PROMOTERS ON SOUND

Wm. Wayne Belvin and Isaac C. Atkinson Arrive from the East.

By next week we are promised some Railroad news of some import, but though there is certainly something doing no news in any tangible form can be had this week. This much is known, however, that Mr. Belvin and Mr. Atkinson are on the sound and if they do not arrive in Port Angeles today they will surely be here Monday. Mr. Belvin reached Seattle yesterday, while Mr. Atkinson has been on the sound all week. It is understood there will be something doing when they arrive, but what their plans are or how soon work will be begun cannot be learned. It has leaked out that Mr. A. G. Frye has rented the building adjoining P. J. Williams; and Mr. C. E. Cushing has rented the old Board of Trade building, for real estate offices. These gentlemen are known to be in touch with the promotors and it is believed they know more than they will tell at this time.

Mr. Atkinson was in Olympia from Monday to Thursday, but would give out no information. The Recorder says of his visit there:

"Isaac C. Atkinson of Boston, one of the chief promoters of the Port Angeles Eastern railway to connect Olympia and Port Angeles, arrived in the city last night on business connected with the road. Mr. Atkinson will be here until Thursday. He declines to discuss the project for publication, stating that newspaper notoriety at this stage of the proceedings would be hurtful to the enterprise.

"I have nothing to state for publication,' said Mr. Atkinson, 'concerning the Port Angeles Eastern. Yes, I know a number of dispatches have been sent out from the East of late to the effect that the line would be built, but nevertheless I am not in a position to discuss the matter, as newspaper notoriety at this time might prove disadvantageous. Later, my associates and myself will visit Olympia and at that time we will be prepared to talk.'

"From other sources it is learned, but not entirely authentically, that Mr. Atchinson is in Olympia for the purpose of securing all necessary data covering the securing of terminal grounds and the entrance of the road into Olympia. He spent the day with Frank C. Owings, an old friend, in whose office for a part of the time he was engaged in the preparation of maps and of the harbor from official data.

"Mr. Atkinson is well remembered in Olympia, but has not been in the city during the past four years,"

RAILROAD PEOPLE HERE

Messrs. Wm. Wayne Belvin and Isaac C. Atkinson arrived in the city on to-day's boat. Those who have talked with them are of the opinion that they are here for business.

MACHINERY AT QUARRY

Manager Barnett Utilizes the Railroad for the Purpose —Settlement in Sight

Manager Barnett of the stone company made several trips up the railroad this week with flatcars loaded with from 25 to 40 tons of quarry machinery and tools and now has practically everything at the quarry and work there will be pushed rapidly. The cars were pulled up by the aid of a donkey engine, and brought back on the down grade with the aid of a brake.

In last week's issue we stated that through an agreement with all parties the stone company was in control of the road pending the final decision of the courts. Subsequent events, however, proved this statement premature, as, though the agreement had been made and signed by the railroad company, and practically made with the receiver of the construction and logging companies, a misunderstanding came up each party desiring and believing they were to have control. Negotiations were dropped for the time and the stone people used the road without the locomotive. Things looked serious for a while as the sheriff sought to take control but proved deficient in authority.

We are pleased to state that the parties later got together on an agreement satisfactory to all, and it is very likely that before this appears everything will be arranged whereby the stone company will have the use of the road subject to the court's orders.

STONE PEOPLE WANT POWER

Mayor Lewis stated to council that the Port Angeles stone people were desirous of securing electric current for power purposes for at least ten hours a day. The question was discussed at length and finally referred to the light committee which is now conferring with the company. Negotiations are also pending for the sale of the old light plant to the quarry company for auxilliary and emergency purposes.

P. A. P. ASKS EXTENSION

Want Another Year in Which to Build Road 100 Miles.

An ordinance was introduced by Mr. Brumfield at Wednesday's council meeting extending the time for the completion of the first 100 miles of the Port Angeles Pacific Railroad until December 31st of next year. The ordinance was referred to the regular committees and it is understood they will report recommending that an additional year be granted to give the railroad people ample time to carry out their plans. It is said the councilmen have been satisfied by documentary evidence that this action is for the best interests of the city.

