VOL 14, NO 20 — PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, AUGUST 22, 1902. — PRICE FIVE CENTS

A DEFINITE PROPOSITION,

Yet One Still of Deficiencies as to Guarantees, Is Submitted By Water Co. Representative.

The city council met in regular session Wednesday with every member present.

Mr. W. W. Seymour, representing the owners of the water plant was also present in the interest of the important proposition of furnishing water power for the operation of the light plant, hereafter noted.

The street committee reported on condition of Lincoln street sidewalk between 2nd and 8th streets, finding same unsafe because of unsound condition of crossties and missing boards. The committee recommended that same be repaired by placing new crossties and replacing missing boards at cost not to exceed $20.00. Allowed.

The following bills were allowed:

Care poor, August	$18 00
W. Brumfield, writing Cain ord.	2 00
E D. Elliott, ser, as engineer	10 00
Chas. Tillman, bal. bridge work	1 50

The finance committee recommended payment of but $8.09 on burial account, same being for grave digging only. Balance $3 for removal of boxes to cemetery was rejected as contractors had agreed to do this as part of their contract.

Bond of Gate City Contracting Co., with O. Babcock as surety in sum of $400 was read and approved.

Councilman Hallahan then introduced ordinance authorizing the mayor and clerk to enter into a contract with W. W. Seymour of Tacoma to supply water power for operation of the light plant on the following conditions: Said Seymour to have free access to plant for purpose of installation of water power complete ready to turn on lights; work to begin at once with least possible inconvenience to continued operation; all work including expenditures for wheel, etc., to be made by said Seymour without charge to city; when plant is ready to turn over, city is then to begin payment of $1,000; $500 semi-annually, for power sufficient to run present plant—33 horse power—for a period of twelve years, same to be paid from receipts of plant only; later should more power be needed same will be furnished at $30 per horse power. The whole is conditioned that city is first to be supplied with water.

Mr. Seymour then explained in answer to question of Mr. Lauridsen that he proposed to put in these improvements, free of cost to city, at an expenditure of several thousand dollars, and he thought that guarantee enough that he would do as he agreed. However, if it was found that power could not be furnished as proposed he would return plant to present condition and location without cost. The risk is all his—he has employed several expert engineers and finds that in addition to furnishing city water, he can develop 49 horse power from present stream, and 99 horse power if needed.

Lauridsen—Will you enter into a contract to furnish 60 horse power to city if needed.

Seymour—I will, if city will enter into a contract to take 60 horse power. It will cost a considerable amount to develop that power.

Mr. Grubb thought $25 per additional horse-power a fair rental and Mr. Seymour thought that they could get together on that point. If the city needed more power he could furnish it at $25, if considerable more at less cost. As for fear that sufficient power could not be developed, he said that was one of the strong points of Port Angeles. No city in the state had more available water-power, and this was one reason why council would be censured for "farming out" its franchises.

Mr. Miller then moved reference of ordinance to committee and city attorney. Mr. Hallahan wished it referred to a committee of the whole to meet in special session with Mr. Seymour. This carried, 3 to 4, Miller, Gould and Bowman voting, "no," and Thursday at 7:30 was named for such special meeting.

Mr. Seymour then invited council and citizens to visit dam and see source of supply. Miller and Lauridsen didn't think this would do any good as council wouldn't be any wiser after the visit and it was agreed that those who wished to go could do so.

Here the proceedings were interrupted by the appearance of the marshal, who stated that a socialist speaker was addressing a crowd on the corner of Laurel and Front streets, but as far as he could see there was no disturbance or inflammatory language used. He asked what should be done, if anything. The mayor thought the man should be arrested at once, remarking "we want no anarchists stirring up the people of our city."

The city attorney looked up the ordinances and decided there was none under which the man could be squelched. The mayor then appealed to the council but that body was indifferent. Mr. Grubb thought the marshal had the right to disperse the crowd, and in this Mr. Miller took issue with him. If the crowd was peaceable and stood within the law, the council had no right to interfere. After waiting a few minutes impatiently the mayor said he would settle it—law or no law—"Mr. Marshal, you will disperse that crowd, and if that man gets up to speak arrest him."

