TWO CONVENTIONS.

The Citizens and Populists Hold Conventions.

IT'S GARFIELD AND MCGILL.

Trading an Exceedingly Distasteful Characteristic of the Citizen's Convention—The Men Chosen to Administer the Affairs of the City Government—The Populists' Nominees.

Two conventions have been held and citizens now have before them two tickets from the nominees of which they will select municipal officers to administer the affairs of the city during the incoming year.

How well the delegates chosen to represent the interests of citizens and taxpayers have discharged that high and responsible duty, the future alone will disclose.

If the trend of public opinion indicated anything it certainly most positively evidenced the choice of the majority of citizens and taxpayers favored Mr. Chas. E. Mallette for mayor. As a repute [illegible] of sterling character and magnetic individuality, he enjoyed that full measure of public confidence, over the result of honorable methods.

Long before the hour for calling the convention to order interesting groups of citizens and of politicians were holding animated discussions over the probable results of the convention. While others labored earnestly and unfeignedly either in their own or in "behalf" of some friend whose name would come before the convention.

When Mr. C. W. Brewster called the convention to order, the opera house was filled to its uttermost capacity.

The names of Messrs. Chas. E. Mallette and Louis Williams were submitted for permanent chairman, the former receiving 16, the latter 29 votes, Mr. Williams being called to the chair as the regularly elected presiding officer of the body.

For Secretary Mr. J. A. Wilson was elected by acclamation.

A motion prevailed that the candidate receiving the least number of votes should drop out.

Nominations were opened for mayor. Messrs. H. C. Garfield and Chas. E. Mallette were placed on nomination. The first vote taken was decisive. Garfield received 19, Mallette 16, and N. R. Smith one vote. The nomination of Mr. Garfield was announced.

The nominee responded to a rousing applause with a neat and pointed speech, in which he thanked the convention for the honor it had bestowed, declared his allegience to the city, and affirmed that it would be the purpose and aim of his life to hold sacred the trust reposed in him, and with earnestness and devotion undertake the super-human task of redeeming the city from the unsound and unenviable financial condition into which it has been plunged.

Four nominations were made for councilman at large. These were Messrs. J. E. Beam, Geo. W. Meagher, Donald McInnes and J. J. Byrne. On the third ballot McInnes and Beam were the remaining candinates in the field. The former received 17, the latter 19 votes. Beam was declared elected.

For clerk Messrs. Grimes, Hatfield and Humphries were placed in nomination. The latter was nominated on the first ballot.

The contest for marshal wes quite animated. Several candidates were nominated—Messrs. S. D. Maxwell, W. D. Stivers, W. W. Crockett, Joe Pearson, Ben Chambers, J. G. Banks and C. L. Cook. On the second ballott Cook withdrew in favor ot Stivers. Balloting continued without any result until the fourth vote when the contest had narrowed to Stivers and Banks, the former receiving 19, the latter 17 votes. Stivers was announced the nominee.

For city attorney Fred O. Lamoreux received the nomination.

Mr. Chas. A. Morse received a majority of the votes cast was announced the nominee for treasurer.

The convention having accomplished the object for which it had assembled it dissolved, amidst cheering for the successful candidate.

The Populists in Convention.

The Populists held their convention last Monday evening in the opera house. The convention was represented by eighteen delegates, elected from the various wards to assemble in convention and nominate a municipal ticket.

The convention was called to order by Dr. Vail.

Mr. W. W. Maltby was elected permanent chairman and C. A. Foss permanent secretary. The convention was then resolved into a committee of the whole for the purpose of adopting rules of order with which to govern the deliberation of the convention. To the end the convention continued as a committee of the whole, for some reason not visible to the interested outsider.

The nomination of mayor being in order Messrs. McGill, Robt. Shields, Bohall and Lull were nominated. A majority of all votes cast was decided to be an election. On the first ballot Mr. McGill received 14 votes and was declared elected.

For councilman-at-large Messrs. Ristine, Walby, Lull and Davis were placed in nomination. On the second ballot Ristine receiving the majority of votes cast was declared the nominee.

For treesurer Mr. E. E. Seevers was nominated by acclamation.

The contest for the clerkship developed a sharp fight between the leading candidates. The candidates were Messrs. Campbell, Grant, Wagner and Nichols. Five ballots were taken before an election was reached. On the fifth ballot Campbell received eight and Grant ten votes.

