STREET WORK.

Council's Stronghold Still Along This Line—Committee Gets Warm.

The city council met in regular session Wednesday with all members except Mr. Gould, who is east on a vacation, present. Considerable routine business was transacted.

One of the interesting events of the evenings work was the manifestation of a rupture between the street committee and the street commissioner, the former citing several instances wherein work of latter has to be done over, among these being the 2nd and 3rd items named below.

The street committee reported at length recommending, 1st, that walk on Valley street, near 10th be rebuilt at cost of $17; 2d, that culvert at 2nd and Lincoln sts, be floored and hill taken down at $20; 3d, that slide on First street be removed at cost of $8; 4th, that $15 be expended on Race street; 5th, that B st. North of 11th be slabbed and covered at cost of 10; 6th, that proposition to fix 4th street, East of Race, according to plan of Mr. Smith, would cost $285; 7th, that on 16th inst. road recently constructed by Messrs. Wiee and Fisher, was inspected, accepted and thrown open to public; 8th, asking further time to report on other work referred.

All amounts were allowed except for Third ward, which it was decided was more than money now in treasury would stand. This brought Mr. Smith to his feet with the sarcastic remark, "of course there is no money for Third ward, because the other gentlemen want it. Last year the ward got $27 and from looks of things this year would not get as much."

He moved that $200 be expended on this street and Mr. Miller seconded the motion. Mr. Lauridsen moved to amend; that matter be referred back for further report, with a view of giving temporary relief. Motion carried.

Peter Chambers was given use of city scraper for a few days.

A communication was read from T. J. Murphy, asking privilege of removing surface clay from hill in alley at rear of opera house for commercial products. Referred to street committee for report.

Petition of G. Eckley for privile e of placing a narrow counter on walk for sale of goods on July 4th. was referred to street committee with power to act.

F. G. Degenfelt asked alley in rear of his property opened to public. Marshal was required to act.

Mr. Hallahan moved that the city attorney be directed to request water company in writing to extend its mains into Fourth ward.

This brought up the old question as to whether a request of this kind would not be equivalent to giving them the right, which the mayor thought detrimental.

The motion carried, Mr. Smith voting no.

Placing of piling in front of lot 5, tide land west of Laurel, referred to committee to act.

Judge Cochran, through Mr. Smith, asked privilege of erecting crossing over Laurel street at alley between Front and First streets and across alley. The mayor thought this one thing that should not be granted, and suggested matter be referred to street committee. Mr. Grubb moved that crossing over alley be allowed. Carried. Question of other crossing referred.

Bridge in Gulch road was referred to committee for report.

The marshal was directed to enforce cattle ordinance restricting cattle running at large at night.

Mr. Lauridsen stated that much was heard these days of parties endeavoring to secure the "spit." He thought the city should not allow any private corporation to secure control of this valuable concession. The city should have it for inducements to manufacturers, and moved that matter be referred to the mayor and city attorney to take steps to secure lease of spit, and to prevent securing of such rights by private parties.

Wants Location for Pottery.

An eastern man who does not wish his name mentioned at this time was a visitor here this week and to prominent business men made known the fact that he was looking for a location for the establishment of a pottery on the coast. The advantages of Port Angeles were pointed out and the gentleman has the matter under consideration. He is connected with a large well-known eastern pottery.

Sequim.

Special to THE DEMOCRAT-LEADER.

Judge Hatch and family were recent visitors to Sequim.

Miss Jessie Wright returned home from Whatcom last Thursday.

Mr. Chas. Fitzgerald has sold his interest in the shingle mill at the head of Washington Harbor to Chas. Scherer.

The many friends of Henry Knapman are pleased to see him around again; he has been laid up for several days with asthma.

Mr. Henry Wright has been called here from Eastern Washington by the serious illness of his mother. Mrs. Wright is a lady of advanced age and as a consequence of which her illness may terminate fatally.

Mr. Blake who purchased the Dick Irwin place has a force of men at work erecting a barn. When completed it will be one of the most commodious and up-to-date barns in this end of the county. Mr. Blake contemplates going into the dairy business on an extensive scale and intends to be thoroughly equipped before starting.

