VOL 14, NO 24 PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, SEPTEMBER 19, 1902. PRICE FIVE CENTS

UNANIMOUS FOR COMMISSION

AFTER CHOOSING BETWEEN TWO METHODS 404 TO 115.

A Platform Adopted That Cannot Be Misunderstood—Washington Favorite Son Named for U. S. Senator.

THE CHOSEN:
For U. S. Senator,
HON. GEORGE TURNER, of Spokane
For Justice Supreme Court,
JAMES P. REAVIS, of Yakima
For Congressmen,
GEORGE F. COTTERILL, of King.
O. R. HOLCOMB, of Adams.
FRANK B. COLE, of Pierce.

The Democratic State Convention convened in Tacoma Tuesday and was attended by a large delegation from each of the several counties. Their labors were completed the same night before adjournment at 10:30 and the above named ticket was chosen.

The convention was called to order by Chairman Drum, who introduced temporary Chairman H. W. Canfield, of Whitman county. F. R. Marvin was named as secretary and C. B. Blethen, reading clerk. Frank Sewall and Jas. B. Winston were subsequently named assistant secretaries. The committees were then appointed. Mr. Trumbull of the local delegation being named on the platform, Mr. Murphy on rules, and Mr. Fisher on the credentials committee.

Reconvening J. C. Allen, of Seattle, was named as permanent chairman. The committee on permanent organization recommended an elaborate new system for the selection of the state central committee. Under the new rules which were adopted by an overwhelming majority the state committee shall be composed of one member from each county, which member shall be chosen at a primary election held on the first Saturday in April, 1904, and bi-annually thereafter, under rules to be laid down by state committee. County committee may decide to name committeemen,

One of the other important features of the new rules was that defining the duties of the committee, which is empowered in addition to making apportionment and calling conventions to conduct all the state campaigns of the party and to do all things necessary in the judgment of the committee to effectively organize the party within the respective precincts and counties of the state, with the view of causing the party's principles to be embraced by all the inhabitants thereof, provided, any state convention may name an advisory committee of seven to assist in the conduct of any campaign.

While the convention waited for the report of the platform committee, Senator Turner, who sat in the Spokane delegation, was called on for a speech. Senator Turner mounted the platform and was given a tremendous ovation, attesting the fact that his personality and his views had the entire convention absolutely in his favor. The delegates rose in their seats and cheered the senator repeatedly,

At the conclusion of the senator's eloquent speech the platform was read and unanimously endorsed in all particulars with the exception of the commission plank. There were a few who favored an elective commission and fewer still who wanted no commission at all.

Godwin of King moved that the commission be appointed by the legislature instead of the Governor and a two hours debate followed. Senator Turner concluding for the friends of a commission and the motion was voted down 405 to 115. The platform was then adopted by a viva voce vote.

The matter of an endorsement for a United States senator was the next order of business. Heifner, of King, secured the floor, while half a dozen others ambitious to name Senator George Turner for re election were on their feet. The King county man made the nomination, which was carried with a rising vote and an enthusiastic hurrah.

It was declared the sense of the convention, if the proceeding would be legal, to have the secretary and chairman certify the name of Senator Turner up to the secretary of state together with

IMPROVEMENTS ORDERED.

COUNCIL DREAMS OF REVENUES LARGE BY AND BY.

City is $900 in Hole But There is Yet Much to Be Done in Necessary Improvements—Light Plant Must Pay.

Little business of importance wa transacted at Wednesday's council meeting. Mayor Bradley and councilmen Hallahan and Bowman were absent. Mr. Lauridsen was voted to the chair.

The finance committee reported on the claim of Kilbourne-Clark Co., recommending that same be allowed for rewind of armature and disallowed for new commutators, same not having been ordered by council. The report was signed by Messrs. Miller and Lauridsen. Mr. Lauridsen did not notice when he signed report that it recommended disallowance of claim and withdrew his name. Filed.

A communication was read from marshal Anderson asking a two weeks' leave of absence, and naming Robert Shields to act during his absence. The request was granted.

Council was notified in a communication from Messrs. Carrigan add Fisher to the effect that Valley street extension, between First and Front streets, was in a dangerous condition, and asked that the same be put in repair that teams might safely approach their wharf.

