### Remodeling the Garland.

Extensive alterations are being made to the Port Angeles-Victoria ferry steamer Garland at Port Townsend, with a view to having a more commodious and faster vessel in the keen competition now existing. To enable this work to be done without interfering with the steamer's business the Evangel has been placed on the route, and will continue running until the Garland is again ready for service. The latter has been cut in two amidships and will be made 30 feet longer. This will make the vessel's total length 100 feet over all. The Garland's propeller, not being specially designed for speed but for power, will be replaced with a larger one. Internally, the steamer is to be entirely remodeled and fitted in the latest style. Her saloon and dining room will be astern, and leading forward from the former on the second deck will be a smoking-room, a number of staterooms and the officer's quarters, with entrance to each from a promenade without. Forward on the main deck below will be a freight compartment, which from the vessel's somewhat great depth of hold, gives her considerable room for the purpose. Since the inauguration of the Garland's route, business in the freight line and also in the passenger traffic has exceeded the expectations of the owners of the vessel, and they feel financially justified in making alterations to the steamer. A little danger to the entire success of their present plans has, however, been threatened. Within the past few days it has been reported that the George E. Starr will shortly be run in opposition to the line, expecting to find, when the crop comes in, sufficient business to make the proposition stick. —Seattle Press-Times.

### A Dairyman's Opinion.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B. Denny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by J. C. ### The Tragic Death By Drowning of Three

### WELL KNOWN CITIZENS OF ANGELES

**The Heart-Rending Scene Witnessed by Two Inhuman Wretches, Who Cruelly, Heartlessly and Criminally Turn a Deaf Ear to the Piteous Appeals of the Drowning Men.**

The drowning of Messrs. J. H. Johnson and John Dippold last Monday night and August Nelson early Tuesday morning is doubtless the most shocking and tragic that has ever occurred in these waters.

Early Tuesday morning the startling announcement was brought to the city by Henry Kriebel, the milkman and leasee of the Morse ranch, who was an indifferent and unfeeling eye-witness of the heart-rending struggles for life of these unfortunates, that late Monday afternoon he heard piteous cries from men apparently in distress in the straits near the mouth of Morse Creek. Looking in the direction from whence the appeals came, he saw three men clinging to an up-turned boat that was being tossed to and fro by the angry waves. Being a man totally insensible to any feeling of human sympathy he treated the appeals with a degree of utter indifferance that was simply criminal in the extreme. Throughout the afternoon and in the early evening the quiet and repose of this inhuman wretch was disturbed at intervals by the plaintive cries of these helpless men, appeals that ought move to action a heart of stone.

The sequel to to this sad tragedy is soon discovered. About nine o'clock Monday morning a party comprising Messrs. Johnson, Dippold and Nelson left in a small fishing sloop for the scene of the wreck of the bark R. K. Ham, off Dungeness spit. Later in the day a stiff breeze arose, which finally developed into a gale. The most reasonable and the most generally accepted theory, is, that the men had visited the wreck, and were homeward bound, when the boat was capsized. How long they struggled in the water, doubtless, will never be known. As soon as the report of the disaster was made known, Messrs. Walter Dyke and Dougal Campbell were dispatched on horseback to the scene. They followed the beach to about a mile and a half east of Seibert creek, when their attention was attracted to a small sloop about five hundred feet from shore, with a man standing on deck, clinging to the mast. They called to him, but he did not answer. They finally recognized the man to be August Nelson. Nelson also recognized them, and was so overpowered with joy, that for a moment he seemed to lose his mental poise. He proceeded to take off his coat, then jumped into the water, and was never seen to rise again. The excitement of the moment, the fatigue and terrible struggle of the night before had completely exhausted his strength. They swam their horses out as far as they could, but he was beyond human help. No traces were found of the other members of the party, they having, no doubt, from sheer exhaustion, been conquered the night before by the cruel waves.

The unfortunate victims of this tragic, sad and untimely death, were well and favorably known in this city. For several years past Messrs. Johnson and Nelson were valued employes of the Port Angeles Water Company.

Mr. Johnson was a native of California and was about 34 years of age. He was born in Santa Claira. He was an earnest, sober, industrious man, who was esteemed and respected by all who knew him. He leaves a wife and two children to mourn his untimely end. He is a brother of Mrs. Chas. E. Mallette, of this city, and has been a resident of Port Angeles for over three years.

August Nelson was about twenty-nine years of age, a native of Norway, and had resided in Port Angeles for several years. He was a prominent member of the Norden society of this city. Industrious, genial and kindly, he was esteemed by all with whom he came in contact. He was unmarried.

Jno. Dippold, was a young man about 20 years of age. He had resided in this city for several years. He was for some time employed in the Angeles restaurant Last Fourth he was sworn in as a special policeman. He was of a quiet disposition and well thought of.

Later developments reveal the astounding fact that Kriebel was not the only unfeeling eye-witness of the tragedy. A man by the name of Jas Allen who is employed as a farm hand by Kriebel, also turned a deaf ear to the piteous entreaties of the drowning men It seems almost uncomprehensible that a being with a spark of humanity would not attempt the rescue of his fellow men helpless and in distress. If too cowardly to attempt the rescue himself, or if no boat was at his command, the least he could possibly have done would have been to notify others more humanely disposed.

Through the criminal negligence, inhuman action, and utter disregard of the commonest dictates of humanity one of the saddest and most tragic events has occurred, and the community loses three useful and valued lives.

Every effort possible is being made to recover the bodies. Men are at work dragging in the vicinity of the disaster, but as yet their labor has proved unfruitful.

### Woman Drowned in Dungeness River.

The intelligence was brought to town last Tuesday by Mr. E. S. Simons, the Angeles-Forest mail carrier, that a woman, whose name he was unable to ascertain, was drowned in the Dungeness river last Monday.

The fatal accident occurred while attempting to cross the river on a foot-log, just above the Dungeness bridge, from which she slipped and fell into the river. The current being very swift and in the bottom of the river boulders and rocks, on which it is supposed she struck, receiving a blow that rendered her unconscious. The deceased leaves a husband and two children.

