VOL. 6. NO. 24. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, OCTOBER 11, 1895. PRICE FIVE CENTS

THE DIPLOMAS AWARDED

By the Judges of the Various Divisions

OF THE COUNTY FAIR TO THE

Successful Competitors—The Tax of Justly Awarding the Diplomas, Amongst Such a Creditable Collection of Exhibits, was by no Means an Indifferent Nor an Easy One.

The following is the official report of the diplomas awarded by the judges of the various departments of the county fair.

From a perusal of the varied list of diplomas awarded, the reader abroad can gather quite an accurate idea of the comprehensiveness of Clallam's first fair. Nearly every department found in a county fair was creditably represented in Clallam's exposition.

In the several agricultural departments a representation was made which would do credit to a far older and more advanced community than this, and in the division assigned to fisheries it is to be doubted if a better, more representative exhibit has ever been made than was prepared by the National Packing Company of this city.

The task imposed upon the judges of the various departments of justly and impartially awarding the diplomas was by no means an indifferent one, as the collection of exhibits was withal so creditable that it was difficult to draw the discriminating line.

By an examination of the premium List it will be observed that diplomas for Second Premiums are granted in but two or three divisions. The judges, in most cases, through an oversight granted second prizes where they were not called for. Hence if diplomas are not awarded in such cases, exhibitors will understand that it is for this reason.

THE POPULISTS

Condemn in Severest Terms the Use of Free Railroad Passes.

The Populists of this city met in Norden hall on the 28th of September, for the purpose of condemning certain abuses of the fundamental principles of their party by some of their representatives.

Mr. Russell was chosen chairman and A. J. Andrseseen secretary of the meeting. The following resolutions were adopted by unanimous vote:

Resolved, That in our opinion it is inconsistent with the principles of the Peoples' Party, for any Popnlist representative, city, county, state or national to accept any favors from monopolistic corporations.

Resolved, That we are in favor of embodying the principle of the referendum as a fundamental plank in our next national platform.

Resolved, That we are in favor of dropping, if needs be, the silver plank and inserting instead a plank declaring for a greenback currency.

Resolved, That a copy of this resolution be sent to the chairman of the state central committee.

Mrs. S. A. Kell, of Pomona, Cal., had the bad luck to sprain her ankle. "I tried several liniments," she says, "but was not cured until I used Chamberlain's Pain Balm. That remedy cured me and I take pleasure in recommending it and testifying to its efficacy." This medicine is also of great value for rheumatism, lame back, pains in the chest, pleurisy and all deep-seated and muscular pains. For sale by J. C. Hansen, Druggist.

COUNCILMAN HARDING

Tenders His Resignation as Councilman-at-Large.

WHICH THE COUNCIL ACCEPTS

And the Matter of Appointing a Successor to Fill the Vacancy Will be Considered at a Later Meeting—The Philadelphia-Stars Play an Interesting Game of Base Ball.

At the regular council meeting held last Wednesday evening, Mayor Mallette and Councilmen Graybill, Stewart, Munro, Filion and Myers were present.

Councilman Graybill stated that J. M. Grant had informed him that he was in no condition to financially to move his Front street dwelling from the street, as the city did not care to sustain the expense involved in so doing the matter was laid on the table indefinitely.

Councilman Stewart stated that he had examined the old tax rolls and found them to be so complicated that he did not feel justified in attempting to correct errors.

Councilman Stewart stated that Hallahan had not done any work on his cemetery contract since the 14th of September, and he was of the opinion that Hallahan proposed to throw up the job.

The resignation of R. R. Harding, councilman-at-large, was read and accepted.

The bond of S. P. Raymond, as harbor master, was accepted and approved.

The city clerk's report for the quarter ending Oct. 9, 1895, was read and approved.

Ordinance, No. 230, repealing a certain franchise ordinance was passed.

A pleasing feature of the next regular meeting of the council will be the disfigurement of twenty-nine electric lighting bonds which had never been utilized. The council adjourned.

The New York World.

The twice-a-week edition of the New York World has been converted into the Thrice-a-week. It furnishes three papers of six pages apiece, or eighteen pages every week at the old price of one dollar a year. This gives 156 papers a year for one dollar, and every paper has six pages eight columns wide or forty-eight columns in all. The Thrice-a-Week World is not only much larger than any weekly or semi-weekly newspaper, but it furnishes the news with much greater frequency and promptness. In fact it combines all the crisp, fresh qualities of a daily wite the attractive special features of a weekly. THE DEMOCRAT-LEADER and THE THRICE-A-WEEK WORLD will be mailed to any address for $1.75 a year.

The Philadelphians Win.