FISH MEN, TOO

The Craig Fish Products Co., through its attorneys Trumbull & Trumbull, ask that it be given thirty days additional time in which to accept the grant of wharf privileges at F street. It has, as yet, been unable to make definite arrangements for needed lands in the vicinity of the grant and unless these lands are secured the wharf site will be useless.

No action was taken.

NO LIQUOR

Sold by the Drink

In the window of C. E. Nailor & Co., at their new stand in the McInnes-Bank Bld., can be seen the above sign—a voluntary recognition and observance by this popular drug firm of the laws of the city and state.

It has become such a notorious custom for drug stores to sell liquors promiscuously and openly to all comers that the action of Messrs. Nailor & Co. is refreshing—especially in face of the fact that the action is voluntary.

The laws of the state impose a heavy license upon retailers and saloon men for the sale of liquors; the laws require that they shall give bonds to secure a license guaranteeing that the saloon man shall not sell or give liquors to minors, intoxicated men or habitual drunkards; they give drug stores the privileges of selling liquors for medicinal purposes but say druggists shall not retail by the glass or drink without first securing a saloon license. This provision has been grossly ignored and it is up to all who believe in the enforcement and recognition of law to see to it that the firm which voluntarily cuts out lucrative trade by recognizing law and order, does not lose anything by the commendable action.

Cooling Off.

The man who would sit on a cake of ice to cool off would be considered crazy. Yet it is a very common thing for a person heated by exercise to stand in a cool draught, just to cool off. This is the beginning of many a cough which ultimately involves the bronchial tract and the lungs.

For coughs in any stage there is no remedy so valuable as Dr. Pierce's Golden Medical Discovery. It cures deep-seated, obstinate coughs, bronchitis, bleeding of the lungs, and like conditions which if neglected or unskillfully treated terminate in consumption.

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine and other narcotics.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

"I took a severe cold which settled in the bronchial tubes," writes Rev. Frank Hay, of Nortonville, Jefferson Co., Kansas. "After trying medicines labeled 'Sure Cure,' almost without number, I was led to try Dr. Pierce's Golden Medical Discovery. I took two bottles and was cured, and have stayed cured.

"When I think of the great pain I had to endure, and the terrible cough I had, it seems almost a miracle that I was so soon relieved.

"That God may spare you many years and abundantly bless you is the prayer of your grateful friend."

Dr. Pierce's Common Sense Medical Adviser, containing 1008 large pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers or 31 stamps for it in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Willing to Repeat.

The office boy to a large firm of publishers was a smart lad, and when he was sent to one of the operative departments with a message he noticed at once that something was wrong with the machinery. He returned, gave the alarm and thus prevented much damage. The circumstance was reported to the head of the firm, before whom John was summoned.

"You have done me a great service, my lad," he said. "In future your wages will be increased $1 weekly."

"Thank you, sir," said the bright little fellow. "I will do my best to be worth it and to be a good servant to you."

The reply struck the chief almost as much as the lad's previous service had done.

"That's the right spirit, my lad," he said. "In all the years I have been in business no one has ever thanked me in that way. I will make the increase $2. Now, what do you say to that?"

"Well, sir," said the boy after a moment's hesitation, "would you mind if I said it again?"—Philadelphia Ledger.

Good Roads and Rural Delivery.

The intimate relation which exists between good country roads and rural free delivery of mail cannot be too strongly emphasized. Communities which would enjoy the latter must make and maintain the former. In many instances bad roads have prevented the extension of rural free delivery to communities where it was greatly desired.

SUMMONS.

In the Superior Court of the State of Washington for Clallam County

C. C. Bowman, Plaintiff, vs. Rufus I. Hayes, Defendant.

The State of Washington to the said Rufus I. Hays, defendant:

You are hereby summoned to appear within sixty (60) days after the date of the first publication of this summons, to-wit: within sixty (60) days after the 20th day of August, 1904, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorneys for plaintiff, at their office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demands of the complaint, which has been filed with the clerk of the above entitled court.

The object of this action is to obtain a decree of the above entitled Court declaring that the defendant holds the legal title to Lots Four (4) and Five (5) in Block One Hundred and Ninety-three (193) of the Government Townsite of Port Angeles, in trust for the plaintiff and ordering a conveyance thereof to the plaintiff and quieting the title of the plaintiff thereto.

