COMMITTEES GET TO WORK.

Complete Outline of Program For Next Week's Celebration of Independence Day.

The several committees on the Fourth of July celebration met as per call at D. W. Morse's office at 8 p. m. Monday evening. In the absence of Chairman Griggs, Mayor Bradley was elected to act as temporary chairman.

Chairman Kirschberg of the finance committee reported that $202 had been subscribed and that there was about $250 in sight when all parties had been seen.

Mr. Eliott, as chairman of the committee on sports reported that as the amount to be devoted to that feature had not been named it would be at present impossible to outline any program, but that he was ready to do everything to make the celebration a success.

Mr. Sidney Bradley, in behalf of the music committee stated that the matter would have to lay over for a day or two until he could canvas the situation.

The report of the advertising committee called out a lengthy discussion. Mr. Cosser and Mr. Smith stated that an appropriation should be made at once so that the committee could get out the necessary advertising matter without delay. On motion of Mr. Burnside the committee was allowed $30.00 with the understanding that it was to be divided equally among the three newspapers of the city.

Mr. White reported for the transportation committee that negotiations were in progress to secure the City of Nanaimo to run between here and Victoria.

Mr. Ellsworth represented the decoration committee and stated that he was ready to do his share of the work. Secretary White reported that Messrs. Caldwell and Pope had given notice that they could not serve on the committee, and Messrs. Farrer, Muskett and Murphy were elected members of that committee.

On motion the committee on sports was allowed $125.00, the same to cover all sports.

Messr. Murphy, Burnside and Cosser were appointed a committee to secure opera house on the Fourth.

The city councilmen were named as a committee on comfort.

Mr. Roy McClinton was named committee of one to secure an orator for the day.

The committee on program was requested to report as soon as possible in order that the printers could get out the advertising posters.

Adjourned to meet Wednesday evening at 8 p. m., at Morse's office.

Wednesday's meeting was fairly well attended though not so well as it should have been and everything was brought up to date with a definite plan being provised, with the exception of the steamer from Victoria. This it is thought, however, will be satisfactorily settled very shortly, if not before this appears in print. Mr. Peabody has visited Victoria to personally endeavor to secure a good boat to run on the Fourth between that city and Port Angeles.

The sports committees have things well in hand and are now busily engaged in getting First street in shape for the races. They reported communications from Sequim and Dungeness to effect that the people there were anxious to enter the horse and bicycle races if good races would be arranged for.

ASSESSMENT ORDINANCE.

City Attorney is Directed to Draft and Present a General Act for Improvement Purposes.

Wednesday's council meeting was attended by all members in the city. In the absence of clerk Smith, deputy Penniman acted as clerk. Little business of importance outside of street work, and the continuing of negotiations for the control of the spit by the city was transacted.

The marshal reported that alley between 9th and 10th streets, referred to him, was obstructed. No action had been taken to have same removed and council for some reason did not favor ordering the marshal to proceed. The marshal also reported that he was unable at present to give his attention to cattle running at large at night, but would do so "when opportunity offered."

Mayor Bradley read a communication from Capt. W. C. Langtitt, of the Light House Department, at Portland, received in answer to a letter written by the special committee asking for information regarding the securing of spit by private parties, and protesting against such a proposition before city was heard in the matter. The captain stated that to his knowledge no such steps had yet been taken, but in the event of any action being commenced the city would be given a hearing. The matter was left in the hands of the committee to take such action as future events might prove wise, looking to the securing of such concessions to the city.

Request of 4th of July committee that an appropriation be made to take up crossings and repair First street in front of Central School for horse and bicycle races, was granted and $15 allowed; all requests for stand privileges on July 4th will also be left to the wisdom of the celebration committee.

Bills allowed:

Fire Dept. Allen fire.....$36 00
St. com. and men, st work..... 93 65

Report of street committee was adopted as follows:

1st. That 2,000 feet of 2 in. plank be hauled onto Valley street extention to replace plank as worn, and old pieces be saved for minor repairs.

2nd. That $15 be allowed to repair gulch road bridge with new uprights and other necessary repairs.

3d. That committee be given power to expend the sum of $10.00 in removing sandbar at outlet of Lincoln street sewer to enable committee to make thorough investigation and report as to most practical way to repair break in said sewer.

