### Victoria Street and Wharf Privileges at Cedar, Pine and Francis.

The Fire, Light and Water Committee reported test of hydrant pressure at Oak and Front streets, finding same to be 95 pounds; 65 pounds with one inch nozzle, and 52 lbs. with two hydrants open. Filed.

Report of City Treasurer Nailor was read showing the following balances:

| | |
|---|---|
| Indebtedness fund, | $ 327.03 |
| Electric Bd. Int. fund, | 1,943.05 |
| Municipal " " | 1,290.91 |
| Current Ex. fund, | 186.79 |
| First St. Imp. Dist., | 309.77 |
| Front " " | 276.34 |
| Lighting fund, | 1,091.09 |
| | 5,424.98 |

Ass't Chief Dilling of the Fire Department reported pressure as above, with the additional fact that after water was run for one hour the dead pressure fell to 60 lbs.

Orninance fixing tax levy for 1895 and remedying a clerical error in published ordinance, was read and referred.

Ordinances were read granting wharf privileges to Giest & Gose, at A street, in lieu of the Peterson grant, and to the Port Angeles Eastern Railroad Company at Pine, Francis and Cedar Sts. An ordinance was also read granting the Railroad Company use of Victoria street for railroad purposes, under conditions that City shall have all rights over Victoria street as over other streets and said road shall have a standard-guage railroad constructed and in operation to Junction City, Jefferson county, by October 1, 1905. The ordinances were referred to the franchise committee.

Bills allowed:

| | |
|---|---|
| J. Martin, repairs, | $ 2.40 |
| W. A. Wood & men, street work, | 88.20 |
| D. Church, wiring, | 9.00 |
| D. O'Brien, wood, | 24.98 |

Contract between City and D. O'Brien for furnishing of wood for light plant was read and referred back for settlement, Mr. O'Brien wishing contract to read for one year instead of until July 1, 1905.

Mr. Polhamus moved the appropriation of $30 for general repair of Oak street south of Eighth Mr. Hoare objected on ground that if any more money is spent on streets, road to Boulevard should be opened to allow West End people to get into town.

Mr. Brumfield moved to amend that both localities be investigated by street committee, who shall report probable cost of work.

It developed in the argument that Mr. Polhamus contemplated in part sidewalk repair and extended discussion followed as to powers of City, City Attorney Smith giving an opinion that there are two methods of procedure open to city — one by assessment district, another by threatened districts where property owners fail to act.

The Brumfield motion carried.

New bills:

| | |
|---|---|
| D. Church, ser. on light line, | 25.00 |
| S. J. Lutz & Co., light globes, | 9.10 |
| A. L. Johnson, hauling 50 tons coal to power house, | 25.00 |
| J. A. Martin, 4 cords wood, | 8.00 |

## SEEKING CONTRACTS

### Port Angeles Stone Co. Hopes to Place Order for C. P. Depot at Victoria.

Manager Wm. Barnett, of the Port Angeles Stone Co., goes to Victoria Monday to look into the proposition of furnishing something over 150,000 cubic feet of stone for the Canadian Pacific's new depot, which structure is to cost $1,500,000. The Port Angeles stone, owing to a duty of 5c per cubic foot, will necessarily be more expensive, but Mr. Barnett hopes to demonstrate that it can be cut with such comparative ease that it will prove the cheaper by the time it is dressed ready to lay.

The stone company is busily engaged in its work at the quarry and expects very shortly to have everything in shape to begin work. Twenty-four men are now employed in fitting and raising into position the immense hewn timbers constituting the main derrick. As the above suggests, arrangements are now complete for the taking of contracts, and it is thought there will be an abundance of these to keep things moving.

The various interests have gotten together in a way whereby the stone company will be allowed to use for a given period the roadbed, tracks and equipment of the P. A. P. railroad, and when the agreement is passed upon and sanctioned by the court, it is the intention to immediately put the locomotive in operation to put the road-bed in safe condition for winter use.

