Pardon of Miss Hastings.

The many friends of Miss Hattie Hastings (Stratton) of this city were rejoiced to learn last Saturday of the pardon by President Cleveland of that young lady who unfortunately violated the revenue laws of the country some time since in smuggling opium from Victoria, at which time she was apprehended by Inspector Leanard on the City of Kingston, plying between Victoria and Sound ports.

The pardon of Miss Hastings was strongly recommended by United States District attorney Brinkler and United States States District Judge Hanford before whem the case came on for trial, Miss Hastings pleading guilty, the violation of which law a chain of circumstances forced upon her.

THE NORDEN SOCIETY.

This Prosperous Society Dedicates a New Hall in This City.

Last Saturday evening marked an important epoch in the history of the Norden Scandinavian Society of this city, being the dedication of its new hall on the corner of Lincoln and Fifth sts. The dimensions of the new edifice are 30x40 feet, one story high, the plan, however, being to raise the structure an additional story as soon as the future demands of the society warranted.

The building of this hall abundantly demonstrates the admirable advantages of co-operation when intelligently and harmoniously directed. The hall was erected with the interchange of labor without any outlay, excepting nails, locks and window glass.

Following the dedication services dancing provided several hours of very enjoyable pastime.

Why Is It?

That Hercules Gas and Gasoline Engines are held by the public in so much higher estimation than other engines? The parties using these engines, and their name is legion, are the ones who can best answer this question. They well know the ease and promptness with which the engines are started and the very little care they require to keep them running month after month with the most perfect satisfaction. They run without a spark battery, which is admitted to be unreliable. The simple ignition tubes of the Hercules Engines are far better. Send for catalogue. If you want second hand engines of other makes at cheap rates we can supply you. We have a number taken in trade and cannot take any more until these are realized on. WILL RENEW THE LABOR

In New York in the Interest of the

EVERETT-PORT ANGELES RAILWAY

Messrs. Carrigan and Coolican Depart for New York City—A Mission of Great Public Moment, and Receive Flattering Testimonials From the Board of Trade and From Business Men.

There was a large attendance at the Board of Trade rooms last Tuesday evening, the meeting having been called solely as an expression of appreciation, esteem and regard which members entertained for President J. S. Coolican and Secretary M. J. Carrigan, who were soon to take their departure for New York.

These gentlemen have from its inception been actively and prominently connected with the Board of Trade, and to their determined and persistent efforts in its behalf much of its efficient work is to be attributed.

The visit at this time to New York by these gentlemen is taken in the interest of the railway scheme, the ultimate success of which few doubt, and the great majority devoutly wish. Their appearance in New York again to revive the labor begun some months ago by Mr. Carrigan, is significant of returning confidence in the realm of finance, and portentious of success.

In a few well-chosen words, Col. Coolican outlined the purpose and object of their trip.

He then delicately intimated that he was about to spring a surprise upon Mr. Carrigan, in the shape of a testimonial from the Board of Trade, and the citizens of Port Angeles, conveying to him, in a pleasant way, on the eve of his departure for the East, the esteem in which he is held in this community. And then, unrolling the long scroll he held in his hand, he proceeded to read this testimonial, which he afterward handed to Mr. Carrigan:

PORT ANGELES, April 9th, '94.

To M. J. Carrigan, Secretary Board of Trade:

DEAR SIR:—In view of your early departure from our midst for the purpose, as we understand, of promoting enterprises of an incalculable interest and benefit to our commonwealth and its tributary territory, we, the undersigned members of the Board of Trade and citizens of Port Angeles, desire to take this method of expressing the high esteem in which you are held by us and the community at large. The energetic, persistent, tireless and unselfish efforts put forth by you, during your long and trying administration as secretary of the Board of Trade, for the advancement of this city and its people, have won for you the regard and gratitude of all; and this slight testimonial, attesting our confidence in your abilities, intents and purposes, bearing to you our best good will and heartiest God-speed, is given as an earnest and honest evidence thereof. Trust that your services yet to come may be as fruitful of results, as satisfactory and gratifying to yourself as those of the past have been to us, we desire to enroll ourselves, with much respect and esteem your friends and supporters:

J S Coolican, President; C P Brown, Vice-President; Frank McGill, Mayor; J E Beam, H C Carver, H B Crockett, Malcolm McGill, J E Krueger, T M Graybill, City Councilmen; E E Seevers, City Treasurer; Louis Williams, Att'y-at-law; Jno W Troy, County Auditor, James G McClinton, Judge Superior Court; J S Fenn, Postmaster; M J Clump, County Treasurer; S G Morse, Sheriff; W E Burnside, Deputy Sheriff; D Campbell, Police Justice; H J McGregor, City Marshal, Wm K Clark, Deputy Collector; Frank P Fisher, Inspector; Wm Bell, U S Weather Observer; W W Gray, D W Morse, Henry Westphal, A A Richardson, County Clerk; R A Grimes, H C Strong, Chas A Foss, Sec Ass'd Im'p't Co; J C Cale, W W Dedman, J F Meagher, A A Smith, D O'Brien, President Ass'd Imp't Co; D P Quinn, Ex-Councilman; Chas M Raymond, Chas W Cook, Clallam County Mortgage, Loan & Trust Co; Jno M Bell Edward Metcalfe, M Geraghty, Chas A Dyer, Receiver First National Bank; S D Maxwell W Banks, J Fogarty, Wm Clements, Port Warden; Geo W Meagher, Horace White, B C Keller, P J Williams, W L Ketchum, Geo E Fisher, A J Gear, Geo H Gale, H M Fisher, Mrs W L Ketchum, Court Stenographer; Clallam County Title, Insurance Co, Pioneer Abstract Co, G M Lauridsen, Chas D Ulmer, Editor Tribune-Times; A C Hatfield, C A Bork, Herman Johnson, L A Person, A D Richart, D Vasilatos, C E Mallette, C F Merritt, Lewis Levy, Julius I Kirschberg, D G Munro, Albert Goldwater, Jno M Martin, Thomas H Bradley, Capt. U S A, retired; R R Harding.

