LIGHT RATES EQUALIZED.

UNIFORM RATE ESTABLISHED FOR LARGE AND SMALL CONSUMERS.

Council Approves Report of Committee Raising Income from $150 to $212 Per Month—Assessment Tender.

A goodly number of citizens attended the council Wednesday expecting to hear an application for a wharf grant at Oak street but it did not materialize. Mayor Bradley and council man Bowman were absent.

A communication was read from the city attorney setting forth that no work had been done of late looking to the extension of Railroad avenue. He stated that many leases were being held up by the state land commission that it might grant the city's request, and applicants were getting restless. He recommended that city take immediate steps to have the extension made or notify the commission of the abandonment of the idea, as it was advisable that the state board should not be allowed to believe that they were being trifled with. The matter was laid over.

A communication was read from Mr. O'Brien asking that $50 additional be allowed for the filling of Lincoln street at Front. He had encountered many difficulties not expected and he would loose much unless council afforded relief asked. The amount was allowed. Mr. O'Brien agreed to use his team in fixing up B street if city would furnish a man to assist. He would also assist in fixing Second street if city would provide assistance. Mr. Lauridsen stated that he and Mr. Jensen had been discussing the subject and that both had agreed to do a few days work on this street with teams andwith Mr. O'Brien's help and others who will assist he thought Second street could be put in good shape without much cost to the city.

Ordinance repealing ordinances 300, 303 and 304 was read a third time and passed by unanimous vote.

Claim of H. L. Mitchell for wood, Light plant, September, $91.60, was allowed.

The electric light committee reported a new schedule of light rates raising the income to $212 from $150 per month. This difference is made up by charging those who heretofore have not paid the uniform rate and charging the city $20 for the lights used on streets. The new schedule goes into effect Nov. 1st, and the clerk was directed to notify those whose rate has been changed.

The city clerk's and treasurer's report on assessments unpaid and warrants outstanding in the First street improvement district was referred to the city attorney. The reports show unpaid assessments in Front street improvement district aggregating $6,256.64, with warrants outstanding against said district aggregating $15,762.71 and interest. No report was made on Front street extension.

Mr. Miller again called attention to fact that ordinance had not yet been reported creating general assessment districts for the building of sidewalks in the future. He stated that council desired to have this ordinance in effect by January 1, and moved that the council demand that ordinance be brought in at once. Carried.

Mr. Richardson appeared before the council in behalf of Mr. McDonald who acquired the Burness property in the Front street extension improvement district. At the time of acquiring said property there was no record in the auditor's office by which he could ascertain any incumbrance, and reassessment was made subsequent to acquisition. The matter is now in court and while he believed the reassessment made in September, 1900. was wholly illegal his client wished his title clear, and therefore had decided to tender the original assessed cost of improvement, with legal interest of 7 per cent from date of said pretended reassessment, $348, and $50.75 accrued interest. The matter was referred to the city attorney.

G. N. GETS V. T. & S.

A d Will Give Victoria a Much-Desired Service—Road Has a Bonus of $15,000 per Annum.

The long-pending negotiations for the sale of the Victoria Terminal & Sidney railway came to a termination Wednesday. The sale embraces a controlling interest in the Victoria Terminal & Sidney railway and its terminals, the railway ferry connecting Sidney with the Mainland and the Delta extension, which runs 17 miles from the mouth of the Fraser river to Cloverdale.

The sale is understood to be to the Great Northern railwaywhichwill at once make arrangements for the carrying of freight and passengers into Victoria without change.

The V. & S. was granted last year a bonus of $15,000 per year for 20 years to extend its lines into the city and operate a suitable ferry across the gulf to the Frazer, and there connect with the G. N. system. This ferry is to carry 400 passengers and eight loaded freight cars at each trip at a speed of 14 knots.

Since that time slips have been built at Liverpool and Sidney, and the line extended into the city, although the ferry has not yet been constructed.

The Call says: The new shingle mill at Fairmount, on Discovery bay, is expected to be ready to start up within three or four weeks. The mill building has been put up at last. It will be one of the most substantial small mills in the state. There is so much cedar timber tributary to the mill that it is expected to be able to run for a number of years.

A lot of provisions and goods on Robinson's scow on the west side of the bay were burned up last Friday night. The goods had been unloaded from the Alice Gertrude. A lamp left burning on the scow as a signal light exploded during the night and caused the fire. Mr. and Mrs. Withrow lost a new organ and the Robinson camp a lot of provisions.

