MACCABEES' MINSTRELS.

MUSIC AND MIRTH. DANCING AND SONG GREET A THOUSAND PEOPLE.

Seldom has it been the privilege of a Port Angeles audience to witness such a magnificent presentation of music and acting as that in the opera house last Monday and Tuesday evenings, given by those peerless entertainers—the Lady Maccabees. The entire program reflected a high degree of credit upon the ladies and upon each individual member of their many assistants, as well as upon the thoroughness and efficient work of Mrs. T. C. Runcie, their instructor.

At 8:45 the curtain was raised on as handsome a collection of burnt cork faces as could be gathered together in any city in this nation of fair women. Three circles of ladies and misses extended entirely across the stage, the first of which comprised the following:

Mrs. T. C. Runcie, interlocutor.

BONES	TAMBOS
Mrs. J. I. Kirschberg.	Mrs. C. P. Brown.
Mrs. W. V. Moore.	Mrs. Oro. D. Hickok.
Mrs. G. E. Wiggins.	Mrs. L. W. Taylor.
Mrs. R. F. Eaton.	Mrs. C C. Bowman.
Mrs. E. J. Nailor.	Mrs. C. E. Nailor.
Mrs. M. E. Alexander.	Miss Wilcox.
Mrs. F. Dilling.	

The first number on the program, an overture by the company, introduced the "jig-footed jesters," whose witticisms created continued merriment—not in the least diminished by Mrs. L. W. Taylor's vigorous, if brief, manifestations of enjoyment. (And we might add, in passing, that as a manipulator of the tambourine she proved herself a wonderful success.)

"Has Anybody Seen Our Cat?" the second number on the program, was a solo by little Welzie Runcie, which was vociferously applauded and persistently encored, with a response that won the applause of the audience again. He was the recipient of a bouquet of bon-bons.

"Sunflower Sue," by Miss Wilcox, assisted in the chorus by the six end ladies and quartette, was charmingly rendered and received an emphatic encore.

Mesdames Brown and Kirschberg, supported by the entire chorus, next presented a song and dance specialty entitled "Hesitate Mr. Nigger," and fairly danced their way into the hearts of all beholders. They responded to a hearty encore and were presented with enormous, if not elegant, bouquets of garden greens.

"Baby Mine," by Mrs. E. J. Nailor, was one of the most beautiful things of the evening, not only in the rendition of the selection; but in the introduction of these nine cute little tots with their dollies: (Of course they were encored.)

Hattie Nestle, leader.

Angeline Ritchie	Mabel Griggs
Ruth Church	Atheline Fisher
Cecil Smith	Ruth Gould
Lucile Foster	Maggie Ritchie

A finely rendered treat which received a hearty encore was Mrs. Frank Dilling's solo "I'se a Lady" in which she was supported by the chorus.

A solo entitled "I've Grown So Used to You" was charmingly given by Mrs. R. F. Eaton, and the rapturous encore was gracefully responded to.

"Every Day is a Wedding Day"—a solo delightfully rendered by Mrs. C. E. Nailor—was another part participated in by little ones, Ray Wolverton and sister being costumed as bridegroom and bride. Twice they were compelled to act their part and the applause the number received was well merited.

"Fly Ye Blackbirds" by Mrs. C. P. Brown—disguised on the program as Clementina Bigfoot, and on the stage by a plentiful application of cork and a costume that was fearfully and wonderfully made—took the house by storm. To her we dedicate the prettiest rose in our flower garden. After gracefully, and energetically, responding to thunderous applause, the first part of the evening's entertainment closed with the Finalle, Red, White and Blue, by the entire company.

Not a little of the success of the entertainment was due to the superb music by Mrs. H. M. Coburn and Mrs. C. P. Brown, who presided at the piano during parts one and two respectively.

Part two opened with a song and dance by The Dutch Company, entitled "Ha Le Ha Lo." Little Welzie Runcie has certainly had excellent training and that he and his chorus delighted the audience is but saying what is known to every one of the large assemblage. The company of costumed and roughed Dutchmen was comprised of:

Welzie Runcie, leader.

Robert Price	Earl Taylor
Gene Myers	Willie Ritchie
Rupert Bowman	John Willson
John Coturn	Ray Wolverton
George Nestle	Ivan Nicholson
Howard Fisher	F Paul Carrigan
John Cain	

"The Jack O'Lantern Man" by The Pickanninnies,

Franc Church, leader.

Alice Finch	Elmira Alexander
Margaret Fitzgerald	Onelta Glenn
Sadie Tyrell	May Clegg
Birdie Trickle	May Gordon

and "Mamie Don't You Feel Ashamie," by the Black Roses,

Joliet Glenn, leader.