I wish to give my special acknowledgement of the business capacity, integrity and the high personal regard I hold for Mr. Carrigan.

GEO VENABLE SMITH,
Ex-Probate Judge and Ex-County Att'y.

This flattering testimonial was supplemented with a splendid token representing a handsome solitaire diamond ring which Colonel Coolican presented to Mr. Carrigan, pointedly remarking that its beautiful scintillations could flash no more brilliantly there then did its owner's intellect upon the community's destiny. The pure gold in which the stone was set, the colonel hoped, would typify the friendship in which he would be ever held.

Mr. Carrigan responded to the kindly consideration and favor of his friends, and said it would be his aim, purpose and endeavor to redeem his pledges to this people—the consummation of the railway enterprise, for the accomplishment of which he had so faithfully labored in the past, with the determination to continue unfalteringly until he will have achieved the end sought.

To Colonel Coolican much credit was due, continued Mr. Carrigan, for what had been accomplished by the Board of Trade, as he was always found to be a firm, steadfast friend and supporter in all of its undertaking.

Stirring and enthusiastic speeches were made by Judge G. V. Smith, Capt. Bradley, Mayor McGill, Judge Wm Clark and others pledging the good will and hearty support of the people to these gentlemen in their absence upon their present important mission. A resolution embodying this sentiment was proposed and promptly passed, after which the meeting adjourned.

Messrs. Coolican and Carrigan left yesterday for New York, and will also visit other centres and possibly Washington before their return.

They go at their own expense and hope to mature plans for the construction of the Everett and Angeles, and Angeles and Gray's Harbor railroads. The materially improved condition of the money market gives hope that they will be successful in securing the capital with which to consummate the long cherished object—transcontinental outlet for Port Angeles.

And in their commendable undertaking they have the well-wishes of all citizens loyal and true to its best interests.

The Quillayute-Angeles Road.

We see that the settlers in the Lak Crescent road district are endeavoring to secure the aid of the Board of Trade of Port Angeles in getting the county commissioners to grant them an appropriation to complete the Quillayute-Port Angeles road through their district," says the Beaver Leader. "We hope they will succeed in getting the help asked for. but there will yet remain four miles of road to complete in District 27, before the road will be open for travel. The appropriation made for the opening of this road is exhausted and four miles of unfinished road yet remain. Supervisor Sawyer says it will take at least $1,000 to complete the road so it will be of benefit to the public. This is one of the most important roads of the Quillayute as it will make a continuous road through to Port Angeles and save us about twenty miles travel. The Board of Trade will do well to use their influence in coaxing the commissioners to have the road opened up; Angeles would then be in direct communication with the Quillayute, and by offering the settlers some inducement to come there to trade, turn over a new leaf, and treat them half way white, Angeles can work up a good trade in this part of the county."

THE BURLINGAME STEAL

Will be Investigated by the Prosecuting Attorney.

FIELD DAY WITH THE BOARD

Over the Work Given Those In Need—They All Go on Record—Compromise on Cutting Wages to $1.40 Per Day—The Port Angeles-Quillayute Road—Other Items of General Interest.

The Burlingame steal will be investigated, and if there is a chance at all for recovery, the county will be made whole. The Board of County Commissioners took up the matter last Friday and gave it careful consideration.

The result was the following order which was entered on their journal:

The county surveyor reported that he had on the 24th day of March proceeded to measure the road completed by the Burlingame Contract company in the middle division of the county road, and he certified that the road had been constructed 8 miles and 21 feet. Now whereas the contract price for the construction of this road was $13,700 for the first mile and each subsequent mile, $2,200—and whereas, at this price the pay for the distance completed would amount to $29,007.16 and whereas, from an examination of the records it shows that the said company actually received $34,290 or $5,282.84 more than the amount due and whereas the records show that the said Burlingame Contract Company received $6.667.46 on the western division more than it was entitled to, therefore it was ordered that the matter be referred to the prosecuting attorney for such action as he shall deem necessary and proper in the premises.

The disposition of the Board is that the investigation be made in earnest, and if the prosecuting attorney needs it, he will have all the assistance in the way of assisting counsel that can be had.

The Board continued their sessions commenced last Tuesday until Saturday at noon. The full Board and the county Auditor were present at each session.

The petition of Anna D. Carusi, laid over from the last meeting, praying for damages on account of the county road running through Carusi's addition to Port Angeles, came on to be heard, and after consideration it was rejected.

Protest of B. T. Smith against the county opening the county road over his property in Sec. 13, Tp. 30, R. 6, was rejected.

