Clallam Democrats Refuse to Take a Backward Even Though Victory Were Assured Thereby

The Democrats of Clallam county, or rather of Port Angeles and vicinity and of Dungeness, met in convention in this city on Saturday for the purpose of naming six delegates to the state convention which is now in session to send delegates to the National gathering.

The convention was called to order at 10 o'clock by Secretary A. J. Cosser, who read the call.

Upon motion of Delegate Mastick Thos. F. Trumbull was named temporary chairman and A. J. Cosser secretary. Mr. Filion moved that the chair appoint committee of five on credentials and three on platform. The chair named:

ON CREDENTIALS—Ben Mastick, Lewis Levy, Stephen Land, L. H. Smith, H. Malchau.

ON RESOLUTIONS — Dr. F. S. Lewis, Jno. Trumbull, A. A. Richardson.

Adjournment was then taken until 2 o'clock.

Upon reconvening the committee on credentials reported the following present and entitled to seats:

Bellview—Stephen Land, John Donahue, Frank Chambers, Sr.

Edgewood — Charles Peters, W. H. Guthrie.

Dungeness—J. J. Allen, A. Henderson, M. Marshall, R. McDonald, by A. Henderson.

PORT ANGELES—

First Ward—J. P. Christensen, Chas. Bork, S. W. Hartt, T. Henderson, Jno. Trumbull.

Second Ward—E. B. Mastick, Lewis Levy, Henry Nelson, H. M. Fisher.

Third Ward—Dr. Lewis, D. J. Kelly, C. H. VanBrunt, Olaf Johnson.

Fourth Ward—J. Hallahan, H. Malchau, A. J. Cosser, F. Miller.

Fifth Ward—A. A. Richardson, Wm. Carey, Jno. Malchau, Tom Trumbull, Claud Underhill.

Sixth Ward—Byron Bowman, Myron Petterson, A. E. Byres, Al. Filion, M. Patterson.

Upon motion of Delegate Richardson the temporary organization was made permanent.

This ringing platform was then reported by the committee and enthusiastically adopted:

The Democrats of Clallam county in convention assembled do declare as follows:

First. We reaffirm those fundamental principles of righteous government taught and practiced by Thomas Jefferson, the founder of the Democratic party, and embodied and fully expressed in the sentiment, "Equal rights to all, special privileges to none."

Second. That the only test of true loyalty to party is the support of the platforms and candidates put forward by the National convention. And that the platform last adopted at Kansas City is, and will remain, the declaration of principles of our party until a new one is in like manner adopted.

Third. We recognize the ability, integrity, and sterling Democracy of Wm R. Hearst, of New York, and his unswerving support of Democratic principles throughout his life; and hereby instruct the delegates to the state convention, from this county, to use all honorable means to elect for delegates to the national convention to be held at St. Louis, in July next, only men who will support him in such convention, and that the delegates from this state be instructed accordingly.

Fourth. That we recognize the great service rendered to our party and the country by the Hon. Wm. J. Bryan in holding high the banner of political morality, and in his endeavors to keep the party true to the principles of the fathers.

Fifth. The delegation from this county is hereby instructed to vote as a unit in support of the above named propositions and in case of the absence of any members thereof those present are authorized to cast the vote of the delegation.

F. S. LEWIS
JNO. TRUMBULL
A. A. RICHARDSON
Committee.

Mr. Richardson nominated the following delegates to the state convention and they were elected by acclamation: Jno. Trumbull, F. S. Lewis, Jno. Hallahan, W. H. Guthrie, M. Marshall, Alex. Henderson.

Dr. Lewis then called attention of convention to fact that the county committee had failed at a previous meeting to name a state committeeman, as suggested by the state committee, on the ground that no vacancy existed. The action was approved and the matter passed up to the state delegation as heretofore.

Upon motion of Dr. Lewis, convention proceeded to elect a county chairman, vice T. J. Murphy, deceased, to act until the next county convention.

A. A. Richardson and Dr. Lewis were nominated but declined, and T. F. Trumbull was elected.

The chairman and secretary were directed to call a meeting of the county committee to fill all vacancies and the convention adjourned.

