VOL 14, NO 19 PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, AUGUST 15, 1902. PRICE FIVE CENTS

TWO MORE PROPOSITIONS.

To Equip Light Plant With Water Power Free of Cost and Then Lease Whole or Part to City.

The city council met in regular session Wednesday, all members being present, except Mr. Gould.

Important communications, purporting to be from Mr. Seymour, of the water company, were presented by Mr. Halhan. They are propositions to council for the installation of water power to run the light plant and read as follows:

Port Angeles, Wash., Aug. 7, 1902.

The honorable mayor and council of the city of Port Angeles. Sirs:

I make the city of Port Angeles the following proposition:

I will take the present city electric light plant and install water power sufficient to run the plant as it now is, free of expense to the city, work on the installing of the water power to begin as soon as this offer is accepted, and to proceed as fast as possible and until the lights are ready to be turned on, when the City is to take the plant and operate it with such water power

In consideration of the foregoing the city is to pay me or my assigns the sum of $1000.00 per annum, payable semi-annually for a term of 12 years, money to be payable from the receipts of the plant.

If at any time during the term of the said 12 years the plant is increased so as to demand more power, I will furnish the same from the same supply of water at the same rate, provided the supply of water is sufficient therefor.

Port Angeles, Wash., Aug. 7, 1902.

To the Honorable Mayor and Council of the City of Port Angeles:

Sirs—I have this day submitted to you a proposition in regard to installing water-power for your electric light plant. I now make you the additional proposition in regard to the water plant.

I will install water power for the light plant, free of expense to the city, as offered in my first proposition, I will then lease the water plant to the city, together with all the power connected therewith for a term of 25 years, upon the payment to me or my assigns out of the net receipts of the water and lighting plants, and not otherwise, of the following sums payable semi annually: $2500 per annum for five years; $3000 per annum for the next five years and $3500 per annum for the next fifteen years, all the payments to be in no sense a debt or charge against the city or its taxpayers, but payable solely from the earnings of the plants.

So long as the city is in possession of the water plant the same is to be kept in good repair and the city can have the option at any time of terminating the lease upon six month's notice. The undersigned also to have the right of terminating the lease in the event that under the city's management the plants do not earn enough to pay the above rentals, and the same are not paid upon proper notice given.

But if the rental payments are made as above set forth and the city does not use its option to terminate the lease, then at the end of the 25 years the water plant and all the power connected therewith shall become the absolute property of the city.

I deem it proper to add in conclusion that the present gross revenue of the water and lighting plants, exclusive of public lights, is about $4000 a year, and I believe that with the plants run together under the city's control, and with the electric light run by water power, the operating expenses of the two plants ought not to come to more than $700 or $800 a year.

The health committee, upon question of the mayor, reported that the acting health officer had notified them that a case of small pox was being duly cared for by him at the home of Mrs. Coolidge. A strict quarantine having been established, the danger had been reduced to the minimum.

In the absence of Mr. Gould the ordinances of light plant lease and franchise were laid over for another week.

Upon motion of Mr. Miller all filling in repair of Lincoln street waterway was eliminated from contract, and attorney was directed to incorporate in said contract the specifications, and to require contractors to have work done by September 13., also to give a bond in the sum of $400 to be approved by the mayor. The work is to be done under the supervision of the street committee.

The following bills were read and allowed:

C. E. Nailor, sup. city treas $9 80
Dell Church, cleaning hose.... ... 2 00
Pt A. H. & F. Co., sups. light plant 1 90

Other bills were laid over because of not being approved by the proper committees.

The mayor relieved Mr. Grubb from the ordinance and health committees and restored Mr. Gould to these duties.

Broken walk up Tumwater hill was referred to committee and council adjourned.

WEEKLY CROP BULLETIN.

Summary of the Weather and Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week ending August 12, 1902:

The week just ended was dry throughout, and quite hot on several days, the maximum day temperatures having been between 80 and 90 degrees in the western section, and between 85 and 100 degrees in the eastern section.

The drought is beginning to be seriously felt in the northwest counties, where such a protracted dry spell is very unusual. Pastures have become dried out, and stock no longer have the best of feed. The unusually dry weather has had a bad effect on the oat crop, which will be lighter than average as a consequence. Potatoes have not suffered, and the outlook is for an excellent crop. They are now being dug for market in the Yakima country, and the yield is splendid.

