Bright Prospects For the Bank.

Mr. W. W. Gray, president of the First National Bank of this city, returned, Tuesday, from a prolonged business trip to Portland, where he has been negotiating a loan to enable the bank to resume. Mr. Gray states that he has been successful in his mission, and that if certain detail matters can be satisfactorily arranged with the comptroller, the bank will re-open its doors not later than the 10th of next month.

This is, indeed, very acceptable news, as the business public has been greatly inconvenienced by the suspension of the bank—an institution a commercial centre of the importance of this can ill-afford to do without.

MISSIONARY TEA.

Given by Ladies of First Congregational Church at Home of Mrs. W. Bell.

Last Wednesday evening the ladies of the First Congregational Church of this city gave a missionary tea at the home of Mr. and Mrs. Wm. Bell, for the benefit of the Home Missionary Society.

The parlors were brilliantly lighted and artistically decorated with wreaths; an attractive and pleasing feature of the decorations being the floral initials "H. M. S. T.", tastefully designed and arranged over the door-way dividing the parlors. The "T." suspended from the door frame, stood out prominently, an evidence of the skill of the designers.

The company were favored during the evening with several selections by the male quartette, Messrs. Bickford, Wilson, Lamoreux and Fisher, which were warmly applauded. Miss. Hall acquitted herself admirably with a vocal solo, Mrs. Mason accompanying her at the piano. Her effort was so keenly appreciated and heartily encored she responded.

Tea and refreshments were served by the ladies. The tea was simply delicious while the other refreshments were exceedingly relishable.

The following is a partial list of the guests: Rev. and Mrs. James Baxter, Mr. and Mrs. Nottage, Mrs. Sherman, Mr. and Mrs. J. E. Thomas, Mrs. D. McInnis, Mr. and Mrs. Carlyle, Mrs. W. H. KRUG IS CAPTURED.

Seattle's Absconding Treasurer Arrested in St. Paul.

HE PLEADS PITIOUSLY FOR MERCY.

His Arrest a Complete Surprise—Is Overwhelmed With the Enormity of His Crime—Yielded to the Influence of His Friends—Threatened to Kill Himself.

ST. PAUL, Sept 19th.—1 a. m.—Adolph Krug, the absconding city treasurer of Seattle, wanted for the alleged embezzlement of $160,000 of the city's funds, was arrested here at 3 o'clock last evening by Frank Crawford.

Krug was just steping on a Northwestern railway passenger train at the Union station when Crawford spotted him in the crowd, and walking up to Krug, placed his hand on the latter's shoulder, and placed him under arrest. Had a flash of lighting suddenly struck Krug he could not have been more surprised. For a space of a moment he did not utter a sound. His face blanched and reddened and then the blood fled from his cheeks, and the pallor of death was left. His legs trembled and he sank almost lifeless to the ground.

By a superhuman effort he rallied again, and as the blood began to course through his veins he straightened up and in a voice in which there was a tremor of dispair, he asked Crawford on what charge he was arrested.

"For the embezzlement of $160,000 of the city's funds," said Mr. Crawford, "and you must come with me."

Krug pleaded with the man to let him go, but Crawford was obdurate and turned a deaf ear to all the man's appeals for mercy. The arrest in so prominent a place had called around Crawford and his prisioner a large crowd of curious people, and the officer led his man out through the station waiting room to the outside of the depot, where a closed carriage was engaged and in it the detective and his securely handcuffed prisoner were rapidly whirled away to the Merchants' hotel.

He says the money was loaned to his friends and that when the time for him to return the money came they did not do so and he was obliged to flee to save suffering the consequences of his fraud upon the city.

Krug took his arrest very much to heart and refused to be comforted.

When a correspondent of the Seattle Telegaaph called at room No. 118, at the Merchants' hotel he was met at the door by Crawford who was keeping close guard over his prisoner. Krug was the picture of blank despair. Utterly oblivious to his surroundings Krug sat in the chair, without once raising his head from his hands during all the time that the detective was telling him how he had effected his prisoners capture.

Crawford has to watch his prisoner constantly, and all means of self-destruction have been removed from his reach. Since his arrest Krug has repeatedly threatened to kill himself. He told Crawford that he would never face his accusers.

"Rather than return to Seattle I will kill myself," said the desperate man when he was first placed under arrest.

