MEMORIAL DAY OBSERVANCE GENERAL IN CITY THIS YEAR

AN IDEAL PUGET SOUND DAY

A large and appreciative audience greeted Rev. Herbert Jones at the M. E. Church last Sunday morning, the occasion being the Memorial Day sermon, preached by Mr. Jones especially for the members of the G. A. R. and W. R. C., who attended the services in a body, the gray heads of the old veterans being conspicuous in the front seats, reserved for them. Mr. Jones paid a splendid tribute to the patriotism and heroism of the boys of '61 and '65 who fought in the straight and narrow way for life, liberty, and preservation of the Union, and to the glory of God.

Memorial Day, Monday, was more generally observed by the people of Port Angeles than for a number of years, some four hundred citizens joining with the members of Post and Corps, in paying tribute to the Nation's dead.

The morning was ideal, the city presenting a pleasing sight with flags flying at half mast from every flagpole, as the comrades and ladies assembled at Lincoln Memorial Hall to march, under the leadership of the Marine Band. A platoon of Jackies from the Coast Guard Cutter Snohomish, under command of Lieutenant Von Paulson, acted as guard of honor. Then came the Spanish-American war veterans and the members of the Odd Fellows lodge, the whole being in charge of E. J. Walton of the Commercial Club committee.

The program at the Opera House began at ten o'clock sharp and was opened by the sounding of the Reveille by Mr. Thompson, band master. Mrs. Jennie Warren delivered Lincoln's Gettysburg address, and musical numbers consisting of a quartette by Messrs. Sellick, Welsh, McNutt and Broulette, and America, sung by the audience, preceded the stirring patriotic address by Hon. W. B. Brown of Bellingham.

At the close of the program the parade reformed and marched to the Peoples' Dock where the band played 'Nearer My God to Thee" while the ladies cast flowers on the waters of the bay in memory of those soldiers who lost their lives at sea. The procession then marched back to Lincoln Memorial Hall where the ladies of the W. R. C. served dinner to the G. A. R. and the Marine Band Boys, who so generously donated their services for the day.

At the noon hour the Snohomish fired the national salute of twenty-one guns. At 1:30 all who wished to go to the cemetery were conveyed in automobiles. Here the ritualistic services of the order were performed, followed by the decorating of all the graves of old soldiers. Flowers were never so plentiful as this year and there was a sufficiency for all. Many who have dear ones laid at rest in the cemetery had placed flowers and wreaths on the graves, giving it more the appearance of a flower garden.

The G.A.R. and W.R.C. desire to express their appreciation of the spirit of helpfulness manifested by the citizens of Port Angeles on Memorial Day, May 31, 1915. Where so many did so much to make the occasion a memorable one, it would be unfair to mention any particular individual, without mentioning all.

The Band generously donated their services for the day, playing easy marching time on parade, and beautiful music in the Opera House.

Twenty men from the Coast Guard Cutter Snohomish, under perfect discipline, acting as Guard of Honor, filled the hearts of the Veterans with greatest admiration, and their minds with memories of the long ago.

The Spanish War Veterans, though few in numbers, seemed imbued with the same spirit that carried them to victory at San Juan Hill, though they were only getting in to practice that they may carry on the work of Memorial day, when the G. A. R. are no longer physically able to do so.

The fraternal order I.O.O.F. also deserve commendation for their loyalty to men who preserved the Nation, one and indivisible.

We thank the young men's quartette for the appropriate songs so sweetly rendered.

We thank those citizens who so generously provided autos for the free transportation of the Veterans to the cemetery, something they were never able to do before; and last, but not least, to the special committee of the Commercial Club, Messrs. E. J. Walton, Andrew Severyns, Howard Van Brocklin, and Secretary Teck, for their untiring efforts in arranging the details for this occasion, as carried out in its perfection by Marshal of the day, Mr. E. J. Walton.

W. H. DOTY,
Commander, Pacific Post.

SPIRIT OF PEACE MOTIF OF EIGHTH GRADE EXERCISES

The Spirit of Peace as carried out in the eighth grade commencement program Thursday night awoke anew the sympathies and prayers of the listeners for the time when, in reality, peace shall reign, and war, crime, pestilence and famine shall no longer hold sway.

A crowded house greeted the class and many were the expressions of appreciation of the excellent and appropriate program.

