EXPECTS TO BE RETURNED

TURNER CONFIDENT OF DEMOCRATIC SUCCESS THIS FALL

Believes the Issue Will Be That of The Trusts—Railroad Fight Will Enter Into the State Campaign.

United States Senator George Turner was in Seattle this week and before departing for his home at Spokane gave an interview to the Times in which he predicted Democratic success in the coming state election in this state. He also predicted his own re-election to the United States senate at the hands of the Democratic legislature.

Senator Turner was a member of the state constitutional convention and drafted the clause providing for the creation of a railroad commission and what he says about the neglect of past legislators will undoubtedly be very interesting:

Senator Turner said:

"Throughout Eastern Washington the people are earnestly in favor of the adoption of some means for the regulation of the railroads in the matter of fixing rates for freight and fares. This feeling has its origin, not in any hostile feeling toward the railroads, but through the belief that having a monopoly on the business in which they are engaged, the railroads possess too great a power if they are permitted arbitrarily to fix their own charges. The highest court in the land has declared that the people have the power, through their respective law-making bodies, to regulate the charges of the railroads. The constitution of the state of Washington makes it mandatory on the legislature of the state to pass laws regulating the charges of railroad companies, and especially points out that a railroad commission is the proper manner of accomplishing that object.

"This clause of the constitution has been overlooked by the legislatures of the state for the past thirteen years, as has also the clause providing that the legislature shall pass laws against the acceptance of railroad passes by state officials."

Asked as to his opinion regarding the manner in which the members of a railroad commission appointive or elective, senator Turner said: "I think that the discussion regarding the manner in which the members of a railroad commission should be selected has been injected into the commission fight by our Republican friends as a means of accomplishing the defeat of any commission. I think that we may safely trust a legislature selected by the voters of the state to decide between the relative merits of the methods of choosing a commission.

"I am satisfied that the state of Washington is anti-Republican and has been so for the past ten years. In 1894 the the combined vote of the Populists, Democrats and Silver Republicans was greater than the Republican vote of the state by 10,000. In 1896 the harmony between the elements opposed to the Republican party enabled them to carry the state by 13,000. In 1898 the Republicans carried the state by a small majority through the lack of complete harmony in the ranks of the opposition. In 1900 the state went Republican on the vote for President and Democratic on the vote for Governor. The elements of the Republican opposition will be in complete harmony this fall and there is every reason to expect a signal victory, I think this because I believe that the insincerity of the Republicans in the matter of favoring railroad legislation will be clearly manifest. This will be observed in the action and declarations of the Republican state convention and in the very great discrepancy between their platform declarations and the character and sympathies of the men nominated on the legislative tickets.

"Another reason why I believe the Democratic party will be victorious is that the growth of the trusts in the country at large has been so startling, and their effect on the prices of the commodities they control is so manifest, that the people will determine that the Republican party must be overthrown, since they now well know that they can expect no relief from that party.

"I feel that these causes will give us victory all along the line. I think this because I believe it ought to do so and I am a very strong believer in the wisdom and the patriotism of the American people."

Asked whether he is or expects to be a candidate for reelection to the position he now occupies, Senator Turner said:

"I am proud to believe that if we carry the State Legislature at the coming election my political friends will insist on my return to the Senate. I confidently believe that we will carry the Legislature, and this gives me confidence in the belief that I will be returned to the Senate."

WEEKLY CROP BULLETIN.

Summary of the Weather and Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week ending August 25, 1902:

The week was one of moderate temperature, with cloudiness on two or three days, but without any rain. It was perfect weather for harvesting, and the cutting and threshing of wheat, barley and oats was in full progress throughout the week. The winter wheat harvest is practically finished, but spring wheat and oats cutting will continue a week or ten days longer with present weather conditions. What threshing has been done has seemed to demonstrate that the general yield of wheat is only fair to good, and not the splendid crop that was anticipated earlier in the season. But reports are rather conflicting, some localities showing better results than others.

The oat crop in the Skagit country will be less than average, as the kernels are reported to be small, and there is some blight and smut. Although root crops and late potatoes were benefited by the rain of a week ago, they, as well as pastures, are now in need of more rain. There are some reports of blight in potatoes. Hops continue to do well. Some are cutting the third alfalfa crop of the season in the Yakima country. Peaches, pears and plums are now being marketed in large quantities. Prunes are dropping rather badly in the western counties. There is now promise of a fair apple crop.

A few of our latest styles of Ladies Shirt Waists will be closed out at cut prices, at Kirschberg's.

Wanted—New milch cows with calves, just in, or springing. Must be shipped to Alaska in September. Apply to Tom. Watson, Port Angeles.

