CITY TO HELP STONE COMPANY

Directs the Attorney to Open Negotiations With the State

At the council meeting Wednesday all members except Mr. Gutenberg were present.

The franchise committee presented a resolution which was later withdrawn, directing the city attorney to take steps necessary to secure from the state the tidelands west of A street set aside for an outlet for Tumwater or Fraser creek but now abandoned. The purpose is to get this 200 feet for an outlet for the Port Angeles Stone Co., which Mr. Ferree counsel of the company, who was present, stated was anxious to get to work to open up its quarry property but is not inclined to do so until the question of outlet and transportation is settled. The latter is practically solved and it is very desirable that the outlet or needed waterfront should be secured or assured before much expense is incurred.

The council after some discussion as to procedure simply directed the attorney by motion to secure the lands from the state for commercial purposes for the benefit of the city.

City Treasurer Nailor submitted his 2nd quarterly report of the city's finances showing the following balances:

Electric light bond int.	$2,174 45
Indebtedness fund	8 03
Municipal bond interest	2,395 80
Current expense fund	85 00
First Street Impt. Dist.	309 77
Front Street Impt. Dist.	276 34
Cemetery fund	58 07
Lighting fund	656 49

Grand bal in treasury, $5,973 95

Bills were allowed as follows:

R. D. Willson Hdw. Co., supplies	38.95
Gate City Contracting Co, setting 5 poles	15.00
Johnson & Bork, supplies	1.00
Jos. Pecore, et al, special police	19.00
Wittler-Corbin Co., supplies	11.47
G. V. Smith, court costs	3.90
W. A. Wood & men, street work	90.80
Pt. A. H. & F. Co.,	78.75
J. E. Brolock, mason work, power house	10.44
Ben Chambers, hauling engine	1.00
H. Ferguson, et al., wire stringing	98 70

New bills read:

Lemuel Pope, services as engineer,	$ 5 75
Morse Wharf, freight and wharfage	2 35
Kilbourne & Clark, elec supplies	3 80

The mayor was voted $25 as expenses to secure proper bond data for issue of light bonds. He will leave for Seattle to-night.

Question of selecting a successor to Mr. Gutenberg as councilman of Fifth ward came up and two candidates were mentioned, Mr. Polhamus and Mr. Shaeffer. Mr. Hoare said Mr. Burnside favored the latter. It was found Mr. Gutenberg had not yet forfeited his office and the matter went over for one week.

We handle only the best quality of PURE granulated sugar; see that you get the best for canning purposes.

T. S. Brophy & Co.

BIG TRANSPORT

The big transport Dix put in here Sunday afternoon on her way to San Francisco to load to drop off her pilot. The Dix is the largest transfort on the Pacific and the fact that her pilot, knowing her immense draught, did not hesitate to come right up to the regular landing speaks volumes for our beautiful harbor The further fact that the insurance companies and the owners of all the big vessels plying between Puget Sound and Asiatic ports only demand that a pilot be kept aboard only between this port and up sound is further evidence of our advantages as a seaport. A ship under sail or steam has a clear passageway between here and the ocean and this fact has saved many a vessel owner thousands of dollars by his ship sailing right into port. The Dix is the vessel that was compelled to spend a month in the Columbia because of the impossibility of getting her over the bar.

RECEIVERSHIP HEARING TODAY

Will Be Heard This Afternoon at the Court House.

The hearing of the petition of the Seattle Hardware Co. for a receiver for the P. A. P. R. R. has been postponed until this afternoon, upon the arrival of Judge Hatch from up sound. The motion for the appointment of a receiver, it is understood, will be resisted, and failing in this, it is further stated, that the defendants will ask that somebody else than Mr. Farmer be named.

Mr. N. R. Smith, engineer for the P. A. P., who is representing Mr. Miiler during his absence in the east, states that there is no occasion for a receiver for the railroad as it is a perfectly solvent concern with no debts, but considerable assets. He says Mr. Miller has made all arrangements for the money to complete the road as contemplated to a connection with a transcontinental system, and only needs rhe solid backing of local confidence in the scheme to draw and begin work. This receivership talk hurts, but Mr. Miller, he says, may be able to close the deal despite all opposition.

CITY BONDS ARE SOUGHT

The City officials has had a number of inquiries regarding the Port Angeles electric lighting bonds in response to the notice now running in THE LEADER for bids for their purchase, and a number more are expected before the date set for final consideration, July 20.

BARK HERE TO LOAD POLES

The American bark Aurora arrived in Port Angeles yesterday morning to take a load of telegraph poles now being gotten out by numerous local parties.

PERSISTENT RAILROAD TALK

To the Effect That Surveyors Are in the Field Between Here and Olympia

Persistent reports from various sources still continue to be aired to the effect that Harriman or his agents have surveyors in the field between this city and Olympia. The reports are mere statements unauthenticated, and it is not known, here at least, whether there is any ground for the statements or not. The latest is a dispatch from Victoria, the writer in commenting upon the Great Northern's recent invasion into Canadian Pacific territory, states that in order to cope with the Great Northern railroad magnate the southern and extreme northern roads are planning a union of forces and adds:

"The plan of the Canadian Pacific and Harriman forces, as outlined by men who are in authority and know, is sooner or later to unite their lines by a ferry from Port Angeles to Victoria. The Canadian Pacific would have its connection from Vancouver to Victoria as now. The Harriman interests would carry out the plan of building the Union Pacific northward to Port Angeles by way of Olympia, and the ferry would complete the union.