The marshal then left to do do as he was bidden.

The Cain Filion lease and grant was then laid over for one week more.

Mr. Lauridsen asked for $35 for relief of family of Thos. Pollock, of Lincoln Heights. The wife recently gave birth to twins and has since been in a dying condition, requiring the constant attention of her husband. The amount was allowed.

Question of flooring fifty-odd feet of flume north of break in Lincoln street waterway not included in present contract, was referred to street committee with power to act.

COUNTY NEWS

Clallam Bay Record.

Charles Brash of Victoria, one of the principal owners on the bay, was here on a visit Tuesday. He returned Tuesday night to Port Angeles on his way back to Victoria.

The government telegraph crew which has been taking a rest here for several days went down to Neah Bay Tuesday morning to begin work cutting a trail and repairing the line to East Clallam.

The postoffice here has received a notice from the department here to the effect that an additional mail service between Port Angeles and East Clallam goes into effect August 7th and terminates October 31st, 1902. This is understood to mean that the steamboat company will be allowed pay for the extra three days it carries mail here on the Garland dating from August 7th but the daily steamer service will be discontinued October 31.

BIG POTLATCH.

Fashionable Indian Pow Wow Given by Young Brave to His Tillicums.

A gay time was experienced at Tatoosh Island last week when nearly 500 Indians gathered for a grand "potlach" given by Johnnie Scott, a bright and popular young brave from Ozette.

For several days canoes arrived loaded with big tyees and their tillicums, kloochmen and their papooses from all parts of the country and Vancouver island, and a large party from Neah Bay headed by Chief Peater, agent S. G. Morse and family and weather observer F. R. Beahan and family.

A very interesting program was arranged by the Indians, and it was particularly interesting to those who had never witnessed a like scene before. Gifts of calico, dishes baskets, etc., and several hundred dollars in chicamon were given away by Johnnie to his many tillicums and the big time was thoroughly enjoyed by all. Weird and facinating were the services indulged in.

Toward evening as the majority departed for Neah Bay, the water for miles presented a very picturesque scene, dotted with the white sails of the canoes in the light of the golden sunset, all returning to their homes happy with their lot.

The scene will long be remembered by Johnnie's friends and the white people who were privileged to attend.

On The City Again.

A species of tyranny most damnable and infamous was very properly squelched in the police court yesterday, when one T. E. Latimer was discharged from custody. His arrest was brought about against the advice of the city attorney by the mayor and the city is mulched for the costs.

The prisoner was arrested simply for speaking in public at the corner of Front and Laurel streets, and drawing a crowd. At the trial, the marshal who made the arrest testified that at no time was the sidewalks or streets blockaded so as to impede traffic. The city attorney refused to prosecute and was not present.

Mr. A. A. Watt, insurance agent, took an active part in the defence, not, he said, that he knew the doctrines of the prisoner to be absolutely correct, but because the constitutional and inalienable rights of the citizen had been grossly and wontonly trampled upon.

STEAMBOAT COMBINATION

A Deal on With Present Owners to Put "Mosquito" Fleet Under One Management.

The Southern railroad combination has been endeavoring to control the fleet of small steamers plying between various parts of Puget Sound and from present indications is in a fair way to succeed. Speaking of the proposition the Times of last Monday says:

"What is said to be one of the most important steamship deals ever proposed on Puget Sound has just about reached its consummation, and includes a consolidation of all the vessels composing the 'mosquito' fleet, which ply from Seattle to various ports in the Sound district. The deal itself mill involve between $2,000,000 and $2,500,000 and possibly more, as there is no way of accurately ascertaining the proposed amount necessary for the purchase of the large fleet of vessels.

"Negotiations looking toward the absorption of the Seattle steamers and their operation under one management and ownership have been underway for weeks, but so quiet has the matter been kept that not an inkling of it leaked out until yesterday.

"The only thing said to stand in the way of the consolidation is the alleged attitude of the Puget Sound Navigation Company, of which Mr. Peabody is president. It is understood that he is holding out of the proposition for $500,000 for his steamers, of which 50 per cent is to be cash and 50 per cent is to be taken out in stock of ehe new company. The backers of the proposed consolidation are said to be willing to give $400,000, $200,000 in cash and $200,000 in stock, and if Mr. Peabody accedes to this the incorporation papers will probably be immediately filed.

"The amount for which the incorporation papers will be taken out depends upon the total amount necessary for the purchase of the steamers which are to be included in the deal. It is the intention to make the incorporation capital just enough to cover the amount required in both cash and stock. Thus it is estimated that about $1,250,000 in money will carry the deal through and the same sum in stock, making a total capital stock aggregating $2,500,000.

"The money which is to back the consolidation comes from Harriman, the New York banker and millionaire, a brother of E. H. Harriman, of the Southern Pacific railroad. Mr. W. L. Dudley has been representing Harriman at this end. His efforts at consolidation are said to have proved successful with every one of the independent steamship companies or owners, excepting the Puget Sound Navigation Company.

"As the deal now rests Mr. Peabody is said to have received the following offer for his property:

"For the company's fleet of steamers, including the Rosalie, $300,000.

"For the company's good will, contracts, rights, privileges, etc., $100,000.

"This good will includes a contract with the government to carry the mails to the various Sound ports scheduled in the delivery of postal matter over four routes. The amount involved in this contract exceeds $25,000 a year, and was formerly carried by the Thompson Steamboat Company.

"The proposition made to all the steamshipmen is practically the same, an offer of half cash on a fair valuation and half stock in the combine.

WEEKLY CROP BULLETIN.

Summary of the Weather and Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week ending August 19, 1902:

The drought was broken on the 15th. On the 11th the weather became very much cooler than it had been, and cloudy, or partly, with southerly winds. Showers fell at intervals on the 15th, 16th and 17th, in nearly all parts of the state, stopping the forest fires, laying the heavy dust, and reviving drooping vegetation. Pastures were greatly freshened up. root crops much benefited, and hops and fruit improved.

The rain was beneficial to sugar beets in Spokane county. It interrupted the wheat cutting some, but was not heavy enough to do any damage to the grain, except to slightly bleach it. Reports vary as to the quantity and quality of the wheat yield, but generally it is a fair average. In Spokane county cutting is mostly done, and threshing is well underway. In Whitman county there is still much unripe grain. In the southeast counties the dry, hot weather ripened the wheat so rapidly that it was difficult to keep up with the cutting.

The dry weather is believed to have been hurtful to oats, and, to some extent, to the potato crop. There is some complaint of rust and smut in oats. Fruits and melons are now being shipped in large quantities from the Wenatchee and Yakima districts. The hop crop is promising; although the prospective yield is not heavy, the quality is excellent.

Henry L. Shattuck of Shellsburg, Iowa, was cured of a stomach trouble with which he had been afflicted for years, by four boxes of Chamberlain's Stomach and Liver Tablets. He had previously tried many other remedies and a number of physicians without relief. For sale by all druggists.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now [nearly a year since] a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by C. E. Nailor & Co.

CALL FOR

Democratic County Convention

PURSUANT to order of the Democratic County Central Committee of Clallam County, which was duly called and met at Port Angeles on Saturday, August 9, 1902, at 2 o'clock, P. M., a Democratic County Convention is hereby called to meet at Port Angeles, in said county, at the hour of 10 o'clock, A. M., on

THURSDAY, 11TH DAY OF SEPTEMBER, 1902,

for the purpose of selecting seven delegates to the Democratic State Convention which has been called to meet at Tacoma, Washington, September, 16th., 1902, and for nominating delegates to the Joint Senatorial Convention for the counties of Clallam, Jefferson and San Juan, to be hereafter called, and for the purpose of nominating one candidate for State Representative and candidates for the various county offices, to be voted for at the ensuing election on November 4th., 1902.

The representation at said convention will be based on the vote cast for J. R. Rogers the Democratic nominee for governor at the last general election, being one at large for each precinct and one for each 10 votes or major fraction thereof, as follows:

PRECINCTS.	DELEGATES	PRECINCTS	DELEGATES

It is recommended that the primaries to elect delegates to said convention be held on Saturday, the 6th day of September, 1902, at 2 o'clock P. M., in the county precincts, and at 7:30 P.M., in the various wards of Port Angeles, at such places as the central committeeman of each precinct may designate.

The following resolution was also adopted:

Resolved, That it is the sense of this meeting that no proxies be recognized in this convention unless the holder thereof is a resident of the precinct to be represented thereby.

By order of Democratic County Central Committee.

W. K. CLARK, Chairman.
A. J. COSSER, Secretary.

NO LIGHT YET.

The council held a special meeting last evening with Mr. Seymour in committee of the whole to conclude if possible upon terms, but without avail. Those who favored the city operating the light plant by water power were desirous of having Mr. Seymour give bonds to furnish a certain amount of water "if the city needed it" and this the gentleman did not feel inclined to do. He explained his position as follows: We come together for mutual benefit. You have the light plant, I the water system. You wish power, I believe I can furnish it, and I am so convinced that I can do so from the report of my engineers that I am willing to spend several thousand dollars in installing said power free of cost to city. My idea was to remove the entire plant from present building and install it in a new building at Valley and Sixth streets, and to tap the 12-inch main at Pine and Sixth with a like sized main running down Sixth street to the new power house. With this fall and a new dam to store water you can readily see the power that can be developed at this point. I believe I can furnish 49-horse power from present stream and would certainly not go to this expense if I thought I could not furnish power for some years to come. However, in case of failure the city has its plant installed, engine and all, in a more advantageous position, with a new building thrown in. It is absolutely nothing out. I am out several thousand dollars. I think this is sufficient guarantee on my part.

The committee, however, seemed afraid of this proposition and it being apparent after considerable discussion, that no further concession could be had, the meeting was adjourned until Tuesday evening next when Mr. Seymour is expected, from assurances given certain councilmen, to agree to guarantee 35-horse power, which is claimed sufficient to allow considerable increase in capacity of plant. If he does this, in addition to that already offered, it is about certain that a majority at least will favor the city retaining the plant.

From the manifest disposition, however, of Messrs. Miller, Gould and Bowman, it is doubtful if either one would vote for this proposition, which would mean that the city would either have to continue as heretofore, shut down the plant or lease to present applicants.

PRAISE FOR TURNER.

Hardly a day passes without some commendation of Senator Turner's achievements meeting our gaze. The following from his assistant from this state in the lower house shows Congressman Cushman in a fair light:

"The relations between the members of the Washington delegation have been most harmonious and amicable, and this fact has enabled us all to work together for the upbuilding of the state. While I am on this subject I want to say a word about Senator Turner. He has come to be recognized as one of the strong and able members of the United States senate. His force and ability have won fame for himself, and above all have reflected great credit on the state he so ably represents.

"I do not agree with Senator Turner on political questions, and I propose doing all I can, in a straightforward republican fashion, to defeat him for reelection; but simple justice demands that I say what I have about his ability and attainments and standing. Through Senator Turner's cooperation the republican members of the delegation have been enabled to do much more for the state than they would have otherwise."

Here, indeed, is a recommendation worth having. The minority representative with the majority in Congress bucking him for political reasons, rises above it all and by his great ability and force is a potent factor which compells recognition.

BARGAIN BABIES.

If babies were for sale the most inveterate bargain-hunting woman in the world would not look for a bargain baby. She would want the best baby that could be bought, regardless of price.

Every woman naturally craves a healthy, handsome child, and her craving can be gratified if she will but remember that the child's health is her own gift, and to give health she must

have it to give. Mothers whose babies have been weak and puny have nursed in strength their first strong child after using Dr. Pierce's Favorite Prescription. It is the best preparative for maternity, encouraging the appetite, quieting the nerves and inducing refreshing sleep. It gives the mother strength to give her child, and makes the baby's advent practically painless.

