SHORTAGE OF THE EX-TREASURER

Is Further Increased by Clump Witholding the Proceeds from a Draft Amounting to $167.18, Which Had Been Paid Him in Payment of Taxes—A Liquor License Granted Garrison & Towne.

The board of county commissioners met in this city last Tuesday pursuant to adjournment, there being present Commissioners Graybill, Whittier and Knapmann.

The petition of Elias Cays et al remonstrating against closing streets and alleys in townsite of Dungeness by the Groveland Improvement Co., was considered. The board ordered that said company be directed to remove such obstacles from all streets and alleys forthwith.

The board attached sections 1, 12, 13 and the north ½ of sec. 24 in township 30 north, range 8 west, to road district No. 8.

Petition of James Keltner referring to taxes assessed against mortgages was referred to County Attorney Stewart.

Claim of H. A. Pease for loss of horse on Hoko river was laid over until next meeting.

Petition of A. Fitsch for change in county road, laid over until next meeting.

Boundaries of road districts Nos. 1 and 14 shall be as follows:

Commencing at a point on meander line of Straits of Juan de Fuca, where section line between sections 15 and 22, township 30 north, range 3 west, intersects said meander line; thence following said section line west to a point which is 20 chains west of section post, common to sections 16, 17, 20, 21, township , thence south ½ mile, thence west to the legal centres of sections 19 and 20, said township to a point on township line between ranges 3 and 4 west.

Adolph Weman was appointed supervisor of road district 35.

The matter of revocation of liquor license of Garrison & Town, Dungeness, came up for consieeration. Geo. Hatch, Esq., represented those protesting against renewal of license, and advances the following reasons why said license should not be renewed: 1st. The license issued was unlawful. 2nd. The said parties have violated the law by keeping a disorderly house. Alex Henderson was called and testified that statements in remonstrance were untrue. That is the said saloon had not been kept open on Sundays for the past two months. H. B. Willson, representing Garrison & Towns, address the board and asked that the license be continued. James Garrison testified to the effect that he had never sold a minor a drink of intoxicating liquor. The board being fully advised in the matter of revocation of the license of the said Garrison & Town, and having doubts as to legality of the license under which said firm were doing business, ordered that they not be permitted to do business under such license. A new liquor license was then granted the said Garrison & Town.

The county treasurer was instructed to correct erroneous assessment made against Fred Roberts.

Bids for repairing Elwha river bridge were opened. Only two bids were submitted, viz: Malony and Gilmur, $395; Hitch and Tillman, $445. The bid of the former being the lowest the contract was awarded them.

County Assessor Cook appeared before the board and requested that deputy assessors be allowed $4 per day. The board took the matter under consideration, and fixed the daily compensation for deputy assessors for actual services at $3.

Boundaries of road districts 11 and 14 were changed as follows: All territory lying and being within section 4, township 30 north, range 3 west, and north ½ of section 9 be transferred from district 11 into district 14, and lot of section 10 be transferred from district 11 to district 14.

Salary warrant No. 1202 in favor of A. M. Johnston was cancelled and county fund warrant for $15 was ordered issued in lien thereof.

WEDNESDAY.

Graybill moved that the rescinding of the order of reward for the arrest of absconding county treasurer M. J. Clump be reconsidered. Carried.

Resignation of W. H. Blake, constable of Dungeness precinct, was accepted.

Communication from County Treasurer A. B. Dorsey, relating to the taxes of Eli Whitney, alleged to have been paid to M. J. Clump, ex-county treasurer, was read and filed.

An examination into the foregoing discloses the fact that the said Eli Whitney had paid his taxes for year '93 with a draft drawn on the National Park Bank of New York for $167.18 in favor of M. J. Clump, and that on said date a rebate of $4.03 was allowed by said treasurer to said Whitney—leaving a balance still due on said taxes of $30.64, and said balance has since been tendered county Treasurer Dorsey in full payment of such taxes, and that the said Whitney had not been credited on the books of the ex-treasurer Clump for the payment of the said $167.18, which amount of money the said Clump had received through the National Park Bank of New York, on a draft issued on said bank in favor of Clump by the city bank of New Haven, Conn. These facts appearing to the satisfaction of the board it ordered that County Treasurer Dorsey be authorized to receive from said Eli Whitney the sum of $30.64 as the balance on said taxes and receipt in full to said Whitney for taxes of 1893. And further the auditor was directed to charge the accounts of M. J. Clump with the $167.18.

Petition for cable bridge across Dickey river was laid over pending further information regarding costs of said improvements.

