THE DEMOCRAT-LEADER.

VOL. 5. NO. 50. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, APRIL 12, 1895. PRICE FIVE CENTS

IT IS A NOVEL PLAN,

If Not Strictly a Legal Manner of Procedure,

TO RECOVER THE MONEYS DUE

The School Districts of the County, From the Recreant Bondsmen of Defaulter Clump—Matters Passed Upon By the City Council Last Wednesday Evening—The Ordinance Granting a Wharf Franchise to the O. R. & N. Co. is Amended, But Defeated at Its Final Reading.

School District No. 7, Port Angeles, is taking the initiative to raise a fund of $1000, with which to expert the books of ex-Treasurer M. J. Clump, and to assist in prosecuting the bondsmen of the defaulting treasurer for the amount which will have been found to be due the various school districts of the county, when the books have been experted.

It has been quite definitely ascertained that there were deposited in the First National bank of this city, at the time it suspended payment to the credit of the various school districts of the county some $10,686.07.

This amount is unevenly divided among 33 districts, district 7 (Port Angeles) having the largest amount on deposit, $5,213.59, and district 35, the smallest, $39.63. The plan is to tax each district proportionately to the amount involved. Port Angeles district having the largest amount, will be taxed $486, while district 35, has the smallest amount, its share of the burden will be only $4.

The following is the circular letter sent by the clerk of this district, C. L. Babcock, to the clerks of the various districts of the county, and in response to which he has already received a number of replies, remitting a warrant drawn for the amount requested:

To the Honorable Board of School Directors, School District No. ....., State of Washington:

GENTLEMEN:—After having made a thorough investigation of the accounts of the various school districts in the county, we have arrived at the following conclusion, which we respectfully submit for your consideration:

That Ex-Treasurer M. J. Clump is a defaulter to the school districts, in the sum of $10686.07, that Treasurer A. B. Dorsey is unable to find the true balance to the credit or debit of the school districts, and that unless the assistance of an expert accountant is procured, it will be impossible ever to ascertain the true condition of the accounts, and the balances due to the districts will be lost, as Treasurer Dorsey will be compelled to ignore them. Clump collected, between October 1st, 1894, and Jan. 14th, 1895, the sum of $880.00 for General School Fund, this sum should be apportioned to our school districts, but cannot be credited to them until the accounts have been balanced, and as soon as this has been done, the county attorney will begin suit to collect from the sureties on Clump's bond, the $10686.07 that Clump has defaulted from the school districts.

Therefore, we consider it to be to the best interests of the schools and taxpayers to have the accounts of all the school districts experted by a competent expert, and that we pay our part of the costs, in proportion to the share each district has in the $10686.07, which was the sum defaulted in by Clump, and that we pay the incidental expenses of the county attorney in collecting Clump's defalcation to school districts from the sureties of his official bond, the entire cost not to exceed $1,000.00 in warrant.

We are willing to pay our share and recommend you to join with us in pushing this matter to a finish, and if you are willing please forward a warrant for $——, which is your proportion of the expense, in proportion to the amount your district had in the said $10686.07, and send the same to C. L. Babcock, Clerk of School District No. 7, Port Angeles.

By Order of Board, School Dist. No. 7,
C. L. BABCOCK,
Clerk.

The following is a statement submitted by Treasurer Dorsey, representing the districts involved, and the various amounts to the credit of each, which were on deposit at the time the First National Bank suspended payment. The apportionment of expense each district is supplied by Clerk Babcock:

At the Council.

At the regular meeting of the city council last Wednesday evening, Mayor Mallette and Councilmen Harding, Graybill, Munro, Stewart and Shelton were present.

The communication of S. H. Brown, relative to the cemetery was referred to the cemetery committee.

The following communication from the chief of the fire department was read and referred to the electric light committee:

PORT ANGELES, WASH., April 2, '95.

