VOL 14, NO 42 PORT ANGELES, CLALLAM COUNTY, WASH., FRIDAY, JANUARY 16, 1903. PRICE FIVE CENTS

COUNCIL ROUTINE.

The city dads met in regular session Wednesday with Mayor Lewis in the chair and all councilmen except Mr. Brumfield present. Ex-Mayor Bradley was present and read a voluminous report of his administration, reviewing the progress made during the past five years. The report occupied 37 minutes in reading and seemingly proved quite a strain on the venerable ex-mayor, who has just risen from the sick bed. He received the congratulations of a large number of those present and was roundly applauded for his remarks. Mayor Lewis responded thanking his predecessor.

In the matter of bonds the council took a step which has been avoided the past few years. Past councils have demanded security company bonds from officers in conformity with a city ordinance. The new council holds that this demand is in violation of state law and while officers MAY and some doubtless prefer to give security company bonds the council cannot compell them to. Personal bonds of T J. Appleton and Thos. Penniman were accepted.

A communication was read from David Ferguson stating that he had been reemployed to operate the light plant at a salary of $2.25 per day and assistance. He refused to longer operate same for $1 75 as heretofore. Mr. Teachman also communicated to council that he would require $2.00 per day hereafter because of additional labor required to be performed by him. The communications were referred to the electric light committee.

City Attorney Murphy reported a resolution directing the city treasurer to accept improvement fund warrants in payment of improvement assessments in district No. 3 (Front street extension).

Bonds of T. J. Appleton as health officer, $200; Thos. Penniman, police justice, $1,000; Clement Wise, street commissioner, $300; K. Y. Church, city marshal, $1,000, and Chas. E. Nailor, city treasurer, $5,000, were read and approved. Mr. Wise was sworn in, and the street committee directedto supervise transfer of tools, etc.

Communication of Mr. Bustard, in which he offers to do all work in the operation of the electric light plant for $85 per month, was taken from the table and referred to the electric light committee.

New bills read:

Pt.A.H.& F.Co., keg nails	$ 3 75
" supplies light plant	12 42

Mr. Grubb stated that Mr. Lauridsen was about to grade his lot at Lincoln and Second street and that in so doing he would fill a city ditch unless the box was extended. The committee was asked to look into the matter.

The city attorney asked privilege of getting supplies for conduct of his office. He reported that four cases were to be laid before the court and a case of a $1,000 claim against the city was soon to be defended.

The attorney also desired that a committee be appointed to receive such data and the tax rolls which are now in the hands of the ex-attorney. The clerk was directed to supply stationery for the mayor, clerk and city attorney. The finance committee was also directed to receive whatever the ex-attorney might have to transfer.

The clerk and attorney were directed to look into matter of supplying proper record books as per sidewalk ordinance No. 314,

The treasurer's report for quarter ending Dec. 31st. was read showing the following balances:

Indebtedness fund	$1,701 17
Mun. bond int. fund	2,105 87
Elec. bond int. fund	1,151 00
Car. ex. fund	195 22
Lighting fund	22 91
First st. imp. fund	228 29
Cemetery fund	48 49
Bal in treasury	$5,452 95

CONSTRUCTION WORK BEGUN.

Considerable Grade Work Already Done

Rails Laid on Curve One-Tenth of a Mile—Grading Over Flat Progressing Nicely—Bridge Work Across Tumwater Creek Waterway Awaits Timbers from Mill—Constructing Wharf to Land Material on Flat-cars to Save Time, Labor and Cost.

Monday proved a very interesting day at the Peterson, or Jensen Hirsch' mill from whence the Port Angeles Pacific railroad company on that morning commenced the work of constructing their railroad into the woods back of Port Angeles for the immediate purpose of hauling out logs and other products of the interior and the ultimate purpose of connecting with the Northern Pacific railroad which has made substantial progress in extending its line north from Grays Harbor into the great and fertile valleys of the Solduck, Quillayute, Hoh, Bogachiel, Queets and Quinault.

On the day named a number of teams and about 35 men were set to work grading, running lines and getting ties and timbers in place for use in constructing the proposed road. At about 2 o'clock sufficient grade was completed and ties laid to lay the first set of track and at that hour Mr. Jas. Stewart, ex-city attorney, and now attorney for the railroad company, drove the first "gold" spike in the construction of the line which when completed to the destination marked out means so much for Port Angeles and Clallam county.

