Wreckage Off Cape Flattery.

Much speculation is being indulged in by shipping men, relative to the identity of the wreckage of a vessel reported off Cape Flattery last week. All of the coasting vessels that have been out any length of time, have been accounted for, and the absence of floating lumber causes an impression to prevail that a coal laden vessel has gone down. Some ship captain believe, however, that the late southern winds have driven the wreckage of some old wreck up from down the coast. It is not an uncommon occurrence at this season of the year for vessels to report floating wreckage of the Cape. Many shipping men believe, also, that subsequent developments will prove that no vessel has met with disaster.—Record.

THE DIAMOND DRILL

Has Arrived and is Now on Exhibition.

A ROUSING MASS MEETING

Will Be Held in the Opera House This Evening to Complete the Bonus—The Coal Syndicate Evidence Good Faith and Doubtless Will Receive Substantial Encouragement—Government Surveys in Western Clallam.

The coal proposition has passed through all of the vicissitudes possible to attend any public enterprise confronted with suspicion and doubt on the one hand and apathy and indifference on the other, with but few ardent supporters to fight its battles.

The promoters have, however, labored industriously during the past sixty days to raise the $10,000 bonus and to secure mineral grants to 2,000 acres of land, and of the former have only succeeded in obtaining $4,000, while the mineral grants are practically secured.

At a special meeting of the Board of Trade, held last Thursday evening, Mr. M. J. Carrigan announced that after consultation with his co-workers, they had decided it to be advisable and an evidence of good faith to bring the drill to Port Angeles. Agreeable therewith Mr. Carrigan would leave the following day for Nanajmo, charter a steamer and bring the diamond drill to the city.

Yesterday a telegram from Mr. Carrigan was received by Col. Coolican, stating that the steamer Angeles had been chartered and would leave Nanaimo with the drill early yesterday morning and arrive in this city the evening of the same day by seven o'clock.

A special meeting of the Board of Trade was called yesterday afternoon by Col. Coolican for the purpose of arranging for a mass meeting in the opera house this (Friday) evening, at 7:30, and making such other arrangements as might be deemed advisable.

A committee of five was appointed by the chair to confer with Messrs. Van Lehn Bros., regarding wharfage accommodations, Mr. W. H. Van Lehn was approached on the question of wharfage rates, who very generously tendered the use of the wharf free for the storage of the drill.

A committee was also appointed to make arrangements for the public mass meeting of Friday evening. The object of the mass meeting is to appeal to the property owners to complete the bonus.

In bringing the drill to the city the promoters have evidenced good faith, and will no doubt be accorded generous encouragement.

Government Surveys in Western Clallam.

Mr. Henry W. Newby, of Washington, D. C., U. S. Inspector of Government Lands, reached the city late last Monday afternoon, having completed the inspection of government surveys in the Dungeness country.

Mr. Newby's party is comprised of three assistants and three pack horses and the point of destination is the western portion of the county, where recently completed surveys of government lands will be inspected.

The examination of these lands will require at least two months' time.

SCHOOL CONTROVERSY SETTLED.

Miss Guptill Remains in the Central School—Miss Troy Engaged.

At a special meeting of the school board held last Wednesday evening for the purpose, among other things, of further consideration and amicable adjustment of the differences existing between the directors and the superintendent, the contest having been waged over the question of authority in assigning teachers to duty, either side claiming the right to act independent of the other.

As was stated in last week's issue of THE DEMOCRAT-LEADER the superintendent had assigned Miss Guptill the eighth grade in the Central school. The directors denied the authority of the superintendent to assign teachers to duty, maintaining that the rules and regulations adopted for the government of the city schools delegated to them the power so to act and they had especially engaged Miss Guptill for duty in the Lincoln street school. The pupils, however, of that grade expressed a decided and almost unanimous preference for the retention of Miss Guptill as their teacher.

At a former meeting the board was prevailed upon to abide the wishes of the taxpayers. If a majority of the solid taxpayers of the district would petition the board to retain Miss Guptill in the position, which would necessitate the service of an additional teacher, the board would accede to the demand.

A petition with that purpose in view was circulated last week and generally signed by the representative taxpayers of the district, the signatures affixed thereto numbering over two hundred. This monster petition was presented to the board last Wednesday evening, adopted and the wishes of the taxpayers granted.

