New Monitor Top, Model X-4 for small homes and apartments — *New G-E Monitor Top universally recognized as the standard of excellence* — *New G-E Flatop. The aristocrat of modern cabinet styling* — *New G-E Liftop. Only $4 down, $4 a month. Sealed-in-steel mechanism*

Showing of New 1935 G-E Refrigerators

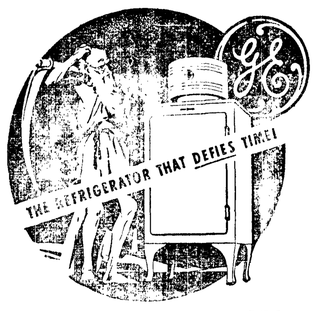
All with "ageless" sealed-in-steel mechanism—All with 5 Years Performance Protection

THE NEW 1935 G-E refrigerators are on display this week—a dozen models to select from—*any style! any size! any price!* All three types of refrigerators are here to see and to compare . . . Monitor Top, Flatop and Liftop models. Beautifully styled . . . equipped with all the modern convenience features . . and, most important, all powered with the "ageless" General Electric sealed-in-steel mechanism that carries 5 years performance protection for only $1 a year.

Performance Year after Year is what Counts

Look to the mechanism first . . . that's what determines how long and how well a refrigerator will serve you.

Today, hundreds of thousands of G-E sealed-in-steel mechanisms are as good as the day they were bought five, six and seven years ago. In "hot spots" all over the world . . . where temperatures stand at 100° to 120° for weeks at a time . . . this matchless mechanism performs unfalteringly year after year.



THE FAMOUS GENERAL ELECTRIC MECHANISM is hermetically sealed within walls of ageless steel—requiring no attention, not even oiling.

It is the only refrigerator mechanism with forced feed lubrication. Every minute 3 quarts of oil are automatically forced through the mechanism under 6 to 8 lbs. pressure.

The G-E mechanism shows from 15% to 50% lower operating cost in actual tests with many open type mechanisms.

You pay no penalty in price for General Electric performance

The only refrigerators with Stainless Steel Super-Freezer

General Electric offers the only open, completely sanitary super-freezer of stainless steel that cannot chip or tarnish. It freezes more ice faster and provides generous, convenient space for ice cubes, frozen foods and storage at temperatures below freezing.

All-Steel Cabinets

Stainless porcelain interiors and gleaming white porcelain or Glyptal-baked enamel exteriors.

SLIDING SHELVES that slip forward at the touch of a finger, bringing all food in plain sight and easy reach.

AUTOMATIC INTERIOR LIGHTING

FOOT-PEDAL DOOR OPENER

LARGE VEGETABLE DRAWER for keeping fruits, vegetables and green stuffs fresh for days.

TEMPERATURE CONTROL for fast or slow freezing and economical operation.