Lottie Clegg	Sadie VanEren
Annie Ritchie	Mabel Pringle
Leah Myers	Josie Phelps
Minnie Fowler	

were persistently encored and the little ladies responded very gracefully. Their dancing was one of the most pleasing features of the evening.

Frances Coburn, leader.

Stella Snyder	Frances Chambers
Hypatia Dermul	Frances Nace
Leona Finch	Daisy Ware
Cecil M Griswold	

The above young ladies comprised the Representatives from the Colored 400 whose song and dance entitled "La Belle Parisienne" was absolutely charming in its effect and was carried out so perfectly that not a single flaw could be found. They were loudly applauded and encored.

In "Who? Me?" Mrs. J. I. Kirschberg, assisted—or interrupted—by Master Welzie Runcie in an inimitable manner, certainly enraptured the audience, her final solo crowning the evening with a brilliant triumph.

After the final chorus "Every Race Has a Flag But the Coon, participated in by the entire company, the audience dispersed, ending what certainly can be termed the social event of the season.

COUNCIL NOTES.

FRANCHISE COMMITTEE RETURN ORDINANCES REFERRED WITHOUT REPORT OR FINDING

All members of the city council were present at the Wednesday's meeting.

The street committee reported recommending that $50 be expended in repair of First street by ditching and grading 12 feet in width in center of street between Lincoln and Peabody streets, and $5 for repairs on same street between Lincoln and Laurel. The amounts were allowed.

A communication was read from J. D. Hickok, manager, to effect that when present owners took charge of water plant they ordered that no extensions or extensive repairs be made until a certain amended ordinance could be obtained by the company. However, he would refer request to owners and report later. Upon motion of Mr. Halfahan question as to whether city can compell extension of water mains into Fourth ward was referred to the city attorney for report.

A request from Messrs. Wise and Fisher was read asking for one-half payment on their contract, inasmuch as they have two-thirds of work completed. The street committee was asked to report as to work done.

A communication was read from D. W. Morse setting forth that according to franchise granted the Morse Wharf Company after five years an additional $25 per year would be exacted from said company unless council granted "relief." These five years were now up and inasmuch as business had not improved and the expenses to keep wharf in good repair have been so large they ask that the entire fee be rebated. The taxes were enormous, and this was all other municipalities imposed. The council voiced a sentiment that the same rate of $50 be accepted for the coming year, Mr. Morse paying $75 as provided by law, receiving a rebate of $25. This sentiment is to be understood but not recorded.

The marshal was given leave of absence for four days to enable him to escort Mr. McGinnis to Steilacoom.

The mayor called council's attention to bad condition of Oak street south of 2nd and the street committee was directed to report.

Upon motion of Mr. Grubb the street commissioner was ordered to clean grass and other debris from Front street between Oak and Lincoln.

City attorney Stewart reported that the case of Chapin vs. City was to be heard before the supreme court June 3d, and asked privilege of expending $20 in visiting Olympia to argue case. The attorney was directed to proceed with case and present claim.

Claims of J. Davis, C. Wood and Capt. Guptill watching and caring for J. McGinnis were read for 41 days time at $2.40 per day of 12 hours.

In a recent article a prominent physician says, "It is next to impossible for the physician to get his patients to carry out any prescribed course of hygiene or diet to the smallest extent; he has but one resort left, namely, the drug treatment." When medicines are used for chronic constipation, the most mild and gentle obtainable, such as Chamberlain's Stomach & Liver Tablets, should be employed. Their use is not followed by constipation as they leave the bowels in a natural and healthy condition. For sale by C. E. Nailor & Co., Druggists.

THE WATER CURE.

OR HOW FILIPINOS ARE FORCED TO TURN TRAITOR AND TELL WHERE COMRADES ARE HIDING.

One of the strongest and most authentic statements regarding the administering of the "water cure" to natives of the Philippines was made Friday by Geo. W. Hull, of Colfax, who served as a private in company C, 35th regiment, U. S. V., in 1889 and 1900.

He declares improvements were constantly being made in the methods of torture to force confessions of the hiding places of arms or insurrectos. That the first method was to hang the natives until they were nearly dead. He saw three natives, a lieutenant, a corporal and a trumpeter, caught near Nazaragaray by the Second battalion under Major Short, hanged by the neck until they confessed to the hiding place of arms. He said the natives were strung up to a tree with their feet about four feet from the ground and left there until their eyes bulged out and they became perfectly black in the face. When let down and given an opportunity to recover they told where arms were hidden and where other insurrectos were. They were then taken to headquarters and made to take the oath of allegiance, after which they were released the same day. This, he says, was a few days before Christmas, 1899. A few days later, on the other side of the Bagbag river, his company captured a lot of natives and four were hanged. This was a common method of procedure wherever a lot of natives were captured. A few of the leaders would be hanged and a confession of the hiding place of troops or ammunition or arms was generally obtained.

