices now support series of families, No one without a family connection need apply.

Port Angeles should substantially manifest its appreciation of the opportunity it has to reward merit.

Do you believe in remittance of taxes to the big fellows whose only claim is might? Vote for Tuttle and Ward.

Does anyone remember the date when the G. O. P. candidate for treasurer first got hold of the teat? Isn't it about time the family office was broken up?

Port Crescent residenters will have the privilege of seeing and hearing the Democratic county candidates next Saturday night, November 1st. A big meeting is promised.

Friday next the Democrats will visit and address the voters of the West End at East Clallam. They will try to give those from Clallam and the adjacent country something worth the trouble of coming.

The Democratic candidates will meet their friends of the vicinity at Sequim hall tonight, and tomorrow, Saturday, night they will hold a reception at Dungeness, to which all are invited. A good time is promised.

A Typical South African Story.

O. R. Larsen, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larsen says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Communication from Herbert B. Church Co., of Boston, Mass., was read respecting general road fund warrant No. 1446, it being a duplicate of warrant No. 1338 Board refused to take any action in the matter, this being in accordance with an order made by board of county commissioners dated Dec. 8, 1897, whereby board ordered all duplicated warrants cancelled. Board ordered clerk of board to so notify Herbert B. Church & Co.

Wm. Bowlby appeared before the board with petition in behalf of settlers on East Dicky praying that commissioners give them relief by constructing a bridge across East Dicky river; representing that each interested petitioner would donate 30 days work. Laid over for further consideration.

E. E. Beaumont appeared before the board respecting his property deeded to Clallam county.

Order of board of county commissioners:

In the matter of the personal tax of the Gate City Lumber Co. board found upon investigation that said company had no property from which the said tax could be collected, and upon representation of attorney Ritchie that fifty per cent of the amount due would be paid if the board would order all personal taxes against said company cancelled. Therefore, the board of county commissioners does hereby authorize the county treasurer to accept fifty per cent of the amount due from said company with penalty and interest on that amount to date, and when such payment be made to cancel all personal taxes against said Gate City Lumber Co.

Order of board of county commissioners:

Board of county commissioner hereby authorize the county treasurer to cancel all personal taxes against the Wait Bros. for the year 1898, said property having been destroyed by fire before date of collection.

Board ordered that the north half of tp 30 N R 13 west, except the east tier of sections be added to Hoko Falls precinct, and that the remainder of East Dickey precinct be added to Beaver precinct.

Board ordered that all of Solduck precinct be added to Beaver precinct, also sections 1, 2, 11, 12, tp 29 N R 13 west be added to Beaver precinct.

Board ordered that all of sections 27 to 34 inc. tp 30 R 29 and sections 21 to 28 inc. and sections 32 to 36 inc tp 30 NR 10 west be transferred to Piedmont precinct.

Mr. Hayes appeared before the board and objected to making a road in road district 25 over 30 feet wide for the reason that timber and improvements would be damaged thereby. Board took no action in the matter.

Board met pursuant to adjournment October 14, at a m.

Present commissioners Gierin, Christopher and deputy auditor Wagner.

It was ordered by the board that the $300 improvement on lot 4 block 28 Dungeness townsite be taken from the valuation as no such improvements exist.

It was ordered by the board that the valuation of the stock of goods of the Dungeness Trading Co. for the year 1900, be reduced from $5,500 to $3,500, as the same appears to have been assessed above its true value.

Board ordered that the supervisors reports of the following road districts be approved and warrants drawn on respective districts, after reports have been examined by commissioner, districts 21, 28, 41, 31 and 9½

The following road supervisors reports were approved and warrants ordered drawn on the respective districts as follows:
