VOL. 5. NO. 20. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, OCTOBER 5, 1894. PRICE FIVE CENTS

SUFFRAGISTS ORGANIZE

"Equal Suffrage League" Formed With Over Forty Members.

Pursuant to a call issued in the public press of Port Angeles, a large and intelligent audience of men and women, gathered in the city hall to consider the advisability of forming an Equal Suffrage League, on Tuesday afternoon last.

The meeting was called to order by Mrs. Lizzie Haynes, who, in a few well-chosen words, stated the object of the meeting.

The meeting was organized with Mrs. Lizzie Haynes as president and Mr. E. Burns as secretary.

The necessity of the proposed organization was fully demonstrated to the satisfaction of those present by a number of able and interesting speeches by Mesdames Foss, Jessie Haynes, McKay, McGregor, and Messrs. Gehrke, Dr. Vail Rev. Jonas Bushell and others.

The address of Rev. Jonas Bushell especially pleased the audience, as that gentleman, in his usual forcible and humorous manner, exposed the absurdity of the so called arguments against woman suffrage.

By unanimous vote of those present it was decided to form an "Equal Suffrage League." Over forty persons signed the roll as members. Permanent organization was then proceeded with by the election of Mrs. Lizzie Haynes as president and a full list of officers.

The meeting adjourned to meet Tuesday afternoon, October 16th, at 2:30 p. m., in the city hall. It is to be hoped that all persons, who are interested in this vital question, will endeavor to be present on that occasion.

Business Improving Rapidly.

"Business is improving so rapidly," says the New York World, "that Don M Dickinson predicts a fair Democratic majority in the next House. The business improvement is an excellent thing in itself, but a hopeful temperament is even more so."

Creditor's Sale.

The entire stock of general merchandise of C. C. Bartlett & Co., of Port Townsend, is now being sold for cash at COST or LESS to satisfy the claims of creditors.

This stock includes a large assortment of Wines, Liquors, Case Goods, Bitters, Cordials and Bar Stock of every description.

This is a RARE OPPORTUNITY for retail liquor dealers.

FIRST FOREIGN CARGO.

The Schooner W. F. Jewett at Dolan's Wharf Receiving

A CARGO OF TIES AND LUMBER

For Honolulu for Railway Construction on the Hawaiian Islands—A Number of Citizens Victimized Through the Sharp Practice of an Agent of a Portrait Company—Negotiating for a Lease of the Dry Creek Mill—Road Improvement.

The three-masted schooner W. F. Jewett, Capt. Johnson, is moored at Dolan's wharf receiving the first cargo of ties and structural timbers for railway construction on the Hawaiian islands.

She did not begin loading until Wednesday, having taken ballast Monday and Tuesday. The object of receiving ballast here was explained by the mate, who stated that just the ballast required could be obtained here with less trouble, loss of time and outlay than elsewhere, and the vessel would not be detained for that reason after having discharged her cargo at Honolulu.

She will take a cargo comprised of 650,000 feet of ties and structural railway timbers, the loading of which will require several weeks time.

Mr. W. H. Lambert of Port Angeles Red Cedar and Shingle Manufacturing Company, stated that they would be taxed to the utmost to deliver the remainder of the cargo to the Jewett without causing delay, but felt assured that they would be able to accomplish the task.

The Jewett will make the round trip to Honolulu, including the time required for discharging the cargo, in about sixty days.

Want to Lease Dry Creek Mill.

It is understood that gentlemen with sufficient financial resources are negotiating for a lease of the Dry Creek mill property, and are also endeavoring to secure stumpage right to the magnificent belt of timber embraced in the Colony tract surrounding these mills.

Should the pending negotiations reach a successful issue, it will be the purpose of the leases, Messrs. Logan & Evans, of Snohomish, whose mill at that place burned down last July, to materially increase the capacity of the Dry creek mills, both for the manufacture of lumber and shingles.

SIGN A PICTURE FRAME CONTRACT

A Number of Citizens Victimized By An Unscrupulous Agent.