Decembers, 1894, report of M. D. Gleason, supervisor road district No. 7 was considered, and board refused to allow the claims for wages therein claimed, and refused to approved report.

Petition for appropriation for bridge across Bear creek laid over until next meeting.

Petition of J. E. Franklin, et al., for creation of new road district of portion of road districts 27 and 34, lying south of Solduck river, was rejected.

Petition of J. C. Davis, et al., for division of road district No. 6 rejected.

Petition of Henry Behren for reduction of valuation of lots 1 to 8, block 33, N. R Smith's sub-division, was rejected.

Ladies Aid Society.

The Ladies Aid Society of the Congregational church had an interesting meeting Wednesday afternoon at the home of Mrs. L. T. Haynes. After the usual business was over, at the request of the president, Mrs. C. W. Brewster in a few well chosen words tendered to Mrs. Randall, an expression of the high appreciation of the members for the valuable services rendered by her as secretary of the society. Some delightful recitations, short readings and speeches were made and refreshments partaken of, after which the society joined in singing that delightful song, "God be with you Till We Meet Again."

WANTS TO SELL LIQUOR

Without a License But the Council

EMPHATICALLY PROTESTS TO SUCH

A Gross Violation of the Statutes—The Finance Committee Given Another Week Within Which to Report on the Lincoln Street Wharf Franchise—Violating the Sunday Law.

Mayor Maliette and Councilmen Harding, Graybill, Lamoreux, Stewart and Shelton were present at the regular meeting of the city council last Wednesday evening.

The finance committee was allowed another week within which to make report on an appropriation for postage on advertising matter the local G. A. R. post is preparing for distribution in the East, to encourage immigration to this city.

It was moved by Councilman Lamoreux that the city engineer be instructed to inspect the public cemetery and report as to the improvement thereof.

Liquor licenses were granted to Jno. Cunnea and to H. B. Crockett.

The following communication from F. L. Hall, manager of the Electric Lighting Works, was read and referred to the finance committee:

PORT ANGELES, WASH., April 2nd, 1895.

To the Mayor and Council:

GENTLEMEN—I most respectfully ask the council to allow me an increase of $10 per month in my salary; provided same shall come within the earnings of the electric lighting plant.

Yours respectfully,
F. L. HALL.

The franchise committee were given another week to report on the Lincoln street wharf franchise ordinance.

The following resolution, introduced by Councilman Lamoreux, was adopted:

Be it resolved, by the city council of the city of Port Angeles, that H. B. Willson be paid the sum of $50 to attend the trials of the warrant cases brought by Geo. C. Hatch, for clients on First and Front streets grade warrants, and protect the interest of the city therein.

Mr. Cross appeared before the council in defense of his action in violating the statutes by selling liquor without license. Mr. Cross requested that leniency be shown him as business is very quiet and his receipts are insufficient with which to pay the license. The purchases of his customers were purely for medicinal purposes, consequently were very limited. The council positively gave Mr Cross to understand that it could not afford him any relief, whatever, as the statutes were very clear on that point, and to be lenient with him would not only be a flagrant violation of the law, but a gross injustice to those who had complied with the law by paying their license. He was given to understand that he would either have to pay or suspend business forthwith.

The council adjourned.

VIOLATING THE SUNDAY LAW.

Judge Brewster's Court the Scene of the Trial Last Wednesday.

Last Wednesday afternoon Judge Brewster's court was the storm-centre of a case on trial absorbing unusual local interest.

The magnet-needle which had attracted the unusual public interest, was the case on trial of the state vs. John Cunnea, the supposed proprietor of the Ivy saloon, who was held on the charge of violating the Sunday law. The complaining witnesses in the case were Ray Haynes, A. S. McCormick, and W. F. Nulsen, who, it appears, confronted the unsuspecting prisoner at the bar in his saloon last Sunday, and with the studied air of indifference, the assumed importance and the disguised bearing of the up-to-date young men of the hour, called for refreshments, which were very graciously passed to them in exchange for which the customers with a well-defined methed in their down-hill career presented a silver piece with an air of feigned profligacy, characteristic of the perdition-bent youth. The trap sprung, the unsuspecting mouse caught, and indubitable evidence of the flagrant violation of the Sunday law accumulated for future service, as the subsequent arrest and trial of Cunnea proved.

The following citizens were subpœnaed and selected as jurors in the case: W. H. Smythe, Wm. Ritchie, Hall, Radford, Perry Wiley and Wm. Smith. County Attorney Stewart represented the state and Jno. Trumbull, Esq., the defendant.