"Improvements were made in the methods of torture as the war progressed, the same as is made in machinery as we advance," said he. "We soon got tired of hanging. It was too hard work to lift the 'niggers' up and the 'water cure' was given. 'Improvements' were also made in this method. At first four or five men would hold the native on his back and a stick or gun barrel would be forced between his teeth to hold his mouth open and the water would be poured into his mouth from an earthern jug. He had either to swallow or strangle. Later the 'improved' method of 'watering niggers' was introduced. This was to tie the hands together, then place the hands over the knees and forcing a stick over the arms and under the knees, then taking the 'nigger' by the foot and holding him head down in the water. When the bubbles ceased to come up he would be taken out and the water would run out of his mouth. When he got his breath and said a short prayer he was given a chance to talk. If he still refused under he went again, and sometimes it was necessary to duck them the fourth time before they would 'squeal.' I saw the 'water cure' given at least 150 times, but never knew but one man to die and one to go crazy from the treatment, but heard of the death of others.

"One Sunday in April, 1900, we went out into the swamps. There were about eighty or ninety of us, under command of Major Geary. We 'watered' about thirty that day and one of these, a lieutenant, died. We gave him several applications, but he refused to tell where his men and arms were hidden, although he acknowledged he had seventy rifles. He said we could kill him if we wanted to but he would not tell. We kept giving him water until he failed to recover. We had a surgeon with us, but I forget his name. He pounded the lieutenant's feet and tried other tests, but could not revive him, and pronounced him dead, and we left him lying there. Another fellow went crazy. After we had finished 'watering' them we took a lunch and rested, and while we were resting Major Geary requested us in writing letters home to say nothing of what had transpired. Major Geary was present while we were 'watering' them, and would watch us as long as he could stand it and then he would walk off in the woods awhile, but would return and watch the work. Capt. Coot, of Company D; Captain James R. Ruggles, of Company C; and two or three lieutenants were present and watched the work. I don't know who gave the orders but they came from some of the officers and all were present."

RATES RESTORED.

Senator Clapp Working With Townsend Chamber Voluntarily Seeks Like Concessions for this City.

President Griggs of the Commercial Club received a letter this week from state senator C. F. Clapp in effect that the senator, while working with the Port Townsend Chamber of Commerce to secure a restoration of the terminal rates recently arbitrarily wrested for cities on the west side of the sound, had secured like concession for Port Angeles. A special meeting of the local club was called for yesterday afternoon at 2 o'clock, and the following resolution were presented:

Whereas, The several railroads terminating on Puget Sound at a recent meeting abolished the "Arbitrary" rate on freight shipments from eastern points to points on Puget Sound not reached by railroad lines, and,

Whereas, Such action would have had the effect of compelling the merchants and manufacturers in such places to pay the heavy local rates of the steamship companies on all shipments from the East, and,

Whereas, The abolishing of the terminal rate privilege would, in many instances, have had the effect of closing many manufacturing plants in the towns not reached by the railroads and driving many merchants out of business, and,

Whereas, The Hon. Cyrus F. Clapp, took up the matter with the railroads and gave it his personal attention and by his untiring efforts and intelligent representations to the railroad companies has persuaded them to rescind their action in abolishing the arbitrary rate and restoring the privileges so long enjoyed by the towns on Puget Sound not reached by the railroads;

Resolved, That we, the members of the Commercial Club, on behalf of the citizens of Clallam county, hereby extend our congratulations and heartfelt thanks to the Hon. Cyrus F. Clapp for his successful efforts in our behalf, with the assurance that we fully understand and appreciate the significance of the results of his unflagging zeal to our interests.

Resolved, That the Secretary be instructed to furnish a copy of these resolutions to the Hon. C. F. Clapp, and that copies be furnished the local papers for publication.

Mr. T. Moore moved resolutions be adopted. Carried.

THE nomination of A. G. Frye to be district attorney has been confirmed and still Ide is in the air—with good prospects, however.

YOUNG ALFONSO, King of Spain, despite the pomp and splendor of his coronation stalks wearily among discontent and poverty.

Now that some "miscreant"(?) in the uniform of a U. S. officer has "pulled down the flag" in Cuba, and a new Republic is born, haven't we a good precedent to do likewise in the Philippines?