### COUNTY NEWS.

**Interesting Paragraphs Gathered From the County Press.**

East Clallam Record.]

Salmon are running in the straits and a number of fishermen are out trolling.

Earles & Donahoe have secured a railroad contract in California. It is for the entire construction of 46 miles of road from Monterey to Fresno and other interior points. Work will begin within a month or two.

Settlers around Dickey lake have a petition in circulation for a postoffice on the lake to be named Munro, with Lincoln Lands for postmaster. A new office at Stilzenberg's ranch and one at Albright's are also talked of.

Frank Peaslee and another man ran into a nest of cougars in the woods several days ago. Mr. Peaslee and his friend state that they did not stop to count them as they were not out visiting menagaries, but from the hasty glimpse they got of the beasts there were between 4 and 40 of 'em.

[Beaver Leader.]

There is twice as much land under cultivation this spring on the Queets river as ever before.

A party of four prospectors from Gray's Harbor passed over the Quinault trail this week. They were going north and claimed to be looking for timber.

John Iverson left Thursday for Ballard having received word that his dwelling house in that place had been burned down.

The postoffice department has posted a call for bids to carry the mail from Quinault Lake to Queets. Several bids will go in from here.

Mr. Geo. W. Houts brought the Leader a sample of his timothy which he raised on his claim two miles east of here. The bunch of grass measures 6 feet 6 inches in height and is otherwise as fine a timothy as you often see.

Petitions are out at the different postoffices in the Quillayute, asking for a channe of schedule on the La Push-East Clallam mail route. We must have better service than we are now getting.

The Forks lodge I. O. O. F., at their meeting last Saturday night installed the following officers: W. G. Behmer, N. H. Grand; J. E. Crawford, Vice Grand; John Q. Adams, Secretary; E. F. Peterson, Treasurer.

The people on the Queets river are rejoicing. The government surveyors are here on the ground and will commence work at once. To a man who has held a claim four years, waiting patiently expecting the survey each year, only to be disappointed again and again, news of this kind comes like a sunshiny moment on a rainy day. The upper township will be surveyed first.

### THE NEW SCHOOL BUILDINGS.

**The Sites Command a Magnificent View From Any Part of the City.**

Port Angeles will soon have three additional public school buildings. With a commanding situation on the plateau these buildings can plainly be seen from any portion of the city, towering above all other public or private edifices. And they stand out in bold relief to silently but eloquently attest a people's devotion to the cause of education.

The contractors are making rapid progress with the construction of these buildings. They have nearly finished the exterior work, and are quite ready for the painters. A brief description of these edifices will doubtless prove interesting and timely. The dimensions of the

LINCOLN STREET

school house is 38½x33½ feet in size, with an L 10x11½ feet, two stories high. The building will have a recitation room and a hall on either floor. The contractor is S. W. Brown, and the architect Mr. Gherke. The contract price is $1,553. This does not include the construction of outhouses, sidewalks and fencing. The building on

TUMWATER HEIGHTS

will be 24x34 feet with an an addition 14x24 feet, two stories high. The arrangement will be quite similar to the Lincoln street school, a recitation room and hall on either floor. Eben Merrill is contractor and S. Land architect. The building will cost, exclusive of sidewalks outhouses and fence, $1,345. On

PINE STREET HEIGHTS

a two-story edifice, of a pleasing modern design, rises its cupola heavenward, the dimensions of which are 30x44. On either floor will be a recitation room, a cloak room and a hall. This substantial structure will cost $1,727, exclusive of outbuildings, sidewalk and fence. The Labor Exchange is sub-contractor, and the Architects Messrs. Adams & Dick.

In the construction four men are employed on the Lincoln street building, four on Tumwater Heights and from eight to sixteen on Pine street.

FRIDAY, JULY 6.

The Board met pursuant to adjournment. All present.

The minutes of yesterday were read and approved.

It appearing that the county assessor has assessed M. D. Gleason for 50 acres of improvements, for the year 1893, whereas the said Gleason had on April 1st, but 30 acres improved, as before that date at least 20 acres of land, including the residence and orchard had been washed away, it was ordered that the treasurer accept payment of taxes on $500 for the improvements on his farm, making the total assessment $3700, and the treasurer is directed to issue receipt in full on said basis.

Petition of Wm. Anderson and eleven others for an appropriation to purchase 10 or 12 cans of powder and fuse for the same to blast a trail around the rock on on the Elwha river, which makes the trail to the Guyser valley all but impassable for travel, was presented to the board, and it was ordered that the same be refused.

Ordered, that the county treasurer be instructed to correct the stubs of tax receipt No. 1142 for taxes 1891 and the record of payment covered by said receipt so as to include lots 1, 2, 3, 18, 19, 20 in blk 8 and lots 1 to 20 inclusive in blk No. 16, Western Extension to Port Crescent; also lots 1 to 20 inclusive in blk 21 and lots 1 to 20 inclusive in block 38 and lots 6, 7, 8, 9, 10, 13, 14, 15, in block 111, in the city of Port Crescent.

And further, that the county treasurer be instructed to strike from the tax rolls of 1891, blocks 269 and 270, in the Western Extension to Port Crescent, it appearing that no such numbered blocks exist on the recorded plat of said Western Extension to Port Crescent.

Petition of M. V. Albright for a reduction in the taxes on his personal property was rejected as the Board has no authority to act in the premises at this time.

The action of the Superintendent of Schools in establishing school district No. 36 was approved.

The matter of the petition of Thomas Hurd and Chas. Brazill in regard to the closing up of the Hurd road, come on to be heard, and after due consideration it was decided that the board had no jurisdiction.

### LUMBER FOR HONOLULU.

**A Local Mill Receives the Contract to Cut 3,000,000 Feet of Lumber.**

The Port Angeles Red Cedar Shingle and Lumber Company has been awarded a contract for 3,000,000 feet of lumber for railway building in the Sandwich islands.

The order comprises ties, bridge and other structural timbers. Mr. W. H. Lambert, manager of the company returned from Seattle last Sunday. He was seen by a representative of THE DEMOCRAT-LEADER last Monday, and asked if there was any foundation for the report that his company had received a contract to supply 3,000,000 feet of lumber for railroad building in the Sandwich Islands.