Come and see our lot of Tinware which we are closing out. We don't propose to handle tinware after we sell what we have on hand. It is going at extremely low prices. Kirschberg's.

COUNTY NEWS

Clallam Bay Record.

It is reported that the Seattle Logging company, of Port Crescent, has libelled the steamer Alice Gertrude in the U. S. court on a claim of $10,000 for salvage. The company's tug Augusta rescued the Gertrude in the Straits over a week ago when the Gertrude lost her propeller. It will take a lawsuit to determine how much money is due the tug for towing the Gertrude out of danger.

Dr. Cox the superintendent of the Quinault Indian reservation came near death the other day. A drunken Indian took aim at him with a gun. The gun snapped and the doctor with the help of an Indian policeman jumped on the would be murderer and overpowered him. The trouble grew over a bottle of whisky which some careless timber locators gave some young Indians. Soon as Dr. Cox heard of it he seized the bottle and smashed it and this made one of the bucks so mad he swore to kill the doctor.

County Treasurer Dyke was here Tuesday evening for the purpose of meeting with the board of school directors to open bids for the school bonds of this district. The district wants to sell $2000 worth of bonds to run 20 years with the option of redeeming in 10 years. Three bids were received: one offering to take the bonds if paid six per cent interest; two bidders agreed to buy them if paid 5½ per cent. The board of directors believe that the rate of interest was too high and rejected all the bids and will readvertise for new bids.

Forks.

The merry crowd of Forks people, spoken of in last week's Record as having gone to Lapush for an outing on the sea shore, have established Camp Tuqually at the cannery. They have plenty of muck-a-muck and music and are having an enjoyable time.

It now looks as if the Odd Fellows hall here is an assured thing. The matter of a site seems to be well settled.

Quillayute.

Rains the past week have refreshed the gardens some but not enough to do much good.

The Rev. R. Fletcher and wife came here a few days ago from Seattle. He will take charge of the church work here and at Forks.

There is a host of timber locators in the country looking over their claims.

Mr. Marshall has left us and gone to work at the Lapush oil fields.

The cruisers Philadelphia and Boston reached Seattle Saturday after a trip of six days. They were so long on the way that the Wisconsin was ordered to go in search. They are to be thoroughly overhauled, at an estimated cost of $250,000 on the former and $500,000 on the latter. The training ship Mohican is also due on the sound from the Hawaiian islands, and when she arrives there will be six war vessels on the sound, namely, the battleships Oregon and Wisconsin, cruisers Philadelphia and Boston, the Mohican and the torpedo boat destroyer Goldsborough. It is not known at this writing just what date the vessels will visit Port Angeles, but it is stated rooms have already been engaged for officers wives.

CLALLAM'S OIL FIELDS.

A VISITOR TELLS WHAT HE SEES AND HEARS AT THE SEAT OF OPERATION

Well is Down 430 Feet and Emits a Strong Oil Odor—Hissing and Gubbling of Escaping Gas Also Heard.

Drilling for oil in Clallam county at LaPush on the ocean has been going steadily on and the shaft is now down some 430 feet with most excellent indications and prospects, according to an eye witness who writes the Clallam Record in the following strain:

"Arriving at Mora August 13th and crossing the Quillayute river I began a three mile walk south to the Lapush Oil company's works situated on a bluff overlooking the grand old Pacific," says "On my arrival there I found that the men were all down at the beach unloading a schooner, which had on board a cargo of casing for the oil well. I made my way down alongside of the tramway which, by the way, is built from the works to the beach and provided with a car to which is made fast a steel cable which is also attached to the stationary engine. By this means everything is taken from tide water up to where it can be handled at the works.

"At the beach I was met by Mr. M. Scott, the general manager, and Mr. Price, the secretary of the company. Messrs. Wardel, Clark, Marshall, Young and others were engaged in transferring the cargo to shore and up the tramway to the works which was all accomplished in time to hear the welcome blast of the whistle for supper which was responded to by a hungry crowd among whom was "yours truly." After supper we were taken on a tour of inspection of the plant.

"The buildings are situated in a small gulch. They consist of the main building, housing the engine and machinery for drilling, and alongside this, is the boiler house and near by is the machine shops. All are conveniently located and all provided with the necessary tools for the drilling of the wells.

"The engine is a 20 and the boiler a 28 horse power. The fuel is cut on the side hill put in a chute and landed near the furnace.

"The greatest point of interest is the hole that is going down to develop the hidden reservoirs of oil that is supposed to exist in this promising oil formation.

"On removing the cap to the casing one is astonished at the strong odor of gas coming up and by placing the ear over the casing one can distinctly hear the hissing bubbling of escaping gas or oil far down below.

