THE DEMOCRAT-LEADER.

VOL. 5. NO. 23. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, OCTOBER 26, 1894. PRICE FIVE CENTS

What Have They Done?

What has Wilson or Embree ever done for the west end that should entitle them to the support of the Republicans of this valley? Has either of them ever interested themselves to obtain any concessions from the commissioners for our benefit? Has either of them at any time championed our interests? Halo; but they have used the most unscrupulous means to defeat the man who has always championed measures for the benefit of our valley. At no period of this county's existance, since he has been here, has W. R. Hoole failed to work for measures that were beneficial to his section. All over this territory are living evidences of his interests in our behalf. No man in the Quillayute ever wrote him and asked him to favor a measure that was of benefit to the people here that he did not at once take a deep interest in and champion to a successful completion. Yet it was on account of the personal enmity of a few men that such a worker in our interest was defeated by a man whose every interest is against the further development of the Quillayute valley. Do Quillayute Republicans really want these men to represent them? We believe not. Better by far vote for a man of honest convictions like Donald McInnes, and turn the presumptious lawyers down.—Beaver Leader.

IT IS REPUBLICAN!!!

Now Let Clallam County Warrants Take

A TWENTY-FIVE PER CENT. LEAP.

Clallam County, Although in a Deplorable Financial Plight, Has Never Been, and is Not Now, Under Populistic Rule—Its Enormous Bonded and Floating Indebtedness Incurred by a Former Republican Board of County Commissioners, and Its Affairs Are Now Being Administered by a Republican Board.

The present Clallam county administration is not, nor was the former controlled by the Populists.

The former was, and the present board of county commissioners is, Republican, and the former is wholly responsible for the deplorable and almost hopeless condition of the county's finances.

The Seattle Press-Times, in its eagerness to serve the Republican party, employs methods not only questionable and unjustifiable, but statements as well that are utterly unreliable and untrue. For instance. It gathers statistics from local brokers as to the financial condition of Clallam county, which, admitting the finances of the county to be in a hopeless condition, are inaccurate, garbled, incomplete and withal, a misrepresentation of the actual status of the county's finances.

The somewhat narrow and prejudiced Republican journal then evidences very conclusively the guiding spirit controling its political utterances, has no intention, whatever, of dealing honestly, truthfully and justly with political opponents.

A reliable public journal holding reputation above party advantage, would first have ascertained positively where the responsibility rested for Clallam's deplorable financial straits.

THESE ARE THE FACTS: Clallam county is now under Republican rule. The former administration was Republican. And if the voters again fail to fully realize the terrible consequences of Republican extravagances and misrule, the incoming county administration will be Republican.

Above all other considerations the important duty of the hour is to elect a Democratic board of county commissioners.

Will the Press-Times now have the temerity to candidly acknowledge the fact that a Republican administration is wholly responsible for the unfavorable condition of Clallam's finances?

The following is the unreliable article published in the Seattle Press-Times, in its issue of the 22nd:

"In answer to a question this morning, Mr. C. H. Lilly, of Lilly, Bogardus & Co., said: 'No, I am not buying Clallam county warrants. I was offered some at 48 cents, but I declined to invest. Why? Because the county has been bankrupted by the Populists officials, and it is probable that that party will succeed in the coming election, and that would render their warrants worthless altogether as an investment.'

"Mr. Perkins, broker and dealer in investments and securities, whose office is in the Gottstein block, said:

"'We have some Clallam county warrants to send back to-day. They were sent with instructions to sell at 55 cents, but that is at least five points beyond the limit. I think that the market might absorb them at 50c, but it would be purely a speculative investment, you understand?'

"'What is the trouble? Well, it is quite easy to discover. The county is governed by Populists, and it is probable that they will continue to govern as they are strong in that county. If the election goes Republican in that county its warrants will be worth 25 per cent. more as soon as that fact appears. No, there is no doubt about it, I am not merely guessing. I know that I can sell Clallam county warrants for 25 per cent. more than at present if the Populists are defeated at the approaching election.

"'They have issued a statement that is garbled on purpose to deceive. For instance, see here! Here is the official report for the year ending June 30, 1894. You see they pretend to give the total indebtedness of the county, but they falsify it by deducing the uncollected taxes from the actual liabilities in order to make the debt appear less than it is.

"'Last year the total tax levy was $66,556.70. In the same year they issued warrants to the amount of $96,000, nearly one-half more debt created than their resources appeared to be.