Last spring a canvasser for the Rocky Mountain Portrait company was in this city and secured a large number of orders for portraits, the principal inducement being the remarkably low prices for the portraits which were to be enlarged from photographs. A deposit of $1.25 was taken with each order and a contract executed, the nature of which, subsequent events prove, was misrepresented to the signer. The contract bound the signer to purchase a frame from that company.

A few weeks ago agent No. 2 arrived in the city to take the orders for the frames. The fact was then for the first time disclosed that they were victims of sharp practice, as agent No. 2 presented to them the frame contract, the careful perusal of which plainly evidenced that they had bound themselves to purchase the frames. The demand of agent No. 2 for a deposit on the frames elicited from the duped purchasers a shower of epithets, which most forcibly suggested to the agent that he was regarded as a prince of swindlers. It is almost needless to add, the agent returned to Victoria without having succeeded in collecting any deposits.

A letter followed, having been written by the Rev. Jonas Bushell, of this city, requesting an explanation, as the latter believed the company a reputable one.

An early reply came from the Berlin Portrait company, which had subsequently succeeded the Rocky Mountain Portrait company. Briefly it stated the company exceedingly regretted being impelled to the admission that experience had taught them that agents were not always to be relied upon for truth and honesty. The reverend gentleman was assured, however, that a representative of the company would be dispatched to this city as soon as possible, for the purpose of satisfactorily adjusting existing differences.

A Necessary Improvement.

The county commissioners have very sensibly appropriated $150 with which to repair the Klaunig road, this with the slabs and sawdust contributed by Mr. Lambert, will put the road in a passable condition.

This public highway is doubtlessly traveled as much as any other county road, and will be subject to constant and heavy traffic during the winter season, as it is the outlet for the Red Cedar Mill Company, which has now and will have during the winter months quite a number of teams employed hauling the ties and lumber to fill the Hawaiian order.

State Central Committee.

The state central committee elected is as follows: Adams, S. H. Watkins; Chehalis, W. L. Adams; Clarke, A. T. Chapman; Clallam, Thomas Malony; Columbia, J. E. Edmiston; Cowlitz, J. W. Palmer; Douglas, John James Graves Franklin, Robt. Gerry; Island, Jacob anther; Jefferson, Chas. A. Dyer; King, John Collins; Klickitat, Hiram Dustin; Kittitas, J. E. Wegner; Kitsap, Ira C. Rockwell; Lewis, M. L. Holbrook; Lincoln, R. A. Hutchinson; Mason, W. R. Lotz; Okanogan, Frank Reeves; Pacific, Chas. De France; San Juan, George A. Ellsperman; Skamania, E. J. Hogan; Snohomish, John W. Frame; Skagit, Frank Quimby; Spokane, H. T. Jones, Stevens, H. L. Lillienthal; Thurston, J. Miller Murphy; Walla Walla, John P. Kent; Wahkiakum, C. W. Waters; Whatcom, E. J. Hill; Yakima, H. J. Snively. Henry Drum, of Pierce, chairman.

Chas. De France was elected secretary but subsequently he placed his resignation in the hands of Chairman Drum. Mr. De France's services, however, will be retained until his successor can be elected.

Democratic State Executive Committee.

Chairman Henry Drum has appointed as the Democratic State Executive committee the following-named persons: Hon. John Collins of King county, Seattle; Judge E. J. Hill, of Whatcom county, New Whatcom; Thos. Malony, of Clallam county, Port Angeles; M. L. Holbrook, of Lewis county, Chehalis; H. T. Jones, of Spokane county, Spokane; Jno. P. Kent, of Walla Walla county, Walla Walla; Hon. H. J. Snively, of Yakima county, North Yakima.

Under the provisions of the same resolution the officers of the state central committee were made members of the executive committee, ex-officio. These are Henry Drum, Chas. DeFrance secretary, and A. V. Fawcett, treasurer.

Unsatisfactory Mail Schedule.

The new mail schedule on route No. 71109, from Collins to Beaver, is quite a complicated affair and the clerk that made it out must have been on a "jamberee" the night previous. According to the new schedule Mr. Jacobson must leave Collins Tuesdays and Saturdays at 1 p. m., and arrive at Beaver at 3 p. m.; leave Beaver Tuesdays and Saturdays at 10 a. m., (or after arrival of mail from East Clallam), and arrive at Collins in two hours. Just how he is going to make it on schedule time is a corker. They evidently intended to have it read to leave Collins at 10 a. m., and arrive at Beaver at 12 noon; leave Beaver at 1 p. m., (or after arrival of mail from East Clallam), and arrive at Collins in two hours. Steps have been taken to have it corrected.—Beaver Leader.