The petition of citizens of Collins and vicinity for the construction of a bridge across Bear creek, laid over at the last meeting, was considered and again laid over.

A like action was taken on a petition for a bridge across the Elwha river at the Settlers' bridge.

Several petitions for a reduction in the assessments against property came on, and all were refused. Amongst those considered were those of John Van Bosche and James Watt, of Quillayute, and Charles Brasch, of Clallam Bay.

Friday afternoon was field day with the Board. All seemed desirous of making a record, each choosing a different position. It was all over the employment of those in need on the county roads, and was inaugurated by a motion offered by Knapman, that the work given to the needy and destitute be paid for at the rate of $1.25 per day. Chairman O'Brien at once called Knapman to the chair and moved in amendment that the price be $2.00 per day.

The roll was ordered called on the amendment and it was voted down by Knapman and Lamb. O'Brien alone voting for the amendment. The roll was then called on the original motion, and it, too, suffered defeat, as it did not suit Lamb's idea of the meet and proper. Knapman, only, voted for it.

It was now Lamb's turn, and he used it by moving that all such work be discontinued. He preferred that the county give those in actual need assistance, and permit those who can to obtain work elsewhere. The roll was ordered called and the motion took the road persued by its predecessors, to defeat. Knapman and O'Brien voting "no," and Lamb, alone, voting "aye."

Knapman thought a reduction in the wages would save the county more than to lay the men off, so he was yet unwilling to quit, and moved that the wages be reduced from $1.70 to $1.40.

O'Brien again offered as an amendment that the wages be raised to $2 per day. The amendment was voted down by the same vote as before, where the original motion was carried by the votes of Knapman and Lamb, O'Brien voting "no."

The reports of the time keepers of the "charity work" were examined, and $2,559.36 allowed from the county fund for work since February 20.

The Board then adjourned to meet Saturday morning.

The Board, Saturday, examined and passed on claims against the county, many of which were cut down.

A communication from N. L. Ferguson declining to serve as supervisor of Road District, No. 37, was read and accepted, and August Palmquist was appointed in his stead.

Gilmore's addition to Port Angeles was regularly vacated.

The Board ordered that some of those who are in need and are being supplied with work by the county be placed to work on the Port Angeles-Quillayute road west of the lakes.

Bonanza Seal Catch.

"The Neah Bay Indians struck a bonanza in seals lately that brought them a pile of wealth with very little exertion and consequently there is much joy and plenty of dollars among the natives at present," says the Clallam Bay Record. "It was during the spell of unusually fine weather of two weeks ago, while the sealing fleet of 11 schooners lay at anchor in Neah Bay. A school of thousands of seals appeared off the cape and flocked into the straits and even into the midst of the sealing fleet. Then the sealers had a picnic and the catch began which lasted from five to seven days. The largest catch was made by the Amateur, 431 skins, which netted the vessel $6,000. All the vessels made good catches and at least $30,000 worth of skins were taken."

Hans Hansen and the Harbor.

On our editorial page appears an article clipped from THE DEMOCRAT-LEADER, on the Quillayute harbor, a subject that is now becoming of general interest and a topic of common comment, says the Beaver Leader. This harbor will be of vast benefit to the Quillayute, and every Quillayuter should assist in keeping the scheme alive and moving. Mr. Hans Hansen's earnest advocacy of the harbor is a matter familiar to all our people. In his excellent address before the Quillayute Literary Society, which we took pleasure in publishing some time since, and which was very favorably commented upon by many of our readers, Mr. Hansen clearly defines his position with reference to this harbor. He is one of a class of wide-awake, public spirited citizens, of many of whom the Quillayute can boast, and among which class the Leader finds its most ardent supporters. They believe in Quillayute for Quillayuters.

Bilious Colic Prevented.

Persons who are subject to attacks of bilious colic can almost invariably tell by their feelings when to expect an attack. If Chamberlains Colic, Cholera and Diarrhœa Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the remedy at hand, ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by J. C. Hansen.

The Rev. E. Davis will hold a service in the Episcopal church on Sunday at 11 a. m. All cordially invited to attend.

Last Friday evening a few particular friends of Mrs. C. F. Merritt gave her a "surprise" in honor of her Birthday.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

GENERAL DEBILITY CURED.

San Francisco, Cal., August 14, 1892.

Dr. A. T. Sanden, Dear Sir:—Before I used your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I have the utmost confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 25 and 29 Turk St.

LAME BACK AND RHEUMATISM.

Portland Oregon, September 26, 1892.

Dr. A. T. Sanden, Dear Sir:—Years of exposure and hard work, combined with the strain coming from the jar of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not bend my back. Was all doubled up with it. I bought one of your belts. It helped me inside of two days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am as well to-day as I ever was in my life. I know your belt well, and I know lots of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did—the best remedy in the world. THE THREE ISSUES.

There is not today a man in the state of Washington who stands as high in the hearts of the people as Hon. James Hamilton Lewis. Colonel Lewis has always and in every way shown himself to be the friend of the poor and the oppressed. His heart goes out to them in their distress and his splendid ability is always at their service. Therefore, the article from his pen on the issues of public concern confronting the American people, which appears in this paper today, is of great interest. Colonel Lewis believes that it is absolutely necessary for good government and perfect liberty and freedom, that we return again to first principles. For thirty years there has been a constant granting by the government of special privileges to corporate and other interests. He reasons truly that these special privileges granted have, with the granting, taken the inherent rights of the masses. By a constant use of all these special privileges which have been granted by the many to the few, the many have been gradually ground down, until all the profits of labor are reaped by the few.

