DAIRYMEN'S ASSOCIATION

Annual Meeting Held at Seguin a Grand Success.

A meeting of an association that gives promise of great influence and popularity in the future history of Clallam county was held at the Seguin hotel on Saturday last. It is known as the Dairymen's Association of Clallam Co., and is fairly representative of the dairy interests of this end of the county.

It is not generally known, but is nevertheless a fact, that Clallam county ranks very high among the counties of the State as a dairy section, and hence the needs of such an association. The aim and object appears to be to in all legitimate ways push, foster and develop the interests, and co-operate as much as possible.

This was the first annual meeting of the association and was celebrated by a banquet which was largely attended and immensely enjoyed. It was also the date for the election of officers for the ensuing year. Mr. Thos. Knoph the oldest dairyman in the county, or rather the one longestengaged in the dairy business was re-elected president and Mr. Thos. Lamencton, secretary. Addresses were made by Messrs. Knoph, Sindars, McInnes, Govan, Seal, Green, Irwin and others on dairy topics, that would have been a credit to Clallam county if delivered at any state gathering of dairymen. They were listened to very attentively showing that deep interest is being taken in dairying and everything pertaining thereto. Some of the speakers reviewed briefly the growth of this industry and it is truly marvelous to note the rapid development that has taken place in the last few years. McInnes and Knoph especially urged the necessity of organization of all dairymen of the county.

A motion was made by Govan, and carried, that a committee of three be appointed to try and work up a feeling for a stock fair to be held at Dungeness in September.

It seemed the sense of the majority present that at their next annual meeting the wives and families will be invited to attend and the hall hired and have a good big time.

Regrets were received from the secretary of the State Dairymen's Association that he was unablo to attend.

GRANT PRIVILEGE.

Council Consents to Removal of Surplus Clay By Manufacturing Concern.

At Wednesday's council meeting Councilmen Smith, Bowman and Gould, were absent. Owing to the absence of the members the report of the street committee was laid over for one week.

Petition of T. J. Murphy for privilege of removing surface clay in alley back of opera house for purpose of manufacturing brick and tile, was granted, provided the city at all times reserves the right to supervise removal at any time.

Call for bids to furnish wood for supplying the light plant was read and bids opened. The only bid submitted was that of Mr. Mitchell, who agreed to continue old contract to furnish second-growth wood at $1.60 per cord. The bid was accepted.

The street committee was directed to have sidewalk leading to cannery repaired at a cost not to exceed $5.

The marshal was again directed to strictly enforce one of the city ordinances—that relating to shooting in the city limits.

A large number oi bills aggregating $305.17 were read and referred to committee and council adjourned.

Cut this out and take it to C. E. Nailor & Co.'s drug store and get a box of Chamberlain's Stomach & Liver Tablets. The best physic. They also correct disorders of the stomah. Price 25 cents.

Must Remain in Reserve.

Commissioner of the General Land Office Binger Herman has notified the settlers on the agricultural lands in the Quiniault valley that their petition to have these lands eliminated from the Olympic forest reserve has been denied. The lands sought to be set aside for agricultural purposes and actual settlement are located in Chehalis county and constitute a strip from a mile to two miles wide along the Quiniault river and the shores of the Quiniault lake. There are twenty-five or thirty settlers now on these lands, hemmed in by the boundaries of the Olympic forest reserve, and the decision of the general land office that the lands shall not be excluded will be a disappointment to these settlers, as well as to quite a number of others who would like to make new homes in that part of the country and build upon and improve the lands.

AMERICA'S INDEPENDENCE DAY.

Port Angeles Completes Arrangements for a Rousing Big Time in Commemoration.

RACES AND SPORTS OF ALL KINDS.

The City is Gaily Decorated With Flags, Bunting and Evergreens and There is Promise of a Grand Day in Which to Enjoy the Events Prepared and the Glorious Freedom Handed Down to Us by Our Forefathers.

Preparations for a very enjoyable Fourth are complete and a good time for today is assured.

The city band of Victoria has been secured for the entire day and the band stand erected at the corner of Front and Laurel streets will undoubtedly be a center of attraction. The steamer City of Nanaimo will make the customary three trips to and from Victoria and at least 2,000 people are expected, arriving here by the first boat at about 10:30. Those residents of this city who desire may visit Victoria on the 11 a. m. or 4 p. m. boat and may return as late at 7 p. m. Tickets for round trip will be 50c. The last boat will leave toward midnight.

