Council Takes Up Resolution to This Effect But Fails to Pass It.

The city council met in regular session Wednesday with Mayor and all councilmen except Grubb present.

An application was read from James Menary for liquor license, and granted.

A communication and resolution from R. C. Willson, executor of Westphal estate, was read, asking that taxes be cancelled on suburban block 1½, council already having ordered such taxes cancelled provided poor farm is built within two miles of city. Provision having been complied with city is now asked to make good. Referred to finance committee and city attorney upon motion of Mr. Hallahan.

Claims allowed:

P.B.Chambers, freight and drayage	2 75
Electric supplies	7 00
Pt. A. H. & F. Co., mdse. lt. plant	8.70
Filion Mill, lumber	62.40
D. O'Brien, wood for light plant	93.00
Dell Church, line work, etc	35.00

Mr. Clegg moved that council take up resolution submitted some time ago by the Fire, Light and Water committee, cancelling water works franchise of H. A. Lingenbrink. Seconded by Mr. Polhamus and carried.

The same gentlemen moved the adoption of the resolution, with the statement that they did not wish to place any burden upon anybody, but the grantee had delayed so long that they thought the matter should be taken care of to protect city's interests.

In the discussion which foliowed it developed that Mr. Joe Lingenbrink had men at work now on said plant; that Messrs. George, Delabarre, Brophy, Farmer, and others had advanced money to make improvements on plant already made, that franchise has been assigned to these gentlemen by said grantee to secure them. It also developed that H. A. Lingenbrink, and assigns, has an option on the present water system which expires January 1st.

Mr. Hallahan held that passage of resolution would have no other effect than to give city attorney work, as grantee will have to be notified and given chance to defend. He moved an amendment, which carried, that resolution be referred to city attorney.

Mr, Brumfield moved, as preliminary action, that committee look into matter and report to council at next meeting as to whether grantees have acquired any rights under franchise and in what manner he has failed to comply with conditions.

New claims:

W. A. Wood & men, street work.	40 55
Dell Church, line work	19 90
Angeles Water Co., rent Nov	29.00

Upon motion of Mr. Hallahan, Fire, Light and Water committee was directed to provide for immediate temporary placing of extinguishers and to ascertain and report permanent locations and cost of placing same.

NECESSARY CHANGE

Mr. Belvin is Now President of the P. A. E. and Mr. Cushing Vice-President

Mr. I. C. Atkinson was called east this week leaving Monday morning for New York to confer with Promoter Belvin and Engineer Bogue relative to the right-of-way of the P.A.E.R.R. between this city and Junction City and Olympia, which he has personall investigated. The eastern end, too, seems very anxious that matters here be closed up as quickly as possible and the few remaining deeds to be secured have been left in the hands of the local parties, In a few instances condemnation proceedings will have to take place and these are now underway.

Because of the fact that the president's signature is constantly needed to many documents of the company in the detail business in the east, Mr. Belvin has been named as president of the road and Mr. Cushing takes Mr. Atkinson's place as vice-president. Gen. J. B. Metcalfe, Seattle counsel, is secretary.

As will be seen by the notice in another column a stockholders meeting of the railroad company is called for the 7th of January for the purpose of increasing the capital stock of the company from $2,250,000 to $6,000,000 and to further authorize the issuance of $6,000,000 bonds and a like amount of common stock.

During the past week the company has filed right-of-way deeds from the following property owners:

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

REMEMBER the mass convention at the opera house Tuesday night next. A nomination here is equivalent to an election.

GIVING way to pressure of friends, Mr. T. S. Brophy, in another column, announces his candidacy for councilman of the First ward.

IF you have any choice for city officers, the mass convention is the place to express that choice. If you fail here, you have little choice on election day.

IF you are not registered this year and do not register today you cannot vote either at the primaries tonight, at the mass convention Tuesday or at the election December 6.

IN discussing the cause of the result in the national election the papers of the state and nation are agreed on one point, namely, that the most potent reason for the landslide was that there was no material difference in the platforms of the two leading parties and the people chose a man whom they knew very well against one of whom they knew nothing, but who seemed to be in the hands of a bunch of men who were far from being democratic.

AT the ratification meeting in Seattle last Saturday night the speakers in every utterance gave the credit for republican victory in this state to President Roosevelt. This, undoubtedly, is the only reason the republican state ticket was elected, for surely had it not been a presidential year, or had not been such an extraordinary Roosevelt year, Washington would have elected the other side.

The creation of the office of state highway commissioner is one of the objects for which the State Good Roads Association will make a fight during the coming session of the legislature. At the last gathering of the legislature the project was brought up, but failed to carry. The purpose in having a highway commissioner, as proposed, is to secure uniformity in road building among the counties of the state.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is fast becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. THE WYOMING

Capt. Cottman Says He May Bring Her Here.

Divers are still working upon the United States monitor Wyoming injuries resulting from her recent grounding on Point White. Whether or not it will be necessary to put her in drydock before her annual target practice has not yet been determined. In talking of the situation Capt. V, M. Cottman, commanding the monitor, said this week:

"The Wyoming is considerably damaged, no doubt, but it is hard to say just how much until she is taken into drydock.

"At one time it was thought that we would have to wait until some time in December. In that case I shall patch up the Wyoming and take her to Port Angeles if possible for target practice.

"My sea duty is up on December 8, and I shall then leave for Washington, D. C. Meanwhile I should like to follow out my orders from the department and take the ship to Port Angeles for target practice, and to establish a target range."

There was a close call for a disastrous fire at the home of Mrs. Alice Raymond, Front st., on Tuesday morning last. Mrs. Raymond, sleeping in her parlor, on a lounge, awoke and struck a match on the side of the lounge, intending to ascertain the time. Instantly the lounge became a mass of flame, which, but for the rapid and effective work of Capt. Smith and Wm. Payne, who occupied rooms on the upper floor, must have destroyed the house and contents. The damage, however, was slight and confined to the loss of the lounge.

SENATOR FOSTER—Senator Foster, who as a member of the commerce committee of the upper house of congress, has been making a thorough canvass of the rivers and harbors of Washington, arrives at a far different conclusion from that of the government engineering department, which recently recommended the appropriation of a pitiful $ 150,000 for the government improvements upon the navigable waterways of this state—outside of the Columbia river. Grays Harbor alone, in the opinion of Mr. Foster, should have $1,000,000 for completing the work inaugurated there, insuring a sufficient depth of water under all conditions for the largest ocean vessels, while Olympia, Bellingham, Blaine, Anacortes; Everett, Tacoma, Seattle, La Conner flats South Bend and various rivers present projects which should commend themselves to congress for liberal consideration. The senator believes that the condition and importance of commercial ports in this state should entitle it to $5,000,000. There is every disposition to accord support and backing to the proposed extensive work upon the Columbia river, but it is hoped to secure recognition in future to the fact that this is a great state and has interests that demand a larger consideration than has heretofore been accorded.