The work is being done by the Smith-Mastick construction company, incorporated, which has the contract for the construction of the first one hundred miles of the road. The company has placed Wm. Martell, the first grantee of the P A.E. in charge of the construction work and there are several sub-bosses. J. M. Fitch has charge of the surveying crew, which are now running the lines and setting stakes for the construction of the wharf on which to land all future shipments of material direct on the cars for transportation to the place of utilization. Piles are already on the grounds for this wharf and will be driven very shortly. As was said last week this wharf will be but fourteen feet in width, sufficient to accommodate two tracks and for the present will only be extended to twelve feet of water, that being sufficient for the steamer Rapid Transit which is to bring the material.

At the hour of going to press about one-tenth of a mile of grade has been constructed, and ties and rails laid on same, bringing the road to the waterway where the bridge is now being put in. The construction is being somewhat retarded through long waits for timbers and to obviate this a portable sawmill will be on the grounds within ten days to cut timbers, ties, etc.

The road will cross Tumwater creek at Second street, then proceed in a graceful curve between the East bluff of the valley and the brewery, over private property. It will follow up the valley so as to make the rise to the top of the West bluff in the vicinity of the waterworks dam.

Visitors are numerous to the Tumwater flats which is a scene of activity that is refreshing. As many men as can be had around these diggings are at work and the managers are growling considerably at being unable to get sufficient help. All comers will be given employment.

when it was being pulled out of the round house.

A crew of men under the supervision of Wm. Jennings and Eber Conley have been busy the last week getting logs off the beach. Five sections of logs off and will be taken to Fairhaven by the tug Augusta.

The office of the Postal Telegraph has again been opened, with Fitch Hart as operator.

Quillayute.

Would it not be well for the good people of this part of the county to ask our legislature to enact a bill for a fish hatchery some where on the Bogachiel or Solduck rivers, for it is a well known fact that the salmon on the decrease in those rivers and their tributaries. Let us have the opinion of people who are posted.

We understand that all is now ready at the oil fields for the new machinery.

Forks.

Some time ago Mr. John Douglass, who is reported to be insane and is 73 years of age, was brought here from California by relatives. Two weeks ago he called on Mrs E. A. Ford for protection. He showed signs of having been ill used, as there are wounds and bruises on his body and a cut on his head. The County officers were notified at once and the county commissioner was here, but it appears that the county officers do not want to do any thing. The good people of Forks are now making up a purse to send him to Seattle to a charitable society as he has no money at present, but he has some realestate in California.

The installation of wireless telegraphy between Tatoosh island and the mainland is probably an assured thing but will await the results of the government test now being made in San Francisco bay. The rigging and spars for the tests have been completed at Mare island and one set has been shipped to the station at Goat island. The other will be installed near the Point Bonita light. The mainmasts are eighty feet and six inches in length and the top mast fifty feet. These masts will be anchored by iron bars cemented together in pyramidal shape. Instruments for equipping these masts will shortly arrive from the Naval Observatory, Washington.

AN OIL STORY.

There is a great deal of excitement through this county owing to the finding of oil at Lapush, a few miles above the Hoh river.

It has been kept quiet till now on account of some claims that were staked out a year ago and no work done on them. But the time was up at 12 o'clock the night of December 31, and several men were on the ground as the year 1903 dawned to stake out in oil claims over 1000 acres of land.

One well was put down to a short depth some time ago and oil struck that gave 30 barrels per day, and it was at once plugged and the fact kept quiet till January 1, 1903. New lots of machinery are being put up and preparations made for work to begin at once.

It is reported that parties with large capital stand ready to lay pipes to Gray's Harbor to carry the oil to the railroad. Men have passed through here on their way there. Mr. Ferguson, an oil expert, is authority for these statements.

Our Wonderful Climate.

John Govan of Dungeness, in Clallam county, a giddy youth of 70 was married in Seattle last week to a coy young bride from Scotland a Miss McFarland who admitted her age to be 55 Mr. Govan has raised one family and has grand children grown up. Having lost the partner of his joy a few years ago, and becoming lonely, he hied himself back to "Bonnie Scotland," the land of his birth, where the coy maiden aforesaid consented to come west with him and "grow up with the country." Mr. Govan is well known to all old Puget Sounders. He is a living exemplification of the fact that our blessed climate causes people "renew their youth like the eagles." Some folks get old here, but few of them find it out short of the centuoy mark.—Olympia Recorder.

