Doubtless the largest mass meeting of citizens ever held in Port Angeles, assembled in the opera house last Saturday evening for the purpose of nominating a citizens municipal ticket. It is variously estimated that there were from 500 to 700 persons in the opera house, including a large number of women who were silent and deeply interested, if not active participants, of the somewhat exciting political contest which held undisputed sway from 8 p. m. till 12:45 a. m.

While candidates for the respective municipal officers were none too numerous, there was a generous sprinkling of these ever-present, insuppressible saviors of a nation, hovering dangerously nigh the mistletoe bough, casting seductive glances at the fickle Goddess of politics and with masterful tact and cunning, artlessly striving to win favor at the throne, and position in the kingdom of her most worshipful majesty.

Divest life of its keenest disappointments and it would be an exceedingly delightful sphere in which to drift, calmly and peacefully through endless ages. But the average office-seeker is so peculiarly sensative that he cannot withstand the pressure of disappointment attending a fruitless search for office. Could you possibly imagine a more pitible, abject, forlorn, disgruntled object than the unsuccessful office-seeker? The following beautiful verse is so apropos to the woe-begone, friendless and penniless condition of the creature referred to that it would be cruel and merciless not to reproduce it. Here it is:

"Oh, how pitiful,
In a whole city full,
Friends *he* had none."

The writer of these charming and refreshing lines will pardon the liberty taken in transposing one line of the verse so admirably adapted for the purpose applied.

This is truly the defeated office-seeker's afterthought "when the battle is over, when the battle is won"—by the other fellow.

The true and tried friend who sacrificed, doubtless, even more than he, in prosecuting his uneven and hopeless contest, is doubted, mistrusted, even accused of faithlessness. The friend, who, when the sky was darkest, the storm gathering and threatening destruction, launched the life boat and braved the storm, that precious lives might be saved from the impending doom.

Too late. Fate decreed otherwise. The elements conquered and thousands of political hopes and ambitions were wrecked on the rock-bound coast of Time. Nothing remained but an imbittered and crushed spirit, bewailing cruel fortune and assailing friendship as pure as the morning dew. This abhorent spirit has never been banished. Its repulsive form stalks about the political grave yard at the hour of midnight, mutilating the epitaphs inscribed on the tomb-stones of the departed sons of men whose political careers had been peculiarly free from suspicion, and unselfishly grateful for political favors.

The reader will please pardon the intrusion of a subject so foreign, and at the same time, disagreeable and distasteful, and space will be devoted to the results of the citizens mass meeting.

Mr. Wm. Bell was unanimously chosen Chairman, and R. A. Grimes secretary, of the meeting.

Nominations for mayor were declared first in the order of business. Louis Williams placed in nomination Chas. E. Mallette; F. O. Lamoreux, Capt. Morrisey, and John Dyke, E. H. Foster.

On the first ballot Mallette received 133 votes, Morrisey 60, and Foster 12.

Mr. Mallette having received the majority of the votes cast was declared the nominee of the convention for mayor.

Mr. Mallette was vociferously cheered, and finally submitted to the appeals of the crowd, which refused to subside, by rising and thanking citizens for the honor conferred, and pledged himself, if elected, to disentangle the city's finances, restore its credit and the value of its warrants to their face value.

For Councilman-at-large three candidates were nominated. These were: R. R. Harding, Dr. Stanley and W. H. Smythe.

On the first ballot Harding received 60, Stanley 43 and Smythe 62 votes, No result.

The second ballot, Smythe 83 and Harding 85 votes. Harding was declared nominated.

For Treasurer there were four candidates. These were Messrs. L. R. Cole, Morris Fisher, Geo. W. Meagher and A. Mona. On the first ballot Fisher received, 55; Meagher, 29; Cole, 74, and Mona, 27 votes. No nomination.

The second ballot Fisher received 72; Cole, 74, and Meagher, 29 votes.

The third ballot Cole received 98 and Fisher 86 votes. Cole was declared the nominee.

The chair then announced nominations open for city clerk.

Wm. Ritchie was nominated by Major Hooker, A. C. Hatfield by H. B. Willson and D. E. Campbell by F. O. Lamoreux.