To the Mayor and City Council of the City of Port Angeles:

Owing to the arc-light being shut off it is difficult on dark nights to get the hose cart and hook and ladder truck along the narrow sidewalk from First to Front street on Oak, therefore, we request your honorable body to place a fifty candle-power incandescent light on the corner of Oak and Front streets. We deem action necessary as dry weather will soon be here, and efficiency of the department demands as much.

Respectfully,
Port Angeles Fire Department.
JOS. PEARSON, Chief.
C. W. SINNOTT, Sec'y.

The quarterly report for quarter ending March 31st, 1895, of City Clerk Wagner was submittted, from which the following interesting items are taken:

A petition was received from Pacific Post, No. 48, G. A. R., praying that a tract of land in the city cemetery be set apart, containing two acres, more or less, to be used exclusively for the interment of the remains of ex-Union soldiers and sailors and members of their families. The petition was read and ordered referred to cemetery committee for report at next regular meeting.

An amendment to Ordinance No. 224, granting a wharf franchise privilege at foot of Lincoln street, to the Oregon Railway & Navigation Company was introduced by Councilman Graybill, and upon motion was adopted. The substance of the amendment was that the grantees of the wharf privilege were to bind themselves to pay to the city for such rights, the beginning of each month of the years '96, '97, '98 and '99, 3 per cent. of the gross receipts, and 5 per cent. thereafter, during life of franchise. And that the books of such company were to be open to the inspection of the mayor, city council and city attorney, at all times.

The ordinance was then put upon its final passage and was defeated.

City Attorney Willson submitted the opinion that the repeal of certain ordinances was unnecessary, as such ordinances had become void and inoperative by expiration of limitation.

The city engineer submitted his report relative to the viewing of the cemetery. Traced southerly line, also line through center. Found central part mostly level. Discovered spring in block 87, the banks of which were washed out, leaving deep gully. Same condition in block west. Discovered an old road running through eastern corner, which was obstructed with fallen timber, etc. Most practicable route for road is along 18th street. Can be constructed for slight outlay.

Near spring in block 87 is a bench, clear, and covered with grass. The whole cemetery is covered with a light, second-growth of fir, the clearing of which will be easy and inexpensive.

The cemetery committee were ordered to advertise for bids, for slashing and clearing city cemetery.

Ordinance No. 223 was referred to the ordinance committee with the implicit instructions that committee submit report at next regular meeting.

Council adjourned.

HE TAKES HIS LIFE

In a Moment of Aberration and Desperation.

JOHN HARDING, OF LAKE CRESCENT,

While Under Restraint at the New Albany Hotel in This City, Pending a Medical Examination as to His Sanity, Takes Advantage of the Absence of His Guard, and Plunges a Pocket Knife Into His Throat, Completely Severing Both Jugular Veins and Soon Expires.

The tragic death, by taking his own life, of John Harding, of Lake Crescent, which occurred in this city, at the New Albany hotel, last Sunday morning, proved a severe shock, not only to the more particular friends of the unfortunate, but to the entire community, as deceased was well known in this city and throughout Clallam County, as a genial, whole-souled man.

Last Friday John Harding left his home on Lake Crescent in company with Wm. H. Smallwood, for Port Crescent, for the purpose of taking the boat from that port for this city. Before reaching Port Crescent Mr. Smallwood discovered that his companion talked incoherently and in a disconnected and absent-minded way, the first intimation he ever had that Harding's mind was failing.

Arriving at Port Crescent they remained over night. The following morning Harding engaged Joel Albright to bring him to this city.

On the journey from Port Crescent to this city Harding gave evidences of his mind being unbalanced, and complained frequently of a severe pain in his side. Upon reaching the city he was taken to the Albany hotel, where he was given a room. During the afternoon he frequently complained of a pain in his side, and acted strangely, apparently not recognizing those with whom he was acquainted when they appeared in his presence. Arrangements were made by Mr. Crockett for some one to remain with him during the night, as it was not deemed safe to leave him alone. The services of Frank Meerwaldt were secured, and all went well until about five o'clock in the morning when Mr. Meerwaldt had occasion to absent himself from the room for a few minutes.