The contest for marshal developed two candidates for the office—Messrs. McGregor and Hutton. On the first ballot McGregor received 16 and Hutton 2 votes. McGregor was announced the choice of the convention.

Dr. Lull was nominated for health officer by acclamation.

No nomination for city attorney was made, the office being left vacant for future consideration.

A motion prevailed that a chairman and a committe of seven be elected from each ward, to act as a central committee. The convention then adjourned.

The following were the ward nommees for councilmen:

Second ward—J. M. Albright.
Third—Jno. Reid.
Fourth—T. M. Graybill.
Fifth—Donald Munro.

Tide Lands.

It is learned on good authority direct from Olympia that the engineer of the State Land Commission is expected to be in Port Angeles in a few days to meet the local board of tide land appraisers and compare plats and tracings, and perform such preliminary work as may be necessary preparatory to the discharge of the duties of the state board in passing upon applications to purchase and deciding contests. This will be good news for claimants who have been anxiously waiting for months to have the tide land questions decided and complete their purchases.

Nearly Wrecked.

A shipwreck at Cape Flattery was narrowly averted last Sunday says the East Clallam Record. The Norwegian bark Solglijt, from Hioga, Japan, was caught in thick weather and drifted in shore and anchored a ship's length from Flattery rocks. The sea was smooth, or else the vessel would have been a total wreck. The tug Tyee came along just as the wind was freshening up and towed the bark away from her perilous position. The Solglijt, 818 tons, went to Seattle, and is the smallest vessel that has arrived on the Sound in many years to load grain.

LAND OF FLOWERS.

Immense Floor Space in the Exhibition Buildings.

DISPLAY OF THE COAST PRODUCTS.

Paintings for the Art Department—Magnificent Display in the Palace of Horticulture and Agriculture—A Scenic Railway—Exhibits Coming From Chicago. An Estimate of the Number of Visitors.

The floor space in the main exhibition buildings of the California Midwinter International Exposition amounts to a quarter of a million feet, and every inch of this space will be fully taken by the time the Exposition opens on January 1st.

Several changes have already been ordered in the original designs of the buildings; an annex is being erected to the Manufacturers Building, and the Fine Arts Building has been materially increased by the addition of about 20 feet to its projected size. These changes have been brought about by the fact that the scope of the Exposition has been constantly developing since its earliest inception. The original idea was to make the Midwinter Fair a big thing, but it is going to be a much bigger than its most enthusiastic endorsers anticipated. In the great Manufactures Building there will be a display of manufacturers and liberal arts of nearly every country in the world, than which there has never been a more complete display anywhere, excepting in the 40-Acre Building on the shore of Lake Michigan last summer.

The Russion section alone will occupy 12,000. square feet the Italian section will occupy 10,000. more; the Austrian section will cover a space almost as large as these, and other nations will be represented in proportion to their ability or their desire to take advantage of the opportunity here afforded for advertising themselves and their products to the world. The Japanese will be there with their dainty handiwork and there will be a wonderful display of Bohemian glassware. There will be thousands of square feet filled with the products of the looms of Asia and central Europe, and as one walks up and down the broad aisles of this great Industrial Palace, it will not take much of a stretch of the imigination to feel that the whole world lies within the sweep of an eye, and that the things thus far only heard of with us are now within the reach of our hands. But this great building is by no means to be exclusively occupied by foreign exhibits.

The proposition of American exhibits already secured is very large indeed, and some of the most famous displays made in the American section at Chicago will be seen here. In addition to these, there will be a number of valuable exhibits which were not seen at Chicago. Some of these could not be prepared in time for admission to the "White City," and others are from parts of the country to which San Francisco is more easily accessible. The result is that in many respects the Midwinter Exposition will surpass that at Chicago, and, as a matter of fact, this superiority will be manifest also in connection with some of the foreign exhibits.

Among the new things to come from abroad are a large number of paintings which the managers of the Art Department in Chicago would have been delighted to secure, but which will be seen for the first time in America in the Exposition in Golden Gate Park.

The Art Department has also secured a large number of the famous Russian paintings which created such a sensation in Chicago and space has been alloted for a great many of the French paintings which were seen there.