HANNA has succeeded in getting another trial for his Cuban postal thief Rathbone, and is seeking his exoneration. It is said the plutocratic senator secured this concession from the president through a threat of other exposures in Cuba.

EVEN Senators Spooner and Lodge have admitted that the president has exceeded his rights in appointing special ambassadors to the coronations of Edward VII and the young Alfonso, and the president is much chagrinned at the action of his chief supporters.

THE striking mine workers at Hazelton, Pa., have taken a pledge to abstain from visiting saloons and drinking intoxicants during the strike. This is an acknowledgment of the bad effects of rum. Why n t make it a life-long determination never to again drink what is admitted can do no good, and which is responsible for so much of this world's sorrow.

AN interesting loophole has been discovered in the new exclusion law. In the re-enactment of the Geary law one change provided that all Chinese be excluded, so far as same is consistent with treaty obligations. It now appears that thousands are British subjects and thousands of others can become such simply by taking the Christian oath. Treaty obligations require free admission of all British citizens into this country.

THE telegram sent to Washington to the effect that charges against Austin B. Dorsey, the appointee as receiver of the Waterville land office, seems to have been a huge bluff, sent out for the purpose of scaring off Senator Foster in his fight against ex-marshal Ide's appointment. When the "charges" reached Washington they were found to contain the awful and alarming information that Mr. Dorsey had removed to Waterville for the sole purpose of establishing a residence a few months prior to appointment. Confirmation followed.

DEMOCRAT-LEADER BUREAU,
NEWSPAPER ROW.
FROM OUR REGULAR CORRESPONDENT.
WASHINGTON, D. C., May 18, 1902.

On Monday afternoon Senator Lodge delivered his widely heralded speeeh in support of his Philippine bill and a more brilliant array of erudite platitudes and panegyrics one seldom hears. It bore every evidence of being the production of the cultured sophist. Assuming, what was not the case, that the Democrats had attacked the American army, and totally avoiding the Democratic proposition that the cruelty and abuses which had been proven to exist were inseperable from a war of conquest conducted by a superior race, he indulged in a glowing tribute to the army. Referring to the cruelties and tortures practiced, he cited similar atrocities by the Filipinos supporting by implication the theory that two wrongs make a right. Democratic charges, that the privileges and franchises of the islands were being farmed out to the favored few as a result of the policy of the administration, he passed over with an eloquent testimonial to the character of the members of the Philippine Commission. Reviewing Mr. Lodge's speech, outside of the sympathetic atmosphere created by the magnetism of the speaker, one is led to deplore the fact that so able a statesman should have been guilty of employing his exceptional talents in an effort to create partisan feeling by gross misrepresentation of the real attitude of his opponents.

On Tuesday and Wednesday Senators Beveridge and McComas, taking their cue from their leader, made speeches alleged to be in favor of the Philippine bill but apparently with the purpose of creating campaign material. Mr. Lodge tells me that he believes he will be able to dispose of his bill this month and it is understood that Cuban reciprocity will be the next subject considered by the Senate. There is still a determination by the Senate to take up the question of an isthmian canal but it is impossible to say at this date whether the determination will be fulfilled. Several appropri ation bills rewain for senatorial action with the prospects that they will carry the session into the heated term and already the members of the lower chamber are talking of adjournment.

There is reason to believe that the Naval appropriation bill, which will be considered in the House, probably immediately after the passage of the territorial bill, will precipitate a pretty fight The measure as reported contains a provision that one or more of the new ships to be constructed shall be built under the supervision of the Secretary of the Navy in one of the government navy yards and it is this provision that will occasion a wide difference of opinion in both the House and the Senate. It is generally supposed that the provision will pass the House because it is warmly espoused by the labor organizationists who believe that they would profit were the government to build its own ships. In the Senate, however, it will meet with more vigorous opposition. Senator Perkins of California is championing it because he believes the Secretary will select the Mare Island Navy Yard and that will mean not only the construction of a ship at that point but the investment of $175,000, carried by the bill, for the establishment of the necessary plant. The Democrats are inclined to favor the provision because they believe it is a blow at the trust which now constructs our navol vessels. Senators Hanna and McMillan, who are stockholders in the trust, are bitterly opposed to it. Senator Hale, chairman of the Senate committee on naval affairs, will oppose the provision on economic grounds as he does not believe the fund above mentioned would prove nearly adequate to install the necessary machinery, etc.