Upon returning a horrible sight confronted him. There laid Harding writhing in the terrible convulsions of death—inflicted by his own hand. In a moment of desperation he had plunged a pocket knife into his neck, completely severing both jugular veins. During his death struggles, his piteous screams were heard blocks away. The death scene, Mr. Meerwaldt avows, was one of the most heartrending he ever witnessed.

John Harding was a familiar figure in Clallam county. During the palury boom days he was employed as barkeeper in the Hotel Markham at Port Crescent, under the regime of Richard McDonnell.

Subsequently he removed to Lake Crescent where he filed on one of the most valuable lake front homestead claims.

Of his earlier career, Mr. W. H. Smallwood, of Lake Crescent, who had lived with deceased for several years past, gave a DEMOCRAT-LEADER representative the following facts: John Harding was born in Aberdeen, Mississippi, about fifty years ago. The earlier years of his young manhood were passed in that state. During the late civil war he enlisted in the Confederate army, was wounded in his thigh; was captured and confined in Douglass prison, Chicago, eighteen months. After the war he drifted into Texas, where he remained for a number years. From there he removed to Idaho, where he lived several years. While in that state he broke the thigh-bone, in which he had received the wound during the war. From Idaho he removed to California, from whence he emigrated to this state several years ago, locating on Lake Crescent. About a year ago he suffered the second fracture of his thigh-bone, in a severe fall he received while out hunting.

Deceased was passionately fond of hunting, and was a skilled marksman. A man of a cheerful, hopeful disposition, his peculiarly tragic end is all the more inexplicable to those who best knew him. The most reasonable theory seems to be the one that age was rapidly overtaking him, and the strong likelihood of him being a subject of charity, or a burden on his friends was more than he could bear, and he deliberately planned to take his own life.

The funeral services were held in Brown's Undertaking Parlors last Wednesday afternoon, and were conducted by Rev. F. O. Lamoreux. The remains were interred in the new city cemetery.

Mrs. E. Melville is in Port Townsend this week on legal business.

Miss Addie Combs has been hired to teach the Lost Mountain school.

Miss Doom began a term of school at the Mill District last Monday.

Miss Anna Combs has taken W. B. Main's place as teacher at Dungeness. Illegal, eh?

The F. M. B. Association elected Jno. Brown, Sr., President; John Bell, Jr., Secretary, and Chas. Scherer, Treasurer, at their regular meeting Saturday night.

W. P. Homer was in Blyn one day last week on important business.

Herman Sindars, Jr., and Geo. Watts have leased David Humes' ranch.

Fire at Sequim.

A destructive fire occurred at Sequim last Sunday night, totally destroying the dwelling of Mr. Purdy, and a barn, situated nearby, belonging to Jas. Burrows.

The origin of the fire is a mystery, but strong suspicions are entertained that it was the work of an incendiary.

The loss falls quite heavily on the owners, as it is understood there was no insurance.

In the barn, besides its other contents, 25 tons of hay were destroyed.

"We take pleasure in recommending Chamberlain's Cough Remedy because it is praised by all who try it," says J. W. Cox & Son, druggists, Marshfield, Oregon. No one afflicted with a throat or lung trouble can use this remedy without praising it. It always gives prompt relief. It is especially valuable for colds as it relieves the lungs, makes breathing easier and aids expectoration. A cold will never result in pneumonia when this remedy is taken and reasonable care exercised. For sale by J. C. Hansen, Druggist.

A Cheap Power.

And at the same time a reliable power are the points to be sought for in purchasing an engine. With steam power a constant watch on the engine is necessary to prevent accidents, and the expense for engineer is a serious item against economy. The gas or gasoline engine is by far the cheapest power, as it will run all day without attention or fear of accident, and the cost is about two cents per hour for fuel per horse-power. For intermittent power the economy of gas over steam is beyond comparison. While these points of superiority are without question, it is important in selecting an engine to get the best; the best in the long run is the cheapest. Do not fail to investigate the striking advantages of the Hercules Gas and Gasoline Engines. Send for catalogue. If you want second-hand engines of other makes at cheap rates we can supply you. We have a number taken in trade, and cannot take any more until they are realized on. PALMER & REY TYPE FOUNDRY, Front and Alder streets, Portland, Oregon.