"'But while the levy was $66,556, only $26,815.56 was collected, leaving $39,741.14 that was not only not collected, but is uncollectable, so that on an actual income of $26,815 they contracted an indebtedness of $96,000.

"'They give no account of what they have done or are doing, with the taxes collected, but they are not paying the county's debts. There has been no call issued for warrants this year.

"'If there hold the county government another year their warrants cannot be sold at all. If the Republicans win their warrants will rise on the market.'"

A COMPETENT CANDIDATE.

Opinion of the Clallam Bay Record of the Democratic Candidate for Auditor.

If we are not mistaken Mr. Troy, the candidate for county auditor on the Democratic ticket has the unique distinction of being the only candidate of all the men running who is a native of Clallam county.

This is not much in itself to urge in the favor of the election of a man to office, but taken in connection with the fact that his 26 or 27 years of life have been entirely spent here under the eyes of the people of the county and that his whole life is an open book to them, it speaks volumes in his favor.

His years though few have been put to excellent purpose indeed as his hundreds of life long friends can testify.

Clallam was what might be called a tangled wildernesss when this bright young county official was born in it. A few settlers were scattered over its territory and here and there a hole had been made in the woods, a log hut put up, a little patch of garden started and the first few whites were then learning how to wrest a living from stubborn nature on Clallam's rugged soil. A few huts were all the possessions the county could boast of. In one of the these John was born and brought up and his earlier years are associated with the rough toil and hard living familiar to the settler who seeks to carve out of the woods a living and a home. Schools were few and to get an education he worked in logging camps and at similar labor and secured a stake with which he fitted himself to teach. Later he assisted his father in the county auditor's office and became familiar with the work in all its branches. In 1892 the people of the county decided by their votes that he was the best fitted man for the position of auditor. He is undoubtedly the most competent candidate at the present time and just now is a time when the most careful management of the county's business is needed.—Record.

THE SEQUIM LITERARY SOCIETY

Guests of the Lyceum League of This City Last Saturday Evening.

Last Saturday evening sixteen of the members of the Sequim Literary Society were the guests of the Lyceum League of this city. The visitors arrived late Saturday afternoon and were accorded a cordial reception by the members of the Leage, who did everything in their power to contribute to the pleasure of their guests. A literary program, a joint debate and a social dance were the principal featues which contributed largely to render the entertainment one of exquisite enjoyment to those privileged to attend. The following is the program:

Opening Song.....League
Address of Welcome.....F. H. Cram
Comic Recital..... Jessie Elliott
Recitation.....Miss Fronie Raymond
Instrumental Music.....
Miss Raymond and H. G. Beardsley
Recitation.....Miss Mabel Crosby
Egyptian Debate.....
W. E. Graham and A. S. McCormick
Recitation.....Miss Birdie Combs
Selection.....Miss Annie Combs

Joint debate—Question: "Resolved, That the United States should own and operate the railroads." Affirmative, Messrs. J. C. Dean, G. W. Combs and J. F. Purvis, of Sequim; negative, Messrs. W. E. Graham, A. S. McCormick and H. G. Beardsley, of Port Angeles.

Three judges were appointed to decide as to which side would advance the weightier arguments, respectively, as follows, Messrs. T. Wagner, Ed. Hatch and Frank Semon. The speakers on either side handled the question very intelligently, cleverly and comprehensively. The points made by either side were carefully noted by the solemn, learned and dignified judges, who, after mature deliberation, voted, two for the affirmative and one for the negative.

After the program had been produced the floor was cleared and dancing was most delightfully indulged in until midnight.

The guests were: Mr. and Mrs. J. C. Dean, Misses Ida Simdars, Anna Combs, Birdie Combs, Nellie Combs, Daisy Dean, Alma Dean, Messrs. Herman Simdars, Guy Combs, Jas. Brown, J. F. Purvis, W. B. Main, S. Bugge, Orvil Dean and Fred Wilkins.

SEQUIM BAY AND VICINITY.

Politics is the Principal Topic of Conversation.

James Burrowes traded a yoke of oxen for a horse with Hartley Goodwin and consequently made a trip to the Elwah Tuesday.

The Sequim Literary Society, of this place made the Angeles Society a visit on Saturday evening. Everybody reports as having had a very pleasant time.

W. B. Main is making considerable improvements on his ranch.

A large bear was discovered by the school children, swimming across the bay on Friday which they kept from coming ashore until Fred Dean arrived and shot it.

Miss Ella Guptill will address the Blyn people on Saturday afternoon. Miss Guptill is an interesting speaker and no doubt will draw a large audience.