The "Day of Atonement."

The celebration of Yom Kippur, "Day of Atonement," will commence at 6:30 o'clock on the eve of Tuesday, October 9th. Yom Kippur is recognized as the most solemn day of the Jewish church year. The observance of this day demands a strict abstinence from food and drink and an uninterrupted confession of sins, prayers, and forgiveness and offerings of atonement. There is, however, a difference in the observance of Yom Kippur between the othodox and Reformed Jews. The former do not touch a morsel of food nor a drop of water for 24 hours, and recite all their prayers in Hebrew. The Reformed Jews have to a large extent done away with the rabbinic ceremonies and modern services introduced. Many of the Reformed Jews fast, while others do not.

No Ball Game

Owing to the inclemency of the weather the match game of base ball which was to have been played on the west end grounds in this city, between the Dungeness and local clubs, was indefinitely postponed.

The inconsideration of the weather was sincerely regretted, as the game promised to be close and interesting.

The local club had been materially strengthened with an experienced pitcher, and the boys were fairly confident of winning the game.

The Dungeness team, however, have quite thoroughly demonstrated that they could play a pretty strong game and in the former contests were more than the equal of the local club.

The social dance given last Saturday evening in the opera house, in honor of the visitors, was quite largely attended and proved a very enjoyable evening's pastime.

The work on the Washington Fur Company's addition to the store is progressing nicely. This is an improvement that has been needed for a long time.

Jos. P. Fallihee, observer of the weather bureau at Pysht, is expecting to be removed to East Clallam to take the place of R. S. Dimmick, who intends going to New York.

Dr. A. Sparks desires to thank those who so willingly tendered their assistance in the erection of his new house. It was greatly appreciated by him as it would otherwise have taken several weeks to have built it, and as the rainy season is now about here it would have been very disagreeable.

The rains seem to have set in earlier than usual this year. The long, dry summer is probably the cause of it. They tell us that we must have a certain amount of rain in this country each year, and when we have a long dry summer we invariably have an over dose of rain in the fall and winter.

The San Francisco hunters who have been up the river recently hunting elk and deer succeeded, we hear, in bagging two fine bull elk and one deer. It is gratifying to hear that none of the meat was allowed to spoil, but that the settlers in that neighborhood were notified as soon as an animal was killed and came and secured it at once.

Lieutenant Shunk, U. S. C. E., spent six days at LaPush. He was sent here to examine the Quillayute river and harbor. Mr. Shunk expressed it as his opinion that the harbor at La Push could, at a comparatively small cost, be so improved that coasting vessels and steamers could enter at almost any time.

Mr. Soderstran began picking his hops Wednesday and several Beaverites are trying their hand at the business. The price of hops this year is a great disappointment to our hop raisers as it hardly pays to gather them, even at the low price paid for picking. It is to be hoped, however, that hops will take a rise soon, and let our hop men out with at least a small compensation for their toil this year.

COUNCIL ELECT A MAYOR

To Fill Vacancy Created by Removal from the City

OF MAYOR FRANK M'GILL.

Councilman Beam the Mayor Elect—Robt. E. Shields Elected Councilman-at-Large to Fill Vacancy Created by the Resignation of Beam—The County Commissioners in Session—Transact Important Business—Precinct Boundaries Changed.

The council met in regular session last Wednesday evening, with Councilmen Graybill, Carver, Krueger, Beam and McLaughlin, present. In the absence of Mayor McGill, Councilman Krueger was called to the chair.

The statement for August of the manager of the city's electric lights, was read and referred to the finance committee.

A communication from U. S. Commissioner S. W. Lamoreux, acquainted the council with the fact that it will be necessary, before the patent for the suburban blocks granted by the general government to the city of Port Angeles for a public cemetery could be issued, for the duly elected and qualified municipal authorities of the city of Port Angeles to make a formal application for said patent, and to accompany such application with the proper proof of their election or appointment to office, and of their authority to receive said patent. For the foregoing reason the application formerly made by the council for said patent was rejected.