A small arch with a tall flagpole has been constructed over Laurel street at the entrance to the wharf and will be handsomely decorated. The street decorations are also very pretty though modest, and business men generally have spent considerable time and skill in beautifying their places of business. Flags and bunting are profuse in the business portion and not wholly absent in the residence districts.

The race track is in fair shape and some good races are promised. The ball game will also be a very interesting feature, as the boys are leaving no stone unturned to have their new grounds packed with people to witness the game today. Small sports will be had in abundance and the committee is contemplating adding greasy pig, obstruction races and other minor sports to the excellent program already published.

A special effort will be made to have none of the program conflict, and to have the events come off promptly at the time fixed on the official program as near as possible. Of course, unforseen events appear on the day and sometimes the absolute impossibility to carry out one part upsets to an extent the balance of the program. The committee shows a desire to obviate these difficulties as much as possible.

The bicycle and horse racing will take place on First street in front of the central school building and the small sports on Front street between Lincoln and Oak. Base ball and accessory attractions will of course take place at the new grounds on east Front street.

In the evening fire works and a grand ball in the opera house by the now famous Gate City Orchestra will close the day's festivities. Long may we celebrate Independence day!

WEEKLY CROP BULLETIN.

A Brief Summary of the Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week ending June 30, 1902.

The week was a trifle cooler than normal. It was moderately warm at the beginning, and cool during the latter half. There were frequent showers in the western counties, but a scarcity of rain in the eastern part of the state.

The showers in the western section were very beneficial to growing crops, but interfered with haying, which had just begun. The clover crop is regarded as average. Potatoes are doing finely. Hops are being injured by insects.

The cooler weather was opportune for the wheat, as much of it is in bloom, or in the dough, and cool weather is essential during the filling season. Drying winds continued to prevail during the week, and there are signs of "burning" on clay patches. Rain is badly needed, espgcially on fall or winter plowed fields, but on summer fallow land there is no evidence of the grain suffering. In some places the fall wheat is so rank that a heavy rain would do as much damage as it would do good to spring wheat. The fruits and melons of the irrigated districts are doing as well as could be desired. A fine crop of alfalfa has been housed.

The Best Liniment for Strains.

Mr. F. H. Wells, the merchant at Deer Park, Long Island, N. Y., says: "I always recommend Chamberlain's Pain Balm as the best liniment for strains. I used it last winter for a severe lameness in the side, resulting from a strain, and was greatly pleased with the quick relief and cure it effected." Fer sale by C. E. Nailor & Co.

COMMENCEMENT EXERCISES

Impressive and Eloquent Addresses by Young Generation.

The Commencement Exercises of the Port Angeles High School took place last Friday night June 27. The auditorium was filled to its capacity, many being compelled to stand.

The front of the stage was banked high with flowers brought by the friends of the graduates. Streamers of blue and gold, the class colors, ran from the apex of the stage to either side. Above the stage, backed by a large American flag was the class motto "Excelsior."

As the Gate City Orchestra played the overture "Concealment" by Keeber, the eight graduates marched down the center aisle and through the wings on to the stage where they were greeted with applause. Others on the stage were Prof. E. S. Meany, M. S. of the State University, City Supt. L. E. Mahaffy, Prof. Treby, and the board of education. Prof. Mahaffy made a few brief remarks and was followed by the Rev. Mr. Brann who gave the invocation.

Miss Helen Hopkins was the first essayist of the evening. Her subject was "Fads," and she made many happy hits at the hobbies of her class-mates and teachers, but showed that all have hobbies that influence in one way or another our destinies.

Mr. Frank Babcock, the next speaker, chose his subject "Electricity." In a general way he showed the development of that wonderful force from Franklin's first experiment to the present great utilization of the electrical current.

"Home Life" was the title of Miss Tillie Bernard's essay. It dealt with the influence of the home upon the world and told us that as our "home life" was so would be our life through the years to come.

The Gate City Orchestra then played "The Mobile Prince." After which Miss

THOSE Americans who have skimped and almost starved themselves to get money enough to attend the coronation now have time to consider what fools some mortals be.

PRESIDENT ROOSEVELT threatens to speak in the states of the senators who opposed his Cuban policy during the coming elections and the senators are not overjoyed with the prospect.

THE Fowler bill and the ship-subsidy bill are not dead. They are simply resting in the committee room until the dangers of election are over. For actions in the short session after election representatives don't have to answer to the people.

WE are pleased to see that the Democratic State Central Committee has taken up our suggestion, and has made Senator Turner an issue for this fall. The people of Washington will have a chance, if present plans succeed, to vote their choice for U. S. senator this fall.