Gold Excitement.

Angeles is the scene of another mineral excitement, a deposit of rich gold bearing quartz having been discovered, presumably along the banks of Sieber creek. The specimens on exhibition are wonderfully rich, in fact, pronounced by old miners to be as fine as they ever examined.

The discoverers of this modern bonanza are Dr. Frizell of this city, and Mr. C. A. Dyer of Townsend.

Dr. Frizell is most enthusiastic over his discovery, and is very confidant, indeed, that further development of the deposits will demonstrate that he does not labor under a mistake.

It certainly is to be hoped that the most sanguine expectations of these gentlemen will be realized.

NEW MILL AT CLALLAM.

Structure in Course of Construction- Will Have a Capacity of 50,000.

The sawmill was shut down on Wednesday, for the purpose of beginning improvements which will more than double its cutting capacity and create an industry at East Clallam that will produce about 50,000 feet of lumber per day and give employment to 50 men, says the East Clallam Record.

Seventy two feet will be added to the length of the mill making the new structure 40x100 feet. An extra engine of 150 horse power and an extra boiler will be put in. New double circulars and canting gear capable of handling and sawing any log brought in will be added. There will also be a larger log carrrige and herd blocks.

It is estimated that the contemplated improvement will cost $6,000.

The product of the East Clallam mill is almost entirely spruce lumber which is purchased in San Francisco by one of the leading firms engaged in the manufacture of boxes. Cargoes are regularly shipped from here by schooners and the mill owners, Earles & Donahue have been successfully working up quite an extensive trade in spruce. At San Francisco the cargoes are sorted over and the clear lumber is used as finishing in cabinet work, furniture and buildings. With the completion of the new mill along with which better facilities for a steady supply of logs will be provided, a line of schooners will run regularly between this port and San Francisco. One of the contemplated improvements of the future in connection with the mill is a logging railroad.

THE YACHT RACES.

The Weather Being Unauspicious the Yachts Did Not Arrive Till Evening.

The yacht races arranged for last Saturday, the course being from Victoria to this city, were measuredly a disappointment, as the inclemency of the weather discouraged three of the boats from participating in the contest. Three of the boats, the Petret, Valage and Victoria ventured out, however, encountering somewhat of a tempestuous passage.

The Victoria shipped two tremendous seas, which apparantly rose mountain high, sweeping over the little craft, which nobly and gracefully rode the waves, reaching the port lacking only two minutes of being winner.

The race was won by the Petret, her time being three hours and eleven minutes. Her crew comprised Commodore Foot, Capt. Warren, A. G. Franklin, Messrs. Geo. Warren and Frank Elliot.

The Valage waa the next boat to cross the line. She was manned by Capt. Kirk, Capt. Harrison, and Messrs. Webber and Baker.

The Paloma sailed out to meet the incoming boats, under command of Commodore Warriner Smith, developing remarkable speed on the trip. A stiff breeze struck the boat, however, breaking the martingale which rendered her bow sprit useless, The commodore and his crew were much elated over the splendid conduct of the boat in a rough sea, which demonstrated the fact that when her rigging is thoroughly overhauled and securely fastened, she will be quite seaworthy. And the commodore believes she has a brilliant future in the yachting world, a fact of which he was convinced by the speed attained under most unfavorable conditions.

The visitors were banqueted at the New Arlington, and express themselves as delighted with their visit and entertainment while in this city.

Practical Farming.

[Peoria (Ill.) Transcript.]

Facts, experience and seasonable hints presented by agricultural writers of national fame fill the pages of that prosperous looking paper, American Farmer and Farm News, of Springfield, Ohio, for July. Its handsome illustrations and bright paragraphs make it one of the most attractive farm journals we have ever read. It certainly is deserving of its wonderful circulation, now upwards of 163,000. Its letters regarding agriculture in Oklahoma, Mississippi, California and Georgia are most interesting.

Dr. Hoskins, the veteran horticulturist, of Newport, Vt., contributes an article on grape growing containing some very novel ideas, while the celebrated dairyman, Henry Talcott, of Ohio. writes from the World's Fair regarding the Columbia dairy test. Miller Purvis treats of poultry in his own original and attractive style. The department of organizations is full of news regarding the Grange, Alliance and the other associations. All in all it is a large, progressive, interesting paper, whose price has been recently reduced to 50 cents a year. We would advise our farming friends who do not know this standard paper to send for a sample copy.