County Treasurer Dyke was in town Tuesday evening to meet with the local board of school directors to open and consider bids for the district bonds offered for sale. The best bid received for the $2,000 bonds was from Thomas H. Cruse of Helena, Mont., who offered to buy the bonds and accept 4½ per cent interest. There were several other bids but all except Cruse's asked 5½ per cent interest. The district has been paying 7 per cent for the past ten years. The bonds are now sold for the purpose of raising money to pay off the old debt. they are to run for twenty years but the school district reserves the right to redeem in ten years.

A Typical South African Story.

O. R. Larsen, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty-five miles from the nearest town. Mr. Larsen says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by all druggists.

Rev. Carlisle P. B. Martin, L.L.D.

Waverly, Texas, writes: "Of a morning, when first rising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung troubles." CONFERENCE A FAILURE.

PRESIDENT IS TURNED DOWN BY COAL BARONS AND APPEALS TO MINERS

Latter Are Fearful That Nothing Will Come of Proposed Investigation—State Troops All Out.

The conference of the railroad mine operators and the miners' union representatives with the president Saturday was a dismal failure. The latter's commendable effort was thwarted by the operators refusing absolutely to confer where union members, whom they proclaimed anarchists, were in any way recognized. They also boldly told the chief executive that it was his duty to draw on Federal troops for their "protection"

Monday night Gov. Stone ordered out the entire division of the State Militia of Pennsylvania to do police duty in the strike region, alleging the frequent occurrence of tumults and riots and the intimidation of non-union workmen.

Tuesday, immediately following this unexpected order, President Roosevelt sent Labor Commissioner Wright to Mr. Mitchell of the Miners' Union to urge him to use his influence to induce the men to go to work with the promise of the appointment of a committee to investigate their grievances and a further promise that the president would urge on congress legislation in accordance with recommendation of that committee.

The miners having agreed to submit to the decision of a board of arbitration named by the president, do not feel like conceding more, and are somewhat fearful that they would lose all by such a plan as the policians would lose interest after they had given up.

Wednesday fifty telegrams were received from as many mass meetings in various sections conveying a unanimous sentiment against breaking the strike and it is thought President Mitchell has so answered President Roosevelt. If this is true the next step will be awaited with increased interest.

Hope to Strike Oil Soon.

Malcolm Scott, Jr, tells a Port Townsend reporter that the Lapush oil well is down 610 feet with increasing indications that oil will soon be struck. In driving the hole sandstone and shale were encountered and then lost, but during the past week the same indications have come up in the core, but the promising signs being accompanied by residuum which pours out by the bucketful, accompanied by gas. The latter indication has become so pronounced that great care has to be exercised in the shaft house when the cores are pulled and casings dropped to prevent an explosion which would wreck the valuable plant with which the investigations are being prosecuted. Mr. Scott fee's confident in predicting that before the hole has been driven 400 feet further oil in paying quantities will be found to reward the searchers for their persistent efforts.—C. B. Catarrh Cannot Be Cured.

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrah Cure is taken internally, and acts directly on the blood and mucous surfaces. Ball's Catarrh Cure is not a quack medicine. It was precribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

MR. CLAPP failed to state what he had ever done for Clallam county. Perhaps the people of Dungeness can tell.

IF the railroads have really refused the Rep. campaigners, outside of the candidates, passes, they have done the Dems. a great service.

"CUSH" was up to his old tricks last night. The famous Grosvenor tactics, which Cushman said could be construed anyway he desired they should be, were used, only the gentleman failed to be as explicit as Grosvenor.

THERE was a good attendance at the speaking in the opera house last evening and those present were royally entertained with music and stories, and told of the vast wealth of the great State of Washington. Cushman's talk should be put in pamphlet form and distributed among prospective emigrants in the east.

THE annual road election takes place tomorrow. When voting a tax for road purposes residents should not forget that the only help they get from non-residents in the improvement of the country which they labor early and late to make, is the little tax imposed for this purpose. A ten mill tax does not hurt anybody. If there is no money for road improvements, the resident property owner has to donate his services.

JUDGE HATCH is to be highly commended for his determination to take no part in politics while he is on the bench.

THE president's commendable intervention in the coal strike is all the more remarkable and almost pathetic when in the face of refusal to confer and almost insult on the part of the operators the president is absolutely powerless until congress acts.

THE people who are clamoring for the privilege to vote for United States Senators will have the opportunity by voting for the Democratic candidates for the legislature. They are pledged in advance to vote for George Turner for Senator.—Seattle Times.

PERSISTENT rumors started by parties whose wish is father to the thought are in circulation to the effect that certain candidates on the Democratic ticket would not serve if elected, and will withdraw. What rot! The time of withdrawal has passed; the Democratic ticket is intact, and a large part of it will be elected. No one will take such rumors seriously.