The council confirmed the appointment of Frank Dustman to act as city marshal during the leave of absence granted Marshal McGregor.

A petition from second hand dealers was read, which requested that they be exempted from the payment of license. The marshal was instructed to not enforce the ordinance relating to the license regulating second hand dealers, for a period of six months.

The resignation of Wm. Clements as port warden was read and accepted.

County Auditor Troy submitted a statement showing the amount of valuation of real and personal property situated within the corporate limits of said city to be, $715,280, which is required in determining rate of levy of municipal taxes for 1894.

D. N. Vasilatos' request to construct street crossing from his place of business at his own expense, was granted.

James Fitzgerald was granted permission to remove his saloon business to the Morse-Thompson building on Front Street.

A petition with 159 signatures, the prayer of which was that Norman R. Smith be appointed mayor for the unexpired term of Frank McGill, was filed.

Street commissioner Gilmur submitted a report in which he states that an outlay of $200 will be required to put the Elwha road in passable condition. The council authorized the commissioner to expend $150 in repairing this road, providing the settlers in the valley contribute $50 in labor.

Councilman Graybill introduced a resolution which was adopted, declaring the office of mayor, of the city of Port Angeles vacant.

City Attorney F. O. Lamoreux submitted a written opinion, the substance of which was that the council possessed legal right, in the event of a vacancy occurring, to elect a mayor to fill unexpired term, and that to avoid legal complication it would be far safer and better to elect said officer from among the councilmen.

The name of Councilman J. E. Beam being the only one placed in nomination the council proceeded to vote, whereupon the ballot having been taken it resulted in the election of said J. E. Beam as mayor.

The council then proceeded to fill the vacancy of councilman-at-large created by the resignation of J. E. Beam.

The name of Robt. E. Shields was placed in nomination. The council proceeded to vote, whereupon the ballot having been taken it resulted in the election of said Robt. Shields, councilman-at-large. The council adjourned.

THEY ARE RETREATING.

The New York Republicans have declared against further tariff legislation, and in unison with this declaration is developed a united effort to sidetrack Governor McKinley, and the investigation of a boom for Tom Reed.

Many leading Republican papers from Maine to Washington have within the last two weeks contained leading editorials endorsing Tom Reed. Thursday, the P.-I. came into line, and declares that McKinley is far inferior to Reed.

Why is all this? Are the Republicans afraid of the tariff issue?

Do they see the approach of good times, and fear the result to the g. o. p.? Or are they well satisfied with the treatment of the trusts by the last senate?

The Republican leaders are attempting to retreat from the McKinley barracks; whether they will make a stand behind the trenches of the trusts or not, the Democrats have nothing to fear. The Democratic party everywhere has declared for a continuation of the war against the trusts, and for a gradual reduction of the war tariff. Let the fight proceed.

THE DUTY OF THE HOUR.

The paramount duty of the hour confronting the local Democracy as well as the voters of Clallam county is to labor zealously for the triumph of good government.

In the light of past experience Republican administrations of the affairs of Clallam county have chiefly been characterized by wonton extravagance and shameless betrayal of public trust.

This element again seeks to secure control of the county, not for the county's good, not in the interest of economy, not to labor for lower taxation, but for party dominance and personal advantage.

It is not a function of government that benefits derived therefrom should entirely accrue for private gain.

The enormous load of taxation which overburdens the taxpayer of the county, is the result of Republican profligacy.

These public funds were not expended in defraying the legitimate expenditures of the county government, economically administered, but were ruthlessly squandered in public road contract steals, delinquent tax list steals and in extravagant and loose public expenditures.

Think of it! Fifteen thousand dollars of the public funds have been squandered in this manner.

Can the voter again afford to trust men who have once so shamefully betrayed him?

Consider the abandon of that prince of public plunderers, who filched nearly three thousand dollars from the pockets of the taxpayers of the county to publish the delinquent tax list, and who again has the brazen effrontry to presume the taxpaper will heed his hypocrital advice.

