THE DEMOCRAT-LEADER.

VOL. 4. NO. 45. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, MARCH 30, 1894. 8 PAGES.---PRICE FIVE CENTS

Extract Works May Be Sold.

It is understood here that the extract factory, wharf, land, etc., owned by the Pacific Tanning Extract company, of San Francisco, is for sale, and has been offered at a very low figure. Two or three parties, representing different interests are said to be negotiating for the property, and the sale of it is probable in the near future. Charles Brash, of Portland, is expected on the bay either this week or next, accompanied by a tannery owner of Rogue river, Oregon, who will look over the factory. The Oregon people have in view the building and operating of a tannery on the bay in connection with the extract factory.

It is reported also that last week the representative of a Boston concern left the east for this place to examine and report upon the extract works, with a view to a transfer of the works if the investment suits the Boston people. Also that some San Francisco men are seeking to purchase the works.

Fred Tetro, formerly foreman of the works, is here awaiting Mr. Brash and the tannery proprietor who requested him to be here about the 25th to assist them in examining the factory business, etc.—Clallam Record.

Tide Land Survey Corrected.

Engineer A. J. Gillis, of the state board of tide land commissioners, Olympia, with the county board of tide land appraisers, completed the re-survey of the harbor line in dispute, correcting the former survey so as to protect the interests of water front claimants.

It must be exceedingly gratifying to those interested to have the matter so speedily and satisfactorily adjusted.

They Want the Best.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland Mills Indiana. That is right. They know it to be superior to any other for colds, and as a preventative and cure for croup, and why should they not insist upon having it.

Fifty cent bottles for sale by J. C. Hansen, The Fisher Pharmacy.

A Forty Mile Ride.

E. R. Swetnam, of Fairfax Station Virginia, says: "A party came forty miles to my store for Chamberlin's Cough Remedy and bought a dozen bottles. The remedy is a great favorite in this vicinity and has performed some wonderful cures here." It is intended especially for coughs, colds, croup and whooping cough and is a favorite where known.

For sale by J. C. Hansen, the Fisher Pharmacy.

Surveys of New Townships.

The Clallam Bay Record is in receipt of a list of the townships to be surveyed in this state under the appropriation of 1894. Among these are townships 31 north, range 13 west; 32 north, range 14 west; 24 north, range 12 west; 24 north, range 13 west; 16 north, range 7 wsst.

The Rev. E. Davis will hold a service in the Episcopal church on Sunday at 11 a. m. All cordially invited to attend.

COMPLETE THE ROAD.

An Appeal to the Board of Trade to Petition

THE BOARD OF COUNTY

Commissioners to Appropriate $1000 for the Completion of the Angeles-Quillayute Road—Secretary Carrigan Submits a Report, Which Shows the Board of Trade to Be in an Excellent Financial Condition—A Plan for its Advancement.

Last evening the local board of trade held an important meeting, the first gathering together of members in business council for several months past, a fact significant of a better, more hopeful condition of business, evidencing that there yet remains sparks of vitality in the community, only awaiting an opportunity to burst into full-grown activity along the lines of legitimate commercial intercourse.

Any person who held the opinion that the board of trade was hopelessly, irretrievably embarrassed, plunged into the unfathomable depths of financial difficulties, labored under a grave mistake and gross misinformation, as the report of the secretary will abundantly testify. From Secretary Carrigan's report the information is gathered that the assets of of the board of trade are $2,507.21, while its liabilities are only $316.60, only $75 dollars of which is urgently pressing for liquidation.

During the past year not a dollar's indebtedness has been incurred, the president and secretary personally meeting every obligation.

Secretary Carrigan has a capital plan for the organization to consider, the adoption of which would ultimately result in placing it in a position of independence. The plan briefly is for members in arrears to liquidate. This would provide a surplus in the treasury of $2,190.61. From this appropriate a sufficient amount with which to purchase a 10-acre block in the government townsite reservation. And when the period of appreciation comes sell and devote the proceeds to the use of the organization. The plan seems business-like, and is certainly worthy consideration.

A communication was read from Messrs. Geo. E. Michell and Benjamin Lewis, of Fairholme, which clearly set forth the great need and inestimable advantage to Port Angeles and to the Quillayute, of the completion of that portion of the Angeles-Quillayute road, lying between Fairholme and Burnt Mountain, stretching over an area of country only six miles distant.

The completion of this road would bring Angeles twenty-two miles nearer Beaver than it now is over the round about wagon road now providing the only outlet between these points—which is sixty-seven miles, while the opening of the Angeles-Quillayute road would lessen the distance to forty-five miles. Then the latter thoroughfare opens to the markets of this city one of the most productive portions of the county, including the lakes, the valley of the Solduck and the great Quillayute region.

These gentlemen urged the board of trade to put forth every effort possible to prevail upon the board of county commissioners to appropriate at the next session $1,000, which would be sufficient to complete this road and open to this city a trade that would aggregate thousands of dollars annually. The following is the communication:

PORT ANGELES, Wash., Mar. 29, 1894.

To the Port Angeles Board of Trade:

GENTLEMEN:—We, the undersigned, representing the settlers living upon Lake Crescent and in the territory lying between Fairholme and Burnt Mountain respectfully call the attention of your honorable body to the importance of doing everything that in your power lies to aid in securing the early opening of that portion of the Port Angeles-Quillayute county road, as surveyed and located, lying between Fairholme and Burnt Mountain, in Road District No. 44.

With the opening of this six mile link of road, we will have a through and convenient route from Port Angeles to Beaver, which outlet we all very much desire.

If this short piece of much needed road is built, it will enable the people of the Quillayute country to go to and from Port Angeles, Seattle, and all up-Sound points, by the route they desire to travel and a route much shorter and in every way more preferable than the round-about one they are now compelled to travel.

Hundreds of people living in the Quillayute country are now compelled to go via Clallam Bay or Pysht, in going to or returning from Port Angeles, who would infinitely prefer to reach Port Angeles by way of the Port Angeles-Quillayute route.

The opening of this road will mean a great deal to the business men of Port Angeles, resulting in a large increase of their volume of trade; bringing traffic to the county seat that she is entitled to, but which she does not now receive, because scores of people who would like to do business, but who cannot now conveniently do so, owing to our imperfect means of communication.

We therefore respectfully ask your honorable body to take such action in this matter as you may deem best, looking to bringing before the County Commissioners the importance of opening up this piece of road this spring, and so enabling us to establish quick and satisfactory connection with Port Angeles. One thousand dollars, judiciously expended, will perform the necessary work.

Respectfully submitted,

GEORGE E. MICHELL,
BENJAMIN LEWIS.

GOVERNMENT ROAD NEEDED.

In Maintaining An Efficient Signal Service Line Between Here and Neah Bay.

Some time since Major Bates of the Signal Service bureau, Washington, made a tour of inspection of the northwest for the purpose of ascertaining its conditions, needs and requirements. A careful examination was made of the service in this county, which developed the fact in the mind of that gentleman, that a thoroughfare should be built by the government between this city and Neah Bay, to facilitate and to expedite travel as the country intervening was of a mountainous character and practically inaccessible, a condition rendering efficient service utterly impossible.

The major in his report recommended the building of the road, and was of the opinion that if a proper presentation of of the facts was made to the authorities at Washington, an appropriation would be made for the improvement.

A memorial to Congress from representatives of the county and city, and prominent citizens, and setting forth the value and importance of such an improvement, together with a map outlining the route of the proposed road, probable cost, etc., clearly demonstrating to that body the fact that its construction is absolute to an efficient signal service through Western Clallam, would doubtless receive favorable consideration.

The value of a highway between Neah Bay and this city, considered from a commercial standpoint, cannot be easily estimated. It is, indeed, worthy a supreme effort on the part of citizens who have a deep, abiding interest in the internal development of the county.

A TIME LOCK SAFE

Provided for the County Treasurer—The County Money to be Kept.

County Commissioner O'Brien and County Auditor Troy have been successful in exchanging the large safe in the county treasurer's office for a time-lock bank safe, which will be placed in the new vault now being built for the treasurer's office.