SINCE the Courier man has so greatly extolled—in general platitudes—the virtues of its master and pet candidate, Senator Clapp, will it please tell us one single solitary thing the gentleman has done for Clallam county during his four years in office or on what occasion he was ever heard to open his mouth in the legislative hall except to answer to roll call?

SENATOR CLAPP undoubtedly now wishes that he had injected a sprinkling of brains into the editorial staff when he purchased The Courier for political purposes. A couple of weeks ago we casually mentioned what the anti-Clapp members of the Republican party had in store for that gentleman in the event of his election and their numbers being sufficient to elect an anti-Ankeny senator. The man of many adjectives proceeded to answer same with a two-column tirade abusive of this paper, and now the senator is wondering where he is at with so much sudden notoriety. 'Tis a hard blow to pay a handsome price for a paper and have it do you more harm than good.

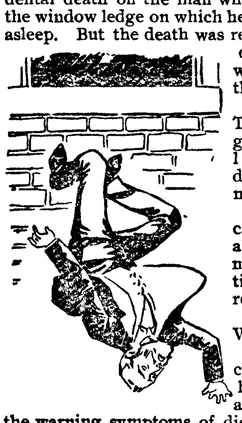
ACCIDENTAL?

The jury returned a verdict of accidental death on the man who fell from the window ledge on which he had fallen asleep. But the death was really due to carelessness which made the accident possible. There are a great many lives suddenly terminated as a result of carelessness, although the medical certificate may read "heart failure." When a man takes chances with his stomach and neglects the warning symptoms of disease, he is carelessly inviting calamity.



Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which makes strength. It stimulates the liver, cures biliousness, and removes bilious impurities from the blood.

"I had been troubled with a pain in lower part of my stomach for three years, so severe I thought it would kill me in time," writes Mr. Aaron Van Dam, of (Kensington) 2549 119th St., Chicago, Ill. "I could hardly work; it felt like a big weight hanging on me and got so bad that I had to take medicine. I used Stomach Bitters for a time, but it did no good so I wrote to Dr. R. V. Pierce for advice, which he gave me immediately. I followed his directions, used two bottles of his medicine and was cured. I had a torpid liver which was troubling me instead of cramps (as I thought). so Dr. Pierce told me. I have pleasure in living now; have gained in weight 15 pounds since then."

Dr. Pierce's Pleasant Pellets cure constipation. They do not beget the pill habit.

ORDINANCE NO. 308.

AN ORDINANCE GRANTING TO THE Port Angeles Pacific Railroad Company, a corporation, its successors or assigns, the right and authority to locate, construct, lay down and perpetually operate and maintain, a standard guage railroad, consisting of a single or double track, in, along, across and over certain public streets and alleys of the City of Port Angeles.

THE CITY COUNCIL OF THE CITY OF PORT ANGELES DO ORDAIN AS FOLLOWS:

SECTION 1. That the Port Angeles Pacific Railroad Company is hereby authorized to locate and lay down not exceeding two tracks of standard guage railroad, and in so doing to occupy a space not exceeding thirty feet in width, being fifteen feet on each side of the following described lines:

First.—Beginning at a point in the center of Tumwater street, at the north line of Front street, and running thence southerly along the center line of Tumwater street to the most southerly limits of the City of Port Angeles.

Second.—Beginning at a point in the center of First street at its intersection with the center line of Tumwater street and running thence easterly along the center of First street to a point distant westerly two hundred feet from the west line of Valley street.

Third.—Beginning at a point in the center of Third street at its intersection with the center line of Tumwater street and running thence westerly along the center of Third street to its intersection with the most easterly line of the James Sampson forty-acre tract of land.

Fourth.—That should it appear on a final survey of said railroad that it is impracticable, on account of excessive grade or otherwise, to build or profitably operate said railroad on Tumwater street, from the north line of Front street to the most southerly line of the City of Port Angeles, said railroad or its assigns are hereby empowered and authorized to diverge the course of its said railroad from Tumwater street at any point at or near Sixth street, and run from thence in a general southwesterly direction upon and across all public streets and alleys necessary in its course to the most southerly limits of said city; and when said railroad shall have been completed and built, so much of said Tumwater street as is not then used for railroad purposes shall thereafter be deemed abandoned by said railroad company and shall be released from the operation of this franchise; Provided, that said grantee or its assigns may, for temporary purposes, diverge the course of its said railroad on Tumwater street, at or near Third street, so as to run around Tumwater Hill to a point where it will re-enter Tumwater street, at or near Sixth street, and may run upon and across all public streets and alleys between said points. Said railroad company may in turning from one street into another of the streets hereinabove described give such reasonable curvature to its rails as shall be necessary and proper.