It will be in the palace of Horticulture and Agriculture, however, that the glorious climate of California and of the salubrious section of the Pacific Coast will be most emphatically illustrated. It is intended that the central space in this grand building shall be occupied by a great mass of flowering plants and vines, with recesses for cut flowers and tarraces for roses of every variety. This display is to be kept fresh every day, and, occupying a central position, the idea is that the moment an Easterner enters Horticulture Hall, he shall be unmistakably impressed with the fact that he is indeed in the land of flowers.

Put aside all these general features of the coming Exposition, there is an element which has been encouraged by the management to a very large extent, an element of entertainment and instruction. This idea is similar to that which was catered to the famous Midway Plaisance at Chicago, and the best features of which are being transported to San Francisco with many new things added and many old ideas improved upon. We are to have all of the attractions already referred to in this correspondence and many new ones, for which contracts are being signed day by day. Among the later arrangements made in this line is one for a scenic railway where the passengers on a real train of cars, taking the natural curves of the land or artificial grades, whirl through a tunnel in which scenic effects are produced by electricity in a decidedly startling manner. A contract has also been signed with Capt. Morgan, who ran the captive balloon concession in Chicago, under whose management continuous balloon ascensions will be made every day to the height of 1,500 feet, so that bird's-eye views of the entire Exposition grounds can be had at one's leisure.

A great many exhibits from Chicaso have already started for San Francisco, and long lines of freight cars now coming across the plains are loaded with the material which is to make the Midwinter Fair all that its projectors have promised for it. The mails continue to bear evidence of the crowds of people that are coming from all over the country to spend the winter in California. Thousands who usually go to Florida are coming this way this year. Surely every resident of the Pacific Coast will go at least once to the Fair, and many of them scores of times. Let them go just once, and the Fair, from the point of attendance must and will be a success.

A SCENIC PRIZE.

Clallam's Peerless Summer Resort. It's Beautiful Lake.

Last Friday the United States land office at Seattle, began receiving filings in Lake Crescent township, Tp. 30, N. R. 9 *W*. This is without doubt the most attractive township within Clallam's extensive boundaries, so far as scenic attractions are concerned, for it contains Lake Crescent, one of the most beautiful lakes in the world, a sheet of water as clear and pure as the finest crystal, bordered by a varied chain of grand peaks says the Port Crescent Leader.

Just at the present stage of things, our population is too much absorbed in the every day demands of frontier life to properly appreciate how such a prize as Lake Crescent will be regarded by future generations. But already Lake Crescent enjoys a wide celebrity and each summer is the resort of numerous visitors in search of pleasure or sport. Several hotels are maintained at the lake for the accommodation of the traffic and as soon as title can be obtained to land along the shores no doubt many summer cottages will be built and the number of summer visitors largely increased.

No more charming place for a summer outing could be imagined. Fishing, boating and bathing are afforded in their most attractive forms. The lake, forest, mountain and sky offer studies in color that would make a painter delirous with pleasure.

The matchless mountain jewel is already easily accessible by several wagon roads and will be touched by any railroad line that is built into the Solduck valley for the eastward, as it lies on the pass through the coast range of mountains.

The settlers on the Solduck will hail with satisfaction the completion of the county road between Beaver and Lake Crescent and the opening of another thoroughfare to the Quillayute by way of the lake.

The survey of this township was made two years ago by James T. Sheets but he died before writing up his field notes and this caused a vexatious delay. Surveyor Albert Blackwood finished the field work and wrote up the notes so the survey was finall approved and the township opened to entry last Friday.

This gives the settler the greatest satisfaction but the people of the county generally are delighted to see the era of individual ownership of lands extended, as this means progress and development for the entire county. All are interested in forwarding the common welfare of the county in hastening its settlement and the passing of the title from the general government into the hands of the settler.

The U. S. Commissioners, Gay and Lutz and County Clerk Richardson, have been authorized by Receiver Lyons to accept Northern Pacific money orders, in payment for reserve lots. These orders can be obtained from J. H. Young the agent of the company. The cost being less as well as the time consumed in obtaining them. They are preferable to Postoffice orders.

Public Entertainment Proves a Decided

FINANCIAL AND SOCIAL SUCCESS.

The Report of the Trustees—The Entertainment Yield s a Net Profit of $62.70—A Vote of Thanks Extended to Those Who Contributed to the Praiseworthy Undertaking.

The project of establishing Lincoln Memorial Hall and Library was initiated October 20, 1893, and has since been advanced, first, by a committee of five comrades of the G. A. R. Post to adopt ways and means, secondly, by the three trustees of the post as general managers, and lastly, by the several committees of ladies and gentlemen appointed at a mass meeting of three organizations mentioned.