The patriotic selections and the peace prayer were all rendered with spirit and earnestness. The class song and presentation of diplomas was followed by the Peace Pageant which opened with the trumpeter's call to arms. War enters and with his followers crime, pestilence and famine rules the land until he is overthrown by Peace and her helpers.

The music under the direction of Miss Reed, and the piano solos by Mrs. Brown added much to the enjoyment of the evening.

Miss Watson surely deserves great credit for her untiring efforts in behalf of her class.

THE PROGRAM

Invocation, Rev. A. H. Burkholder.

ROBERT PAULHAMUS HAS SERIOUS AUTO ACCIDENT AT LAKE SUTHERLAND

With his fine new Overland car, Robert Paulhamus started out last Sunday morning for a pleasant days outing at Lake Sutherland. The party consisted of his sister Miss Carrie and little adopted brother, the Misses Joliette and Juanita Glen and Norman Cloukie. Near the curve around Lake Sutherland they met Mr. Wolverton with his big stage auto and they backed up close to the embankment to let him pass. After he had gone by they started up the car again but part of the embankment gave way and the car pitched down a distance of 30 or 40 feet. It turned over once and then completely righted itself, Robert being the only one to receive serious injuries. The others hurried to their feet and scrambled up the embankment in search of help. Fortunately Dr. McGillivray was met on the road and he and John Willson went to the rescue and carried Robert up to the road and the whole party was brought back to town. Roberts life seemed to hang in the balance for a few days, but his condition is much more encouraging and his relatives and friends are very hopeful, though he is suffering from a broken collar bone, eight broken ribs and a punctured lung.

There is no more exemplary young man in Port Angeles than Robert Paulhamus and a host of friends anxiously await news from him each day, hoping and praying for his rapid recovery. A graduate of our city schools, he has also been a successful teacher in the county and for a number of years assistant postmaster.

BLIND LAW PUZZLES CITY OFFICIALS

There was a full attendance at Tuesday night's council meeting and the work of the evening was crowded through. Save for the marshalship controversy everything went smoothly. Among the important work transacted was the calling for bids for the Lincoln street trunk sewer and the ordering of the construction of the laterals between 4th and 8th streets.

The ordinance committee reported recommending the passage of the ordinance cancelling certain of the bonds of District 11, comprising the down town improvement district. It was adopted.

In re connecting the Dalton residence, First and Race, with light line the electrician reported that it would cost $70 in addition to using the telephone poles. The committee could not recommend the work and it was not ordered.

Health committee reported no action taken on the work of abatement ordered last week, and it was again ordered that unless abatement takes place in one week that the marshal swear out a warrant to enforce the demand.

To abate the nuisance attempted to be abated heretofore, the proprietor of the Bungalow Inn asked the privilege of temporarily connecting, with the new sewer in alley between Second and Third streets, Slattery also submitting the consent of the owners along said sewer. Granted, provided drain is made of planed lumber and that quick action is taken to get a permanent sewer down alley between First and Second streets.

City Engineer Filion reported following estimates of work done and same were approved and warrants ordered paid:

District 24, P. J. Woods, Front street extension, $13,773.

District 29, Kuppler & Caven, Front street sewer, $1,469.

District 32, Harry Cotton, sewer Blocks 53 and 54, $236.

Permits granted:

To E. D. Short, $100 building near home.

To G. M. Tyleron, lot 7, block 1, east of Laurel, $50 repairs.

An ordinance was offered by Mr. Fisher granting to the S. Pt. A. & W. Ry., a franchise on Ediz Hook for a period of 98 years, for all necessary tracks, yard tracks, spurs, etc., also such portion as shall be necessary to serve all mills, factories, etc. Read twice and referred. $100 check accompanied application, and mayor called attention that council had adopted a deposit fee of $500 hereafter. Read twice and referred.

Then came the tilt of the evening. The proposed ordinance vacating the marshal's office to give way to the appointment of a chief of police was not before the council, but the city attorney wished to state his position, denying that he was in any way interested. He declared that the new city act gave cities of a third class a new system of government (the old act reenacted with certain changes) and read a letter from City Attorney Stiles of Tacoma, substantiating his opinion. The new scheme of government went into effect June 10, and under the new law it would be the duty of the mayor to appoint a Chief of Police in lieu of the marshal, an office not named in the new code.