The duty of the hour, voter, is to most emphatically repudiate these shameless public plunderers.

EDITORIAL ADVERTISING.

The citizens of Clallam county should bear in mind that from all appearances the Tribune-Times has been paid for its support of the Republican ticket. Its editorial columns are nothing more nor less than advertising space, that has been bought and paid for at a handsome price.

It has been known, in fact, that since its establishment the editorial page of the paper has, at all times, been on tap for those who are willing to pay for it.

Can such a paper as this expect to wield any influence in the coming campaign.

THE Democrats propose to elect the ticket which appears at the head of these columns, the Republican advertiser to the contrary notwishstanding.

THE Tribune-Times seems to relish its crow. It is probable, however, that it is the handsome price it was paid for supporting the Republican ticket that it relishes most.

THE Tribune-Times defeated every man whom it supported for a Republican nomination, and it will undoubtedly contribute largely to the election of the Democratic county ticket by its support of the Republican ticket.

THE advertiser in the editorial columns of the Tribune-Times need not worry about the Democratic senatorial nominee and his newspaper support. Mr. McInnes is a man whom all the Democratic and independent newspapers in the senatorial district can and will support without being paid for it.

WHY is it that no Republican orator attempts a defense of the McKinley bill, the Sherman bill or the other Republican bills that have been repealed by the Democratic administration? Is the party repudiating its own record? It certainly seems that the old Republican party is without an issue. It is either this, or the party is afraid to stand on anything.

EVERYWHERE comes word of business improvement. Everywhere can be found words of praise for the Democratic tariff bill, the only faults with which can be directly charged to the Republican party which stood at all times for a higher tariff on everything in the retention of the McKinley bill, which confessedly was the best measure for the trusts that was ever on the statute books of the nation.

That Sad Refrain, 16 to 1.

An old-time Republican, J. Hannum Jones, of the Nooksack Reporter, bewails the hypocracy, practiced by his party in the adoption of the 16 to 1 silver plank, in the following expressive manner:

"The last place on earth that a political body should convene in to discuss its polity is, a town whose people are an absolute unit on a heresy which the party cannot accept without tearing whole pages out of its history. That was the blunder made in holding the convention in Spokane. These people have laid aside their bibles, prayer books and hymnals, as well as the traditions of party and morning, noon and night there is nothing thought, said or done that doesn't begin with the refrain "16 to 1." They have two candidates in this town for U. S. Senator, their adorable John L. and our esteemed namesake, the Attorney-General, and both of them are sure of election, 16-to-1. When we went to bed the elevator boy gave us a racket on 16-to-1, when we wrapped the "drapery of our couch' about us, we failed to capture pleasant dreams because of the eddying clamor in adjoining rooms for 16-to-1, and in the morning 'Boots' assured us he was in favor of 16-to-1 'ebery time.' Major Cole, Jesse Frye, John Loveall, Harry Fairchild and R. L. Kline were snubbed by all the girls at Spokane because they were heard in chorus to 'damn 16-to-1.' A cabby refused to drive the writer for saying 16-to-1 was poison to our blood. C. G. Cole remarked in a street car he was tired of 16-to-1, which made a youngish woman order the car stopped, and as she was leaving it cast such a look on him that turned every unbleached hair on his head gray. 16-to-1 was in the air we breathed, the food we ate, the water we drank; it disturbed sleep and meditation; it was a sweet morsel to Spokane tongues, and all her tongues were rolling it off and rubbing it in 16 hours to the 24. From another such experience good Lord deliver us."

The good time is a-comin'—you must meet it if you can—
When the office with the lantern will go looking for a man!
And the man when caught and taken by a whirlwind of surprise,
Will not leave his friends forsaken, and resign before he dies!
—Atlanta Constitution.

THE DEMOCRATIC PLATFORM.

The Democratic Party of Clallam county, Washington, in convention assembled, do hereby make and promulgate this, their platform and principles:

We, the representatives of the Democratic party of Clallam county reaffirm our allegiance to the grand principles of Jeffersonian democracy believing that good government can be brought about only by a strict adherance thereto.