"ONLY one Republican in the House and three in the Senate voted with the Democrats on the Philippine bill" triumphantly exclaims a Republican exchange. More'sthe pity! Only four Republican officials who feel free to act as their consciences dictate, independent of the party lash.

ONE of the tenets of Democracy widely quoted by the would-be reorganizers as a time-honored principle of the party is "equal rights to all and special privileges to none." There is no need of re-organization on this score. The rejuvenated Democracy of the past six years holds this principle above all others. There is nothing for the bolters to do but to return penitently or continue to support the Republican candidates.

As a harmony ticket how would "Cleveland and Watterson" do?

After proclaiming peace in South Africa the British proclaimed a mining tax of 10 per cent. The Outlanders stirred up the trouble because the Boers levieda mining tax of 5 per cent.

Having waited until congress appropriated about all the money in sight Mr. Cannon thought it time to call a halt. This subsequent economy is hard on the people. They want a little more economy of the previous brand.

Mr. Watterson's paper publishes a strong editorial in denunciation of Mr. Cleveland and his recent speech. This is too bad. Mr. Watterson was one of the chief supporters of Mr. Cleveland's Palmer and Buckner plan of campaign in 1896 and it is painful to see so small a party divided.

The Associated Press, speaking of the New York Tilden club banquet, said: "A collation was served in the banquet hall to the distinguished guests of the evening and a buffet supper was served in the basement for the rank and file." That was entirely appropriate. The rank and file always eat in the basement when Cleveland occupies the chief place at the banquet table.

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS.

Notice is hereby given, that the Annual Meeting of the Stockholders of the Angeles Brewing and Malting Co., will be held at the office of the Company in Port Angeles, Wash., on the 28th day of June, 1902, at 2 o'clock p. m., for the purpose of election of officers and other business, which will come before the meeting.

Port Angeles, June 2, 1902.
By order of the Trustees,
ADOLPH LINICK, Secretary.

"I sleep well enough at night,
And the blamedest appetite
Ever mortal man possessed."

Riley's farmer is the very picture of a man advanced in years, yet in the enjoyment of perfect health. A good appetite, good digestion and sound sleep, are the chief factors in a vigorous old age. Life is sustained by food, when it is properly digested and assimilated. When digestion fails, there is a loss of nutrition which soon shows itself in physical weakness, nervousness, sleeplessness, etc.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It strengthens the body in the only way possible,—by enabling the assimilation of the nutrition extracted from food.

"I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his 'Pleasant Pellets' a year ago this spring, and have had no trouble with indigestion since," writes Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much and it seemed that the doctors could do me no good. I got down in weight to 125 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have a good word to say for Dr. Pierce and his medicines."

A GOOD DAIRY COW.

She Can Only Be Judged by Careful and Thorough Test.

Every dairyman can tell which is a good dairy cow. She has a slim neck, sharp shoulders and a rough looking, wedge shaped body compared to the beef animal. She has broad, flat hind legs, while the beef animal has massive hams. It is in the udder we notice the greatest difference, that of the dairy cow's being large, broad and springy to the touch. There is also a great difference in the milk veins.

The average farmer and plenty of dairymen judge their cows by some peculiar quality besides those already mentioned, says H. R. Thatcher in Kansas Farmer. Some judge by the color of the milk, the rapidity with which the cream rises, the quantity she gives at a milking or the test she received at the creamery.

But can you judge dairy stock in this manner? Is it possible to pick out the best cows by simply looking at them. A noted dairyman, an expert in the estimation of all that knew him, was once tempted to try his judgment by an actual test. Carefully selecting his cows, he numbered them in the order that he thought they would stand the test. To his astonishment, the cow which he had placed fifth stood first, the second was a cow from the bottom of his list, the third his fourth, the fifth his first, and so on, everything mixed up. And, still more important, this prominent dairyman actually found that one-fourth of his fine herd was not paying for their feed. Such has been the experience of others, and it surely proves that you cannot tell a good cow by looking at her. The Babcock test and a pair of scales are the best judges of the points of a good dairy cow, although it takes a yearly record to do it.

The Handy Shears.

A fellow city lot fancier living near me, who, by the way, is one of the best hands I know at coaxing chickens to maturity, has a pair of large scissors which he puts to more uses than I had ever dreamed such implements could be employed for. He had a little patch of crimson clover, for instance, and every morning, armed with his scissors, he would repair to the patch and cut his clover, using only the tender, leafy portions. Then he would go to the runway of the chicks, where his inevitable shears would be again brought into requisition to cut the clover into small pieces for the youngsters. If he has a piece of meat or some vegetable of very firm texture left from a meal, he gets out his scissors and proceeds to cut it into little pieces for his charges. In short, I never suspected the possibilities of a pair of common, rather large scissors until I had seen the many uses made of them by this gentleman. If your wife doesn't happen to have a discarded pair which you can "win" when she isn't looking, pay a visit at once to the hardware store and buy them. You'll never know what you have missed until you are the proud possessor of a pair of "chicken scissors."—Treat M. Right in Poultry Monthly.