The first ballot resulted in Hatfield receiving 62, Campbell 69, and Ritchie 32 votes. No candidate having received a sufficient number of votes, another ballot was taken, the candidate receiving the smallest vote withdrawing.

On the second ballot Hatfield received 86 votes and Campbell 81. Hatfield was declared the nominee.

For Attorney four candidates were placed in nomination. These were: H. B. Willson, Chas. E. Gay, D. W. Bryan and Benton Embree. Mr. Embree declined, and this left three candidate in the field.

On the first ballot Willson received 57 votes, Gay 24, Bryan 38 and Embree 25. The convention seemingly refusing to accept the withdrawal of Embree's name, whereupon that gentleman arose and announced, positively, that he would not serve if elected.

The second ballot Bryan received 45 and Willson 84 votes. Wilson was declared nominated.

For the marshalship two caudidates were nominated, respectively as follows: L. H. Smith and Chas. Cook. On the first ballot Smith received 44 and Cook 91 votes, and the nomination.

Two candidates were nominated for health officer, namely, Dr. W. T. Strother and W. W. McGeooge. McGeorge received 50 and Strother 60 votes and the nomination.

The object of the meeting having been accomplished it stood adjourned.

Citizens have met, have deliberated and the results of their labor is before the people. It now remains with that high, unbending, imperious and ever-exacting taskmaster, the people, to either approve or disapprove of the acts of subordinates.

The ticket is, in many particulars, meritorious, and worthy of public approval. The question of ability and qualification cannot be successfully raised against any of the candidates. They are representative men, of unquestionable ability, who possess property interests, and will, therefore, have the welfare of the taxpayer steadfastly in view.

While some have intimated that the taint of cliquism has stained the hem of its garments, the charge, even if true, is of minor consideration and will carry little weight with the intelligent voter, who is confronted with other, more weighty and ponderous questions, in fact, questions of lower taxation, of economical municipal expenditures, and of the vital consequence of competent and trustworthy officials.

The Citizens' ticket will, no doubt, receive substantial public approval on the 4th of next December.

Extravagance and mismanagement in municipal administration is beng emphatically rebuked elsewhere, why not in Port Angeles?

The question of low taxation is one which will influence the investor, the manufacturer, and the capitalist.

ATTENTION MICHIGANDERS—The Michigan Association will hold a special meeting, Monday evening, Nov. 26th, in the council room, for the purpose of receiving members; and to make arrangements for the regular meeting which will be held in December. All who have ever lived in Michigan are cordially invited to be present.

New Business Departure.

Mr. J. I. Kirsckberg, of the well-known firm of J. I. Kirschberg & Co., of this city, has extended his field of operation.

Recently he consummated the purchase of the large boot and shoe business from Messrs. Devan & Graham of Tacoma. The latter firm conducted the largest establishment in Tacoma, the place of business being one of the most commanding and centrally situated on Pacific Avenue—the principal business thoroughfare of that city.

Mr. Kirschberg will assume personal supervision of the Tacoma establishment and delegate to his present efficient assistants the management of the local establishment, with the additional services of Mr. Harry E. Lutz, who will have charge of the books, accounts and correspondence of the local firm.

The new departure will not limit the local business, but, on the contrary, will strenthen and extend its various departments.

Has Been Pardoned.

Some time ago an appeal was made to Gov. McGraw, for the pardon of Frank Jones, who had been tried and convicted for an assault and battery on the person of Henry Waechter, and fined in the sum of $50 and costs.

Last week local authorities were officially notified that the Governor regarded the case of Jones worthy of clemency, and therefore, His Excellency remitted the fine and all costs imposed upon the said Jones in the foregoing case in the Superior court of Clallam county.

The remodeled steamer Garland will undoubtedly become very popular with the traveling public, as she is now supplied with all of the modern appointments, conveniences and accommodations.

CITIZENS' MUNICIPAL TICKET.

The Citizens' Municipal Ticket the result of the deliberations of citizens in mass convention assembled in the opera house last Saturday evening, is now a definite quantity, an accomplished fact appealing to the voters of Port Angeles for their endorsement, for their approval and for their suffrage.

The ticket, doubtless, is the result of dispassionate, unprejudiced and unselfish action. The essentially dominating purpose, object and aim of a citizens' convention is to banish for the time being all thought of partisan or private advantage, and unite earnestly and determinedly for the accomplishment of more thorough, wholesome and economical government.