CARUSI IS DISCHARGED.

Judge Brewster Held Evidence Produced by the

PROSECUTION INSUFFICIENT TO

Bind Him Over for Trial in Superior Court—Brief Synopsis of the Testimony Given by Witnesses—The Descision Rendered by Judge Brewster Given in Full—Herrick's Anti-mortem Statement—The Prosectuion Have Carusi Re-arrested—On Trial Before Judge Ware of Sequim.

The case of the state of Washington versus S. P. Carusi, in which the defendant was charged with the killing of the late Dr. I. R. Herrick, as found by the coroner's inquest upon the body of the deceased, was called up in the court of Justice Brewster last Monday morning at 10 o'clock, and resulted in a decision for the defendant, by which the case was dismissed from court and defendant was discharged from custody.

W. R. Gay, the attorney for the defendant, filed a motion for dismissal which was argued at length by both sides, he being assisted by Geo. C. Hatch, while the prosecution was conducted by county attorney D. W. Bryan. This argument consumed the entire day, the case being continued until Tuesday, when the evidence was heard and the decision rendered.

Dr. F. S. Lewis was first called upon to testify whose evidence was substantially the same as has been published in these columns and touched solely upon the nature of the wound inflicted, and the probability of death having been caused by it. Drs. Fritzell and Lull have been questioned upon points of the same nature, their evidence corroberated that of Lewis. No new evidence was introduced until Geo Myers was placed upon the stand. H. C. Williams and A. O'Brien's testimony being about the same as that given by them before the coroner.

Geo. Myers being sworn testified that he was sitting in the window of Meerwaldt's saloon and saw Herrick and Carusi meet, whereupon Herrick said: "Mr. Carusi you may fight right now." Carusi made no answer, and Herrick drew the wrench from his pocket and struck Carusi on the head once or twice, who then threw up his hands, the book which Carusi held falling upon the sidewalk.

S. D. Maxwell then ran out of the door caught hold of Herrick and pushed him back having his right hand upon Herrick's shoulder. Herrick then said: "Let me get at the—— —— —— ——" "Maxwell said: "You don't want to fight here, you will have to stop now." They were then about six feet apart Carusi pulled his revolver out ot his hip pocket and stepped close up to Maxwell, who was between the combatants and still holding Herrick, who said to Maxwell: "Don't let him shoot me." Maxwell said: "He won't shoot." Carusi had lessened the distance between himself and Herrick and fired the shot over the left shoulder of Maxwell. Maxwell was taller than Herrick, and Herrick was stooping, trying to avoid the shot.

Witness further stated that Herrick could not have struck Carusi as Maxwell was still holding him while Herrick was trying to escape, having seen the revolver in Carusi's hand.

A. H. Nottage was examined, but gave no important evidence.

Louis Williams testified to having taken Herrick's deposition at 5 o'clock of the 5th of September.

The prosecution rested their case and the defense filed the following motion for dismissal:

In the Justice Court, Port Angeles precinct, Clallam county, Washington, before Hon, C. W. Brewster, Justice of the Peace.

State of Washington vs. Samuel P. Carusi.

Comes now the defendant at close of examination of witnesses produced by plaintiff in this preliminary inquiry, and asks for his discharge for the following reasons:

I.

The evidence of the state shows no crime was committed by this defendant, and there is no cause for holding him.

II.

The evidence produced clearly exonorates and justifies defendant, and he is entitled to discharge.

GEO. C. HATCH,
W. R. GAY,
Attorneys for Defendants.

The court heard the arguments on both sides upon this motion and rendered his decision based upon the testimony given before him with the following review of evidence adduced.

Review of Judge Brewster.

Judge Brewster's review of the testimony given before him on the preliminary examination of Judge S. P. Carusi.