Herman Sinders, Jr., is erecting a new dwelling.

A new store has just been opened at Washington Harbor.

The Republican candidates found it rather "chilly" when they visited Blyn.

W. R. Hoole informs us that he will address the voters of Blyn in the near future.

Council Notes.

At the council meeting last Wednesday evening the salary ordinance was passed to its first reading.

Property owners fronting on Lincoln street wharf having notified the council that they would hold it responsible for any damage resulting to their property from removing the condemned wharf structure by the owners, the Union Pacific, the council notified the city attorney to enjoin the latter from tearing down that structure. and to take such other legal steps as would be necessary to protect the city and preserve the rights of private property owners in the premises. It would apear that the city could legally maintain its position, if the removal of the condemned wharf structure results in irreparable damage to the property of private owners. In the event the city succeeds it will, no doubt, be compelled to put that structure in a safe and passable condition for commercial use.

OUTLOOK VERY BRIGHT

For a Sweeping Democratic Victory

IN CLALLAM COUNTY THE SIXTH

Of Next November—Democrats Making a Triumphal Campaign in Western Clallam—The Coal Bonus Raised and the Diamond Drill Will Soon Be in Operation—Tumwater Valley the Site Selected for Boring—The Loggie-Evans Lumber Company Incorporated—The Plans and Purposes of the New Company.

The most encouraging news comes from the Democratic candidates who are making a compaigning tour of Quillayute valley. The taxpayers of that promising locality are thoroughly aroused to the importance of the local issues confronting them, and are holding the Republican party solely responsible for the deplorable condition of county finances, the infamous system of tax law confiscation, and for the shameless squandering of the people's money.

They are going to vote this fall for an honest administration, economically administered, and it is the Democratic party to whom they are appealing for relief.

The wide-spread dissatisfaction so plainly manifest in Quillayute over Republican mismanagement, truthfully, reflects the condition elsewhere in the county.

The taxpayers have determined that the ring will be downed and November 6th, next, will be a genuine old-fashioned day of repudiation.

THE COAL BONUS RAISED.

Will Begin Boring for Coal in Tumwater Valley.

The coal bonus has been raised.

Public-spirited property owners have attested commendable interest in the material development of the resources of the county, another step is taken in the right direction, and what has been and is now, purely speculation, as regards the existence of coal deposits in the vicinity of this city, will doubtless be definitely determined after the diamond drill will have made an extensive prospect.

The site selected by the expert, Mr. Cole, to begin boring is in Tumwater valley on Sixth street.

Some little time will be occupied in removing and adjusting the drill, stationary engine and other machinery, after which the drill will be operated night and day, and the progress and development of each succeeding day watched with the closest interest.

Six men will be employed in operating the drill, three on either shift.

LOGGIE-EVANS LUMBER CO.

Incorporated to Operate Mills in Clallam County.

The articles of incorporation of the Loggie-Evans Lumber Company have been filed with the county auditor.

The object of the incorporation is to own, maintain and operate steam saw mills for the manufacture of fir and cedar lumber and shingles in Clallam county, Wash. The principal seat of operation will be Port Angeles, the Dry Creek milling plant having been leased by this company, and a stumpage contract secured by them on 600 acres of the magnificent colony belt, contiguous to the milling plant.

The capitalization is $10,000, divided into 200 shares at $50 each. The duration of the existence is 50 years.

The dominating spirits of the new incorporation are thoroughly experienced and successful lumbermen, possessed with adequate financial resources to operate on an extended scale.

In a recent issue of THE DEMOCRAT-LEADER an article was published which outlined the extensive improvements proposed by Messrs. Loggie and Evans.

Operating these mills and logging camps on the extensive plan proposed will doubtless give steady employment to about 200 men.

Citizens of Port Angeles and Clallam county are to be congratulated over the bright outlook for substantial industrial advancement.

COUNTY NEWS.

Interesting Paragraphs Gathered From the County Press.

East Clallam Record.]

Samuel L. Kilby and Miss Edith Stubbs were married at Forks, October 11, by Rev. R. W. Fletcher.

Quite a number of the Neah Bay Indians lately employed on sealing schooners were in town this week purchasing supplies.

John Govan, one of the officials on the reservation at Neah Bay was here on business this week and returned home Wednesday.

The pile driver was at work yesterday driving some piles at the corner of the wharf where the steamer Farralon struck last Saturday.