Mr. Grubb stated that the Little River Mill Co. wanted to put their shingles on Valley street dock. Mr. Lauridsen stated Mr. Fisher had agreed that if city would furnish balance of lumber necessary, 4,600 feet, he would have it put down. The lumber was allowed.

The following bills were read and allowed with two exceptions:

G G Teachman, arrest .....$	2 05
Thos Penniman, court fees, Latimer case.....	4 55
G G Teachman, special police...	20 00
Ang Water Co. August rent	25 00
D S Allen and men, st. work	20 30
P Chambers, freight and drayage	3 00
D O'Brien, st work	26 60
Filion mill, lumber for streets .	168 02
Gate City Co., Co., contract ...	480 92
McIvor & Swanson, blacksmith .	1 30
Dr. McGillivray, special case....	20 00
G G Teachman, light manager..	20 00
Kilbourne-Clark Co. elec mach'y	136 35
G M Lauridsen, oil, etc	12 25

Bill for commutators was discussed. Mr. Miller stated that not a member of council had been consulted regarding the order, and he did not believe a bill of $80.40 should be contracted without consent of at least four councilmen. Mr. Grubb explained that when armature was repaired it was found that commutators were necessary. The mayor came to him, but while he wanted the light he only spoke for himself. The bill was ordered paid.

Bill of Dr. McGillivray was referred back for authority.

Mr. Miller objected to payment of claim of police justice upon the ground that under the testimony of the marshal himself there was no justification for the arrest of Mr. Latimer, and he thought the party who ordered the arrest should pay the cost. The bill was ordered paid upon motion of Mr. Smith, who said he moved to pay the fool bill as a rebuke to those who allowed such to be contracted

Question of rejuvenating the jail was referred to the health committee with power to act.

Mr. Smith called attention to need of repairs of walk on Race street between 4th and 7th, and on 4th, between Race and Washington; also crossing at 7th and Race. He moved that about 7,000 feet of one and one-half inch lumber be allowed for said repairs, and for repair of Race street walk between 2nd and 4th. Motion carried.

Two thousand feet of lumber was ordered for repair of Valley street between 1st and 2nd.

Asked regarding the Peabody bridge by the mayor pro tem, the street commissioner suggested that two inch plank 14 feet long be placed thereon at an angle. By this plan the bridge could be repaired with 10,000 feet of lumber. Mr. Smith thought if plank was laid lengthwise it would be much better. The street committee was given another week to report.

Mr. Miller called attention to having asked different parties for bids for filling in Front street, Mr. O'Brien offered to do the job to satisfaction of street committee for $75.00. Offer was accepted.

The city clerk stated that the current expense fund was $900 behind and warn council to go slow.

Mr. Smith moved that the committee be directed to take steps to put light plant on a paying basis. Mr. Grubb stated he expected to pay $25 per month for light service, and if others paid their just proportion the plant would pay expenses and more. The motion carried.

WEEKLY CROP BULLETIN.

Summary of the Weather and Condition of Crops in All Parts of the State.

U. S. Department of Agriculture Climate and Crop Bulletin of the Weather Bureau, Washington Section. Week Ending Sept. 16.

The week was dry throughout, except for one or two light showers in the northwest counties, and warm, except the last two days, which were noticeably cool. Beginning on the 12th dense smoke from forest fires overspread the sky in the western counties, shutting out the light of the sun: and by the 15th the smoky conditions had spread over the eastern part of the state also. Much damage was done by the timber fires in some localities of the western counties. Rain to extinguish the fires is anxiously awaited.

The showers in the northwest counties were too light to be beneficial, and the protracted drought has about used up the pastures. It has caused vegetables to stop growing, and to ripen prematurely. The late potato crop and the root crops will be somewhat shortened.

Harvest is about over in the western section. The oat crop is lighter than usual, but generally of good quality. Fruit is dropping badly. Prunes in some localities are a heavy crop, but as a rule apples are not. Hop picking is now fairly under way, and, unless wet weather set in early, a crop of splendid quality will be gathered.