The appropriation for the office of road inquiry, department of agriculture, for this year is $27,000. It will be used in building sample roads and otherwise assisting the good roads movement.

COMMENCEMENT EXERCISES

Continued from Page One.

Sarah Fowler took up the "Elements of Success" and went into the subject in a manner which showed that it had received a great deal of thought and consideration before being given utterance.

"Heroic Deeds," the subject which Miss Addie Thomas took as her theme was handled in a masterly manner; she gave illustrations of the heroism of the early patriots, of their daring deeds to secure for themselves religious and political freedom.

More music by the orchestra and then Mr. Ralph Lutz proved that he possessed oratorical ability in no mean degree by his essay on "The American Commercial Invasion of Europe." Mr. Lutz' essay showed considerable research and study and a thorough knowledge of his subject. Commencing at the earliest period of our history he traced our trade with Europe from the time we were heavy importers to the present time when Europe uses the products of our mills, factories and manfacturing plants.

The Class Prophet, Miss Lottie Buck, then took a glance into the future and told where the class of '02 would be and what they would be doing in 1912. She prophesied a presidencey of a large oil company for Prof. Mahaffy and the principalship of a great commercial college for Prof. Treby where the curriculum consisted of the "Success" magazine. Each of the graduates came in for a hit which proved apt in every case.

The Valedictorian of the class was Miss Isabella McLaughlin. Her subject, "Tint Your Own Sky," was well written and was rendered in a manner which showed Miss McLaughlin to be an elocutionist of a high order.

Prof. Meany, of the State University, made an eloquent address on "The Nation and The Northwest," in which he traced the history of Washington from the Lewis and Clark expedition to the present day.

Again the orchestra played, after which City Superintendent of Schools, Mahaffy, presented the diplomas to the graduates.

The playing of the Star Spangle Banner was the signal for a rush for the stage and congratulations of friends to the graduates.

REID-GRANT NUPTIALS.

Solemnized Wednesday at the Home of the Bride's Parents.

A very pretty wedding took place at Seguin, Wednesday, at the home of the bride's parents on Forest Grove avenue in which Miss Grace Grant, only remaining daughter of Mr. and Mrs. J. M. Grant, and sister of Mrs. Geo. C. Hatch of this city, was united in marriage to Mr. Charles Edwin Reid, of Tacoma, by Superior Judge Geo. C. Hatch. The bride was assisted by Miss Anna Fields, of this city, while W. S. Collins of Tacoma acted as best man.

The ceremony took place at 4 p. m., in the presence of a large concourse of relatives and a number of friends, and surrounded on every hand with beautiful flowers. A sumptuous wedding dinner was then enjoyed by all, after which the happy couple were swiftly driven to Port Townsend, where they took the steamer for an extended trip to Eastern Washington. They will later take up a residence in Tacoma.

The young people were handsomely remembered with presents of value, and the good wishes of those present and a large circle of friends here, and throughout the county where they are both well known, go with them on their trip through life. May the journey be pleasant.

A Sad Death.

Sunday morning at 6:30 Miss Lottie Sanford, beloved daughter of Mr. and Mrs. J. D. Sanford, passed to the great beyond after an illness of three months. While attending her duties at the Ellensburg normal in the spring the lady caught a severe cold, which was neglected with the result she was forced to come home in March. The cold developed into quick consumption and the sweet girl is now but a memory.

The funeral was held from the home of her parents Tuesday at one o'clock and was attended by a very large circle of friends. The Christian Scientists, under whose care the lady has been since her illness conducted the services.

Miss Sanford was a sweet girl of 20 years. At the age of 17 she graduated from the high schools of this city and since has graduated from a three-year term at the Ellensburg Normal, where she was teaching at the time of taking the fatal cold. She was very industrious, too much so, and was quick to learn, forging forward fast, and promised to be a great educator. Her constant application undoubtedly undermined her health.

The unhappy parents have the sympathy of the community in their great affliction.

We wish to publically thank all our sympathetic friends and neighbors for their kind assistance during our recent great bereavement, and pray that they be spared a like affliction for many years to come. J. D. SANFORD AND FAMILY.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.