"Yes," replied Mr. Lambert, "the contract has been awarded to our company. It calls for 3,000,000 feet of lumber for railway building in the Sandwich Islands. We have one year within which to fill the order. The first cargo, which will comprise 600,000 feet, will be shipped by October 1st.

"I am of the opinion," continued Mr. Lambert, "that the order will reach 5,000,000 feet when ultimately filled. Orders for lumber for railway construction are frequently under-estimated, as engineer's estimates are based on the actual demands only for the construction of the road bed, when as a matter of fact, depots, section houses, and other structures are required, the construction of which will utilize a large additional amount of lumber. The vessel will receive her cargo from one of the city docks."

In securing this contract for foreign cargoes of lumber, Mr. Lambert has evidenced commendable enterprise. Lumber is one of the principal products of this country, the exportation of which will bring money into the city, that will be expended in the employment of labor, and in turn labor will distribute its earnings among the merchants.

### The Postoffice Royal.

The postoffice of Royal has been established at N. P. Andrew's place, near the Hoko Falls, and Mr. Andrews has been appointed postmaster. The mail will be delivered by carrier from the Clallam Bay office once a week. The new postoffice is ten miles from the bay. Another new postoffice will be established soon at Dickey lake and will be added to the new mail route.

Other offices are talked of in the country southwest of the bay, and it is likely that the postoffice of Royal is the first of a line of postoffices to be established on a route going from the bay southwest to Quillayute. Postmaster Andrews took the oath of office and executed his official bond this week and forwarded the same to Washington.—East Clallam Record.

### Arrival of the Puebla.

The steamship City of Puebla arrived from San Francisco last Wednesday. She brought one passenger and 17 tons of freight for this port, also a pouch of mail for this city. The strike has resulted in great profit to the Pacific coast Steamship Company. The Puebla could not bring all the freight awaiting shipment north, and her passenger accommodations were taxed to the uttermost, having 300 passengers for sound ports.

# W. C. T. U. ITEMS

BY MRS. C. B. MANFIELD.

The regular meetings of this Union will be held on the first and third Fridays of each month at 2 p. m., and on the second and fourth Friday evenings at 8 o'clock. The gentlemen members are requested to attend the evening meetings. All are cordially invited to all meetings of the union.

The W. C. T. U. pledge: "I hereby solemnly promise, God helping me, to abstain from all distilled, fermented and malt liquors, including wine, beer and cider, and to employ all proper means to discourage the use of and traffic of the same."

For God, and home and native land.

This Union will take a month's vacation. There will be no meetings until August 10th next, at which time the meeting will be held at the home of Mrs. L. T. Haynes, at 8 o'clock p. m. We hope that after a month's rest every member will take hold of the work, and with renewed strength and vigor try to accomplish something towards putting down the liquor traffic in this city. The question was asked one of our members the other day: "What good is the W. C. T. U. doing?" And the answer was "I don't know." Now let us get to work so the people, especially our own members, can see that we are doing some little good. So let every member be present at the meeting August 10th.

The women of New York in their recent suffrage campaign, left no stone unturned that could further the movement. A mammoth petition of more than 200,000 names was prepared. It was the intention of the women to obtain 100,000 names; but so popular was the movement that the members were more than doubled. Among other telling arguments prepared and presented by the campaign committee, was the carefully-gathered statistics concerning the woman property owners of the state which showed that outside of the city of New York $300,000,000 worth of property belong to women. —National Tribune.

Justice R. C. Pitman L. L. D., of the Superior Court of Massachusetts, has well said, "Let the liquor business create its own atmosphere—do not artificially purify it, but let its natural loathsomeness repel the young and pure. To make the grog shop and its surroundings attractive, to allure the young men, or old men either, with the promise of "pure liquors" (i e unadulterated poison) to furnish respectable (?) barkeepers and to throw around the whole the sanction of the government, is but to aid the devil in recruiting his army of drunkards and to supply him with the choicest of stock. If the saloon is to exist let it stand like the brothel, a horrible excrescence upon our civilization unconnected with any legitimate business as honest trade, visited even by its votaries with a sense of degredation and conscious guilt.

Mrs. Julia Ward Howe said at the recent annual meeting of the New England Women Suffrage Association: "I have always been glad and thankful for having entered the suffrage work. There is no happiness to be compared to that of having taken up a noble cause when it was unpopular. I only wish I had taken up twenty such. When you care enough about a good cause not to mind who frowns, and crosses the street to avoid speaking to you, there is no satisfaction comparable to that."

The California State Republican Convention at Sacramento, June 20th, put a woman suffrage plank in its platform as follows: Beleiving that taxation without representation is against the principles of Republican government we favor the extension of the right of suffrage to all citizens of the United States, both men and women." —Woman's Column.

**Are You Insured?**

If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. 25 and 50 cent bottles for sale by J. C. Hansen.

Sufferers from chills and fever, who eaue used quinine as a remedy, will appreciate Ayer's Ague Cure. This preparation, it taken according to directions is warranted a sure cure. Residents in malarial districts should not be without it.

Boils, abscesses, tumors, and even cancers, are a result of a natural effort of the system to expel the poisons which the liver and kidneys have failed to remove. Ayer's Sarsaparilla stimulates all the organs to a proper performance of their functions.

To restore gray hair to its natural color as in youth, cause it to grow abundant and strong, there is no better preparation than Hall's Hair Renewer.

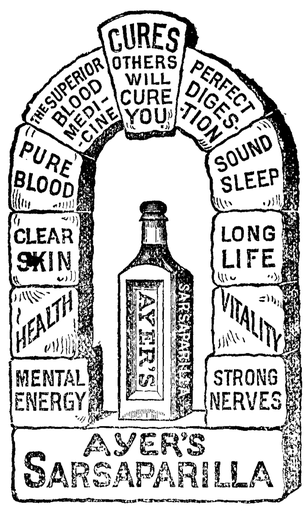
**They Want Names.**

The Russell Art Publishing Co., of 928 Arch street, Philadelphia, desire the names and address of a few people in every town who are interested in works of art, and to secure them they offer to send free, "Cupid Guides the Boat," a superbly executed water color picture, size, 10x13 inches, suitable for framing, and sixteen other pictures about same size, in colors, to any one sending them at once the names and address of ten persons (admirers of fine pictures) together with six two-cent stamps to cover expense of mailing, etc. The regular price of these pictures is $1.00, but they all can be secured free by any person forwarding the names and stamps promptly.