SECTION 2. That the rights and privileges herein granted to said Port Angeles Pacific Railroad Company and its assigns are upon the following conditions, to-wit:

First.—That said Port Angeles Pacific Railroad Company be and it is hereby authorized to locate, lay down and perpetually maintain and operate a single or double track railroad upon the course and places described in Section 1 of this Ordinance.

Second.—That said grantee, the Port Angeles Pacific Railroad Company, in and by accepting the benefits of this Ordinance, covenants for itself, its successors and assigns, with the City of Port Angeles, that it will at all times keep and save harmless said City of Port Angeles from and against any and all liability, loss, cost, damages, trouble and expense which may at any time arise or occur by reason of its appropriation of any real estate or other property for right-of-way or other purposes; or by reason of the construction, maintenance or operation of said railroad, or by reason of anything that may be done by said grantee, its successors or assigns.

Third.—That on or before the first day of October, 1904, said Port Angeles Pacific Railroad Company, its successors or assigns, shall have a continuous line of completed railroad, fully equipped and in operation from Tumwater street, Port Angeles, westerly to a connection with the Northern Pacific Railroad now building north from Grays Harbor; and shall on or before the first day of May, 1903, have built, equipped for the reception and transportation of freight and passengers, and in operation from Port Angeles, westerly, at least ten miles of said railroad; And said Port Angeles Pacific Railroad Company, its successors or assigns, from and after the construction and equipment of said ten miles of railroad as aforesaid, shall continuously operate the same and shall run at least two trains each secular day, one train each way, over the entire length of of said ten miles and over each and all additions or extensions of said railroad when constructed as hereinbefore provided, from said Tumwater street to a point of connection with the Northern Pacific Railroad now building north from Grays Harbor as aforesaid.

Fourth.—That said Port Angeles Pacific Railroad Company, its successors or assigns, shall immediately after the approval of this Ordinance, commence the work of constructing said railroad and shall prosecute the work of construction thereof continuously until [or before] said first day of October, 1904, when said railroad shall be fully completed, equipped and in operation from said Tumwater street in the City of Port Angeles, westerly to a connection with the Northern Pacific Railroad now building north from Grays Harbor as aforesaid.

Fifth.—That said Port Angeles Pacific Railroad Company, its assigns, shall, on or before the first day of December, 1902, have landed on the right-of-way herein granted, a full equipment for the building and operating at least five miles of said railroad, including railroad cars, rails and engine.

Sixth.—That whenever said City of Port Angeles shall cause any or all of the streets or alleys over which a right of way is hereby granted to be graded, the said Port Angeles Pacific Railroad Company, its successors or assigns, shall change and alter its tracks so as to conform to the grades of said streets and alleys at its own cost and expense.

Seventh.—That said grantees or their assigns shall not allow their locomotives or cars to stand upon the tracks or any wharf or street crossing along said right-of-way longer than may be necessary to make switches or to receive or land passengers, unless in case of accident.

SECTION 3. Nothing in this ordinance contained shall be construed as granting any exclusive franchise or privilege for the use of any street, alley, highway or other public place or any part thereof.

SECTION 4. The city council reserves the right to regulate the speed of railway cars or locomotives running over the right-of-way herein granted and to compel said grantees or its assigns to place proper signals at street crossings to warn the approach of trains, within the limits of the city of Port Angeles.

SECTION 5. It is hereby expressly provided that any failure, refusal or neglect on the part of said Port Angeles Pacific Railroad Company its successors or assigns, to comply strictly with any of the provisions and requirements of this ordinance, or of any other ordinance passed in pursuance thereof, shall be deemed an absolute forfeiture of the rights and privileges herein granted; and it shall be lawful for the city council to declare by ordinance the forfeiture of the same, and to cause said rails and any other property of said company to be removed from the right-of-way hereby granted or from any part thereof.

SECTION 6. That said Port Angeles Pacific Railroad, its successors or assigns, shall forfeit and shall be deemed to have forfeited and abandoned all rights, privileges and franchises confered hereby unless it shall have within fifteen days after the approval of this ordinance, filed in the office of the City Clerk its written acceptance of the rights and privileges hereby conferred, subject to the terms and restrictions hereby imposed, and in case of its failure so to do, this ordinance shall be null and void and of force or effect whatever.

SECTION 7. This ordinance shall take effect and be in force from and after its passage, approval, and the filing in the office of the City Clerk of the written acceptance of said grantee as provided in section 6 hereof, and from and after five days after the publication of this ordinance.

Passed the City Council, Oct. 1st, 1902.
Approved, Oct. 2nd, 1902.
Published, Oct. 10th, 1902.