The weather has been perfect for wheat harvest, and winter wheat cutting is now well along. The barley harvest, also, is progressing Reports vary as to the yield of wheat and barley, according to locality, but in the more favored districts the yield is excellent. Oat cutting will next ensue, and spring wheat will be ready about the 15th. There has been apparently little damage to spring wheat by the hot weather, although there are a few reports of a little shriveling or burning. Spring wheat in some districts would have been heavier but for hot weather during filling time.

In the Yakima and Wenatchee countries apples and peaches are being shipped. Too many cold nights have made a poor crop of sweet corn.

CLALLAM BAY SOUTHERN

Seattle Men Will Build a Road Up Clallam River to Pacific Ocean.

D. E. Fredericks, D. A. Robinson and S. M. Irwin filed articles in the office of the county auditor yesterday afternoon incorporating the Clallam Bay Southern Railway Company with a capital of $100,000.

The articles state that it is the intention of the company to build, maintain and operate a railroad from Clallam Bay, in a southwesterly direction up the Clallam River to a point on the Pacific Ocean near the mouth of the Quillayute River.

D. E. Fredericks is one of the firm of Frederick & Nelson; D.A. Robinson has been a resident of Seattle ever since 1898, when he constructed the Great Northern docks at Smith's Cove; S. M Irwin, the third man interested, is prominently connected with the Pacific Packing & Navigation Company. Those three men are named as the trustees who will manage the business of the company for the first six months.

The principal place of business of the company will be Seattle.—Times.

COUNTY NEWS

Clallam Bay Record.

Mr. McHugh school teacher from the Hoh river country was in town several days this week.

J. F. Liebeck returned home last Friday from a months visit to his parent's home in Wisconsin.

The first lot of logs from the Robinson logging camp on the bay were put into the water on Tuesday and a regular supply has been hauled out of the woods by the locomotive every day since and put into the boom. The daily output of logs from the camp is expected to be 100,000 feet as soon as the second donkey engine is at work which is now being got ready.

The telegraph trail crew consisting of Tom Fairservice, J. N. Thompson, Geo. Beesley, Verd Wilson, Chas. Bigler and Mark Mawhirter returned from Neah bay on Wednesday for a few days.

The job of cutting a horse trail around from Bahada point, on Neah bay, to Cape Flattery has been finished and a telegraph wire put up. The distance is 9½ miles. At the cape a tower fifty feet high will be erected and half a mile of wire stretched across the straits to another on Tatoosh island which will connect the weather bureau station with the main land. The new weather bureau building on the island is completed and the contractors will give their attention to erecting the towers for the wire.

The construction crew will return to Neah bay next week and proceed to cut a horse trail clear through from Neah bay to Port Crescent, making use of the county roads wherever possible. New poles and new wire will be put up wherever needed. There is about three months work to be done on the line.

Quillayute.

Haying is now quite well advanced and some of the farmers are through with a good crop and got in in good shape.

There is talk that a regular minister will be appointed for this place. There was a large attendance at the services held on Sunday, July 27th by the Rev. Mr. Scudder assisted by the Rev. F. W Fletcher. Mr. Scudder preached a good sermon.

From the oil fields comes the news that drilling is going on night and day. Hope it is true!

Neah Bay.

The salmon strike which has been on for the past week has been settled in favor of the Indians. They had been getting ten cents a fish from the Port Angeles cannery but were cut down to 7 cents. Then they struck.

L. G. Sutton has been transferred here from the weather bureau station at La Crosse, Wisconsin and will go to Tatoosh island as soon as that station opens.

Notice to the Public.

NEW POINTS IN QUESTION

Another Law Brought Into Bad Repute Through Alleged Irregularities.

Attorney R. C. Wilson, of Seattle, has filed a complaint in the superior court here praying for the setting aside of a certain tax deed issued to T. L. Spellman upon an alleged foreclosure of tax certificate. The case is a very important one in that it charges voluminous irregularities and brings into question the constitutionality of another act of the last and 1899 legislature. If the contentions of the complaint are sustained tax deeds issued by the treasurer will be questioned.