NOTE—The editor of this paper has already received copies of above pictures and considers them really "Gems of Art."



M. Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of Ayer's Sarsaparilla: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg, from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking Ayer's Sarsaparilla, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

## FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

**Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.**

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

## AN HOPE WITHOUT FOUNDATION.

It is true that the Democratic party, on account of a few traitors in the United States senate, has failed to give to the people the full measure of relief demanded so emphatically at the elections of 1892. Yet we fail to see why this should encourage the Republicans. What has that party's representatives done or attempted to do toward giving effect to the demands of the people as then expressed? Nothing. But, on the other hand, they have, almost without division, done all in their power to prevent the accomplishment in the slighest degree of any one of the demands of the people. They have even attempted to defy the people by forcing them to submit to the continued operation of measures they had repudiated. We have found an undivided Republican party obstructing the progress of the people's demand at every step and in every manner known to skilled parliamentarians. They have done all in their power to thwart the people's will, and it was only with their undivided assistance and co-operation that half a dozen democrats were enabled to cheat, in a degree, the people out of the fruits of victory.

Whatever the Democratic party has done, is that much more than could be expected from the Republican party. We can but hope for a higher tariff, rather than a lower one at their hands. Their's is an hope without foundation.

## THE OTHER HORN.

A great many people in the far West do not seem to fully understand the action taken by the United States military in the recent Chicago riots. While they are complaining that the federal government took an undue part in the affairs of the State of Illinois, we find the Democratic papers of the East explaining the causes that made it impossible for federal authority to put down the strike.

The following is taken from the Louisville Courier Journal, and is in answer to editorial condemnation of the president for permitting the action of the mob, "when there were sufficient United States troops on the field to have prevented the destruction of life and property:"

The troops are not in Illinois to protect the state from domestic violence. They might be used for that purpose if Governor Altgeld had asked for them. He has not only not done that, but has demanded their withdrawal. In such a state of affairs the troops can only be used in aiding the marshal, in enforcing the orders of federal courts, in protecting mail trains and in preventing interference with interstate commerce. They are not there to aid the police in keeping order, or to co-operate for the same purpose with the State Guard. In order to justify such a use of them the request of Gov. Altgeld is needed.

PRESIDENT CLEVELAND signed the bill for the admission of Utah on the 17th. He has also assured Representative Joseph, of New Mexico, that he will sign the bill for the admission of that territory. There will be at least two new states by January 1st, and by the close of Mr. Cleveland's administration Arizona and Oklahoma will be states. Mr. Cleveland already has the honor of having signed the bills for the admission of more states than any other president. His list includes Washington, Montana and North and South Dakota.

## ARTIFICIAL CONDITIONS.

Last week Mr. Donald McInnes, than whom few men are closer observers, told the readers of THE DEMOCRAT-LEADER about the stability of commerce and industry in England. Mr. McInnes compared the restful contentment of the intelligent English workman with the unrest and the discontent of the same class of people in this country. And there is no use in denying the fact that such a comparison is always to the disadvantage of this country.

The fact is that every class of business in the United States is on an artificial basis. Artificial protection has made artificial prices and created artificial lines of industry. The producer who is favored by nature is taxed to maintain an industry less fortunate. The remedy for the evil effects of this has been to extend protection to those on whom the burden fell. This policy has been pursued until the whole business structure of the country is on an unsubstantial foundation.

The pressure on those engaged in a line of business that cannot be protected by a tariff, like agriculture, has been so great that finally the home market has been destroyed—the goose that laid the golden egg is dead. The greed of the protection barons was greater than their judgment.

OUR FRIENDS, the enemy, should not forget that the complaint of the people with the Democratic Congress is not that they have given us too little protective tariff, but too much. They are not likely to seek to remedy matters by asking for more.

THE Colored Teacher's Association, of Georgia, refused by a tremendous majority to adopt a resolution endorsing Ida Wells, the colored woman who is lecturing in England, in condemnation of the Southern white people for lynching negro criminals.

A ONE THOUSAND dollar bond stolen, too. Add that to the Burlingame steal, the $384 extra pay steal and the enumerable other steals of the old Republican county administration.

### The Fertile Quillayute.

County Clerk A. A. Richardson returned Tuesday morning from a trip to Beaver, Forks and other points in the great Quillayute country, and reports bountiful crops throughout the valley.

More particularly is this true of the hop crop. It is the most prolific and luxuriant growth he had ever seen. The vines are litterly laden with large full-grown hops, that have gracefully yielded to the unusual warmth of the weather and are rapidly maturing, being several weeks nearer perfection than they were at the same time last season.

The large two and a half story dwelling of Mr. L. M. Ford of Forks, narrowly escaped total destruction by fire on the 8th inst. The fire was, however, fortunately extinguished before very great damage had been done.

The board passed resolutions memorializing Hon. Wm. P. Watson to use his influence to have Township No. 29 N., Range 6 W., surveyed.

The Board adjourned to meet tomorrow morning at 9:30 o'clock.

SATURDAY, JULY 7.

The board met pursuant to adjournment. All present.

The minutes of yesterday were read and approved.

Ed. Wyman was appointed supervisor of Road District No. 35, vice J. B. Corbin removed from the county.

A delegation of the taxpayers appeared before the board of county commissioners and consulted with them as to the care of the county poor. After due consideration it was suggested that the taxpayers select a committee of three to advise with and assist the county commissioners in investigating into all applications for assistance. The suggestion was acted upon, and the taxpayers selected W. S. Morrisey, L. T. Haynes and C. W. Thompson, as a committee to act until the next session of the county commissioners.

Adjourned until 1:30 this afternoon.

