The Jefferson-Clallam Base Ball Contest

RESULTS IN A VICTORY FOR THE

Home Team in a Score of 30 to 54—The Best of Feelings Prevail Throughout the Game—Dungeness Scores Another Victory in a Match Game With the Stars Played in This City Last Sunday.

Last Monday was, indeed, an eventful day for local base ballists, it marking the achievement of a victory won by them so sweeping and complete, and under conditions, too, believed to be so overwhelmingly adverse that the players were well-nigh intoxicated with a victory so extravagantly thrust upon them.

When the Jefferson county base ballists arrived on the scene of the contest, Monday noon, they were contempiated by the average Port Angeles base ball enthusiast as the conquering heroes of the approaching contest, a sentiment undoubtedly shared in to some extent by themselves, as some of the overly sanguine lost no opportunity to twit the local players over the certainty of impending defeat. And locally this sentiment prevailed quite generally, as Townsend enjoys the enviable reputation of containing more expert amateur base ball players than any other town in the northwest. This together with the fact that numbered with the Jefferson county team were several players who had won renown in many a game, gave quite a solid foundation for the belief that the local nine entered the contest under decided disadvantages.

The game was called at two o'clock and J. A. Van Bok Kelen, of Townsend, was chosen empire and proved just and impartial in deciding the conflicting questions arising during the progress of the game.

The visitors went to the bat and covered five runs in the first inning. The home team made four runs in the first inning. And the honors were quite evenly divided until the fifth inning, when the score stood 18 to 22 in favor of the visitors. During the first few innings Learned did fair service as pitcher for the visitors, but the home players were beginning to strike the ball too easily to suit the visitors so a change was made, Weymouth, the crack pitcher for the Townsend athletes, succeeding Learned as pitcher, the change, however, was only temporary, Learned again being assigned to the box. But he was batted so mercilessly that Sheehan was called to relieve him, with no better result. Hutchinson relieved Sheehan, and posed superbly, but pitched a mild ineffective ball that was batted all over the field. Starrett relieved Hutchinson and proved so satisfactory to the home team that another change was deemed prudent. Hogg then reluctently assumed a position cast off by many who had fully demonstrated themselves ill-qualified to fill. The results following were not any more satisfactory to the visitors, who appeared to be losing courage in the sixth inning, when the local team scored seven runs, this was followed by nine runs in the seventh and twenty runs in the eighth inning, when the visitors "threw up the sponge" and frankly ackpowledged that they had not only been outplayed, but out-generaled.

In the fifth inning R. C. Wilson unfortunately received a painful wound, in attempting to run from first base, when he slipped and in falling sprained his ankle. This disqualified him from further participation in the game, and Murphy was called to relieve him.

At the close of the game the visitors cheered the victors heartily, and it must be said, exercised exceeding good humor throughout the game, even when they realized most that victory was quite impossible. One of the visiting players significantly remarked that "Townsend would treat Angeles better when the return game was played."

The following is the score by innings:

Innings	1	2	3	4	5	6	7	8	
Irrepressibles	4	2	7	1	4	7	9	20	—51
Invincibles	5	1	7	5	4	4	1	3	—30

DUNGENESS AGAIN WINS

Although the Stars Play an Excellent Game.

Last Sunday the return game of base ball was played between the Dungeness nine and the Stars, of this city, resulting in a score of 12 to 18 in favor of the visitors.

Notwithstanding the Stars were defeated they played a splendid game, demonstrating a degree of efficiency, ability and knowledge of the game which, if pitted against players of equal physical strength and development would undoubtedly prove themselves to be formidable competitors. The Dungeness team is comprised of players many years the senior of the Stars; they have acquired their full physical strength, have had more extended experience, and in other ways had a decided advantage over their competitors. That they won the game is no surprise; on the contrary it reflects most creditably on the Stars, and in fact, evidences on their part superior ability, that under such positive disadvantages, they played as good a game as they did.

Following is the official score:

Innings	1	2	3	4	5	6	7	8	9	
Stars	0	1	0	2	0	1	5	0	3	—12
Dungeness	2	2	3	0	1	4	1	4	1	—18

Civil Service Examination.