Mr. Bigelow wanted to know if the entire new scheme would be satisfied by the change of one official. The new law gave the mayor the appointment of all appointive officers including the police, where under the proposed ordinance only the marshal was scheduled for a change. He had no interest in the matter but wanted to see fair play.

Mr. Fisher stated that the committee did not report the ordinance for the reason that tney had conflicting opinion as to the demands. It would be reported later, but if the council desired to take it from the committee at this time it was welcome to do so.

All protested that they had no interest in the matter except to be safe, and the mayor stated as a matter of information and not, he said, as a threat, that unless he was permitted to appoint all and have some degree of control he would appoint none. The police force and the mayor should work in harmony.

The new law was called for and produced, read, re-read, and discussed, all to little avail, each having his views of its meaning. All agreed, however, that one of the purposes of the new law was to again give to the mayor the appointment of the subordinate officers, including the control of the police. The matter went over pending the report of the committee on the proposed ordinance.

BIG DOINGS PLANNED BY LOYAL ORDER MOOSE

Big Doings are being planned by the local lodge of Moose for Saturday evening, June the 19th, when the Port Crescent logging camp is to be taken into the local lodge. L. M. Campbell, having had charge of a campaign for increased membership, has made several trips down to the camps, finding the better class of men there enthusiastic about the order which has had a greater recent increase in membership than all other fraternities in the United States combined. About thirty applications have also been signed by Port Angeles people, a number of whom will join with the big class.

A special car has been arranged for on the S., P. A. & W., to leave camp at 7:00 or 7:30; return trip will be made either Sunday afternoon or Monday morning.

WEDDING OF THE FLOWERS WILL BE GREAT ATTRACTION

FIFTY CHILDREN PARTICIPATING

The entertainments given each year in connection with the Flower Shows have always been unusually pretty, and this year's program promises to eclipse any previous efforts. The children have had weeks of training by most competent instructors and their little songs and dances will delight all.

The Wedding of the Flowers will bring about fifty children on the stage at one time, each dressed to represent a flower, or fern and the combination of colors makes a most effective and beautiful scene as the children dance around the midget bride and groom.

Most of the songs and verses used in this pretty presentation are original and were composed by Miss Mason and Mrs. Brock. The bride is little Miss Margaret Morganroth, the five year old daughter of Chris. Morganroth, and the youthful groom of the same age, the son of E. J. Burroughs; then there are the pretty brides-maids and flower girls and the stately god-mother and the minister, Jack-in-the-Pulpit, and all the other flowers who have come to the wedding. It makes a picture not soon to be forgotten. But that is not all, some handsome young men will sing for you, pretty girls will recite, and the closing scene a beautiful patriotic tableaux given by the Campfire Girls and the Boy Scouts will arouse the patriotism of every true American. Come and see it all for yourself at the Opera House Friday evening, June 11, at 8:15 p. m. General admission 25 cents, reserved seats 35 cents.

FLOWER SHOW IN COURT HOUSE ROTUNDA MONDAY, JUNE 14TH

The Fourth Annual Flower Show given by the Women's Auxiliary to the Commercial Club will be held this year in connection with the Flag Day and dedicatory exercises of the new court house June 14. Everyone who has flowers is urged to put them on exhibition whether entered for premiums or not. Last year a number of ladies who had beautiful flowers in their gardens, did not send them because they thought there would be so many nicer ones. As great a variety as possible is desired and you may have something entirely different from any one else. The Auxiliary is paying a man twenty-five dollars to come and act as judge of the flowers and to give a talk on their care and culture. They are doing this because they want someone who is perfectly familiar with flowers and hence capable of judging them, and also that all lovers of flowers may have the advantage of gaining knowledge from a man who has made their study his life work.

As will be seen by the premium list, the business men of the city have been most generous in donating premiums.

PREMIUM LIST

Most perfect red rose, silver deposit sugar and creamer by Schaible & Hutchinson.

Most perfect rose, any variety, Haviland mayonnaise server, Willson Hardware Co.

Best cream rose, hand made doily, by Mrs. Lillian Wright.

Largest rose, any variety, one year's subscription to the Olympic Leader.