The greatest of these now monopolized interests, and the three on which all of the balance hang, Colonel Lewis enumerates as first, the money monopoly, the constant recognition of New York as the one financial centre of the country; 2nd, the land monopoly, the great grants of which have permitted the withholding from permanent settlement and from the uses of the people millions of acres of the public domain and, 3rd, and of at least equal importance, the labor monopoly, which has been fostered by a discriminating tariff which has permitted a few to dictate the pursuits of labor for the masses, and by the importation of undesirable laborers to bring the price of labor down so low, that the natural and inevitable result must be the degradation of the American laborer.

Colonel Lewis beleives the circulation should be based on the nation's credit, and be sufficient in volume to equal the total indebtedness. He believes that the public domain should be reclaimed, and that immigration should be restricted and the discriminating tariff removed.

There is no doubt but that a majority of the people of the state of Washington agree with Colonel Lewis on the question. Nearly every Democrat of the state will easily agree with him, and a great majority of the Populists can follow him as far as he goes; and his proposed reforms are certainly sweeping enough. All any man has a right to expect in any country is equal rights and equal opportunities with every other man. Colonel Lewis proposes that they shall have these. A man of James Hamilton Lewis' sterling honesty and great abilities could accomplish much for the people of the nation. He should be sent to congress.

WITH THE COUNTY ATTORNEY.

The county commissioners have referred the Burlingame steal question to the presecuting attorney for such action as he deems necessary or expedient.

Mr. Bryan will doubtless give this matter careful attention. He is aware that the recovery of the $11,960.30 is of first importance to the people. At least, this is properly what the county commissioners are most interested in. As to whether or not crime has been committed for which the criminals should be punished, that is a matter largely for the prosecuting attorney to decide, and with the decision rests grave responsibility. However, Mr. Bryan has never yet shown a disposition to shirk a duty no matter what the responsibility, and we predict that a fearless effort will be made to forward the interest of justice.

Whatever is done, it is to be hoped that means will be discovered by which the county can be made whole.

The commissioners deserve commendation for the spirit that they have shown in the matter.

JOHNNIE GET YOUR GUN.

Representative John L. Wilson of Spokane, probably makes an exhibition of himself oftener than any other member of congress. His last show was one day last week when Speaker Crisp was calling ex-czar Tom Reed down, as he has become accustomed to do of late, and here is how he looked to the Chicago Times' Washington correspondent:

"At this crisis Wilson of Washington, a nervous republican, began to pervade the aisles with moans and wails and cries of "tyranny!" Sergeant at Arms Ike Hill started in hot pursuit. Finally the zealous Ike succeeded in collecting Wilson and the song ceased."

If he isn't careful, Johnny will get spanked one of these days and sent home to Spokane for improper behavior, then—poor Spokane!

KANSAS Democrats have intimated that they will endorse the Populist state ticket if the latter will nominate Hon. Jerry Simpson for governor. The Kansas Democrats will do more for the nation at large if they will assist to keep honest Jerry just where he is. They had better let a good thing alone, even if they have to endorse Lewelling for governor. Lewelling, it is said, has promised to never again advocate a Western rebellion.

IF the Democratic party fails to accomplish what it was pledged to do on the tariff question, it will be on account of the cowardice, cussedness and treachery of certain alleged Democratic senators, chief amongst whom is Boss Hill of the 3rd ward of Elmira.

COXEY'S army is mostly from Ohio and Pennsylvania—Ohio gave McKinley 80,000 majority and Pennsylvania—well Pennsylvania is owned by the same people McKinley is.

SENATORIAL remarks on the tariff are widely quoted these days.—New York World.

Senatorial votes on the question, it is said, are highly quoted—and rapidly rising.

COXEY'S army is just as legitimate as Havemeyer's or Carnegie's and a whole lot more respectable.

KANSAS Populists have made several mistakes, but the greatest of these is Peffer.

THREE GREAT ISSUES.

Sound and Sufficient Currency —Preservation to the INDIVIDUAL OF THE PUBLIC DOMAIN

And the Protection of American Labor From Foreign Pauper and Convict Labor, the Three Paramount Questions Demanding Solution by the American People, the Policy by Which Democracy Should Be Guided.

THE DEMOCRAT-LEADER with pleasure publishes the following able letter from the graphic pen of Hon. James Hamilton Lewis, written to Mr. Lochaby, of this city, in compliance with a wish expressed by the latter that the writer define what, in his opinion, were the leading issues demanding the attention of the American people:

My Dear Mr. Lochaby:

At the outset, let me inform you that while I deeply appreciate the offer of adherence from so many of my fellow-citizens, I am under no conditions conceivable a candidate for Congress. By the conditions surrounding me, I must practice law, with a view of meeting the demands of my own existence and the existence of those depending upon me. And by reason of the personal friendship existing between us, and my confidence in your integrity and the motives which influence you, I am pleased to write you in answer to your several queries.