The case was ably handled both for the state and for the defense, after which the charge of Judge Brewster was delivered to the jury, briefly and clearly reciting the points of law by which the jury should be governed. The jury was then conducted to the jury room, where they remained for a brief period weighing the evidence produced in the case. A verdict was finally reached.

Their return to the hall of justice was awaited with breathless expectancy by the eager, curious, interested crowd, entertaining various hopes and theories as to the verdict. When Judge Brewster announced the verdict of "not guilty," because of insufficient evidence and because it was not clearly, positively and conclusively proved to the satisfaction of the jury that Cunnea was the virtual proprietor of the Ivy.

It is understood that other arrests will follow on a similar charge.

Married.

The Central Hotel yesterday was the scene of another of those quiet weddings for which that hostelry has become so famous in the Sound country. Yesterday Auditor Brooks was called upon to issue a license to Mr. Andrew Anderson and Miss Hilda Parker, both of Forks, Clallam county. Justice Chas. H. Jones being summoned, the ceremony was performed in the presence of a few friends, and the newly wedded couple received the congratulations of those present, and wished many years of married bliss. The groom is a well-to-do farmer of that county, while the bride is well known as an estimable lady, and long a resident of Forks.—Townsend Democrat.

IN THE HANDS OF HIS FRIENDS.

The Name of Capt. O'Toole Receives Favorable Mention For Governor.

Mr. H. B. Crockett, of the New Albany, who recently returned from a business trip to Seattle, reports unmistakable evidence of improvement in commercial pursuits in that city.

The canal proposition is uppermost in the mind of the average business man, who most indignantly scouts the bare mention of failure to raise the bonus for that great commercial enterprise. Seattle knows no such word as fail, and in this, as in other undertakings, she will score a magnificent triumph. And woe be to him who dares oppose the commercial and industrial advancement of that modern metropolis.

Changing the topic of conversation, Mr. Crockett naturally drifted into the ever attractive subject of politics. "Do you know," said he, "that the name of Capt. W. D. O'Toole, register of the U. S. land office, whose official record has proved him to be such an able and fearless champion of the rights of the people in his land decisions, is most favorably mentioned as an available and as an exceptionally strong candidate for governor? The opinion is held there by prominent Democrats, that the captain would be acceptable to the rank and file of all parties. He is truly a man of the people, and of whom it can be said that his sympathies are most positively and decidedly with the masses as against the classes. Had such a man have been governor of Washington during the late legislative session, the people would not have been outrageously betrayed."

A MASS MEETING

Will Be Held at the Board of Trade Next Monday Evening.

A mass meeting of citizens will be held at the Board of Trade next Monday evening, to consider a matter of vital local importance.

The primary object of the meeting will be to consider the advisability of subscribing to a subsidy which will be converted into cash, with which to purchase an eligible mill site on Port Angeles bay, to be given as an inducement to any company with sufficient financial resources to establish, operate and maintain thereon a commercial saw-mill with a daily capacity of at least 100,000 feet.

This is a sensible, business-like movement along the lines of legitimate industry, and one that should receive the earnest, unqualified support of every patriotic citizen who believes in the material development of the natural resources of the country. And every dollar expended in the establishment of legitimate industries will be returned ten-fold.

Every citizen interested in the advancement of Port Angeles should attend the mass meeting at the Board of Trade next Monday evening.

The Good Templars lodge of this city, will entertain its members next Wednesday evening with an excellent program, to be followed by refreshments. All members of the order are requested to be present. The time of opening will hereafter be 8 o'clock.

STARTLING BARGAINS.

At the U. S. Clothing and Dry Goods House.

"Hoyle," this world is pretty much a game of draw. It takes a rich man to draw a check; a pretty girl to draw attention; a horse to draw a cart; a plaster to draw a blister; a toper to draw a cork; a dog fight to draw a crowd; and the U. S. Clothing and Dry Goods House to draw the trade?

Why?

Just examine these bargains and you will receive the answer.

20 yards muslin, $1.
10 yards heavy Chevron shirting, $1.
Pretty fine dress goods 20 cents per yard.
100 fine ladies wrappers, $1 each.

The following rare bargains for the week only:

Fine Satine, black ground with narrow white stripes, a firm piece of goods, only 15 cents per yard.

Fine assortment, attractive patterns, Simpsons's calico, 15 yards for $1.

We are more than gratified with the success of our cape and jacket sale. To close out these garments we will give a sweeping reduction during the next week. If you want a rare bargain in this line call early.

Ladies $1 shoes will go next week for $2.
Pretty Dress patterns in Challies, 20 yards for $1.