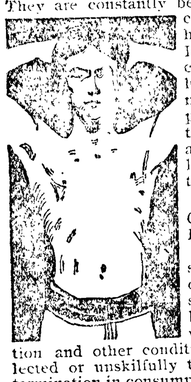
Narrow Chests.

The old theory that consumption was inherited is utterly discredited by modern medical science. The germs of consumption must be received from without. These germs are every where. They are constantly being received and cast out by the healthy system. It is the narrow chested whose inheritance is weakness who fall a prey to consumption because they are too weak of lung to resist and throw off disease.



Doctor Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate deep-seated coughs, bleeding lungs, weakness, emaciation and other conditions which if neglected or unskilfully treated find a fatal termination in consumption.

$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"In the spring of 1900 I was taken with hemorrhage of the lungs, and became very weak and short of breath, lost flesh and had no appetite," writes Mr. E. L. Robinett, of Xerxes, Tenn. "I was persuaded to try Dr. Pierce's Golden Medical Discovery. The first few bottles seemed to do me but little good. Thought I would soon be a victim of that dreaded disease, consumption. Had almost given up in despair when my friends persuaded me to give your 'Golden Medical Discovery' a fair trial. I commenced its use. I weigh 160 pounds now, and when I commenced I only weighed 140 pounds. If any one doubts this statement I will be pleased to answer any inquiry."

Accept no substitute for "Golden Medical Discovery." Nothing is "just as good."

A newspaper recently gave a list of thirty-nine leading fraternal organizations in the United States, with their respective memberships at the beginning of the present year. The total aggregates about 7,500,000.

THE PHILIPPINE TRADE.

The Shipping People Are Claiming What They Paid For In 1896.

However weak and unimportant American ships may be on the high seas, they are strong and influential on land. Their inability to transport freight at reasonable rates is forgotten when we observe their ability to control congress and to dictate legislation at Washington.

Just now the shipping people are putting two bills through congress, introduced by their man Frye, the object of which is to give them a complete monopoly after July 1 next of all trade between this country and the Philippine Islands. It is reasonably certain that these bills will go sailing through congress, for their object, to restrain trade, is in full accord with the protectionist party, which now holds the steering apparatus at Washington.

Since the 25 per cent reduction in tariff duties on goods exchanged between the United States and the Philippines trade and commerce have been greatly encouraged. Thus in 1898 we imported $2,500,000 worth of hemp from Manila; in 1903, $12,000,000 worth. In 1898 we obtained most of our supply of hemp from other countries; in 1903 all but $1,000,000 worth came from Manila. Both countries have benefited greatly by this increased commerce, due to lower duties.

This hemp is carried almost entirely by tramp steamers, which make a triangular voyage—first, from the United States to Europe, thence from Europe to the Philippines, thence from the Philippines to the east coast of the United States. In this way they obtain cargoes for each leg of their triangular voyage and carry freight at a minimum price, for there is always competition among the tramp steamers, and the lowest bidder gets the freight.

Now, competition is obnoxious not only to the ruling powers at Washington, but also to the patriotic owners of American ships who have not as yet received the long expected rewards for their big contributions to the Republican campaign fund in 1896 and since.

Although there are not nearly enough ships flying the American flag between here and the Philippines to carry the freight now offered, yet these ships are asking for a monopoly of this trade. Should they obtain it freight rates from the Philippines will go up greatly. In the opinion of ex-Secretary of War Root and of the present secretary, Mr. Taft, rates will go up 100 or 200 per cent.

Under these circumstances much of the freight now brought directly from Manila and coming in at the lower rates of duty will probably be imported through other countries and will pay full rates of duty. These bills, therefore, will to a large extent nullify the benefits of the present low tariff arrangement.