Let me say at the outset, that I do not think it strange that you should take the position you have. I think from your letter that your positions are those of a democrat, such a democrat as I am, and if there is any difference between you and the real principles of the party, it is that the party has deserted its principles, rather than you deserted your party.

In answer as to what, in my judgment, should be the issues upon which the people should make their test, I have no hesitancy in saying that I have concluded that there are three great and paramount issues which must be taken up and contested by the American people for themselves, and I further believe that the hope of this republic, if it is to be sustained by the people, and if we are to be relieved of these awful frightening omens which surround and are the constant fear of monarchial nations—then such can only be done by a close and strict adherence to the early principles our fathers pursued in the government; by now taking a backward step, and making a close and united fight for the reconstruction and preservation—First, of the establishment of a sound and sufficient currency by the public coinage of both gold and silver, which, to use the quotation from the celebrated French bimetallist, Caruneschi, "To such an amount in circulation as shall be equal to the amount of the indebtedness, in event that the nation, like a merchant, should at any hour desire to strike a balance." This is absolutely necessary to prevent contraction in the medium of exchange, and the forcing of the product of labor to a minimum and to a depreciation, while the debt in the hands of the creditor is enhanced in value. I am not, however, in favor of the coinage of silver, or any other money, that shall not be based upon the actual credit of the nation; but I am unequivocally an advocate of that other principle, that the credit of this government should be based on the products of the labor of its citizens, and the value of its public domain, and to this extent of value, I hold that any circulation, or any medium of exchange is neither extreme—nor can it be considered inflation. The question submits itself plainly to this—the country is no more as it was twenty-five years ago, limited in resource and its development, likewise in its area. We are not any more a fragmentary nation, bordering along the sides of the Mississippi river, looking to the East as our principle and only market of exchange and money center. New York cannot, in the nature of things, be a money center for this West. An almost new, and thoroughly dissimilar nation and generation of people have sprung up west of the Missouri river—certainly west of the Mississippi. Their habits and customs have become dissimilar from those of the East, as the general habits of the United States are from those of England and Canada, and this in many respects has been noted. In a late article by Prof. Goldwin Smith, and in an article replying from Erastus Wyman, both on the question of annexation of Canada to this country, these to figurative suggestions were made; that the annexation to the west might be agreeable, but when it came to annexation along the line near New York into Michigan, such a dissimilarity would exist as to render the commercial alliance unpleasant and disagreeable. So, the needs of this west as a country can well desire to look no further East than Chicago. Like the needs of all new countries, there must be a small circulating medium to pay the small demands and small earnings. This ought to be done in metal. If the time should ever come when any one metal could be made the sole basis of money, the raw product of it would, under the present existing conditions, become the subject of monopoly as completely as lumber, coal or iron does to-day. Therefore, so much labor or so much commodities would have to be exchanged for so small a part of the original crude metal with the stamp of the government on it, that the individual toiler would soon be reduced to a practical condition of serfdom, through nothing else but the laws of trust and monopoly, which have been fostered by the thirty year policy of the government, under a mistaken idea of its duties to the citizens.

Therefore, for the further reason that the hope of this country does not depend on our merely earning enough to buy that upon which we shall live, and that with which we shall be clad; for if this is all, and we desire to buy from the European nations, England especially, then these nations are in the position of the storekeeper wherever he may be, having the right both to demand the amount, as well as the kind of his money. In such event, it could be either exact gold, diamonds or any other strong commodity of which there was the least quantity. And if, on the other hand, as I contend, that the future of this country rests in not what she is to buy, but what she shall develop out of her resources and labor and sell to other nations, then we see at once the money question is solved to this one consideration, i. e. that it is not the kind of money we pay out, but it is the question of the kind of money which we care to take. This we decide for ourselves; and holding, as I do, that varied conditions of the nation, and its demands are such that nothing but a double coinage of both gold and silver upon a proportionate ratio that would be just can serve the purposes of a free people, I am irrevocably allied to this principle, and here express it to you.

The next position that I think the government must at once take is the preservation to the individuals of the public domains of this country. The remarkable spectacle of three hundred thousand men homeless, helpless, under the leadership of earnest, though misguided individuals, creating by their presence a revolt against the things which are fixed, are of themselves a constant menace to freedom, and indicate the restlessness of the people of the nation, and speak a volume to the truth that things are not secure; that the spirit of unrest is abroad in the land, and that patriotism to the republic has reached a point where it is being more shaken in its devotion, and more unstable in its permanency than at any time since the birth of the republic.

The war was waged upon a question of the permanency of the government, according to the views of the combatants on each side of that memorable controversy, based upon a sentiment of loyalty to union as one; but to-day the war has opened in time of peace, waged on the question as to whether or not the government, though preserved, has been preserved for the benefit or the oppression of a certain class of its individuals. However men may differ in their views of these matters, the fact is that such an awful interrogation is the faces of thousands of citizens of this country. They are mostly, to be sure, those who have homes in the dark and gloomy and unhealthy corners of the great cities, where even hunger and starvation surround their every day life, but nevertheless they are the nation's children, citizens of the republic.