4th. That Judge Cochran be allowed to construct a walk across Laurel street from McIvor & Swanson's blacksmith shop, instead of from south side of alley as per request.

5th. That instead of wasting money in repair of walk, that 5000 feet of lumber and necessary nails be allowed to enable residents of Pine Hill to rebuild walk on Pine street between 8th and 11th streets.

The committee also recommended that petition of T. J. Murphy for permission to remove clay from hill in alley in blk 16 be granted. After considerable unnecessary discussion the matter was laid over for one week to allow councilmen to inspect said hill.

Mr. Smith here arose to complain that the report on work in 3d ward was conspicuous by its absence, and sarcastically asked if the committee knew the 3d ward was in the city limits. The committee assured the gentlemen that they were still considering matter of repairs in his ward.

Mr. Miller raised a storm of protests by moving the adoption of a resolution empowering individual councilmen to order repairs in their respective wards to extent of $5 when found necessary without consulting council, provided, such action is promptly reported to council. He finally had a motion carried giving councilmen the privilege of ordering work with consent of street committee. The committee heretofore has had this power, granted by the general statute.

City attorney Stewart was directed to present general assessment district ordinance referred to him some time since; and property owners were ordered notified to put sidewalks on Front street between Lincoln and Oak in good repair.

Mr. Bowman reported that Mr. Crozier held property in his possession belonging to the late Arthur Sinclair, and desired to know what disposition to make of same. He was directed to file list with clerk to await claimants.

WEEKLY CROP BULLETIN.

A Brief Summary of the Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section, Week ending June 23, 1902.

With the exception of general showers on the first day of the week, the 17th, the week was dry, there were, however, light showers in Spokane county on the 18th and 19th. The first day of the week was cool, but the temperature rose steadily, with a hot and dry north to east winds, so that on the 20th shade temperatures of 80 to 86 degrees were reached over the western section.

The weather was fine for haying, and the first cutting of alfalfa was finished. The drying winds were unfavorable for wheat, and it has been hurt considerably, except in Spokane county. Had wheat been more advanced and in the filling stage, great damage might have resulted.

With the change to cooler and showery weather, the danger is over, at least for a time. Potatoes, in the western section, have been injured by the dry spell and heat, and oats on clay land are at a standstill. Corn, and the vegetables that require considerable summer heat, have been improved. Cherries are beginning to ripen, and, with slight exception, the crop is light. The strawberry season is now over in the southern counties.

THE excuse given for the failure to act on Cuban reciprocity is that the new minister cannot negotiate a treaty.

IF the discussion of the house rules continues a while longer we will begin to realize why the ex-speaker was called Czar Reed.

CAPT. CLARK'S Port Angeles friends will join in the congratulations of his jump to rear admiral. The captain has earned this reward.

The ease with which the operators get "scabs" to risk their lives in taking the places of the strikers does not suggest "unprecedented prosperity" even though conditions seem better than a few years back.

THE Portland Oregonian says President Roosevelt is the Grover Cleveland of the Republican party. This is a hard shot from a supposed friendly Republican paper in that Cleveland was denounced as a traitor and repudiated by an overwhelming majority of his former associates.

WHY not make Senator Turner an issue this fall. He is by far the greatest and brainiest man we have ever sent to Washington and the people, irrespective of party, should wish him retained? He knows no section to the detriment of another if he is a Spokane man, and Eastern Washington is entitled to the senator anyway.

THE senate has passed the Spooner amendment directing the President to acquire and proceed with the construction of an inter-ocean canal by the Panama route, if no legal or political obstacles are encountered. The house will probably adopt the plan before adjournment.

Now if the administration will use due diligence in getting to work the friends of the Nicaragua route will heartily fall in and approve the scheme. They supported the Nicaragua route because it was open to begin work, unrestricted; and looked upon the Panama scheme only as a motion for delay. Now that the bill is passed with very little opposition and outside the pale of politics all the people will ask is that the work of construction be immediatelycomme ced,as soon as it can be ascertained that there are no serious obstacles in the way.

The Panama being much the shorter route has one big point in its favor, and should not cost as much as that of Nicaragua if the work of the Panama canal company is worth half what it has cost.