The post commander presided as chairman of the mass meeting and was wonderfully fortunate in his selections of persons to serve on committees—not that there are only a few members competent to do the work the committee folks had to do—but because these committees did their part with such supreme satisfaction to all concerned, and did it without a partical of friction, or complaint.

The wisdom of utilizing the old council room for supper room, the G. A. R. hall for cards and smoking, and the stage and gallery for spectators, was manifested in the comfort and ease everywhere apparent, yet had the supper been on the stage as usual in such cases or had the card and smoking room have been omitted, there would have been much discomfort and dissatisfaction.

The use of the old council room for the supper, imposed much additional labor on the committee on refreshments, owing to the distance water had to be brought, but there was no lack of good cheer on that account for our good natured veterans Armbrust, Bryant, Fowler, McFarland and Simmons, midst the cheerful greetings of their better halves and other ladies of the committee, were ever ready to be hewers of wood and drawers of water in the cause, and carry on tote hither and thither as occasion required.

The refreshment committee worked early and late canvassing the city for favors, and performing a task, which, owing to the short time given them for its performance, was, to say the least, almost incredible.

As to the satisfaction afforded by the supper and as to the manner in which it was served, every guest seemed ready to testify on coming forth from supper to rejoin the merry folks in the hop or hall, as fancy chose.

The music was all that could be wished for, it was more than enough to "sooth the savage breast"—it made the old folks feel young again—it waved the middle aged to "cut the pidgeon wing" in the quadrille, and it caused the youth and beauty of Port Angeles to be enraptured to such an extent that sedate arbitrary exactions (following the program) were necessary to end the round dance demands and get back to the square.

These enjoyments, or perchance ecstacies of delight, at times led the floor committee and the caller to remember the remark that at times one's lot is not a happy one.

The decoration committee had much to contend with in order to beautify the hall, but they accomplished that work with great alacrity and satisfaction. They met a set back in regard to the piano, which could not be placed on the stage as first intended, for reasons given by the agent of the hall.

But we pass the statistics and the substantial result of the entertainment. No greater number of tickets sold by one lady or gentleman (outside of the ticket office) was sold by Miss Sarah Chambers, Secretary of the W. R. C., who disposed of twenty-six gentlemens' tickets $13.00, fifteen ladies tickets $3.75, total 41 tickets $16.75.

On tickets issued for sale by the trustees there were admitted to the building—

170	Gentlemen -	$85.00
113	Ladies - -	28.25
4	Children -	.60
		$113.85

The expense of the affair including ball, rooms, music, stationery, printing, fuel and petty expenses, were $45.70.

The trustees have received in cash	$107.90
The quartermaster received..	8.50
Total receips, cash	$116.40
The expenses were for the entertainment	$45.70
For incorporation	10.00
	$55.70

Notice of the Public Sale

Of the lots in the unsold portion in the town of Port Angeles, washington.

Notice is hereby given that at ten o'clock on the 1st day of January, 1894, the public sale of lots in the unsold portion of the townsite of Port Angeles, washington, will be begun at the court house therein and continued from day to day until all the lots and parcels in said townsite that are subject to sale at public outcry shall have been sold or offered for sale. Port Angeles is situated upon the straits of San Juan De Fuca, Clallam county, in the north-western portion of the state of washington, and was reserved as a government townsite in 1863 by order of President Lincoln. The sale of the unsold portion of said townsite was provided for by act of Congress of March 3d, 1891, 26 stat, 879, and August 5, 1893, 27 stat. 360, and said portion comprises thirty-one hundred and forty seven and 31-100 acres surveyed into 7008 urban and suburban lots and parcels. The majority of the urban lots are fifty by one hundred-forty feet in size, while the suburban lots contain an average of eight and one half acres. The sale will be conducted by the Register and Receiver of the Seattle land office, and all lots and parcels will be offered singly to the highest bidder for cash, except those lots which may be purchased at private sale prior to the date of public sale by the parties entitled thereto, but no bid will be received for less than the appraised value for any lot or parcel. Notice is hereby given to each and every person claiming by the terms of the acts of Congress of August 5, 1892, a preference right to purchase lots at private entry at their appraised value prior to the day of public sale, that he must publish notice once a week for six consecutive weeks in a newspaper of general circulation in Port Angeles of his intention to avail himself of such rights and that he will make proof at a specified time touching such residence and improvements before the Register and Receiver at the Seattle land office or other officer authorized to take proof in homestead cases. Said proof must consist of the testimony of the claimant corroborsted by the testimony of two witnesses, stating that the claimant had individually established residence upon one lot and had made valuable improvements upon one such additional lot prior to July 5, 1893, and that he had maintained such residence and improvements up to the date of his application to purchase, and that title to said improvements still remain vested in him. The foregoing to be accompanied by proof of the publication required. Notice is futher given that the aforesaid proof must be made in time to be forwarded to, and passed upon by the local officers at Seattle prior to the day of public sale. Full explanation will be made by the Register prior to the offering of the several lots and parcels for sale as to the exact location of each and shape and size and area of the same in order that parties may bid intelligently upon them.