AFTERNOON.

The Board met pursuant to adjournment, all present.

The board allowed the last bill in the case of the State vs. Frank Jones, before Justice Brewster.

C. W. Vail and others appeared before the board and asked that the county commissioners open up the Christopherson road for travel, and after due consideration it was ordered that the matter be referred to the supervisor of Road District No. 20.

The cost bill in the case of the State vs. Wm Ross was allowed.

The petition of Adam Reis and others for the board to cause certain work to be done in Road District No. 24, heretofore laid over, was taken up and it was ordered that the board cannot make any appropriation for said purposes.

The matter of the petitioners who appeared before the board and asked for work, which was laid over to be considered before the final adjournment of this session, was taken up and after due consideration it was decided that the county shall issue orders for provisions to those who, upon investigation, are found to be in actual need of the necessities of life, upon the stores in their locality.

The current expense account of the county auditor was examined and approved and a warrant ordered issued for $200 for said purposes to be accounted for in the usual manner.

Another delegation of citizens and taxpayers appeared before the board of county commissioners and asked that the county give them work on the county roads, and after due consideration it was suggested that this body of taxpayers also select a committee of three to act in conjunction with that selected this morning, whereupon they selected A. B. Hall, A. D. Baldwin and J. M. Grant as such committee.

It was ordered that the salary of W. Bramfield, deputy county auditor; R. V. Porter, deputy county clerk; the deputy county treasurer, and Mrs. D. W. Bryan, the clerk in the prosecuting attorney's office, be reduced 10 per cent., to take effect July 10th, 1894.

The board adjourned to meet Monday morning, at 9:30 o'clock.

### The Turpentine Works.

Messrs. Ewald and Kirstein of San Francisco were expected to have arrived from that city last Monday evening on the steamship City of Puebla, for the purpose of making a thorough personal examination of the turpentine works, in the interest of the German colony. But for some reason they did not put in an appearance. Mr. Ewald, the former manager of the works, is a staunch believer in the ultimate success of the experiment, and if Mr. Kirstein becomes favorably impressed the German colony will be willing to furnish the capital and labor to prosecute the experiment to a final issue.

For Women and Home.

This well-known journal, a union of four leading women's papers, has won its fame because it deals with what really interests the women of America. Fashions from the standpoint of good taste and economy Fiction of a pure and helpful kind. Music and Art suitable for non-professional tastes. Household hints written by practical women. Suggestions and aids for self-supporting women. It is a paper for women, by women, and its writers are among the most noted authors Every line is original, every engraving a gem.

It is a paper of to-day without espousing the great questions of religion, politics and temperence, it gives all the news regarding them. It is universally quoted by the press because its views and articles are bright and unique. Sent free to all subscribers to The Democrat-Leader paying one year in advance.

## LOCAL PARAGRAPHS.

Port Williams is a money order office.

The hegira to the lakes has fairly begun.

Mr. W. W. Dedman went to the lakes Tuesday.

Dr. Strother was at the lakes last Tuesday.

Father Fay returned from up-Sound Wednesday.

Mr. Hugh Barr of Beaver, was in the city Wednesday.

Mr. W. G. Strong of Townsend, was a visitor here Monday.

Mr. Jos. McKissick of Dungeness, was in the city, Tuesday.

Mr. J. R. Jewett returned from a trip to Seattle yesterday.

Miss Libbie Watt left on the Evangel for Victoria yesterday.

Mrs. Dr. Rockman arrived from San Francisco last Monday.

Mr. Benton Embree went to Seattle Tuesday on legal business.

Mr. R. H. Blake of Dungeness was a visitor here last Saturday.

Mr. and Mrs. Will R. Gay, of Seattle, were in the city several days this week.

Mrs. Laura E. Peters returned last Monday from a prolonged eastern visit.

Mr. Leander Butt returned from a visit to Seattle and Tacoma, Wednesday.

Mrs. Davis and Mrs. J. W. Garrison of Dungeness, were in the city last Friday.

Mr. and Mrs. S. L. Myers left yesterday for several weeks' outing in the mountains.

Mr. Thos. N. Basse, of the Washington Rubber Co., Seattle, was in the city Wednesday.

Mrs. R. C. Wilson and Mrs. W. L. Marquardt returned from the lakes Wednesday.

The bark Sea King arrived last Monday, inward bound from San Francisco to Nanaimo.

Next Sunday the Rev. Wm. Butler, of Port Gamble, will occupy the pulpit of the Congregational church.

The Rev. Richard Bushell occupied the pulpit of the First Congregational Church of this city last Sunday.

At the last meeting of the Lyceum-League of this city, it was decided to take a vacation until September.

Mrs. A. L. McClinton of Portland, arrived last Monday, and is a guest of Judge and Mrs. J. G. McClinton.

The ship Raphael from San Francisco, was towed in harbor by the Tug Tyee last Monday, bound for Nanaimo.

Mr. F. S. Morris, of Portland, Or., representing Morris & Whitehead, bond buyers, Denver, Colo., was in the city Wednesday on business.

The British tug-boat Hope cleared for Victoria Wednesday noon in tow of a scow with 840,000 shingles. The cargo was shipped by the Port Angeles Mill and Lumber Co.

Mr. H. C. Strong returned Wednesday via the Canadian Pacific railway, from a visit to his old home in Jamestown, New York. He says only those who have witnessed the strike have any conception of its magnitude and consequent disastrous effects. Throughout the East there is a veritable fruit famine. Fruit raisers have suffered enormous loss from fruit perishing on their hands, on account of the utter paralyzation of railway transportation and inability to get it to market.

Mr. A. N. Taylor returned yesterday morning from a trip through the Quillayute, having consented to visit the schools of the west end for County Superintendent Dorsey.

The board of school directors of this district held a meeting last Wednesday evening. The only business of importance transacted was to authorize a payment to the contractors of the Pine street school building.

Miss Kate Campbell of this city, sails for Alaska on the steamship Queen which leaves Townsend for the north next Sunday, where she will remain several months a guest of her brother.