Wheat harvest is over in Spokane and Walla Walla counties, and fall wheat seeding has begun. Rain is necessary to put the soil in good condition for seeding. In Whitman county a little cutting and half the threshing remains to be done. The yield in Whitman county is good, and in some cases excellent. In Adams county it is below average. In Lincoln and Douglas counties the harvest is nearly over, and threshing half through. The third crop of alfalfa has been saved in Yakima county,

THE brutality and arrogance sometimes shown by the majority is manifest in the county to a remarkable degree. To quote one of these shows how they hold in contempt the honest voter: "We have several on the Republican ticket who should not have been placed there, but we have the majority to elect any "yaller dog," and are going to elect the entire ticket. What are you going to do about it?" What are you going to do about it? We repeat to the voters of Clallam, a large majority of whom if they consult their consciences and Americanism are more in sympathy with the policy of the Democratic than with the Republican party. You will be required to answer in 46 days. Be sure you are right before you speak, for you cannot retract for two years.

IT now seems as though Senator Wilson engineered the King, Pierce combination at the Republican convention to put them out of the race for senator. Tacoma now has a senator and representative. Seattle has two candidates for congress and eastern Washington must be represented. By whom? now is the question—Turner, Wilson or Ankeny? The answer should be easy.

TRAVELING on a government revenue cutter while touring the sound for campaign purposes is not within the lot of everybody, but Congressman Cushman made the boys a call on the Grant Sunday, that boat awaiting his pleasure for ten hours while he had a pleasant political chat reviewing his chances of re-election. The Democrats will have to pay their own traveling expenses this campaign.

THE Republicans have declared in favor of a railway commission but have named candidates wholly opposed to the plank. Query: Will these gentlemen if elected empower the governor to appoint a railway commission? Not if they can help it.

Thousands Have Kidney Trouble and Don't Know it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and $1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

TURNER AND FOSTER.

From every source irrespective of party come words of praise of Senator Turner's great ability and prominence in the United States Senate. Everybody recognizes him as a giant among the few giants of the senate and a most influential and worthy representative of this great body. Our other representative in the upper house has hardly been mentioned and when it comes to mentioning him for deeds done we must keep silent for the following from the Oregonian, a staunch independent Republican paper comes pretty near the true mark:

"In the senate, Senator Foster is a mere lay figure. He has no acquaintance with the broad questions of the time and is past the age when culture of this kind is easily acquired. He has no basis for independent judgment. His opinions are all second hand and held subject to revision and correction by his secretary. Nobody aaks his view; nobody cares what it is. His voice is never heard in the senate on large issues, for the simple reason that he has nothing to say, nor the heart to say it if he had. His position, contrasted with other senators, is trivial and pitiful. He has paid an unreasonable price for the empty honor of being called 'Senator,' and there is no real respect, either in the senate or out of it, for such a person, who has no qualifications for this position, who is a mere pawn in the game."

Ankeny, whom the local Republicans endorsed to succeed Senator Turner, has no more to commend him than has Senator Foster, and not as much, for though Foster is a mere pawn he is a much honester and more conscientious man than Ankeny.

If the people have any pride in their state at all they will see to it that Senator Turner is re-elected, and this can only be done by electing a Democratic legislature.

Unrest in the East.

Editor Goodvear of the Colfax Commoner has just returned from an extended trip east and says:

"It looks to me as if the East is on the verge of a political revolution. The Republicans are dissatisfied with existing conditions. The trust evil is creating great unrest. The Philippine policy of the administration is not popular in the east. It never has been It decreased Republican majorities for McKinley in 1900, and is likely to result in the election of a Democratic Congress this year and a Democratic President two years from now. Democrats everywhere are hopeful. The New England Democrats, as a rule, are not reorganizers. The magnificent reception they gave Mr. Bryan is an evidence of that."

"To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years; and suffered more than I can tell," writes Mrs. Gust. Moser of Orando, Decloudge Co., Mont. "My disposition was affected to such an extent that to say a pleasant word to anyone was almost impossible.

"I had two operations performed by one of the most skilled surgeons of the West but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser.

"I continued this treatment for three months, and to-day am as healthy and well as a woman can be. I cannot thank Doctor Pierce enough for his kind letters to me."

Womanly diseases, as a rule, spoil the "disposition," because of the extreme nervousness and suffering they cause. Happiness as well as health is restored to the woman whose diseased condition is cured by the use of Dr. Pierce's Favorite Prescription.

After eight years of suffering and two fruitless operations, three months' use of "Favorite Prescription" restored Mrs. Moser to perfect health. This great remedy for woman's ills, establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

UNANIMOUS FOR COMMISSION

Continued from Page One.

the other nominees of the convention.