The complaint alleges in part as follows:

"That said pretended tax deed purports to be executed in consequence of a public sale of real estate held pursuant to a judgment of this court in proceedings to foreclose tax liens, but that said proceedings referred to in said pretended deed were never entered or conducted in said court and were never entered in any of the usual or regular dockets or books of said court or of the clerk thereof, and were not numbered or referred to in the usual course of numbers of actions pending in said court, but were entered in a book or docket entirely separate and distinct from the regular and usual books or dockets of said court, and were numbered by a separate series of numbers entirely distinct from and out of the usual and regular course of numbering of pending actions in said court.

That the time in which actions might be commenced for the enforcement of collection of the taxes for the years 1893, 1894, 1895, 1896 and 1897, above mentioned had elapsed prior to the commencement of the pretended action mentioned, and that at the time of the commencement of said pretended action the right to enforce or collect said taxes or any of them, was barred by the statute of limitation.

That the taxes were not levied, assessed or equalized as required by law.

That complaint was not filed until a long time after the 15th day of March the alleged date of first publication.

That no certificates for the taxes on said lands for the year 1895 or prior years were ever issued to said Clallam county or at all except to said T. L. Spellman and the issuance of such certificates to said T. L. Spellman directly was irregular, illegal and void, and said certificates and said proceedings for the foreclosure thereof and said tax deed were and are, each and all of them, null and void.

Denied Trial By Jury.

Associated Press Dispatch.

Manila, August 10.—Judge Ambler has denied the motion of the defendants in the Freedom sedition case for trial by jury. In making this denial the court said:

"The law-making power in the Philippine islands is vested in the United States civil commission. The laws do not grant the right of trial by jury. The constitution of the United States follows us here only so far as Congress enacts that it shall."

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now [nearly a year since] a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by C. E. Nailor & Co.

CALL FOR

Democratic County Convention

PURSUANT to order of the Democratic County Central Committee of Clallam County, which was duly called and met at Port Angeles on Saturday, August 9, 1902, at 2 o'clock, P. M., a Democratic County Convention is hereby called to meet at Port Angeles, in said county, at the hour of 10 o'clock, A. M., on

THURSDAY, 11TH DAY OF SEPTEMBER, 1902,

for the purpose of selecting seven delegates to the Democratic State Convention which has been called to meet at Tacoma, Washington, September, 16th., 1902, and for nominating delegates to the Joint Senatorial Convention for the counties of Clallam, Jefferson and San Juan, to be hereafter called, and for the purpose of nominating one candidate for State Representative and candidates for the various county offices, to be voted for at the ensuing election on November 4th., 1902.

The representation at said convention will be based on the vote cast for J. R. Rogers the Democratic nominee for governor at the last general election, being one at large for each precinct and one for each 10 votes or major fraction thereof, as follows:

PRECINCTS.	DELEGATES	PRECINCTS	DELEGATES

It is recommended that the primaries to elect delegates to said convention be held on Saturday, the 6th day of September, 1902, at 2 o'clock P. M., in the county precincts, and at 7:30 P.M., in the various wards of Port Angeles, at such places as the central committeeman of each precinct may designate.

By order of Democratic County Central Committee.

W. K. CLARK, Chairman.
A. J. COSSER, Secretary.

CROWDED from its position of silence on the "ring" the Courier has taken up the cry of "stop theif."

IF the captors of Tracy wish it understood that they were not after blood-money, they can prove their heroism for liberty's sake by presenting the rewards to those who have suffered so much because of the bandit's appearance.

As we expected the commissioners have called for bids for constructing bridge over Dungeness river, contractors to furnish their own plans. It's about time the people paid a little attention to this slick dodge. See proceedings in this issue.

THE traditional suit of blue must now suffer a change. After January 1st the uniform of the U. S. soldier will be olive green with hat and leggins to match. The state National Guard will also have to adopt the new regulation.

BRIEF WORK

THE NEW PROPOSITIONS.

Mr. Seymour's new proposition for furnishing water power for the running of the electric light plant is not wholly in keeping with his verbal statements of last week, though undoubtedly he intends that finally it shall be. If Mr. Seymour will agree to take the present light plant, remove the dynamoes to a suitable place on the flat, install the necessary machinery and power ready to make light and guarantee the city 50 or 60 horse power with which to operate same, the city can well afford to pay the $1,000 per annum asked for a period of 12 years. The power can be developed by moving the dam a trifle farther up stream and enlarging same so as to fill the pipes.