We heartily endorse the efforts of President Cleveland and the house of Representatives, together with those members of the United States Senate who remained true to the last Chicago platform, in their earnest efforts at the destruction of the McKinley robber tariff; which earnest and noble efforts were so corruptly and shamefully impeded, and where possible, thwarted by the large Republican minority allied with a few political motebanks, who have stolen the livery of Democracy in which to serve their Republican masters.

TARIFF.

We are in favor of a tariff for revenue only, sufficient to furnish necessary funds for the efficient conduct of our government economically administered. For the abolition of all tariff taxes upon the common necessaries of life and raw material, and we heartily endorse the income provision of the Wilson bill.

FINANCE.

We favor the free coinage of both gold and silver, the latter at a ratio of sixteen to one, and demand that all money be a full legal tender for all purposes, to the end that there shall no longer be one kind of money for the capitalist and another for the poor.

We favor the enactment of laws requiring county treasurers to receive all county warrants for taxes due said counties or any municipality therein of which municipality such treasurer is ex-officio tax collector irrespective of the date of their issue, such laws to run for a term of years safely sufficient to extend beyond the present hard times.

We demand the repeal of the iniquitous statutes enacted by the last legislature, which permits attorneys to issue summons without the seal or sanction of a judicial tribunal, to serve the same, and collect and retain the fees therefor, thereby depriving the county treasury of of the cost of said issuance and service, though the cost of to litigants is not lessened thereby, and the taxpayers of the several counties of the state are compelled to keep and pay officers whose duties are to issue and serve such paper.

We favor the enactment of laws confining the salaries of all county officers who collect fees from the public for their services within a reasonable amount and in no case to exceed the actually collected by them, thereby relieving the overburdened people from the payment of salaries to such officers or their deputies out of the county treasurer.

We urge the enactment of laws prohibiting the recovery of deficiency judgments by money lenders upon the foreclosure of real estate mortgages.

We favor the election of United States Senators by a direct vote of the people and pledge the nominees of this convention to do all in their power to help bring about such legislation as will carry this resolution into effect.

We demand the passage of a maximum expense bill law governing the expenditures a candidate for any office may make in conducting his canvas and rigid enough to disqualify any one violating it, thus placing a poor man on an equality with the rich man when canvassing for an office.

We deplore the existence in our state and county of powerful political rings who seek to control the affairs of government for the benefit and aggrandizement of their members by the distribution of their offices, and of money where they will "do the most good," the the machinations of which are responsible for the disgraceful proceedings which have characterized the Republican primaries and conventions in Clallam county and other positions of this state.

We most earnestly condemn the present iniquitous delinquent tax law and pledge ourselves to the enactment of a law whereby no delinquent tax shall bear a greater interest than eight per cent. per annum, nor a heavier penalty than two per cent. and make the period of redemption of land sold for taxes not less than ten years.

We condemn the Republican party for its useless waste of time and the people's money during the session of the last legislature in attempting to elect a United States senator.

We condemn the action of the present governor in his attempt at packing the state capitol commission in the interest of jobs and jobbers.

We condemn such class legislation as will provide a cash warrant for an official, and a depreciated warrant for the common laborer.

Saved Her Life.

MRS. C. J. WOOLDRIDGE, of Wortham, Texas, saved the life of her child by the use of **Ayer's Cherry Pectoral.**

"One of my children had Croup. The case was attended by our physician, and was supposed to be well under control. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breathe. Realizing that the child's alarming condition had become possible in spite of the medicines given, I reasoned that such remedies would be of no avail. Having part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses, at short intervals, and anxiously waited results. From the moment the Pectoral was given, the child's breathing grew easier, and, in a short time, she was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved her life."

More Amusing Than Imperative.

It is, indeed, refreshing, that one Republican has the courage, the honesty and the independence to declare the action of the recent Republican convention on the silver question, was the "endorsement of a plank its conscience repudiated."

You always admire an honest and a courageous man, even though he entertains an opinion on public issues diametrically opposite to your own.

Mr. J. Hannum Jones, editor of the Nooksack Reporter, a Republican journal, says:

"Had the yielding delegates met the advances, entreaties and threats with the same defiance that Whatcom county did, the Republican party of Washington would have been spared the humiliation of endorsing a plank (the silver plank) it conscience had repudiated.