Mr. James Sherrard one of our old pioneers of this county has recently sold his home on Forest Grove Avenue to a Mr. Cook, brother of Mr. Willis Cook, who purchased the Haworth place some time ago. This makes three new arrivals from the same part of the east. Mr. Willis Cook, prior to locating here has travelled all over California and this State but considered Sequim the most desirable place from every point of view for a permanent residence.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. GLORIOUS FOURTH

Sub-Committees Are Appointed and Are Urged to Get to Work.

The executive committeee of the Fourth of July celebration met at Morse's office Wednesday afternoon. A letter was read by Secretary White from Mr. R. T. Williams, of Victoria, in which he promised to do all in his power to assist the committee to make the celebration a success. He also enclosed a check for $10, as his contribution to the expenses of the celebration. A vote of thanks was extended to Mr. Williams for his voluntary contribution and his kindly expressions.

The committee then took the matter of selecting the different sub-committees, with the following result:

Committee on Program—W. E. Burnside, C. S Stakemiller, D. W. Morse.

Finance—J. I. Kirschberg, W. J. Dyke, D. W. Morse.

Sports—Ed Eliott, Jack Reay, T. T. Aldwell.

Music—Sidney Bradley, Roy McClinton, Ed. Shields.

Advertising—C. D. Ulmer, sr., A. J. Cosser, B. T. Smith.

Transportation—Horace White, Oscar Morse, F. P. Fisher.

Decorations—W. S. Caldwell, W. C. Ellsworth, Lemuel Pope.

These sub committees will meet Monday at 8 o'clock at D. W. Morse's office, and it is most earnestly urged that every member be present. The time for work is short and unless the committeemen take hold and act promptly the celebration will have to be called off. Mr. Williams writes from Victoria that 2,000 people will come over the Fourth, and this alone guarantees a successful celebration. It now depends entirely on the committeemen whether Port Angeles gets up a celebration that will be a credit and maintain the reputation she has gained in the past on like occasions.

WEEKLY CROP BULLETIN.

A Brief Summary of the Condition of Crops in All Parts of the State.

SEATTLE, Wash, June 17, 1902.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section, Week Ending June 16, 1902.

The week was one of cool nights and moderately warm days, with fresh, drying winds. The weather, according to all reports, was favorable for crops in general, although growth was not rapid. There has been no rain for about eight to ten days, and in some localities it is getting pretty dry. Although rain is not immediately needed, it is feared that hot, dry winds from the north would at this time cause great damage in the eastern counties.

Fall wheat is generally headed, and is in bloom in some early localities. Cool weather is very favorable for the wheat in bloom, and it is desirable that it should prevail throughout the filling season. The spring wheat is well rooted and stooling well. That on summer fallow is better than on fall plowed land. That touched by the late frost is recovering. Oats are reported to be very thrifty. Corn has been improved in color by the sunshiny weather.

Potatoes are doing finely, and those planted in good season are in bloom. The sugar beets of Spokane county and garden vegetables are flourishing. Considerable hay making has been done in the southern counties, the weather having been ideal for haying. The dry, sunny weather tends to make the strawberry season a short one.

Life.

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist; for to live implies more than to be. To live is to be well and strong—to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them—to feel life bounding in the veins. A medicine that has made thousands of people, men and women, well and strong, has accomplished a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should not fail to take it. It builds up the whole system, changes existence into life, and makes life more abounding. We are glad to say these words in its favor to the readers of our columns.

New Industry Under Way.

At the last council meeting a petition was presented praying for the right to remove from the hill in the alley at the rear of the opera house block the knolls and surface clay for the purpose of manufacturing same into a commercial product, namely, brick and tile.

The petition was signed by Attorney T. J. Murphy and it is understood he is backed by prominent experienced tile men with means.

Already they have secured a lease from the county of its three lots in block 16 near First and Lincoln streets for a period of three years, paying therefor $36.00 per annum. They have also received from the owners of the other lots in the block the right to remove the clay needed and now desire of the council rights in the alley, which will doubtless be granted at the next session.

Remember you will be welcome and after taking in the grand sights around the historic town of Lapush you will be feasted with hi-yu muck-a-muck; treated to music, dancing, baseball, horseracing, foot racing, etc., but the interesting part of the program will be the Indian dances, consisting of the war dance and bear dance and others. All will be free. Come and see how the Indians can entertain. You will not be disappointed.