Again if Mr. Seymour will agree as above and turn over the water and light systems, fully equipped without cost to city, the city can well afford, in our humble opinion, to pay the amounts asked, and this is how we figure it out:

The electric light plant's gross income is now in the neighborhood of $1800.00 per year; the water plant's gross income (nearly net) $2300.00 per year—total $4,100.00. (These are present figures; they will be much more.) Of this amount, $2,500 per annum, is paid Mr. Seymour, leaving a balance of $1,600 for expenses and repairs, only about one-half of which will be needed at present.

The city pays for the plant out of the income, assumes no liability or debt, pays in lease rentals from the income of the plant only 6 per cent. on the $50,000 bonds it would have to issue to buy the plant outright, and at the end of 25 years has the plant, no bonded indebtedness and interest all paid.

These figures could be raised considerably at present if regulation rules were adopted and all who desire lights could be furnished. This of course would cost money which the city cannot raise just now and later on extensions and repairs will cost considerable, but repairs only are to be taken into consideration as extensions will undoubtedly pay for themselves with new business.

Hence we consider it the duty of the council to amend the proposition as above or thereabouts and endeavor to come to some agreement whereby the city can get all there is to be had from the light and water systems.

THE Union Pacific railroad is quietly buying up terminal grounds in this city, says a Seattle business man, which causes the Times to remark: "Under the present agreement between the Hill system and the Harriman railroads, neither system can invade the territory of the other, and as between the two roads Seattle and Puget Sound are Hill territory. But there is no assurance that this agreement will last forever, and it may be that the Union Pacific is providing against its revocation."

THE columns of the DEMOCRAT-LEADER are open to those who do not believe as we do in the important business now before the city council. The only provision is that the question be discussed intelligently on business principles.

It is a great affliction for a woman to have her face disfigured by pimples or any form of eruptive disease. It makes her morbid and sensitive, and robs her of social enjoyment. Disfiguring eruptions are caused by impure blood, and are entirely cured by the great blood-purifying medicine—Dr. Pierce's Golden Medical Discovery. It removes from the blood the poisonous impurities which cause disease. It perfectly and permanently cures scrofulous sores, eczema, tetter, boils, pimples and other eruptive diseases which are caused by the blood's impurity. It increases the action of the blood-making glands and thus increases the supply of pure rich blood.

"For about one year and a half my face was very badly broken out," writes Miss Carrie Adams, of 116 West Main Street, Battlecreek, Mich. "I spent a great deal of money with doctors and for different kinds of medicine, but received no benefit. At last I read one of your advertisements in a paper, and obtained a bottle of Dr. Pierce's Golden Medical Discovery. Before I had taken one bottle of this medicine I noticed a change, and after taking three bottles I was entirely cured. I can well recommend Dr. Pierce's Golden Medical Discovery to any one similarly afflicted."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

The People's Common Sense Medical Adviser, a book containig 1008 pages, is given away. Send 21 one-cent stamps for expense of mailing *only*, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

IF we worked as hard to keep down expenses as we do to keep up appearances we would have money to burn.

SENATOR STEWART says Nevada is going back to its old-time Republican majority. Believing this, accounts for the Senator's position today.

WHEN a former Democratic journal is bought up and a new editor installed by the plutocrats, the plutocratic press everywhere quote the scribblings of the gang as a change of heart of the editor. Money changes many, but all reported changes does not change the heart.

Only a Mask.

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

Treasurers Call.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Purser Lyle, of the steamer Majestic, was roughly handled Sunday night in endeavaring to take the watch of Ernest Wait for passage. Wait, it seems got left on Saturday's excursion, and spent all the money he took with him to Victoria. To the purser he said he was entitled to travel on pass No. 6, which he did not have with him. This not satisfying the purser he tendered an order on Mr. Lauridsen. The purser made a grab for his watch and was laid out, and Wait traveled free.