THE GLORIOUS FOURTH.

Boston has already begun preparations for a gorgeous observance of the National Holiday. It is announced that that city will expend $12,000 in the celebration.

It needs no argument to convince even the more skeptical that it would simply be a physicial impossibility for Port Angeles to raise a like amount for a similar purpose.

Notwithstanding, Port Angeles can observe the day with an equal measure of enthusiasm, patriotism, pleasure and inspiration, with the infinitesimal portion of the princely Boston expenditure.

This by no means admits an ingenerous spirit in the community in contributing to the appropriate observance of public holidays, as on the contrary this people have ever been characterized by open handed liberality in responding to such demands.

But adverse conditions which have existed and still exist in a measure, very materially limit the resources citizens have at command which they conscientiously can draw from purely for the pursuit of pleasure. Yet the broad, unbounded, immeasurable spirit of patriotism, is a sentiment as truly characteristic of this as of any other American community. And if the writer has not a misconception of the sentiment of this people, it is safe to venture that it is unanimously in favor of a grand, old-fashioned Fourth of July celebration in Port Angeles.

Victorians already are eagerly looking forward with pleasurable anticipation of a delightful day's pastime at Port Angeles on the National Holiday.

Will Port Angeles entertain its friends on the Fourth?

TICKLE THE SOIL.

The latest movement in the larger cities of the state to provide for the unemployed, is the utilization of vacant lots by the unemployed for agricultural purposes. There is, indeed, much in the movement to be commended. It is at the same time practicable, profitable and resourceful of innate independence, a trait of character the true American is not without. In the cities of the Sound are thousands of unoccupied lots, the soil of the greater portion of which is very fertile, producing enormously when properly cultivated.

The land in and around Port Angeles is peculiarly adapted to agriculture; the soil rich, producing prodigiously of vegetables, berries, fruit, in fact the necessaries as well as the luxuries of the table.

Of the unemployed the city has its full quota. Why could their time not be profitably employed, improving the unoccupied lots of the city?

Thousands of unoccupied lots in this city are an existing monument of the stupendous speculative folly and intemperance of bygone days, and the immediate future gives little encouragement of their utilization other than for agricultural purposes.

Tickle the soil; then observe the broad expanse of its smile.

THE supreme court has in part sustained the income tax law. Inasfar as incomes derived from rents, also state, county and municipal bonds are concerned, the law is declared to be unconstitutional, therefore inoperative. This, competent judges declare, will reduce the revenue from that source to the extent of 50 per cent. at least.

DOES Port Angeles want a large commercial saw mill? Certainly. Then co-operate in the effort to raise a subsidy to materially encourage the establishment of such an industry.

ENCOURAGE the praiseworthy movement to establish commercial saw mills on Port Angeles bay.

DUNGENESS ITEMS.

Everything in the agricultural implement line can be had at the Dungeness Trading Co's. store.

Miss Florence Mann is visiting in Port Townsend.

This spring finds the Dungeness Trading Co's. store a greater store than ever before. Every line is full of good goods at astonishing low prices. Business is being conducted on business principles, and people do their trading where they get the highest price for produce and a large assortment to select from in every department of this immense store.

Miss May Robertson is visiting her father. She came down from Chimacum valley last week.

Mr. C. F. Seal shipped a splendid Holstein cow to Alaska this week. The animal came from the Pettit herd on the Hall Davis estate ranch.

Trout fishing in the Dungeness river and branches is now at its best.

Mr. and Mrs. Geo. H. G. Davis are the happy and proud possessors of a bouncing baby boy, and George, in consequence, has two smiles where he had only one formerly.