BAND BOYS DANCE TOMORROW EVENING

The Band Boys have all preparations for a big dance tomorrow, Saturday evening, and every indication points to its being the most largely attended of any social afair for some months. They have done everything possible to make it a success, assuring all patrons of a delightful time. It will be well to remember, however, that the dance is not being given for the benefit of the dancing public so much as for the benefit of the band itself; you are really expected to contribute your mite to show your appreciation of the band and the good work the boys have done.

EAGLE EXCURSION TO PORT TOWNSEND JUNE 13

The Eagle excursion, June 13, to Port Townsend, will carry one of the largest crowds of the year. Picnic parties are invited to go along and spend the day at Chetzemoka Park, said to be one of the finest parks in the state. A trip out to the Fort is another attraction and many more will be found upon your arrival.

SEARCHING PARTY ORGANIZED TO CAPTURE WILD MAN OF THE HOH

"Forks, Wash., June 1—One of the Government timber cruisers now working in the upper canyons of the Hoh river watershed south from this town, today while here for supplies reported again having seen the wild man of the Hoh. The Government cruisers have also discovered one of the adandoned lair of the strange creature, this being a comfortable nest in the stump of a huge hollow cedar, which was evidently the wild man's winter quarters. He is now somewhere in the fastness of the south fork of the Hoh, several miles east from the pack station known as Spruce. It is doubtful if the strange creature is really a demented human being, because he is seen only in close proximity to the great herd of elk, of which there are more than 2,000 in the Hoh river watershed. These animals invariably stampede at sight or smell of man."

Upon receipt of this message from Forks Exalted Ruler Muck and Chairman H. M. Fisher of the Elks Circus executive committee conceived the idea of trying to organize an expedition to capture the strange creature and bring him to Port Angeles as a circus attraction.

It was decided to organize a party of West End Elks familiar with the wild country of the Hoh, and it is hoped to have U. S. Forest Ranger Chris Morganroth direct the expedition.

Early on Wednesday morning accordingly, Fred C. Poole left for Forks in his automobile, which blazed with banners heralding his official connection with the Elks circus to be pulled off at Port Angeles on July 1, 2 and 3.

Mr. Poole will probably have the hearty co-operation of such well known Elks as Charles D. Sult, Joe Marsh, James M. Kay and H. E. Nolan of Forks, H. Grosklaus of Beaver and E. G. Morse, E. B. Clark and Hugh C. Morse of Quillayute. Bulletins will be sent out at intervals giving information of the progress of the expedition.

Everything else is lining up in great shape for the circus. One of the sensational attractions will be aeroplane ascensions and an exhibition of looping the loop with a monoplane is now under consideration.

"THE FIGHT" AT THE STAR THEATER

Tuesday, June 8, the World Film Corporation presents Margaret Wycherly and John E. Kellerd in the N. Y. Hudson Theater sensation "The Fight," by Bayard Veiller, author of "Within the Law," etc. A story that shows why woman is so earnest, so thorough and so impracticable.

Invitations are out for the Alumni Ball to be held at the Opera House Monday evening, June 7. It promises to be quite the social event of the season.

GRAIN CROP MAY HAVE TO BE HANDLED IN BULK

Olympia, June 3—An investigation into the general grain bag situation, made by the board of control and grain inspection department of the public service commission at the request of Governor Lister, makes it seem likely that a considerable portion of this year's grain crop may have to be handled in bulk.

Fifty million sacks have been ordered, in all, from Calcutta, but the contracts all have "war clauses" and while the grain men are hopeful of receiving sacks, none have thus far passed Hong Kong, the transshipping point from Calcutta. Outside of the Calcutta sacks, the outlook is for about 10,000,000 sacks from the Coast.

On account of the shortage of merchant ships the penitentiary jute mill is having difficulty in securing its supply of jute for the year, which also comes from Calcutta. The board of control has been able to get guarantees to deliver only 1,000 bales, a third of a year's supply. Including sacks in the process of manufacture there are 1,267,000 sacks at the penitentiary now, of which 665,300 have been contracted to farmers at the 7 per cent rate.

Governor Lister undertook the investigation into the grain bag situation in behalf of eastern Washington farmers at the request of Representative Clark Black.