## Hon. Stephen Judson and Ex-Congressman Doolittle Speak Here Monday Night

Hon. Stephen Judson, Democratic candidate for Lieutenant Governor, and ex-Congressman Wm. H. Doolittle, Republican, will address the voters of Clallam Monday next on the vital issues in this state. Mr. Doolittle will advocate the election of Roosevelt and Turner and will give very potent reasons for supporting the latter against Mead.

From accounts Steve Judson is a whirlwind on the stump, having a native force and eloquence that immediately commands respect and insures conviction.

The gentlemen will speak at Sequim at 10 o'clock, at Dungeness at 1:30 and at the opera house, this city at 8 p. m.

Monday, October 24th.

Mr. Palmer gets wrathy when it is suggested that he has no interests in common with Clallam—that his interests are in the opposite corner of the state. It is the truth that hurts.

DON'T lose sight of the fact when voting for county assessor that a man of mature judgment and experience is absolutely essential in a good assessor. A slip is most certainly to be against the taxpayer. Vote for "Bob" Getty, Clallam's most respected citizen.

Do the people of the county wish a man to represent them in the House of Representatives who will be heard on every important question that comes up, or one who will simply warm a seat in the House chamber, answer to roll, and sometimes not even do this much? Answer in the booth Nov. 8th.

ON every hand we are advised by Republicans that Dr. Lewis, Al. Filion, Cyrus White, E. A. FitzHenry, Robert Getty, Jos. Pecore and Miss Hogan stand a very good show of election to the offices for which they have been nominated. This is encouraging, indeed, and if the people vote as they talk, Democracy's most excellent ticket will be rewarded as it should be.

FRIENDS of Senator Foster—and their name is legion down this way—should remember that half a loaf is better than no loaf at all—that a vote for the senator when needed is better than no vote at all and much better when it also keeps one away from the hated opposition. A vote for Dyke means a vote for a Seattle man for senator which in other words means the betrayal of Clallam into the hands of its enemies.

### Realistic Hangings.

A Washington man has invented a contrivance for hanging people that is sufficiently realistic to scare the victim to death, even though it does not break his neck. "My invention," says the originator of the idea, "relates to a burlesque hanging machine, and is to be used in initiatory work in secret organizations, theaters and other places of public amusement, and is so constructed that the party supposed to be hanged and operated on by this piece of mechanism cannot be injured in the slightest degree. It is intended in secret organizations," further explains the inventor, "to test the bravery and fortitude of the applicant and to test his confidence in his friends, and in theaters and other places of amusement to represent a real hanging." The initiate before going to the scaffold must don a specially prepared jacket with weights and braces under the arms, pads on the hips, and straps attached to the legs, designed to distribute the weight while the body is in the air. The jacket may be adjusted, the inventor explains, while other ceremonies are being conducted. Back of the neck of the "victim" a hook is attached, to which is connected a spiral spring that is fastened to the rope. The noose that is adjusted about the neck is connected to the rope only by a small string, which will break easily if the spring fails to hold. With a black cap pulled over his head, the victim is placed on a trapdoor, which at the proper moment is sprung by the executioner on a platform. The shock of the fall of a few feet is broken by a set of springs and weights concealed in the posts of the gallows. Of course the victim does not know the mechanism of the machine, and is likely to take a solemn view of the affair.

This ought to be a boon to college societies, for it would be an improvement over most forms of hazing. It would frighten one into gibbering idiocy without actually killing or maiming him. Perhaps its very mildness, however, would deter the hazers from using it.

The British-American Finance company and the Port Angeles Eastern railroad company under the able and energetic management of the local representatives I, C. Atkinson of the former and President C. A. Cushing of the latter company, are fast securing the necessary relinquishments of the right-of-way along the old survey of the latter company and things are moving along rapidly and quite smoothly. Some delaying tactics have appeared, however, from sources least expected and it is hoped no unfriendly measures will have to be taken to secure the needed right accorded by law to railroads entering new territory. The building of the Port Angeles Eastern means so much to property owners along the line that none can afford to delay progress for a moment. And if the road is to have connections of three transcontinental roads and Port Angeles is to be the Pacific terminus and shipping point to the Orient and the far North as we are assured it will be, there are few in the country who realize what this means to this city and to the west side of the sound.