The civil service commission at Washington has ordered an examination held at the custom house in Port Townsend on Tuesday, October 1st, commencing at 9 o'clock a. m., for eligibles for the positions of clerk, day inspector, night inspector, messenger and boatman, Puget Sound district. Only citizens of the United States can be examined. No applications will be accepted unless filed with the secretary of the board of examiners at Port Townsend in complete form and on the proper blanks before the hour of closing business on September 11th, 1895.

Applications should be prepared and filed without delay in order that corrections may be made before that time, if necessary, and if received after that hour, they will be held awaiting a later examination. The examinations are held semi-annually.

The commission takes this opportunity of stating that the examinations are open to all reputable citizens who may desire to enter the customs service, without regard to their party affiliations. All such citizens whether democrats or republicans, or neither, are invited to apply. They shall be examined, graded and certified with entire impartiality, and wholly without regard to their political views or to any consideration save their efficiency, as shown by the grades they obtain in the examination.

For application blanks apply in own handwriting addressing the secretary of board of civil service examiners, customs service, at Port Townsend Washington.

Minerva Officers Elected.

The Minerva Society held its first meeting Monday evening after a vacation during the summer months.

Officers for the coming term were elected as follows:

President, Benton Embree; Vice-President, Mrs. J. G. McClinton; Secretary, Miss Sara Troy; Treasurer, Mrs. W. T. Strothers; Marshal, Dr. Stanley.

There was a good attendance Monday evening and all present seemed inspired with a purpose to make the successs of the society greater during the coming year than ever in its history.

The programme for next Monday evening will consist in addresses by the newly elected officers and each member present will be asked to recount some incident coming to his or her notice during the past summer vacation.

The Gentle Compositor Mixed Them Up

Through a typographical error, the names of the superintendent and judges of two important divisions of the county fair were pretty badly mixed in the list printed in the last issue of this paper. The two divisions in question will be managed as follows:

Division M—Household—Superintendent, Mrs. Elliott, Dungeness. Judges, Mrs. Dr. E. H. Stanley, Mrs. Will Church, Mrs. Daniel Pullen.

Division N — Fisheries — Superintendent, J. W. Hume, Port Angeles. Judges, Capt. W. S. Morrisey, Chas. Adie, Capt. Snow.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much fasth in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for the list of testimonials.

THE NEXT SESSION OF

The District Lodge I. O. G. T. Will be Held

AT SEQUIM PRAIRIE NEXT JUNE

An Interesting Session of the Lodge Held Last Wednesday Evening at Quilcene—Subjects of the Addresses Before the Farmers' Institute—The A. P. A. Excursion Last Saturday—Exercises in The Opera House.

The regular quarterly session of District Lodge No. 1, I. O. G. T., comprising Clallam and Jefferson counties, convened at Quilcene on September 4th.

Although the local lodge was entitled to and elected six delegates, but one attended from this city owing to business transactions keeping two others from attending whose intention it was so to do. But the small attendance from here was happily reinforced from Port Townsend, Jefferson Lodge No. 12 not only sending a full delegation but also a number in addition.

The whole party, which was a pleasant one, left Port Townsend at 9 o'clock Wednesday morning, some in "carriages," others in a buggy and still others on bicycles. The day, although threatening at the outset, proved very pleasant.

Arriving at Quilcene the visitors were met by the committee appointed for that purpose and delegated to the homes of various members of Quilcene Lodge No. 168, where they were royally entertained.

At the meeting in the evening there was a good attendance, and the business of the evening passed off quietly and harmoniously. Eighteen candidates were instructed in the District Degree.

It was decided to hold the next meeting at Sequim Prairie, in order to encourage and strengthen the lodge at that place, recently organized.

The degelate from the local lodge speaks in very flattering words of the hospitality of the members at Quilcene and also at Port Townsend, and will patiently await and grasp the opportunity to again partake of the same.

The Farmers Institute.

The following are the subjects of the addresses at the afternoon session of the Farmers' Institute, which will convene in this city in the opera house on Saturday at 2 o'clock p. m.:

Orchard Pests.....Prof. Piper
Dairying.....Prof. Spillman
Washington Soils.....Prof. Fulmer
Question Box.....

The evening session will begin sharply at 8 o'clock. Addresses on the following subjects will be made:

"Experiment Station Methods," a paper by Prof. Bryan of the State Agricultural College, to be read by Prof. Piper; "The Agricultual College and School of Science," Prof. Fulmer.