"This seems almost incredible as the drill is now down about 430 feet. With this bright prospect it is confidently expected that oil will soon flow. The promoters of the oil company deserve great credit for their enterprise carried on in the face of difficulties. Machinery had to be landed on the beach and sent up an incline of 300 feet. The beach is a rock bound coast where the barges were in constant danger of destruction.

"Mr. Malcom Scott is the sole manager of this company and is a man of ability and long experience in the oil business and he tells me that he never in all his life has seen better prospects for oil than there is right here.

"The sum of $14,000 has been expended in boring for oil and the company expects to keep at it night and day from now on until oil is struck or it is proven beyond question that there is no use drilling."

A Cure for Cholera Infantum.

"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoe Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now [nearly a year since] a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by C. E. Nailor & Co.

Coming.

Queen Esther will be presented at the opera house on Tuesday and Wednesday evenings, Sept. 22d and 23d for the purpose of raising funds for purchasing apparatus for our city high school.

This beautiful cantata will be presented under the direction of Mr. M. E. Robinson, of Chicago, who has met with the greatest success in presenting it and other first-class performances in many of the large cities of the U.S., including Seattle, Spokane and Whatcom of our own state.

Mr. Robinson hopes to meet all the musical people of the city on the occasion of the first rehearsal, which will be held in the opera house on Monday evening, the 8th of September.

A matinee for the benefit of small children will be given at 2:30 p. m. on Saturday, the 20th of September.

CALL FOR

Democratic County Convention

PURSUANT to order of the Democratic County Central Committee of Clallam County, which was duly called and met at Port Angeles on Saturday, August 9, 1902, at 2 o'clock, P. M., a Democratic County Convention is hereby called to meet at Port Angeles, in said county, at the hour of 10 o'clock, A. M., on

THURSDAY, 11TH DAY OF SEPTEMBER, 1902,

for the purpose of selecting seven delegates to the Democratic State Convention which has been called to meet at Tacoma, Washington, September, 16th., 1902, and for nominating delegates to the Joint Senatorial Convention for the counties of Clallam, Jefferson and San Juan, to be hereafter called, and for the purpose of nominating one candidate for State Representative and candidates for the various county offices, to be voted for at the ensuing election on November 4th., 1902.

The representation at said convention will be based on the vote cast for J. R. Rogers the Democratic nominee for governor at the last general election, being one at large for each precinct and one for each 10 votes or major fraction thereof, as follows:

BRIEF WORK
a Specialty

CLOSE observers of politics in this state can scarcely fail to see that public sentiment in favor of the return of Hon. George Turner to the U. S. senate is growing appreciably stronger.

There are several good reasons why this should be true and here they are briefly summarized, as follows: First, the splendid record that Turner has made as a leading statesman and the general recognition of that fact by nearly all his constituents without regard to party. Second, the fact that all the leading candidates in opposition to Turner are all very small men as measured by the senatorial yard stick, and suffer in comparison with the man whom they all wish to displace. Third, the bitter factional fight going on among these politicians and their followers is having the natural effect of displeasing and disgusting thousands of Republican voters of independent proclivities who are beginning to feel that the best way out of this party muddle is to turn down all these aggressive aspirants and that the only way it can be done is through the re-election of Judge Turner. Fourth, these independent voters realize that if the Republican party controls the next legislature the whole session will be wasted, as has been the case so frequently in the past, with fighting over these old battles of the politicians, which invariably means that the real interests of the people will not only be neglected, but will be sacrificed. On the other hand they realize that if the legislature be Democratic, the vexed senatorial question will be settled in an hour's time and the members left free and untrammeled to consider properly pending legislation demanded by the taxpayers. Fifth, farseeing men, especially business men, perceive that in the event that the next national administration should be Democratic that it would simply be good politics to have a senator in sympathy with it. In such an event it is certain that the state would receive much more consideration at the national capitol.—Yakima Democrat.

THE holdings of the Seattle Logging company in the county are worth in the neighborhood of $100,000. The assessor, one of the company's employee's assessed the lot at the very low figure of $19,950.00. Not satisfied with this handsome present Commissioner Gierin, the company's manager at Crescent, succeeded in having the assessed valuation of the company reduced $3,500 at the recent session of the Board of "Equalization." The people voted to have the corporation run the county affairs so guess we have no kick coming. Majorities rule, no matter how those majorities are received.

THE Trans-Mississippi Congress by a close vote last week condemned combinations as oppressors of the people. "Trusts" will be an important issue in 1904, and it would be well to watch how adroitly the Republican platforms with few exceptions will straddle the question, in the endeavor of the framers to fool the people into the belief that the Republican party is agin the oppressors.