"For Years,"

CLARENCE E. STOCKWELL, of Chesterton, N. H., "I was afflicted with an almost severe pain in the lower part of my back. The feeling was as if a ton weight was laid on a spot the size of my hand. During the attacks, the perspiration would stand in drops on my face, and it was agony for me to make sufficient effort even to whisper. They came suddenly, at any hour of the day or night, lasting from thirty minutes to half a day, leaving as suddenly; but, for several days after, I was quite prostrated and sore. Sometimes the attacks came almost daily, then less frequent. After about four years of this suffering, I was laid down with bilious typhoid fever, and when I began to recover, I had the worst attack of my old trouble I ever experienced. As a result of the fever, my mother gave me Ayer's Pills, my doctor recommending them as anything he could prescribe. I continued taking these pills, and was the benefit derived from them. For nearly thirty years I have had no attack of my former trouble, which yielded readily to the same remedy."

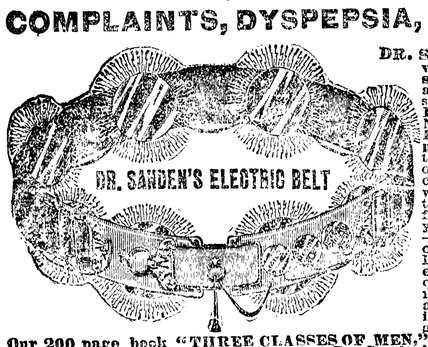
HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR

RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.



DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure without medicine all of the above troubles. Those who suffer from Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints, and general ill health, the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unduly drained your system of nerve force and vitality—which is electricity—and thus caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money.

Our 200 page book "THREE CLASSES OF MEN," should be read by every young, middle-aged and old man, sent sealed, free. Dr. Sanden's Electric Belt is no experiment as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our Belt.

WE HAVE CURED THESE—WE CAN CURE YOU!

GENERAL DEBILITY CURED.

San Francisco, Cal., August 14, 1892.

Dr. A. T. Sanden, Dear Sir:—Before I used your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bones aching, etc.; since using your belt I have had a new lease of life. I now enjoy life better than I have for ten years past. I have the utmost confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 26 and 28 Turk St.

RHEUMATISM AND LAMENESS CURED.

Portland, Oregon, April 18 1892.

Dr. A. T. Sanden, Dear Sir:—I got one of your belts two weeks ago for rheumatism, from which I suffered for several years. For the past six months I had not been able to work. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally.

M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.

Tacoma, Wash., October 24, 1892.

Dr. A. T. Sanden, Dear Sir:—I have been using your Electric belt for general nervous debility, and to-day feel better than I have for five years. I have gained in vigor daily, and am strong in every part.

Yours gratefully, CHAS. LUETKA.

LAME BACK AND RHEUMATISM.

Portland Oregon, September 26, 1892.

Dr. A. T. Sanden, Dear Sir:—Years of exposure and hard work, combined with the strain coming from the jar of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not bend my back. Was all doubled up with it. I bought one of your belts. It helped me in the of two days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am as well to-day as I ever was in my life. I know your belt well, and I know lots of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did—the best remedy in the world. I am located here permanently, and will be glad to talk with any one who wants to inquire about it.

ROBERT BURREL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH.

Everett, Wash, June 13, 1892.

Dr. A. T. Sanden, Dear Sir:—Since wearing your belt I have been greatly benefited. I feel my old energy fast returning; and after a month's use of the belt I find myself twice as vigorous as before. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

THE BURLINGAME ROAD.