The match game of baseball played last Saturday afternoon between the crack nine of the Philadelphia and the Stars of this city, resulted in a score of 26 to 12 in favor of the visitors.

In the first four innings played the Stars showed considerable strength, but unfortunately they were materially crippled in losing their pitcher early in the game, Ray McLaughlin, who had completely used up his arm in the game played the day previous with the Dungeness team, a fact which was demonstrated in his failure to pitch an effective ball in the first few innings. Farewell, of Dungeness, succeeded him, and notwithstanding the fact that he pitched a swift ball, he was mercilessly batted over all the field by the visitors, who proved themselves to be strong batters. Ed. Shields succeed Farewell in the sixth inning and did some very clever pitching, but the visitors were so far in the lead it was quite impossible to overtake them. The Stars, however, were somewhat demoralized, and in no condition to cope with as strong a team as the visitors proved themselves to be, as they had played a hard game only the day before, and some of the better players had by no means recovered from the ill-effects of the struggle of that day But in the face of these adverse, disheartening conditions, the Stars made a number of brillant plays, and evidenced very positively that with greater practice and application they could develop proficiency of a high standard. They proved themselves to be somewhat weak as batters, a point most essential to the well-trainsd player.

The visitors played a very good game, a number of the players, it seems, have played in some of the well-known college nines, and therefore have received the very best of training.

They will play a match game with the Dungeness nine on the grounds in this city next Saturday, and a hotly contested game is promised, as the latter also play a strong game.

Officers Entertained.

Last Wednesday evening Norman R. Smith, assisted by the ladies, entertained a number of the officers from the Philadelphia. The parlors were brilliantly lighted and artistically decorated the surroundings being inviting and enlivening. Delicate refreshments were served.

The guests were: Lieut. Phelps, jr.; Chief Engineer Joseph Drilly and Dr. Winslow, Senator and Mrs. R. C. Wilson, Mr. and Mrs. John W. Troy, Mrs. Edna Lewis, Dr. and Mrs. E. H. Stanley, Mr. and Mrs. J. C. Caie, Mrs. I. R. Herrick, Mr. and Mrs. C. P. Brown, Mrs. L. D. Stewart, Miss McDonald, Messrs. N. R. Smith, A. A. Smith, R. A. Grimes, T. T. Aldwell, Horace White and Louis R. Cole.

Deafness Cannot be Cured

by ocal applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube reslored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THE Post-Intelligencer recently advanced an idea worthy consideration even though in direct violation of the deed of gift governing the international cup, which very specifically states that "all races shall be on ocean courses free from headlands although there is no reason why the deed could not be amended—which is that Port Angeles presents an incomparable race course, together with the advantage, not possessed by any other country, of an ideal international course, the waters of which wash the shores of either nation. Could these amendments be made to the deed of gift, of which there is no reasonable doubt, Port Angeles would offer in all other material respects the ideal international race course.

WHEN men have the courage and fearlessness to publicly condemn the abuse of party principles and the betrayal of party pledges by unfaithful leaders there is hope of great future usefulness for that party. That the cleansing wave is freeing the Populist party of Clallam from the demoralizing grasp of unfaithful leaders, there is little doubt.

INDIANAPOLIS has gone Democratic by an overwhelming majority. The change of heart experienced by the voters of that city, is somewhat extraordinary as only a year ago they submitted to Republican rule by a majority in favor of that party of 3000. One brief year of Republican misrule was all-sufficient.

THE commercial value of silver is appreciating. Heavy London purchases are attributed to be the cause. Now if through some clever international stroke a fixed ratio between silver and gold could be established, what a happy people we would be!

THINGS Populistic are undergoing a tremendous upheavel in the state. Unfaithful leaders are being relegated to the shades of eternal oblivion. The eruption has struck Port Angeles and the ranks of that party are being purged of sham reformers.

IT is indeed refreshing and augurs for vastly a more wholesome and a purer condition in politics, that men have the courage and the independence to publicly condemn the flagrant abuse of the fundamental principles of a party by the leaders chosen to represent them.

THE management deserves much credit for the able, successful and comprehensive manner in which it administered the affairs of the county fair. Through its intelligent and energetic direction the success of the fair was made possible.

THE future of the Populist party of Clallam county is by no means dimmed because its followers have the courage to publicly condemn the flagrant violation of party principles.

FREE PASS SEEVERS opposed the county fair. The unqualified success of the enterprise, abundantly testifies the insignificance of the opposition.

THAT Clallam is wonderfully rich in natural resources was satisfactorily demonstrated at the recent county fair.

BUSINESS evidences a decided improvement in all of the commercial centres of the Pacific Northwest.

INDUSTRIAL conditions throughout the country grow brighter with each succeeding day.

THE outlook is anything but bright for sham reformers.