Fred Knott hauled in a load of hops in a covered wagon from Forks a few days ago, for shipment to Seattle. He will have his entire crop hauled here and shipped.

Levi H. Cays, of Dungeness, Democratic candidate for assessor arrived here on Wednesday evening, on a tour of the county. Mr. Cays is one of the early settlers of Dungeness, is well known and popular and has an excellent prospect of being elected.

Beaver Leader.]

Another run of salmon is reported to be coming up, and those who are lovers of the salmon can lay in a supply.

At their last session the county commissioners ordered that the north 12 sections in N ½ of Tp. 29 N., R. 11 W., be attached to the Beaver voting precinct. This is certainly an error on the part of the board district mentioned lies south of the township east of Beaver, and about twelve miles from the voting place; while it is but a mile or two from the Solduck precinct.

EVEN MR. WILSON KNOWS BETTER.

That the nomination of R. C. Wilson, Republican senatorial candidate from the joint district of Jefferson and Clallam was won after one of the most desperate, disgraceful, and unscruplous political contests ever waged in the district, is a fact, no fair-minded Republican will attempt to deny.

Mr. Wilson, doubtless, has since been overwhelmed with the fact that the stubborn, unyielding and uncompromising opposition of a powerful faction of his party, which positively maintains its defeat was by unfair means, is an insurmountable obstacle to success.

Mr. Wilson is not acceptable to a large element of independent Republicans in both Jefferson and Clallam. He did not receive the united support of the delegates to the Republican senatorial convention, six of the seven delegates from Jefferson voting against him, and after the adjournment of the convention publicly declaring it to be their intention to not only not support him, but to openly oppose his candidacy.

The force of these unfortunate circumstances no one more fully realizes than Mr. Wilson and his friends, solicitious of his welfare, are doing everything in their power to conciliate the warring factions, but without avail.

Driven to the most frantic desperation they resort to the tactics of the doomed and defeated—personal abuse.

The abandoned Port Townsend correspondent of the Post-Intelligencer, than whom the methods of none other was ever more despicable and unscruplous, adds additional lustre to his unsavory reputation in his correspondence to that paper in its issuance of the 24th inst. This disciple of satin, who is even in ill-repute with his master, enlightens the world with the startling announcement that a Democratic journal, published at Townsend, had repudiated Donald McInnes, the Democratic candidate for state senator. The statement is absolutely untrue. And even if true, what of it? Are there not renegades in every party? This is succeeded with another statement, equally unjust and untrue, that McInnes secured his nomination through unfair means, and was not, therefore, the choice of the Democracy.

Even Mr. Wilson knows better than this, and if he desired, could so inform the misguided correspondent.

Now for the facts in the case. Mr. McInnes was and is the unanimous choice for state senator of the Clallam county Democratic county convention. In the district convention which met at Townsend the 15th of last September he was unanimously nominated. There was no factional fight, no opposition, but peace and harmony prevailed and a united Democracy freely tendered an unsolicited honor to a worthy, courageous and undaunted son who will carry its banner to triumphal victory the 6th of next November.

These are the questionable methods employed by the unprincipled leaders of Mr. Wilson's hopeless senatorial fight.

No. There is no repudiation in the Democratic ranks. That is the weapon with which the independent Republicans will effectually squelch Mr. Wilson's senatorial aspirations.

CONTEMPTIBLE METHODS.

The Republican party of Washington must, indeed, be in desperate straits for campaign material.

Its press adopts the most contemptible methods known in political warfare. Charges are made against political opponents which are grossly false; statements which are glaringly inaccurate, unreliable and untrue. To substantiate to the entire satisfaction of the reader the truth of this, THE DEMOCRAT-LEADER has only to refer him to an article from the Press-Times, a rabid, rancorous hide-bound Republican journal, lished in another column.

The guiding light of that confessedly extreme and unfair partisan journal is a lawyer of the fourteenth magnitude, whose imperfect conception of and justice is only exceeded by his perverseness to wander afar from the path of truth and rectitude.

The mission of the reputable public journal, as everyone understands, is to disseminate news, impartial, truthful, reliable news.

With the extreme partisan press it is, however, different. The test of party worth and party merit is to assail without cause, misrepresent without justification and accuse without foundation, its political opponents.

Over-zealousness has defeated the hopes and aspirations, and extinguished more political stars, than it has ever elevated to prominence and renown in the political firmament.