The annual memorial services of the A. O. U. W. will be held at the opera house next Saturday afternoon at 2 o'clock. Rev. C. E. Fulmer of the M. E. Church will officiate. All members are requested to meet at their hall at 1:30

OUR HAT OFF TO THE P. A. P.

The beginning of work on the Port Angeles Pacific and the promise of continued activity in construction work until completed is a source of much pleasure to the friends of the gentlemen who have labored unceasingly since taking hold of the projected enterprise.

In addition to the facts presented on the first page of this issue the contract for the construction of the wharf has been let to the Gate City Contracting Company and work will be begun today or the first thing tomorrow morning. This contract includes the driving of some 200 piles.

Last evening a piledriving outfit, purchased by the company at Port Townsend, was shipped here on a scow and will be used for work along the right of way.

An important deal was also closed this week whereby the company secures some valuable and necessory holdings.

In the woods and scattered along the right of way nearly 75 men are employed.

All this is very gratifying to Port Angeles citizens and undoubtedly marks an era in Port Angeles' future that will long be remembered.

Word has been received by wire from Victoria the effect that the moral reform people of that city have elected Ex Alderman McCandless mayor by a majority of 55. Conditions in Victoria are said to be nearly as bad as in Seattle with the result that the people have condemned the laxity of the administration. Victoria municipal elections are not conducted on party lines.

EVEN the grey hairs and long experience of the venerable Senator from Massachusetts have not saved him from unmerciful ridicule by his republican colleagues who will stop at nothing in order to save their trust friends from a measure which would prove so obnoxious to monopoly. The Senator from Massachusetts made an able defense of his bill but it fell upon deaf ears and there is little likelihood of its passing over the Senate.

The longer Speaker Henderson presides the more he is convinced that he is the victim of a huge joke disguised as an "Iowa idea."

There is so much freight business that the railroads cannot handle it, therefor the railroads must raise freight rates in order to make expenses. This is the devious kind of logic made familiar by republican orators when speaking of the tariff.

THE subcommittee of the senate committee on public land has agreed to make a favorable report on the amendments to the Lacy bill enabling settlers in Alaska to take up homesteads of 320 acres each on unsurveyed lands, in rectangular form, title to the homesteads to be obtained at the end of five years, even if an official survey shall not have been granted by that time.

LODGE OFFICERS.

Last Monday evening at Masonic Hall Mount. Angeles Homestead No. 987, B. of A. Y. was instituted in this City by W. H. Grant, deputy Chief Yoeman for northwest Washington. C. F. Seal honorable foreman of the Dungeness Homestead was present and assisted in the installation of officers. 25 new members were taken in and the order promises to grow in favor, especially so as it admits ladies and gentlemen on the same footing. Meetings will be held hereafter regularly on the 2nd and 4th Mondays of each month.

The following officers were installed, to serve through the current year:

Honorable Foreman ..... Horace White
Master of Ceremonies ..... S. B. Perkins

Overseer ..... F. N. Clonkie
Lady Rouena ..... Mrs. L. W. Clark
Lady Rebecca ..... Miss H. Draper
Guard ..... O. W. Burdick
Watchman ..... O. W. Burdick, Jr
Sentry ..... J. Elves

On Monday evening last Pacific Post G. A. R. and the W. R. C. met together in the opera house for joint installation of officers. The public having been invited a goodly number were present and an enjoyable time was had, followed by refreshments at close of installation ceremonies.

The ladies, of course, had first inning, and with Mrs. Watkins as installing officer, again showed themselves competent to give the "Old Vets" some points in way of drill.

Department Chaplain W. H. Mock, now of Whatcom, came over to install the G. A. R. boys and did so in his usual happy manner, and followed with an address that was highly appreciated by all his hearers.

NEW OFFICERS AT THE COURT HOUSE

Commissioners are Having a Time Electing a Chairman.

The new county officers took their oaths of office Monday morning and are now in charge of the affairs of the county.