The state tax commission has completed the valuation of all steam and electric railroads and telegraph lines, placing the valuation of steam railroads at $346,040,857, of electric roads at $49,066,455, and of telegraph companies at $887,848. Valuations placed upon the same classes of property last year were: Steam railroads, $342,157,237; electric railroads, $49,211,280; telegraph lines, $887,776.

The increases in valuation were principally due to increased mileage, about 400 miles of new main line railroad having been placed in operation since last year. Nearly all roads showed decreased gross revenues, this being particularly true in regard to some of the electric lines which suffered severely from both boat and automobile competition, these facts being taken into consideration in fixing valuations.

The industrial insurance commission has compiled statistics showing the number and amount of accident awards in all machinery using industries during 1914 and the first four months of 1915. In these classes, including all industries subject to state factory inspection, there were an average of 631 awards a month last year, and an average of 470 a month this year. The commission gives Labor Commissioner E. W. Olson and his force of factory inspectors credit for this showing in accident prevention. The average amount of awards for 1915 shows a decrease over the average amount of monthly awards for 1914 in spite of the fact that three fatal injury cases have been reopened from last year's business.

The state highway department now has 1,000 men and 50 teams at work upon state roads, all under force account. The working force will be largely augmented when work is started under contracts awarded last week for 10 miles of work on the Sunset Highway in Lincoln county and 9 miles on the Inland Empire Highway in Whitman county.

Horticultural Inspector F. N. Rhodes has organized successful campaigns among King county school children against the pest of tent caterpillars which have been destroying tree foliage. Schools in several communities have arranged half holidays for "Caterpillar Day," school children by the hundreds gathering the insects in paper bags for destruction. Girls were each furnished with one canvas glove so that they would not have to touch the caterpillars but the boys went at the task barehanded.

Four hundred miles of new main line railroad has been added in the state of Washington during the past year, the state tax commission announces. Including second track and sidings, there are now 7,235 miles of trackage, excluding that of electric lines and logging roads. Principal new lines put in operation during the year were the Wenatchee north branch of the Great Northern, 135 miles; the Spokane air line of the O.-W. R. & N., 103 miles; the Point Defiance line of the Northern Pacific, 43½ miles; new North Yakima & Valley line, 13½ miles; additions to the Milwaukee Willapa Harbor line, 39 miles; and 29½ miles of new railroad in Clallam county.

As a result of protest made by Commissioner H. T. Graves of the state department of agriculture, Canadian quarantine regulations have been amended to allow importation of sheep from Washington and Idaho for slaughter. The quarantine was adopted to prevent importation of foot and mouth disease infection, Dr. Graves calling attention of Canadian authorities that Washington had been kept free from this epidemic.

All laws passed by the recent legislature except the comparatively few which bore emergency clauses, will go into effect Thursday, June 10. Bound volumes of session laws have been distributed this year well in advance of the taking effect of the laws, though in former years the publication of the laws generally has not occurred until after they had gone into effect.

Wednesday, June 9, will be the last day upon which referendum petitions may be filed against acts passed by the last legislature. Referendum petitions now are in circulation against the following seven acts: Requiring initiative and referendum petitions to be signed at registration offices; political convention act; anti-picketing act; certificate of public necessity act; Seattle port commission act; city and county budget act.

The public service commission has issued an order requiring the Great Northern to establish a depot at Dryden, to replace a box car used at present, and to maintain an agent there beginning September 1.

Doughnuts need not be grease soaked, tough, indigestible. Look to the shortening you use and the frying fat. Swift's Cotosuet is best for both uses. It is the secret of doughnut success. Use it and you will have the satisfaction of having your friends say, "Delicious, I must try your recipe."

For doughnuts that melt in your mouth try this recipe.

1 cup sugar; 1⅔ tablespoonsful Swift's Cotosuet; 3 eggs; 1 cup milk; 4 teaspoons baking powder; ¼ teaspoon cinnamon; ¼ teaspoon grated nutmeg; 1½ teaspoon salt.

Cream Cotosuet and add one half of sugar. Beat egg until light, add remaining sugar, combine the two mixtures. Add 3½ cups flour, baking powder, salt and spices and enough more flour to make a dough just stiff enough to roll. Roll, cut out and fry in Swift's Cotosuet. Drain on brown paper.

Use Swift's Cotosuet and have tasty pastry.

