THE DEMOCRAT-LEADER.

VOL. 6. NO. 29. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, FRIDAY, NOVEMBER 15, 1895. PRICE FIVE CENTS

HE STEALS A BANJO

To Pay His Fare to Victoria—LeFavre,

A GENTLEMAN OF MUCH LEISURE,

Appropriates the Property of His Friends to Gratify His Fondness for Travel—Is Arrested, Tried and Bound Over to the Superior Court.

Peter LeFavre was recently arrested on a warrant sworn out by Leona Seibert, being charged with having stolen a number of articles from the home of her mother, in this city, Mrs. Nipou, during their absense in Victoria. These articles belonged to the young woman and her mother, and the first knowledge they received of LeFavre's having stolen these article from them was when they recently returned from Victoria, the captain of the Evangel acquainted the young woman with the fact that LeFavre had pawned her banjo for his fare to Victoria on a former trip, the fact of the banjo being her property having been established by Custom Inspector F. P. Fisher, who was on the boat at the time when LeFavre put the instrument up as security for the fare. The young woman immediately identified the instrument as belonging to her. She then acquainted the captain with the fact that LeFavre had said that he intended stealing his passage over on that trip of the Evangel, stowing himself away in one of the ship's boats. An examination of the boats proved that the culprit was snugly stowed away.

Upon the arrival of the boat here, LeFavre was placed under arrest, and the subsequent examination of the Nipou house developed the fact that quite a number of articles had been taken during their absence in Victoria.

The preliminary trial was held in Judge Carusy's court Wednesday afternoon, Geo. C. Hatch appearing for the defense, and County Attorney Stewart for the state. The evidence produced in the case the court held to be sufficient to bind the defendant over in the sum of $500 to appear for trial at the next term of the Superior court, and in the default of bail he was consigned to the county jail to await his trial.

A SAILOR LOST OVERBOARD.

Bark General Fairchild Arrives from Unalaska.

The bark General Fairchild, Capt. Parker, arrived at this port from Unalaska last Sunday afternoon bound for Nanaimo.

The voyage down the coast was a quiet one, and was unattended by any serious mishap or accident until the vessel neared the cape, at which time a heavy sea was prevailing. While the vessel was struggling through the rough sea a sailor by the name of Peter Johnson, who was at work on the topgallant of the mainmast, when a huge sea struck the vessel with such tremendous force that the sailor was thrown from his insecure position to the deck below.

He was thrown with such terrific force that he received fatal injuries from the fall. When his lifeless form was laid out an examination was made, which disclosed the fact that his neck, arms and legs had been broken in the fall.

The unfortunate man was buried at sea.

Deafness Cannot be Cured

by ocal applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PUBLIC IMPROVEMENTS.

A Committee of Five Has Been Appointed

BY THE MAYOR TO REPRESENT

Clallam County and Port Angeles in Presenting to and Urging Congress to Make Appropriations for Needed Public Improvements.

Largely as a result of the recent visit in this city of United States Senator Watson C. Squire, a committee, comprising five of the prominent citizens and business men of the city, was appointed by Mayor Chas. E. Mallette, for the purpose of submitting, directing and urging important legislation before the next session of congress, in which Port Angeles and Clallam county are directly interested.

During his visit here Senator Squire suggested that the creation of such a committee, representative of the active business interests of the county and city, would prove of inestimable service in assisting him to secure the appropriations for the governmental improvements sought by this people.

While the distinguished gentleman readily recognized the urgency of the improvements, and the exceeding temperance of the demands of his Clallam constituents in striving to secure the needed appropriations, much depended on the manner in which these demands were presented to Congress. Could the vital necessity of the improvements required be made manifestly apparent to congress, little, if any, opposition would be encountered in securing the appropriations.

Herein lies the infinite value of a committee of business men, organized solely for the purpose of accumulating data, statistics and subject matter, relevant to the legislation under consideration; and to prepare memorials and petitions to congress, setting forth the great urgency of the legislation prayed for.