The well-nigh hopeless financial condition of Clallam county has been the past four years a source of continual solicitude to the earnest, thoughtful and conscientious citizen, a matter of deep concern to the taxpayer, and to the property owner, confronted as they were with a condition equivalant to confiscation of their property. The responsibility for this deplorable condition of county finances rests solely with the Republican party of Clallam.

The preceding was, entirely, and two of the present board of county commissioners are, Republicans.

During that period the entire bonded, and the present floating, indebtedness have been incurred. Whatever acts of prodigal extravagance, flagrant abuse of public trust, and shameless contract steals, have characterized the former board of county commissioners, the Republican, and not the Populist party, as the unreliable Press-Times states, solely responsible.

The fact, however, is painfully apparent, that Clallam's almost hopeless bankrupt condition has caused adverse criticism abroad in financial circles, and the responsibility for this criminal mismanagement of its affairs, rests solely with the Republican party.

To the Democratic party of Clallam the taxpayers will appeal to be rescued from the appalling financial plight into which they have been precipitated by the Republican party. And they will not appeal in vain, as the Democratic candidates for county commissioners are men of the strictest rity of character, of unquestioned business ability and admirably equipped for the almost super-human task of placing the county on a sound financial basis.

VIRTUAL CONFISCATION.

The taxpayers of Clallam county are under the ban of an iniquitious Republican measure which is a virtual law of confiscation—the delinquent tax law. This oppressive law imposes a penalty for delinquency so extremely servere that it even exceeds the amount of taxes levied.

The unfortunate taxpayer has been taught that the purpose of taxation was to defray the expenditures of government economically administered. The pressure of the real estate speculative period of a few years since, the tendency of which was unnatual appreciative of unproductive property values, has been so burdensome that the majority of property owners have not been able to pay their taxes, this, together with an unjust and oppressive penalty overwhelms and forces them to the point of absolute confiscation.

The Democratic legislative candidates are pledged to vote for the repeal of that obnoxious law.

ASSURANCE of an industrial awakening comes from over all the country. Ground was recently broken for a new tin-plate factory at Anderson, Ind.; the Indiana glass factories are starting up; the production of coal and coke in the Pittysburg, Pa., district is without parallel; the Philadelphia Record publishes forty-five letters from manufacturers of various lines of woolen goods, forty-two of whom say they do not think protection of any benefit to them, and free raw material of decided advantage; the railway systems show enormous increase in transportation. And all this in striking contrast to the calamity howlings of McKinley, Harrison and Reed.

"THE populist administration of Clallam county, with less than $37,000 revenue, issued $96,000 of warrants, and Harry White and John Considine expect people to vote for their candidate, Populist Maple, for county treasurer."—Seattle Press-Times.

For the edification of the misinformed writer of the foregoing THE DEMOCRAT-LEADER will state that the Clallam county administration is Republican not Populist. If any credit is due, the Press-Times, in future, should thrust the honor upon the Republican not Populist party.

"THE Gray's Harbor lumber and shingle mills are turning out a vast amount of work, and are giving employment to a large army of men," is additional assurance of decided industrial awakening, an item to that effect recently appearing in the Seattle Press-Times, one of the extreme Republican calamity howling journals. Another evidence of Democratic "blight."

THE taxpayers of Clallam county should see to it that they vote only for men who can demonstrate themselves qualified to discharge the duties of the office to which they are striving to be elected. The period of sustaining in luxurious idleness the useless dependent poscessed with neither the capacity nor the ability to efficiently discharge the duties of a public office has long since been buried with other conditions of semi-barbaric ages.

THE odious delinquent tax, mortgage, providing deficiency judgment and other oppressive and obnoxious laws are creatures of a Republican legislature, the greater number of the members of which were lawyers. The primal object actuating the Republican-lawyer legislature of Washington, was, no doubt, to burden the people with iniquitious, faultily constructed laws, so as to accelerate litigation. If that was the selfish end sought, it has certainly succeeded admirably. The Republican legislative ticket of Clallam is burdened with two of these birds of prey, of ill-omen, the election of whom foreshadows endless litigation and strife. The Populist candidate for joint-senator has not a shadow of a chance of election. The duty of Populists and of Democrats is to vote solidly for Donald McInnes and R. T. Smith, and elect to these high and responsible positions of trust men pledged to labor and to vote in the interest of the common people.

MR. MORSE declares himself thoroughly capable to discharge the duties of the auditor's office. Mr. Morse dare not publicly demonstrate the truth of that statement. Would he submit to a public competitive examination?