This will make the county building as safe as a bank as a depository for money and the treasurer will have fire protection for the assessment rolls. The assessment of Clallam county have over $75,000 taxes charged up on them, and the provision for their safe keeping would appear well-timed.

If you wish your prescription filled with care and good drugs take them to B. C. Keller, Ph. G.

Van Lehn Bros. wholesale dealers in flour and feed of all kinds.

COUNTY NEWS.

Interesting Paragraphs Gathered From the County Press.

Beaver Leader.

It would be the part of wisdom for the county convents this year to endorse the Quillayutte harbor improvement formally, and keep the question actively before the state as something that should be done by the national government. The improvement at the mouth of the Quillayute river would be of advantage to more residents of Clallam county than anything now proposed.

We notice that some of those politicians up at Port Angeles have already in advance parceled out some of the nominations among themselves on both the Democratic and Republican tickets. This is all very nice, but we call their attention to the fact that there will be a couple of conventions held after a while which will have something to say about this subject. If the Port Angeles politicians could agree among themselve there would be small chance for anyone else to have any show, but fortunately too many up there want places, and in that way the rest of the county may gets its due.

The Calawa boys have but a few more days work to finish their road to the Solduck river. This road when completed will be a substantial improvement that has long been needed. Some of the boys have spent several months labor in getting an outlet; commencing at Pysht over two years ago and have never had the luxury of having their "grub" landed at their door by pack animals.

Our mail service at this place—the arrival and departure of mails—is not at all satisfactory; and for all the practical benefit that we receive from our Sunday mail, the department might as well discontinue it. We understand a petition will be sent to the postoffice department asking for a change in our mail service.

East Clallam Record.]

The family of Frank Edwards removed to their ranch on the Sekiou this week. J. W. Jackson and wife have also gone to their ranch in the same locality.

The four-masted ship Thistle lay in the harbor Monday and was towed out to sea on Tuesday. This vessel had on board 3,700 tons of wheat from Tacoma to Antwerp.

The surveyor-general states under date of March 17th that the surveys of township 30, ranges 14 and 15 west have not yet been accepted. That there are a few minor corrections yet to be made by the deputy surveyor, which will delay the acceptance a month or six weeks. Surveyor D. W. Shelton arrived on Wednesday evening and has gone out to attend to the corrections.

THE COUNTY ASSESSMENT.

Assessor White and His Corps of Deputies Begin Work April 2nd.

Next Monday, April 2nd, County Assessor White begins the assessment of the county for the present year. The assessment this year will require a far greater amount of work than that of last year, as there is a considerable increase in assessible property. Particularly is this true in the western portion of the county, where a large number of settlers have proved up on their claims. This is also the case in the city, claimants on the government townsite reservation having proved up since last year's assessment was made.

The levy of this year will doubtless be lower than last, while the total assessed valuation of property in city and county is likely to be greater, owing to the increase in property subject to assessment.

Capt. White has appointed the following deputies who will assess the territory designated as follows: O W Smith, Forks; Jas. B. Hagadorne, Quillayute; Ed. Lamoreux, Beaver; Jas. H. Marlette, East Clallam; Paul Barnes, Fairholm; James Smith, Dungeness.

Another shingle mill for Port Angeles. This means an increase in the production of an article for which an unlimited market awaits.

A DELUGE OF PETITIONS

Williams' Bonds Have Been Accepted.

SEVERAL ORDINANCES ADOPTED.

The Street Commissioner Authorized to Improved a Portion of Front Street—Board of Health Organized—The Finance Committee Says Accruing Interest on City Bonds Will Be Met—About Shingle Mills.

The regular meeting of the city council last Wednesday evening was very interesting and spicy throughout, and judging from the conflicting petitions which demanded the attention of that deliberative body, mighty indeed, and varied are the emotions which govern the actions of humanity.

A petition was read from the Taxpayers' Union, protesting against the city permitting Manager Williams to proceed with the fulfillment of his contract in constructing the city's electric light power plant, as his (William's) contract with the city is faulty, therefore, not in accordance with the law.

The Union condemns the underground system of piping, wooden or otherwise, as impracticable, and recommended the transmission of electricity by overwires. The petition was filed.

A petition with over two hundred signatures was read, the petitioners praying that the council permit Contractor Williams to proceed with the construction of the electric lighting power plant, so as work might be provided the city's unemployed. The petition was filed.

A petition from citizens was read by the clerk, requesting the council not to pass the Levy-Hooker ordinance, which provides that the city grant franchise to these gentlemen, giving them the privilege to dig under certain street of the city for coal. The petition was ordered filed.

A petition was read from a large number of citizens. The prayer of the petitioners is that the ordinance be passed, which provides for the granting of a franchise to the Associated Improvement Company to build, operate and maintain a system of street railways. The petition was ordered filed.

Ordinance No. 210, provide for the mode and time of payment of First street, Front street and Front street extension fund warrants was adopted.

Ordinances No. 208 and 209, providing for the burial of deceased persons within the limits of the city of Port Angeles was adopted.

The city marshal was instructed not to interfere with persons now disposing of vinous, malt, fermented or intoxicating liquors, during the present interregum of the city government of Port Angeles.

Mr. Wm. Banks addressed the council and most vigorously and most emphatically denied the base charges of selling liquors in glass quantities.

The bonds of W. C. Williams, Manager of the Port Angeles Constructing Company were approved.

The street commissioner was authorized to improve that certain part of Front street, lying in the district bounded by Francis street on the west to the high bridge on the east, in conjunction with the city engineer.

The finance committee reported verbally, in the matter of providing for the interest due April 1st, 1894, upon the outstanding bonds of the city, electric light series No. 1, that they hoped to be able to arrange for the same in due time.

The council then appointed each of its members to serve as a board of health and after the council adjourned, the board of health of the city of Port Angeles convened and elected Mayor McGill as chairman and J. E. Beam as clerk of such board. The board then adjourned to convene next Thursday at 3 p. m.

The Bank Will Open.

The affairs of the First National bank of this city have so far been satisfactorily adjusted that the announcement can be made that this institution will open to the general public early next week. The gentlemen who have labored so earnestly, untiringly and unswervingly to accomplish the task of overcoming the financial embarrassment into which this bank was plunged, owing to the depressed condition of the money market, deserve unstinted praise. They have labored in a good cause and they have succeeded, under most unfavorable conditions. Who could have done more?

ANOTHER SHINGLE MILL.

With a Capacity of 100,000 Will Be Built at the East End.

The industrial movement in Angeles seems to have gathered new life and activity which, it is gratifying to say, has finally resulted in the establishment of an industry the production of which will command a ready market, allowing a fair margin of profit.

During the past sixty days the shingle industry has invaded the fair domain of Clallam, and its achievements are before us in the establishment of the second, and laying the foundation for the third shingle mill in the county.

As the readers of THE DEMOCRAT-LEADER are aware, the Fillion Mill and Lumber Company began the manufacture of shingle last Monday. The good example of this enterprising company is followed this week by the announcement that arrangements have been perfected with Messrs. Ellsworth, DeLaney and Johnson, who have leased the Colony mill for the building of a double-block shingle mill with a capacity of 100,000 per day.

Last Wednesday these gentlemen began thoroughly overhauling the Colony saw mill, which has been idle for a year last past. As soon as the mill is in first-class condition it will be placed in operation.

It is understood that work on the foundation of the new shingle mill will be commenced at once. The plant will be of the latest improved machinery, equipped for thorough, first-class work.

The members of this company are all practical, experienced engineers, who are thoroughly familiar with the manufacture of lumber.

The company begins under very favorable auspices, and will no doubt, succeed with the undertaking.

AT THE MINERVA SOCIETY.

Tennyson and Travel the Program—Mrs. Browning and Temperature Next.

Last Monday night was visitors night at the Minerva society, and a good many friends of the members availed themselves of the opportunity of a literary treat. The program was, as usual, a good one. The main features were an address by Frank S. Mackintosh, in which he took the audience with him on a trip from New York to St. John, via Fall River, Boston, Portland and Eastport, using many opportunities for choice selections from favorite authors, and for treating subjects of scientific importance.