Auditor Smith has appointed Nathan M. Hawkins as chief deputy and the commissioners have allowed that gentleman an increased salary, which is now $75 per month. Thad. Wagner, chief under Sullivan, is retained at a salary fixed by the board at $60.

There is no change in the treasurer's office with the exception Barnside is now treasurer and D. [illegible] deputy. The other deputies are of course retained.

E. E. Hopkins succeeds W. P. Smith as sheriff. He applied for Wednesday for a deputy but the commissioners refused that luxury at the time. They allowed him, however, $2.50 per day for deputy hire, when compelled to be absent from the city.

Clerk Church having been re-elected there is no change in this office, and Deputy Surveyor Ware having had full charge during the past two years, things will go on as usual there. The county attorney's office also remains unchanged.

Ray Maxfield, of Quillayute, succeeds Henry Poole as assessor, and is already conferring preparatory to beginning work.

The county commissioners having been reelected are of course plodding along at the same old gait, with the exception they are having some difficulty in naming a chairman for the coming term. Only two of them being in attendance there is a deadlock on, Christopher voting for himself and Chairman Thompson for Gierin.

Meets His Former Shipmate.

Capt. and Mrs. Chas. Svensen, of the tug J. E. Boyden, were in the city yesterday and were receiving congratulations of friends. A coincidence calls to mind the rise of the gentleman in a few short years. In 1898 he was a common apprentice sailor on the ship Wendur, Captain Nichols. He believed there were better things in store for him and so deserted on the tug Boyden when she gathered in her two line. Svensen rose by degrees to be Captain of the Boyden and last week upon that tug again picking up the Wendur at the Cape, he made himself known to Captain Nichols who heartily congratulated him for his pluck and enterprise.

A Valued Momento.

At the spike driving gathering at the commencement of the P. A. Pacific railroad Monday the first spike driven was drawn and in a neat speech was present by Chief N. R. Smith to Mrs. Lewis wife of Mayor Lewis whom he characterized as the most appropriate personage he knew of to whom to give it. Twenty-two years ago he told her he would build a railroad some day out of Port Angeles and to-day when he begins work she is the mayor's wife. It is needless to say the moments will be properly inscribed and kept.

The telephone people have their poles—good substantial ones—up along First street from Peabody to the Central station opposite the city hall; along the alley back of central to Laurel, north on Laurel to Front, along Front to Lincoln. The men are now "raising" at First and Peabody streets.

HIT THREE TIMES

The two surviving sailors from the ill fated Prince Arthur which was wrecked on the rocks near Umatilla reef last week Mate Hansen and sailmaker Larsen, were passengers for Seattle Saturday morning. They have recovered from this awful experience sufficient to travel and outside of a few cuts and bruises are not seemingly much the worse for their rough experience among the rocks.

To a DEMOCRAT-LEADER representative second mate Hansen said: The accident could not possibly have been avoided. The weather was thick; we knew we where somewhere off the straits but did not think we were so close in shore; 'twas a wonder we did not strike before we did. At dusk Friday the sky cleared some and for the first time in three days. The watch sighted shore on our port and we at once put out to sea. We soon struck a glancing blow on a sunken rock, but we would have escaped with our ship had not the bottom dropped out of the sea on the last seemingly lifting the vessel clear out of the water. She hit hard and hung there, and finally broke in two. The sea was running high and how any of us escaped is a miracle.

A Sad Death.

After a hard struggle and a baffling of doctors' skill, living one whole week longer than they announced she would, and during the time drawing from them a statement that there was a slight hope of her recovery, sweet little Nellie Raymond, bright, lovable and seemingly the bud of rosy healthfulness, passed away Tuesday night at 9:30 of consumption of the bowels.

The funeral was held Thursday and the M. E. church was crowded to the doors with sympathizing friends, many of whom could not prevent the tears which flowed freely from their eyes. The service was conducted by the Rev. Fulmer assisted by the Rev. Mock, of Whatcom, who took charge of the burial. Flowers were profuse—liberal gifts from sorrowing friends.

We desire to publicly thank the neighbors and friends who kindly gave assistance during the illness of our little daughter, and those who so kindly furnished flowers for the funeral,

Port Angeles, Wash., Tuesday, January 6, 1903—9 a. m.

Board of County Commissioners met in regular session.