The appointment of Henry Clay Evans to the Consul Generalship at London is a matter of keen regret to the Republicans, although they say that they will not oppose his confirmation. Senator Burton said yesterday that he did not believe Mr. Evans deserved this recognition and that, irrespective of the facts, he believed it to be a mistake for the Republicans to honor a man who had incurred, whether justly or unjustly, the universal condemnation of the soldiers.

Last Days of Institute.

THURSDAY EVENING.

In the evening President Wilson, of Ellensburg, lectured in the Congregational church to an appreciative audience upon some Phase of Educational Progress. This is President Wilson's first visit to Angeles, but the indications are that he will not long be a stranger, as he made many friends during his short stay among us.

FRIDAY, MAY 16.

After the opening exercises and the reading of the minutes, Prof. Meredith spoke on the life and work of Newton Bateman, of Illinois, the Horace Mann of the West.

Miss Hazel Belt read a story entitled "Not In Her Line", which was well received by the Institute.

Mr. Calhain gave us an interesting talk on Southern Institutions.

After recess Prof. Meredith discussed the Relation of the Pupil to Himself. There have been many great teachers other than those who labor in the school room. Ruskin was one of these, and the Professor took the following quotation for the base of his talk: "Children should be trained to instant and totally unreasoning obedience to parents and tutors." Adults are amenable to the moral law, and must obey; they are amenable to the civil law, but may change or amend or repeal said law. Children are not amenable to the civil law in the same sense as adults, neither are they amenable to the moral law except as it is represented in parents and teachers.

AFTERNOON.

Supt. Taylor read a circular letter in regard to a memorial for the late Gov. Rogers.

Prof. Meredith continued his talk upon obedience in children. Children should be trained to obedience. This is the work of the teacher and parent, who must co-operate in attaining this result. To secure the right kind of obedience we must limit our commands to the proper, the necessary, the useful.

Mr. Fields gave us a recitation—Absolom—which was finely rendered.

Prof. Meredith resumed his talk on Literature for his final address. We get no more out of literature than there is in us. It helps us to express only what is within us. Prof. Meredith very aptly illustrated his ideas by select readings from Wordsworth, Browning, Burns, and many other favorite authors.

Miss Hazel Belt then favored the Institute with a recitation.

The committee on resolutions reported through its chairman, Samuel Treby, as follows:

RESOLVED.—1st—That it is the sense of the teachers assembled in this Thirteenth Annual Institute of Clallam County, that it has been one of the most successful institutes ever held in this county.

2nd—That in Professors Yoder and Meredith of the State, Dr. Mathes of the Whatcom Normal and Principal Wilson of the Ellensburg Normal, we have had some of the ablest educators in this state; that the instruction and lectures given at the sessions of the institute have been of the highest order that we thoroughly appreciate their work, and feel grateful to them for the interest they have shown in the teachers of Clallam county, and that on all similar occasions hereafter, we assure them a most cordial welcome.

3rd—That to County Superintendent Taylor we wish to express our appreciation and extend to him our sincere thanks for the able manner in which he has conducted this institute, and for the most excellent judgment he has shown in selecting the best instructors.

4th—That we wish to thank Miss Emma Nevins for her very excellent paper on "Word study," and Miss Hazel Belt for her recitations; also Mrs. J. Lloyd Aldwell, Miss Mabel Dick, Miss Susie Wilcox and Miss Mary Willson for their musical numbers, which added so greatly to the pleasure of the Institute.

5th—That we wish to thank the Board of Trustees of the Congregational church for the use of the church building; the Board of Education for the use of the school building and the Puget Sound Navigation Co. for reduced rates.

6th—We wish to thank Prof. Bown for the efficient manner in which he has kept the minutes of the sessions, and for the capable way in which he has conducted the musical part of the program

7th—We also thank Mr. J. C. Calhain for his very interesting talk on the South, its institutions and its people.

We also thank Mr. Will Fields for his kindness in giving such an able recitation.

SAMUEL TREBY,
HERBERT BABCOCK,
GRACE E. WILCOX.

The committee on legislation reported through its chairman, Thad Wagner, as follows:

RESOLVED: 1. That it is the sense of the teachers of Clallam County in their thirteenth annual Institute assembled, that first and second grade certificates should be successively renewed—such renewals to be subject to the approval of the County Sup't of Schools; that the language of Sec. 144, School Laws, relating to renewal of certificates be so amended that its meaning will be certain and clear.

2. That Sec. 149, Chap. 10, School Laws, be amended fixing the time of electing school directors on the first Saturday of March instead of the second Saturday of May, and the time of qualifying shall be on the first Monday of April following; and that the proviso in Chapter 6, Sec. 40, prohibiting the old board from hiring teachers, be repealed, removing all restrictions upon the old board from employing teachers at any time.