The board then engaged Miss Sara Troy, assigning her the Belleview school and transferring Mr. Edwards to the Lincoln street school.

THE DEMOCRATIC PLATFORM.

The Democratic Party of Clallam county, Washington, in convention assembled, do hereby make and promulgate this, their platform and principles:

We, the representatives of the Democratic party of Clallam county reaffirm our allegiance to the grand principles of Jeffersonian democracy believing that good government can be brought about only by a strict adherance thereto.

We heartily endorse the efforts of President Cleveland and the house of Representatives, together with those members of the United States Senate who remained true to the last Chicago platform, in their earnest efforts at the destruction of the McKinley robber tariff; which earnest and noble efforts were so corruptly and shamefully impeded, and where possible, thwarted by the large Republican minority allied with a few political motebanks, who have stolen the livery of Democracy in which to serve their Republican masters

TARIFF.

We are in favor of a tariff for revenue only, sufficient to furnish necessary funds for the efficient conduct of our government economically administered. For the abolition of all tariff taxes upon the common necessaries of life and raw material, and we heartily endorse the income provision of the Wilson bill.

FINANCE.

We favor the free coinage of both gold and silver, the latter at a ratio of sixteen to one, and demand that all money be a full legal tender for all purposes, to the end that there shall no longer be one kind of money for the capitalist and another for the poor.

We favor the enactment of laws requiring county treasurers to receive all county warrants for taxes due said counties or any municipality therein of which municipality such treasurer is ex-officio tax collector irrespective of the date of their issue, such laws to run for a term of years safely sufficient to extend beyond the present hard times.

We demand the repeal of the iniquitous statutes enacted by the last legislature, which permits attorneys to issue summons without the seal or sanction of a judicial tribunal, to serve the same, and collect and retain the fees therefor, thereby depriving the county treasury of of the cost of said issuance and service, though the cost of to litigants is not lessened thereby, and the taxpayers of the several counties of the state are compelled to keep and pay officers whose duties are to issue and serve such paper.

We favor the enactment of laws confining the salaries of all county officers who collect fees from the public for their services within a reasonable amount and in no case to exceed the actually collected by them, thereby relieving the overburdened people from the payment of salaries to such officers or their deputies out of the county treasurer.

We urge the enactment of laws prohibiting the recovery of deficiency judgments by money lenders upon the foreclosure of real estate mortgages.

We favor the election of United States Senators by a direct vote of the people and pledge the nominees of this convention to do all in their power to help bring about such legislation as will carry this resolution into effect.

We demand the passage of a maximum expense bill law governing the expenditures a candidate for any office may make in conducting his canvas and rigid enough to disqualify any one violating it, thus placing a poor man on an equality with the rich man when canvassing for an office.

We deplore the existence in our state and county of powerful political rings who seek to control the affairs of government for the benefit and aggrandizement of their members by the distribution of their offices, and of money where they will "do the most good," the the machinations of which are responsible for the disgraceful proceedings which have characterized the Republican primaries and conventions in Clallam county and other positions of this state.

We most earnestly condemn the present iniquitous delinquent tax law and pledge ourselves to the enactment of a law whereby no delinquent tax shall bear a greater interest than eight per cent. per annum, nor a heavier penalty than two per cent. and make the period of redemption of land sold for taxes not less than ten years.

We condemn the Republican party for its useless waste of time and the people's money during the session of the last legislature in attempting to elect a United States senator.

We condemn the action of the present governor in his attempt at packing the state capitol commission in the interest of jobs and jobbers.

We condemn such class legislation as will provide a cash warrant for an official, and a depreciated warrant for the common laborer.

From a Republican Point of View.

R. C. Wilson repudiates his Dungeness supporters, and says that but for their bull-headedness a ticket might have been named that would have received the support of the Republicans. As it is he will have to depend upon Jefferson for his majority (if he get any) and any patronage that may come into his hands will be dispensed under the supervisor of Andy Wasson to Jefferson county men. Clallam would in that event be left out; but there is no reason to worry, for Wilson will not be elected, and Wasson will not dispense his patronage.—Beaver Leader.

Have You Blasting to Do?

Those who have stumping to do in Clallam county would do well to correspond with W. G. Davidson of Sequim, Washington. Mr. Davidson has been recently blasting stumps for Mr. Samuel Woodcock of Dungeness, and as usual he has made a great success of it.