The candidates were then named by acclamation, and are among the cleanest men in the state. S. B. Barron, of Okanogan was first named in Cole's place. In the interest of harmony he withdvew in favor of J. E. Bell, of Everett, but that gentleman was for an elective commission and would not stand. so Frank B Cole of Tacoma was named by acclamation:

Clallam Delegation.

Tacoma, Sept. 16th. The following delegates attended the Democratic convention: John Trumbull, Thos. J. Murphy. H. M. Fisher, John Hallahan and Frank Chambers, Sr.

Shortly after their arrival here and upon taking rooms at the Hotel Donnelly, the delegation was called togetber and organized for the work in hand. Mr. John Hallahan was elected chairman and H. M. Fisher secretary of delegation.

John Trumbull was elected state committeeman and H. M. Ficher was named for committeeman on credentials; Thos J. Murphy on rules and order of business: John Trumbull on platform.

The senatorial convention was called at the Olympia Hotel. Judge Kuhn was made chairman, and H. M. Fisher, sec'y.

Dr. F. S. Lewis was the unanimous choice of the joint delegation for senator

H. M. Fisher and John Hallahan were elected senatorialcommitteemen to serve four years.

The delegates voted as a unit upon every question before the convention.

The platform adopted reads:

We, the Democratic party of the State of Washington in convention assembled, hereby adopt the following declaration of principles:

We renew our allegiance to the fundamental principles of government and the rights of man as set forth in the Declaration of Independence and the Constitution of the United States, and we reaffirm and endorse the principles laid down in the last national platform adopted at Kansas City. Regarding those principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust-fostering tariffs, as opposed to financial monopoly and an asset currency, and as opposed to all other legalized monopolies, subsidies and privileges, we condemn every effort which tends to repudiate or ignore them.

We deeply deplore and lament the untimely death of Washington's great and good governor, John R. Rogers. He was a public-spirited citizen, a courageous official, a champion of justice, and an honest man, and we herewith bear witness to the love and respect we had for him.

Along with all patriotic men we express our abhorence of the tragedy that resulted in the death of the President of the United States, William McKinley. The manner of his death was a blow at constitutional government and was an effort to undermine our civilization and to destroy the foundations of republican institutions.

In state and county affairs we pledge the nominees of our party to an honest, efficient and economical administration of public affairs, and as an evidence of the fidelity with which Democrats discharge public duties we point to the administration of state affairs from 1897 to 1901, which for honest and economical management stands unmatched in the history of this state.

We demand the rigid enforcement of the law relating to the assessing of all property, and we especially demand that the personal property and franchises of the railroad and other public service corporations shall be assessed at not less than their salable value as going concerns, so that they shall not hereafter evade just and equitable taxation.

We are in favor of so amending the constitution of the state that questions of a fundamental character may, under proper conditions and at the initiative of a sufficient number of electors, be submitted directly to the people for adoption or rejection, thus providing a corrective for the infirmity of government by political parties and making it certain that the voice of the people on all such questions will in the end prevail.

We are without qualification in favor of the election of United States senators by a direct vote of the people.

We commend the wise, statesmanlike and patriotic course of Senator George Turner throughout his term in the United States Senate. His voice has always been raised in defense of the principles of Democracy and of free government, and the influence and high standing to which he has attained in the halls of Congress have and still do reflect credit upon his party and his state. Never before in her history has Washington had a senator so able and so useful, and in the interests of the whole people of the state we pledge that every Democratic vote in the next Legislature will be cast for his reelection.

We unqualifiedly demand the complete exclusion from all American territory of all Chinese, of either whole or mixed blood, according to the terms of the bill presented to Congress by the American Federation of Labor, and we denounce the Republican majority in Congress for their treason to the working people and to the Pacific Coast in rejecting this bill and passing the present weak and inadequate law.

It is believed by the Democratic party of Washington that this state, great in all natural resources for the production of wealth, rich and prosperous, can well afford to give such statutory protection to its wage earners as will best tend to equalize their relations with their employers and protect them from the unnecessary hazards of their employment. We declare it to be a part of the policy of the Democracy of Washington to enact into law the following bills:

First—A bill relating to the protection of dangerous machinery.

Second—A bill relating to the assumed risk of workmen in mills, factories and other workshops.

Third—A bill relating to an eight-hour workday on state public work.

Fourth—A bill defining who may be fellow servants and providing a reasonable penalty for its violation.

And we instruct the Democrats in the Legislature to work and vote for the same.