Mrs. Edna Lewis delivered an address on Tennyson, which proved one of the best treats this society has had. Mrs. Lewis evidenced a thorough understanding of Tennyson, of all his styles of writing as compared with other poets. The address was one of high literary merit. Judge McClinton, as critic, was an entertainment of himself. The program for next week will be an address by Wm. Bell, entitled "Temperature and Air Currents"; an address on Elizabeth Barrett Browning, by Mrs. G. C. Jenkins; address by A. M. Johnston; a select reading from Mrs. Browning, by Mrs. A. N. Taylor; recital, Mrs. L. R. Flowers; a reading or recital by Mrs. Geo. Meagher. The roll call will be answered with quotations from "The Temptest."

The Fillion Mill and Lumber Company put its shingle mill in operation last Monday. The mill will be operated at night, as the power has to be utilized during the day to run the saw mill. The new machinery works admirably, turning out 40,000 shingles in ten hour

Temperature and Steel.

An official statement of tests made at the Massachusetts arsenal to ascertain the effect of temperature on the strength of iron has appeared. The specimens were heated by rows of bunsen burners, which were arranged in a muffle, and the temperatures of the test specimens were judged by their observed expansions. Each piece was heated to the temperature of the test before being strained and its expansion determined by a micrometer, and the coefficient of expansion of each grade of metal having been determined before the tests began the temperature could be inferred with considerable precision.

An abstract of five of these tests—the temperatures being all on the Fahrenheit scale—is in evidence that the strength of steel is greater at above 500 degrees than it is at 70. These five series of tests were made with five different qualities of steel, containing, respectively, .09, .20, .31, .37 and .51 per cent of carbon, and the percentage of strength was obtained by dividing the tensile strength of a sample of steel at the given temperature by the strength of the same quality of steel at 70 degrees. The result presents the interesting fact that the specimens in question were all stronger in the neighborhood of zero than they were at ordinary temperatures, all of them, in fact, showing a minimum of strength at 210 degrees or thereabouts and a maximum of strength at about 550.—New York Sun.

The "Witched Tree" of Calcutta.

The awful Indian bugaboo, the "witched tree" of Calcutta, stands near the residence of C. C. Dillon, an English lawyer, on the Stanley road, a few miles out from Calcutta. It is not a botanical freak of the "cannibal" or "bloodsucking" variety, neither is it a tree which exhales poisonous vapors or other deadly elements—it is simply a species of churail which the natives and not a few of the English residents believe to be bewitched.

Away back in the sixteenth century Serega Dowlah and 22 of his men camped under it about 2 o'clock one morning, and at daylight all but two were dead. One of the survivors remained a chattering idiot all the rest of the days of his life, and the other died a horrible death within the mouth of a terrible eruption that swelled his body out of all proportions. In the seventeenth century the tree claimed a score or more of victims. What they died of no one knew.

My record does not mention the casualities of the eighteenth century, but during the present century they have been quite numerous. The last victim was a servant of a Mr. Kemp of the British department. He took refuge under the cursed tree to escape a storm. A sowar, or mounted policeman, tried to rescue the servant, but the two men and horse were found dead next day. Since 1860 five persons have been struck by lightning within 100 feet of the "witched tree."—St. Louis Republic.

The Old Man's Sorrow.

"You have a daughter, have you not, sir?" said a minister to an old gentleman with whom he had formed a casual acquaintance as a fellow passenger.

The old gentleman essayed to answer, but the question had strangely affected him.

"I beg your pardon," said the minister, "if I have thoughtlessly awakened in your mind recollections of a painful nature. The world is full of sorrow, sir, and perhaps my question recalls to your memory a fair, beautiful girl, whose blossoming young life had withered in its bloom. Am I right, sir?"

"No, not exactly," replied the old gentleman sadly; "I have five unmarried darters, mister, and the youngest of the lot is 28 years old."—London Tit-Bits.

Origin of the Ballet.

As long ago as the middle of the sixteenth century the ballet was in existence in Italy, where it was so popular that members of the royal family and nobles took part in it. The ballet was first introduced in France in the reign of Louis XIII, and both that monarch and Louis XVI occasionally took part in its dances. In its earliest presentation the ballet appeared dexterously in combination with the other theatrical acts. About the year 1700 women made their first appearance in the ballet, which up to that time had been performed exclusively by men, as was the case also with plays and operas, but no woman ballet dancer of any note appeared until 1790, or about a century ago.—Exchange.

What Was Done.

During Stonewall Jackson's campaign in the Shenandoah valley it became necessary that a bridge over a small creek should be built in great haste. One evening Jackson sent for his old pioneer captain, Meyers by name, and pointed out to him the urgency of the occasion, saying that he would send him the plan of his colonel of engineers as soon as it was done. Next morning Jackson rode down to Captain Meyers' quarters, and saluting the veteran said, "Captain, did you get the plan of the bridge from Colonel ——?"

"Well," said the captain, "the bridge, general, is built, but I don't know whether the picture is done or not!"—Exchange.

When you speak of bees, designate the kind referred to. There are 4,500 species popularly known as "wild bees," 3,200 being natives of the Americas. Britain has 70 species of bees and 16 of wasps. Of the latter there are 170 species known to entomologists.

In the Vatican library there is a treatise on dragons, a manuscript in a single roll 300 feet long and a foot wide, the material of which is said to be the "tanned gut of a great dragon."

Posted.

Kindly Old Gentleman—Do you know what happens to little boys who run out in the rain?

Little Boy—Yessir. Sometimes they get cold, sometimes they get a spanking, and (triumphantly) sometimes I've got both.—Harper's Bazar.

All Printing is artistic in design and of rich and tasteful finish.

There is a Pearl street business man who has by one way and another accumulated a fortune of which he is very proud. And like all self made men he is everlasting telling some one in particular and coincidentally the public in general just how he did it. So as he and a rather seedy looking friend rode up the Martin line last evening he was laying down the law of financial success as exemplified in his own case of course.

"You ain't got backbone enough, John," he said. "You ain't got no more backbone than a cotton string. Why, you let down and quit if a feather flaps in your face. Now, look at me! look at me!" and his bosom swelled appreciatively. "When I started out in life, I made up my mind, sir, that I would never give up for anything, and, sir, I have stuck to it ever since. I never give up—never!"

As the two passed out of the car the man with the gold pincenez quietly but distinctly remarked:

"That's true as gospel, every word."

And as they all turned around he continued:

"I lent him $4,500 once, and he never gave up—not a cent!"—Cincinnati Commercial Gazette.

Count D'Orsay and Lady Holland.

A story going the rounds is one told of the famous Count d'Orsay. On the occasion of his first visit to England, while he was very young, very handsome and not easily disconcerted, he chanced to be seated at dinner next to the brilliant and singular Lady Holland.

That remarkable and many sided woman was in, as it happened, one of her imperious humors, and her young neighbor soon felt its weight. She dropped her napkin. The count picked it up gallantly. Then her fan, then her fork, then her glass, and as often her neighbor stooped and restored the lost article. At last, however, the patience of the youth gave way, and on her dropping her napkin again he turned and called one of the footmen behind him. "Put my plate on the floor," said he. "I will finish my dinner there. It will be so much more convenient to my Lady Holland."

Notice of Sheriff's Sale.

In the Superior Court of Clallam County, State of Washington.

Kelly, Dunne & Co., Plaintiffs.
VS.
E. E. Fisher, M. A. Gunst & Co., Joseph Steiner, and Kreielsheimer Brothers, Defendants,

By virtue of a special execution issued out of the Superior Court of Clallam County Washington, dated the 8th day of February, 1894, upon a judgment of foreclosure of mortgage rendered and entered in the above entitled cause in the said court on said date, and to me the undersigned, as the sheriff of said county directed and delivered wherein and whereby I am commanded to levy upon and sell all the following described lands situate in the said county to-wit: Lots No. 29 and 30, in block 65 of the Puget Sound Co-operative Colony's subdivision of suburban lot No. 23, of the townsite of Port Angeles, to satisfy said judgment in favor of said plaintiffs and against the defendant, E. E. Fisher for the sum of $433.70, and costs of suits, taxed at $26.20, I have this day in the manner prescribed by law duly levied upon all of said lands.