IF taxpayers demanded that candidates for public office submit to a competitive examination, the fact would clearly be demonstrated who is and who is not worthy of support. It is not a stroke of economy, nor is it the duty of the taxpayer to support in luxurious idleness any public official who is ignorant and incompetent. Better vote such an individual a pension and retire him to the shades of eternal obscurity.

THE Democratic candidate for superintendent of county schools, Mr. W. D. Johns, is a young man of scholarly attainments, of excellent parts and peculiarly qualified both by education and natural aptitude for the duties of that important office.

FOR commissioner from the 3d district Mr. S. G. Tuttle of East Clallam, will receive an overwhelming majority. In his integrity, ability and worth his people have abiding confidence.

IT certainly would be a stroke of economy and the duty of the voter to cast his ballot for candidates who are qualified to administer the duties of the respective office to which they have been nominated.

THE taxpayers of Clallam do not want the county offices occupied by mere figure-heads.

THE Democratic candidate for county surveyor, E. A. FitzHenry, will be elected, it is generally conceded, by a handsome majority.

The Candidate of the People.

There is not even the remotest possibility of the Populists being able to elect their candidate for state senator and by casting your vote for Mr. Hadlock your are casting a half vote for R. C. Wilson, a man whom no Populist in this county desires to see sent to the state senate. At the last election in Jefferson county there were 93 votes cast for the Populist ticket. Mr. Hadlock admits that he cannot expect more than 100 votes in Jefferson county, and if he should poll every vote of the party in this county, he would then have at the party's most liberal estimate, about 600 votes out of the total in Jefferson county of 1410 and this county of 1432; or to more aptly illustrate it, Jefferson county cast at the last election, Democrats, about 650 votes; Republicans 660; Populists 100. Clallam county, Democrats, 450; Republican, 518; Populists, 386. In order for Mr. Hadlock to win he would have to poll 550 votes in Jefferson county—which he candidly admits he cannot do, nor yet even the half of that number—and would also have to poll 550 votes in this county. Now, as this is a frank, truthful statements, we say to the Populists, why throw your votes away by voting for Mr. Hadlock, when by casting your vote for Donald McInnes you can join with the true reformers in this county and stamp out of existence the corrupt and disreputable gang that bought with the county's money the nomination of their paid tool, R. C. Wilson.

In Donald McInnes we have a man of the people; a true reformer; a free silver man; a single tax advocate; a man who is in favor of the adoption of some safe system of banking; a man of principle that will do credit to this county in the legislature; a good parlimentarian and a ready debator; is a man that is not narrow or bigoted, and can be approached by the most humble citizen of the county. We ask our Populist friends to ponder the situation and not jeopardize the election of Mr. McInnes by casting your vote for Mr. Hadlock; which amounts, as we said before, to half a vote for Wilson.—Beaver Leader.

"Last Spring, I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. THE MORTGAGE.

This beautiful ballad is respectfully dedicated to Sam Morse with the compliments of the author. Sung to the turn of "Climbing up the Golden Stairs."

On the sixth of next November
I pray that you'll remember,
I want to pay off the mortgage on my farm.

Come up and vote for me
Then from debt I'll soon be free,
When I pay off the mortgage on my farm.

I don't know much of books
You can see that on my looks;
I want to pay off the mortgage on my farm.

Bestow once more on me
Sweet gift of charity,
Help pay off the mortgage on my farm.

The auditorship I'm after,
Don't split your sides with laughter,
I want to pay off the mortgage on my farm.

Ignorant I am
But I do not care a—dog-gone,
So I pay off the mortgage on my farm.

Party Responsibility.

The following letter, written by a citizen, explains itself:

PORT ANGELES, Wash., Oct. 25th, 1894.

Messrs. W. D. Perkins & Co.,
Seattle, Wash.;

DEAR SIRS:—In the issuance of the evening Press-Times, of the 22nd inst., I see you are quoted in an interview with saying that Clallam county is under Populist dominance. The present county administration is Republican; the former county administration was Republican. And furthermore the county never was under Populist dominance. As brokers, doubtless, you realize, from your point of view, that Populistic ascendancy means the demoralization of finances in this or any other county in which they may have control However true this may be, the present chaotic condition of finances in this (Clallam) county is solely due to Republican extravagance and to Republican mismanagement, and that party alone should be held responsible for these flagrant misdeeds.