3. That it is the sense of this Institute:

1st. That the good derived from the maintenance of Union High Schools is not sufficient to justify the money expended.

2nd. That too many small communities are attempting to maintain a High School—a step in the direction of educating the "upper ten" at the expense and sacrifice of the "lower thousand."

Therefore, We favor the abolition of the law providing for the formation of Union High Schools, or such a modification of the law as will warrant their maintenance.

THAD WAGNER,

Why can't we come over to your house and play any more?

Because papa gets so mad when we make a little bit of noise.

What makes him that way?

Mamma says it's dyspepsia makes him act so crazy.

That's about the way it strikes the small boy. The dyspeptic has no idea of his own unreasonableness or harshness. Little things are magnified and seem to justify his quick anger.

There's health for the dyspeptic and happiness for the family by the use of Doctor Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and restores perfect health and strength, by enabling the perfect digestion and assimilation of food.

"I have taken one bottle of Dr. Pierce's Golden Medical Discovery for indigestion and liver complaint," writes Mr. C. M. Wilson, of Davidson College, Davidson Co., N. C. "I have had no bad spells since I commenced taking your medicine—in fact, have not been the same man. Before I took the 'Golden Medical Discovery' I could not eat anything without awful distress, but now I can eat anything I wish without having unpleasant feelings."

The high school contest given last Friday evening at the opera house under the direction of Professors Bown and Ullery was indeed a very successful affair which deserved extensive mention were we privileged to attend. All the numbers were of a high order. The judges found as follows:

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

1:30 P. M.

Board met pursuant to adjournment, all present.

To correct an error on the assessment roll for the year 1901, Board ordered County Treasurer to reduce the valuation of lots 8 and 9, block 30, N. R. Smith's subdivision, from $160.00 to $30.00 and $180.00 to $25.00 respectively.

Board granted the petition of Amanda Stange et als. for road to be known as Stange road, commencing at bridge across Pysht river at John Erickson's place, thence in southwesterly direction and ending at or near John Green's place on East Clallam-Quillayute road, distance about 1¼ miles.

Board declared the office of road superintendent of District No. 31 vacant and and appointed L. Sands superintendent of said District for unexpired term.

Board declared the office of road superintendent of District No. 11 vacant and authorized Commissioner Thompson to make appointment to fill said vacancy for unexpired term.

Board authorized Commissioner Christopher to inspect the rudder booms used on the Snohomish river for the protection of bridges, as to their practicability on the streams of Clallam county.

Board adjourned to 1:30 p. m. May 14th, to make an official inspection of lower Elwha bridge, also road under construction by McQueen & Baxter.

MAY 14TH, 1902, AT 1:30 P. M.

Board met pursuast to adjournment.

Communication from the Agricultural College at Pullman was read respecting free scholarship to the above institution for a period of one year from July 1st, 1902, and notice is hereby given to all bona fide residents of Clallam county that the Board of County Commissioners will during the July session make such appointment. All applicants to file their applications with County Auditor before July 1st, 1902.

Board ordered Auditor to issue warrant on Bridge Fund in the sum of $200 00 to McQueen & Baxter as part payment on Elwha hill contract.

Miss Lawrence, Messrs. Risley and Goodman, as a committee representing the teachers of Clallam county assembled at the annual Institute, waited upon the Board with petition for the appointment of a Board of Education in conformity with the Gunderson law of 1901. Board referred the matter back for recommendation of those desired to have appointed on said board.

Board adjourned to 8:30 a. m., May 15th.

MAY 15TH, 8:30 A. M.

Board met pursuant to adjournment.

Board authorized County Treasurer to cancel all taxes on lots 3, 4 and southeast quarter of northwest quarter of Sec. 3, Tp. 29 N. R. 3 W., prior to the year 1901, same being an error in assessment, Receiver's receipt not being issued until May, 1900.

Board adjourned to $1.30 p. m.

Board met pursuant to adjournment.

Board authorized county treasurer to reduce the assessment on Courier Printing plant to the valuation of $200.00 for the years 1899, 1900 and 1901 to correspond with other assessments on like plants

It appearing to the board that one C. A. Wood did heretofore bring an action (No. 1895) against Clallam county and its treasurer for a reduction of taxes upon lands described in said cause, and that said C. A. Wood did pay the full amount of taxes assessed against said lands, under protest; and it further appearing to the board that said amount was excessive, and that a part thereof should be remitted and for the further reason that the said county in said suit has failed to answer demurrer or file any other pleading. The board hereby orders, as a settlement of said claim, that the auditor is hereby directed to draw a warrant on current expense fund of said county in the sum of $200 00 in favor of said C. A. Wood.