The coroner's jury in their findings found that the deceased, Dr. I. R. Herrick, came to his death from the effects of the pistol shot wound, said shot having been fired by the defendant, S. P. Carusi, but not without great provocation. The testimony given before this court, reveals the fact that the defendant, S. P. Carusi was passing along the principal thoroughfare of this city upon an errand of business; that he was assaulted by the deceased, Dr. I. R. Herrick, with an iron wrench and without any special warning; that the said Herrick struck the defendant two blows upon the crown of his head with the said iron wrench, with such force, that it rendered the reasoning faculties powerless to act, that it stunned, dazed and excited him; fear of bodily harm was in the ascendency, and that on the impulse of the moment, fired the fatal shot. We all shrink from the unnecessary shedding of the human blood, and when neighbor is arrayed against neighbor in deadly conflict we fear that reason has lost its supremacy. This court after giving due consideration to the evidence presented, is of the opinion that the defendant acted in self-defense, and therefore sustains the motion to discharge the defendant.

Anti-Mortem Statement.

The following is Dr. Herrick's anti-mortem statement:

I, I. R. Herrick, believing myself about to die, in the presence of God, and in full possession of my faculties, and without revenge, make this statement of facts connected with the trouble of the day between S. P. Carusi and myself.

S. P. Carusi on this 5th day of Sept., 1893, about the hour of two o'clock p. m. in the city of Port Angeles, Clallam County, state of Washington, did purposely and with malice aforethought, shoot me with a pistol loaded with powder and leaden ball; said shot took effect in my right side below the shoulder. I was unarmed at the time he shot me, and Mr. Maxwell held my hands at the time and was standing partly between myself and S. P. Carusi.

I. R. HERRICK.

Subscribed and sworn to before me this 5th day of Sept. 1893.

C. W. Brewster,
Justice of the Peace.

Signed in presence of Louis Williams and J. P. Frizell, M. D.

The signature of Dr. Herrick occurs twice and is very illegible owing to his weakened condition. The first attempt being considered insufficient, hence the second effort which was no better.

Carusi Re-Arrested.

Yesterday afternoon Judge Carusi was taken into custody on a warrant sworn out for his re-arrest, the charge being that of murder, by Constable Potter of Sequim. He was taken before Judge Alfred Ware of Sequim, who held a preliminary examination in the old council chambers of this city. At the close of the examination Carusi was bound over in the sum of $1000 to appear at Sequim next Tuesday for preliminary trial.

The Ozette and Dickey Townships.

The following letter was recently received by Mr. Wm. O'Brien, of the East Clallam Record, from the Surveyor-General relating to two townships, the surveys of which were inspected last spring. These townships include Dickie and Ozette lakes:

OFFICE OF U. S. SURVEYOR-GENERAL.
OLYMPIA, Sept 8th, 1893.

Geo. W. O'Brien, East Clallam, Wash.:

SIR:—In reply to your letter of the 6th instant, relating to the present status of townships 30 north, ranges 14 and 15 west, W. M., I have to state that the survey of these townships has been completed, and, I am informed, unofficially, an inspection of the work in the fields has been made.

The plats and transcripts of the field notes of survey are now in course of preparation in this office and will be forwarded to the general land office as soon as the matter can be reached in the regular order of official business—perhaps in a month or six weeks.

The plats ought to be ready to file in the Seattle land office by the first of December next.

AMOS F. SHAW,
U. S. Surveyor-General, Washington.

Worth Quoting.

Senator Turpie's speech ended in sentences worth quoting. Here is a sample: "What an unconscious but strange bias there is in law and language toward the side of those who have much. Silver found in a stocking is called a hoard and its keeper a miser, Gold found in a triple steel-lined vault is called a reserve and the name of the owner is called a capitalists."

ENCOURAGING OUTLOOK.

There is much in the present improvement to encourage the tariff reformers. The commencement of the depression dates back to the passage of the McKinley and the Sherman bills in 1890. Since that time, times have got worse and worse. The people have become poorer and poorer, until the crisis came a few months ago. Mills and factories closed, iron furnaces and coal mines shut down, because the people had become too poor to buy their product. The burden of taxation became so great that people were by sheer necessity compelled to quit purchasing. Thus the manufacturers had to quit manufacturing and coal and iron miners had to quit mining. Business men got scared. The scare was augmented by the great efforts of the administration to keep free gold in the treasury, made difficult by the Sherman act.

As the steady stream of gold continued to flow across the Atlantic, the panic became epidemic, people withdrew their deposits from banks, the gold was locked up, and so the banks had to suspend.

Thus it continued until about the first of August. Suspensions stopped, gold commenced coming back. and banks shortly commenced to resume. There was but one National bank failure during the latter half of August and over fifty resumed.