LINCOLN HEIGHTS

The entertainment at the Lincoln Heights school grounds last Friday was very creditable to pupils and teachers and was much appreciated by the many patrons and friends who witnessed it. The three Maypoles were well manipulated by the various performers, none being more efficient than those in the primary department. All the drills were so good that it would be useless to say which was best. The frequent showers of rain were the only unpleasant features and they finally compelled the closing of the program before completion. That day was the twentieth of frequent showers since which we have sunshine with some breezes.

The prediction of the Olympic-Leader that every dairyman in the West End would own an automobile within three years after completion of the Olympic Way, is rapidly being fulfilled, and a geat convenience it is proving. Among our visitors this week was E. L. Peterson, rotund and jolly, who took advantage of a ride in from Forks with his friend Iverson. Mr. Peterson has bought an auto "for the boys" but has so far had no time to learn to run the pesky thing. He had, however, a full appreciation of the fact that they would leave town in the afternoon and be home for dinner.

Sound and progressive business methods in management; the active participation and co-operation of well-known business men in the conduct of its affairs; prompt and courteous attention to the wants of customers and a desire to satisfy them. These things account to a large degree for the steady growth of deposit accounts in the Port Angeles Trust & Savings Bank.

FAST SEATTLE TEAM BEATEN IN TWELVE INNING GAME

The Jaffe team has not so much to say since they lost one of the hardest fought games of baseball ever seen in this city. It happened on Memorial Day, last Monday. In fact the local ball players felt so patriotic that they knocked one pitcher out of the box and made the next one's arm (it happened to be Frink) so sore that he let up in the twelfth inning with his spitter and the greedy eyes of Steele picked out a beauty—there was a crack—no dust flew, but Connors on short, was trying to put the ball in his shoe. Then Grubb got excited and struck out. Kuntz hit in a rabid way and the center fielder caught the long fly. Then McInnes, who pitched a masterful game for twelve innings, came to bat. He hit the ball to second base, and the second baseman began playing marbles. Then Steele, the 133 pound streak of lightning, went from second to home like a pink salmon scoots up the Elwha river to spawn. Supper was ready and the sun was bidding goodbye to the long grass against the left field fence when the crowd streamed thru the substantial gate of the ball park. The score was 4 to 3.

Powless did some good coaching on the line and managed to get two walks and bring home two of the runs that helped to make the game so long. He is reliable and always ready to work as hard as Columbus did in the days of the Romans. Rex McInnes did not do so bad all last week. He plowed the sod for severial days and then Saturday loomed up with the arrival of a 10-pound baby boy. Between Sunday afternoon and Monday forenoon he answered rush calls on the phone. Then he came down to Angeles in a Ford and won a twelve inning game.

The game on Sunday was going fine until Hastings hurt his finger. Reardon was hit hard. The score was Jaffe 13 and Angeles 3.

The Bellingham Elks will arrive on Sunday morning next with a special excursion from that town with 500 boosters and baseball fans. The down town stores wil be decorated up and the whole herd of Angeles Elks will turn out to compete with the white and purple suited individuals from the distant shore.

MISS HOLT IN SPLENDID MUSICAL RECITAL

Miss Holt showed her splendid ability as a music teacher last Friday evening when she presented her pupils in recital. The piano solos and duets by the pupils were excellent and showed much musical talent.

About one hundred and fifty invited guests were present, all expressing themselves as enjoying the program immensely. Mr. Selleck's beautifully and finely rendered solo was encored heartily. A trio, composed of Miss Elliott, violin; Miss Wolverton, cello; and Miss Cora Wolverton, piano; played several numbers and were forced to respond to encores each time. The last number, a duet, rendered very effectively by Miss Holt and Mr. Broulette, received much well earned praise from those present.

One of the finest garden spots in Port Angeles is that owned by Mr. and Mrs. Leonard Smith on Fifteenth and Cherry streets. About the time most folks are thinking of making a garden in the spring, the Smith's are reaping a little harvest from the sale of their early vegetables, such as onions, lettuce and spinach. They supply the groceries and markets three times a week and at the present time they have in their garden almost as great a variety of vegetables as you could get on a southern California farm. Both Mrs. and Mr. Smith are expert gardeners and know how to produce great quantities on a small piece of ground.