Mr. Davidson has a large quantity of powder on hand and he is an expert in its use. He is well-known in this neighborhood, having once done work for Mr. Frank Chambers and others, of this city.

Mr. Davidson begs to refer all to those whom he has done work for, as to competency and as to prices.

Price of Wool Steadily Advancing.

Wool was bought in this country last summer, under the glorious (?) Mckinley high tariff for 12 cents per pound. The Wilson reform bill has been in effect three weeks and already the market price of wool has jumped to nearly double. What thinkest thou of this, republican calamity howler?—Walla Walla Statesman.

A Brief Paragraph on "Blight."

William Urquhart, who was born a republicnan in this county some forty years ago, and has been a republican ever since, stated to the Chehalis Nugget this week that a large wholesale clothing house with which he deals, quotes him prices which show a reduction of three to eight dollars a suit, caused by the new tariff. This is another evidence of the "democratic blight" that has struck the country.

John McLeod, clerk at the New Albany, who was severely cut several weeks ago just below the left knee, by the Chinese cook Ah Lung, has been removed to the hospital at Townsend. The wound is serious and has obstinately resisted tha skill of the surgeon, all efforts to reduce the inflamation having proved futile. The attending surgeon, Dr. Lull, gravely fears that amputation will yet have to be resorted to.

The Council Goes On Record In Favor of

SWEEPING REDUCTIONS IN THE

Salary Schedule-Councilman Carver Resigns—A Brave Huntress—The Young Men of Port Angeles Interested in Physical Development Organize an Athletic Club—The Construction of the Upper Elwha Trestle Bridge Condemned.

Very little business of importance was transacted at the regular meeting of the city council last Wednesday evening. The resignation of H. S. Carver was read and on motion accepted.

An ordinance providing for the compensation the several city officers shall receive, beginning with the incoming administration, was introduced by Councilman Crockett, but no action was taken as it had not been presented in regular order.

A resolution was introduced by Councilman Graybill, the purpose of which was to place the council on record as favoring sweeping reductions of the salary schedule, and outlining to the city attorney material of an ordinance to that effect. The resolution favored reducing the salaries of the respective officers for the incoming official year to the following basis:

City attorney, $200; treasurer, $300; night watch, $500; clerk, $900; engineer, $3.50 a day when working; no salary is provided for marshal.

A Brave Huntress.

It is not an uncommon thing for an experienced hunter in the northwest to return from a hunting expedition in the mountain region with elk, bear, panther and smaller game as trophies of victory, but very infrequently do women achieve success and fame in this pursuit, so peculiarly fascinating and exciting and affording such an opportunity for daring encounter and thrilling chase.

Occasionally, however, a brave and daring woman achieves fame in the field of sports, becomes an unerring shot and possessess the nerve and courage to face and conquer wild game.

Clallam is the home of a truly modern Diana, who is not only a brave, intripid huntress, but a dead shot. Within the past year this woman has killed a bear and a panther. The successful huntress is Mrs. James Riley, of Blyn. Mrs. Riley possesses, as well, other traits which are the charm of a true woman. She takes a deep interest in all of the literary and social movements at her home and is highly esteemed by a large circle of friends.

Acme Athletic Club.

The young men of Port Angeles interested in physical development have organized an athletic club that has been designated the Acme Athletic club. At a meeting held last Tuesday evening the organization was perfected and the following officers elected for the ensuing term: President, W. E. Graham, Vice-president, A. J. Adams; Treasurer, Arthur Cays; Secretary, H. Beardsley.

Fourteen young men hava already signed the roll of membership, and it is confidently expected many more will embrace this excellent opportunity for physical culture.

Desirable rooms have been rented on the Union Pacific dook. A reading room will be opened and a gymnasium established. The members anticipate endless amusement together with beneficial results from the new departure.

Upper Elwha Trestle Bridge.

There has been a wide divergence of opinion expressed as regards the report of the county surveyor made in accordance with instructions from the board of county commissioners to examine the trestle bridge in process of construction in road district No. 6, the upper Elwha river bridge. To correct any erroneous opinion entertained regarding the nature of the report submitted by Surveyor FitzHenry to the commissioners last July, the report is published, which is as follows:

"Having investigated said bridge I find the construction of same to be impracticable in so many ways that I will not undertake to enumerate them here but herewith condemn the bridge as constructed in the most rigid terms

Respectfully submitted,
E. A. FITZHENRY,
County Surveyor.