DEMOCRATIC PLATFORM.

Straight Forward, Clean Cut Declarations of the State Democracy Adopted at the Tacoma Convention.

The platform adopted reads:

We, the Democratic party of the State of Washington in convention assembled, hereby adopt the following declaration of principles:

We renew our allegiance to the fundamental principles of government and the rights of man as set forth in the Declaration of Independence and the Constitution of the United States, and we reaffirm and endorse the principles laid down in the last national platform adopted at Kansas City. Regarding those principles as opposed to imperialism and colonialism, as opposed to government by injunction, as opposed to trusts and trust-fostering tariffs, as opposed to financial monopoly and an asset currency, and as opposed to all other legalized monopolies, subsidies and privileges, we condemn every effort which tends to repudiate or ignore them.

We deeply deplore and lament the untimely death of Washington's great and good governor, John R. Rogers. He was a public-spirited citizen, a courageous official, a champion of justice, and an honest man, and we herewith bear witness to the love and respect we had for him.

Along with all patriotic men we express our abhorence of the tragedy that resulted in the death of the President of the United States, William McKinley. The manner of his death was a blow at constitutional government and was an effort to undermine our civilization and to destroy the foundations of republican institutions.

In state and county affairs we pledge the nominees of our party to an honest, efficient and economical administration of public affairs, and as an evidence of the fidelity with which Democrats discharge public duties we point to the administration of state affairs from 1897 to 1901, which for honest and economical management stands unmatched in the history of this state.

We demand the rigid enforcement of the law relating to the assessing of all property, and we especially demand that the personal property and franchises of the railroad and other public service corporations shall be assessed at not less than their salable value as going concerns, so that they shall not hereafter evade just and equitable taxation.

We are in favor of so amending the constitution of the state that questions of a fundamental character may, under proper conditions and at the initiative of a sufficient number of electors, be submitted directly to the people for adoption or rejection, thus providing a corrective for the infirmity of government by political parties and making it certain that the voice of the people on all such questions will in the end prevail.

We are without qualification in favor of the election of United States senators by a direct vote of the people.

We commend the wise, statesmanlike and patriotic course of Senator George Turner throughout his term in the United States Senate. His voice has always been raised in defense of the principles of Democracy and of free government, and the influence and high standing to which he has attained in the halls of Congress have and still do reflect credit upon his party and his state. Never before in her history has Washington had a senator so able and so useful, and in the interests of the whole people of the state we pledge that every Democratic vote in the next Legislature will be cast for his reelection.

We unqualifiedly demand the complete exclusion from all American territory of all Chinese, of either whole or mixed blood, according to the terms of the bill presented to Congress by the American Federation of Labor, and we denounce the Republican majority in Congress for their treason to the working people and to the Pacific Coast in rejecting this bill and passing the present weak and inadequate law.

It is believed by the Democratic party of Washington that this state, great in all natural resources for the production of wealth, rich and prosperous, can well afford to give such statutory protection to its wage earners as will best tend to equalize their relations with their employers and protect them from the unnecessary hazards of their employment. We declare it to be a part of the policy of the Democracy of Washington to enact into law the following bills:

First—A bill relating to the protection of dangerous machinery.

Second—A bill relating to the assumed risk of workmen in mills, factories and other workshops.

Third—A bill relating to an eight-hour workday on state public work.

Fourth—A bill defining who may be fellow servants and providing a reasonable penalty for its violation.

And we instruct the Democrats in the Legislature to work and vote for the same.

We invite the earnest consideration of the voters of Washington to the evils which beset present industrial conditions growing out of the formation of enormous corporations, commonly known as trusts, organized for the purpose of concentrating all of the chief products, industries and means of transportation in the hands of a few large capitalists, thereby enabling them to dictate to the farmer the price of his product, to the consumer the price of his necessities and to the laborer the price of his wages; and we call attention to the fact that these evils are fostered largely by national legislation giving so-called protection to products controlled by monopolies and to the refusal of the Republican party, now in control of the legislative and executive branches of the government, to enact and indorse effective laws against the combinations in restraint of competitive trade. Manufacturing concerns which enter the markets of the world and there sell their products in competition cheaper than they sell like products to citizens at home are not proper subjects for protection. We demand that protective rates be taken off all trust-made articles and that the same be placed upon the free list.

We demand a fair and equal division of government funds appropriated for irrigation purposes in the various arid districts, said division to be made according to acres and their value as raw land (irrespective of the proximity to towns and cities) to be irrigated in the different counties lying in said arid districts.