TERRITORIES may be admitted into the Union as soon as their population and condition justify it. The Philippines have one of the two qualifications. They have the population. At the lowest estimate they have 8,000,000 people; how many states would that make in the American Union equal to the populauion of Nevada, which at the last election cast only about 9,000 votes and at the presidential election 11,500? It almost paralyzes one to think of the number of almond-eyed, brown-skinned Mohammedan and Buddhist Senators and Congressmen who would wend their way to Washington every session. Wouldn't it be nice to have our laws rescinded and new ones enacted from an Oriental point of view. Let us divide the Philippines into 700 states, one for each island, have Senators and representatives elected and sent over here to govern us as we seem incapable of governing them.

IT would be a vast relief to the old-line Democrats if Mr. Bryan could see his way clear to joining the prohibitionists or the populists. —P. I.

Doubtless. But it wouldn't be such t relief if Bryan and his followers should desert to the ranks of the enemy lfke these old-timers did in 1896. They woule look ridiculous in their smallness.

THE Democratic State Central Committee convened at Seattle Wednesday and fixed September 15th., as the date of the State convention, which will probably be held at Tacoma. The apportionment is made on Bryan electors, three at large for county and one for each 100 votes. According to this Clallam will have seven delegates. Dr. Lewis was in attendance.

Court House Notes.

Mr. and Mrs. Ed. Will, John Potter, Mrs. W. Woodin, Mrs. Hart, J. W. Grant, Chris. Miller and others were visitors here the early part of the week in attendance at the trial of Allen G. Crocker for contempt. The proceeding came about through the failure of Crocker to pay $100 costs in a divorce case brought by Mrs. Crocker last year. The judge found the man guilty of contempt and remanded him to jail until amount was paid. The defendant promptly paid the costs. The trial for divorce then proceeded and a decree entered against defendant.

Jas. Dunsmuir and Henry Creft have begun an action against Mrs. Charles Perret, formerly Mrs. R. Croft to quiet title to certain property of R. Croft, deceased.

Benton Embree, of Seattle, is in the city on court business.

Judge Joiner arrived today and is hearing a motion by attorneys Trumbull for a new trial in the Riley perjury case.

LATER—Mrs. Riley has been refused a new trial and has been sentenced to five years in the penitentiary. She is out on same bond pending appeal.

Folcus Eastman has begun an action through his attorneys, McClinton & McClinton, for a divorce from his wife Mary.

At a meeting of the fire department held Tuesday evening it was ordered that hereafter after a general alarm is turned in that the gong be sounded to designate in which ward fire is located, as follows: one gong for First ward, two for Second, three for Third, four for Fourth, five for Fifth, and six for Sixth. "I wrote to Doctor Pierce, who sent me a very kind letter and advised me."

Thousands of weak and sick women can trace the beginning of a new life of perfect health to that letter written to Dr. Pierce.

Sick and ailing women are invited to consult Dr. Pierce, by letter, *free*. All correspondence held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription cures weak and aching backs, headaches, nervousness and other womanly ailments by curing the womanly diseases which cause them.

"In the spring of 1900 I became very ill," writes Mrs. Alviena Scholtz, of Lake Washington, Lesueur Co., Minn., "my back was very weak and ached so that I could do no work at all, so I was obliged to take to my bed. I felt a constant desire to urinate and the pains in abdomen were almost unbearable. I wrote to Dr. Pierce, who sent me a very kind letter, and advised me to take his 'Favorite Prescription' and 'Golden Medical Discovery.' I took six bottles of each and am a well woman now. I cannot say enough in favor of Dr. Pierce's medicines."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.

COMMONER SAYINGS.

Mr. Rathbone goes free, and the pillars of the republican temple are still there.

The true test of democracy is loyalty to principle, not eagerneas for the spoils of office.

Mr. Quay of Pennsylvania has again met in state convention, drafted a platform and nominated a state ticket.

It seems that the court of claims safety net was spread under the South Carolinian just in time.

A negro school in Illinois has been destroyed and the teachers and students forced to flee. In Illinois!

Amos Cummings left an estate valued at less than $1,500. But he left something better than money.