"My wife had been sick nearly all her life," says Mr. E. E. Fricke, of Petersburg, Menard Co., Illinois, Box 367, "and after trying everything I could think of I made up my mind to try 'Favorite Prescription.' I got six bottles, which my wife took, a tablespoonful three times a day, until the baby came. She felt better after taking the first bottle, and when baby was born he weighed nine and a half pounds. To-day he is six months old and weighs twenty-two pounds. He is as good a child as any one could wish. The doctor says he is as healthy as any baby could be, and also says the use of your 'Favorite Prescription' was the cause of such a healthy baby."

Dr. Pierce's Pleasant Pellets are the best and safest laxative for the use of delicate women.

Pioneer Washingtonian Gone.

Death relieved the sufferings on Wednesday of aged Henry Westphal who has been an invalid for some years past from salt rheum and a complication of diseases. He has gone to his reward, for rewarded surely must be the man who on earth lives for his fellows and is ever thinking of their welfare. The funeral was held today at 2 o'clock from the residence of deceased and was attended by a host of friends, a large number of whom followed the remains to their final resting place.

Deceased leaves no relatives in in this country. For some years past he has been living alone. He was a man of keen perception and of more than ordinary knowledge of the world's history and workings. A lover of fair play and a friend of the poor and helpless. He was one of Washington's pioneers and fought in the early Indian wars with much valor. In 1887 he was a resident of Seattle and took much interest in the Angeles colony affairs until he was convinced that the moneys of the organization were not being judiciously handled He then visited Port Angeles and secured some valuable water-front property which he held in reserve promising to turn it over to the colony if it proved a success. He was not called upon to do this and by its sale he became comfortably fixed

He purchased a plain coffin some time ago expecting death, which had no terrors for him. Every arrangement for the funeral was calmly made and his last instruction was that no expense was to be incurred in his burial. He did not believe in squandering money on the dead when one left needy living behind. Simplicity itself, therefore, was the funeral of today.

The will of deceased, which is in the hands of the executor, R. C. Wilson, is characteristic of the man. $1,000 is left to his sister or her son in Germany if living; if not to the poor of his native city. The house in which he resided on 2nd and Francis streets and the lots upon which it stands go to a friend of Colony days, Adolph Anderson, who was recently severely scalded in an accident at the Treadwell mines in Alaska. Nearly all whose notes and mortgages he held are to be "forgiven" their debts, some of which he cancelled before his demise.

The balance, probably $5,000, is left to improve a county poor farm if the county has the land; otherwise to purchase a farm and improve it for the benefit of those who are without friends and home and unable to earn a livelihood.

The man's life throughout would make some of the alleged philanthropists blush for shame for truly he loved his fellow men.

M Peterson, of Port Crescent, was brought to this city Saturday evening with five breaks in his legs, caused by being caught between logs while loading. He was later taken to the hospital at Port Townsend. On the same boat from Clallam one Charles Williams was brought up with his left leg broken. While similarly engaged he was caught between the logs and badly used. He was removed on Monday's boat to Seattle hospital.

The Garonne excursion, Sunday, was somewhat of a fake, owing to the fact that few of the party were allowed to land. The excuse given was that the captain was "afraid" to put in at the wharf. Thus it always is with anything from Seattle. The fact was that the steamer had a bar and lunch counter running full blast aboard, and they desired all to spend their money with them. The ball game was forfeited after the 3rd innings owing to the refusal of the visiting team to play after 5:30.

A merry party of mountain climbers made the ascent of mount Angeles Sunday last and despite the fog had a very enjoyable time. A number of the party got lost in the fog and had about made up their minds that they were in for a night out when the fog lifted and they got their bearings, arriving home late.

Mrs. Church Dead.

Mrs. W. L. Church died Tuesday evening at 10 o'clock, at the home of her sister, Mrs. Gillespie, of Blaine, Wash., from the effects of a stroke of paralysis, recently received. The remains were brought to this city yesterday morning, and at one o'clock the funeral was held from the home of her son, W. L. Church on second street. A large line of carriages with friends followed the remains to their last resting place.