Communications were read from Senators Foster and Turner, Representatives Cushman and Jones, tending their services to defeat any proposed oil reserve in Clallam county.

It appearing that an error had been made in extending the personal tax of Lloyd Aldwell for the year 1901. Board ordered county treasurer to cancel same.

Upon recommendation of the teachers of Clallam county assembled at the annual institute, board appointed the following board of education, as provided by the Gunderson law: Thad. Wagner, H. E. Risley, Chas. S. Bown and C. P. Brown.

Board authorized county auditor to call for bids for bridge across the Calawa river; said bridge to be so constructed that it can be covered. Bidders to furnish and submit their plans and specifications. Also for bids for bridges across Dungeness river and Heard creek. Specifications on file in county surveyors office. Board reserving the right to reject any and all bids.

Surveyor's report and transcript of notes with plat of Happy Valley road, was read, approved, accepted and declared a public highway.

Board authorized commissioner Christopher to expend from the general road and bridge funds the sum of $1,500 in road districts 38, 9, 54 and 26, warrants to be issued on the basis of 50 per cent. on each of the above funds.

Board ordered: that when C. C. Bradshaw and C. Singhose completed their contract on Drumb Road to the satisfaction of commissioner Gierin, and on written approval of said commissioner auditor is authorized to draw warrant on general road fund for settlement in full of said contract.

Board allowed county auditor $2.00 per day for necessary clerk here.

Petition of John Leyendecker et als. for the Outlet road beginning at quarter section post between sections 20 and 21, township 28 N. R 14 W.; thence west one-half mile; thence south one-half mile to quarter post between sections 20 and 29 of said township and range, was read. Petition granted and bond approved.

Board examined claims for bridge work and approved same on the bridge fund as follows:

Bridge at Lost Mountain—George M. Hart, $150.

Groveland bridge—C. M. Thompson, $2; Thos. Herrington, $2.

Burlingame bridge—Iver Olson, $5; John Knutsen, $2.

Board allowed the following claims on the general road fund, viz:

Whooping Cough.

A woman who has had experience with this disease, tells how to prevent any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use this remedy. Our oldest little girl would call lustily for cough syrup between whoops.—JESSIE PINKEY HALL, Springville, Ala. This remedy if for sale by all druggists.

A WORTHY SUCCESSOR

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARR CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

Probate No. 222.

ORDER TO SHOW CAUSE WHY THE REAL ESTATE OF THE DECEASED SHOULD NOT BE SOLD.

In the Superior Court of the State of Washington, for Clallam County.
In the Matter of the Estate of Hiram D. Bowman, Deceased.

James Stewart, the administrator of the estate of Hiram D. Bowman, deceased, having filed herein his petition praying for an order of sale of all the real estate of said deceased, or so much thereof as may be necessary to pay the debts of said estate for the purposes therein set forth, it is therefore hereby ordered by said Court that all persons interested in the estate of said deceased appear before the Superior Court on Saturday, the 24th day of May, 1902, at the hour of ten o'clock in the forenoon of said day, at the court room of said Superior Court, in the City of Port Angeles, said Clallam County, to show cause why an order should not be granted to said administrator to sell all of the real estate of the deceased or so much thereof as may be necessary to pay the debts of the estate, and that a copy of this order be published once a week for four successive weeks in the Democrat-Leader, a newspaper printed and published in said Clallam County.

A little more vigilance on the part of the authorities would do no harm.

CROSBY-PENDLETON NUPTIALS

Solemenized at Everett Tuesday in the Presence of About 35 Relatives.

A very pretty wedding took place Tuesday noon at Everett at which a former Angelesite was united in marriage to one of Everett's most popular and beloved young ladies, the principals being Mr. Leonard L. Crosby and Miss Laura Almeda Pendleton Miss Dorcas Clark attended the bride, while Mr. B. J. Rucker did honors as best man. Rev. R. B. Hassler of the Congregational church officiated. Following the ceremony the bride's pretty little neices, Miss Sheridan and Miss Pendleton, served the assembled guests with a dainty and delicious wedding breakfast. The happy young couple then took the afternoon train for a six weeks' trip east. They will make their home in Everett.

Mr. Crosby is too well known in Port Angeles to need any bouquets in these columns. His success in his new home is well earned by hard work and in his last success his many friends here have doubly cause to congratulate him, as the lady of his choice is truly a queen among women, whom to know is to love.

CAST UPON THE WATERS

The Last Request of Col. Coolican is Carried Out by the Local Knights.