Those who will gratuitously contributed of their time and service to the city during the incoming administration possibly do not adequately realize the stupendous task before them. To rescue the city from its present entanglement, demands the very best thought, the strictest adherence to rigid and puritannical business principles. It must not be sweeping retrenchment in salary expenditures, and alarming extravagance in other directions. The margin of economy would be very narrow, indeed, were the incoming administration to save $6000 in salary retrenchment, and appropriate $7000 for some municipal commodity. There is only one way to economize and that is to economize. Not by reducing expenditures in one and increasing them in another, but sweeping and thorough reform in every department.

Beware of sham reform and sham reformers.

One of the most meritorious features of the citizens' ticket is that it is comprised of able and eminently qualified citizens, men who have the capacity and the business experience to give the people an ceptable administration, one conducted strictly in conformity with methodical, systematic and generally accepted business principles.

This is just what taxpayers want. In the administration of the city's affairs the degree of interest and caution should be exercised that you do in conducting your private affairs. You manage your business so as it will yield you a profit. And if intrusted to subordinates who proved to be incompetent, shiftless and wasteful, you would summarily discharge them.

When the people will have elected you to manage the affairs of the municipality, exercise the measure of interest and efficiency you would demand of others.

BEFORE the election the foremost Republican journals of the country contended that Republican supremacy was absolute to national advancement and prosperity. The American people took them at their word, and the result was an unprecedented Republican victory all along the line. Now one of these foremost partisan journals forgetful of its prophesies, sensibly concludes that other conditions are far more essential than Republican dominance to a return of national prosperity, as the following paragraph would suggest:

"From the moral, the political, the industrial or the sociological point of view, the argument for a movement back to the land as a condition precedent to the revival of prosperity and to national advancement is a sound one. It cannot be pressed home too closely upon the attention of the people."

THERE is likely to be a change in the President's cabinet. The resignation of Attorney-General Olney is anticipated at an early day. Mr. Olney has never been thoroughly in sympathy with genuine Democratic reform. The Attorney-General has been unduly lenient with trusts and altogether too indifferent to infractions of the law by trusts. In the event of a vacancy President Cleveland could scarcely make a more excellent selection than to appoint William L. Wilson of West Virginia. An appointment so worthy would simply be just and fitting recognition of the invaluable and meritorious party service of a courageous, sincere and conscientious man, whose loyalty, earnestness and ability have never been questioned.

A REPUBLICAN journal says:

"At least twenty-five Democrats in a hundred have failed or refused to vote for Democratic tickets, of whom not far from ten in a hundred have voted for Republicans directly."

In its calculations the journal in in question is eminently correct. A very accurate analysis, indeed, of Democratic participation in the recent election. For the former omission Democrats have no apology to offer. "Perfidy and dishonor" invited and received the defeat it deserved. Recent developments have, however, caused Democrats to feel thoroughly ashamed for the latter.

GENUINE retrenchment does not imply the curtailment of salary expenditures and the squandering of money thus saved in other directions. What the taxpayer wants and will have is rigid economy in every department of the municipality.

THE nominee on the Citizen's ticket for city attorney, Mr. H. B. Willson, is a lawyer of ability and is thoroughly qualified to discharge the duties of the office for which he has been selected.

WILL BE CONTESTED.

Question of Woman's Eligibility to Public Office Will Now Be Settled.

A complaint has been filed in the county clerk's office, by Chas. E. Russell, the nature of which is a contest of the right of the newly elected school superintendent, Miss Ella E. Guptill, to qualify for that office. The question raised is the one of eligibility. The plaintiff contends that a woman is not eligible to public office.

The office of school superintendent is now being occupied by a woman in Thurston county, notwithstanding the fact that her right so to do was denied by the attorney-general of the state.

In view of the fact that no law in the statute books disqualifies a woman from holding public office, and in the light of the experience of the plucky, determined and undaunted female school superintendent of the Thurston county schools, who, in defiance of the decision of Attorney-General Jones, is ably and acceptably discharging the duties of that office, there is very little doubt but that Clallam's superintendent-elect will prevail, if she emulates the example of Thurston's courageous precursor of woman suffrage in the glorious Northwest.