Mr. Roosevelt still insists that publicity is the best way to curb the trusts. Linotype shackles are something new.

From a democratic standpoint there is something wrong with the democratic platform that meets with the approbation of republican politicians.

The Chicago Tribune asserts that criminal proceedings were not brought ggainst the trust because the evidence was not strong enough. The Tribune always maintains a good humorous department.

If democrats who are true to democratic principles will do their duty the next national democratic convention will not need to waste time in providing thumb-mark experts to pass on the loyalty of men who claim to be democrats.

The republicans have decided not to push the Fowler bill until after the election. This is not just what was expected. They dare not pass such a bill now. They will wait until December and rush it through during the short session.

When Americans celebrate the Fourth of July in Manila they must be careful not to read the Declaration of Independence. It is a crime to read the Declaration in some parts of the territory under the jurisdiction of the United States.

Hill and Cleveland are to attend a harmony meeting in New York. Why should it seem necessary to harmonize Mr. Hill and Mr. Cleveland? They have always been in harmony whenever the interests of Wall street demanded harmony. Why should Cleveland be invited to a democratic meeting. Until he expresses an intention to return to the democratic party there is no reason why he should be invited to speak before democrats.

The Chicago Record-Herald says: "Kill all rivals, rob the public, is the rule of all these trusts, and they are making a mock of the cry of prosperity. A prosperity which is itself in a large part a monopoly of monopolies is hardly calculated to arouse popular enthusiasm." The Record-Herald will do well to have a care lest it be arraigned on the charge of treason.

Through the absence of the regular knot sawyer at the Goodwin mill, Will Ellis is now laid up with two very sore fingers. Mr. Ellis has been driving the team for the mill company, but rather than see the mill shut down jumped into the breech, taking the knee-bolters position while the latter took that of the knot sawyer. Ellis was at work about an hour when he carelessly undertook to remove a splinter with his left hand and caught it in the buzzer, fortunately only taking several big chunks of flesh out.

The base ball boys met a Waterloo at Everett Tuesday and have found out tha they cannot stay up all night and play ball on the morrow. Everett's team has several professional league players under salary, and they were much pleased with the expert playing of the boys from this city. They confess the score might have easily been different. The following is the score by innings:

Pioneers Gone.

Last Saturday, at 10:30, Arthur Sinclair died of dropsy at the home of Fred Crozier and Fred Grant, after an illness of some years. The funeral was held Sunday morning at nine o'clock from the Pine Hill church, the Rev. Doyle officiating.

Deceased was an old-timer in Clallam, having first settled here in the early 50's. He resided at Sequim and first took up the Brown ranch at that place. Later he went to New Zealand as a captain for one of the ships of his nephew's fleet, and upon arrival was told he was a little older than expected. This riled the independent spirit and he left to visit another relative in Australia and about 12 years ago returned to Port Angeles, bought a piece of land and has lived here since. Some few years ago he became absolutely helpless and was taken in the home of Messrs. Grant and Crozier where he has since been well taken care of. Deceased was close on to 100 years of age and has been as helpless as a baby for some time past.

Messrs. Grant and Crozier are very much pleased with the manner in which the members and astor of the Pine Hill church took up the case and gave the man a decent Christian burial. They lugged the swollen body up the steep bank and completely covered the casket with flowers, giving the remains as good a burial as becomes the most civilized nation.

Deceased has been a charge of the city for some years past and the two lots he leaves will probably go to reimburse the treasury.

At 8 o'clock Tuesday evening John R. Bull dropped dead suddenly, presumably of heart disease, at his home on 4th street east. He had been ailing for some time and was unable to support his family for many months past. The funeral services were held yesterday. Deceased was 72 years of age and leaves a wife and three small children to mourn him. He came to Port Angeles in the late 80's with the colony gathering and has since been a resident of this city, marrying here shortly after his arrival.

Fred Lease, sr., fell from a scow in Seattle harbor yesterday and was drowned. He was helping load the scow at the time of the sad accident. Deceased was for ten or twelve years a resident of this city and the father of our fellow townsman Fred Lease of the Crystal Steam Laundry.

Drying preparations simply develop dry catarrh; they dry up the secretions which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