We condemn in unmeasured terms the special privileges given to certain individuals of sheep grazing on the government forest reserves in this state, that are held in trust for the benefit of all the people and are the natural watersheds and necessary for the accommodation, use and enjoyment of all settlers for irrigation purposes.

The railroads are public agencies and are subject to public control. They are in their nature monopolies, and the public interest imperatively requires that they be controlled. Therefore, disclaiming any spirit of hostility to the railroads, and admitting that they are necessary to the continued growth of the state, we declare ourselves in favor of the establishment of a bipartisan railroad commission, to be appointed by the governor in the first instance, and thereafter to be chosen in such manner as the Legislature in its wisdom shall determine, which commission shall be clothed with ample power to fix freight and passenger rates on all rail and other transportation lines, to correct the abuses in the conduct thereof, and to prevent discrimination and extortion thereby, and with power to require and compel the listing for taxation at its fair and just cash value of all the property and franchises of railway, express and telegraph corporations and other corporations of like character. For the faithful execution of the above policy we pledge the faith of the Democracy of the State of Washington. We denounce the declaration of the Republican convention on the subject of a railway commission as insincere, and charge that that convention well knew that a majority of the Republican nominees of the Legislature in this state are opposed to the establishment of a railroad commission, and will not vote for one if elected.

We favor legislation to carry out the imperative mandate of the constitution of the state forbidding the giving to or receiving by public officers of free passes on railways and transportation lines.

We demand that the maximum rate for the carriage of passengers on all railways within the state shall not exceed three cents per mile.

We instruct all Democratic legislative nominees to support the foregoing proposition, and pledge their loyal adherence to these instructions if elected.

We express our deep and profound sympathy for those of our people who have suffered by reason of the recent forest fires in this and adjoining states.

A resolution presented by Mr. Ronald of Seattle, demanding that the state be divided into congressional districts and arraigning the Republican party for having failed to do this, was adopted and made a part of the platform.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since." EUGENE FORBES, Lebanon, Kan.

Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.

ORDINANCE NO. 307

AN ORDINANCE TO G. G. TEACHman, W. M. Dorr, Martin Von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer as trustees, the right and privileges of erecting, constructing, maintaining and operating a telephonic system in the city of Port Angeles.

THE CITY COUNCIL OF THE CITY OF PORT ANGELES DO ORDAIN AS FOLLOWS:

SECTION 1.

That there is hereby granted to G. G. Teachman, W. M. Dorr, Martin Von Schlosser, F. A. Jensen, C. A. Hirsch and C. J. Farmer, trustees, their successors or assigns, the right to erect and maintain, poles and wires for telephonic purposes in the streets and alleys of the city of Port Angeles

SECTION 2.

That said G. G. Teachman, W. M. Dorr, Martin Von Schlosser, F. A. Jensen and C. J. Farmer, trustees their successors or assigns, shall erect the poles and stretch the wires thereon so as not to interfere with the free and unobstructed use of the streets for travel, at such points in the streets and at such heighth as may be designated by the city council.

SECTION 3.

That whenever it shall be necessary in the erection of such telephone poles to dig into or in any manner interfere with any public street or alley, said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns shall, without delay, put such street or alley in as good condition as before it was broken up, dug or disturbed, and shall remove all surplus sand, earth, rubbish or other material from such street or alley.

SECTION 4.

That the location of all poles and wires to be erected under the provisions of this ordinance, and any change in the location of poles or wires or extensions thereof, shall be made under the direction and control of the City of Port Angeles.

SECTION 5.

That said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch, and C. J. Farmer, their successors or assigns, shall hold the City of Port Angeles free and harmless from all damage arising by reason of any abuse of said company's occupancy. And said city may in case of fire, and without compensation to said G. G. Teachman and W. M. Door, trustees, their successors or assigns, cut and remove any portion of said wires whenever the chief of the Fire Department shall deem it necessary to remove the same for the extinguishment of any fire or fires in said city.

SECTION 6.

The right of use herein given shall not be exclusive, and the City Council of said City of Port Angeles reserves the power to grant a right of way to any other telephone company; the same, however, not to interfere with the reasonable and proper exercise of the privilege herein granted.

SECTION 7.

That in consideration whereof the said G. G. Teachman, W. M. Door, Martin Von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors and assigns, shall, and by the acceptance of this franchise does agree that the fire alarm and police wires belonging to said City of Port Angeles may be attached at any time to any of said poles, or to the top and (or) cross arms thereof whenever practicable, and said poles are hereby made an instrumentality for that purpose. Provided, however, it shall be so made as not to interfere with said G. G. Teachman, W. M. Dorr, Martin Von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns' use thereof, and said attachment shall be made and maintained under the direction of said G. G. Teachman, W. M. Dorr, Martin Von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, their successors or assigns' manager or agent in said City of Port Angeles. The said company agrees to furnish for said city the use of its poles for the attachment thereto of its fire alarm boxes without charge to the city.