Mr. Robert Woods' new residence and stable are the most stylish and picturesque, architecturally speaking, of anything in the Dungeness country. The structures are somewhat on the Califorfornia idea and very pleasing. They were designed by Mr. E. D. Elliott, the architect and builder. The rich mantels are now being placed in position. Mr. Wood and family will shortly move into the new home.

The Dungeness Literary Society is rehearsing a play, which will shortly be presented to the public in the Dungeness Trading Co's. hall. A new stage will at once be built in the hall, with curtains and scenery.

Special Easter services will be held in the Dungeness M. E. Church, and a splendid program, appropriate to the occasion, will be presented to the good people. Rev. Mr. Lee will deliver an address and conduct the services.

Messrs. Thomas Evans, Geo. H. G. Davis, James Dick, Jr., and W. C. Williams are serving on the jury in Angeles this week.

There is a growing public sentiment in Dungeness to bring to justice violators of the law of whatever nature. The community has suffered for years with the stigma and reproach properly belonging to her, because of the fact that a few persons have been permitted to run riot in theiving, cattle stealing and violating the laws of the commonwealth. The better element of the community have taken the matter in hand very firmly and they propose to deal with the proposition with an iron hand.

Wm. Duncan's son, who recently was so unfortunate in having his leg broken, is recovering rapidly. Dr. Strother, of Angeles, set the limb.

An immense stock of new goods was received this week by the Dungeness Trading Co., direct from New York and Chicago. Over two hundred pieces alone of prints, ginghams and dry goods were opened up besides a large line of hosiery, underclothing, yarns, zephyrs, wools and notions.

Mr. C. F. Seal, who has been at the Sisters' Hospital in Port Townsend, the past month, recently gave birth to a little maid. The lady is recovering rapidly, and will return to Dungeness shortly.

Think before you act. If you have a prescription from your doctor take it to J. C. Hansen's Prescription Laboratory, which is private and complete with all the latest medicines. He is a Graduate in Pharmacy, and will only charge you for the chemicals that are used in filling the prescription, which will make the price very reasonable. See him first.

COMMISSIONERS' PROCEEDINGS.

WEDNESDAY AFTERNOON.

The board proceeded to the examination of the reports of road supervisors.

The commissioners refused to allow compensation to those doing work on the county roads after the service of the notice by the board that no report would be approved for any work except tax work, unless there was funds in the treasury to the credit of the district. They permitted the supervisor, however, to allow those who had so worked credit on their road and property tax.

In compliance with the foregoing the following reports were acted upon as indicated:

H. Goodwin, supervisor District No. 7, report approved; H. O. Daniel, District No. 6, approved; R. N. Wilson, No. 10, approved; Chas. Gallagher, No. 8, approved; M. D. Doolittle, No. 27, corrected, then approved; Chas Dohlstrom, No. 17, corrected and approved; Louis Williams, No. 18, corrected and approved; J. A. Withrow, No. 21, approved; Thos. Reed, No. 9½, approved; C. A. Olson, No. 47, approved; Joseph Kunstle, No. 33, approved; Frank Austin No. 16, January report approved, April report corrected and approved; John F. Raney, No. 19, approved; Geo. Priest, No. 1, approved; T. M. Aldrich, No. 32, approved.

THURSDAY.

The county auditor was instructed to issue duplicate salary warrant in lieu of warrant No. 1041, which original warrant had been purchased by W. D. Perkins & Co., Seattle, and subsequently lost; provided, however, the said W. D. Perkins & Co., shall have filed an indemnifying bond with the auditor, to protect the county from any loss from such warrant.

The auditor was authorized to issue warrant on the road bond interest fund in payment of road bond interest, past due, and accrued interest thereon, providing those holding the bonds will accept the same at par.

The board ordered that taxes assessed against personal property of James Keltner be cancelled.

The board ordered that county treasurer be directed to set apart the sum of $250 from the general county fund, and place to credit of incidental fund, from which postage stamps and other incidental cash expenses shall be paid, and the auditor is directed to issue his warrant thereon in payment of such necessary cash expenses, and to accept vouchers from persons supplying such stamps and other items of expense, the payment of which shall necessarily be in cash, and report the same to the commissioners at their next regular meeting.