Let us all pull together, make a little sacrifice if necessary. By all means let no delay in securing right-of-way retard the actual construction work promised just as soon as the way is open.

### ONE REASON WHY CLALLAM COUNTY SHOULD BE UNANIMOUS FOR JUDGE TURNER

There are a good many reasons why the loyal residents of Seattle should be heartily favorable to the republican candidate for governor. Not the least of these reasons is that substantially every interest in this state which is persistently hostile to Seattle and has been so for years, is actively hostile to Mr. Mead and as actively working for the success of his opponent. Mr. Turner, as every politician knows, has been a political enemy of Seattle ever since he came to the state. He was always in rabid opposition to everything suggested by Seattle men, and to every political ambition of Seattle.—Seattle P.-I.

Here it is again! That indomitable Seattle grab spirit!

Of course one cannot blame another for being for their own interests, but it behooves us of Clallam county to as jealously guard our interests. If it is true as the P.-I- claims that Turner is with the rest of the state against the encroachments of Seattle, and Mead is its friendly tool, certainly Clallam should be unanimous for Turner, for we all know down this way that Seattle has always been our greatest enemy and has done more to check the growth and development of Clallam county and the Olympic peninsula than all other forces. She has systematically, through her steering committees, robbed us of every industry which thought of locating here and which could be persuaded by misrepresentation not to do so. She has headed off prospective settlers with her lies about this section and if it is possible, which, thank God, seems beyond her control, you may be sure she will rob us of the promised railroad connections.

Let Clallam voters remember this. Were there no other reason why Clallam should support Turner in preference to Mead this plea of Seattle for another club with which to knock our every interest should suffice.

THE many friends of President Charles A. Cushing of the Port Angeles Eastern Railroad company are much pleased with the fact that that esteemed gentleman retains his position as president of the road. It is in keeping with the eternal fitness of things that he who has labored so heroically to give Port Angeles its much-desired outlet, should be at the head of the company when the thing is accomplisned.

**Sour Stomach.**

When the quantity of food taken is too large or the quality too rich, sour stomach is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Let five hours elapse between meals, and when you feel a fullness and weight in the region of the stomach after eating, take Chamberlain's Stomach and Liver Tablets and the sour stomach may be avoided. ## FEMALE WEAKNESS

542 1-2 Congress St.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina Snow
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a $1.00 bottle of Wine of Cardui today.

### COUNTY DECLARATIONS

1st—We hereby indorse and ratify the nominations for President and Vice-President of Alton B. Parker and Henry G. Davis, and the platform of the National Democracy as announced by the St. Louis Convention, and pledge them our support.

2nd—We hereby arraign the Republican party of this state for its servility to the railroad and corporation influence, especially in its legislation and in its shameful surrender to that influence in its last state convention.

3rd—We condemn the present road law as iniquitous legislation and as the cover for jobbery and demand its repeal and the enactment of legislation which will insure the establishment and maintenance of thoroughfares for the people.

4th. We believe in the Democratic doctrine of rotation in office and we demand that it shall be so applied as to secure rotation outside of one ring of political schemers and professional office holders. We therefore condemn the Republican practice that has prevailed in this county, of a county officer using his position as a stepping stone to some other position of public trust and emolument, thereby converting the public service into a political and personal monopoly, self perpetuating and self protective, under which every office in the county is made a campaign bureau, every officer a perennial candidate, and the courthouse an organized Republican headquarters for political brokerage and exchange.

5th.—That we favor a compulsory Primary Election Law, and recommend legislation looking to the election of United States Senators by a direct vote of the people, to the end that the people will be actually represented by their representative in convention, and in the Senate of the United States.

6th—We also reaffirm that portion of the State Platform adopted at Olympia favoring the Initiative and Referendum, the people and for the people.

7th—That the delegates to the State Convention to be held at Bellingham on the 2nd day of August, 1904, be instructed to vote on all questions coming before said convention as a unit, and that in case of the absence of any delegates, that those present shall cast the vote of the entire delegation. That this last resolution be embodied in the credentials.