Ross expect to leave Sunday for Seattle where they will join the army of delegates who will leave Seattle Monday morning on a special train for Spokane to attend the annual State Federation of Women's Clubs. Nothing more favorably impresses the good housewife of today than a neat sanitary meat market, where the meat is kept free from flies and other contamination and where you are always sure of courteous treatment and correct weight. This is what you will now find at the Angeles Sanitary Market on Front street, which was recently purchased by two hustling young business men from Montesano, J. Rasmussen and H. Merzach. THE COUNTY SCHOOLS

The County Board of Education has concluded a busy session reading the State Eighth Grade Examination papers. The questions were a little more difficult than usual with the result that a number of candidates failed in one or more subjects. The following are the names of pupils in the county who have completed the course and have received diplomas admitting them to the High School:

Irwin Eacrett, District No. 2; Francis W. Brennand, Leonard Cosser, Frank Dann, Glen Fleming, Ivan S. French, Lee Gormley, Frank E. Hickok, Andrew Layman, Virginia Learnsberry, Carrie MacKechnie, Beatrice Muskett, Clayton Pinyard, Francis Prickett, Christine Stakemiller, Teresa Sullivan, Ruth Witcher, District No. 7; Catherine Anna Ester, Emma Wickersham, Hazel Wickersham, District No. 16; Helena Gaydeski, District No. 24; Janice Brooks, Harris Hoover, James Mawes, Irene Petterson, District No. 29; Harold Bugge, District No. 31; Esther Wasankari, District No. 38; Ella Leyendecker, District No. 57; Henry McFarland, District No. 301; Donald Wentworth, District No. 302; Earl Coker, District No. 304.

The next eighth grade examination will be given June 17 and 18, which will give an opportunity to all who failed in one or more subjects to complete the work before the next term of school.

Teachers and pupils of Districts 2 and 35 closed their school term May 28, with an afternoon picnic in which the patrons and friends participated. Geo. Aldrich and Ruth Bown, the teachers in the respective districts, were greeted at the Community Center Hall in District No. 2 by their pupils and a large number of the patrons. A bounteous lunch was spread and everybody enjoyed the occasion to the fullest extent. Music had been provided for the occasion after which the County Superintendent responded to the invitation of the chairman, Mr. Eddy, with a short speech. The indications are that the people of this section of the county take a live interest in their schools and are doing their utmost to encourage the right kind of school spirit.

The graduating exercises in District 29, Dungeness, were held in the Methodist church Friday evening, May 28. The program consisted of essays and speeches by graduates of the school. After a short speech by the county superintendent the class was addressed by the members of the Board of Education and diplomas were presented by the chairman of the board. Miss Tonah Moore, principal of the school and her assistants, Mrs. Sweet and Miss Livona Moore, are to be congratulated on the quality of the work shown by the pupils at their graduation.

Next Saturday, June 5, the County Board of Education will be in session for the purpose of adopting the books for the use of the schools of Clallam county for the next five years. Book agents have been busy in the interests of their respective publications during the past three or four weeks and if the members of the board are not posted on the merits of the various books it is certainly not the fault of the representatives of the publishing houses.

Saturday, June 5 at 2 p. m., a directors meeting will be held in the court house. A large attendance of directors throughout the county is expected. Mr. Babcock has consented to give a talk on the school laws passed by the 1915 legislature and Mr. Warren, county auditor, will be present at the meeting and prepared to answer questions relative to the financial duties of the school clerks under the new law. Teachers and others interested in school administration are invited to attend.

A recent communication from the State Department contains the information that the next examination for teachers will be held August 5th, 6th and 7th, at which time the new law regarding the holders of ac- of accredited colleges and universi- This law requires "that graduates of accrideted colleges and universities must present evidence that they have completed satisfactorily, twelve semester hours in professional study in an accredited institution or else pass examinations in such professional subjects as the State Board of Education may direct." The State Board has ruled that the applicant shall be required in making this proof, to designate the particular courses, the number or hours of work and the names of the instructors under whom the work was done. Applicants should get this information (proof) before making application for certificate so that there may be no delay in acting upon them.

In the August examinations no questions will be taken from the course of study in Theory and Art of Teaching and the examination in the State Manual will be simply on the excerpts from the Code which are found in the State Manual.