The board examined and checked report of the county treasurer.

THE WEATHER.

Its curious kind of weather—you sing about a rose,
And the clouds, they git together an' it snows, snows, snows!
It's curious kind o' weather—jest say the skies are blue,
An' there'll come a regular deluge, an' jest no hope for you!

It's curious kind o' weather—the sun comes streamin' out,
An' here will come a violet a-peepin' round-about;
An' a bee will git to buzzin where a honey-suckle shows,
But in jest another minute both the bee an' violet's froze!

It's curious kind o' weather—you take an' build a fire,
An' then the old thermometer goes climbin' climbin' higher!
But jest about the time it's made, the cold wave slinks away,
An' you find yerself perspirin' on a regular summer's day!

It's curious kind o' weather—but, let the weather roll!
It jest don't make no difference if you're happy in your soul!
So take it cool in summertime, an' drift along to fall,
An' shout a halleujah for the privilege o' all!

Whereas, This county, by its commissioners, has issued warrants far in excess of the amount allowed by law, and

Whereas, The indebtedness of the county is constantly growing larger in place of being reduced, and

Whereas, In the opinion of this chamber a halt must be called some time to prevent the complete bankruptcy of the county, and consequent confiscation of the assessable property therein, therefore, be it

Resolved, That a respectful address be presented to the honorable board of county commissioners, asking that they incur no further liability on behalf of the county, and that they instruct the county auditor to issue no warrants for any purpose except for the actual running expenses of the county, such as salaries for officials and supplies actually needed at the court house.

Now, therefore, in compliance therewith we beg to submit, that as the indebtedness of this county is far in excess of the legal limit, and is constantly increasing, and as our warrants are worth practically nothing in the market at the present time, and as the amount of interest annually accruing against the county, is equal to almost fifty per cent. of the tax levy, and as the burden on taxpayers at the present time is almost unbearable, and amounts, in some cases, to confiscation of the property, therefore we most respectfully ask, as taxpayers and citizens, that you do not incur any further indebtedness on behalf of this county, except for the actual necessities of the county in conducting its business; and that the running expenses of the county be reduced to the very lowest possible figures consistent with the proper management of its affairs.

In the absence of such action on the part of your honorable body, we shall be compelled to enjoin the issue of any warrants, whatever, except for salaries and the actual necessities of the county.

In conclusion, we wish to disclaim any intention to dictate to your honorable body, or in any way interfere with you in the performance of your official duties; we are simply acting in the way of self-protection, and are thoroughly satisfied that nine-tenths of the taxpayers of the county will agree with us in the stand we are taking in the matter.

We are, gentlemen,
Your Obedient Servants,
Port Angeles Chamber of Commerce.
Chas. E. Mallette, Pres.
Thos. T. Aldwell, Sec.

It was ordered that the forgoing communication be filed.

The board approved the plat of Burrill's First Addition to Port Angeles.

It was ordered that the county attorney be and he is hereby authorized to incur any reasonable expense in prosecuting the bondsmen of ex-treasurer M. J. Clump, such as traveling expenses, stenographer's or any other expense, incidental to a successful prosecution of such litigation; provided, the attorney furnish satisfactory vouchers as to the moneys thus expended.

The claim of Thos. Reed, of Pysht, relative to hospital and doctor's bill for his son was rejected.

The board ordered the county treasurer to apply road funds collected from road districts recently created from the territory of districts which were in debt, to the payment of outstanding warrants against the original districts at the time of the division, such application of funds to continue until the outstanding indebtedness, existing at the time of division, will have been liquidated.

The care of O. A. Pedigo, county poor, has been intrusted to Mrs. B. R. Potter.

Main's addition and Union Park addition to Port Townsend, were vacated.

The board adjourned to meet May 14th, 1895.

A meeting will be held in the council chamber tomorrow (Saturday) evening, at 8 o'clock p. m. sharp., for the purpose of organizing a Silver Club. A full attendance is urgently requested.