Notice is therefore hereby given that on Saturday, the tenth day of March, 1894, at the hour of ten o'clock in the forenoon of said day, and at the north front door of the court house of said county, situate in the city of Port Angeles, therein, I, will sell at public auction to the highest bidder for cash all of the above described lands, or so much thereof as may be necessary to satisfy said judgment and costs.

Dated February 9th, 1894.

S. G. Morse,
Sheriff of Clallam County, Wash.
By W. E. Burnside,
Deputy Sheriff.

Benton Embree, Attorney for Plaintiffs,
Date of first publication, February 9th. 1894.

Notice for Publication.

In the Superior court of the state of Washington, for the county of Clallam.

In the matter of the estate of Thomas Humes, deceased.

Notice is hereby given that W. K. Clark, the administrator of the above named estate, has filed his final account as such administrator and that Saturday the 10th day of March, 1894, at the hour of 10 o'clock in the forenoon of said day, at the court room of said court, has been appointed as the time and place for the hearing and settlement of said account.

Any person interested in said estate may appear and file his exceptions, in writing, to said account and contest the same.

Witness the Hon. James G. McClinton, judge of the above entitled court and the seal of said court hereto affixed this 8th day of February, 1894.

A. A. Richardson,
Clerk of the Superior Court of the State of Washington, for the county of Clallam.
SEAL

Notice for Publication.

United States Land Office,
Seattle, Wash., Feb. 9th, 1894.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3. 1878, entitled, "An Act for the sale of timber lands in the states of California, Oregon, Nevada and Washington territory."

GEORGE E. MICHELL,

of Fairholm, county of Clallam, state of Washington has this day filed in this office his sworn statement No. 6425, for the purchase of the Lots 18, 23, 24, 25 and 26, of section No. 30, in township No. 30 n, range No. 9 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes and to establish his claim to said land before the Register and Receiver of this office at Seattle, washington, on Tuesday, the first day of May, 1894.

He names as witnesses: M. J. Carrigan, Iver Estensen and Horace White of Fairholm, wash., and William Dedman of Gettysburg, wash,

Any and all persons claiming adversely the above described lands are requested to file their claims in this office or or before said first day of May, 1894.

Wm. D. G'Toole, Reg.

Probate Notice.

In the Superior Court of Clallam County, State of Washington.

In the matter of the estate of George W. Davis, Deceased.

Notice is hereby given that letters of administration on the estate of George W. Davis, deceased, were granted to the undersigned, on the 29th day of January, 1894, by the Superior court of Clallam county.

All persons having claims against said estate are required to exhibit them to me for allowance, at my home in Port Angeles, within twelve months after the date of this notice, or they shall be forever barred.

Dated this 28th day of January, 1894.

James B. Davis,
Administrator aforesaid.

James Stewart, Attorney for Ad'm'r.

NOTICE.

Notice is hereby given that Sec. 3136, Hill's annotated Statutes and Codes provides as follows:

"The County Auditor of each county shall be the sealer of weights and measures, for the county, and shall have the care and custody of the county standards."

Sec. 3138: "The several county sealers shall try and prove all weights and measures, scales and beams, when requested to do so, and when the same are found or made to confirm to the legal standards, they shall seal and mark such weights and measures with a seal to be kept by them for that purpose."

Notice is further given, that, the county auditor of Clallam county is prepared and ready to perform his duties according to the provisions hereinbefore set forth.

The statutes provides that any person in this state who shall, after thirty days subsequent to the publication of this notice, be found using any false or fraudulent beam, scale, weight or measure and who shall fail or neglect, on written notice of the same from any person aggrieved, or in any way cognizant thereof, to have said imperfect beam, scale, weight or measure duly inspected, and by the proper authority adjusted and sealed or who shall use the same scale, weight or measure subsequent to said notice without correction or adjustment, as provided in this act, any person so offending shall be liable to an action in law and penalty of twenty dollars for each and every offense, to be paid into the county fund.

Witness my hand and seal of office this 8th day of January, 1894.

[SEAL.] JOHN W. TROY,
County Auditor and Ex-officio Sealer of weights and measures, Clallam County, Wash.

SUMMONS.

In the Superior Court of Clallam County State of Washington.

James D. Stryker, Plaintiff,
vs.
Arthur S. Kirkpatrick and Lizzie M. Kirkpatrick, Defendants.

The State of Washington to the said Arthur S. Kirkpatrick and Lizzie M. Kirkpatrick, defendants:

You are hereby summoned and required to appear within twenty days after the service of this summons, exclusive of the day of service, which service will be complete on the sixteenth day of February, 1894, (the first publication of this summons being on the 5th day of January, 1894, and the seventh and last publication thereof being on the sixteenth day of February, 1894) answer the complaint in the above entitled action, and serve a copy of your answer on Benton Embree, the attorney whose name is subscribed to this summons, at the place specified below, that is to say, at Port Angeles, Clallam county, state of Washington, in which said place there is a postoffice, and defend the above entitled action in the above entitled court; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint in said action which is now on file with the clerk of said court. The said action is brought by the said plaintiff against you to recover of and from you judgment for the sum of $149.40 with interest thereon from the 18th day of November, 1892, at the rate of two per cent. per month, and the further sum of $50.00 as attorney's fees, being the balance due on that certain promissory note date November, 18th, 1891, made by you for the sum of $248.00, payable to the order of the plaintiff one year after said date; and to foreclose that certain mortgage executed by you to the said plaintiff, on said 18th day of November, 1891, to secure the payment of said note, upon the following described lands situate in Clallam county, state of Washington, to-wit: Lot number three (3) and the west half of the southeast quarter and the southeast quarter of the southwest quarter, of section 33 in township 31 north of range 7 west of Willamette meridian; and for the sale of said lands to satisfy such judgment so sought to be recovered.

BENTON EMBREE,
Plaintiff's Attorney.

Postoffice address: Port Angeles, Clallam County, State of Washington.

Date of first publication, January 5th, 1894.

JOHN W. TROY.....Editor

THE DUAL LEGISLATURE.

During recent years the movement for the abolition of the dual legislature has made substantial progress in all of the constitutional governments of Europe, as well as in the United States. Indeed, the United States is far behind the European governments in this movement. In Germany and Italy the upper house of parliament is practically obsolete. They have no part in legislation except to give assent to the enactments of the lower house. But once in recent history has the English house of Lords assumed its old time legislative functions in any important matter, and that is now used as an argument for its own destruction.

France has become aware of the uselessness of her senators, and is halting between a reformation and the destruction of the body. It is not probable that there will be created any more life senators in France.

In all of the European countries the popular branch of the legislature has almost the absolute direction of all administration. Thus the question there has resolved down to the queston if there is nothing for the higher branch of parliament to do, why tolerate it longer?

Probably the cause of the hesitation of Americans in this line has been that only recently—within a score of years—has the United States senate degenerated into a bard of paid attorneys for special interests. In fact, until the days of the war, and with most of the people for long after the war, the spirit of patriotism was strong in the land, and the senate attempted at least, to do its whole duty. As long as the senate served the people it was popular, and had it continued on its constitutional mission there were none today but would be proud of it.

During those dark days of reconstruction, from 1865 up to and after 1880, when the seeds of greed were taking hold and just beginning to obtain root, the strongest card of the Democratic party was its peerless senate minority lead by "the Old Roman," that grand, old Ohioan who should have become president of the United States—and who would have but for a Democratic blunder—in 1880.

But now all is changed. A half dozen Democratic Judases in the senate, the hired tools of special interests, have joined hands with the Republican plutocrats, and it seems probable that they will maintain the record of obstruction that has made the senate odious.

All this is apt to raise an indignation that will result in the change of American constitutions, so that the people will be, indeed, the sovereign power. Any how, it must be reformation or this.

TIME FOR ACTION.

It is no doubt the intention of the board of commissioners to investigate fully the "Burlingame Road" steal unearthed last fall by County Commissioner Lamb and THE DEMOCRAT-LEADER. They intend, doubtless, to take definite action in the matter and recover what is due the county if possible. However, as the commissioners meet next week, it is probably not out of place at this time to call their attention to the matter—which has thus far been neglected. The Burlingame Contract Company is at least $6000 ahead of the county on the western division of the county road alone—and there is good reason to believe that a similar condition of affairs exist as to the middle division.

