Stock Reducing Sale

OWING to the lateness of last spring and backwardness of summer, we find our light weight material and Summer Dress Goods much in evidence in our store. Hence we are determined to make substantial cuts in prices all around in order to reduce our stock and make room for our fall and winter goods now on the way.

Here is the price list for the coming week.

No limit placed on quantity on your purchases as at previous sales. Of course there isn't very much on hand of some lines; come early if you desire your choice.

Spring and Summer Dress Goods at a reduction of 25c on every dollar.
China Silk Waists at $1.98. Other waists at half price.
Cavalier Bleached Muslin 36 in. wide, 7c yd.

President Elliott's Visit Looked Upon as a Good Indication

The Seattle Times of the 26th gives the following on President Elliott's visit to Port Townsend last Thursday:

President Elliott of the Northern Pacific will make a personal inspection of the Port Townsend Southern this week, in company with I. A. Nadeau, president of the line.

The significance of this, the first visit of a Northern Pacific president, will not be overlooked by the people of that city. At the time Mr. Elliott made his first trip to the Coast after succeeding C. S. Mellen, a delegation from Townsend waited on him and urged the completion of the line. Mr. Elliott promised to take the matter under consideration.

The Northern Pacific owns a right of way from Quilcene, the present terminus, to Olympia, through the Hood Canal country, a rich timber and agricultural belt that would support several times the present population.

The Northern Pacific intended to build the Port Townsend Southern through to Olympia when the road was acquired two years ago. It was proposed that the line be built either this year or next. The general policy of all railroads to suspend construction work during the presidential year affected the Townsend Southern and resulted in postponing the construction of the line.

In the past two years, under direction of President Nadeau, new bridges have been built and the roadbed improved. Mr. Elliott, after going over the system, will be able in his annual report to the directors to make his recommendations from personal observation.

The contention of the promoters of the Port Angeles Eastern that they have sold their bonds may explain the possibility of immediate work on the Townsend Southern. The Port Angeles Eastern would operate under a handicap if opposed by a transcontinental line; but nevertheless the Northern Pacific does not wish to encourage a rival in its own field. This is especially true, inasmuch as it is easy for Harriman to build from Portland to a juncture with tne Port Angeles Eastern and dip into an important N. P. territory.

There is a new and important trade to be had by the N. P. that encourages the completion of the Port Angeles Eastern. This is the business of the quartermaster's department of the army. With the completion of three forts in the neighborhood of Townsend there is now a good army travel and freight traffic. Being a land grant road, this traffic is not as remunerative to the N. P. as it would be to another line, but the trade is worth controlling.

While Mr. Elliott's trip to Port Townsend is taken to carry out his intention of seeing every foot of N. P. property, the visit is one he could have omitted without exciting comment. In the circumstances a significance attaches to the trip. He is today on Gray's Harbor, taking a run over the Humptulips extension line, now building up the Coast from Hoquiam to Angeles, a part of the belt to encircle the peninsula.

Fulmer has no difficulty in getting baby pictures.

FOR RENT—A five room cottage, furnished complete; close in. Apply at LEADER office.

We handle only the best quality of PURE granulated sugar; see that you get the best for canning purposes.

SERIOUS AND DISASTROUS

Burning of the Jarvis Residence Proves Doubly a Calamity

The residence of Mrs. Jane Jarvis on Second and Albert sts., was totally destroyed by fire Monday noon, and many large well-filled fruit trees were killed. Loss about $1600.00; insurance nothing.

The cause of the fire is presumed to have been a defective chimney. During the morning the chimney burned out, with seemingly no serious effect. It is now thought, however, that the hot fire cracked the plaster and allowed sparks or flame to ignite the rafters, which smoldered for some hours before finally bursting forth.

The fire department responded promptly upon alarm being sounded, and a host of neighbors worked hard removing the contents of the building, but although the flames spread slowly and might easily have been extinguished with a small chemical when first discovered, or even some time later, dependance on the city water proved disastrous. The nearest hydrant was 1000 feet distant and although all except two sections of hose hanging in tower was soon stretched out, it did not quite reach. Messengers were sent for the hose in the tower and the water was turned on. And then came humiliation! It took about eight minutes to fill the hose, and through the smallest nozzle water could only be thrown ten feet on a level and only half that distance into the air. It was then quite apparent that the building was doomed. When the additional 100 feet of hose was finally received a little water was put upon the fire by the hoseman sticking his thumb into the nozzle to reduce the opening, and to do this had to stand so close to the building as to be in danger from falling timbers and a tall leaning chimney. There were those who advocated stepping back to places of safety and abandoning the futile efforts.

The rear of the structure was now practically gone and the hose was taken to the front entrance. Here some well-meaning individuals had removed the turned posts from beneath the heavy canopy over the veranda and there it hung a menace to all who might pass near. A small fire was eating away its only support and just as a half dozen fire boys with the hose got near it and were about to enter the building down it came with a crash, struck sideways on the veranda, broke up some, turned completely over and buried Fireman Ed. Shields out of sight. The sight and the lusty, smothered cries of the young man in the blazing

THE figures from the auditor's report given last week for 1903 taxes uncollected should have been $36,565.92.