But no matter how great the monopoly or how great the injury done to our business interests the shipping people will probably get what they want. The Republican party helps those who help themselves if they have shown their generosity when the contribution box was on its rounds.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. Advices from the Democratic state convention now in session at Olympia are to the effect that both the Hearst and Parker men claim a majority and the outcome cannot be predicted. Senator Turner holds for an uninstructed delegation and resolutions favoring such may be reported. Turner's popularity will have great weight but we do not believe he can prevent instructions for Hearst or the equivalent.

ONE of the inconsistences of the age is the spectacle of a "church member" placing in nomination for high office, a whisky soak and all-round blasphemer. As long as consciences can be thus stretched for party and power so long may we expect to find the grafter, saloon bum and ringster in places of public trust.

UNRELENTING ring practices ruled the Republican convention on Tuesday. Those who were not in the crowd were quietly asked to step aside, and those who refused, where it was thought wise, were clubbed to death. In one or two cases the ring candidates were so rank that a few self respecting yet misguided Republicans in the "ring" ranks "bucked" with the natural result where the vote was close. Slowly but surely, even the Republicans of Clallam county are getting weary of the perpetual gang.

STUMP DAY.

A Large Amount of work Done, Though Laborers were Much Fewer Than was Expected.

Stump day labors, given Thursday under the direction of the ladies of the Civic club, was not the unprecedented success expected after the big and enthusiastic meeting in the opera house on Saturday night. The ladies did their part well and were prepared to royally entertain several times the number of workers who turned out to help beautify the streets, and considerable food had to be sold while some was given away. There were also a large number of ladies out expecting their services would be needed; but whether convention week, threatening weather or what kept other away the attendance was small. What was lacking in numbers, however, was made up in a large degree by the untiring energy of those who did turn out and these have every reason to feel proud of their accomplishments—the ladies are profuse in their appreciative utterances.

On Laurel street just above the D.-L. office several eye-sores in a prominent spot were removed, and the street now looks real respectable. Peabody street was cleared up in a surprising degree to Tenth street, and in other localities much good work was done.

Lincoln Heights observed "stump day" with even more than usual enthusiam and with best results; twenty men worked through "rain or shine" while the ladies served excellent meals. More work was done than in any one stump day before. At night a bon-fire was lighted, seats provided and about thirty men and women and almost as many school children assembled. The evening was much enjoyed by all and bon-fires will hereafter be a permanent part of "stump day" program on Lincoln Heights.

Bourke Cockran Scores Protection.

The Hon. W. Bourke Cockran said in a recent speech in New York: "There is one act which the Republicans have incorporated into our laws, but which the people have never yet indorsed and against which the Democrats must struggle by the very law of their being, and that is the policy of plunder for protection. Democrats have always realized that protection was logically absurd, economically unsound, morally infamous, but because of the attractive name which it bore many persons were lured to its support. The organization of trusts has made clear just what protection means."

Resolutions.

The following resolution was adopted by the quarterly conference:

PORT ANGELES, Wash., Apr. 28, '04.

It is with feelings of regret that we, the official board and members of the M. E. church, of Port Angeles, are called upon to accept the resignation of our esteemed and honored pastor, Charles E. Fulmer.

We sincerely sympathize with him in the matter of the affliction to his throat which has made it necessary for him to relinquish, for a time at least, his chosen profession in life.

We realize that he has labored faithfully and intelligently for the advancement of the cause of Christianity in our community; that he is a valuable and earnest advocate of the Master's cause, and that his withdrawal from our leadership is a serious detriment to us both as an organization and as individuals: therefore, be it

Resolved, that he has our heartfelt thanks and appreciation for his past efforts, and a pledge of our friendship, love and esteem for the future, and that should he continue to reside with us we will do all in our power to advance his interests in any business in which he may engage.

THE opening of the Louisiana purchase exposition on Saturday last makes St. Louis the center of interest, and one of the greatest exhibitions in history is promished. This may reasonably be expected with modern inventions and ways.

WASHINGTON loggers have decided to reduce output of camps 50 per cent. during May and June and will possibly close down completely in July. Whether this affects Clallam county or not cannot be learned.

NOT content with grabbing everything in sight, posters were brought out Tuesday for Hickok for assessor against the West End man. Mr. Hickok, however, saw danger ahead and withdrew.