Present—Commissioners Thompson, Christopher and Deputy Auditor Wagner

Minutes of previous meetings were read and approved.

Attorney Richardson appeared before the board and requested that the board canvass election returns of Road District 54, of election of Road Supervisor in October 11, 1902, as there appeared to be a question as to who was elected supervisor in said District at said election.

Board proceeded to canvass the election returns of said District 54, and found that A. M. Konoposki received 6 votes, and that Theodore Klahn received 5 votes.

It appearing to the board that irregular and fraudulent votes had been cast at said election, board decided to declare no result in the matter.

Board adjourned to meet at 1:30 p. m.

Board met pursuant to adjournment at 1:30 p. m.

Present, Commissioners Thompson, Christopher and Deputy Auditor Wagner

Petition of Stanley McLaughlin et al. to eliminate the w½ of w½ sec. 8 and nw ¼ of nw¼ sec. 17, tp. 30, north range 5 w, from Road District 24 and place same in Road District 20, was read to board. Same laid over till Tuesday, 13th day of January at 2:00 p m., to give interested parties in said district an opportunity to be heard in the matter.

Matter of election of Road Supervisor in Road District 54 was laid over till January 7, at 9:30 a. m. for further advice concerning the matter.

Petition for Vankuren road was allowed and board ordered that the county surveyor survey the said road and make his report at next meeting of board.

It is hereby ordered by board that J. S. Sands be appointed Justice of Peace for East Clallam precinct.

Dave Duncan was appointed by board as Supervisor Road District 39, Willis Shaw having refused to qualify.

At a regular meeting of Board of County Commissioners of Clallam county, Washington, the following order was made, to wit:

It is hereby ordered that the county treasurer cancel all city taxes now charged, for the years 1895, 1896, 1897, 1898, 1899, 1900, 1901 and 1902, against the following described lands, situate in Clallam county, State of Washington, to wit.: Blocks No. 2, 2½, 3, 3½, 4, 4½, 5, 5½, 6, 6½, 7, 7½, 8, 8½, 10, 10½, 11, 11½, 12, 12½ Tide lands of first class lying east of Laurel street, in front of city of Port Angeles. Wednesday, January 7, 1903 9 a. m.

Board met pursuant to adjournment.

Present, Commissioners Thompson, Christopher and Deputy Auditor Wagner

Board proceeded to Treasurer's office and examined report and checked over cash on hand for quarter ending December 31, 1902 and found same correct.

After due consideration and after having been advised in the matter, the board took up the question of the election of Road Supervisor in Road District 54, and decided to declare A. M, Konopaski elected supervisor of said District 54, and authorized the auditor to issue him a certificate of election.

The application and surety bond of Leon Becker to sell liquor in the town of East Clallam, was allowed, and approved, and auditor was authorized to issue him a liquor license.

Warrant of Gust Noran's for $38.00 issued in 1893, on General Road Fund for work done in Road District 31, and not signed by auditor, was brought before the board for consideration. Board being advised that there was nothing of record allowing said warrant, no action was taken in the matter.

Petition of Jos. Hottowe et al., to change portion road in Road District 50, in sec. 14, tp. 30, r. 7, read and laid over.

Indemnity bond of Lewis Olesen for duplicate warrant for warrant 428 for amount of $8.00, issued in Road District No. 38, January 10, 1898, said warrant being lost, was read to board. Bond being satisfactory and sufficient, Board ordered duplicate issued.

Resignation of R. M. Wood as Inspector Horticulture, was read to board and accepted, and Frank Balch was appointed to fill the vacancy.

It was ordered by the board that an appropriation of $40.00 be allowed in the Mountain District, on the Clallam and Quillayute road, from the General Road Fund for work done in said district.

Board adjourned to meet at 1:30 p. m.

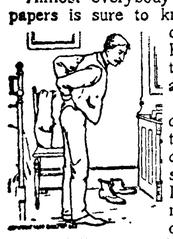
DO YOU GET UP WITH A LAME BACK?

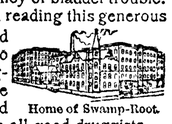
Kidney Trouble Makes You Miserable.



Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

THE MACKENZIE TREATMENT

Dr. MacKenzie's English Catarrh Treatment is a home remedy for the treatment and cure of catarrh.