It is high time the people knew the axact status of the whole affair, it is high time that proceedings for recovery were commenced if there is any chance for success. We do not fear but that county commissioners will perform their whole duty—and only suggest that the time for action is at least here.

TAXES AGAIN.

The demand for lower taxes is daily becoming more emphatic. The people demand, with all justness, that the burden of taxation be reduced to a basis commensurate with the condition of the times. This is in keeping with the demand of this paper since its foundation. It has been but recently that it has had any assistance from the county press on this line. However, let the "dead past bury its dead." As long as the assistance is forth coming, even at this late day, it is appreciated. In the meantime it will not be amiss to repeat the remedy oft-times, suggested by this paper:

Fund the present indedtedness, levy taxes sufficient to meet the necessary current expenses of an economic county government and the interest on bonds, and no more. Then insist that the expenses shall not exceed the income. This will permit a gradual reduction of the valuation and of the rate, until the taxes will be less in this county than any other in the state.

THE PRESIDENT'S VETO.

President Cleveland yesterday returned the seigniorage coinage bill to the House of Representatives without his signature, accompanied with his objections. Space at this time forbids us from entering fully into his objections.

It is possible Mr. Cleveland may have been consistent in this action and probable that he is honest in his objection to it. In fact, we believe such to be the case.

However, Mr. Cleveland has sadly disappointed his party and probably the majority of the American people. The Democrtic party was committed in favor of this bill. Nearly all of the great Democratic leaders, including Representatives Wilson, Crisp, Bynum, Springer, Black and Senators Voorhees, Mills, Turpie, Faulkner, Gordon, Caffery, Blanchard, Lindsay, and other Democrats who had voted for the Sherman repeal bill favored the Bland seigniorage bill.

It was hoped that Mr. Cleveland who so far defer to the West and South as to permit this bill to become a law.

The president has made his first great mistake.

A PLAGIARIST.

The Post-Intelligencer has been proven guilty of plagiarism. Twice during the present month leading editorials have been found in its columns which appeared a week before in New York papers. On the 24th inst. an able editorial on the seigniorage was published by this illustrious Seattle forager which was a word for word copy of of an editorial of the New York York Evening Post of the 17th. About the same time the Post-Intelligencer published as its own a New York Tribune editorial on Rev. T. DeWit Talmage.

However, one would expect nothing else of a paper so fond of carion as the Post-Intelligencer is. Like the crow, the Post-Intelligencer is a natural thief.

SECRETARY HERBERT has fined Andrew Carnegie's iron company over $140,000 for failing to comply with the revuirements of his armour plate contract with the government. A system of fraudulent tests had been going on for several years and was unearthed recently. The president sustained the fine and Andrew paid it like a little man. He realized that it was useless to fight, as he had a Democratic administration with which to deal.

THE Republicans seem to think they have Tacoma solid. They have been colonizing floaters from all over the state there as they did in Seattle, and feel satisfied that they have done their work well. And this is not all, they have already commenced to make arrangements to make an invasion of Spokane, as soon as the Tacoma election is over, that they may be used next month at the city election there.

DEMOCRATS should remember the club meeting at the council chamber April 7th. It is important that all should be present who can. If good government is to prevail in Clallam county, it must be reached through the Democratic party, therefore the Democrats owe to the people a thorough organization. Let us get to work.

WHAT will Mr. McGraw and his gang do with their colony of floaters after the Spokane election? Will they try Port Townsend?

LEVY-HOOKER COAL FRANCHISE.

A Prominent Citizen Sensibly Views the Proposition.

EDITOR DEMOCRAT-LEADER:

A great deal of discussion is apparently taking place among our citizens of Port Angeles concerning the Hooker and Levy franchise, and so far as your correspondent has been able to gather, very few are thoroughly acquainted with the subject. Some of them state that if the council will grant aforesaid franchise "it will blow them up"; others say the calamity howlers will be obliged to leave town, especially those on Tumwater hill.

There are other objections the "dog in the manger" theory, personal spite and pure cussedness, etc.

Mr. Editor, for the benefit of those interested in the welfare of Port Angeles, I will explain the object of the subject matter under discussion.

Messrs. Hooker and Levy will sink a shaft on Mr. Levy's land south of town until coal of good quality and in marketable quantity is struck, should the vein of coal run north or northwest, they desire to follow it up, tunneling from their own land, and in no way interfere with the surface of the streets, and they do not ask for any privileges on the surface of the streets, as all surface operations will be done outside of the city limits on their own property.

No tunneling will be done except with the approval of the city engineer and council, and all tunnels north of Twelvth street must be run at least 300 feet below the streets. Surely, Mr. Editor, this proposition is the fairest that has as yet been presented to the citizens of Port Angeles. The projectors do not ask for anything from the city, although they have been promisd a bonus of $20,000 in land at inflated prices which would perhaps not sell for $1,500 in cash, and that only in the event of their finding a vein of a stated size. I have it from a reliable source that the bonus does not figure much in their project, what they ask is to be allowed to follow their vein of coal, if found on some street within the area mentioned west of Cherry street.

Another frequently urged objections is that the projectors are not sure of finding coal. To this we would answer, that nearly all of Vancouver Island is underlayed with coal of superior quantity and the formations surrounding Port Angeles are identical with those of the island which was no doubt in the distant past connected with the main land. This theory is backed by the opinion of eminent geologists, who have made careful surveys of the conditions existing here and of those on the island, and it is their well-weighed opinion that coal of probably better quality than that found in Nanaimo exists here in vast quantity and only waits developement by capital.

Should these gentlemen be successful in their venture this townsite would in a marvelously short period of time become the most beautiful city on the Pacific coast. A CITIZEN OF PORT ANGELES.

How to Draw a Will

The wisdom of having a will drawn while in health, when the nervous and morbid fears engendered by illness are absent, and the person making it is able to order a clear and reasonable distribution of her property, should appeal to everyone, writes Mrs. Hamilton Mott in an article entitled "Making a Will" in the April Ladies' Home Journal.

The fear that the attorney's fee will be exorbitant, or even that it will be large, should be neither excuse nor reason for delay. All professional work is done on the basis described in the old saw:

"When you find a fat goose pluck it clean
And let the fat goose fry the lean."

And legal charges are regulated not only by the amount of work done, but by the ability of the client to pay.

Go to any reliable attorney and tell him that you wish to have your will drawn, and that you can only afford to pay a certain sum for a fee. If he has reason to believe that you have stated your pecuniary position truthfully he will become your adviser no matter how small his recompense is to be. Determine in advance exactly what you wish done with your estate; make careful memoranda of all the points, the full names of all who will appear in the document, and of anything else which may seem to you as of importance. Take this data with you to the lawyer; tell him clearly what you wish done. Answer without questioning whatever he may ask you; avoid irrelevant remarks; and then leave him to prepare the document, after making an appointment to return with your witness for signatures, etc.

High Taxation.

A five per cent tax with a ten per cent penalty, 20 per cent per annum interest and a large bill of costs in addition means confiscation in times of depression. Will the people never arouse themselves and insist that their affairs shall be managed with economy and honesty.—Seattle Telegraph.

The Weather.

LOCAL PARAGRAPHS.

Next Sunday will be the 1st of April.

Judge M. B. Sachs, of Townsend, was in the city Sunday.

Geo. Alexander, of Dungeness, was in the city during the week.

Social at the Congregational church on Friday evening, April 6th.

The tug Magic went to Seattle last Tuesday to tow a vessel to sea.

Messrs. Chas. and Elam Cays, of Dungeness, were in the city yesterday.

George Michell, of Fairholme, was in the city yesterday, leaving for Seattle.

The steamer Farrallon sailed from this port to San Francisco last Monday evening.

Hon. W. R, Mrs. and Miss Hoole went to Seattle for a few weeks visit last Tuesday.

The steamer Garland took a full compliment of freight and passengers to Victoria last Tuesday.