SEVERAL of the candidates on the Republican ticket are becoming real nervous at the great array of candidates that are springing up for the Democratic nominations. There are already sufficient number in the field from which to select a very good ticket.

FROM all parts of the county comes tidings of exceeding dissatisfaction with the majority of the candidates on the "ring" ticket, and from the tenor of the protests there will be some surprises for the majority managers.

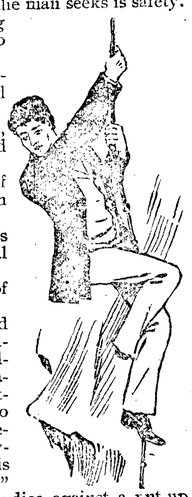
We sold large quantities of our 25c Chambrays and Organdies, but we find we have more on hand than we care to have at this season of the year, hence will sell the remaining at 19c per yard, at Kirschberg's.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.



There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians—"There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Uinta Co., Wyoming. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his Golden Medical Discovery"—which I did. I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose.

Washington Notes.

DEMOCRAT-LEADER BUREAU,
NEWSPAPER ROW.
FROM OUR REGULAR CORRESPONDENT.
WASHINGTON, D. C., Aug., 26, 1902

The official figures of the last session of Congress have at last been issued. They show that the recent session appropriated the stupendous sum of $1,063,335,961.55. Equal lavishness at the next session will make the total appropriations of the 57th Congress aggregate more than two billion dollars. Representative Livingston, the ranking Democratic member of the appropriations committee of the House, who furnished the estimate made in these letters when Congress adjourned, placed the total at $1,059,577,052 but it will be seen that even he underestimated the extravagance of the session. It will be remembered that at the same time Mr. Livingston gave the figures for the last Congress under Democratic control and that they aggregated but $550,000,000. Better evidence of Republican liberality, with the funds of the people, could not be asked for.

The President is reported to have arranged his share of the coming campaign to his entire satisfaction. He will go before the people and advocate Cuban reciprocity. Secretary Shaw has been detailed to cover the tariff issue. Secretary Root will be sent out to defend the army and the Philippine policy and Attorney General Knox is expected to satisfy the inquiring voter on the trust question. If the President is successful in carrying out this program it will be veritably a strenuous campaign.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

COUNTY NEWS

Ozette

Captain J. H. Blum was here with his schooner lately and unloaded a cargo of provisions. There came up a gale of wind and he had to get out to sea in a hurry and lost his anchor and rudder on Ozette Island and struck a rock. The schooner took it all in good part, however, and reached Seattle.

Timber cruiser Riley is here again cruising and buying timber. Marshall Clark is here from Pomana, Cal., looking after his homestead.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation.

With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

It is not known here whether the Oregon will put in any time practicing at this point or not, though it was understood she was to, prior to receiving orders.

A party has called our attention to the fact that the wharf here is really too small for a real large boat to tie up to, and it is so short that a vessel drawing 25 feet of water is in danger of touching bottom at low tide. This, he says, gives an excuse for such excursions as that of two weeks ago on the Garonne to keep the excursionists aboard and prevents others from coming here, who would be pleased to if we would make a little effort to see that they would be taken care of upon their arrival. There is nothing pleasanter than an excursion to a point where one can get the exhilarating mountain breezes, and if a suitable park was provided and excursions encouraged Port Angeles would be a popular resort.

State Life Insurance Co.

OF INDIANAPOLIS.

The New Option Policy

OF THE STATE LIFE INSURANCE COMPANY combines every desirable advantage to the policy-holder that can be obtained in the policy of any safely conducted, progressive, old line company. It is non-forfeitable, upon very liberal surrender conditions, after the second year, and is adjustable to nearly every important financial contingency in life. In short, it may be said to furnish three kinds of insurance for one and the same premium, viz:—

FIRST—Insurance for the benefit of the family, in case of death of the insured.

SECOND—Insurance against poverty in old age, by its cash settlement.

THIRD—Insurance against sudden financial disaster, in that it is available as collateral security for a cash loan, to the amount of its loan value, at any time after two years.

Every policy in the State Life is secured by a deposit of its entire cash value with the state of Indiana

Better Things In View.

Manager Peabody of the Puget Sound Navigation Co., was a visitor Tuesday night, and upon being advised by a representative of the DEMOCRAT-LEADER that the people of Port Angeles appreciated very much the service he was giving them and hoped it was to continue, said:

"They ought to. But I have better things in store for Port Angeles and I want the people here to understand that we intend to work with them for the rapid development of this city and county. I now have in mind a plan which I believe will be of great benefit to this city, and trust it will be productive of as much good as we believe it will be."