"As this platform boldly declares "we UNRESERVEDLY endorse' the Republican national platform of 1892, and as the silver plank adopted that year, was then, is now, and must remain the party's utterance until altered or revoked by the national convention of '96, we shall treat the Spokane somersault as an acrobatic accident more amusing than imperative. Being a good Republican we stand for fair-coinage."

California, empire of the Pacific, salutes the world. Her Midwinter Fair closed in a midsummer blaze of glory Second only to the Columbian Exposition in extent, variety and splendor, the coast display was a veritable triumph. Out of her abundance the state poured her treasures—and the nations of the earth came to aid her in her noble exhibition.

Memorable were the exhibits—of gold and silver, of wheat and oil, of fruit and wine, of silk and wool—of all that man and nature could combine to produce. And no exhibit attracted more attention or excited warmer approval than that of

Official tests showed it to be highest in leavening power, purest in quality, and most efficient in results of all baking powders made. Accordingly, the Highest Award and Gold Medal were conferred on Dr. Price's at the Midwinter Fair.

The triumph at San Francisco confirms the victory at Chicago. The Midwinter Fair verdict sustains and vindicates the bestowal of highest honors on Dr. Price's by the jury of awards at the World's Columbian Exposition.

Astonishing Low Prices.

Retiring from business—the entire stock of clothing and dry goods, ladies and gents' furnishings, hats and shoes, must be closed out in ninety days, desiring to engage in the wholesale manufactures business in New York we are making history with this grand stock. People are going to talk for a long time about the goods and prices they got of us in the fall of 1894. We are in earnest we offer the opportunity of a lifetime. All departments are well stocked. The styles are right, the qualities excellent and the prices are going to set everybody talking about the U. S. Clothing and Dry Goods House, Port Angeles, Wash.

Notice for Publication.

United States Land Office, Seattle, Wash., Sept. 7th, 1894.

Notice is hereby given that in compliance with the provisions of the Act of Congress of June 3, 1878, entitled, "An Act for the sale of timber lands in the states of California, Oregon, Nevada and Washington territory," as extended to all the Public Land States by act of August 4, 1892,

JAMES G McCLINTON,

of Port Angeles, county of Clallam, state of Washington has this day filed in this office his sworn statement No. 6469, for the purchase of the Lots 2 and 3, of section No. 28, in township No. 30 north, range No. 9 west, and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes and to establish his claim to said land before the Register and Receiver of this office at Seattle, Washington, on Thursday, the 29th day of November, 1894.

He names as witnesses: Edward A. Barnes and Paul Barnes, of Fairholme, and Arthur A. Smith and William W. Dedman, of Port Angeles, all of Clallam county, Washington.

Any and all persons claiming adversely the above described lands are requested to file their claims in this office on or before said 29th day of November, 1894.

W. C. T. U. ITEMS

BY MRS. C. B MAXFIELD.

For God, and home and native land.

The W. C. T. U. pledge: "I hereby solemnly promise, God helping me, to abstain from all distilled, fermented and malt liquors, including wine, beer and cider, and to employ all proper means to discourage the use of and traffic of the same."

The women of Norway now have a vote on the liquor interests.

This deadfall curse of intemperance which the W. C. T. U. are banded together to fight to the death is come to be treated by all right thinking persons as a gigantic evil. Thousands upon thousands of happy homes are being wrecked by legalized wreckers, and today thousands of wives and mothers are weeping at their broken altars and crying out, "How long, Oh! God, must this curse rest upon our fair land?"

The agitation of equal suffrage in New York, though it has ended in temporary defeat, has done much to hasten the day of triumph. If "our friends the enemy" think that this temporary defeat will have a tendency to discourage us, they delude themselves.—Union Signal.