COUNTY NEWS.

Interesting Paragraphs Gathered From the County Press.

Beaver Leader.]

A. G. Collins will soon begin marketing hops for some of the Forks' hop raisers. Mr. Collins har a good wagon and good team, and is prepared for practical freighting.

Messrs. A. H. Thompson and J. Clifford Stever, who have been out on the survey for a month or two past, came in Thursday, having completed the survey of the two townships.

Road Supervisor H. L. Brown has had a force of men at work this week repairing the county road between the post-office and store. It is now again in pretty fair condition.

J. E. Crawford, a prominent hop raiser of Forks, reports that hops are turning out much better than was expeeted. The wet weather has delayed the pickers some, but they are making good headway and expect to get through before another wet spell comes on.

A very pleasant wedding was celebrated at Forks, October 11, Rev. R. W. Fletcher, officiating. The contracting parties are Samuel L. Kilby and Edith M. Stubbs, two of Forks most popular young people. The happy young couple have the best wishes of a large concourse of friends.

East Clallam Record.]

Henry Poole has his building complete on Quillayute street.

Thomas Benson is at work getting a house built on his property near the schoolhouse.

Some of the Neah Bay sealing schooners have returned from the north and have met with good luck in taking seals.

Donald McInnes candidate for state senator is a man of character, good standing and of ability. He will ably represent the people in this district.

R. T. Smith arrived from Gettysburg Wednesday. Mr. Smith is making a very encouraging canvass for the legislature.

James Keltner is having a very neat residence erected on Frontier street. A crew of men started to work unpon it last Monday.

Mrs. Joseph Sands and children has removed to Gettysburg. The store building has been rented to Peter Buchholz for a dwelling.

E. A. Fitzhenry the democratic candidate for county surveyor has got lots of friends at the west end of the county in all political parties. He has made a competent and faithful county official, and the fact is generally recognized at this time.

Surveyor L. D. W. Shelton has completed township 31-14, which lies west of the Sekiou. He came in with his crew last Saturday. Mr. Shelton informs the Record that there is some splendid land vacant in that township and he advises intending settlers to get there at once if they want to secure it. The land lies up the Sekiou river.

Mr. Gustavson one of the school directors of District No. 29, called at this office yesterday to say that the people of his district were highly pleased with the new school building just completed by P. J. Peterson of East Clallam. He says Mr. Peterson made a splendid job of it for the price paid and as the district is small in population and wealth, the people appreciate Mr. Peterson's good work.

S. G. Tuttle, the local candidate for county commissioner has been a resident of the bay with his family for over three years and has a homestead near town. He is a carpenter by trade and a native of Wisconsin. He has never held an office except that of constable. It is the general opinion among men of all parties that he will poll a very large vote owing to the high esteem in which he is held in this community, where he is well-known.

The members of Gate City Lodge, No. 27, I. O. G. T., decided, at their last meeting, held Wednesday evening, to have a coffee and cake social on the first meeting night of the new quarter, Nov. 7th, for the entertainment of the Good Templars of this city. All visiting members of the order are cordially invited to participate. The "Credit System" was also adopted during the evening, and Messrs. A. J. Adams and W. E. Graham chosen as captains. The purpose of the credit system is the advancement of the order, the members receiving credits for various services rendered.

THE LEGISLATIVE TICKET.

The Democratic legislative ticket will not only be supported by a united Democracy but by the independent Republicans whose name is legion.

Never in the history of the Republican party of Clallam has it been so utterly demoralized, rent asunder, divided against itself, as it is in the present campaign.

The dominating faction of that party won success through methods so palpably dishonest and totally devoid of decency, that the better element of that party will most emphatically repudiate it at the polls in November.

At what a terrible sacrifice nominations were purchased by certain candidates on the Republican ticket—the betrayal of solemn pledges, the desertion of friends, the compromising of honor, these, dominating traits of candidates on the Republican ticket, who are appealing to the voter for his suffrage.