The fishing sloop Nina Norden, Capt. McFenan, of Anacortes, arrived last Monday evening from a fishing cruise in Bering sea. She was not very successful, having only caught six tons of halibut.

Mr. T. H. Carter of this city returned last Sunday from North Yakima, whither he had gone several weeks before as a delegate to the Populist State Convention, having been unavoidably detained there by the strike.

Mr. Louis FitzHenry did not continue his journey homeward, but owing to the strike and gathering admiration for the delightful climate and magnificent scenery of Washington, changed his mind and decided to postpone his return to Bloomington until transportation matters are more settled.

Mrs. Kemper, the nom de plume of whom is Lulu Green Harten, a representative of the San Francisco Examiner, arrived last Monday evening on the steamship Puebla, en route for Alaska, where she will write a series of articles for that journal. Miss Harton will leave for the north on the steamship Queen, which sails from Townsend next Sunday.

The local lodge of the Independent Order of Good Templars adds new names to its membership roll at nearly every meeting. Last Wednesday evening the following candidates were initiated: W. J. Ware, W. J. Dick, A. J. Adams, H. Beardsley and B. Raymond. A literary entertainment and election of officers will take place next Wednesday evening.

## THE PORT ANGELES WATER CO.

### Petitions the Court to Temporarily Restrain City From Work on Fraser Creek.

The controversy between the city of Port Angeles and the Port Angeles Water Company has finally ripened into a pretty state of affairs.

The city for what it presumed to be good, sufficient and substantial reasons has steadfastly refused to enter into a ten years contract for water for municipal purposes exclusively from the Port Angeles Water Company at $7.50 per hydrant per month for the first twenty hydrants, the rate per hydrant per month in excess of that number to be $5.

As a measure of retaliation Mr. Chas. E. Mallette, manager of Port Angeles Water Company, some time since warned the city against infringing on the water privileges of his company on Fraser creek. As is generally known the city in the construction of its electric lighting water power pipe line, turns the waters of Little river into Fraser creek. At a point on the latter stream about 1300 feet above the dam now used in supplying the consumers of the Port Angeles Water Company with pure, fresh mountain water, the city has located and proposes to construct a dam to develop its water power. It was upon this proposed work that W. C. Williams, manager, was about to begin active operations, when the fact was made known that the Port Angeles Water Company had petitioned the court for a temporary restraining order, with the ultimatum of a permanent injunction unless an equitable settlement is effected in the meantime.

The matter of granting the temporary injunction will come up for the consideration of the court next (tomorrow) Saturday.

Mr. Mallette, on the part of his company, expresses a willingness to grant the city water privileges on Fraser creek, if the council evinces a disposition to act honorably with him. It is purely a business proposition. His right to the exclusive use of the waters of Fraser creek is absolute. And he purposes to jealously guard, protect and defend these rights.

The rights of the city are plainly manifest, and can be enumerated in a very few words: To the use of the waters of Little river As to Fraser creek it has no rights whatsoever Suppose the volume and quantity of water developed in both streams would prove inadequate to the demands of the consumers of the Port Angeles Water Company and to provide water power to operate the city electric lighting works, which would be sacrificed? Not the water company.

It has an acquired right to the use of the waters of Fraser creek as immovable as the laws of nature. That of priority first in time, first in right,

The city authorities have drifted, doubtless unconsciously, but nevertheless they have drifted into a tempestuous sea of legal complications and difficulties, without even a rudder, to say nothing of a pilot, to guide their frail bark.

Blindly and stupidly thousands of dollars have been expended in water rights and privileges sought which had already been legally acquired and occupied if not wholly utilized. How the council ever expected to legally appropriate and absorb rights already acquired by another is beyond comprehension. Whether or not a trap was cunningly laid for the council is not and doubtless never will be known. But the fact remains nevertheless that the city is entangled in a veritable spider-web, to which there opens but one means of escape—the ultimate ownership of the water system.

### Birthday Party.

The young friend of C. W. Fields agreeably surprised him last Wednesday evening, the occasion of his 21st birthday. The evening passed off enjoyably with games and charades. Refreshment were served. Those present were: Mr. and Mrs. Fields, Misses Jessie Banks, Alice Ware, Edith Cook, Mabel Crosby, Anna Fields, Pearl Gale, Dora Maggart, Lou Graves, Messrs. J. E Banks, W. J. Dick, W. J. Ware, Ben Raymond, A. S. McCormick, Roy McClinton, Ray McClinton, C. W. Fields, Lester Fields, Frank Cram, A. J. Cosser.

## AN OUTCAST FUNDING BOND.

### Ex County Auditor Baker Tries to Sell an Illegal $1000 Clallam Co. Bond.

Mr. F. S. Morris of Portland, representing the well known Denver bond buyers, Morris & Whitehead, was recently offered a Clallam county funding bond of $1000, of series "A" issued December 31, 1892. The woman who offered the bond stated that she received it from B. John Baker, ex-auditor of Clallam county in payment of a debt.

Mr. Morris' suspicions were aroused by the fact that the bond was numbered fifteen, while the financial statement of Clallam county showed that only $14,000 funding bonds were outstanding. Mr. Morris having occasion to come to the Sound, came to Port Angeles Wednesday to look the matter up. It was soon established to his satisfaction by the county auditor and the county treasurer that no bond "No. 15" had been registered in the treasurer's office, nor had Clallam county ever been paid for it.

These funding bonds were issued to take up the county fund warrants dated prior to May 15, 1891. The county treasurer delivered $14,000 bonds in payment for these warrants. But it seems that the chairman of the board of county commissioners and the county auditor had issued $15,000, ex-deputy treasurer Hickok maintains that but 14 bonds, of $1000 each were delivered to the treasurer, and the record bears him out, as but that many were registered, and as before stated, but that many were paid for. It was the intention of the board of county commissioners, Mr. Gray says, that the $15,000 bonds were to be delivered if warrants were taken up for that amount.

The evidence seems to indicate that Mr. Baker held out one of the bonds. Mr. Morris states that the interest cupon for interest due December 31, 1893, was clipped from the bond, but it has never been paid. It was done evidently, to make the bond appear genuine.