SETTLERS GIVEN ANOTHER YEAR

Within Which to Make Final Payment on Their Claims.

Official notices of three new and important laws relating to the public lands were received at the Seattle Land Office last week. The first gives one additional year of grace for settlers on homesteads and desert lands, who cannot make final proof this year. The second suspends for 1894, the requirement that settlers on desert lands shall spend $1.00 per acre for reclamation. The third increases the value of soldiers' additional homestead certificates.

The first act which was approved by President Cleveland, July 26, is as follows:

"Be it enacted by the senate and the house of representatives of the United States of America, in congress assembled:

"That the time for making final proof and payment for all lands located under the homestead and desert land laws of the United States, proof and payment of which has not yet been made, be, and the same is hereby extended for the period of one year from the time proof and payment would have come due under existing laws.

"SEC. 2. That the time of making final payments on entries under the preemption act is hereby extended for one year from the date when the same becomes due, in all cases where preemption entrymen are unable to make final payments from causes which they cannot control, evidence of such inability to be subject to the regulations of the secretary of the interior."

The second act, relating to desert land improvements, is as follows:

"Be it enacted by the senate and house of representatives of the United States of America, in Congress assembled:

"That in all cases where declarations of intention to enter desert lands have been filed and the four years limit within which such proof may be made in each such case is hereby extended to five years from the date of filing the declaration; and the requirement that the persons filing such declarations shall expend $1.00 per acre, during each year, toward the reclamation of the land, is hereby suspended for the year 1894, and such annual expenditure, for that year, and the proof thereof, is hereby dispensed with.

"Provided. That within the period of years from filing the declaration satisfactory proof be made to the Register and Receiver of the reclamation and cultivation of such land to the extent and cost, and in the manner provided by existing law, except as to said year 1894, and upon the payment, to the Receiver, of the additional sum of $1.00 per acre as provided in existing law, a patent shall issue as therein provided."

Mrs. W. B. Meek, who resides a Camptonville, Cal., says her daughter was for several years troubled at times with severe cramps in the stomach, and would be in such agony that it was necessary to call a physician. Having read about Chamberlain's Colic, Cholera and Diarrhoea Remedy she concluded to try it. She found that it always gave prompt relief. It was seldom necessary to give the second dose. It has not only saved us worry and time," she says, "but also doctor bills. It is my opinion that every family should have a bottle of this remedy in the house." For sale by J. C. Hansen, druggist.

Messrs. James A. Haight, Assistant State Attorney-General and A. A. Lindsley, State Treasurer, of Olympia, are in the city.

Party in the east will work claim or ranch in Washington or Oregon for expenses for one year. Address F., DEMOCRAT-LEADER.

Mr. and Mrs. W. R. Hoole left last Wednesday, via Seattle en route overland for California, where they will remain for a month or six weeks.

The Populists will hold a mass meeting this (Friday) evening for the purpose of placing in nomination a municipal ticket. The meeting will be held in the council chamber.

Messrs. L. M. Lane and H. K. Bickford formerly of this city, have entered a copartnership for the practice of the law, and have swung their shingle to the breeze at King Fisher, Oklahoma.

A literary and musical entertainment to be followed with refreshments is on the tapis for Thanksgiving night. A small fee will be charged, and the amount received will be divided among the churches.

Regular services in the Congregational church next Sunday. Preaching morning and evening by the pastor. Morning subject, "Who is my neighbor, and my duty towards him." Evening subject "The Providence of God and the Laws of Nature." Everybody invited.

There will be appropriate services in the Episcopal church on Thanksgiving Day at 10:30 a. m. All are invited to join in thus returning thanks to Almighty God for the mercies vouchsafed during the past year. In the altar every week we ask God "to preserve to our use the kindly fruits of the earth so in due time we may enjoy them." Well then does it become us, to return thanks for His having given us bountifully.

Agreeable to invitation a number of the members of the local Lyceum-League were the guests of the Sequim Literary Society last Friday evening. A joint debate was one of the interesting features of the entertainment. The question discussed was: "Resolved, That the liquor traffic has caused more misery than war." The visitors took the affirmative, and the judges held they advanced the more convincing argument, and consequently decided in their favor.