The "MacKenzie Method"

is the result of many years of experience of the greatest nose and throat specialist the world has seen—Sir Morell MacKenzie.

Why use these blood tonics, sarsaparillas or inhalers when you can permanently cure your catarrh by devoting but a few minutes each day to treating yourself at your home by the

"MacKenzie Method."

This "Method" has worked cures in cases of catarrh of ten to thirty years standing. The method is simply this—the inflamed membranes of the nose and throat are treated with an antiseptic and healing oil until every passage in the head is restored to its normal state of health. At the same time the catarrhal poison which has been absorbed by the blood in its circulation through the membranes of the head is neutralized and eliminated from the system.

THIS IS THE ONLY CERTAIN METHOD TO TREAT CATARRH SUCCESSFULLY.

It is the only home treatment which recognizes the necessity of a double treatment—local and internal.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.

J. B. BELSHER, St. Louis, Mo

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cared by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

$25.00 reward will be paid by the undersigned for the arrest and conviction of any party caught destroying the fence around my residence, or any property belonging to me. I am very tired of the manifestations of such hoodlumism. R. A. MUSKETT.

DON'T LISTEN

To what people say when they would discourage your hope of exchanging womanly weakness and sickness for perfect health. Women who have been invalids for years, scarcely able to be up half the time, and the other half of their time spent in bed, have been made healthy, hearty women by the use of Doctor Pierce's Favorite Prescription. It cures the womanly diseases which undermine the strength. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"With pleasure I send a few lines to let you know that I feel much better than for eight years before taking your 'Favorite Prescription,'" writes Mrs. Pierce Geise, of 822 West Philadelphia Street, York, Penna. "Will recommend Dr. Pierce's medicine to every person who may inquire as to what it has done for me. I was troubled with female weakness and began to think I would never be well. If I had continued the treatment prescribed by my doctor I don't know what would have become of me. When your treatment was commenced my weight was 108 lbs.; at present it is 130. Have healthy color and my friends say I look well. My best thanks to you and my best wishes too, for what you have done for me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

NEED OF A LIFE-SAVING STATION.

The wreck of the bark Prince Arthur near Cape Flattery, last week, is another argument in favor of a life saving station on the ocean beach somewhere near the cape. The drowning of eighteen men out of a crew of twenty for lack of any help from shore is a frightful instance of neglect on the part of the goverment to provide any life-saving facilities at Cape Flattery. There is no other part in the United States, and probably in no other civilized country on earth where such neglect is apparent. Puget Sound is one of the great sea ports of the world. Its commerce is large and rapidly increasing yet there is no life saving station at its entrance and none along the sea board of the state except in the vicinity of Grays harbor, 150 miles south of the cape. Loss of life goes on right along upon the lonely ocean coast of Washington because there are no means of saving life, and the sailors are left the prey of the breakers whenever a ship gets ashore among the rocks in the darkness.

Senator Foster, it is reported, has this matter of getting a life saving station at the cape under consideration. He ought to push it right along. It has been needed for half a century on the coast; not inside the straits where it was once established and afterwards abandoned as useless.—Clallam Record.

Ballard's Horehound Syrup is the great cure for all pulmonary ailments. 25c, 50c and $100 at C. E. Nailor & Co's.

Probate No. 155.

In the Superior Court of the State of Washington, for Clallam County.

In the Matter of the Estate of John Magee, Deceased.

ORDER TO SHOW CAUSE ON SALE OF REAL ESTATE.

It appearing to the court, by the petition duly verified, presented and filed by George R. Fisher, the administrator of the estate of John Magee, deceased, that it is necessary to sell a whole or some portion of the real estate of said decedent to pay the debts of decedent and the expenses and charges of administration.

It is therefore ordered by this court that all persons interested in the estate of said deceased appear before said superior court on Saturday, the 3rd day of January 1903, at the hour of 9:30 o'clock, A. M. of said day, at the court room of the probate department of said superior court in the city of Port Angeles, Clallam county, Washington, to show cause why an order should not be granted to said administrator to sell the said real estate, or so much thereof as shall be necessary, and that a copy of this order be published at least four successive weeks, in "THE DEMOCRAT-LEADER," a weekly newspaper published in said Clallam county, and of general circulation therein.

Done in open court this 29th day of November, 1902. GEO. C. HATCH, Judge.