### For a County Poor Farm.

The board of county commissioners of Clallam County will be petitioned at the regular meeting the 2nd of August next, to provide for a county poor farm. The authority of the board to proceed in the matter under the state laws, is seriously questioned by many, as definite provisions have not been made for the purchase of and the establishment of a county poor farm.

The opinion is, however, maintained by many, that it would be not only a stroke of economy, but just and humane, to provide a poor farm where the poor, the unfortunate, the sick and the distressed would receive nurishing food, clothes and any medical treatment that they might require.

In any event it will do no harm to investigate the question, which is of such vital importance to the general public.

### Base Ball Contest.

There will be a friendly game of base ball between the Dungeness and Angeles clubs next Sunday afternoon at the west end grounds.

The following will be the respective positions of the local team:

Pitcher, Frank Sullivan; Catcher, H. Vail; 1st base, W. J. Dyke; 2nd base, F. O. Lamoreux; 3d base, J. A. Wilson, Shortstop, Morris Fisher; Right field, Jno. Culp; Left field, —— Poquette; Center field, Chas. Beam.

The position of the members of the visiting club is not known, but their names are as follows: Messrs. Joseph McKissick, Farewell, Bowker, Wood, Cline, Moss, A. Evans, L. Evans, Thompson. A spirited contest is anticipated.

### Off for the Lakes.

The grandeur of the scenery and the fine, warm weather of the past week or two, has attracted many visitors to Clallam's beautiful resorts, Lakes Sutherland and Crescent. Among the many who spent the past week at the lakes were Mr. and Mrs. Perry Wiley, Mr. and Mrs. S. S. McDonald, Misses Leila McDonald, Jennie Crockett, Maggie Fend, and Mr. H. B. Crockett.

### Garlick's Red Rose Potatoes.

Almost two years ago Mr. Garlick of Lost Mountain precinct, planted a few hills of the potato known as the California Red Rose, with the view of introducing it into this county if it proved to be a prolific bearer. His success was astonishing. He did not know but the "year" had something to do with it, so he tried it again last year. The result was even better than the first year. From his start of a few hills the year before he harvested about two tons last year, and had no trouble in disposing of nearly all he had to his neighbors at five cents per pound. He has placed a few sacks for sale with the Farmers' Mercantile Co., of Dungeness.

### AN INTERESTING DISCOVERY.

**An Adventurous Miner Runs Onto a Strange Prehistoric City.**

Manville W. Cresworth, an English mining man well known throughout southwest Mexico, arrived at Mapimi, Mexico, recently from a long overland journey through the Sierra Madre mountains, his starting point being Culican, near the Pacific coast, in the state of Sinaloa. He claims to have visited a section of country never before visited by a white man of the present generation, and that he discovered a large and beautiful deserted city.

He told the correspondent that the wonderful city is situated about 80 miles west of Lake Colorado, in the recesses of the Sierra Madres. It occupies a basin about 10 miles long by eight miles wide. Perpendicular cliffs surround the basin on all sides, rising to a height of hundreds of feet. The only entrance to the city is through a deep canyon, which has a width of about 30 feet. Mr. Cresworth states that he stumbled onto the secret entrance quite by accident. He gives a vivid description of the deserted city.

The buildings, he says, are constructed of redstone blocks resembling granite. The business blocks are two and three stories in height and are entirely different in architectural design from the structures built by the Aztecs and Spaniards. The streets are very narrow, but are laid out in regular order. In the city is a small park which is overgrown with rare flowers and tropical vegetation. He entered the business houses and decaying residences, but found very little of value except some remarkable and strange ornaments made of stone.

He believes that the city was looted at the time that it was deserted, whenever that may have been. No records or writings of any kind were found, nor did he discover any skeleton that would give an idea as to the race of people who at one time inhabited the city. None of the natives of that section of country had ever heard of the deserted city. Mr. Cresworth is making diligent inquiry of them. Mr. Cresworth's story is very startling and remarkable, but it is believed by those to whom he has related his experiences. He will organize an expedition to make a thorough exploration of the city.—St. Louis Globe-Democrat.

## Review of Seattle Market for the Past Week.

SEATTLE, July 18, 1894.

Exchanges at Seattle, Tacoma and Portland clearing houses to-day were:

| | Clearances. | Balances. |
|---|---|---|
| Seattle | $ 70,545.47 | $14,956.97 |
| Tacoma | 189,900.00 | 21,405.00 |
| Portland | 126,622.00 | 28,989.00 |

The local merchandise market was practically in the same condition yesterday as on the preceding day. The railroad strike is the great obstacle to business, and merchants are looking forward with considerable anxiety to seeing traffic resumed. The produce and fruit markets on West street are unusually lively, it being steamer day, and a large consignment was received. The fruit arrived in excellent shape and brought good prices. Grapes are arriving in great quantities and are of a splendid quality.

Cherries of the best grades are held a little more steadily. Dried fruits remained unchanged, and there is no trade movement.

Ranch eggs are held firm at the recent advance. Cheese is dull and the stocks are large.

#### The Most Successful Gas Engine

In the market is run without an electric spark battery. Theory is all very well, but the every day experience of constant practical use is the best of its merit. The man who runs a launch and finds himself drifting with the tide and wind because the "spark" fails to ignite the charge of gas in his engine; the man who prints a daily paper and fails to get it off on time because the "spark" again fails; the man who has fruit that is injured for lack of irrigation because "spark" fails in his engine that runs the pump not only such parties but others who have trouble from like causes should bear in mind that the Hercules gas and Gasoline engine is free from such difficulties. The ignition is simple and sure. Send for catalogue. If you want second-hand engines of other makes at cheap rates we can supply you. We have a number taken in trade and cannot take any more until these are realized on. PALMER & REY TYPE FOUNDRY, Front and Alder streets, Portland, Oregon.

HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR

RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.

DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure without medicine all of the above troubles. Those who suffer from Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints, and general ill health, the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unduly drained your system of nerve force and vitality—which is electricity—and thus caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money. Our 200 page book "THREE CLASSES OF MEN," should be read by every young, middle-aged and old man, sent sealed, free. Dr. Sanden's Electric Belt is no experiment as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our Belt.