The Terpsichorean club gave one of its delightful social hops at the Opera house last Friday evening.

Messrs. M. J. Carrigan, W. W. Dedman and George Michell went to Seattle today to transact business at the U. S. Land office.

The after Easter ball given at the Opera house last Monday evening was quite largely attended, and proved to be an enjoyable affair.

Chief Engineer A. J. Gillis of the state board of tide land commissioners, Olympia, arrived on the Monticello Wednesday, to straighten the entanglement in the survey of local tide lands.

The Odd Fellows are making great preparation for a grand celebration of the 75th anniversary of their order on April 26th. The full program will be prepared and given to the public next week.

J. C. Caie returned from a month's visit in San Francisco. Mr. Caie states that business generally is quiet at the Bay city, notwithstanding the fact that a large number of Eastern tourists are in the city, attracted there by the midwinter fair.

The Psycological Society of Port Angeles meets Sunday afternoon at two o'clock in McDonald's hall, Front and Francis streets for the purpose of discussing and advancing all matters and theories pertaining to Psycological Research. Every earnest thinker along these lines is cordially invited.

L. B. Lockwood, a prominent attorney of Tacoma, representing the well-known banking firm of Seymour, Barto & Co., New York, arrived in the city yesterday to arrange certain details and preliminaries preparatory to the First National bank of this city reopened to the general public.

Messrs. S. T. and J. B. Ketchum with their families, arrived Satturday from Brookfield, Mo., and will make Angeles their future home. They have purchased the Young cottage on Fifth street, and will begin housekeeping therein at once. These gentlemen express themselves well pleased with their new home, and feel confident its future will be great in the avenue of commerce and of trade.

The unwelcome news was received last Wednesday from Seattle that Mr. W. C. Garfield, who has been lying dangerously ill in the Stevens house for several weeks past, is growing weaker, and grave doubts are entertained of his ultimate recovery. He was first stricken down with fever, the inroads of the malady developing weakness of the heart, a disease to which he has been subject for some years past.

The Farmers Mercantile Co., Dungeness, have a few sacks of Garlick's California Red Rose potatoes for sale at five cents per pound. They are the best uplond potato knowu, are prolific bearers, smooth red in color and splendid cookers. Mail orders promptly filled.

A Serious Accident.

Last Monday forenoon, Will Rex, an employe of the Dry Creek shingle mill, met with a serious accident, loosing the top joints of two fingers on the left hand.

Dr. Lewis, of this city, was summoned and responded as quickly as possible, rendering the needed surgical operation.

A Birthday Party.

A pleasant birthday party was held at the home of Miss Bella Shearer last Thursday evening, which was enjoyed by the following persons: Misses Emily Rushworth, Frome Raymond, Alice Nailor, Minnie Shearer, and Emma McLaughlin, and Messrs. Ben Raymoud, John Ferguson, C. E. Beam, Geo. Raymond, W. E. Graham, W. J. Dick and F. Bickendide.

A FORCE OF MEN AT WORK.

Clearing the Right of Way for the City's Power Plant.

Manager Williams, of the Port Angeles Construction Co., put a large force of men at work yesterday clearing the right-of-way for the city's electric lighting water power plant.

Mr. Williams expresses his determination to expedite the construction work with all possible speed; consistent, of course, with thoroughness.

MINERVA ENTERTAINMENT.

A Very Meritorious Literary and Musical Program Produced.

Unfortunately indeed, the weather last Wednesday evening was unpropitious, otherwise a much larger, though none the less appreciative, audience would have greeted the literary and musical entertainment given at the opera house by member of the Minerva Literary Society of this city.

To say the least the numbers of the program, reflected most creditably upon the performers, the character of the entertainment was of a high order, evidencing literary taste refined and cultivated to appreciate the productions of the masters.

A noticeable feature, worthy to be commended, was the freedom from vulgarism and slang phrases, that frequently characterize public entertainments of the present day.

The opening remarks were made by Mr. A. A. Smith, who graciously represented Minervans.

The Shakespearean Burlesque, in one act, with four characters, Mrs. Geo. W. Meagher, as Juliet; Mrs. J. W. Troy, Ophelia; Mrs. A. L. Johnson, Portia; Mrs. C. E. Mallette, Lady Macbeth, was most cleverly produced.

The recitation, "Virginia," by Mrs. H. E. Lutz, was meritorious and well received.

The vocal duet by Mrs. J. W. Troy and Miss Hall, elicited warm applause.

The audience was entertained by Mr. R. A. Grimes with "Some Remarks," touching upon that prolific and ever interesting subject, phrenology. Some local hits were cleverly interwoven.

The oration by Mr. Horace White was a feature of the program. The subject, "Our Heritage," was intelligently handled.

Mr. Ben C. Keller sang "Sitting by the Kitchen Door," with feeling and expression. His effort was appreciated.

The tableaux were posed with grace and artistic effect, and contributed materially in putting the finishing touch to an already excellent program.

The following was the program:

PART I.

1 Opening Remarks.....A. A. Smith
3 Recitation.....Mrs. H. E. Lutz
"Virginia."
4 Vocal Duet. Miss Hall and Mrs. Troy
Selected.
5 Some Remarks.....R. A. Grimes
6 Shakespearean Burlesque
Juliet.....Mrs. Geo. Meagher
Ophelia.....Mrs. J. W. Troy
Portia.....Mrs. A. L. Johnson
Lady Macbeth.....Mrs. C. E. Mallette

PART II.

Piano Solo.....Miss Luella Hall
"The Aberdeen Waltzes."
8 Baritone Solo.....Ben C. Keller
"Sitting by the Kitchen Door"
9 Oration.....Horace White
"Our Heritage"
10 Soprano Solo.....Mrs. Jno. Troy
"Love's Sunshine."
11 Tableau..... Statuary
"Music, Literature and Art"
12 Tableau, Macbeth Act IV, Scene I.

The Minerva Society meets every Monday night in Masonic Hall. Visitors are welcomed on the last meeting night of each month.

WANTED—A good ironer at the Steam Laundry.

George H. Wilcox, of Gettysburg, is in the city.

TRADE AND SHIPPING.

Review of Seattle Market for the Past Week.

FARM PRODUCTS DECLINING.

Demand for Seed and Seed Grain—Decline in Fresh Meats—Sugar is Higher—Clearing House Balances

SEATTLE, March 30, 1894.

Exchanges at Seattle, Tacoma and Portland clearing houses to-day were:

	Clearances.	Balances.
Seattle	$ 77,896.47	$15,681.08
Tacoma	100,886.00	15,812.00
Portland	145,000.00	41,000.00

The prices of agricultural products have undergone but few changes within the past week, but there is a general tendency to weakness, and a consequent shading, although quotations remain the same.

The demand for seed has been developed wonderfully by the last ten days of faultless weather. Not only has the trade in grass seeds and garden seeds been good, but there is quite a call for seed potatoes and seed oats, the latter of which are quite scarce and command a good price—$22@23 per ton.

Potatoes are weaker, principally because of the large quantity of poor stock, coming to the market. Only good seed stocks brings the highest prices.

The wheat market has no features whatever. Quotations remain unchanged and there is no activity in the trade.

Hops are weakening, but only a small fraction of the Washington crops remain unsold.

Butter has declined slightly and the market is naturally not strong at this season of the year.

Eggs are lower than last week. The market is being supplied with plenty of Oregon eggs in addition to the local product.

The price of fresh beef has been reduced ½ cent per pound and pork is marked down 1 cent.

In the wholesale grocery trade the only change of note is an advance of ¼ of a cent per pound on all grades of sugar.

THE SEATTLE MARKETS.

Prices Paid to Farmers for Country Produce.

The following quotations are the prices paid to farmers and producers by Seattle business houses for articles named, the goods to be delivered in Seattle:

HOPS—Choice, 13c; medium, 10@11c per pound.

HAY—(In car load lots)—Puget Sound $7@8 per ton.

GRAIN—(In car load lots)—Oats, choice $17.00; barley, $13@14 per ton; wheat, chicken feed, $12; corn, $22; cracked $23.

POTATOES—$9@13 per ton.

BUTTER, EGGS AND POULTRY—Handled on commission.