FROM all over the county come protests against the new road law. Republicans and Democrats alike condemn the law for its manifest partiality so far shown. Even our local "ring" finding the club in the hands of the opposition, are clamoring for elective supervisors, instead of appointive.

COUNTY officials through the resolution of the convention, are directed to "purchase all supplies of stationery and printing through the Republican press of Clallam." This is eminently right in a way. There is no reason why any work of this nature should be sent away from home when it can be done just as cheap or cheaper here; but why it should be done through the "Republican press," which means the Tribune-Times is not apparent, unless it is that if you don't swallow the Republican ring you have no right to live.

ONE commendable feature of the Republican convention was the turning down of ex-Democrats who have drifted over for office. Three got it in the neck, and the fourth only got on the ticket because of location and his connection with the slate.

The following committeemen were named by the delegations and ratified by the covention:

Dr. Lewis and Councilman Hallahan went to Olympia Monday to attend the Democratic state convention. Messrs. Jno. Trumbull, Alex. Henderson and M. Marshall followed on Thursday morning.

Harry Bradshaw, one of Clallam's brightest young Democrats left Wednesday for British Columbia where he has accepted a position.

A Dirty Deal

Convention, Knowingly or Otherwise, Sanctions a Most Contemptible Trick.

Messrs. E. H. Herrick, Harry Coventon, Ben Lewis, C. A. Stringham, E. H. Isbel, P. Laufeld, and others, old time Republicans, brought to town this week the story of the dirty trick played on them at the Elwha primary last week, and the contemptible manner in which they were turned down by the Ring-Slated committee on credentials.

The gentlemen assert that it was one of the dirtiest deals they ever saw or heard of in a Republican convention (this is saying a great deal) and they are so disgusted that they want they want the public at large to know the facts.

The primaries, they say, were called by committman Bowman to meet at the McDonald school house between the hours of 2 and 3 p. m. Qualified voters of the precinct were on hand some time before two, and as the hour for convening came and passed and Mr. Bowman did not make any move to hold a meeting they requested that he do so, as they had business at home. He put it off from time to time until the hour of three arrived and then walked off with his two pals, and three men from the mill, without holding any primary.

Realizing that they had been tricked, the eleven residents remaining called the primary meeting to order, elected Mr. Herrick chairman and Mr. Lawrence secretary, and proceeded to elect three delegates, as per call, to the county convention. Minutes of this meeting, duly certified and signed by the eleven men participating in the primary, were sent to the convention as credentials, the regular blank credentials being carried off by Committeeman Bowman.

Bowman and associates after leaving the appointed place of the meeting, it seems, named three of their number as delegates, and these men were seated by the convention upon the report of the credentials committee.

The eleven gentlemen were wroth, and justly so, and Chairman Herrick, who was one of the regularly elected delegates, went to C. L. Babcock, of the committee, and stating the facts, asked how the committee could possibly report as it did. Mr. Babcock protested that their credentials were not before the committee, and Mr. Herrick then tried to locate them. Secretary Aldwell, of the covention, stated that he guessed they got lost. Mr. Herrick demanded that the credentials be returned, but the plea was made that they could not be found.

That the whole plot was concocted in advance is proved conclusively as Mr. Lauridsen was told with a knowing smile on Tuesday morning, from several sources, that he would not get Elwha's delegates, as that was already fixed. Upon the report of the committee Mr. Lauridsen refused to go before the convention.

Mr. Lauridsen states emphatically that he had 22 delegates in the convention as it was and the three thrown out from Elwha would have given him the necessary 24 to nominate, and to spare. The contemptible crowd recognized this fact and spirited away the credentials which could not be replaced, and without which in a contest on the floor of the convention, it would have simply been a question of veracity between the three delegates on either side.

Great are the machinations of the Ring Bunch to perpetuate themselves in office.

Continued from Page 8

Seal, H J Bugge. C J Farmer, E E Day, G M Lauridsen, J E Cochran.