IN THE DAIRY

The question of keeping the milk cans covered while in transit from the farm to the factory is an important one, and our buttermakers should take a greater interest in having this done. Milk is subjected to a variety of abuses upon the farm and should not be compelled to suffer still further punishment while on the way to the creamery when it is possible by means of a little attention to deliver it in the same condition in which it left the dairy. The butter maker who will may succeed in inducing his patrons to blanket their cans, and this fact has been impressed upon the mind of a writer in Creamery Journal by observation made during creamery inspection work. At some creameries we find, he says, every load of milk well covered with blankets and at other factories in the same locality an entire absence of such care upon the part of the patrons. Now, why is this true? Is it reasonable to suppose that all of the careful dairymen of the locality have centered their patronage upon one institution and that the careless ones are all living in one neighborhood? No; not by any means. It is simply due to the fact that both factories are not operated by the same kind of a buttermaker. Boys, this is a matter which you may control. You may not be able to keep fully informed of the methods used upon the farm, but you certainly can remain informed upon this matter. Insist that the milk shall be delivered to the factory in the same condition in which it leaves the farm, and this can only be accomplished by keeping the cans well covered, winter and summer.

Pennsylvania Dairy Exhibit.

In the importance of its dairy industry Pennsylvania is the second state in the Union, says Stockman and Farmer. Should it not therefore install at St. Louis an exhibit commensurate with the importance of its position in the industry? Certainly it should, and the Pennsylvania world's fair commission should set aside enough money to make such an exhibit. Agricultural interests of Pennsylvania cannot all be represented as they should be at St. Louis because there is not money enough to do it, but the leading interests should be properly represented, and dairying is one of them. The Dairy union is preparing plans for such an exhibit as will reflect credit on the state, and the commission will do well to consider it in a very liberal manner.

When the Churning Is Poor.

A correspondent of Hoard's Dairyman, writing from Fort Edward, N. Y., says: I would like to tell the people who have trouble with their churnings the way I manage. We run quite a thin cream in winter and cool the cream just just as soon as it comes from the separator and keep it cool in a clean, sweet pail until I have enough to churn. Never freeze it or keep more than three days, then set the pail in a pan of warm water and stir it until it is 65 degrees, then add a cup of buttermilk to each gallon of cream. Keep it warm beside the stove and stir every little while. In twenty-four hours it should be thick and sour enough to churn.

If the cows are advanced in lactation it will have to be warmed to 60 degrees. Never fill the churn over half full and churn in a warm room, and the butter will come quick and be firm and gather up good.

A Champion Young Holstein.

Katy Spofford Corona, owned by E. H. Knapp & Son, Fabius, N. Y., according to American Cultivator, holds the world's champion official record at age of 3 years, 1 month and 6 days, 590.65 pounds milk, 26.02 pounds butter in seven days, equivalent to 35.56 pounds at full age.

This record has never been equaled by a heifer in her class, 4,891 pounds milk in sixty consecutive days, 93½ pounds in one day, 624 pounds 7 ounces in seven days She had her first calf at 1 year, 9 months and 25 days, after which she gave 64 pounds 15 ounces of milk in a day, 13,616 pounds 11 ounces milk in one year, her economic test record with value of products $6.06 and a net profit of $4.67. No record yet reported equals these two amounts.

Dragging Pains

2825 Keeley St.,
CHICAGO, ILL., Oct., 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

WINE of CARDUI

How Jerry Kept His Promise.

In a year of bad crops and great distress some of the tenants of my great-grandfather, Gumbleton, like many of their neighbors, took to running away with stock and crops, leaving empty lands for their landlords.

Gumbleton begged one of his tenants, in whom he had some, though perhaps not much, confidence, not to follow such an evil example. "You will solemnly promise me, Jerry," said he, "that at any rate you will not go without giving me warning." Jerry solemnly promised.

One bleak and stormy winter night Gumbleton, while retiring to bed about midnight, was startled by the noise of gravel flung at his windows. He looked out into the darkness and called, "Who is there?"