At their recent session the Board of County Commissioners adopted an order directing the county surveyor to measure the distance the county road was completed by the Burlingame Contract Company in the middle division. This is preparatory to a complete investigation into the whole matter. The disposition of the Board of County Commissioners is to recover if possible what is due, but before commencing action it was thought best to ascertain whether or not the funds of the middle division were squandered as were those of the western division.

The more the question is looked into, the greater appears the criminal carelessness and neglect, if nothing worse, on the part of the county officers who were supposed to look out for the county's interest.

It was shown in the columns of this paper some time since that the Burlingame Contract Company had received on the western division of the county road, $6,337.50 more than was due it—or to be more exact, it had received $22,109.50, when according to the return of the county surveyor there was due but $15,372.

As vouchers for the issuing of the warrants, the county auditor had and there is now on file in the auditor's office, estimates of the county surveyor for $21,109.50, and an order on the journal of the Board of County Commissioners, for which there appears no excuse or provocation, for $1,000. Each of these estimates has the official signature of Ex-County Surveyor W. E. Smith and the "O. K." and signature of W. W. Gray in his official capacity as chairman of the Board of County Commissioners. The dates and amounts of these estimates are as follows:

Oct. 5, 1891	2,700.00,
Oct. 30, 1891	3,600.00,
Dec. 28, 1891	1,125.00,
Aug. 2, 1892	3,232.50,
Sep. 6. 1892	5,332.50,
Oct. 4, 1892	4,819.50.
	$21,109.50

To this add $1.000.00 allowed Mr. Burlingame by the Board and you have $22,109.50 the amount received by the Burlingame Contract Company.

There can be but one conclusion deducted from these figures: The county officers concerned were either like putty in Mr. Burlingame's hands, or there was bribery and corruption.

THE PEOPLES' PARTY.

There seems no doubt but that the Peoples' party movement has reached its highest point and is ebbing. It is not likely that the Populist candidate for President in 1896 will receive as many electorial votes as Mr. Weaver received last year. The reason for this is plain.

The Peoples' party being a western party, advocates many policies that are more satisfactory to far Western and Southern Democrats than those of the Northeastern Democrats who, for the sake of the thirty-six electoral votes of New York, have been permitted to control the party policy to a certain extent. However, the Peoples' party is too strongly tainted with those old Federalist—Whig—Know-nothing—Republican—paternalist—subsidist, class legislation ideas that have always made up the opposition to the Democratic party ever since the last days of the last century, to make a comfortable home for a Democrat. Western Democrats see this; Southern Democrats understand it, and all realize that those old Democratic principles that dominated and ruled this country during the first quarter of the present century—during the administrations of Jefferson, Madison and Monroe—those ideas that made these Americans a free people, flourish only, as yet, and as far as man can see, for twenty years yet to come, it will be the same—in the Democratic party.

Nor is there room in this county yet for two strong Federalistic parties. It will be the same with the Republican and Peoples' party as it was with the Federalists and Anti-Masons, the Whigs, Know-nothings and Republicans. The stronger one will absorb the weaker parties, and Democrats who have been caught by the policies of the new party will get back into the old party of Democratic ideas.

THE CITY CLERKSHIP.

One of the most important of the city offices is that of city clerk. Upon this officer devolves the routine work that is necessary to keep the city machinery in motion. Besides being secretary to the council, he audits and presents the bills, he issues the warrants and keeps the city's accounts, keeping a check on the other officers. Thus, besides having to do nearly all of the detail work attached to the municipal government, the clerk is a sort of balance wheel.

In view of these facts it need not be added that great care should be taken in the selection of a city clerk. He should be an expert accountant; he should be a man well versed in clerical work.

The city of Port Angeles has been especially fortunate during the last two years in having for a clerk a man who posesses all these qualifications in a remarkable degree, besides being a courteous, affable gentleman, who is always ready to accomodate or favor. There is not in all this country a more efficient, capable or reliable official than Mr. C. K. Humphries, city clerk of Port Angeles. He is painstaking and careful and has acomplete and comprehensive mastery of detail that peculiarly fits him for the complicated duties of his office.

The citizens of Port Angeles have an opportunity to show their appreciation of the services rendered the city by Mr. Humphries and at the same time guarantee the city his invaluable services for another year. The opportunity should not be missed. Mr. Humphries should be elected city clerk.

AN OPEN BALLOT.