H J Lipsett named as delegates to the state convention, T T Aldwell, Jas Palmer, E F Gierin, J G McClinton, Geo Davis, Geo Clementson, E E Fisher, J A Withrow, K O Erickson.

For representative, Geo O'Brien in a neat speech, named W J Dyke, and he was named by vote of the secretary.

For county treasurer Judge McClinton named the present incumbent, W E Burnside. He was likewise named upon the vote of the secretary.

For county auditor Wm B Smith was nominated upon motion of Wm Crawford, seconded by Peter Govan. He was unanimously selected.

For county sheriff L R Flowers named E E Hopkins and he was also selected by vote of the secretary.

A recess was then proposed; for the nomination of commissioner Considerable discussion resulted, but the recess was finally ordered.

During the recess the delegates of the first district met in the gallery and voted for commissioner as follows:

Ballots—	1st	2d	3d	4th	5th
H J Bugge.....	9	9	9	10	13
George Lotzgesell.	5	7	8	9	9
—— Long	6	6	7	6	3
Jas Dick	3	2	1	0	0

On the stage, part of the delegates from the second district assembled and Jas Palmer being the only nominee, he was named without opposition.

Upon reconvening the convention ratified the nominations.

Chas. B. Wood, of Port Townsend, who claimed the distinction of being the first white child born in Clallam county, here addressed the convention, asking the endorsement of Mr. Coon for Lieutenant Governor. He stated that the Jefferson delegation to the state convention from Jefferson county of which he is chairman, had already endorsed the candidacy of H. J. Lipsett for state auditor and as Mr. Coon was thus far the only avowed candidate for the nomination for Lieut. Gov. they wanted the endorsement of Clallam simply for its moral effect. Mr. Aldwell stated that both Whatcom and Snohomish counties had candidates for congress (what figure that cuts is not apparent) and were for Mr. Coon, and he thought the convention should vote down the resolution Despite the fact that before the ring master spoke the convention seemed unanimous for the resolution and thought it a feather in the cap of Lipsett it was voted down, and Jefferson will now probably vote for Kitsap's candidate, that county having also endorsed Mr. Coon.

For prosecuting attorney John Dyke named Wm Ritchie. Mr. Smith, of Quillayute, named Judge Cochran; L. R Flowers seconded the nomination in an emphatic talk on his integrity and ability. J A Withrow named a "young Republican brought up among us who has not been on the slate; well schooled, well bred and with a full knowledge of the law," Roy McClinton. Judge McClinton seconded the nomination, reviewing the life of his son, giving the steady advancement in his career. The vote resulted:

Ballots—	1	2	3	4
Ritchie	42	40	43	45
Cochran	37	39	50	56
McClinton	24	23	9	—

Mr. McClinton withdrew on the last ballot.

For superintendent of schools, H E Risley was named by ——Cook, of Seguin; Thos Knoph named A N Taylor. A motion that nominations close was carried when it developed that the party who was to have named E S Bown for this office was either absent or asleep. Upon reconsideration Mr Bown's name was admitted to the contest. Result: Risley 54; Taylor 22; Bown 27. Upon motion of the defeated candidates, Mr. Risley's nomination was made unanimous.

Adjourned until 7:30 p m.

◆ ◆ ◆

Upon re-convening Mr. Smith named Ray Maxfield, for assessor. Mr. Ritchie named J D Hickok. Mr. Hickok declined to accept and moved that Mr. Maxfield be named by unanimous vote. Carried.

For county clerk Mr. J A Withrow, in behalf of the West End, named George W O'Brien; stating that the West End would like to be recognized. Mr. Crawford seconded the nomination. Mr. Ritchie arose and stated that it might be unfortunate that his nominee does not hail from the West End, nor had run a newspaper in the county, but he was fully capable from past experience in law and as chief clerk of the House of Representatives, he named the Hon S P Carusi. Mr. Palmer named C D Ulmer; he, too, was well-known and had run a paper in the county. Mr. Smith, of Quillayute, named ex-commissioner, George Lamb, of Clallam. The vote resulted on first ballot: O'Brien 50; Carusi 24; Ulmer 13; Lamb 17. Second ballot: O'Brien 65; Carusi 26.