On Thursday last Mrs. S. W. Hartt pleasantly entertained some twenty ladies with whist at her home on First and Francis. Mrs. Geo. Hatch made the highest score, the favor being a handsome water color. The tally cards also were water colors, making pleasing mementoes of the occasion. The guests were: Mesdames Hatch, H. E. Lutz, Delabarre, Mead, Farmer, Morris Fisher, Reid, Craig, Bayton, Wm. V. Moore, Hamilton, Day, Thos. Aldwell, Ovington, Guttenberg, Lauridsen, Lloyd Aldwell, W. L. Church; Misses Jensen and Bayton.

A delightful musicale was given by the Woman's Parliamentary Club Saturday at the home of Mrs. C. E. Nailor. It was "at home" day and a large number of lady guests were present. Numbers on the program were given by Mrs. Wiggins, Mrs. Jno. W. Troy, Mrs. John Trumbull and Mrs. C. E. Nailor. Today is "Literature" day and the club meets with Mrs. G. V. Smith.

The Independent Order of Red Men held a most enthusiastic meeting Tuesday night which marks the beginning of a series of winter meetings which are expected to be profitable and entertaining. A feature of the evening's work was the election of the Hon. B. T. Smith to the office of Chief Sachem vice Wm. Ritchie, resigned.

# RIGHT-OF-WAY RAPIDLY BEING GIVEN R. R. CO.

The securing of the right-of-way for the Port Angeles Eastern Railroad to Junction City is progressing rapidly and with very little hitch, some voluntarily offering all rights and privileges. The papers are being drafted and filed by a corps of efficient gentlemen well versed in the business.

Mr. Pope, who has charge of the securing of releases to Railroad Avenue, is meeting with most excellent success and has everything except a few non-residents. The avenue will undoubtedly be opened up to the head of the bay very shortly.

THE Republican office seekers are on a still hunt and in impressing their claims upon the voters with whom they come in contact they are not particular what promises they give or what statements they make to secure support. Candidate Palmer and friends are working the road question to a finish, making promises for votes that they know can never be kept. Another foolish thing, the Palmer people are telling that Port Crescent is supporting Filion and therefore Port Angeles should support Palmer. The opposite seems to be nearer the truth. In the Republican convention, the Seattle Logging Co.'s representives from Port Crescent supported Palmer and fought hard to secure his nomination. Even sanctioning the steal of Elwha precinct's three delegates to accomplish the fact.

### RHEUMATISM

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House El Reno, O. T., writes: "I take pleasure in recommending Ballard's Snow Liniment to all who have rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, $1. Sold by C. E. Nailor & Co.

### STATE PLATFORM

We hereby endorse and ratify the nomination for president and vice president of Alton B. Parker and Henry G. Davis, and the platform of the national Democracy as announced by the St. Louis convention, and pledge them our support.

We believe that the paramount and all important issue in this campaign is the question of whether the people shall regulate the corporations or the corporations dominate the state. We emphatically assert the right of the people to regulate the corporations and therefore demand 1st, the creation of a non-partizan regulative railroad commission, to be appointed by the governor, with power to adjust and regulate freight and passenger rates on all common carriers, and also with power to fix the value of and levy taxes upon the property of all public service corporations doing an interstate or intercounty business; 2nd, the passage of an anti-pass bill.

We demand the passage of a bill dividing the state into congressional districts, in accordance with the plain mandates of the constitution.

A judge ought not to owe his post to politicians or partizan influences, and we therefore declare unreservedly for the enactment of a law providing for the non-partizan selection of our judiciary.

We condemn the present road law as iniquitious legislation, and demand its repeal and the enactment of legislation which will insure the establishment and maintenance of good thoroughfares for the people.

"We favor the legislation proposed by the Washington State Federation of Labor and pledge our legislative nominee to vote for the same.

"We favor the passage of a bill by the legislature providing for the nomination of candidates for public office by direct primaries.

"We favor an administration of the public land laws of the state that will prevent the sale of its timber lands for speculative or monopolistic purposes.

"We favor a national system of irrigation and governmental ownership and control of all lakes, watersheds and other sources of water supply for irrigation in and contiguous to the arid lands of this state.

"We endorse the administration of William Blackman, state labor commissioner, and commend him for loyal, honest, fair and impartial service in that capacity."