We invite the earnest consideration of the voters of Washington to the evils which beset present industrial conditions growing out of the formation of enormous corporations, commonly known as trusts, organized for the purpose of concentrating all of the chief products, industries and means of transportation in the hands of a few large capitalists, thereby enabling them to dictate to the farmer the price of his product, to the consumer the price of his necessities and to the laborer the price of his wages; and we call attention to the fact that these evils are fostered largely by national legislation giving so called protection to products controlled by monopolies and to the refusal of the Republican party, now in control of the legislative and executive branches of the government, to enact and indorse effective laws against the combinations in restraint of competitive trade. Manufacturing concerns which enter the markets of the world and there sell their products in competition cheaper than they sell like products to citizens at home are not proper subjects for protection. We demand that protective rates be taken off all trust-made articles and that the same be placed upon the free list.

We demand a fair and equal division of government funds appropriated for irrigation purposes in the various arid districts, said division to be made according to acres and their value as raw land (irrespective of the proximity to towns and cities) to be irrigated in the different counties lying in said arid districts.

We condemn in unmeasured terms the special privileges given to certain individuals of sheep grazing on the government forest reserves in this state, that are held in trust for the benefit of all the people and are the natural watersheds and necessary for the accommodation, use and enjoyment of all settlers for irrigation purposes.

The railroads are public agencies and are subject to public control. They are in their nature monopolies, and the public interest imperatively requires that they be controlled. Therefore, disclaiming any spirit of hostility to the railroads, and admitting that they are necessary to the continued growth of the state, we declare ourselves in favor of the establishment of a bipartisan railroad commission, to be appointed by the governor in the first instance, and thereafter to be chosen in such manner as the Legislature in its wisdom shall determine, which commission shall be clothed with ample power to fix freight and passenger rates on all rail and other transportation lines, to correct the abuses in the conduct thereof, and to prevent discrimination and extortion thereby, and with power to require and compel the listing for taxation at its fair and just cash value of all the property and franchises of railway, express and telegraph corporations and other corporations of like character. For the faithful execution of the above policy we pledge the faith of the Democracy of the State of Washington. We denounce the declaration of the Republican convention on the subject of a railway commission as insincere, and charge that that convention well knew that a majority of the Republican nominees of the Legislature in this state are opposed to the establishment of a railroad commission, and will not vote for one if elected.

We favor legislation to carry out the imperative mandate of the constitution of the state forbidding the giving to or receiving by public officers of free passes on railways and transportation lines.

We demand that the maximum rate for the carriage of passengers on all railways within the state shall not exceed three cents per mile.

We instruct all Democratic legislative nominees to support the foregoing proposition, and pledge their loyal adherence to these instructions if elected.

We express our deep and profound sympathy for those of our people who have suffered by reason of the recent forest fires in this and adjoining states.

A resolution presented by Mr. Ronald of Seattle, demanding that the state be divided into congressional districts and arraigning the Republican party for having failed to do this, was adopted and made a part of the platform.

A WONDERFUL WORK.

To be a man who can excel one hundred thousand men in any one line is good; to be one in a million is better; but to be the only living man, (and the second one in the world), who has drawn a single line picture, is wonderful! This Mr. Fleming, author and illustrator of "Around the Pan," and "Around the Capital," ($2.00 books) has done in his drawing of McKinley. Price on best Japan ese paper, $1.00. His Around the Capital," containing one hundred and fifty full-page Washington ink sketches and five hundred prominent Americans, statesmen, artistes of prominent Americans, statesmen, ambassadors and commanders participating in the Spanish-American War—comprising by far the greatest collection of facts and faces ever produced in one volume in condensed form, will interest the entire civilized world. The drawings equal, if they do not surpass those of Sir John Tenniel's, for which work he was knighted by Queen Victoria. The humorous contagion is THE NUTSHELL PUBLISHING COMPANY, New York, U. S. "Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up themucuous membranes causing them to crack open and bleed. The powerful acids in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARR CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept E637, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

The ball game Saturday between the Townsend and Angeles boys was a well contested game in which Angeles won out by a score of 8 to 10 One of the visitors got crippled in the middle of the game, however, or the result might have been different. Sunday another game was played, but the Townsend boys hardly knew they were in it. Whether from discouragement or what they could not play as the score shows. They missed many good chances and made many errors. The score stood 9 to 1. Jack Woods acted as umpire in the first and Frank Sullivan in the last game.