During next week the following excellent bargains will be given in the gents furnishing department:

Stiff hats, former prices, $2.50, $3.00 and $2.00, any one for 50 cents.
Men's strong working pants, 75 cents.
Men's underwear, grey Scotch, 75 cents per suit.
Men's strong working shirts, 35c each.
Men's $3.50 and $3 shoes, this week for $1.75.

We have 40 cases of dry goods on the way from the east. Our extraordinary sales during the past sixty days justifies the purchase of one of the largest stocks of dry goods ever brought to Port Angeles.

Our many out of town customers should bear in mind the fact that we defy local or up-sound competition.

A Cheap Power.

And at the same time a reliable power are the points to be sought for in purchasing an engine. With steam power a constant watch on the engine is necessary to prevent accidents, and the expense for engineer is a serious item against economy. The gas or gasoline engine is by far the cheapest power, as it will run all day without attention or fear of accident, and the cost is about two cents per hour for fuel per horse-power. For intermittent power the economy of gas over steam is beyond comparison. While these points of superiority are without question, it is important in selecting an engine to get the best; the best in the long run is the cheapest. Do not fail to investigate the striking advantages of the Hercules Gas and Gasoline Engines. Send for catalogue. If you want second-hand engines of other makes at cheap rates we can supply you. We have a number taken in trade, and cannot take any more until they are realized on. PALMER & REX TYPE FOUNDRY, Front and Alder streets, Portland, Oregon.

THE WELL-TRODDEN PATH.

The movement of a number of prominent business men of the city to encourage the establishment of legitimate industries in Port Angeles, cannot be too warmly commended.

Too long have citizens worshipped at the tempting shrine of speculation, blindly pursuing that ignis-fatuus, which has precipitated so many into irretrievable ruin, utterly demoralizing and incapacitating them for the legitimate pursuits of life, creating a positive distaste for honorable, upright, straightforward commercial pursuits, yielding legitimate profits.

That citizens have determined to cast off the hypnotic influence of this mis-guiding tempter, and turn their attention to legitimate pursuits is, indeed, one of the most favorable signs of the times.

Fortunes have been almost criminally squandered in Port Angeles by fostering and encouraging innumerable boom schemes so utterly impracticable,. preposterous and ridiculous, that Port Angeles has become designated abroad as the veritable hot-bed of adventurers, schemers and speculative boomers, whose illimitable imaginative resources are not even excelled by the notorious Col. Mulsberry Sellers.

It is, indeed reassuring that the earnest, sincere, practical, partiotic element of the community has determined to shape and in future dominate the destiny of this city so richly endowed with natural resources which, as the natural consequence of the speculative real estate "craze" of the past few years, are practically undeveloped.

For the past three years THE DEMOCRAT-LEADER has most vigorously condemned the unmistakable tendency in the community to trifle with things speculative, and turn with a presumable air of disgust from things material. Undoubtedly the costly lesson taught has not been in vain, and the decidedly severe experience which followed will prove invaluable to avoid the breakers in future.

But in this instance retribution is followed with conversion, and in future citizens will confine their steps along the well-trodden path of legitimate industry, which alone leads to prosperity, contentment and happiness.

ONE of the Republican state journals appears to delight with exceeding relish in referring to the fact of the remarkably limited number of Democrats in the late state legislature. The pleasure derived therefrom Democrats will certainly not attempt to abridge. It is well to add, however, that if there is one thing over which Democrats have cause for genuine gratitude it is the fact that apparently an All-wise Providence spared them from participation in the deliberations of the late legislature. The Democracy of the state cheerfully admits that Republicans are solely responsible for the accomplishments of the late legislature.

THE name of Hon. Wm D. O'Toole is favorably mentioned as an eligible candidate for governor. Undoubtedly the honorable gentleman possesses the qualifications in an eminent degree for that high and responsible position. There is one thing that can be said with a degree of accuracy in favor of the gentleman. In all of his official rulings he unerringly favors the common people. This is an indispensable qualification for an ideal governor.

MISSOURI is unmistakably evidencing symptoms of returning sanity, judging from the election returns. Out of forty-four municipalities the Democrats were successful in 25, the Republicans in only 9, and the Citizen's ticket in five, while in the others there was a mixed result.

ALLUDING the determined effort to organize a powerful "free silver" party for the presidential contest of 1896, the New York World figures out that that party might possibly control 215 electoral votes —9 short of the required number.

THE editor of Tribune-Times says that Tumwater hill is famous as the abiding place of "eccentric cranks." As the distinguished gentleman hails from Tumwater, there is little reason to doubt his word.