WHAT a farce it seems when one reads the periodical orders of the council to the marshal to enforce certain ordinances. What are the ordinances on the book for? To be enforced only when the council orders one or the othter of them recognized? We regret to say that the marshalship of late years has drifted into simply a night watch for the business houses and a "supe" for steamboats.

WHAT ABSOLUTE ROT!

THE Banker's Magazine says there are in the United States Treasury almost $500,000,000 in in silver—when dollars, subsidiary coin and bullion be taken into consideration,—and then the magazine solemnly declares that "if the government were to turn all of this silver into gold it would cost $300,000,000 so to do."

What a pity!

Suppose Uncle Sam was called on to turn the more than one billion of paper money now outstanding into gold,—in the name of God what would it cost?

Isn't it the most remarkable thing in the world that these editors of "gold standard magazines" should periodically make such solemn asses of themselves as to ask such a question as propounded in the first part of this article?—Times.

THE men who essay party leadership under the Republican banner will have no easy task to steer the political ship into a safe harbor, and for that reason will need all the wisdom and sense at their command. They should be men capable of comprehending the entire situation, and mastering all the details of the engagement, and as they approach the time of active conflict should be free from other harassing cares or business anxieties, for vast interests are involved and equally keen brains are sure to be engaged upon the other side.—Washingtonian.

WM. BISHOP of Jefferson County has written a very outspoken letter to a local organ of his party announcing in a frank and open manner his candidacy for the joint senatorship to succeed Senator Clapp. The DEMOCRAT-LEADER commends this method as against the slate skullduggery wherein the voter is given no choice in the selection of candidates, but for party harmony is expected to support any old thing the slate-makers may name.

Dr. Pierce's GOLDEN MEDICAL DISCOVERY Restores LOST FLESH AND STRENGTH

"I was a total wreck—could not sleep or eat," writes Mr. J. C. Beers, of Berryman, Crawford Co., Mo. "For two years I tried medicine from doctors but received very little benefit. I lost flesh and strength, was not able to do a good day's work. I commenced taking Dr. Pierce's Golden Medical Discovery, and when I had taken one bottle I could sleep and my appetite was wonderfully improved. I have taken five bottles and am still improving."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore, accept no substitute for "Golden Medical Discovery."

The imperialists in congress show a disposition to admit the evidence of any Filipino who will make a good talk for the salary he is drawing under the Taft commission.

The indications are that Senor Buencamino's friendship for the administration is based upon the same foundation as Mr. McLaurin's. Their salaries are about the same.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

The Rev. Hill, the visiting minister from Dakotah, has been called to the pastorate of the Congregationsl church of this city and has accepted. The Ladies' Aid of the Congregational church spent a pleasant afternoon Wednesday at the the beautiful country home of their sister worker, Mrs. J. B. Cosser, east of the city. The day was perfect and the fragrance of the woods and fields refreshing, and all were much pleased with the outing. Delicious strawberries and sure-'nuff cream, with cake and other good things were served. There was a big attendance, about twenty of the ladies participating. No business was transacted at this gathering, the day being given up to pleasure, which was had in abundance.

The Maccabee memorial services held in the First Congregational church last Sunday were solemn and impressive. Mrs. Coburn played "Misere"—Travatore, which was followed by a beautiful solo, "O, Rest in the Lord," (Elijah) by Mrs. J. Lloyd Aldwell. Prayer was then offered. Mrs. Aldwell then sang with sympathy and effect, "God Shall Wipe Away All Tears"—Light of the World. After scripture reading the Rev. T. H. Hill gave a brief and appropriate address, the central thought of which was "Believe in God; Believe also in Me—Jesus." Sweet indeed is the belief of a Heaven where sin and sorrow and suffering is no more—and the blessed hope of the Christian assuages every grief; is full compensation of every affliction; is a balm for every pain. People owe it to God to believe in Him more and more firmly with every trial. That sweet, touching solo, "O, Where is Heaven"—Marti, was sang with that true sympathy, genuine feeling and natural expression that won for the singer, Mrs. Aldwell, the heart and love of a Port Angeles audience. The congregation was noticeably moved by the sweet pathos brought out by the talented singer. The benediction was then pronounced.