The gentlemen appointed by Mayor Mallette, comprising this committee are: Judge J. G. McClinton, Hon. R. C. Wilson, Mr. M. J. Carrigan, Mr. Wm. K. Clark, and the Mayor will serve as the fifth member.

The more important matter to which the committee will at once devote itself are the improvements at the mouth of the Quillayute, an important public improvement, first advocated through the columns of THE DEMOCRAT-LEADER several years ago, at which time a series of excellent articles from the pen of Hans Hansen of Quillayute, were published in the columns of this paper, convincingly setting forth the imperative need of this commercial improvement; THE DEMOCRAT-LEADER has since frequently advocated the urgency of this improvement, as it has unhesitatingly favored all other necessary public improvements throughout the county, the unreliable, untruthful, and unfair Beaver Leader to the contrary, notwithstanding. And, in connection with this matter, another fact should be steadfastly borne in mind. If the Quillayute people secure, as they undoubtedly will, an appropriation from the general government, for the improvement of the Quillayute river, it will be largely through the earnest, public-spirited effort of Port Angeles' progressive citizens, and the undignified and unwarranted position of the Beaver Leader, in insinuating deception, selfishness, dishonesty faithlessness, as characteristic traits dominating citizens of Port Angeles in their attitude towards other localities of the county, will in no way contribute to the achievement. This statement is made simply in defense of citizens of Port Angeles, whose public motives and actions have been unjustly impugned by the dyspeptic editor of the Beaver Leader.

During Senator Squire's visit here the improvement of the mouth of the Quillayute river was the first matter brought to his attention. And he was urged to do all in his power to secure an adequate appropriation to prosecute the improvement. Enough of this.

Fog bell at Ediz Hook. During the recent visit to the city of Commander Farenholt of the light house tender Columbine stated, in conversation with a prominent citizen, that he had recommended the establishment of a modern-designed bell, sufficiently powerful to be heard a distance of 20 miles, at Ediz Hook. But he was positively opposed to a fog-whistle being placed there, as there were already whistles at Race Rocks and Dungeness, and a third whistle at Ediz Hook would so confuse shipping that the position of a vessel could not be accurately determined. Consequently, he suggested that citizens petition congress for a bell, as he seriously doubted if a petition for a whistle would be granted.

To permanently station a revenue cutter at this port; a receiving ship stationed at this port.

Telegraph line from Neah Bay to Destruction island.

Erection of a light house either at Pillar Point or Slip Point.

A grant of 100-acre tract in government reservation for city park; grant of block 32, government reservation, for city purposes; grant of suburban 10 acre block for county purposes.

Establishment here of port of call; improvement in mail services.

The following sub-committees, and the specific duties assigned to each, have been appointed:

Judge Jas. G. McClinton—Improvement of the mouth of Quillayute river, and extension of governmental telegraph line from Neah Bay to Destruction Island.

M. J. Carrigan—Fog bell at Ediz Hook; erection of light house either at Pillar Point or Slip Point.

R. C. Wilson—Grant of block 32 for city purposes; grant of suburban block for county purposes, and grant of 100-acre tract for city park.

C. E. Mallette—Stationing a revenue cutter and a receiving ship at this port.

Wm. K. Clark—Creating this into a port of call; improvement in the mail service.

The sub-committees will at once prepare memorials and petitions, clearly setting forth the vital importance of various public improvements demanded and these will soon be forwarded to Senator Squire, at Washington, D. C., who has promised to do all in his power to secure the appropriations required.

The thorough and systematic prosecution of these important public matters will, undoubtedly result in the accomplishment of the object sought.

CLUMP IS SENTENCED.

The Defendant's Motion For a New Trial is

DENIED BY THE SUPERIOR COURT

And Judge McClinton Sentences Him to Six Years in the State Penitentiary—Notice of Appeal is Given—Pannett Pleads Guilty.