THAT Clallam will hold the second annual fair there appears no reasonable doubt. The first annual fair held in the county last week having terminated so unqualifiedly successful is in itself sufficient justification for the statement. Then too. The people were given a taste of what material progress would really mean to a commonwealth vastly rich in varied resources, which was, infinitely, so far more palatable than the deceptive and uncertain speculative conditions from which they have so long suffered every torture known to mental disorders, that they will herald as the balm of gilead, any movement or enterprise having as its ultimatum the development of the material resources of the county—and nothing promises to accomplish more in that direction than an annual exhibition of its products. This fact has been demonstrated to the satisfaction of the people of the county, consequently the success of the fair another year is practically assured.

Good flour only 70 cents per sack at Lauridsen's.

Remember you can buy a pair of baby shoes at S. J. Lutz & Co.'s store for 25c and get a 2-cent postage stamp on every pair you buy.

FARM, ORCHARD, GARDEN.

The shrinkage of hay it so great that the price has to advance considerably between fall and spring if it pays for wintering.

It should be remembered that when the cows are kept on dry feed alone they require a much larger amount of water than when they have the run of the pastures or have plenty of succulent food.

Honey costs little, and is a valvable product, considering the price it usually brings in comparison with the small outlay in care and the expense of the first introduction. There is no reason why every farmer should not keep bees.

The orchard is an excellent location for a poultry house, as the hens have a range, and in summer they can resort to the trees for shade. Fruit growers who use hens in the orchard state that the trees are protected from insects.

All manure should be in a condition to permit of spreading it over the surface of the ground evenly, as it serves as mulch during the winter, and is also rendered more soluble and serviceable by spring.

Varieties of fruit should be selected according to the climate and soil. The kinds which produce heavily on clay soils may not thrive on sandy locations.

The Western Plowman says: If you have sowed but two bushels of oats an acre, when next you have a chance try a half bushel or a bushel more and watch the result. There is no economy in thin sowing of oats. The extra bushel will not cost much and your reward will be satisfactory.

Ground for an orchard should be as well prepared as for wheat or corn. It should have natural drainage if possible; if not, by deeply laid tiling; trees will not thrive if the roots are water-logged. The young rosts will need every aid they can get from fertilization, as they require plant food for a good start. A tree well planted is half grown.

The Wilson Reception.

A large number of the personal friends of Mr. and Mrs. J. A. Wilson gathered at the home of this popular young couple who have just launched out on the tempestuous and uncertain sea of matrimonial bliss, last (Thursday) evening to extend their congratulations and expressions of well wishes and the sincere hope that their future, holding so many grand even sublime possibilities, may have in store for them all of the contentment, happiness and prosperity that earnest, conscientious and gracious endeavor will bring.

The bride, one of Port Angeles' most charming daughters, if anything, appeared more winning and attractive than ever, and received all with a degree of modesty and sincerety of manner that suggested a gracious welcome would ever await the friends of herself and husband.

The attractive little home was tastily decorated presenting a cheerful and interesting scene.

Among those present were: Messrs. and Mesdames P Wiley, Wm Bell, A B Dorsey, H S Ballou, Capt. and Mrs. Bradley, Mesdames C C Brown, R C Wilson, J L Worthley, H E Lutz, J C Hansen, A Johnson, O Shields, E H Stanley, C E Mallett; Misses Love, Haswell, Taylor and Kent.

The Social Event of the Season.

Whatever the anticipation of the management of the fair, as to the success of the "Harvest Home Ball," even the most sanguine member of the executive committee could not have conceived a more brilliant, a more complete sucess than that which attended this signally brilliant social event.

The music, soul-stirring, sympathetic, as silver bells vibrating the sweetest notes of the finished musician, in tones full-rounded, soft and sweet, rising and falling as the gentle wave waft by summer's subdued breeze, gentle and soothing, yet stimulating and inspiring the fascinated listener to higher, nobler, loftier aspirations. The one expression, what delightful music, was a compliment justly deserved by the Philadelphia's splendid marine band.

When the grand march formed the fact became glaringly apparent that the opera house was inadequate for the hundred or more couples, which marched to the inspiring music.

A striking feature of the event was presented in the commanding officers of the two greatest civilized nations appearing in the same set.

Quite a number of couples were selected to dance in the prize waltz. The judges, Mrs. R. McDonnell, R. Croft and Jno. Knapman, after deliberation and not a little perplexity, awarded the prize to Mrs. F. P. Fisher, of this city. The prize, presented by Jno. Cunnea, was a $10 gold piece.

The dance broke up at 3 o'clock in the morning.

A farewell party was given last Tuesday evening at the home of Judge J G. McClinton in honor of the departure of Frank Cram for Idaho. About 30 young persons were present, and the evening was very pleasantly spent with games and music. Dainty refreshments were served.