An harmonious Democracy, united, unterrified presents for the consideration of the voters of Clallam and Jefferson a legislative ticket the representatives of which are men of positive convictions, marked ability, and warm sympathy for the rights and interests of the masses. Men, the life-long record of whom points to no period in life when they swerved from the path of right and duty; men who in the public arena and in the private walks of life have always declared and labored for good government, wholesome laws, the preservation of the constitution, the defense of the country and protection of its institutions. Men who were the unanimous choice of the Democracy, and not of an unscruplous political faction.

Honored leaders of an harmonious Democracy, endorsed by an army of independent Republicans, fearless champions of good government, true and tried friends of labor, the Democratic candidates for joint senator for Jefferson and Clallam and for state representative from Clallam will triumph in a glorious victory next November.

THEN AND NOW.

The result of thirty years of vicious, un-American class legislation finally culminated early in 1891 in a financial panic, which precipitaled an industrial depression hitherto unparalled in the disastrous consequences which followed in this country.

Of the deplorable condition into which the country was rapidly drifting, resulting from unwise and unnatural legislation, John J. Ingalls, than whom the country has never known an abler or more fearless Republican, said in the halls of Congress on the 14th day January, 1891:

Thirty-one thousand people in this country own half of all the wealth of the country. I cannot forbear to affirm that a political system which, under such despotic power can be wrested from the people and vested in the few, is a democracy only in name. A system that permits 30,000 people to possess half the wealth of this country while 1,000,000 American citizens able and willing to toil, are homeless tramps starving for bread, REQUIRES READJUSTMENT.

These words so truthfully, even prophetically, spoken by that brave and undaunted leader in '91, were verified in July '92 by the public utterances of another able and equally as courageous leader in the following graphic portrayal of the condition of the times:

Business is prostrated, our homes covered with mortgages, labor impoverished, land is concentrated in the hands of capitalists, the urban worker is denied the right of organization for self protection, imported pauperized labor beats down their wages, the fruits of the toils of millions is boldly stolen to build up colossal fortunes, unprecedented is the history of mankind; and that from the same prolific womb of governmental injustice we breed two great classes—paupers and millionaires."

And yet we are told by the exceedingly patriotic, if not honest, Republican office seeker, that the country has been suffering from Democratic rule and this is followed with more remarkable statement that the Democratic legislation (just enacted) is wholly responsible for the panic and industrial blight of '91 and '92.

The American people have finally broken through the Chinese walls of unnatural and restricted trade and commerce, and have appeared on the broad highway as formidable competitors in the unrestricted and unlimited markets of the world.

The tariff bill has been a law for only the brief period of two months. But mark the wonderful change. From a condition of uncertainty, financial depression and industrial blight, the country has been rescued by the Democratic party, and is now entering upon an era of extended commercial and industrial activity not experienced during the past thirty years of Republican misadministration.

The wisdom, breadth and grasp of the statesmanship that gives a nation laws that equip her to appear full-armored in the fierce, relentless competitive battle for commercial supremacy is the patriotism that will endure for ever.

THE veterans of the late civil war were almost utterly ignored by the factional Republican convention of Clallam. The leaders of that convention so eminently distinguished for selfishness and ingratitude, are now piteously pleading for the vote of the old soldier.

The professed enduring friendship of the Republican party for the old veteran is after all the pivot on which turns reciprocal relations. When that party can use the old veterans to advantage, it loudly proclaims his deeds of valor and invaluable services to his country. When the old soldier, however, seeks political preferment, and his modest demand clashes with that of another he is unceremoniously brushed aside. These hypocritical professions should be emphatically rebuked.

A REPUBLICAN journal makes the following remarkable statement:

"As a candid and conscientious exponent of the truth, we are constrained to admit that the Democratic party is an utter failure as a poor man's friend."

Truth eminating from a Republican source, it must be confessed, is something of a freak. Now it would not be entirely devoid of public interest for the poor man of whose interest the Republican office-seeker is always so solicitious at election time to frankly express an opinion of the depth and sincerity of the friendship the Republican party entertains for him.

THOMAS BRACKETT REED of Maine, is doubtless the foremost Republican of the day. A man of original ideas and modern political tendencies he is far in advance of his party. McKinleyism, Mr. Reed says is a dead issue, and present conditions unerringly point, in the event of Republican success in 1896, not to the re-enactment of the McKinley tariff, but rather modifications of that tariff tax. If not Reed a man representing his advanced ideas will be the Republican presidential candidate in 1896. The truth hath been spoken. McKinleyism is dead.