Yesterday afternoon the motion for a new trial in the Clump case was argued before Judge James G. McClinton, County Attorney James Stewart representing the case and F. O. Lamoreux the defense. After the arguments had been submitted Judge McClinton denied the motion, and then proceeded to sentence the defendant M. J. Clump, ex-treasurer of Clallam county, who had been found guilty, after a trial by jury, as charged in the bill of information, of embezzling the public funds while treasurer of Clallam county, to six years in the state penitentiary at Walla Walla.

The attorney for the defendant gave notice of an appeal to the Supreme court of the state. As the defense is allowed ninety days within which to file an appeal, it will undoubtedly be six months or a year before a Supreme court decision will have been reached in the case.

GOOD TEMPLAR NOTES.

Quarterly Election of Officers Last Wednesday Evening.

At the regular meeting of Gate City Lodge No. 27, I. O. G. T., held last Wednesday evening, in their hall over the post-office, the following list of officers were elected for the ensuing quarter: Chief Templar, A. J. Adams; Vice-Templar, Miss Theresa Graham; Chaplain, Anna Fields; Secretary Harry Yarnell; Financial Secretary, A. J. Cosser; Treasurer, Miss Mabel Crosby; Marshal, Harry Dick; Guard, Ed. M. During the present and coming winter months, as an inducement to delinquent and other members, and to those who are not members, the quarterly dues of this lodge have been reduced to 50 cents for brothers and 30 cents for sisters. It is hoped that this will bring the lodge membership back to its old standard.

A special invitation is given to all in sympathy with the temperance cause to join with us. A pleasant evening one night in the week is the least to expect.

The regular meetings every Wednesday evening are held in the I. O. O. F. hall, over postoffice, rumors to the contrary notwithstanding.

One new candidate was initiated at the last meeting.

PLEADS GUILTY

And is Sentenced to Three Years in the State Penitentiary.

Last Wednesday afternoon J. D. Pannett, who was confined in the city jail on the charge of burglarizing the residence of Capt. Enos Raymond, to await his trial at the next term of the Superior court, was taken before Judge McClinton, and pleaded guilty of having been a party to the crime of burglary and to stealing property as charged against him in the bill of information, and he was sentenced by the judge to a term of three years at hard labor in the state penitentiary at Walla Walla.

Resolutions Passed.

At a meeting of the Ladies' Aid Society of the First Congregational church, held Oct. 17, 1895, the following resolutions were unanimously adopted:

WHEREAS, It has pleased our Heavenly Father to call our dear sister, Mrs. Hannah Ferguson, from earth to her Heavenly home, therefore, be it

RESOLVED, That the members of this society desire to place on record their deep appreciation of her Christian character. She was gentle, loving and patient. From the time this society was organized until disease robbed her of strength, she devoted time, money and labor to the furtherance of its work, with most conscientious care.

Resolved, That we treasure with tender affection the memory of her association with us.

Resolved, That we extend to her bereaved husband and children the assurance of our sympathy, and commend them with prayer to the God of all comfort.

Resolved, That these resolutions be enrolled on the minutes of our society, that they be published in the local papers, and that a copy be given to the family as a token of our love and respect.

WHEREAS, The Angel of Death has visited the home of our sister, Mrs. Miller and removed her dear mother to a brighter home, therefore be it

RESOLVED, That in her loneliness and sorrow the members of this society tender her loving sympathy. To the most of us Mrs. Pritchard was personally known and loved for her sweet Christian character. Though she had attained the age of 72 years she was cherry and light, and bore with wonderful courage and patience the pain and weakness that disease and the infirmities of age had laid upon her. In the latest hours of life her sufferings were intense, and it was the prayer of those who loved her that she might be released.