The steamer Gertrude was disabled just this side of Neah Bay on her Friday run. She lost her propeller about 2 o'clock Saturday morning and drifted helplessly toward Vancouver Island until about 8 when the tug Augusta, hearing her distress signals arrived and took her in tow. OF THE STATE LIFE INSURANCE COMPANY combines every desirable advantage to the policy-holder that can be obtained in the policy of any safely conducted, progressive, old line company. It is non-forfeitable, upon very liberal surrender conditions, after the second year, and is adjustable to nearly every important financial contingency in life. In short, it may be said to furnish three kinds of insurance for one and the same premium, viz:—

FIRST—Insurance for the benefit of the family, in case of death of the insured.

SECOND—Insurance against poverty in old age, by its cash settlement.

THIRD—Insurance against sudden financial disaster, in that it is available as collateral security for a cash loan, to the amount of its loan value, at any time after two years.

Every policy in the State Life is secured by a deposit of its entire cash value with the state of Indiana

A WONDERFUL WORK.

To be a man who can excel one hundred thousand men in any one line is good; to be one in a million is better; but to be the only living man, (and the second one in the history of the world), who has drawn a perfect single line picture is wonderful! This Mr. Fleming, author and illustrator of "Around the Pan," and "Around the Capital" ($2.00 books) has done in his drawing of McKinley. Price on best Japanese paper, $1.00. His "Around the Capital," contain one hundred page Washington life pen and ink sketches and five hundred pictures of prominent Americans, including the statesmen, ambassadors and commanders participating in the Spanish American War—comprising by far the greatest collection of facts and faces ever produced in one volume in condensed form, will interest the entire civilized world. The drawings equal, if they do not surpass those of John Tenniel's, for which work he was knighted by Queen Victoria. The human interest is greatest of all.

Washington Notes.

DEMOCRAT-LEADER BUREAU,
NEWSPAPER ROW.
FROM OUR REGULAR CORRESPONDENT.
WASHINGTON, D. C., Aug., 12, 1902

Will Mr. Roosevelt be called upon to face a deficit in the treasury before he stands for re-election in 1904 is the serious question which officials of the administration are asking themselves and each other, every day. As is well known, the deficit for the month of July was $7,507,876. The figures for this month are not more encouraging. For the first four days of the month the expenses of the government exceeded the receipts by $55,437.62 and the officials of the treasury admit that the deficits for each succeeding month are likely to show an increase. Many of the expenditures authorized by the recent Congress are, as yet hardly under way and when the contractors' vouchers begin to come in there is every likelihood that the discrepancy between receipts and expenses will be even greater. While the enormous surplus of $98,000,000 may not be wiped out during the current fiscal year, continuous deficits will necessitate the material reduction of the deposits in national banks, reducing the loanable funds of those banks and affecting general business most seriously.

No better evidence of the insincerity of republican protestations of an intention of reforming the tariff and curtailing the power of the trusts could be desired than is afforded by the Republican Text Book. Although over eighty pages are devoted to the subject of protection not one word is said on the subject of revision of the present schedules. On the other hand, every effort is made to convince the voter that protection is essential to prosperity and that the higher the protection the greater will be the prosperity. No space is devoted to the subject of reciprocity and the last speech of Mr. McKinley is rigidly excluded. The doctrines he enunciated at Buffalo have not proved agreeable to the trust magnates, the beneficiaries of the protective policy and other supporters of the republican party and it would not do to include in the Text Book anything offensive to those influential promoters of republican interests.

The greatest satisfaction is expressed by democratic leaders in Washington over the policy which Mr. Ben Cable has adopted for the conduct of the fall campaign. Mr. Cable says that only the best men shall be selected for nomination for Congress on the democratic ticket and he is determined that in every instance where merit can win it shall have the opportunity. Mr. Cable appreciates that the men who represent the democratic party in the House during the Fifty-Eighth Congress will have much to do with the success of the party in 1904 and he feels certain that i. every democrat sent to Congress is a peer among his contemporaries on the other side of the chamber the chances of success for the democratic party in 1904 will be more than doubled.

The difficulty which the Navy Department is having in securing a sufficient number of enlisted men to man the ships which are being rapidly put into commission is a sad commentary on the methods and "traditions" of the navy. It is acknowledged by those in a position to know that it is no less difficult for a camel to go through the proverbial needle's eye than for an able listed man to secure a commission. This is not true of the army and, as a consequence, the War Department has little difficulty in securing a full quota of enlistments. When the naval officials see fit to abandon the old time traditions and make promotion easy of attainment for men of ability and character the difficulty they now experience will disappear