SECTION 8.

That beginning with the first day of January, 1907, and continuing thereafter in each year during the continuance of this franchise, the said grantees, their successors or assigns, shall make a semi-annual payment to said city of a percentage of the gross receipts of said telephone system from the receipt or transmission of messages over and along its telephone wires, or over or along any other wires, or from periodic or other contracts that may be entered into by said grantees, their successors or assigns, to transmit or receive messages within or beyond said City of Port Angeles; provided, that the royalty or rent (if any) paid by said grantees, their successors or assigns, on telephone instruments used in the receipt or transmission of said messages shall be deducted from such gross receipts before computing said percentage. Provided, that for such purpose each calendar year shall be divided into two perions of six months each, beginning respectively on the first days of January and July.

Within fifteen days after the close of each semi-annual period during the continuance of this franchise, the said grantees, their successors or assigns shall make and file a sworn statement with the City Clerk, verified by the President or Vice Pressdent and Secretary of said telephone system, of the gross receipts from the transmission and receipt of messages as aforesaid, during the semi annual period then last expired, which statement shall be transmitted to the city council, and on approval by the said council, or within ten days thereafter, the said grantees, their successors or assigns, shall pay into the treasury of said city, the sum of one (1) per cent of such gross receipts (conditioned as aforesaid) from the receipt and transmission of telephone messages as aforesaid, as shown by the said sworn statement during the semi-annual period then last expired, and the payment shall be made twice in each and every year until the close of the semi-annual period which will expire on the first day of January, 1912. And from and after said first day of January, 1912, the said grantees, their successors or assigns, shall pay into said city treasury the sum of two per cent. of the amount of such gross receipts, (conditioned as aforesaid) from the transmission and receipt of messages as aforesaid, and the like payment of two per cent. shall be made twice in each and every year from said first day of January, 1912, during the continuance of this franchise, at the time and in the manner aforesaid. The payment mentioned in this section shall be in addition to the ordinary taxes imposed by law.

The books of the person or persons, company or companies, corporation or corporations, owning and operating such telephone system, shall be kept in such a manner as plainly to show the gross daily receipts of such telephone system, and such books shall at all times on and after January 1st, 1907, and during the continuance of this franchise, between the hours of eight o'clock, a. m., and five o'clock, p. m., be open to the inspection of such officers, agents or employees of the city of Port Angeles as may be designated by said city.

On failure of said grantees, their successors or assigns, to comply with the conditions contained in this section at any time, said franchise and all rights and privileges granted by this ordinance shall utterly cease and become forfeited, null and void.

SECTION 9.

That the said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns, shall have said telephone system in actual operation within said city of Port Angeles within ninety days from and after the passage of this ordinance and the said G. G. Teachman W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns, shall continuously operate said telephone system within the city of Port Angeles, from and after ninety days after the passage of this ordinance and during the continuance of said franchise.

Section 10.

That whenever the said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns shall cease to operate the said telephone system within the said city of Port Angeles, and shall cease to use the poles and lines herein provided for in the operation of said telephone system, then the said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, their successor or assigns shall remove said poles and lines from the streets and alleys of said city within sixty days from the date that said company so ceases to use and operate said lines.

Section 11.

That the city of Port Angeles reserves the right to amend this ordinance whenever in the judgment of the council of said city, an amendment is necessary, having due regard, however for the vested rights of the parties.

Section 12.

That all the privileges herein conferred upon and granted to the said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch and C. J. Farmer, trustees, their successors or assigns shall continue for twenty years from the time this ordinance goes into effect, subject however to the conditions setforth in section 11 of this ordinance.

Section 13.

That the city of Port Angeles shall during the existance of this franchise have the free use of the telephone herein provided for, provided however, that the city shall put in at its own expense the necessary instruments and wires in its several offices.

Section 14.

That said G. G. Teachman, W. M. Dorr, Martin von Schlosser, F. A. Jensen, C. H. Hirsch, and C. J. Farmer, trustees, shall within fifteen days after the passage and approval of this ordinance file with the city clerk their written acceptance of the franchise herein granted subject to all the conditions, restrictions and reservations herein contained.

Section 16.

That this ordinance shall take effect and be in force from and after its passage, approval and filing in the office of the city clerk of the written acceptance of the said grantees as provided herein, and from and after five days from and after the date of the last publication of this ordinance.

County Platform.

We, the Democrats of Clallam Co., in convention assembled, renew our declaration of adherance in the principles of Democracy enunciated in the National platform adopted at Kansas City in 1900.