This could not be if there were avenues by which these people could go the farms and till the soil, and return to their once native agriculture—the only true source of a free people's liberty and a free governments permanency. So long, therefore, as the nation shall have placed her public domain in the hands of great concerns, which as such incorporated bodies, neither buy the land, so as to contribute taxes to the government to aid its support, and who neither abandon the land, so as to let the individual obtain it, but who hold their right to it by grants from congress, use it as the foundation for mortgage bonds, obtain money at four per cent interest on the security of these public grants, lend the same money to people of this country at from 8 to 12 per cent, making a clear profit of 6, putting the principal sum into the building of a railroad, water the stock to such a degree that it becomes a fraud in the hands of the holder, and no security to the buyer—a course of permitted conduct which, all taken together, persuades the individual citizen looking for a home in the country that he is without a hope as against such awful contestants and in the face of such a dreaded enemy. A man here in this west, where the domain should be most free, should he seek a home, induced as he is by the government, and as one of the grants that the government was supposed to hold in trust for him, he would find that before he reached a spot that was not claimed by one of these singular institutions that I have referred to—contending their rights to be paramount to the citizen's by some grant of congress—he will have forgotten away so far from any point of commerce or settlement, and upon land of so worthless a nature that he cannot bring himself to bear the privations incident to an existence necessary in such a lonely spot. Therefore, as above all else, this government must hasten to restore these homes of the people back to the people, that they may have some refuge, some abiding place. This would be the grandest and quickest solution of all impending evils.

No patriotic citizen, of whatever political faith, can view with satisfaction and content the situation of a new government, which within one twentieth of the time in which Rome reached her point of destruction, has passed beyond and through the same ravages which destroyed the first republic, and by which, before a generation and a quarter has elapsed in this new republic the sons of the fathers who fought for the domain will not have a place to call their own. This is a spectacle which calls for warning, and bids the most hopeful citizen to feel keenly the alarm.

The third and equally paramount paramount question is the protection or guarding of the individual toiler from the unfair and oppressive competition of a class of foreign and convict labor where skill and honesty in men is forced to succumb to the level of serfs and worse than slaves in order that they shall exist. This I believe must be brought about rather by such proper regulations so as to ascertain the manner of workmen who come to compete—that is that they are of an honest and deserving kind—rather than the sort often forced upon us by foreign contract labor, imposed upon our home toilers by large companies who refuse to pay their fellow-citizens a fair and reasonable compensation. This is more likely a course that shall in fact protect than the false profession of levying tax upon the product, forcing the home laborer to pay the government imposing it upon the foreign product, such course impoverishes rather than protects.

"Now as to the control by the government of the railroads and telegraph. I am not in harmony with the extreme views held by many of our zealous citizens on this. I hold the government must keep a vigilance over these institutions, and while permitting them liberty to purse the object of their incorporation yet so restrain by just laws their exercise as to make it impossible that they should pillage communities and rifle the pockets of the poor.

This last suggestion would be met and any embarrassment overcome when the second proposition of the restoration of the public domain to the bona-fide settler is secured to the citizen.

By the close devotion of these principles can we, as I firmly now believe—this belief—confirmed by the observations and reflections of years past, ever hope to be truly free, really great or to be happy as a nation of free people.

Believe me your friend truly,

JAMES HAMILTON LEWIS.

Mr. and Mrs. M. J. Carrigan and J. S. Coolican, lert last Thursday for the east Mrs. Carrigan will remain at her old home in Chillicothe, Ohio, and Mr. Carrigan and Colonel Coolican will continue their journey on to New York City, where they will labor in the interest of the railway scheme.

It is understood that Mr. L. R. Cole, who is at present in the east, has disposed of the $10,000 school bonds, the issuance of which was authorized at a special meeting some months ago. If a fact it will permit the construction of three new school houses, on Tumwater hill, Pine street hill and in the third ward.

Rev. C. C. Marston, the evangelist, will give a series of illustrated services at the Baptist church beginning Sunday April 22nd. His designs and charts thrown upon canvas are very impressive. The stereoptican views are of superior excellence and tend to deepen religious conviction. Special song service every evening. It will pay you to come—see and hear.

The city council were petitioned by numerous petitioners last Wednesday evening to create a bonded district, and open, grade and plank Eighth street from the eastern to the western limit of the townsite. The street in its present condition is practically impassable. The request of petitioners is worthy favorable consideration, if a large majority of the property owners on that street favor the improvement.

THE DEMOCRAT-LEADER acknowledges a copy of Capt. Bradley's little book, "O'Toole's Mallet, or the Resurrection of the Second National City of the United States of America." This book is a historic review of the evolution of the Port Angeles townsite reservation, and is absolutely correct, having been compiled by Capt. Bradley from the governmental records at Washington. It would be very difficult indeed to obtain more authentic information of Port Angeles than contained in the chapters of "O'Toole's Mallet."

The Good Templars had a rousing meeting on Wednesday evening. The atteudance was so good that the Masonic hall, their present place of meeting, was full to overflowing, and still they come. Seven new members were initiated, and ten more names were proposed for membership. The people of Port Angeles may justly feel proud of Gate City Lodge I. O. G. T., which is one of the most prosperous in the state. Not waiting for good time. but going right on booming.

Agreeably Surprised.

Last Tuesday evening Mr. and Mrs. M. J. Clump were the recipients o f a sur pis gathering of a few of their personal friends.

The evening was most delightfully spent with cards and refreshing coversation. During the evening a delicious luncheon was served.