In the interview you doubtless were actuated by unselfish and patriotic motives. This is indeed commendable, in you, and deserving of approval. Will you now, please, shift the blame to the party responsible? An act so gracious would, no doubt, be appreciated by the accused as well as by the actually guilty. Then measure the advantage to this commonwealth now under the terrible ban of Populist rule: A twenty-five per cent. leap in county warrant values. This is genuine philantrophy. To you, gentlemen, we appeal for rescue from a condition of servile bondage.

Respectfully, F.

THE DEMOCRATIC PLATFORM.

The Democratic Party of Clallam county, Washington, in convention assembled, do hereby make and promulgate this, their platform and principles:

We, the representatives of the Democratic party of Clallam county reaffirm our allegiance to the grand principles of Jeffersonian democracy believing that good government can be brought about only by a strict adherance thereto.

We heartily endorse the efforts of President Cleveland and the house of Representatives, together with those members of the United States Senate who remained true to the last Chicago platform, in their earnest efforts at the destruction of the McKinley robber tariff; which earnest and noble efforts were so corruptly and shamefully impeded, and where possible, thwarted by the large Republican minority allied with a few political motebanks, who have stolen the livery of Democracy in which to serve their Republican masters

TARIFF.

We are in favor of a tariff for revenue only, sufficient to furnish necessary funds for the efficient conduct of our government economically administered. For the abolition of all tariff taxes upon the common necessaries of life and raw material, and we heartily endorse the income provision of the Wilson bill.

FINANCE.

We favor the free coinage of both gold and silver, the latter at a ratio of sixteen to one, and demand that all money be a full legal tender for all purposes, to the end that there shall no longer be one kind of money for the capitalist and another for the poor.

We favor the enactment of laws requiring county treasurers to receive all county warrants for taxes due said counties or any municipality therein of which municipality such treasurer is ex-officio tax collector irrespective of the date of their issue, such laws to run for a term of years safely sufficient to extend beyond the present hard times.

We demand the repeal of the iniquitous statutes enacted by the last legislature, which permits attorneys to issue summons without the seal or sanction of a judicial tribunal, to serve the same, and collect and retain the fees therefor, thereby depriving the county treasury of of the cost of said issuance and service, though the cost of to litigants is not lessened thereby, and the taxpayers of the several counties of the state are compelled to keep and pay officers whose duties are to issue and serve such paper.

We favor the enactment of laws confining the salaries of all county officers who collect fees from the public for their services within a reasonable amount and in no case to exceed the actually collected by them, thereby relieving the overburdened people from the payment of salaries to such officers or their deputies out of the county treasurer.

We urge the enactment of laws prohibiting the recovery of deficiency judgments by money lenders upon the foreclosure of real estate mortgages.

We favor the election of United States Senators by a direct vote of the people and pledge the nominees of this convention to do all in their power to help bring about such legislation as will carry this resolution into effect.

We demand the passage of a maximum expense bill law governing the expenditures a candidate for any office may make in conducting his canvas and rigid enough to disqualify any one violating it, thus placing a poor man on an equality with the rich man when canvassing for an office.

We deplore the existence in our state and county of powerful political rings who seek to control the affairs of government for the benefit and aggrandizement of their members by the distribution of their offices, and of money where they will "do the most good," the the machinations of which are responsible for the disgraceful proceedings which have characterized the Republican primaries and conventions in Clallam county and other positions of this state.

We most earnestly condemn the present iniquitous delinquent tax law and pledge ourselves to the enactment of a law whereby no delinquent tax shall bear a greater interest than eight per cent. per annum, nor a heavier penalty than two per cent. and make the period of redemption of land sold for taxes not less than ten years.

We condemn the Republican party for its useless waste of time and the people's money during the session of the last legislature in attempting to elect a United States senator.

We condemn the action of the present governor in his attempt at packing the state capitol commission in the interest of jobs and jobbers.

We condemn such class legislation as will provide a cash warrant for an official, and a depreciated warrant for the common laborer.

Money matters are extremely tight. Everybody is compelled to curtail expenses. It does not follow that because you do not spend as much as formerly that you are more economical. Not at all. M. Hammerly, a well-known business man of Hillsboro, Va., sends this testimony to the merits of **Ayer's Sarsaparilla**: "Several years ago, I hurt my leg, the injury leaving a sore which led to erysipelas. My sufferings were extreme, my leg, from the knee to the ankle, being a solid sore, which began to extend to other parts of the body. After trying various remedies, I began taking **Ayer's Sarsaparilla**, and, before I had finished the first bottle, I experienced great relief; the second bottle effected a complete cure."