"From the south the Harriman-Rockefeller interests are planning a similar invasion of territory and before the next five years have passed it is openly asserted by these railroad interests that Mr. Hill will have his hands full in defending the territory in which he has had a complete monopoly for years.

"Mr. Harriman has surveyors and engineers in the section between Portland and Port Angeles and they are quietly working out the plans that will be followed as soon as the railroad magnate is ready to strike. Mr. Harriman, unlike Mr. Hill, is not hiring a brass band to play at every point where his agents are working. Orders for absolute secrecy have been issued.

"The same rule of secrecy is being observed by the workers who are carrying on the plans of the Canadian Pacific. Separate companies are being organized and separate work carried out, but behind it all is the same power that is slowly raising to crush Hill's monopoly in the northwest."

TIMES BRACELET CONTEST

We are in receipt of a communication from the Seattle Times asking for pictures from Port Angeles for the bracelet contest. All those who will agree to allow their portraits to enter the contest for the bracelet can have special photos made free of cost by presenting themselves at the studio with permission blank duly signed.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

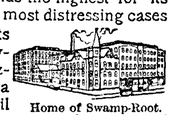
If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y., on every bottle.

The Democrat-Leader,

Published ever Friday at Port Angeles, Washington, by
THE DEMOCRAT-LEADER CO.

SENATOR TURNER did well in St. Louis—much better than any other western man could have done, especially a far-western man. To get ten times the vote of his own state must be very gratifying to him in the face of the fact that a western man was an impossibility.

HENRY G. DAVIS, of West Virginia, the Democratic nominee for vice-president is 81 years old, hale and hearty. He is Senator Elkins' father-in-law, worth millions, has been U. S. Senator and Governor of West Virginia. Mr. Davis is old enough to have lived in a different age and should be a good, conscientious man, if he has a good memory.

FOR the permanent good of the Democratic party victory is not desirable this year even with a people's candidate. Control of the senate is impossible for four years and no good could be accomplished. There is a saying "give a calf rope enough and it will hang itself." The Republicans have gotten themselves into a pretty tangle and if left alone will hang the D. O. P. before four more years. We trust the opportunity of 1893 will not be given them to saddle their misdoings upon any but their own shoulders.

EVERYBODY, independent of party lines is now seriously discussing whether Parker can be elected, and there seems to be considerable fear in Republican ranks that he may be. In looking over the field it looks impossible that the Democratic candidates can carry enough states in addition to those carried by Bryan to win, though with the corporations behind them they may. Despite the fact that the President is seemingly held in check by the Republican managers, there are interests that fear him and his impulsiveness. They fear he cannot be held in restraint, and is liable at any time to take the bit and run away. It looks, however, that Roosevelt will get the west, with three of the four western states carried by Bryan. On the other hand Parker—or any any other candidate that might have been named—is reasonably sure of Kentucky Maryland, West Virginia and Delaware, carried both times by McKinley. In addition to they must carry New York, New Jersey, Indiana or Illinois and in the event of losing the west must pick up enough electoral votes to offset these. A pretty fight will be put up in several doubtful eastern states, and while we believe defeat is assured, we would not be surprised to find that by the manipulations of the slick crowd in control enough electoral votes are secured to elect Parker president.

Dr. and Mrs. C. F. Kuhn returned yesterday from the Philippines where for the past four years Dr. Kuhn has been conconnected with the medical department of the United States army. Mrs. Kuhn has been with him for the past three years. They spent most of the time in the province adjacent to Manila, and express themselves as quite pleased with that part of the world. They left Manila the latter part of May for home, returning via the Suez canal, New York and St. Louis. They are at the home of Mrs. Kuhn's parents, Mr. and Mrs. Andrew Weymouth.—Port Townsend Leader.

CURES OLD SORES

Westmorland, Kans,, May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Miffin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by C. E. Nailor & Co.

GERMAN SCHOOL.

Notice is called to the opening of the annual German Lutheran Summer School on July 5th, 9 a. m., at the German Lutheran church. Rev. Heineche will give a course of instructions for a term of two months. Tuition $2 a term

MRS. CECELIA STOWE,
Orator, Entre Nous Club.

176 Warren Avenue,
CHICAGO, ILL., Oct. 22, 1902.

For nearly four years I suffered from ovarian troubles. The doctor insisted on an operation as the only way to get well. I, however, strongly objected to an operation. My husband felt disheartened as well as I, for home with a sick woman is a disconsolate place at best. A friendly druggist advised him to get a bottle of Wine of Cardui for me to try, and he did so. I began to improve in a few days and my recovery was very rapid. Within eighteen weeks I was another being.

Cecelia Stowe

Mrs. Stowe's letter shows every woman how a home is saddened by female weaknes and how completely Wine of Cardui cures that sickness and brings health and happiness again. Do not go on suffering. Go to your druggist today and secure a $1.00 bottle of Wine of Cardui.

WINE of CARDUI

What Rate

Does your invested capital yield? Would it be worth your while to sit down and estimate the return you have received on your money since you first began saving?

Is the return as large as it would have been on 5 Per Cent. 20-Year Gold Bonds bought on the instalment plan, becoming your property if you live, your family's if you die?