Upon motion of Messrs. Lamb, Carusi and Ulmer Mr. O'Brien's nomination was made unanimous. Mr. Carusi then paid his respects to the convention, placing the stigma of liar upon those who promised him and voted for the other fellow.

For coroner L R Flowers named, in a neat talk, A D Willson, present incumbent. Mr. Ritchie named H H LaFlower. Result: LaFlower 19; Willson 80.

For surveyor, Wm Ritchie named T J Weldon. K O Erickson named W J Ware. Result: Ware 58; Weldon 40; scattering 4.

For wreckmaster, Wm Ritchie named H M Guptill, who declined. T T Aldwell named Chas M Raymond. S P Carusi stated that as he had been endorsed for every office to which he aspired he desired the nomination for wreckmaster.

The ladies of the Civic Club on Saturday evening last were much gratified with the large attendance at their social gathering at the opera house. and the meeting can truly be said to have been a great success. Mrs. C. A. Cushing presided and made a most favorable impression as chairman.

Excellent talks on the work of the club were given by Mayor F. S. Lewis, Dr. Appleton, John Trumbull, G. V. Smith, J. E. Cochran, Rev. Cheal, Rev. Hill, and several others; Mrs. Cushing gave a history of the work here and its emulation in other places. Other interesting numbers were also given and were well received.

Mrs. Cushing, on behalf of the club, presented the mayor with a check for $100.00 to be used for new street lamps to be placed by a committee from the club when the new light plant is installed; the presentation was roundly applauded.

COAL TRUST SUIT

Supreme Court Decides For Hearst

The Trust Must Produce Its Contracts and Show Its Books, Say Eight of the Nine Justices of the Court.

Washington, D. C.—The Hearst suit has been won and the coal trust beaten. By its decision against the trust the United States supreme court has decided that there is a limit to the power of the trusts, great and powerful though they be, and the law of the land is still mightier.

The decision of this same court in the Northern merger case was considered a staggering blow to one kind of trusts, but the decision of the court, rendered as a result of Representative William Randolph Hearst's suit against the coal trust, sounded the death knell of every predatory trust in the country.

It means that the interstate commerce commission can compel trust magnates to bring out their books for inspection and disclose their unlawful methods for doing business.

It means that the millionaires of the criminal trusts can be compelled by the commission to make confessions which will bring them under the operation of the Sherman antitrust act.

It means that the fence of technicalities behind which the trusts have been hiding has been broken down.

It means that Attorney General Knox has been deprived of the last shred of pretended excuse for not acting upon evidence of the coal trust's guilt with which he was furnished by Mr. Hearst a year and a half ago, which evidence will now be furnished to him again by Baer, Truesdale and other managers of the coal carrying roads when they unwillingly remount the witness stand and hand to the interstate commerce commission the contracts which they so desperately and unsuccessfully endeavored to shield from view.

If in the face of the supreme court's decision and this evidence President Roosevelt shall permit his attorney general to abstain from doing his sworn duty it will be for one of the two reasons plain to the whole country:

First, that the administration is afraid to offend the coal trust and its allies in a presidential year; or,

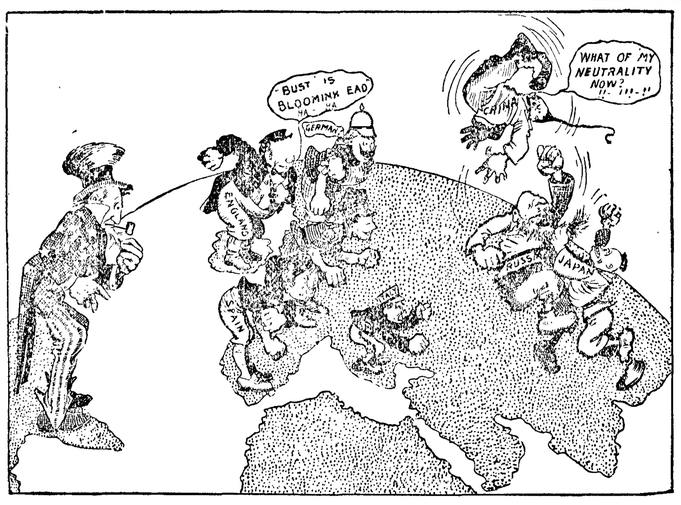
Second, that Mr. Roosevelt cannot bring himself to be ungrateful to the coal trust, which in 1900 yielded to the demands of the miners in order to prevent the strike from spreading to West Virginia, Indiana, Illinois and Ohio and arraying the labor vote of the nation against the Republican national ticket.