THOMAS TAGGART of Indiana has been unanimously chosen chairman of the Democratic National Committee.

HENNESSY — "Has th' candydates accipted th' nommynation f'r Prisidint?" "No," said Mr. Dooley, "th' comities haven't med up their minds whether they will give th' Dimmycrat nommynation to Rosenfelt an' th' Raypublican nommynation to Parker, or vicy varsy. It don't make much diff'rence, annyway."

IF the Democrats of the state who will meet in convention next Tuesday at Bellingham feel that they can depend upon Mr. Parker to carry out the declarations of the national platform to the letter, they can conscientiously and consistently endorse his candidacy. If, however, on the other hand, as seems generally the belief, they are of the opinion that Judge Parker, like President Roosevelt, is the platform and that the party declarations count for naught with him, they cannot endorse him for president.

Try for Health

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Georgia Dunbar

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

WINE of CARDUI

THE WATER SYSTEM.

It is to be regretted that it must be said that because of the poor condition of the Port Angeles water system, one of the best residences of the city was totally destroyed by fire on Monday, and the fire department was powerless. The lamentable condition of the system is given in the account of the fire and in the resolutions of the Department to the council to be found in other columns and needs no reiteration here. The fact remains, however, that the system must be improved or other means provided for the protection of the city from fire, and as our only safety now seems to be in prevention of fire, or in extinguishing blazes before they get beyond control, it would seem that the city council is duty bound to provide a means for quick and efficient service independent of the water system and the cumbersome hand cart. It is certain that, with present facilities, should a fire in the business section get beyond control everything on the flat will go up in smoke. What is best suited for an auxiliary fire system can best be found upon close investigation and is up to the city council to provide. Of course, it is recognized that the city is in poor condition at present to go to great expense, but inexpensive means—and efficient, if used in time—have been suggested, and certainly the council has some remedy for the wretched water service.

THE assassin has again been at work in high places. Wednesday one of these creatures threw a bomb under the carriage of Russia's Secretary of Interior Von Plehve, demolishing the vehicle and horribly mangling the officer and his coachman.

THE Democrats of Clallam will meet in convention today for the purpose of putting up a county ticket and to elect delegates to the state convention which convenes in the city of Bellingham next Tuesday.

For sick headache take Chamberlain's Stomach and Liver Tablets and a quick cure is certain. For sale by W. J. Mathewson.

Beat Him at Every Point.

Two candidates for office in Missouri were stumping the northern part of the state, and in one town their appearance was almost simultaneous. The candidate last arriving happened to stop at a house for the purpose of getting a drink of water. To the little girl who answered his knock at the door he said, when she had given him the desired draft and he had offered her in recompense some candy, "Did the man ahead of me give you anything?"

"Oh, yes, sir," replied the bright girl; "he gave me candy."

"Ah!" exclaimed the candidate. "Here's 5 cents for you. I don't suppose that he gave you any money?"

The youngster laughed merrily. "Yes, he did, too! He gave me 10 cents!"

Not to be outdone, the candidate gave the little one another nickel and, picking her up in his arms, kissed her.

"Did he kiss you, too?" he asked genially.

"Indeed, he did, sir!" responded the little girl. "And he kissed ma too!"—Dolser's Weekly.

For Sale—Two cows, with calves.

M'KEE PUPIL'S RECITAL.

Miss Edith McKee gave a piano recital for her pupils Friday evening, July 22nd, at the home of Mr. and Mrs. W. S. Hogan. Guests were received at the door by the Misses Baxter and Nace. And after all were assembled the following program was rendered:

Selection .....Shepard
M. E. Orchestra.
Piano Solo—Dancing Spirits.....Bohm
Laura Polhamus.
Piano Solo—Valse.....Shumann
Bessie Waite.
Piano Duet—Flower Fairies.....Fearie
Miss McKee and Winnie Hogan.
Piano Solo—LeCrepuscle.....Guy
Eunice Stakemiller.
Vocal Solo—Ah! Well a Day....Goodeve
Mrs. E. J. Nailor.
Piano Duet—The Palms.....Leybach
Robert and Laura Polhamus.
Piano Solo—The Fountain Op. 34, Bohm
Miss McKee.
Piano Duet—Soiree .....Foster
Misses McKechnies.
Piano Solo—Valse Bleue .....Margis
Robert Polhamus.
Piano Duet—Over Hill and Dale ...
.....Engelmann
Miss McKee, Eunice Stakemiller.
Selection.....Danks
M. E. Orchestra.

The program closed with remarks by Miss Caroline Hogan, stating the object of the recital, not to display their skill, but to show their progress from time to time and to give them confidence. The recital was considered a success and each one rendered their part in a pleasing and competent manner. Miss McKee showed great ability in the way the program was given and received many congratulations from patrons and friends, expressing their gratification and pleasure.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