The Credit System.

At the last meeting of Gate City Lodge No. 27, the first glorious effects of the Credit System were instituted. Since the plan of dividing the members of the lodge into two companies went into effect, a couple of weeks since, each brother and sister has put forth their best endeavors to increase the credits on their list, and as a consequence four new members were initiated last Wednesday evening and six new names were proposed. According to the rules adopted the two companies alternatively render a program every other week for the entertainment of those present, receiving a certain number of points for each part rendered. In this way a very entertaining and instructive program is produced, which is keenly appreciated by all. Company B, Capt. W. E. Graham, rendered the program last meeting, which proved a grand success. The feature of the evening was the reading of a lodge paper by Mrs. C. C. Bowman, full of bright and witty sayings, and a credit to the company.

NEWS OF THE COUNTY.

Gleanings From the Press of Western Clallam.

East Clallam Record.]

The sawmill started up on Monday.

The schooner La Gironde sailed from San Francisco on the 8th for this port. Another schooner will also leave soon.

Gustave Soderstran, whose ranch is located near Beaver, is now hauling his hop crop here for shipment. He has about two tons. Considerable of the crop raised at Forks will be hauled here.

Beaver Leader.]

Thousands of acres of good land yet remain untaken in the Quillayute awaiting the arrival of the sturdy pioneer. Those coming in now will not have long to wait to witness, in the Quillayute valley, one of the greatest and richest agricultural communities in Western Washington. Now is the time to come.

There is a notable activity among the claim hunters this fall—more so than for two or three years past. In the spring of '91 the rush for land in the Quillayute was great, but as the hard times came on the hunt for land was discontinued and all hands turned in and worked to secure a living at whatever could be found to do, and for the time being, proving up on their claims did not enter their minds; but now that the dark clouds are rapidly disappearing, the old-time longing for a valuable tract of land in the Quillayute is returning, and the people from outside, who have heard so much of the matchless Quillayute valley, are beginning to come in and look around for a suitable place. A dozen or more claim hunters are now in the valley and many more contemplate coming in in the early spring.

James Early killed two or three deer near his place last week. Deer seem to be pretty plentiful this fall, several having been shot the past month.

Hunters report quite a few grouse in the woods this fall. These, like the prairie chicken and quail, will increase, by a strict adherence to the game law, as the country becomes more settled.

The Quillayute Indians have just finished cutting a pony trail from La Push to Jackson creek, where many of them have fine river bottom ranches.

Council Notes.

There was little important business transacted at the council last Wednesday evening.

The new salary ordinance was introduced.

The final settlement of the accounts of the former electric light manager, R. R. Harding, was then taken under consideration. It appears that there yet remains a balance of $50 due the city from Mr. Harding, who tendered the council city warrants in settlement of the account. The council refused, however, to accept the warrants in liquidation of the deficiency, and instructed City Attorney Lamoreux to effect a settlement of the matter as early as possible.

To the City Council of Port Angeles:

I have constructed a flume on Ennis creek of a capacity of about 1000 cubic feet per minute and will develop it under a direct head of about 40 feet. I am framing a building 26x31 feet, two stories high and connected with the wheel house at the foot of the penstock at the end of the flume on lot 16 of block No. 1, Colony First addition. I hereby offer to the city of Port Angeles, the right to the use of a part of the lower story of the building and of all the water power developed through the flume and under the above mentioned head for the purpose of supplying the city electric light plant with power at night free of all cost to the city of Port Angeles for one year from this date, without reservation and I further offer the right to the city of the use of the above power, etc., for any term of years thereafter at a price not to exceed $15 per horse-power per year, and I will give satisfactory guarantee that I will furnish the power to the city as agreed. Proclaim the Superior Value of

Dr. Price's Baking Powder.

Scientists are devoting closer attention to food products. Recent examinations of baking powders by Prof. Long, Dr. Haines, and Prof. Prescott, were made to determine which powder was the purest, highest in leavening strength, most efficient in service, and most economical in cost. They decide that Dr. Price's Cream Baking Powder excels in all the essentials of an ideal preparation for household use. They write:—

"Chicago, March 28th, 1894.