Now that the supreme court has sustained the rights of the interstate commerce commission to prosecute the investigation begun on the petition of Representative Hearst nothing can save the coal trust from swift destruction except the defiant refusal of the attorney general of the United States to apply the laws of the United States to proved extortionists and criminals.

The decision of the supreme court almost took away the breath of all Washington. Representative William R. Hearst's victory over the coal trust was the only topic of discussion. Members of both branches of congress left their seats to attend the supreme court and listen to the reading of the decision by Justice Day. Senators, representatives and distinguished jurists lingered in the corridors after the last words of the decision had been uttered to comment upon the successful termination of a case brought in behalf of the most powerful trusts in the country.

It was conceded that the New York representative and editor had accomplished more to enforce the antitrust and interstate commerce laws than the entire staff of the department.

With but one dissenting opinion—Mr. Justice Brewer—the supreme court reversed the United States circuit court for the southern district of New York and ruled that the coal operators must bring their contracts with the railroads before the interstate commerce commission when ordered to do so. Recalcitrant witnesses, members of the coal trust, who defied the authority of the commission and refused to testify, can also be compelled by this decision to go upon the witness stand and answer questions.



The eastern situation, says a London cablegram, has undoubtedly caused general military unrest.

—Chicago Inter Ocean.

President Baer and his trust associates have been brought within the operation of the federal laws which they repeatedly and insolently defied by the unrelenting persistence of W. R. Hearst, who instituted proceedings under the interstate commerce laws in behalf of the people, who were compelled to pay unjust exactions in purchasing fuel.

Following the big coal strike of 1902 W. R. Hearst brought the now famous coal trust case before the interstate commerce commission on a complaint alleging that the coal companies and their allied railroads were unjustly discriminating against consumers. During the hearings trust witnesses refused to produce their contracts and also declined to answer questions by Clarence J. Shearn, attorney for the complainant, W. R. Hearst.

Hiding behind the great power of their wealth and depending upon official friendliness, the magnates and their agents obdurately flaunted the authority of the commerce commission. The commission carried the matter to the United States district court of New York, and Judge Lacombe sustained the trust magnates in their denial to let any light be thrown upon their unlawful methods.

The effect of the Hearst victory cannot be overestimated, for under the opinion of the court the interstate commerce commission can now proceed with its investigation of the coal trust.

When during the investigation of the coal carrying roads before the interstate commerce commission the coal trust magnates refused to answer questions and produce certain books and contracts called for by counsel for Mr. Hearst, the commission carried the matter before Judge Lacombe of the United States circuit court of the southern district of New York, and Judge Lacombe sustained the contention of the coal trust magnates, holding that the questions asked by counsel for Mr. Hearst were "irrelevant" and were not permissible under the interstate commerce act, but would be under the Sherman antitrust law, and with this latter act the commission has no jurisdiction.

From this decision the interstate commerce commission appealed to the supreme court of the United States, and the supreme court has now decided in Mr. Hearst's favor. Not in many years has a case so important to the people been decided by the supreme court of the United States so soon after the argument.

Republican Rural Free Delivery.

U. S. MAIL AND THE UNDERPAID MALE WHO CARRIES IT.

CARRIERS' POOR WAGES.

Representative Hearst Sought to Have Rural Service Conditions Bettered.

Rural letter carriers have lost their fight to obtain adequate compensation from the government. The Republican majority in congress has gone on record in favor of the meager allowance of $60 a month to rural carriers who have to buy and feed their own horses and work every day in the year in all kinds of weather.