Prof. Piper urgently requests that orchardists and agriculturalists bring specimens of any insect pests infesting their fruit trees, as they would materially aid him in his address on "Orchard Pests."

The purpose of the "Question Box," is to give any one in the audience the privilege of asking any question not treated in the subject matter of the address, or for that matter any question of general interest on subjects agricultural.

The A. P. A. Excursion.

The A. P. A. excursion from Seattle last Saturday arrived on the steamer Edith, which, like the tortoise, has a record for being exceedingly slow, consequently did not arrive here until five o'clock p. m. The excursionists were received by a reception committee from the local society, and escorted to the opera house, where preparations had been made for their entertainment.

The excursion was comprised of about 130 or 140 persons, the greater number of whom were A. P. A.'s, hailing from Tacoma, Seattle and Townsend. Among these were many prominent members occupying a conspicuous and a commanding position in the councils of that society.

An entertaining feature of the public demonstration was the addresses delivered by numerous prominent visitors.

These were listened to by the large audience assembled with marked attention, the only interruption being a public disturbance by a number of persons in the audience of mature age, whose earlier training seemed to have been sadly neglected. No matter how widely we may differ from a speaker, nor how just may be our position on the subject under discussion, common decency, courtesy, respect and consideration for him and the audience if not for ourselves, should suggest good behavior in public meetings. If we cannot conduct ourselves properly we should remain at home.

In the evening the speaking was followed by a dance which was indulged in by a large number of persons, old and young, who made merry until the midnight hour arrived.

The excursionists did not depart for home untill the following day at 10 o'clock a. m.

Assaulted An Indian Woman.

Jack McGregor was arrested last Tuesday by City Marshal Dustman on the charge of assaulting an Indian woman.

It appears that McGregor had been drinking, and in his wanderings made a friendly raid on the Indian camp west of town.

As the report goes he was not accorded a very hearty welcome. In a dispute which arose over the propriety of his visit, he is charged with venting his wrath on an unoffending Indian woman, known by the name of Chimo, and attempting to do her bodily injury.

Upon his examination before Judge Carusi the testimony was sufficient to warrant his being fined $10 and costs.

Efficient Spray Pump.

The Comet Force Spray Pump is the best, cheapest and most efficient Sprayer on the market.

Sprays trees, exterminates insects, showers gardens, washes carriages, arrests fires, spainkles lawns, cleans windows, waters plants, destroys the borer, applies liquid fertilizer, annihilates chicken lice. Throws a continuous stream from 50 to 60 feet. Throws a spray finer and farther than any other pump. Made of brass—not a squirt gun. But a strong double-acting force pump. Every pump warranted; never fails and will never rust. The following gentlemen in Clallam county are using them: Judge McClinton, J. W. Stewart, G. M. Lauridsen, T. Jarvis, Ex-mayor Dyke, W. McIvor, Andrew Powell, M. J. Carrigan, Henry Westphal and others.

Price from $2.00 up, and a book which tells all about killing bugs. Address T. H. Carter, Nurseryman, Port Angeles. Sole Agent for Clallam County.

WANTED—To exchange prune trees or general nursery stock for a one-horse light spring-wagon. Address, A. Lingham, Dungeness.

NEWS OF THE COUNTY.

Gleanings From the Press of Western Clallam.

Beaver Leader.]

Quite a pleasant time was enjoyed at the party given at Sappho last Saturday evening. About twenty persons were present. Dancing was begun and kept up until midnight, when a tempting supper was served by the hostess.

At this writing quite a forest fire is raging across the Solduck east of Beaver. A strong breeze only is lacking to create serious conflagation, every other condition being favorable to such an occurrence. If the wind should rise and keep its present direction the fire will sweep out the finest belt of timber in this county.

The schooner Teaser arrived at La Push, August 19th with three men, a salmon net, six large tanks that hold fifteen barrels each, and a hundred barrels. They have caught some large salmon that will compare favorably with the Columbia river salmon. Jimmy's large house east of Baxter's store is fitted up for salting and packing salmon. It begins to look business-like about town. Three more fishermen came Sunday.

East Clallam Record.]

The loggers on Schneider's place have finished their work and broke camp on Tuesday.