Do you realize dear friends what a fast age we are living in? Everything goes with a rush, we have gone away beyond the things of former times. Today we have lightening lines of telegraph on land and beneath the ocean wave, lightening presses, conveying to us daily the news from foreign lands, lightening trains Bear us in a short time to other climes. We also have lightening whiskey warranted to do its deadly work with great rapidity. Fifty years ago, three bushels of corn were required to make one gallon of whiskey, now by the aid of strychnine and other delicacies similar to it, one bushel of corn makes three gallons of whiskey. It took our forefathers thirty or forty years to bring on delireum tremens, but now, the improved facilities will produce a good crop of confirmed drunkards, idiotic and insane people in a very few years. We see on every hand that while our country is advancing with great rapidity in everything which tends to make us a better and more prosperous nation in many ways such as building railroads, taming, tightening, harnessing steam and plunging into untold enterprises that the gigantic evil of the liquor demon is pushing his way along with relentless force, hence we see everywhere the need of activity and earnestness being utilized to keep back the tide of intemperance which threatens to destroy us a nation and while we have no hopes of saving the man who is already steeped in the vile stuff let us do all we can to save the youth of our land, that he may shun the intoxicating cup and hate the traffic which destroys both soul and body.

There are ten chances for our boys to become drunkards where there is one chance for them to become intelligent men with traps set

M. Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of **Ayer's Sarsaparilla**: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg, from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking **Ayer's** Sarsaparilla, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

Proposed Constitutional Amendment.

Notice is hereby given pursuant to the provisions of an Act of the Legislature of the State of Washington, entitled "An Act to provide for voting on a constitutional amendment at the general election to be held in November, 1894, relative to the investment of the permanent school fund," approved February 6, 1893, that the following amendment to Section 5, of Article XVI, of the Constitution of the State of Washington will be submitted to the qualified electors of said state for their approval at the next general election:

Section 5.—None of the permanent school fund of this state shall ever be loaned to private persons or corporations, but it may be invested in national, state, county, municipal or school district bonds." That there shall be printed on all the ballots supplied for said election the words, "For proposed amendment to Section 5, Article XVI, of Constitution, relative to investment of permanent school fund. Against proposed amendment to Section 5, Article XVI of Constitution, relative to investment of permanent school fund." At said election each elector shall vote for or against said amendment by crossing out part of the ballot in such a manner that the remaining part shall express his vote on the question submitted.

IN WITNESS whereof I have hereunto set my hand and affixed the seal of the State, this 24th day of July, 1894.

Review of Seattle Market for the Past Week.

SEATTLE, October 4, 1894.

Exchanges at Seattle, Tacoma and Portland clearing houses to-day were:

	Clearances.	Balances.
Seattle	$106,962 57	$23,462 13
Tacoma	111,305 00	21,724 13
Portland	254,776 00	33,622 00

In the hay, grain and feed market trade is fairly active, but prices are not at all satisfactory to the farmers. Hay is a little stiffer, there being a strong inclination to hold on to their crops among all the ranchers who can afford to do so. This has been a poor year for oats, very few coming up to the standard required by the California buyers, and while the crop is by no means up to the average in quantity, the fact that nearly all will be sent to the local markets instead of only about half, as is generally the case, will have a depressing effect upon prices. Wheat is more plentiful than it has been for some time past, but prices are still firm.

All kinds of fish are scarce, halibut being especially so, while salmon, which have been plentiful up to the present time, were almost out of the market yesterday. The business of shipping fish east is gradually improving. More will be shipped this year than last in spite of the fact that catches have been as a general thing poor, and nothing like equal to last year's or that of the year before last.

Business has been fairly good in the produce market, all fruits that are in season at this time of year being in good supply, with a moderate market. There are still plenty of peaches on the market, but the season is very nearly over and some now on the market are rotting. The best quality are worth 75 cents per box, while inferior kinds are quoted at all prices. Blackberries are of first class quality, but the demand is poor and prices are in consequence low. Apples are coming in freely with prices holding up well. There is a large supply of California and a fair quantity of Concord grapes on the market, but the demand is brisk and the market is strong. Plums and prunes are growing scarce. Very few of the best quality are now to be seen.

Among the vegetables, cabbage is coming in very freely and prices have stiffened somewhat. Tomatoes are still coming in in fair quantities from local points with the market a little weak. Cucumbers are about out of season, but a few are still coming in with a light demand. Pumpkins sell slowly for some unexplained reason, and the market is well supplied. The lumber market is more active than for some time past, though prices are still low. The majority of orders are from foreign ports.