We have purchased in the open market cans of Dr. Price's Cream Baking Powder and also of the other leading brands of baking powders, and have submitted them to chemical analysis. We find that Dr. Price's Cream Baking Powder is a pure cream of tartar powder, that is has a considerably greater leavening strength than any of the other baking powders we have ever tested.

POSSIBLE CANDIDATES.

Citizens Mentioned As Available Populist Timber for Municipal Offices.

The Populists of Port Angeles have decided to nominate a strictly partisan municipal ticket.

There are a number of aspiring candidates for the mayoralty. For this office those deemed most available, and who have received favorable mention are: Messrs. J. W. Stewart, Dr. A. B. Lull and Geo. Gale.

The scheme of endorsing the independent candidacy of Capt. Morrisey, while acceptable to many Populists, does not meet with general favor. While it is not questioned that the gentleman is eminently qualified, thoroughly in sympathy with genuine reform, worthy and of unquestioned integrity in business intercourse with his fellow men, as a party they seriously doubt the advisability of stepping outside party ranks to select timber for public office. So the scheme is likely to meet with persistent opposition.

For councilman-at-large Messrs. Robt. Shields, J. W. Stewart and D. O'Brien, have been mentioned.

The nomination for clerk is likely to go either to Thad Wagner or Jno. Brown.

For treasurer Messrs. J. E. Krueger and Geo. Haines have received favorable mention.

Geo. V. Smith will doubtless receive the nomination for attorney.

For health officer Dr. Lull will undoubtedly be re-nominated.

The nomination for marshal will undoubtedly go to either Dustman or McGregor.

Geo. H. Gale is favorably mentioned for councilman from the First ward; P. Matthews from the Third, and J. Ristine from the Sixth ward.

ROMERO ESCAPES

From the Townsend Jail, Where He Was Incarcerated.

Jose Romero, who was tried and convicted and sentenced at the last term of the Superior Court of this county, to four years in the state pentitentiary for burglarizing near Sequim, has, with two companions, effected an escape from their cell in the Townsend jail. This occurred about two weeks ago, at which time a thorough search was instituted, but has thus far proved futile.

Romero had been sent to Townsend by Sheriff Morse for safe keeping, pending the fate of a motion before the Supreme court for a new trial, which was just recently refused, and Sheriff Morse dispatched men to Townsend to escort Romero to Walla Walla, the morning of his escape.

[Jose Romero is a Chilean, aged about 21 years, about 5 feet 6 inches in height weight about 145 pounds, dark complexion, black hair, brown eyes, full face, little nose, the least bit turned up and slightly pug; several back teeth missing; speaks broken English; on left leg, about four inches above ankle is a bullet scar; tattooed on left forearm "18;" forefinger on left hand stiff in first joint; scar on back of head. He has a bad temper and sometimes shams insanity.]

The Toledo Weekly Blade.

Of the now nearly twenty thousand regular publications in the United States, there are but two or three weekly newspapers published for general circulation in every state and territory, and of these the Toledo Weekly Blade is the best and most popular of them all. It is the oldest, best known, and has the largest circulation. For more than twenty-five years it has been a regular visitor to every portion of the Union, and it is well known at every one of the sixty thousand odd postoffices of the country. It is made especially for family reading. It gives the entire news of the world each week, in such condensed form as will save reading scores of pages of daily papers to get less information. Republican in politics. Temperance in principle, always on the side of justice and right, it is just the paper for the rising generation, and a great educator for the whole family. Serial stories, wit and humor, short stories, Household department, Question Bureau, Farm department, Camp Fire, Sunday School and Young Folks are a few of the many other prominent features of this great paper. A specimen copy will be mailed free to any address on application, and the publishers invite any person to send in a long list of addresses to whom they will mail sample copies. They would be glad to mail a couple of hundred specimens to readers of this county. The Weekly Blade is a very large paper, and the price is only one dollar a year.

INFLUENZA,

Or La Grippe, though occasionally epidemic, is always more or less prevalent. The best remedy for this complaint is **Ayer's Cherry Pectoral.**

"Last Spring, I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of **Ayer's** Cherry Pectoral, and no sooner had I began taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete. It is truly a wonderful medicine."—W. H. WILLIAMS, Crook City, S. D.