HIDES, PELTS AND TALLOW—Heavy salted steers, over 60 lbs, per lb, 4c; medium, per lb, 2½c; light, under 46 lbs, per lb, 2c, and calf, per lb, 3@4; green hides, 1c less than salted; dry hides, per lb, 4½c; dry elk, per lb, 6@8c; dry deer, skins, summer, per lb, 20c; good winter, 12@15c; poor and thin winter, 5@10c; sheep skins, 15@25c; full wool, 75c; wool, 5@7c per lb; tallow, 2½@3½c.

LIVE STOCK—Choice beef cattle, 2½@3½c; choice sheep, 3c; good hogs, 6@6¼c; calves, large, 4c; small, 6c per lb.

LOGS—Superior quality, per M, fir, $4.50@6.50; choice cedar, $4.50@5.50; common, per M, $4.

Jobbing Quotations.

The following are the prices paid by retail dealers for round lots delivered at the wharf or on the cars, or the jobbing rates quoted by wholesale dealers.

STAPLE GROCERIES.

SUGAR—(Jobbing)—Golden C, in bbl, per lb 5c; extra C in bbl, per lb 5¼c; D in bbl, per lb 4¾c; dry granulated, in bbl, per lb 5¼c; cube, 6⅜c. Prices quoted are for spot cash.

FLOUR, ETC.—(Jobbing)—Washington, straight, per bbl, $3; patent, $3.25@3.50; California brands, $3.50; buckwheat flour, per bbl $6.50; per cwt, $3.50; graham, per bbl, $2.80, or 10-lb sacks, $1.75 per cwt; rye flour, per bbl, $4, or 10 lb-sacks, $2.50 per cwt; rye meal, per bbl, $3.75; per cwt. $2.25; oat groats, per bbl $5.25@6.40; hominy, per cwt, $2.75; cracked wheat, per cwt, $2.50; rolled wheat, $5 00 per bbl; flaked wheat, per sack, $2.15; whole wheat flour, per cwt, $2.50; pearl barley, per lb 4½c; split peas, per lb, 5c; table corn meal, yellow, $1.90 per cwt in 10-lb sacks; 50s, $1.80; white, 10s, $2; 50s, $1.90; flaked hominy, $2.50 per keg; rice flour, 10s, $5.80.

BEANS—Small white, per lb, 3@3¼c; pink, per lb, 3c; Bayos, per lb, 3½c; butter, per lb, 4¼c; Lima, per lb, 3½c.

The Most Successful Gas Engine

In the market is run without an electric spark battery. Theory is all very well, but the every day experience of constant practical use is the best test of merit. The man who runs a launch and finds himself drifting with the tide and wind because the "spark" fails to ignite the charge of gas in his engine; the man who prints a daily paper and fails to get it off on time because the "spark" again fails; the man who has fruit that is injured for lack of irrigation because "spark" fails in his engine that runs the pump not only such parties but others who have trouble from like causes should bear in mind that the Hercules gas and Gasoline engine is free from such difficulties. The ignition is simple and sure. Send for catalogue. If you want second-hand engines of other makes at cheap rates we can supply you. We have a number taken in trade and cannot take any more until these are realized on. PALMER & REY TYPE FOUNDRY, Front and Alder streets, Portland, Oregon.

The Puebla Safely Towed in Port.

The disabled City of Puebla was towed into San Francisco bay by the tug Fearless at 10:30 o'clock last Friday night, a day in advance of her expected arrival.

It is the intention to give the Puebla a thorough overhauling. New tubes are required, and the steamer will remain in port about six weeks, undergoing a thorough renovation. The expense already incurred and cost of contemplated repairs will necessitate an outlay of nearly $20,000.

The tow from the Sound down was marked by no incident. The weather was fine and the sea the smoothest ever seen at this time of the year. Captain Haskell, of the Fearless, is said to have made the best time on record of a tow from a Sound port to San Francisco.

No. 882.

Notice of Sheriff's Sale.

In the Superior Court of Clallam county state of Washington.

C. O. Brigham, F. E. Brigham, W. H. Roden and J. C. Hoppe, co-partners as Brigham, Hoppe & Co., Plaintiffs.
vs.
Herman Culver, Defendant.

Under and by virtue of a writ of execution issued out of the Superior court of Clallam County, State of Washington, dated the 15th day of March, 1894, upon a judgment rendered and entered in said court on the 17th day of February, 1894, wherein the said plaintiffs recovered of and from the said defendant the sum of $151.34, with interest thereon from the date of said judgment, at the rate of one and one-half per cent per month, and the further sum of $12.50 as attorney's fees, and costs of suit taxed at $18.30, I have duly levied upon all of the following described real estate situate in said Clallam County, as the community property of the said defendant, Herman Culver, and Clara Culver, his wife, to-wit:

Lot numbered 12 in block 22, lot numbered 3, in block 27, and lots numbered 14 and 15 in block 31, all of Norman R. Smith's Subdivision of the townsite of Port Angeles; also lot numbered 14 in block 2 of the Puget Sound Co-operative Colony's first addition to Port Angeles, in said Clallam County.

Therefore, public notice is hereby given that on Saturday, the 28th day of April, 1894, at the hour of ten o'clock in the forenoon of said day, and at the north front door of the court house of said County, situate in the city of Port Angeles therein, I will sell at public auction to the highest bidder, for cash, all of the above described real estate, or so much thereof as may be necessary to satisfy said execution and judgment and all accruing costs.

Dated March 30th, 1894.

S. G. MORSE,
Sheriff of Clallam county, Wash.
By W. E. BURNSIDE,
Deputy Sheriff.

BENTON EMBREE,
Attorney for Plaintiff.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

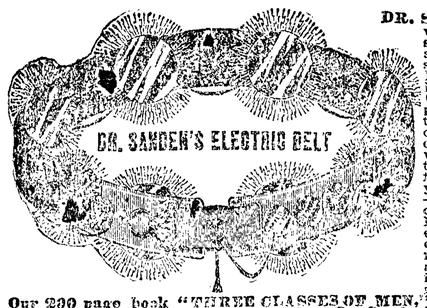
HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR

RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.



DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure without medicine all of the above troubles. Those who suffer from **Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints, and general Ill health,** the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unwittingly drained your system of nerve force and vitality **—which is electricity—and thus** caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money.

Our 200 page book "THREE CLASSES OF MEN," should be read by every young, **middle-aged** and **old man,** sent sealed, free. **Dr. Sanden's Electric Belt** is no experiment as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our **Belt.**

WE HAVE CURED THESE—WE CAN CURE YOU!

GENERAL DEBILITY CURED.

San Francisco, Cal. August 14, 1892.
Dr. A. T. Sanden, Dear Sir:—Before I used your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bones aching, etc., since using your belt I have had a new lease of life. I now enjoy life better than I have for ten years past. I have the utmost confidence in your treatment. You can publish this statement, also here others write or call on me. Truly yours, H. A. BOWEN, 26 and 28 Turk St.

RHEUMATISM AND LAMENESS CURED.

Portland, Oregon, April 18 1892.
Dr. A. T. Sanden, Dear Sir:—I got one of your belts two weeks ago for rheumatism, from which I suffered for several years. For the past six months I had not been able to work. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally. M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.

Tacoma Wash., October 21, 1892.
Dr. A. T. Sanden, Dear Sir:—I have been using your Electric belt for general nervous debility, and to-day feel better than I have for five years. I have gained in vigor daily, and am strong in every part.
Yours gratefully, CHAS. LUETKA.

LAME BACK AND RHEUMATISM.

Portland Oregon, September 26, 1892.
Dr. A. T. Sanden. Dear Sir:—Years of exposure and hard work, combined with the strain coming from the jar of an engine, gave me a severe case of lame back from which I suffered for seven years. I was so bad that I could not bend my back. Was all doubled up with it. I bought one of your belts. It helped me in the first few days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am a well today as I ever was in my life. I know your belt well, and I know lots of people who have been cured by it. Many others used it, and if they would try it they would find it the same as I did—the best remedy in the world. I am located here permanently, and will be glad to talk with any one who wants to inquire about it.
ROBERT BURREL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH.