THE SUPERIOR COURT

Sale of property was ordered in the estate of Margaret Clarke.

A. G. Frye was appointed Administrator of the estate of Geo. W. Crouter, who died last September, to allow foreclosure.

Judgment was confessed in the case of Port Angeles Commission Company vs. Samuel Maugeri, Italian Grocer, for $80.08 and costs.

Motion to quash service in W. J. Larkin vs. E. W. Merrill, suit for damages in sum of $5,000, was denied and defendants given 10 days to further plead.

Preliminary hearing establishing the necessity of taking the lands for right-of-way purposes, was had in the case of the Goodyear Logging Company vs. B. Melhime, et al. This for land on Clallam river. Next hearing set for June 25.

John Hallahan was appointed administrator of the estate of Lewis H. Smith, bond fixed at $3,000, anticipating a sale of all property to pay mortgage and debts.

Robert Baker pleaded guilty to the charge of issuing a forged check for some $35, passed at Dungeness. His counsel pleaded that he was not responsible, and he shows that to be true. Prosecutor asked that at least one year in the penitentiary be imposed. The Court left the matter largely in the hands of the State Board of Control, viewing the case at their leisure, and sentenced him to not less than six months nor more than twenty years in the State Penitentiary.

Tommy Charles, an Indian, was charged with the same offense in the sum of $27. After taking the one day to plead, he entered through his counsel J. W. Redden, a plea of Not Guilty. He was bound over under bonds in the sum of $500.

Orrin Cays, son, was appointed administrator of Perry Cays, deceased. Bond fixed at $1,000.

In the matter of the assignment of Slack's Cash Store the court went through perfunctory proceeding of settling the estate according to the recommendations of the Assignee J. N. Squire, chosen by the creditors The assignee's counsel made a weak protest against allowing the claim of Harry Slack for $500 for five months services as manager of Slack's Cash Store at $100 per month. The claim was allowed, $100 of which was preferred and will be paid in full. The Court stated that he did not favor such claims.

In the matter of the Receivership and Sale of the City Dye Works another case was settled largely between the attorneys for the parties to the dispute. The business sold for good value $360, purchaser assuming the mortgage. Of this the Receiver gets $50 and debts $214. Defendant gets $10 of balance and plaintiff what is left. Plaintiff put up some $400 to start the business.

Demurrer to Supplemental complaint in Dungeness Trading Company vs. J. L. Weekley, denied, defendant given 10 days to answer.

Like action was taken in Anderson vs. Goodwin, suit on laborer's lien.

Last week Judge Ralston was called in to hear a criminal charge against Henry Miller, accusing him of taking the brass work from two locomotives at the head of the bay, melting same and selling it for $2.75. Miller pleaded guilty, giving as his excuse that he was broke and wanted to get a dollar. It transpired that defendant was 47 years of age, that he came here from Germany 23 years ago, that he got away from Germany without acquiring any trade, that he has been shiftless and spends his money about as fast as he gets it. The Court could see no excuse for the act, and defendant was sentenced to the State Penitentiary for from one to fifeen years.

The state board of control has appointed D. Nichols of Vancouver and Julius Zittel of Spokane to prepare plans for the new school building for the school of blind at Vancouver, upon which work will be started early this summer.

This EXTRAORDINARY OFFER

Is the result of an arrangement with the advertising bureau of the Wholesalers and Manufacturers, whereby the funds set aside for general advertising shall be used in this way, and the citizens of this county and vicinity will be directly benefitted. All piano manufacturers and dealers have different ways of advertising, some employ great artists, some use expensive magazine advertising, while others use music teachers to persuade people to buy, paying them commissions. We, however, believe that the best possible advertisement is a satisfied customer.

Remember we are the Factory Agents of High Grade Pianos

and Player Pianos, consisting of the World's Best Makes, the Kohler & Chase, Fischer, Emerson, Winston, Hobart M. Cable, Andrew Kohler, Kohler & Campbell Vose & Sons, Knabe, Shoninger and others. The prices will be marked in plain figures on each piano and sold right in the class where it belongs, at lower prices than the people of this section have ever before had the opportunity to buy, and terms to suit your convenience.

It costs you Nothing to try.

You may be the one to get this beautiful piano free. A little thought and the answers will come to you. We want every home that needs a piano or piano-player to enter this contest.
