White Silkoline 36 inches wide, 3 yards for 25c.

OUR HAT'S OFF TO THE STAR

But Readers of Angeles Papers Know Its Accusations Are Untrue.

Somebody, presumably the new agent here, sent a copy of the DEMOCRAT-LEADER to the Seattle Star people in which we said the writer of the railroad articles was simply guessing on the railroad situation and he comes back at us in this form:

PORT ANGELES.

"Our journalistic friends over at Port Angeles are having a little innocent amusement in boyish efforts to discredit the transcontinental railroad articles which have recently appeared in this paper, particularly those articles dealing with the prospective development of the commercial resources of Port Angeles and vicinity. These well-meaning fellows do not appreciate that they are only knocking their own town, and standing in the way of the progress of their own community.

"Ever since the Star began to publish these articles about the forthcoming invasion of the Puget Sound country by the Harriman people, every corporation sheet in the Northwest has stood up on its hind legs, shouting itself black in the face, decrying the stories, at the same time publishing verifications in obscure positions on inside pages. The "P.-I.," the local Jim Hill press agent, the hide-bound and effete Oregonian and others are among the number. So, with this array of anti-Harriman papers taking the lead, it is not surprising that the innocent but well-meaning Port Angeles papers should follow in the wake and cry "Me, too!"

"The Star has abundant faith in the future of Port Angeles and its environing territory, for this little town is blest with splendid natural advantages for terminals of a great transcontinental railroad system and has one of the finest land-locked harbors in the world. There is every reason to believe that Harriman has his eyes on Port Angeles, and until clearer proof than is now vouchsafed can be shown, the Star will maintain that Harriman knows what he is at and that he has designs on Port Angeles, as this paper has stated. Furthermore, the Star is confident that Port Angeles will, within a very few years, 'sit up and notice things,' and that this will be accomplished along identically the lines set forth in the railroad articles recently published in this paper."

In view of the fact that the Port Angeles papers have been talking railroad, great natural resources, ideal location, harbor and townsite, inevitable development and recognition, for the past fifteen years, the above seems rather humorous, but we take off our hat to the Star and heartily second its predictions. We understand the Star people have authenticated, in a way, the statements that the Port Angeles Eastern has floated its bonds, and its articles are based upon this advice. We are as confident as the Star seems to be that Port Angeles — its harbor, townsite and location — must be recognized, but in the face of the influential forces which have been working against this recognition one has not been able to tell when.

If Harriman and Hill do not adjust their differences — as railroads generally do — Port Angeles has much to hope for, and even should the former get control of the Northern Pacific there is hope that that line will be extended around the Olympic peninsula.

THE AUDITOR'S ANNUAL EXHIBIT

A Comparison of Figures With Those of Last Year's Report.

The following figures from the Auditor's Annual Financial Exhibit given in this issue, with those from last year's report:

	1903	1904

Cash on hand....	21,010.34	9,906.43
RunningExpenses	23,169.89	24,507.46

TUGS LOSE LOGS.

Dolphin and Enterprise Struck a Gale in the Straits.

Friday and Saturday were expensive days to the logging interests of Clallam county. On Friday the local tug Enterprise lost two sections of logs down below Dungeness and on the day following, the Dolphin ran into a choppy sea and stiff gale just as she was rounding Dungeness spit. Out of the nine sections which composed the tow three broke loose and a good many logs jumped out of the other sections. The Dolphin swung into the harbor and made her way close inshore for the balance of the trip. She reached Hadlock with the logs yesterday.

The loss from the Dolphin's tow will amount to $1,000 and that of the Enterprise about $700. As logs are always towed at owner's risk, the tug boat people are not losers.—Call.

Mayor Lewis returned Thursday from a visit to Seattle, Tacoma and Olympia, whither he went in the interest of the sale of the city's electric light bonds. He met with considerable success and has great hopes of disposing of the bonds to advantage, though as yet no bids for the bonds have been received.

FOR RENT—A five room cottage, furnished complete; close in. Apply at LEADER office.

WILL REMAIN WITH US.

The Ladies Civic Club Will Last While There Are Stumps in the City.

Thursday, August 4th, has been designated by the ladies of the Civic Club as the next gathering time of the patriotic workers of the city, and, of course, a good, large, enthusiastic body of men to take part in the festivities of the occasion is desired and anticipated.