This was followed by the resumption of factories and other industries. Everything now points to better times.

It will be remembered that congress met about August first. It soon became evident that the Sherman law would be speedily repealed. This helped to ease the public mind, but it was not until after the house was organized on reform lines and commenced its tariff hearings that the real improvement is being felt.

The outlook is truly encouraging.

THE SAME OLD STORY.

The inconsistency of our friends of the Republican press never appeared more pronounced than it does today. Ever since Whitelaw Reid, at the bidding of his masters, made the New York Tribune say that the great depression in the business of the country was caused by the agitation of the tariff question, the Republican press throughout the land has been attempting to convince the people that such was the case. But now a change is coming. The news columns of these papers are filled with accounts of the opening of mills and factories, and the resumption of banks.

In editorials, parallel to those accusing the wicked Democrats with attempting to demoralize business by starting about to do what they were chosen to do, appear statements that 4,500 men have gone to work in Pennsylvania's iron works, 12,000 men are at work in St. Louis, thirty factories that have just re-opened, etc., etc., from which they quite naturally deduct that times are getting better, and that "good times" will soon be upon us, even though Grover Cleveland be president, and even though Mr. Wilson is in charge of the tariff.

It must be admitted that time has already smashed this neat scheme to make political capital for the bonbons of protection. Republicans must themselves abandon their argument for its rediculousness is too obvious to conceal.

THE YACHT RACE.

The bronze yacht Vigilant has been selected to defend the America's cup against Lord Dunraven's cutter Valkyrie in the coming contest, which promises to be the most interesting of the international contests, since this cup was won in the first of such races on August 22, 1851, by the American yacht America, for which the cup was named.

It is expected that the time will be greatly reduced, as the Valkyrie is by far the best cutter England has yet sent across the Atlantic, while it is claimed by those who ought to know that the Vigilant is a faster sloop than the Volunteer, the present holder of the international pennant, which successfully defended the American title to the America's cup against the Royal Clyde Yacht Club's cutter Thistle, in 1887, which was the last challenge from across the waters.

The splendid exhibition of sailing qualities of the Viligant in the contest for the selection of the yacht which should represent the New York Yacht Club has greatly shaken the confidence of the Britishers, who. however, are still hopeful, while the American yachtsmen are confident of a continuation of their remarkable success.

THE Angeles Yacht Club have reason to be well pleased with Sunday's performance of their new yacht, Paloma. In a two and one half mile run from Dolan's wharf and around the lighthouse into the straits she had no trouble to take second place against three other competitors, and she towed a row boat and had fifteen passengers on board, and, despite the fact that it was a full sail breeze, she carried but mainsail and jib, while the others were rigged and manned for racing.

ANY attempt to make political capital out of the fact that Adolph Krug, Seattle's defaulting treasurer, who was unworthy of the confidence reposed in him by the people of his community, irrespective of party, is childish in the extreme.

THE Democratic administration of Seattle has shown, in the promptness and thoroughness of its action in the Krug defalcation, that it matters not whether the offender is a Democrat or a Republican, the law will be enforced.

THE ways and means committee has got to work on its "tariff for revenue only" bill, and times continue to improve.

GOOD times and the Wilson tariff law will be upon us about the same time, from present indications.

In Childhood's Happy Days.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that Chamberlain's Cough Remedy cured her of croup, and in turn administers it to her own offspring and always with the best results. Road Supervisor Brown of Beaver, was in town Monday on business. Mr. Brown states that an offer has been made to the people out in the Beaver district to resume work on the county road and take pay in script. Under the arrangements work will probably be resumed soon on the making of the road.

R. T. Smith returned a few days ago from the beach mines where Sam Wilkeson and his partner are working gold out of the black sand. Mr. Smith says it is a paying claim. A Good Thing to Keep at Hand.

[From the Troy, (Kansas,) Chief.

Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually proceed that ailment, such as sickness at the stomach, diarrhoea, etc, we became scary. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the verything to straighten one out in such cases, and always kept it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by the Fisher Pharmacy, J. C. Hansen, proprietor.

A NEW MANAGER

Of Farmers' Mercantile Store at Dungeness Elected.

W. L. Church, who has been the manager of the Farmers' Mercantile Company's store at Dungeness, from the organization of that company, resigned as such manager on the 21st inst.