Some very fine oats are growing on James Keltner's ranch near town. He brought a bunch to town a few days ago six feet high.

The two Wisconsin lumbermen who were here last week cruising, returned up sound last Friday. They said they were very favorably impressed with the timber of this locality and may purchase land here.

A lumberman from Fairhaven, Mr. Ayers, of the Pacific Coast Milling company was here on Thursday and went in a small boat to Pysht. He has been looking for spruce logs for his mill and is also interested in trying to sell manufactured hemlock. He will probably purchase a boom of spruce logs at one of the camps on the straits and will have a few hemlock logs put in and cut them as an experiment.

The record is heartily in favor of any effort to improve the harbor at La Push. We believe it means the beginning of a development that will bring business and wealth into the west end of the county and help all localities to flourish. It may be well to state here that the effort made by the people of the west end last winter to divide the county failed because of the meagre amount of general business being done down this way. Timber is our chief item of commerce at present and we must look to the logger to lead the way to better conditions.

Among the numerous persons who have been cured of rheumatism by Chamberlain's Pain Balm, mention should be made of Mrs. Emily Thorne, of Toledo, Wash., who says: "I have never been able to procure any medicene that would relieve me of rheumatism like Chamberlain's Pain Balm. I have also used it for lame back with great success. It is the best liniment I have ever used, and I take pleasure in recommending it to my friends." For sale by J. C. Hansen, Druggist.

SOMETIMES honors come from [illegible]ted—honors sources the least expe[illegible] unsought—honors thrust upon us. At least this appears to be the fortune of Mr. Ulmer, the hero of the excursion episode, consequently the hero of the hour. Unlike many a hero whose deeds pass unnoticed the subject of these brief lines has received public recognition—recognition, too, in a degree too excessive and demonstrative even for Mr. Ulmer's receptive nature. And with it is carried a distinguishing appellation, that will only have to be repeated as time "rolls on to the great eternal end," to forceably refresh the mind of the gentleman thus peculiarly honored, of a time in his useful career when a combination of circumstances seemed a justification for disloyalty to home and friends.

ATTEND the Farmers' Institute which will be held in the city tomorrow afternoon and evening. The sessions will undoubtedly prove interesting and instructive to all who avail themselves of the opportunity of listening to able, thoughtful discourses on subjects agricultural along scientific and practical lines by men whose invaluable knowledge is the result of experience. By all means attend the institute and receive information which may prove of great value to you if not now in years to come.

WHILE all Americans honor James G. Blaine for many worthy public achievements, the frequent statement made in Republican journals, that were "Blaine alive and at the head of the state department such and such a mistake would have been avoided," is exceedingly wearisome, when it is a notorious fact that Blaine's administration of the state department has been subject to as much if not more severe criticism than any of his predecessors or successors.

PHYSICIANS are severely condemning the immoderate use of the bicycle. They say it superinduces spinal troubles, and all the alarming complications arising therefrom. Several young persons have recently died in California from railroad spine, caused by the excessive use of the bicycle. These medical authorities say the moderate use of the bicycle is all right, its abuse is what riders must guard against.

A MAJORITY of both the Republican and Democratic National Committeemen favor a brief presidential campaign next year. They maintain, and with much logic too, that a long campaign has a decidedly demoralizing effect on the commercial and industrial conditions of the country, and as the nation is on the broad highway to prosperity, it would be exceedingly unwise to interrupt it with a long, bitter campaign.

THE COUNTY FAIR will demonstrate one fact, and that very conclusively, too. That is, that Clallam county is abundantly rich in national resources. With capital and an industrious laboring class, it will become one of the most wealthy and prosperous counties in this favored commonwealth.

THE gen[illegible]al public is warned against "real estate bunco steerers," by Mr. Seevers, who professes to believe Port Angeles infested with. As Mr. Seevers is something of a dealer in "dirt" himself, the reader is left in a painful quandary as to whether the accusation attaches to him, or not.

IT is said to be the ambition of Senator Brice of Ohio to be president. Quite a laudable but none the less fruitless aspiration inasfar as the senator from Ohio is concerned.

THE county fair management continues to receive most flattering encouragement from over all the county, a fact conclusively pointing to the success of the enterprise.

Bran, shorts, chop feed, wheat etc., you can buy cheapest at Lauridsen's.