WE HAVE CURED THESE—WE CAN CURE YOU!

GENERAL DEBILITY CURED.

San Francisco, Cal., August 14, 1892.

Dr. A. T. Sanden, Dear Sir:—Before I used your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bone-aching, etc.; since using your belt I have had a new lease of life. I now enjoy life better than I have for ten years past. I have the utmost confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 25 and 28 Turk St.

RHEUMATISM AND LAMENESS CURED.

Portland, Oregon, April 19, 1892.

Dr. A. T. Sanden, Dear Sir:—I got one of your belts two weeks ago for rheumatism, from which I suffered for several years. For the past six months I had not been able to work. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally. M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.

Tacoma, Wash., October 24, 1892.

Dr. A. T. Sanden, Dear Sir:—I have been using your Electric belt for general nervous debility, and to-day feel better than I have for five years. I have gained in vigor daily, and am strong in every part.

Yours gratefully, CHAS. LUTTKA.

LAME BACK AND RHEUMATISM.

Portland, Oregon, September 26, 1892.

Dr. A. T. Sanden, Dear Sir:—Years of exposure and hard work, combined with the strain coming from the jar of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not lift my back. It was all doubled up with it. I bought one of your belts. It helped me in the first two days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am as well to-day as I ever was in my life. I know your belt well, and I know lots of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did—the best remedy in the world. I am located here permanently, and will be glad to talk with any one who wants to inquire about it.

ROBERT BURNEL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH.

Lewiston, Wash., June 18, 1892.

Dr. A. T. Sanden, Dear Sir:—Since using your belt I have noticed a marked improvement in my health. I feel like a young man, my old energy is returning, and after a month's use of the belt I find myself twice as vigorous as before. My memory is now nearly perfect, and every day shows further improvement. I feel much stronger than before using the belt. Yours truly, ANDREW SCHULTZ.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or sleep, and it gives soothing, prolonged currents which are instantly felt by the wearer, or we forfeit $5,000. It has an Improved Electric Suspensory, the great boon to every man, weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken parts, or Money Refunded. They are graded in strength to meet all stages of weakness in young, middle-aged or old men, and will cure the worst cases in two or three months. Address for full information.

### Council Notes.

The mayor and all of the councilmen were present at the regular meeting Wednesday evening.

The official bond of Wm. Clements, port warden, was approved.

All proposals for a hose cart and hose were rejected as firms submitting them, would not accept city warrants in payment.

The bond of the Port Angeles Printing and Publishing Co., for the faithful performance of the city printing was approved.

The bonds due W. C. Williams, manager were, on motion, ordered deposited with Chas. E. Mallette, subject to the order of the finance committee.

The matter of leaving the assessed valuation of the city's electric lighting works for the year 1894 to the city tax collector, was referred to the electric light committee.

The council adjourned.

### The Weather.

Average rainfall since January 1, 14.76 inches for ten years.

Total amount of rainfall since January 1, 17.24 inches.

Total excess since January 1, 2.48 inches.

NOTE—Friday, the 13th inst. the max. temperature, reached 86 degrees being the hottest day since 1886, when the maximum thermometer recorded 88 degrees.

WM. BELL, U. S. Observer.

The world's fair entertainment that was to have been given by the lady reapers of the First Baptist church of this city, at the opera house on the evening of the 19th inst., has been indefinitely postponed.

Mr. W. L. Ketchum of this city, will leave about the 1st of next month, for a business visit to Chicago, Elgin, Ill., and Bloomington, Ill. He will be absent about three months.

It is understood that when the repairs will have been made to the steamer Garland she will succeed the Willapa on the Neah Bay route, instead of the Evangel on the Victoria run.

The steamer Evangel will take an excursion party to Victoria to attend the circus next Thursday, the 26th inst. The fare for the round trip will be only $1.

The great Pullman strike is practically settled. Last Wednesday 150 Hollanders resumed work in the Pullman yards.

### SERVIA'S STOCK TROUBLE.

**In a Muddle Over Who Shall Rule, While Milan Poses as a Patriot.**

The frugal Servians just now are torn by conflicting emotions. King Alexander and his erratic, disreputable father have managed between them to alienate what little love had been left in Servia for the Obrenovitsch dynasty, and if the Karageorgevitch pretenders were reasonably respectable and fairly disinterested they could obtain the throne without much difficulty. But Prince Arsene and Prince Peter are, in their way, not much to be preferred to ex-King Milan and his son. They are ambitious, autocratic, extravagant and heavily in debt, and their morals will not bear severe scrutiny.

They are surrounded by impecunious Russian nobles and loose people of both sexes, all of whom will have to be liberally provided for in the event of the Karageorgevitch restoration out of the national treasury, and, to crown their disadvantages in the eyes of the Servian farmers, they claim the retrocession to them of the enormous estates which were formerly the private property of their house, and which were confiscated to the state when the head of the Karageorgevitch family was assassinated and all his relatives were kicked out of the country.

On the whole, therefore, Arsene and Peter would be more expensive than Milan and Alexander. As the question is mainly one of money, the latter will in all probability remain in Belgrade, the establishment of a republic being entirely out of the question. Meanwhile Milan poses as a patriot. He pines for Paris and its supreme delights, which it is impossible to enjoy in semibarbarous Belgrade, but a stern sense of duty keeps him at his son's side. Privately he is haggling with the ministers as to the sum which shall be paid him to clear out. He has hinted that if his price be not paid he will have himself appointed generalissimo and inspector of the army and settle permanently in the country. The appalling prospect thus opened is likely materially to hasten a settlement.

### Went Mad on the Bench.

A case was being heard in a Berlin law court the other day, and the evidence of a lady was being taken, when suddenly, apropos of nothing in particular, the judge said sternly, "Do you like potatoes, madam?" Naturally the people in court were much surprised, and their surprise was intensified when the judge proceeded to make grimaces at the witness and to talk at random on incongruous subjects. The unfortunate gentleman had to be led from the bench and placed under the care of a keeper.—London Tit-Bits.

## Sheriff's Sale.