"It's Jerry Hagarty, yer honor," shouted a voice through the storm.

"Oh, Jerry, is that yourself? What business have you on such a night, man?"

"Just to keep my promise of giving warning to your honor. I said, you know, I wouldn't run away without letting your honor know of it. I am running away now. Good night to your honor and goodby."

So Jerry ran away, stock, crops and all being also en route.—Gael.

COUNTY DECLARATIONS

1st—We hereby indorse and ratify the nominations for President and Vice-President of Alton B. Parker and Henry G. Davis, and the platform of the National Democracy as announced by the St. Louis Convention, and pledge them our support.

2nd—We hereby arraign the Republican party of this state for its servility to the railroad and corporation influence, especially in its legislation and in its shameful surrender to that influence in its last state convention.

3rd—We condemn the present road law as iniquitous legislation and as the cover for jobbery and demand its repeal and the enactment of legislation which will insure the establishment and maintenance of thoroughfares for the people.

4th. We believe in the Democratic doctrine of rotation in office and we demand that it shall be so applied as to secure rotation outside of one ring of political schemers and professional office holders. We therefore condemn the Republican practice that has prevailed in this county, of a county officer using his position as a stepping stone to some other position of public trust and emolument, thereby converting the public service into a political and personal monopoly, self perpetuating and self protective, under which every office in the county is made a campaign bureau, every officer a perennial candidate, and the courthouse an organized Republican headquarters for political brokerage and exchange.

5th.—That we favor a compulsory Primary Election Law, and recommend legislation looking to the election of United States Senators by a direct vote of the people, to the end that the people will be actually represented by their representative in convention, and in the Senate of the United States.

6th—We also reaffirm that portion of the State Platform adopted at Olympia favoring the Initiative and Referendum, the people and for the people.

7th—That the delegates to the State Convention to be held at Bellingham on the 2nd day of August, 1904, be instructed to vote on all questions coming before said convention as a unit, and that in case of the absence of any delegates, that those present shall cast the vote of the entire delegation. That this last resolution be embodied in the credentials.

Oliver G. Root, Plaintiff, vs. William W. McCurdy and B. A. Baerlocher, Defendants.

The State of Washington to the above named William W. McCurdy, defendant

You are hereby summoned to appear within sixty(60) days after the date of the first publication of this summons, herein towit: sixty days after the 23d day of July, A. D. 1904, and defend the above entitled action in the Superior court of the State of Washington, in and for Clallam County, state of Washington, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorneys for plaintiff, at his office below stated, and in case of your failure so to do, judgment will be rendered against you according to the complaint of the plaintiff which has been filed with the clerk of the above entitled court.

This is an action brought by the above named plaintiff against the above named defendant to recover judgment upon a certain promissory note for the sum of Six Hundred ($600.00) Dollars, made by the above named defendant in favor of A. E. Gilbert on the 29th day of May, 1903, and to forclose a certain mortgage made by William W. McCurdy to the above named A. E. Gilbert upon the southwest quarter of Section eight (8), Township thirty-one (31), north Range fourteen (14) west; which mortgage was recorded on the first day of June, 1903, in Volume 14 of mortgages, page 219, in the records of Clallam County, State of Washington, and assigned and transferred prior to maturity to Oliver G. THE commissionership is the most important office in the county. It should be filled by a man heavily interested in the county, a man that is not seeking the office for the sake of making a livelihood out of it, a man who will not use the office to grant personal favors at the expense of the county to political workers; a man with business ability; a man whose honesty and integrity cannot be questioned. In Al. Filion you will find the proper man. Hundreds of Republicans who are acquainted with both candidates say they will vote for Al. DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CITIZENS of Clallam will remember that one of the most successful school superintendents the county ever had was a woman—Miss Ella Guptill.

WE wish to correct a statement last week to the effect that the Court at the hearing of the appreciation for postponement of sale ordered a continuance in hearing of applicants only. The Court ordered the entire sale postponed pending the hearing on the 22nd inst.

SPEAKING at Everett this week the eloquent and able ex-Attorney General Tom Vance said of candidate J. D. Atkinson: "I challenge anyone to tell me in what state or county Atkinson ever practiced law. Is that the man you want to represent you in the legal department of the state ?"