THE DEMOCRAT-LEADER regrets exceedingly that the secret ballot scheme that was given to the people in a large dose by the Republican county convention last year was injected into the "Citizens'" convention last Saturday evening, and in the Populist convention Monday evening. A delegate does not represent himself alone when he goes into a convention, but, as the name "delegate" indicates, he has been delegated to represent his ward or precinct, and to them he is responsible for his action. Those for whom he is arepresentative have a right to know whether or not he has betrayed the trust reposed in him. As well have secret ballots in the United States Congress or in a State legislature.

At the polls or at the primary, where a man is responsible only to his own conscience it is different—there it is proper that a man should have an opportunity to express his convictions in secret; but, as every man has a right to know how his servant has served, delegates in a convention should vote openly and audibly, like men. Had this rule been adopted, the result of the Citizens convention Saturday night would have probably been more satisfactory to the people.

A POPULIST OPINION.

Jerry Simpson is always candid, and always gives his opinion on a subject in the fewest words.

Here is what he told the Washington City correspondent of the St. Louis Republic about the cause of the result of the recent elections;

"There are lots of lunatics in the country that know nothing themselves, and were all made to believe by the Republican press that the anticipated revision of the tariff threatened evil to the working class. Besides, they blamed the Democratic party for the present business depression, while as a matter of fact it is due to iniquitous Republican legislation."

MR. JOHN ROSE, councilman from the Fourth ward has made a good record. He has been ever watchful of the city's interests and has always done his duty as it appeared to him conscientiously. Mr. Rose's services should be retained.

MR. J. E. BEAM is a man of large business experience and good judgment. He should be retained on the council.

MR. H. B. CROCKETT will have a walk-over in the Second ward. Everybody will vote for "Davy."

THE TOLEDO WEEKLY BLADE

And Book Containing all the Nasby Letters for One Dollar.

In answer to a general demand from all parts of the United States, the Toledo Blade has published in one volume, cloth bound, all of the "Nasby Letters" ever written by the late Dr R. Locke, omitting perhaps a few unimportant letters on local or forgotton topics. Only a few of these letters were ever published in book form. Everybody has read some of them, but who has read all of them? The book contains over 500 large pages, and all of the Nasby letters written during a period of twenty-five years; also a portrait of D. R. Lock from his last photograph. It will sell at one dollar or more, but will never be placed on sale. Are Your Children Subject to Croup?

If so you should never be without a bottle of Chamberlin's Cough Remedy. It is a certain cure for croupe, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. COUNTY NEWS.

Interesting Paragraphs Gathered From the County Press.

East Clallam Record.]

A substantial boom, made by driving piles, has been placed across the river near the mouth of the river and a considerable distance below the sawmill. It will hold millions of feet of timber.

County Commissioner George Lamb and C. J. Schneider started out on a tour of the west end of the county Wednesday morning. Mr. Lamb goes to attend to various road matters in several districts and Mr. Schneider accompanies him to see the county.

The Willapa went around to LaPush last Friday night with 50 tons of freight and returned here on Saturday night, proceeding to Seattle. During the trip a leak was discovened in the boiler, which laid the vessel up at Seattle for repairs, the Garland coming down in her place.

Thanksgiving will be observed at East Clallam by a dramatic entertainment and supper, preparations for which are now in progress. The play will be a comedy in two acts, entitled "Under a Cloud."

Beaver Leader.]

S. B. Laughlin is erecting a new house on his ranch adjoining the prairie. It is a frame one 14x20 and one story and a half high.

Port Angeles is the scene of a political battle in municipal matters where the Republicans and Democrats form a fusion ticket and jointly oppose their cambined strength to that of the People's Party. It seems rather strange at first to see the old parties thus meet on common ground and combination in a spirited battle against a political foe to both. But the workers in the Republican and Democratic ranks appear to easily adjust themselves to their vovel situation and they fight in the same ranks with as much enthusiasm as they did as antagonists.

We had occasion to call on Mr. Aca G. Collins, the genial postmaster at Collins, the first of the week. Mr. Collins has hewed out of the dense woods one of the prettiest and best homes in the upper Quillayute valley. He has about eight or ten acres slashed, all of which is the finest bottom land and also has in course of erection a commodious residence. Mr. Collins is one of those who believe in taking time by the forelock and is improving his ranch during the hard times and when the wheel turns he will be in a position to reap the benefits therefrom.