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Briceland, Cal., "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhœa Remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best. For sale by J. C. Hansen, Druggist.

COUNTY AUDITOR'S ANNUAL EXHIBIT.

Compiled and published pursuant to the requirements of sections 4 and 5, chapter CXIX, laws of 1893.

The difference between this exhibit and the treasurer's report to the county commissioners in the amounts of the cash balances on hand on July 1st, 1894, and the tax collections during the year is accounted for by the fact that we have made no entries to correct the treasurer's collections in accordance with the report of Douglas Young, Esq., who experted the treasurer's books, while the treasurer has made the entries suggested by Mr. Young. We have accepted in all cases the treasurer's regular reports. This, however does not effect the cash ballances on hand, as we have, as will be noticed, balanced the several funds with the securities accepted by the County Commissioners, and in this we have included the amount of Mr. Clump's ledger shortage, $1,282.17. These entries will be corrected to comply with the facts when ascertained.

The most notable feature with this exhibit as compared with that of former years is the reduction in the expenses of the county and, in consequence, in the amount of warrants issued on the several funds. For comparison, the following is appended;

The Democrat-Leader.

FRIDAY, SEPTEMBER 6, 1895.

Although the stations on my list
May seem to vary,
My final landing always is
The cemetery.
—Washington Star.

"If history repeats itself,"
He murmured in elation,
"Hereafter I'll try ditto marks
Instead of recitation."
—Washington Star.

He has a week's vacation, and
She stays two months or more;
That's why he was engaged to one
And she to half a score.

THE OFFICIAL PROGRAM

Of the First Annual Fair of Clallam County

COMPRISING FIELD AND WATER

Sports, Horse Races, Hose Races, Etc—The Entertainment at Exposition Hall in the Evening Will Include Band Concerts, Vocal and Instrumental Music - Military Drill By Public School Children —Indian War Dances.

The more one learns of the thorough manner in which the executive committee of the fair is doing its work, the more certain does it become that Clallam County's First Annual County Fair is going to be a glorious success. The committee's headquarters, at the board of trade, is a hive of industry, where the work of arranging all the details for a complete, harmonious and attractive fair are being rapidly arranged. Everything has been reduced to a systematic, businesslike basis, and both the executive committee and its lieutenants throughout the county have their work well in hand.

The premium list of the fair will be ready for destribution on the 15th inst. It will be a handsome catalogue, calling for a fine and varied line of exhibits in all departments in which Clallam county can make a handsome showing.

As a result of the information that has come to the committee, from all parts of the county, insuring a fine exposition, it has been concluded to hold a four days' fair, opening on October 1st and closing on October 4th.

In addition to preparing a splendid line of exhibits, the committee has arranged a magnificent auxiliary program, to afford an abundance of entertainment to visitors every day during the fair. As will be seen upon perusal, it is by far and away the finest program ever arranged in Clallam county for the public's pleasure.

Wednesday, October 2nd, will be East End Day at the Fair; Thursday, West End Day; Friday, Victoria-Townsend-Seattle-Angeles Day, and on this latter day, big excursions will be run to the fair from Victoria, Nanaimo, Townsend and Seattle.

Here is the program prepared for the additional entertainment of visitors to the fair:

BIG PROFITS ON SMALL INVESTMENTS

Returning prosperity will make many rich, but no where can they make so much within short time as by successful Speculation in Grain, Provisions and Stocks.

$10.00 FOR EACH DOLLAR INVESTED can by made by our Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States, who by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invest a hundred or two hundred dollars up to $50,000 to $100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard our standing and success.

THE OFFICIAL PROGRAM

Continued from Page Three.

charge and an exhibition ticket of admission, good for October 2nd, will be issued to all exhibitors.

Fourth—The Fair Grounds will be open for the reception of all articles on Tuesday, October 1st.

Fifth—The marshal of the exposition halls shall have charge thereof, and shall see that all articles on exhibition in and about the hall, or belonging to the society or exhibitors, are carefully preserved, and perform such other duties as the committee shall decide.

Sixth—No entrance fee will be charged on articles entered for exhibition. Entries may be made with the Secretary at his office in Port Angeles by mail, for six days before the commencement of the fair, and two days before the fair at the fair grounds. Stalls may be secured by parties who made their entries within the time prescribed for making entries, and all such stalls so reserved in the space set apart for such class animals shall not be taken by other exhibitors.