Born,

FOSTER—In this city April 10th, 1894, to the wife of E. H. Foster, a daughter.

Death of Nellie McLaughlin.

The death of Miss Nellie McLaughlin last Tuesday morning, after only a few days illness with that usually fatal malady, pneumonia, was a painful surprise to many of the friends of this young woman, who were not aware of her dangerous condition until the announcement was received of her death.

Miss McLaughlin had returned only the week before from a prolonged visit in the east and was apparently in better health than usual.

Her delicate organization was not, however, rugged enough to withstand the ravages of that dread disease, and succumbed last Tuesday.

Deceased is the eldest daughter of Councilman McLaughlin, and was much respected and held in high esteem by a large circle of friends.

The funeral services took place from the Congregational church yesterday, and was conducted by Rev. Jonas Bushell.

Of Interest to Homesteaders.

A fact of interest to settlers not generally known, is that under a special act of Congress homesteaders who did not perfect title to homestead entries prior to March 2, 1889, are allowed to make homestead entry of public land not exceeding one-quarter section, subject to entry, notwithstanding the previous entry. Under this act a person is not required to make formal request for restoration of homestead right.

Settling on Acre Blocks.

A movement was inaugurated this week in which a number of citizens have participated, the purpose of which is settling on the acreage blocks in the government townsite, presumably under the Homestead law.

The squatters are confident that they can legally acquire title to the property under the Homestead act, a question of course that will be determined by the interior department and finally by the supreme court of the United States if carried that far.

The movement was not conceived in a day, but has been under serious consideration by many for months past, only assuming definite shape, however, during the present week.

Fully sixty persons have located on the blocks, and the rush continues unabated.

Famed Dungeness.

There are few more productive spots in Washington than the Dungeness valley. A stretch of agricultural land which raises sixty bushels of wheat, 100 bushels of oats, three tons of hay and several hundred bushels of potatoes to the acre is exceedingly prolific in any clime, and this is the record made in this fertile valley. And in stock raising this county certainly excells, as is evidenced by a 1574 beef brought to this city yesterday, by Mr. Geo. H. Lotzgasell, sr., which he disposed to the Metcalfe meat market. The steer han been entirely fattened from the rich clover-timothy bottom of the Lotgasell ranch, and is one of the finest and fattest beeves ever on sale in this or for that matter any market in the state. Mr. Lotzgasell also brought 1100 pounds of choice bacon which he placed at the Metcalfe market.

This is home production in earnest, and the more fully and extended it is carried out the more prosperous will the people of the state become.

Jose Moranzo was arrested to-day for stealing a boat belonging to Pete Silva and a gun belonging to Jose Frasier, both of Sequim bay, several weeks ago. Moranzo then came to Port Angeles with his stolen property, and about a week ago hired out to Frank Harris, to labor on a ranch at the Elwha. The boat, which Moranzo stole from Silva it appears belongs to S. Land of this city, it having gone adrift at Dungeness several years ago, and was picked up by Silva.

A fine line of fancy articles at B. C Keller's Drug Store, Opera House block.

A False Step.

EDITOR DEMOCRAT-LEADER:—It is strange, indeed, and altogether unaccountable that any of our people who are at all familiar with the history of the opening and disposal of the Port Angeles townsite reserve should at this late day, take up with any such craze as that developed this week in connection with the remaining unsold portions thereof. The strug_les, vexations, and seemingly interminable delays experienced by our community in getting rid of the government incubus should certainly deter anyone with an iota of interest in the town's welfare from a step which can in any possible measure tend to again tie up or delay our long hoped for development.

Any movement tending to change the present satisfactory status of affairs is a false step, and one that should be promptly and effectually discouraged and discountenanced. Aside from certain disappointment and loss of time and money to those going on the unsold tracts for settlement at this time, the only other outcome possible is a more or less certain black eye to those who are attempting to promote our welfare by the enlistment of outside capital. That this land, which, after thirty years of interment and four years of travail and trouble in the process of "resurrection," has been finally and satisfactorily disposed of by laws, special, and fixed, can be again thrown open to settlement of any sort is hardly among the possibilities, and certainly not the probabilities. It should, and, without question, will remain in its present status—subject to entry and purchase at the appraised value.

Projects are on foot looking to the purchase and development by capitalists who can and will do something for our poor and struggling community, and God knows this and nothing else is what we want. Most every man, woman and child in Port Angeles has had a slice of the townsite reserve already, or at least had every opportunity to get one, and now for heaven's sake, and our own best interests, let's have an end to the squatters' business and the beginning of something better.

Let every citizen who has the future of Angeles at heart ase his best endeavors to head off this idiotic and untimely craze, and aid in maintaining for our much beloved but already too much bemonkeyed with community a decent and dignified position in the eyes of the world, until the good day that is surely coming shall be at hand.

A. A. SMITH.

Is Confirmed.

In the telegraphic dispatches from Washington, ot last Wednesday, appears the announcemant of the confirmation of Wm. F. Hooker as postmaster of Port Angeles.

It will be remembered that President Cleveland nominated William F. Hooker postmaster at this place several weeks ago, which is followed with confirmation by the senate.

It will require several weeks for Mr. Hooker to perfect his bonds, after the acceptance of which at Washington he will immediately qualify and enter upon the discharge of his duties.