Deceased leaves five children to mourn her demise, W. L., John F. and Ken Church of this city, and one daughter in Iowa and another at Dawson. Her husband died nine years ago in this city. Mrs. Church was born in Richland Co. Ohio, 74 years ago, and removed to Iowa in 1855, where she became prominently connected with the early history of that state through the Spirit Lake massacre in 1859. In 1887 she removed to Port Angeles with her family, and was a resident here until very recently, and a host of friends mourn her demise.

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now [nearly a year since] a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by C. E. Nailor & Co.

The New Option Policy

OF THE STATE LIFE INSURANCE COMPANY combines every desirable advantage to the policy-holder that can be obtained in the policy of any safely conducted, progressive, old line company. It is non-forfeitable, upon very liberal surrender conditions, after the second year, and is adjustable to nearly every important financial contingency in life. In short, it may be said to furnish three kinds of insurance for one and the same premium, viz:—

FIRST—Insurance for the benefit of the family, in case of death of the insured.

SECOND—Insurance against poverty in old age, by its cash settlement.

THIRD—Insurance against sudden financial disaster, in that it is available as collateral security for a cash loan, to the amount of its loan value, at any time after two years.

Every policy in the State Life is secured by a deposit of its entire cash value with the state of Indiana

A WONDERFUL WORK.

SEN. SPOONER, OF WISCONSIN, Having a tiff with Senator Tillman.

To be a man who can excel one hundred thousand men in any one line is good; to be one in a million is better; but to be the only living man, (and the second one in the history of the world), who has drawn a perfect single line picture, is wonderful! This Mr. Flenning, author and illustrator of "Around the Pan," and "Around the Capital" ($2.00 books) has done in his drawing of McKinley. Price on best Japan paper, $1 00. His "Around the Capital," contains one hundred and fifty full-page Washington life pen and ink sketches and five hundred pictures of prominent Americans, including the statesmen, ambassadors and commanders participating in the Spanish-American War—comprising by far the greatest collection of facts and faces ever produced in one volume in condensed form, will interest the entire civilized world. The drawings equal, if they do not surpass, those of John Tenniel's, for which work he was knighted by Queen Victoria. The humor is contagious. THE NUTSHELL PUBLISHING COMPANY, New York, U. S. A.

Washington Notes.

DEMOCRAT-LEADER BUREAU, NEWSPAPER ROW. FROM OUR REGULAR CORRESPONDENT WASHINGTON, D. C., Aug., 19, 1902

The appointment of Judge Oliver Wendell Holmes to the Supreme bench to succeed Justice Gray, resigned, has given rise in Washington to some extremely interesting gossip. It is now claimed that it was Justice Gray who, at the eleventh hour, changed his vote on the income tax bill, and not Justice Shiras. It is also alleged that Justice Holmes is thoroughly anti-imperialistic in his views. Under these circumstances the questions now being discussed are, were an income tax law to be passed now would the Supreme court hold it to be constitutional? and, were it possible to again bring before the Supreme court, in a different form of course, the question of imposing a tariff on goods coming from the insular possessions across the borders would the court hold that federal taxation must be uniform in all of the territory controlled by the United States? It is freely predicted that in view of the vast aggregations of wealth which many regard as a menace to our country, the knowledge that the Supreme court would uphold an income tax would insure the election of a Democratic congress as fast as the present Republican complexion of the senate would permit. The tax would be a popular one with the vast majority of the people and, if such a plan can be arrived at, the Democrats in congress will endeavor to secure the enactment of some law which will necessitate the demonstration of its position by the court.

It is also freely predicted that the time is not far distant when Mr. Justice Shiras will resign. It is claimed the Pennsylvania delegation has already made overtures for the appointment of Justice J. Fay Brown of the Supreme court of that state. Senator Spooner is also being groomed to succeed Chief Justice Fuller, who will be 70 years of age in February, but who is expected to hold his seat for some years to come.