Seventh—All entries must close at 4 p. m. on Tuesday, the first day of the fair; and all goods, articles and animals must be in place and on exhibition by 5 o'clock p. m. on Tuesday, the first day of the fair. The committee will require a rigid observance of this rule.

EXTRA ENTRIES—Every article must be entered under some one of the headings in the regular list when possible; but if any article is of a distinct character from anything specified in the list, it may be entered as an extra in the class with which it most nearly corresponds.

Under no circumstances will any freight or express charges be paid by the committee.

Eighth—No animal or article shall be withdrawn before the close of the fair unless by special permit.

Ninth—Every animal or article must be entered in the name of the owner or maker whose number must be endorsed on the entry card and due record of number and name of exhibitor shall be kept by the Secretary.

Tenth—Exhibitors will at all times give the necessary and personal attention to whatever they may have on exhibition and at the close of the fair take entire charge of the same. The managers will use every precaution in their power for the safe preservation of all articles and stock on exhibition, but will not be accountable for any loss or damage.

Eleventh—On entry of each animal or article one card will be furnished each exhibitor specifying the class and number of entry. Said cards to remain attached to such article or animal during the exhibition, excepting sheep, hogs and poultry, which card shall be attached to the pen.

Twelfth—The committee shall appoint three judges for each division.

Thirteenth—The entry books shall be in charge of the Secretary, who shall deliver them to the superintendents, and give them all necessary instructions.

Fourteenth—Any person interfering with the judges during their adjudications will forfeit the right to premiums, and all officers are required, and exhibitors are requested, to report any violation of this rule to the Executive Committee.

Fifteenth—Superintendents, in marking the first or second premiums, will please observe this rule. If first premium, put a figure "1" in column headed "First Premium:" if second premium, put a figure "2" in column headed "Second Premium." Never write in either words or make any marks in the columns named, but those designated. "Remarks" are to be made in the column under that heading. Care should be taken in this particular as premiums are issued on the authority of these awards only.

Sixteenth—The awarding committee will report only the animals or articles entitled to premiums in the regular list, except they may especially commend such others as may be deemed worthy to the Executive Committee.

Seventeenth—Blue ribbons are designed for first premiums and red ribbons for second premiums, which shall be placed by the superintendents, under the direction of the awarding committees, on all animals or articles at the time of the awards.

Eighteenth—The books must be returned by the superintendent of each division or class to the secretary as soon as the awards in each are complete and signed by the superintendent and committee.

Nineteenth—No animal or article deemed unworthy shall be awarded a premium. But no premium shall be awarded merely because there is no competition. If the article is not worthy the first premium, it may be awarded the second premium.

Twentieth—Any error in the record of premiums caused by the oversight or neglect of the superintendent, shall be subject to correction, whenever proof is furnished the committee that a mistake has been made.

Twenty-first—If it is ascertained that an animal is entered in a division or class in which it does not properly belong, it is the duty of the superintendent to investigate, and, if by mistake, to report to the committee, which can make necessary changes.

Twenty-second—No stock will be permitted to enter the exhibition track unless under the halter and in care of a groom.

Twenty-third—Superintendents of divisions or classes are ex-officio chairmen of their respective committee.

Twenty-fourth—Tickets of admission must be procured at the ticket office, as no money will be received at the entrance gate.

Twenty-fifth—Privileges for conducting restaurants, refreshment stands and places of amusement must be secured from the Executive Committee.

Twenty-sixth—The Executive Committee reserves the right to prescribe the dimensions and regulate the positions of all signs, and generally to direct the management of articles on exhibition, so far as the same may be necessary to secure harmony and an attractive appearance. Exhibitors will not be allowed to distribute about the grounds or buildings hand-bills or other advertisements that may cause a nuisance. Neat cards for this purpose are recommended, as they are more likely to be kept by visitors and not thrown on the ground.

Twenty-Seventh—Price of admission to the Fair, 25 cents on all days and evenings except on Friday evening, October 4th, when the price of admission to the evening entertainment and Grand Harvest Home Ball will be 50 cents.

The U. S. Clothing and Dry Goods Goods House is receiving an elegant line of ladies fall dress goods daily. Call and see them.