When asked how our hair has retained its color and fullness, we reply, 'By the use of **Ayer's** Hair Vigor—nothing else.'" "In 1868, my affianced was nearly bald, and the hair kept falling out every day. I induced her to use **Ayer's Hair Vigor**, and very soon, it not only checked any further loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Alarrum, Bastrop, Tex.

Garlick's Red Rose Potatoes.

Almost two years ago Mr. Garlick of Lost Mountain precinct, planted a few hills of the potato known as the California Red Rose, with the view of introducing it into this county if it proved to be a prolific bearer. His success was astonishing. He did not know but the "year" had something to do with it, so he tried it again last year. The result was even better than the first year. From his start of a few hills the year before he harvested about two tons last year, and had no trouble in disposing of nearly all he had to his neighbors at five cents per pound. He has placed a few sacks for sale with the Farmers' Mercantile Co., of Dungeness.

vs.

Herman Culver, Defendant.

Under and by virtue of a writ of execution issued out of the Superior court of Clallam County, State of Washington, dated the 15th day of March, 1894, upon a judgment rendered and entered in said court on the 17th day of February, 1894, wherein the said plaintiffs recovered of and from the said defendant the sum of $151.34, with interest thereon from the date of said judgment, at the rate of one and one-half per cent per month, and the further sum of $12.50 as attorney's fees, and costs of suit taxed at $18.30, I have duly levied upon all of the following described real estate situate in said Clallam County, as the community property of the said defendant, Herman Culver, and Clara Culver, his wife, to-wit:

Lot numbered 12 in block 22, lot numbered 3, in block 27, and lots numbered 14 and 15 in block 31, all of Norman R. Smith's Subdivision of the townsite of Port Angeles; also lot numbered 14 in block 2 of the Puget Sound Co-operative Colony's first addition to Port Angeles, in said Clallam County.

Therefore, public notice is hereby given that on Saturday, the 28th day of April, 1894, at the hour of ten o'clock in the forenoon of said day, and at the north front door of the court house of said County, situate in the city of Port Angeles therein, I will sell at public auction to the highest bidder, for cash, all of the above described real estate, or so much thereof as may be necessary to satisfy said execution and judgment and all accruing costs.

Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg, from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

PRICE LIST.

April 1. **COOPER & LEVY** Seattle, Wash

IT IS A WELL-KNOWN FACT That owing to our being the largest cash buyers we receive the benefit of many bargains. These our customers share. Buying from us after adding all freight charges means a savink of fifteen to thirty cents on the dollar.

USE COMMON SENSE. Naturally our low prices have caused consternation among many of the dealers who are using all kinds of foolish arguments against us. The more these dealers misrepresent us, the more we grow. Intelligent people are not influenced by such stuff, but use their own judgment.

WE ARE THE LEADERS, We don't wait for the other fellows to publish their lists—ours is out first every month. If competitors attempt to imitate us they may, but we believe our customers appreciate our efforts in bringing down groceries to the right prices, and know if we were not here the old war prices would still prevail.

REGARDING POSTMASTERS AND OUR MAIL: Unfortunately some of the postmasters in this section do not perform their sworn duty. Some of them willfully do away with our price-list, and prevent them being distributed. To all our customers we mail monthly a price-list. If you do not receive them kindly report the matter to us and we will investigate.

WHY YOU OUGHT TO TRADE WITH US We have circulated our prices very thoroughly. It has had the effect of opening the eyes of the buying public. The old cinch prices have been knocked sky-high, We claim every consumer has been benefited by our efforts and we should receive your patronage.

TERMS—All orders must be accompanied by cash. Remittances can be made by express, money order, postal note or registered mail.

☞ N.B.—Send no checks on interior banks. We can only use checks on Seattle banks and cannot send out goods unless these terms are complied with. Give post-office address and shipping point with each order. Do not omit to sign your name plainly to orders or letters.

SPECIAL NOTICE—Send your full name and address with proper shipping instructions. Send all remiitances direct to the house, as we have no traveling agents. WE MAKE NO CHARGE FOR PACKING OR DELIVERY TO RAILROAD STATION OR WHARVES.

We quote only a few articles, and will cheerfully furnish prices on anything in the grocery line. Reference, Dexter, Horton & Co., bankers, Seattle, and Scandinavian-American Bank, Seattle.

Our Best—This is the name of a brand of Baking Powder put up expressly for us—It is the very best baking powder that money and brains can manufacture. We claim it equal to the "Royal" or "Prices" and offer it for much less money. In place of spending thousands of dollars in advertising, and adding this cost to the price of the Powder, we have decided to introduce it among our customers. Royal and Prices baking powder are first-class, still these people spend hundreds of thousands of dollars in keeping their names before the people. Who do you suppose pays for all this? You and everybody who buys their powder. Try a can of OUR BEST POWDER in your next order; if it is not fully as represented return it and we will cheerfully refund your money. SPECIAL NOTICE—We have been for a long time and are still opposed to oleomargerine. We believe two thirds of the grocers plam off the stuff for butter every time they can. We will not handle oleomargarine and believe the farmers in this state should be protected from a compound that can be manufactured at a big profit and sold at 8 to 10c per pound. We would like to see a law enforced prohibiting its sale entirely. Our specialty is PURE BUTTER.