We hereby express our grief and great loss in the demise of the Hon. John R. Rogers, governor of the state of Washington, whose administration as a Democrat and as governor was so universally commended irrespective of party. The commonwealth lost much through his death

In common with all good law-abiding citizens we sincerely deplore the shooting and death of President Wm. McKinley.

We especially commend the Hon George Turner, United States Senator, for his splendid efforts in behalf of the State of Washington, and we hereby express the pride that the state has in the splendid record he has made and the national reputation his abilities have won for himself. The citizenship of the state cannot afford to lose his services.

The Democracy of Clallam favors an economical administration of the affairs of the county and we condemn the action of the Republican party and its officials in the favoritism shown by it and them to the corporations in the assessment and readjustment of taxes on their property in this county.

We insist that s public office is a public trust and that the public offices of the county should be administered with the least expense possible to the most efficient administration. The Democracy urther insists that in the assessment and levy of taxes there shall be no partiality or favoritism shown to the person or corporation; but that all shall be assessed and levied according to the intent and object of the law.

We, as Democrats, unreservedly condemn the system of an endless chain in office holding, whereby the county offices are parceled out to a set of office hunters who, after filling an office for the constitutional limit, think they have a vested right to fill all the offices in turn in the gift of the people.

We believe that a just and honest administration of our affairs cannot be had under such a system, that a change of the officials from time to time is necessary for an honest and efficient administration of the county affairs; that it was to guard against combinations and rings among office-holders, that the highest law in the land prohibited the holding of an office by one incumbent for more than two successive terms; that this is violated in spirit when the office holder merely steps from one office to another; that the evils intended to be guarded against by the constitution are merely aggravated by such a system.

We cordially invite all the voters of this county, without regard to politics, to co operate with us in placing the seal of their condemnation upon this pernicious system. JOHN TRUMBULL, Ch'r. FRANK CAMBERS, SR; WM. WARD; H. MALCHAU; L. M. FORD.

Probate Notice.

In the Superior court of Clallam county, State of Washington.

In the matter of the estate of Frederick H. Lease, deceased.

Notice is hereby given that letters of administration on the estate of Frederick H. Lease, deceased, were granted to the undersigned, on the 19th day of July, 1902, by the Superior Court of Clallam county. All persons having claims against said estate are required to exhibit them to me for allowance at The Crystal Steam Laundry, Port Angeles, within twelve months after date of this notice, or they shall be forever barred.

Dated this 9th day of August, 1902.

FREDERICK G. LEASE, Adm'r.

A. A. Richardson, Attorney for Adm'r.

SCIENCE AND INDUSTRY.

The best managed dairies in Minnesota have reduced the cost of manufacturing a pound of butter to 1.28 cents.

It is estimated that the output of the mines of Butte and Anaconda, Mont., is over 11,000 tons a day of copper ore.

The Pittsburgh Dispatch places the annual cost of smoke in that city at $5,000,000, to say nothing of the discomfort.

The right hand, which is more sensitive to the touch than the left, is less sensitive than the latter to the effect of heat or cold.

A writer in the Arena declares that 500,000 men now do the work, with the aid of machinery, which needed 16,000,000 persons to do a few years ago.

The Florentine excavations at Fiesole have now recovered nearly the whole of the northern pre-Roman city walls. Valuable finds of coins and other objects have been made.

Szczepanik, the Polish schoolmaster who invented the fernseher, which enables one to see an object in its natural colors a great distance by means of an electrical device, announces that he has invented an apparatus operated by a beam of light, which he has applied to exploding bombshells.

Dr. Becquerel has announced to the Academy of Sciences at Paris the discovery of a new supposedly elementary substance which has a close affinity to barium. Its discoverers, MM. Curie and Bremona, have named it "radium." It is so sensitive to light that it will take photographic impressions.

The heaviest metal is osmium, which has bulk for bulk, very nearly twice the weight of lead. The specific gravity of gold is about 19¼, while that of osmium is almost 22½. Osmium is also the most infusible of metals, remaining unaffected by a degree of heat capable of causing platinum to run like water. It even resists the inconceivable temperature of the electric arc.

He Had No Choice.

The wife of a dynamo tender went to a haberdasher's to buy a necktie for her husband. She selected a brilliant red one, ready made; whereupon the young and inexperienced salesman, with compassion for the future owner, was moved to remark:

"Excuse me, missus, is this for your husband?"

"It is," said the woman.

"Don't you think he'd rather have some other color? I'm afraid he won't wear this red tie."

"Oh, yes, he will," said the woman, firmly; "he'll have to—he's dead."—