A rack is being adjusted in the board of trade rooms for a permanent exhibit of the agricultural, horticultural and mineral exhibits. A fine display will be made which has been selected from the excellent collection made at the county fair. Farmers are urgently requested to contribute to this permanent exhibit, as it will prove to be a splendid advertisement for the county.

One of the departments of the county fair worthy special mention, was the woman's which was under the superintendency of Mrs. R. R. Harding. This was one of the most artistically, ingeniously and systematically arranged of the many interesting departments of the fair. The numerous articles of fancy needle work displayed was a never-ceasing attraction to the observer, and the skill and industry involved in the arrangement of this creditable display, were subjects of most favorable criticism.

NEWS OF THE COUNTY.

Gleanings From the Press of Western Clallam.

Beaver Leader.]

The Leader says the Boston fair was a decided success.

There is a big run of "jack salmon" in the Calawa river. The Indians caught about two hundred at the mouth of the mouth of the river the other day.

Sam Kilby came up the other day for a load of lumber for the church which is being buift at Cuilayute. He was accompanied by his wife who will visit with friends for a few days.

An effort is being made by several of the more enterprising citizens of the Quillayute valley to secure some means of opening up this country. The practicability of calling public meetings at different places in the West end to discuss the matter has been talked of, and it is possible that such a course will be pursued. No country ever made itself. We are bountifully supplied with timber that is unequalled in all the world; the best agricultural land in Western Washington; the purest water that can be found anywhere, and a climate that would difficult to duplicate. But it takes men to develope the country. It requires grit, courage and get-theretiveness to accomplish this end.

The second annual Harvest Home Fair has closed, and its success is in everyway gratifying to our people in this end. The management of the fair had a good many obstacles to contend with, but it is pleasant to note that they were not embarrassed by any exhibition of any desire on the part of any one to belittle their praiseworthy efforts. We congratulate the people of Boston and of the entire valley on the fair's unqualified success.

COMPANY A.

The Port Angeles Independent Cadet Corps Organized in This City.

The Port Angeles Independent Cadet Corps has been reorganized with forty boys whose ages range from 16 upwards.

The company has been organized by Capt. E. T. Huff an experienced disciplinarian, who has an enviable record for the remarkable skill and proficiency exercised by him in training a number of companies in military tactics and in fancy drill movements, and expresses himself as highly gratified with the commendable degree of intelligence and aptableness evidenced from the beginning by the members of the newly organized company in this city.

The organization, which is an independent one, has been designated Company A, and the purpose of Capt. Huff is to instruct them in all tactics employed in the U. S. Army and also in many fancy movements calculated to display most advantageously the symmetry and harmony of movement. In drilling the company will use the Springfield rifle (50-70s), arrangements for which are being perfected for a sufficent number for the company.

The organization was perfected the 1st of the present month, and the constitution and by-laws have already been drawn and adopted for its government. Sergeants and corporals will be appointed at an early meeting. The company meets every Tuesday and Friday evenings for drilling. Three drills have been held and marked advancement is already quite noticeable.

Material encouragement should be extended by citizens to Capt. Huff and his company, as the movement is most meritorious, and one calculated to result beneficially to all concerned.

United States History, less of a mystery
Now to the masses than ever before,
We have a great want supplied, all facts we've simplified,
And to all knowledge we've opened the door.

So simple the chronicle, gaze through a monocle,
But one eye's needed to gather the fact,
Our volume a peer is, and all that we hear is
The sounds of applause for our genius and tact.

All facts alphabetical, 'tis less enigmatical,
We acknowledge it came with the cleverest thought.
The best book of reference, we say it with deference,
No other book like it has ever been bought

The man who compiled it, who wrote out, and styled it,
In Historic Research has reached the extreme:
A professor of colleges, you'll agree that his knowledge is
By the great masses considered supreme.

We want men to sell it; no one can repel it;
At homes, schools and colleges sales can be made.
Just write for instructions, our small introductions,
There's more money in it than ever you have made.

AGENTS can make more sales with less talk and less walking with this book than with anything else they ever sold. It appeals to everybody. It is handsome, entertaining and useful. It is good for every member of the family—useful alike to schoolboy and grandpa. Write for circulars and terms to

BIG PROFITS ON SMALL INVESTMENTS

Returning prosperity will make many rich, but no where can they make so much within short time as by successful Speculation in Grain, Provisions and Stocks.

$10.00 FOR EACH DOLLAR INVESTED can by made by our Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men in all parts of the United States, who by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invest a hundred or two hundred dollars up to $50,000 to $100,000 or more by those who invest a few thousand.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard our standing and success.