The opera house was crowded last Sunday afternoon in response to the local K. of P. invitation to the public to attend the funeral services over the remains of the late Jas. S. Coolican.

The services opened with Chopin's funeral march by Mrs. H. M. Coburn, followed by the ritualistic funeral services of the K. of P., and "My God, My Father, While I Stray," solo by Mrs. Lloyd Aldwell.

Judge Geo. C. Hatch then gave an eloquent address setting forth the virtues of the deceased and his great love of Port Angeles.

Mrs. Aldwell again sang, "He Giveth His Beloved Sleep," and the Knights closed the short services from the ritual.

The ashes of deceased which were sent by express and should have been here in time for the Sunday services did not arrive until Monday and on Tuesday the members of the order with Mrs. Coolican and a few close friends boarded the tug Katy and cast into the waters of the bay the dust of him who but a few short weeks ago was seemingly hale and hearty. At request of Mrs. Coolican the remains were sent to the bottom intact, she being loth to see them thrown to the winds.

Saturday's Ball Game.

The base ball game Saturday afternoon despite the rain of the morning proved a very interesting affair though the local team got worsted to the tune of 9 to 2. There was a good attendance and all seemed intensely interesting. A return game will be played soon.

After the game the visitors were royally entertained until their departure on the Majestic in the evening.

COUNTY NEWS

Clallam Bay Record.

Peter McNally is putting up the signal tower for the weather bureau back of the telegraph office.

James Donaldson and sister, recent arrivals from California, have moved into the old postoffice building.

George Welch and Wallace Tuttle of Port Crescent secured unsurveyed homesteads near Beaver this week.

F. C. Dixon, special agent of the U. S. land office, arrived here on Friday and went out to Quillayute. He will investigate the proposed oil reserve among other matters.

We understand the Fairholm postoffice has been discontinued. Heretofore there have been the Fairholme and Piedmont postoffices at Lake Crescent; now the Piedmont office will be the only one at the lakes. The patrons of the office have got up a petition to have their mail days changed from Tuesday, Thursday and Saturday to Monday, Wednesday and Friday so as to connect with the mail steamer Gertrude.

The schooner Sophia Johnson from Port Angeles has landed a cargo of material and supplies on Tatoosh island for the new weather bureau building. The contractors, Messrs. Land and Morse hired a lot of Indians and canoes and had the whole cargo rafted from the schooner to the island. It was a risky piece of work but nothing was lost. Everything was unloaded last Tuesday. A crew of men are now at work putting up the building.

Quillayute.

The weather for the past week has been pleasant with occasional showers and grass is growing rapidly; hardly enough sunshine, yet we cannot complain. Potatoes and garden planting is almost done.

Sheep shearing has commenced and we learn that Mr. Elsner is in ahead.

Mr. M. Scott, of the LaPush oil fields is heard from and is expected in soon to again commence work. Jas. F. Clark is still in charge of the works but hopes soon to pay a visit to his numerous friends.

Your correspondent would like to offer a subject for debate: Which would be the best for Clallam county; to have the lands held two or three years for oil or have them go into the hands of the hands of the timber combine?

Special agent Dixon has spent several days this week in looking over the land in this vicinity that has been reported by the oil stock sharks to be a barren waste fit for nothing but the oil industry. The people of this county are perfectly willing that this fraud should be investigated for the sooner this is done the sooner this unreasonable demand for an oil reserve, where there is no oil, will be turned down. An honest investigation and an honest report can do an injustice to no one and that is all that the people of this community and county desire.

WEEKLY CROP BULLETIN.

A Brief Summary of the Condition of Crops in All Parts of the State.

SEATTLE, WASH., May 20, 1902.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section for the week ending May 20th.

After the first two days, the weather became quite cool for the season. In the eastern section showers were frequent and copius, while in the western section there was too much rain. It fell on every day of the week except the last.

The correspondents of the eastern counties report that all crops are making satisfactory progress. Wheat has stooled out well and rooted strongly. In some localities fall wheat is six to eighteen inches high, and in some places it is "in the boot." Alfalfa is about six inches high and growing finely. In Lincoln and Adams counties, where there was most injury to winter wheat by freezing, that which was not resowed will probably be half a crop; that resowed will be considerably better. In general, the prospects for wheat crop is excellent.

Early fruits have gone out of bloom, and apples are coming into bloom. Gardens are backward.

In the western section it was too wet and cool for rapid growth of anything except grass and clover. On the uplands potatoes have grown fairly well. Potato planting is not entirely finished on lowlands. The fruit outlook, which has been very promising, is no longer so good. Prunes, cherries and pears have been dropping badly. The injury is ascribed to the cold rains.