Dayton, Wash, June 28, 1892.
Dr. A. T. Sanden, Dear Sir:—Since wearing your belt I have been greatly benefited. I feel my old energy returning, and after a month's use of the belt I find myself twice as vigorous as before. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or street, and it gives soothing, prolonged currents which are instantly felt throughout all weak parts, or we forfeit $5,000. It has an **Improved Electric Suspensory,** the greatest boon ever given weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken limbs, or parts, or **Money Refunded.** They are graded in strength to meet all stages of weakness in young, middle-aged or old men, and will cure the worst cases in two or three months. Summons by Publication.

State of Washington}
County of Clallam. } ss

In the Superior Court of the State of Washington, for the County of Clallam.

A. R. Johnson, Plaintiff, vs. W.S.Chandler, Fred Ward, Trustee; L. E. Taft, G. O. Guy, Richard Nevins, Ella F. Harding, William Hartshorne, F. G. Haddocks. H. R. Davis, F. S. Berry, H. M. Shaw, Joseph Green, David Boyd, W. A. Hasbrouck, Howard Titton, Lansing & Brayman, Ernest C. Keniston, Wm. Nugent, R. A. Beard, Grant Molar, J. C. Dirlam, R. A. Chisholm, S. W. King, A. Girham, V. O. Vonbakkelen, W. E. Caraway, F. N. Smith, F. M. Jordan, W. H. Routledge and B. L. Routledge. Defendants.

The State of Washington to the said W. S. Chandler, Fred Ward, Trustee; L. E. Taft, G. O. Guy, Richard Nevins, Ella F. Harding, William Hartshorne, F. G. Haddocks, H. R. Davis, F. S. Berry, H. M. Shaw, Joseph Green, David Boyd, W. A. Hasbrouck, Howard Titton, Lansing & Braymer, Ernest C. Keniston, William Nugent, R. A. Beard, Grant Moler, Jay C. Dirlan, R. A. Chisholm, S. W. King, A. Girham, V. O. Vonbakkelen, W. E. Caraway, F. N. Smith, F. M. Jordan, W. H. Routledge and B. L. Routledge, defendants:

You are hereby summoned to appear, within twenty days (20) days after service of this summons upon you, exclusive of the day of service, and defend the above entitled action in the conrt aforesaid; and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorneys for plaintiff, at their office below stated; and, in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which is filed with the Clerk of said Court.

That said action is to foreclose a mortgage on real estate, in said Clallam county, and the defendants claim an interest therein.

HAYS & HUMPHREY,
Plaintiff's Attorneys.

BELTS SENT FREE FOR EXAMINATION.

DR. SANDEN'S ELECTRIC BELT AND SUSPENSORY FOR WEAK MEN

Who are debilitated and suffering from Nervous Debility, Seminal Weakness, Losses, Drains, Impotency or Lost Manhood, Rheumatism, Lame Back, Kidney Troubles, Nervousness, Sleeplessness, Poor Memory and general Ill-Health, WE GUARANTEE to CURE by this NEW IMPROVED ELECTRIC BELT AND SUSPENSORY or REFUND MONEY. Made for this specific purpose. Cure of Generative Weakness, giving Freely, Mild, Soothing, Continuous Currents of Electricity through all WEAK PARTS, restoring them to HEALTH and VIGOROUS STRENGTH.

In view of the fact that many persons who desire to procure genuine Electric Belts have applied to different companies for information, and are undecided as to which have the best goods, we suggest that you order from each company the belt you wish to see, sent by express, C. O. D., *with privilege of examination.* When the belts have arrived at your express office examine them; if you find one better than ours, simply ask express agent to return ours to us. All we require is 50 cts. with your order to partially cover express charges, which will be deducted from price of belt if it is accepted. This proposition is a fair one to all concerned. A buyer wants the *best* for his money, and it is a great pleasure to us to have our goods examined and compared with others before bought. Send for Illustrated pamphlet, mailed, sealed, free. SANDEN ELECTRIC CO., 172 First St., PORTLAND, OREGON.

FERRY'S SEEDS

Are just what every sower needs. The merits of Ferry's Seeds form the foundation upon which has been built the largest seed business in the world. Ferry's Seed Annual for 1894 contains the sum and substance of the latest farming knowledge. Free for the asking.

FIFTEENTH YEAR.

WOMANKIND

For Women and Home.

This well-known journal, a union of four leading women's papers, has won its fame because it deals with what really interests the women of America. Fashions from the standpoint of good taste and economy Fiction of a pure and helpful kind. Music and Art suitable for non-professional tastes. Household hints written by practical women. Suggestions and aids for self-supporting women. It is a paper for women, by women, and its writers are among the most noted authors Every line is original, every engraving a gem.

It is a paper of to-day without espousing the great questions of religion, politics and temperence, it gives all the news regarding them. It is universally quoted by the press because its views and articles are bright and unique. Sent free to all subscribers to THE DEMOCRAT-LEADER paying one year in advance.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days I am all right today; and would insist on everyone who is afflicted with terrible disease to use Chamberlain's Pain Balm and get well at once."

Fifty cent bottles for sale by J. C. Hansen, The Fisher Pharmacy.

Any person desiring to travel would do well to consult J. H. Yeung, Agent Canadian Pacific R. R., this city, before purchasing tickets elsewhere. Unrivaled accommodations. Quick time, and money saved by this route.

Garlick's Red Rose Potatoes.

Almost two years ago Mr. Garlick of Lost Mountain precinct, planted a few hills of the potato known as the California Red Rose, with the view of introducing it into this county if it proved to be a prolific bearer. His success was astonishing. He did not know but the "year" had something to do with it, so he tried it again last year. The result was even better than the first year. From his start of a few hills the year before he harvested about two tons last year, and had no trouble in disposing of nearly all he had to his neighbors at five cents per pound. He has placed a few sacks for sale with the Farmers' Mercantile Co., of Dungeness.

FAT PEOPLE

PARK OBESITY PILLS will reduce your weight **PERMANENTLY** from 12 to 15 pounds a month. **NO STARVING** sickness or injury; **NO PUBLICITY.** They build up the health and beautify the complexion leaving **NO WRINKLES** or flabbiness. **STOUT ABDOMENS** and difficult breathing surely relieved. **NO EXPERIMENT** but a scientific and positive relief, adopted only after years of experience. Ice Cream Festival.

An ice cream social will be given at the Congregational church, Friday evening April 6th, 1894. A musical and literary program will be rendered. Admission 25 cents, including refreshments. The proceeds of this social will go towards Rev. Bushell's salary.

If you wish your prescription filled with care and good drugs take them to B. C. Keller, Ph. G.

Frank Lotzgasell of Dungeness, is in the city today.

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:

"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die, and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I hurt my finger and it gathered and threw out pieces of bone. If I hurt myself so as to break the skin, it was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as **Ayer's** Sarsaparilla. It has made me well and strong."—T. D. M., Noreatur, Kans.

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Cures others, will cure you

A Dime Social.

The Lady Reapers of the First Baptist church will give a dime social at the home of Mrs. Herman Fisher's, Front street, Tuesday evening, April 3d. A social time is anticipated. All are cordially invited. Refreshments, coffee and cake.

Deputy Collector of Customs of this port, W. K. Clark, was in Townsend this week.

Mr. Geo. H. Alexander, representin, Palmer & Rey's printers' supply house Portland, is in the city.

A fine line of fancy articles at B. C. Keller's Drug Store, Opera House block.

For the best five cent cigar in the city go to Aldwell's

THE NEW WEBSTER

WEBSTER'S INTERNATIONAL DICTIONARY

SUCCESSOR OF THE UNABRIDGED.
Re-edited and Reset from Cover to Cover.
A GRAND INVESTMENT
for every Family and School.

The work of revision occupied over ten years, more than a hundred editors being employed, and over $500,000 expended before first copy was printed.

SOLD BY ALL BOOKSELLERS.
Pamphlet sent free by the publishers.

CAUTION is needed in purchasing a dictionary, as photographic reprints of an obsolete and comparatively worthless edition of Webster are being marketed under various names and often by misrepresentation.