ON every hand these days we are asked, "When is Senator Turner coming down this way?" We want to hear a live man on live issues. A letter just to hand from the state committee advises us that Senator Turner will surely address the voters of Clallam county during the present month, but owing to present arrangements it will be toward the latter part. We will be advised of the date later.

SPEAKING of the Cushman meeting at Seguin a writer from that place says: "We have just had the pleasure of hearing Cushman and Fisk of the opposition call us free traders, etc. They even had the Republican school supt. bring the school children. I do not know if it was for the enlightenment of the youths or for the filling up of seats, but am certain that they filled the seats very well, and quite fortunate, as there were only sixteen others present."

"NOT two men in a hundred can name three candidates on the Democratic ticket," says the P. I. Ninety-nine of every hundred can name three on the Rep. ticket because of its notoriety, which is more to the point. There's Coon, whom they tried to force off the ticket; there's Clausen, who was short in his accounts in the East; there's Judge Rudkin, candidate for supreme judge, whom, according to reports, is not fit for dog catcher; there's Atkinson, for attorney-general, who never practiced law and who is not even admitted to practice before the supreme court. Next to being unknown, being too well known has its setbacks.

MORE ECONOMY.

The commissioners have finally accepted the poor farm buildings from the contractors and are putting in considerable time furnishing same. It took the bunch six days to inspect and accept the structure and finally they were compelled to pay more than was at first asked by the contractors.

The building is certainly the best structure in the county, being strictly up-to-date, with all modern conveniences and equipment. It is steam-heated thruout and fitted for gas, and has a water plant of great volume and force. The cost will probably reach $15,000 besides the clearing and grading of the farm.

We venture the statement that the building will prove a white elephant, and that the interest on the investment would nearly pay the expenses of all the county's present poor.

AMONG the candidates on the Democratic ticket who is spoken of most favorably by voters of all parties is E. A. FitzHenry, candidate for county clerk. Mr. FitzHenry is certainly well known to the voters of Clallam, through long residence here, as a man of integrity and ability and one who is vitally interested in the development and progress of the county. It is because of this fact that he will lead his ticket. His election is confidently expected.

THE Tribune-Times says the people of the county are not interested in the record of its editor. True, that is, only so far as to judge by his inconsistency how much stock to put into his campaign sayings.

G. L. Caldwell, Agt. M. K. & T. Ry. Checotah, Ind. Ter., writes: "I was sick two years with enlargement of liver. Doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. Sold by C. E. Nailor & Co.

Not Fatal.

No Matter What Doctors Say—We Know That Heart Trouble in Many Cases Can Be Cured.

There are seven main features of heart disease, viz.: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disorder; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

Documentary evidence will prove thousands of so-called "incurables" have been absolutely cured by Dr. Miles' New Heart Cure.

Patients often have no idea their disease is heart trouble, but ascribe it to Indigestion, Liver Complaint, etc.

Here are some of the symptoms: Shortness of breath after exercise. Smothering Spells. Pain in Chest, left Shoulder and arm. Discomfort in Lying on one side. Fainting Spells. Nervous Cough. Swelling of Feet and Ankles. Paleness of Face and Lips. Palpitation. Nightmare. Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk one block." One year later.—"I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than you claimed it to be."—S. D. YOUNG, D. J. D. Mosher has, judging from the pair of pears he left in our keeping this week, as fine fruit on his place as was ever raised in the far famed Yakima valley; they are, or rather were, Bartletts, of large size, fine color and delicious flavor.

Cyrus White, Democratic candidate for commissioner of the first district, spent a few days in the city this week sizing up the political situation here. Mr. White brings encouraging news from the east end. The people there are thoroughly aroused on the perpetuity in office idea and Republicans will slash their state and county tickets unmercifully. From other sources we learn that the Republican vote will not be as large in any portion of the county as it was two years ngo.

The children in Miss Palmer's room at the Central school prepared and read their first compositions yesterday afternoon. One little utchin took for his subject the horse, which he described as an animal with a leg on each corner and a tail on the south end—when the horse was going north.