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

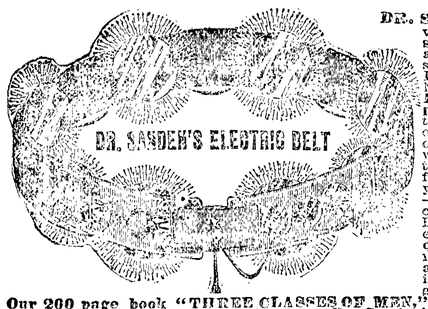
HAVE YOU TRIED DRUGS AND FAILED

TO FIND A CURE FOR

RHEUMATISM, LUMBAGO, SCIATICA, KIDNEY, LIVER and BLADDER COMPLAINTS, DYSPEPSIA, LAME-BACK, &c.



DR. SANDEN'S ELECTRIC BELT with Electro Magnetic Suspensory will cure without medicine all of the above troubles. Those who suffer from Nervous Debility, Losses, Drains, Lost Manhood, Nervousness, Sleeplessness, Poor Memory, all Female Complaints, and general ill health, the effects of abuses, excesses, worry or exposure, will find relief and prompt cure in our marvelous invention, which requires but a trial to convince the most skeptical. In ignorance of effects you may have unduly drained your system of nerve force and vitality—which is electricity—and thus caused your weakness or lack of force. If you replace into your system the elements thus drained, which are required for vigorous strength, you will remove the cause and health, strength and vigor will follow at once. This is our plan and treatment, and we guarantee a cure or refund money.

Our 200 page book "THREE CLASSES OF MEN," should be read by every young, middle-aged and old man, sent sealed, free. **Dr. Sanden's Electric Belt** is no experiment as we have restored thousands to robust health and vigor, after all other treatments failed, as can be shown by hundreds of cases throughout this and other States, who would gladly testify, and from many of whom we have strong letters bearing testimony to their recovery after using our Belt.

WE HAVE CURED THESE—WE CAN CURE YOU!

GENERAL DEBILITY CURED.

San Francisco, Cal., August 24, 1892.

Dr. A. T. Sanden, Dear Sir:—Before I read your belt I was troubled with lost vigor, vital weakness, and almost a complete loss of power. I would get up with a very tired feeling, bones aching, etc.; since using your belt I have had a new lease of life. I now enjoy life better than I have for ten years past. I have the utmost confidence in your treatment. You can publish this statement, also have others write or call on me. Truly yours, H. A. BOWEN, 26 and 28 Turk St.

RHEUMATISM AND LAMENESS CURED.

Portland, Oregon, April 18, 1892.

Dr. A. T. Sanden, Dear Sir—I got one of your belts two weeks ago for rheumatism, from which I suffered for several years. For the past six months I had not been able to work. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally.
M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.

Tacoma, Wash., October 24, 1892.

Dr. A. T. Sanden, Dear Sir:—I have been using your Electric belt for general nervous debility, and to-day feel better than I have for five years. I have gained in vigor daily, and am strong in every part.
Yours gratefully, CHAS. LUETKA.

LAME BACK AND RHEUMATISM.

Portland Oregon, September 26, 1892.

Dr. A. T. Sanden, Dear Sir:—Years of exposure and hard work, comforted with the strain coming from the jar of an engine, gave me a severe case of lame back, from which I suffered for seven years. I was so bad that I could not bend my back. Was all doubled up with it. I bought one of your belts. It helped me in ide of two days, and I continued to wear it for four months, being perfectly cured. That was two years ago, and I am well to-day as I ever was in my life. I know your belt well, and I am a lot of people who have been cured by it. Many others need it, and if they would try it they would find it the same as I did—the best remedy in the world. I am located here permanently, and will be glad to talk with anyone who wants to inquire about it.
ROBERT BURREL, Engineer Hotel Portland.

LOST VITALITY AND STRENGTH.

Everett, Wash., June 18, 1892.

Dr. A. T. Sanden, Dear Sir:—Since wearing your belt I have been greatly benefited. I feel my old energy fast returning; and after a month's use of the belt I find myself twice as vigorous as before. My memory is now nearly perfect, and each day shows for the better. I feel much stronger than before using the belt. Yours truly, HENRY SCHULTZ.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or sleep, and it gives soothing, prolonged currents which are instantly felt throughout all weak parts, or we forfeit $5,000. It has an Improved Electric Suspensory, the greatest boon ever given weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken limbs, or parts, or Money Refunded. They are graded in strength to meet all stages of weakness in young, middle-aged or old men, and will cure the worst cases in two or three months. Address for full information,