The grading on the county road from Beaver to East Clallam is completed. As soon as a few bridges are built over the different streams the road will be ready for travel. From all reports the road will be a good one, that is, for one composed entirely of dirt. Until we get macadamized or plank roads in this section of the county—just so long we will, figuratively speaking, be without wagon roads, for it is a well known fact that a dirt road bed cannot be traveled over with a wagon for more than two or three months in the year. To make good macadamized thoroughfares it would nenessitate the expenditure of a good deal of money, but it could not be spent to better advantage, for passable roads at all seasons of the year are essential to the prosperity of the county; without them we can never make much headway toward the development of the resources of the interior of Clallam county. Let us have good roads.

SETTLED AT LAST.

World's Fair Jury Finally Decides in Favor of Dr. Price.

CHICAGO, Nov. 24—On the analysis and recommendation of Dr. Wiley, Chief United States Government Chemist at Washington, and greatest living authority on food products, the world's fair jury today gave the highest award to Dr. Price's Cream Baking Powder for strength, purity and excellence. This conclusively settles the question of superiority. Dr. Wiley rejected the alum powders, stating to the world's fair jury that he considered them unwholesome.

The Best Plaster.

Dampen a piece of flannel with Chamberlain's Pain Balm and bind it on over the seat of pain. It is better than any plaster. When the lungs are sore such an application on the chest and another on the back, between the shoulder blades will often prevent pneumonia. There is nothing so good for a lame back or a pain in the side. A sore throat can nearly always be cured in one night by applying flannel bandage dampened with Pain Balm. 50 cent bottles for sale by J. C. Hansen, The Fisher Pharmacy.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

THE DEMOCRAT-LEADER

PRICE LIST.

November 1. **COOPER & LEVY** Seattle, Wash

TO OUR OUT-OF-TOWN PATRONS:

Order what you want by letter We ship the Groceries by rail, by boat or any way desired No greater aid to buy Groceries *at the very lowest rates* has been devised than our order system. Persons living out of town can not always find time to visit the city when in need of goods. In addition to this loss comes the important item of *expense.*

YOU MAY LIVE FIFTY MILES FROM HERE OR FIVE HUNDRED.

It is immaterial. You can sit quietly at home, making your selection, depending upon getting the best goods at the lowest prices. Every article that you order is sold at the same price as if you were purchasing personally at our store.

HERE'S A DELUSION WE DESIRE TO DISPEL.

Some intended purchasers may have an idea that the freight adds materially to the cost. This is a mistake Your local merchant must pay his freight (his groceries don't fly to him) and he pays the same rate as you do.

IT IS A WELL-KNOWN FACT

That owing to our being among the largest cash buyers we receive the benefit of constant bargains—these our customers share—consequently we sell Groceries for less than the ordinary dealer pays for them. Buying from us, even after adding the freight, *still means a saving of fifteen to thirty cents on every dollar.*

THIS IS THE TIME OF YEAR WHEN YOU ARE LAYING IN SUPPLIES.

Therefore it will pay you to compare our prices and order from us.

TERMS—All orders must be accompanied by cash. Remittances can be made by express, money order, postal note or registered mail.

☞ N.B.—Send no checks on interior banks. We can only use checks on Seattle banks and cannot end out goods unless these terms are complied with.

SPECIAL NOTICE—Send your full name and address with proper shipping instructions. Send all remittances direct to the house, as we have no traveling agents. WE MAKE NO CHARGE FOR PACKING OR DELIVERY TO RAILROAD STATION OR WHARVES.

We quote only a few articles, and will cheerfully furnish prices on anything in the grocery line. Reference, Dexter, Horton & Co., bankers, Seattle, and Scandinavian-American Bank, Seattle.

Our Best—This is the name of a brand of Baking Powder put up expressly for us—It is the very best baking powder that money and brains can manufacture. We claim it equal to the "Royal" or "Prices" and offer it for much less money. In place of spending thousands of dollars in advertising, and adding this cost to the price of the Powder, we have decided to introduce it among our customers. Royal and Prices baking powder are first-class, still these people spend hundreds of thousands of dollars in keeping their names before the people. Who do you suppose pays for all this? You and everybody who buys their powder. Try a can of OUR BEST POWDER in your next order; if it is not fully as represented return it and we will cheerfully refund your money. Compare these prices with Royal and recollect what we say regarding the quality of OUR BEST BAKING POWDERS. Full weight—guaranteed.