THE returns from the income tax collections are already far greater than the expectations of the most sanguine. At the present rate $20,000,000 will have been collected by the 1st of July.

THE revised reports from the Eastern municipal elections are not so decidedly Republican after all. Many of the municipalities claimed as Republican have gone Democratic.

IT is, indeed, refreshing that a sane man is now at the helm of the Simoon. Better things can confidently be expected from that journal from now on.

IN the recent election in Wisconsin the Democratic candidate for supreme judge was elected, defeating the Republican candidate by a majority of 10,000.

NOW NEW ZEALAND signifies her intention to join in the next monetary conference. The prospects for bimetallism are,indeed, very bright.

Is raising the salary of deputy assessors from $3 to $4 per diem the Populistic conception of economy and of reform?

THE industrial movement in Port Angeles augurs well for its future.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

TO THE EDITOR: I notice in the Sequim items of March 29, the public are led to believe that the Monitor Literary Society is compelled to close down on account of so many members withdrawing.

Your correspondent has misinformed you as to facts. The society has a reading before the house to close for the summer owing to short evenings and busy times, but it does not come to a vote for a month yet, and there is a chance of the motion being defeated.

The society has over seventy members on its roll and not one of these would be refused admittance at the doors. Many of the members are absent and some have not paid their dues, but none have scratched there names from our books.

J. C. DEAN.

[In justice to our correspondent it must be admitted that he simply stated that the society would close for the summer, and not that it had closed. By giving the names of the officers elected, dispels the idea of the society's doom.]

THE PORT OF PORT ANGELES.

Its Superior Advantages as a Port of Call, as Viewed From Abroad.

A letter was recently received by a gentleman of this city from Capt. W. Frank Andrews, of the British ship Glen Alvon, which, it will be remembered, was anchored in this harbor, awaiting orders, several weeks since, and was finally ordered to Portland, Or., for a cargo of wheat. The writer quotes from a letter received a short time since from the ship's owners, bearing on the advantages of this port, as viewed from abroad, as a port of call.

By permission THE DEMOCRAT-LEADER publishs the extract referred to in the foregoing: "We are much obliged for the information you have given us about the port of Port Angeles. No one here, including the underwriters, were aware that that port (Port Angeles) had so many advantages as a port of call, and in future we will request our masters to make for that port instead of Royal Roads."

It is a battered, faded thing,
That says, "Keep Off the Grass!"

The Superior Court.

Remarkable as it may seem, nevertheless it is true that no cases have thus far come to trial during the present session of the superior court. Every case presented for trial has been dismissed for one reason or the other.

It is understood, however, that from now on the time of the court will be quite fully occupied during the remainder of the session with cases on trial.

HER REGRETS.

A circular came in the course of the mail—
A circular dainty and white,
'Twas printed in script and well gotten up,
And worded in fashion polite;
In envelope square and with monogram, too,
Some function it seemed to denote;
But when it was read it proved but to be
A brief invitation to vote.

She pondered it over and knitted her brow,
She never had had one before—
Then studied the date for a minute or two,
And thought of engagements a score.
And could she find time? she asked of herself—
She'd luncheon, she knew, for that day,
And an afternoon tea that she ought to attend;
The outlook was pleasant and gay.

The new invitation was novel, of course,
And that had a charm of its own,
But the joys of a tea she had tasted before,
While those of the polls were unknown.
She wearily sighed, and she picked up her pen,
As one whom a problem besets.
And the campaign committee received the next day
Her daintly written regrets.

PATENTS

FOR INVENTIONS.

Equal with the interest of those having claims against the government is that of INVENTORS, who often lose the benefit of valuable inventions because of the incompetency or inattention of the attorneys employed to obtain their patents. Too much care cannot be exercised in employing competent and reliable solicitors to procure patents, for the value of a patent depends greatly, if not entirely, upon the care and skill of the attorney.

With the view of protecting inventors from worthless or careless attorneys, and of seeing that inventions are well protected by valid patents, we have retained counsel expert in patent practice, and therefore are prepared to

Obtain Patents in the United States and all Foreign Countries, Conduct Interferences, Make Special Examinations, Prosecute Rejected Cases, Register Trade-Marks and Copyrights, Render Opinions as to Scope and Validity of Patents, Prosecute and Defend Infringement Suits, Etc., Etc.

If you have an invention on hand send a sketch or photograph thereof, together with a brief description of the important features, and you will be at once advised as to the best course to pursue. Models are seldom necessary. If others are infringing on your rights, or if you are charged with infringement by others, submit the matter to us for a reliable OPINION before acting on the matter.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