When the rural carriers went to congress with their petition they found but half a dozen active supporters, and in the lead of the fight for justice and decent wages stood Representative William Randolph Hearst of New York. Against the united opposition to a fair increase Mr. Hearst and a few fair minded Democrats sought to amend the postal appropriation bill and give the carriers salaries commensurate with the service they perform.

Their efforts were frustrated by a determined majority. The rural carriers are now worse off than they were a year ago. Their salaries have been increased to $720 a year, but the privilege to carry express and daily newspapers is taken away from them.

Adjourned to 1:30 p. m.

It is already apparent that the ring is in absolute control, albeit by a small majority, and that the opposition can expect no concession or recognition. Some delegates have left the convention leaving their proxies to aid a few of their friends who might stand a show, because of the unsavory reputation of the ringster candidates. Great dissatisfaction on the part of a large number of delegates is apparent and while there will be little or no bolt, yet there is every indication that the wound cannot heal, and that independent action may be expected.

Upon reconvening John Dyke moved that the temporary organization be made permanent, and the motion carried despite the fact that it was snap judgment and that the credentials committee had not yet reported. He was evidently afraid.

THE PLATFORM.

We, Republicans of Clallam county, in convention assembled, again re-affirn our allegiance to the tenets and principles of the party of Hamilton, of Lincoln, of McKinley and of Roosevelt, believing that the higher purposes of a constructive American citizenship that steadfastly recognizes legal equality among all men is best subserved through republicanism.

We especially commend the rigorous, sterling manhood, exalted and abiding patriotism and the constructive, fearless and able statesmanship of that noble American, our universally beloved president, Theodore Roosevelt, whose wise and devoted administration has commended him of all men, regardless of political affiliations, as the choice of the American people for president.

In behalf of the people of Clallam we most earnestly commend the brilliant and productive administration of our congressional delegation. Through the ever alert and watchful concern of Senators Foster and Ankeny and Representatives Cushman, Jones and Humphrey, our diversified interests have been fully protected and safeguarded.

We emphatically commend the efficient and economical administration of the state officials, and particularly rejoice in the abundant universal prosperity that has resulted to the people of the state in common with those of the nation at large at all times since the disastrous days of Cleveland's administration.

We greatly rejoice in the renewed prosperity of Clallam county, particularly, in its financial and material advancement, which is largely the result of the capable and honest administration of its Republican executive and financial officers.

Be it resolved by this convention, that the administration of the office of the superior judge, of the judicial district of Clallam, Island and Jefferson counties, by the Hon. Geo. C. Hatch, is hereby approved, and his candidacy for renomination to said office is hereby endorsed, and the delegates to the judicial convention from this county, are hereby instructed to support him. It is also resolved that he be permitted to name nine delegates from this county, to said judicial convention, and the said delegates so named by him are hereby so appointed, and upon his filing a list thereof with the secretary of this convention the chairman and secretary are instructed and empowered to sign the credentials of said delegates.

Be it resolved, that the convention especially endorse and urge the candidacy of Mr. H. J. Lipsett, of Dungeness, for state auditor and that he be permitted to name nine delegates and nine alternate delegates to the state convention, and further recommend that the convention ratify such personally selected delegation.

Resolved that it is the sense of the Republican party of Clallam county that, so so far as it is practicable, with equal expense, the county officials are and should be in duty bound to purchase all office supplies in the way of stationery and printing of or through the Republican press of the county.

Resolved, that the present road law be so amended, that the four road supervisors in each county be nominated and elected every two years, by the qualified electors residing in each road supervisor's district.

Resolved further, that whereas the state owns several hundred thousand acres of land in Clallam, Jefferson and Chehalis counties, we think it just and right that the state should make an appropriation for a state road from the strait of Juan de Fuca to Grays Harbor, and we urge our legislative candidate to use his best efforts to attain such results.

Judge Hatch, in accordance with rule, named as judicial delegates, Hon. J. G. McClinton, E F Gierin, S G Morse, C F