Instead of the customary sectional division of workers the ladies will ask this month for a concentration of efforts and have planned an elaborate line of work to include the finishing of work begun on Peabody, and Oak and 7th streets, the clearing of slides and debris from the south side of Front street hill (to which property owners have donated liberally) and the opening up of Second street between Peabody and Vine, to enlarge the school grounds and give the children living south an outlet. Besides this the Club will authorize small fills, etc., to be done in various localities at its expense. This work can best be done in this manner.

The women have been working continuously and hard in their way, and now ask that the men do their part as faithfully and well. A feature of this month's work will be the dinner, which will be served to the workers at the Frye store building on Front street, near Albert. This lunch will comprise an entire change of menu and in addition to the beans — which every laborer wants — there will be delicious meat pies, salads, and many other nice things, with ice cream for dessert.

The ladies desire it again called to the attention of the public that they are very much in earnest in this matter of clearing the city of stumps and refuse. Their effort is not a fad in any sense, but will continue to the benefit of the city as long as there is a stump or an obstruction in the streets, and even afterwards. The eyes of the people of the entire state are upon the work being done in this city and hardly a week passes but some city takes up the work along the lines of the operations here.

Port Angeles is and should be proud of its Civic Club, and this can best be shown by co-operating with the ladies as much as possible.

Commencing next Monday the Phelps Dry Goods and Millinery Store will place on sale at a big reduction all silk shirt waist patterns. See them.

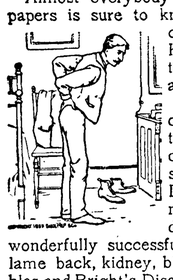
We handle only the best quality of PURE granulated sugar; see that you get the best for canning purposes.

T. S. Brophy & Co.

DO YOU GET UP WITH A LAME BACK?

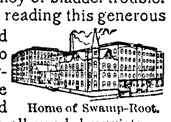
Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.



It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LITTLE or no attention will be paid to the platforms of the two great parties this year. The issue will be the candidates — and in the case of Parker, his telegram and the men behind him.

TAMMANY is sulking in its tent and the fact worries the Hill people who recognize that if Parker is to win Tammany must get off its coat. But then its early and the tigers lose no opportunities.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

THEDFORD'S BLACK-DRAUGHT

IT IS pointed out that despite the fact that the Democrats at St. Louis represented widely diverging opinions and seemingly irreconcilable factions not a delegate turned against the platform or the candidates—so much for the labors of the tireless workers.

EVERY taxpayer and voter should read and study the Auditor's annual statement of the receipts and expenditures of the county officials given in this issue. Only by keeping posted on county affairs can anyone vote intelligently. He who votes upon the "say-so" of someone else deserves not the right of suffrage.

POLITICS is something one has to be very wise and cautious about. Behold the organs of the state which could say nothing too mean about Bryan and his followers, now lauding him to the skies in the hope of disgruntling his people against the ticket. Most of the Bryanites, however, figure out their own ideas and the political panderings will avail nothing.

HARRIMAN has secured a temporary injunction restraining the Hill faction from distributing the stock of the merger in the manner proposed, until the main point at issue — whether or not a certain block of stock is to go back to Harriman interests or to Morgan — is settled. It would look as though Port Angeles' salvation in this fight rests with Hill winning out and thus compelling Harriman to build an independent line to the sound. Yet should Harriman secure control of the Northern Pacific it is still possible that he will build here as this is considered Hill territory.

Democratic Convention.

Time—Tuesday, August 2, at 2 p. m.
Place—Bellingham, Washington.
Purpose—To nominate five candidates for presidential electors; three congressmen; two judges Supreme court; governor; lieut.-governor; secretary of state; treasurer, auditor, attorney-general, supt. public instruction; land commissioner; and for transaction of any other business which may arise.

Representation—one delegate for each fifty votes of the average vote cast for Honorables Cotterill, Cole and Holcomb, for representatives in 1902; total 672; Clallam's portion 7.

It is deemed best that all county conventions be held on or before July 26th; and it is requested that alternates be named as well as delegates to the state convention.

CURES OLD SORES

Westmorland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Miffin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by C. E. Nailor & Co.

FINE FRUIT TREES

all kinds; grown at my Ennis Creek Nursery. Fall is the best time to plant. Prices very low. Catalog Free.