To the bereaved children of Mrs. Pritchard this society would say: "When you sigh for the touch of a vanished hand, and the sound of a voice that is still." You can thank the dear Lord for the treasures which memory holds, and let Faith assure you that the fragile little mother is encompassed by Divine love, of which the tenderest that on earth can give is but a faint reflection.

Resolved, That this society requests the local papers to publish these resolutions, that they be transferred to our records, and that a copy of them be given to our dear Mrs. Miller.

Respectfully submitted,

MRS. C. W. BREWSTER,
MRS. L. T. HAYNES,
Committee.

THERE is one thing that citizens of Port Angelrs should positively determine to do, and do it with unalterable steadfastness. That is to liquidate their entire municipal obligations, even though they could shirk much of the public debt because of it not having been legally incurred. The fact remains, nevertheless, that the obligation is a sacred moral one, and no honest man should attempt to avoid it. Clallam county has already had a shocking example of citizens shirking a sacred moral obligation when their legal responsibility ceased. The laws of the land inoperative against them; they are pressed to the crucial test as to their innate honesty; they were weighed in the balance and found wanting. Therefore justice, honesty and decency emphatically protests against a repetition of this worst species of dishonesty, or all claims to righteousness and respectability will have been forfeited. Rather twenty years of the most exacting self-denial than shirk these grave responsibilities.

THE adverse Democratic election returns from Kentucky and Maryland causes Republican journals to again predict "the end of the solid South." If any intelligent, unbiased political writer, can discern the finality of the dominance of any political party because it relegates to the fathomless depths of obscurity, the representatives who betray it, even though it thereby suffers temporary defeat, he certainly believes that honesty, loyalty and purity have no place in American politics.

A VALUED exchange says: "All signs point towards an open, warm, wet winter season. Quite a number of opinions on this ever-interesting subject have been expressed through the columns of other public journals by the "oldest inhabitants" which are diametrically opposite to the one expressed in the foregoing, and as the weather is no respector of individual opinions, it will be the better part of wisdom to refrain from an expression of opinion as to the next peculiar outbreak the weather will perpetrate on suffering humanity.

THE financial condition of Port Angeles imperatively demands that its affairs must be administered with the most rigid economy during the incoming municipal year. Will not the record of the present administration suggest that it is worthy to again be returned to power.

THE present municipal government has inaugurated an era of genuine retrenchment and reform in its administration of city affairs. If citizens desire that this policy shall be continued, they should not forget the men responsible for the era of reform.

A JUBILANT Republican journal commenting on the recent election returns says:

"The Republicans will have to depend for victory on the inherent strength of their cause and their own ability, courage and honesty in carrying it out. It is safe to predict that the party will successfully meet all these tests."

No doubt of it. It always does by evasion, artifice and deception.

ONLY a few more weeks and the Republican congress will be in session. Then the most extraordinary feat yet accomplished in modern times of skillfully evading decisive legislative action on the important questions demanding a solution, will be witnessed.

DICTIONARY OF U. S. HISTORY.

United States History, less of a mystery
Now to the masses than ever before,
We have a great want supplied, all facts we've simplified,
And to all knowledge we've opened the door.

So simple the chronicle, gaze through a monocle,
But one eye's needed to gather the fact,
Our volume a peer is, and all that we hear is
The sounds of applause for our genius and tact.

All facts alphabetical, 'tis less enigmatical,
We acknowledge it came with the cleverest thought.
The best book of reference, we say it with deference,
No other book like it has ever been bought

The man who compiled it, who wrote out, and styled it,
In Historic Research has reached the extreme:
A professor of colleges, you'll agree that his knowledge is
By the great masses considered supreme.

We want men to sell it: no one can repel it;
At homes, schools and colleges sales can be made.
Just write for instructions, our small introductions,
There's more money in it than ever you have made.

AGENTS can make more sales with less talk and less walking with this book than with anything else they ever sold. It appeals to everybody. It is handsome, entertaining and useful. It is good for every member of the family—useful alike to schoolboy and grandpa. Write for circulars and terms to