The Goodwin shingle mill people lost about $1,000 in Monday's blow. They had a large new scow at anchor in Freshwater bay partly loaded with shingles. Formerly it had been swinging from a 150 foot cable but this being needed a 50 foot chain was substituted. The result was the anchor would not hold with the shortened swing and the scow was driven ashore and smashed up.

The presentation of "Queen Esther," to be given by Spokane singers at the Spokane theater Thursday and Friday evenings, promises to be an event of decided interest. Under skillful guidance the singers are rapidly perfecting their work in a way that reflects much credit upon the director, Edwin Robinson. Miss Arnetta Owen as the brave queen' Dr. R. A. Heritage as the mighty monarch Ahasuerus, Jesse Buchholz as the fearless Hebrew Mordecai, and La Rue Perrine as the crafty Haman, will occupy leading roles.

The story of "Queen Esther" is a drama of surpassing interest. Ahasuerus of Herxes, miscalled the great, a capricious, sensual oriental despot, deposes his wife, Vashti. Upon the advice of his courtiers, the most beautiful women in all the king's dominions are assembled at Shushan, and from them a new queen is chosen. Mordecai, a Jew, and one of the king's gatekeepers, causes his niece, Hadassa, commonly known as Esther, to become a candidate for the royal favor. The king's choice falls upon the beautiful Hadassa. Her nationality is not known at the court.

Haman, Xerxes' prime minister, conceives a deadly hate of Mordecai because the latter treats him with haughty contempt. To satisfy his hatred Haman secures a degree from the king condemning to death all the Jews in the Persian realms. To rid himself at once of the annoyance caused by Mordecai's refusal to show him the respect due his exalted station beside the king, he erects a scaffold 50 cubits high and plans to hang Mordecai thereon.

Mordecai informs his niece of the plot which threatens her own and the life of her people. He implores her to intercede with the king. At the peril of her life, as to go unbidden to the king meant death unless the royal favor should be extended, she goes into the presence of Xerxes. The moment is auspicious. The plot is revealed and the author of the plot, Haman, is pointed out. The death of Haman upon the gallows erected for Mordecai and the elevation of the latter to the place thus made vacant quickly follows.—Spokane Spokesman-Review.

County Platform.

We, the Democrats of Clallam Co., in convention assembled, renew our declaration of adherance in the principles of Democracy enunciated in the National platform adopted at Kansas City in 1900.

We hereby express our grief and great loss in the demise of the Hon. John R. Rogers, governor of the state of Washington, whose administration as a Democrat and as governor was so universally commended irrespective of party. The commonwealth lost much through his death.

In common with all good law-abiding citizens we sincerely deplore the shooting and death of President Wm. McKinley.

We especially commend the Hon. George Turner, United States Senator for his splendid efforts in behalf of the State of Washington, and we hereby express the pride that the state has in the splendid record he has made and the national reputation his abilities have won for himself. The citizenship of the state cannot afford to lose his services.

The Democracy of Clallam favors an economical administration of the affairs of the county and we condemn the action of the Republican party and its officials in the favoritism shown by it and them to the corporations in the assessment and readjustment of taxes on their property in this county.

We insist that a public office is a public trust and that the public offices of the county should be administered with the least expense possible to the most efficient administration. The Democracy further insists that in the assessment and levy of taxes there shall be no partiality or favoritism shown to the person or corporation; but that all shall be assessed and levied according to the intent and object of the law.

We, as Democrats, unreservedly condemn the system of an endless chain in office holding, whereby the county offices are parceled out to a set of office hunters who, after filling an office for the constitutional limit, think they have a vested right to fill all the offices in turn in the gift of the people.

We believe that a just and honest administration of our affairs cannot be had under such a system, that a change of the officials from time to time is necessary for an honest and efficient administration of the county affairs; that it was to guard against combinations and rings among office-holders, that the highest law in the land prohibited the holding of an office by one incumbent for more than two successive terms; that this is violated in spirit when the office holder merely steps from one office to another; that the evils intended to be guarded against by the constitution are merely aggravated by such a system.

We cordially invite all the voters of this county, without regard to politics, to co-operate with us in placing the seal of their condemnation upon this pernicious system. JOHN TRUMBULL, Ch'r.

A Communication.

Mr. Editor—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the brouchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S.