THE Republican press vigorously denounces the Democratic party for placing a tax on sugar. It as vigorously denounces that party for removing the tax from other necessaries of life. If in the one instance these journals are honest, and actuated solely in the interest of the masses, in the other it necessariiy follows they are dishonest and interested solely in Republican ascendancy.

THE statement has been made in one of the county journals that the independent candidate for county attorney has the endorsement of the Populist party. This is absolutely untrue. That party not only refused in convention to name a candidate, but has since positively refused to endorse any one of the candidates for that office seeking the suffrage of the people.

THE cheering news is flashed over the wires that the iron and steel mills of Harrisburg, Pa., are in the height of unprecedented prosperity. The production of rails and Bessemer is the heaviest for years. And the absence of favorable comment in the Republican press is strikingly noticeable.

IT IS reported upon authentic authority that English trade is dull. And will not our English cousins rise supreme to the demands of the hour and attribute the cause to the recent visit to that country of the Hon. W. L. Wilson of West Virginia?

A VOTE for William Ritchie, the Democratic candidate for county treasurer, is a vote for a man with the capacity and the ability to efficiently perform the duties of that office.

MR. MCINNES will always vote in the interests of the people and for economical government. Mr. Wilson has decided plutocratic tendencies.

THE only question arising over the Democratic candidate for commissioner from this district is the one of majority.

A VOTE for the Democratic ticket is a vote for competency and economy.

THE Democratic candidate for sheriff already formidable is gaining strength every day.

A BIRTHDAY PARTY.

The Friends of "Bob" Wilson Join in Celebrating His Birthday.

Hotel de Wilson, on the shores of Lake Sutherland, was the scene of a most successful two-days festival during the past week. The occasion was the birthday anniversary of mine host Wilson, who, ever popular with his friends and summer guests, more than added to his reputation as an entertainer by this event. The regular season at the lakes being over, landlord Wilson was alone, but succeeded admirably in officiating as cook, captain, mate, chambermaid and crew of the captain'sgig, all in one. His invited guests to the number of a score or more, arrived by stage, carriage, horse-back and afoot on Saturday evening and remained till Monday. It was a "stag" party, but by all voted none the less enjoyable on that account. Among the party were instrumental and vocal soloists, of merit, if not not, and what with refreshments, solid and otherwise, music, "stag dances," boating and fishing galore, it was a good time all around. and one to be long remembered. "The boys" all wished "Bob" many more birthdays and all promise to be there.

Voting Precincts Changed.

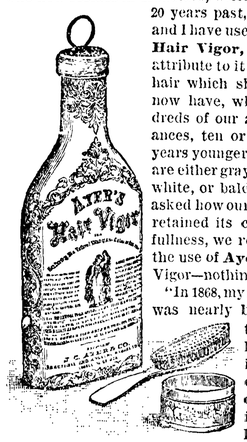
A Gentleman

Who formerly resided in Connecticut, but who now resides in Honolulu, writes: "For 20 years past, my wife and I have used **Ayer's Hair Vigor,** and we attribute to it the dark hair which she and I now have, while hundreds of our acquaintances, ten or a dozen years younger than we, are either gray-headed, white, or bald. When asked how our hair has retained its color and fullness, we reply, 'By the use of **Ayer's** Hair Vigor—nothing else.'"



"In 1868, my affianced was nearly bald, and the hair kept falling out every day. I induced her to use **Ayer's Hair Vigor,** and very soon, it not only checked any further loss of hair, but produced an entirely new growth, which has remained luxuriant and glossy to this day. I can recommend this preparation to all in need of a genuine hair-restorer. It is all that it is claimed to be."—Antonio Alarrun, Bastrop, Tex.

Midsummer Honors

From the

Midwinter Fair.

California, in her golden prime, never before achieved so grand a triumph as at the Midwinter Fair just closed. Among the honors conferred at the fair was bestowal of the highest award including gold medal, on

Dr. Price's Baking Powder

As at the Columbian Exposition in Chicago, the award to Dr. Price's Cream Baking Powder at San Francisco, was for highest quality, demonstrated by expert analysis, under direction of U. S. Government Chemists. The requisites, in each instance, were superiority in leavening power, perfect purity of constituents, uniformity and wholesomeness. Dr. Price's is thus confirmed and permanently established as positively the

Best Baking Powder Ever Made.