At a meeting of the directors on the 22nd Thomas Malony, president of the company was also designated as its general manager. It is not definitely settled whether this appointment will be permanent or not, but it will likely continue until the principal portion ot this year's farm produce is marketed.

Mr. Malony's policy as manager will be to procure for the farmers the best possible returns for their produce, and as the Farmers' Mercantile Company has the largest as well as one of the best selected stocks of merchandise, in the county, it will be his aim also to sell to the patrons of the store at prices based upon the present and not the past. The abundance of produce in the vicinity of Dungeness—the garden of the state of Washington—portends an abundant success for this company.

READ YOUR NOTICE.

Each Claimant Should Carefully Read His to Avoid Possibility of an Error.

In this issue of THE DEMOCRAT-LEADER appears several hundred final notices of publication in the Port Angeles townsite reservation. To avoid the possibility of an error, each claimant is requested to read his notice, and in the event he discovers a mistake either in description or names of witnesses, report to this office and it will be corrected. Proof is taken of notices which are carefully read, then revised. But even with that pre-caution errors frequently occur, the fault sometimes lying with and frequently outside of the publication office. In any event such errors are inexcusable when the claimant attempts to make final proof, and must be corrected ere it is too late.

So read your notice and avoid possibility of future trouble or delay.

A copy of THE DEMOCRAT-LEADER will be mailed to each claimant THE FIRST WEEK his notice appears for publication. In this issue only such notices as have been set by either the county clerk or United States commissioners for their first week's work appear. With each succeeding week the publication of notices will continue on to the end. This explanation is made so as each claimant will understand that if his notice does not appear in this issue, date of final proof has been set later on and such notice will be published at the proper time.

At the regular meeting of the city council Wednesday evening the mayor and Councilmen Krueger, Rose, Ristine, Carver, Beam, Reid and Metcalfe were present.

Petitions for sidewalks on Ninth and Valley streets were referred to street committee.

Sundry claims were allowed.

The following resolution was introduced by councilman Beam:

The mayor requested council to order survey on White's creek from southwest corner of section 13, townshsp 30, north range 6 west, north 1¼ miles. The request was allowed and city surveyor instructed to perform work.

The committee appointed to look into the matter of securing proceeds from the sale of the lots and blocks in the Port Angeles townsite reservation, reported to the effect that they deemed the mayor the best qualified person to send to Washington, to represent the interests of the city.

The council passed a resolution appropriating $500 out of the general fund, for defraying the expenses of Mayor Smith in his trip to Washington city. Council authorizing him to proceed there and use his best efforts in securing the city the net proceeds from the sale of the reserve. In the event he secures such sum, the city council agrees to allow him $5,000, to be paid him out of such proceeds, when the same is paid by the government. The $500 allowed him at this meeting to be deducted from the $5,000, mentioned above,

Mr. Thomas Malony heartily endorsed the action taken by the council in this matter.

The city engineer stated that he would have his report ready at the next meeting which will show the amount of water power to be had from Little river, and the cost of constructing the flume, etc., for the electric lighting plant.

On motion of Councilmau Rose, seconded by Councilman Carver, the compensation of the city clerk was placed at $100 per month, such increase in salary to date from September 1st. The motion was carried unanimously. The council adjourud.

Probable Acquisition to Port Angeles.

Mrs. Hon. W. R. Bartlett, of Minneapolis, who has been visiting Mrs. Edna A. Lewis and Mrs. John W. Troy for the last month, left for Seattle Tuesday. Mrs. Bartlett expects her husband to join her in Seattle, and they will probably spend the winter in Seattle and Port Angeles. Mr. Bartlett is an active and energetic business man of Minneapolis who has made a competency in the real estate business. If Mr. Bartlett is as well pleased with this country as is his estimable and accomplished wife, they will probably locate here.

Killed a Cougar.

Last Saturday, Mr. R. Jacobs of Colville, came very nearly having an exciting encounter with a cougar in the woods near Seiber creek, but fortunately had his rifle with him and shot the animal. When discovered it was cautiously approaching him, seemingly having singled him out as an object of prey, taking those quick, short bounds which are an unfailing signal that the animal is bent upon a sanguinary conflict. But being an excellent shot Mr. Jacobs took deadly aim, the bullet pierced its vitals and the cougar fell dead in its tracks.
