THE DEMOCRAT-LEADER.

VOL. 7. NO. 22. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, FRIDAY, OCTOBER 2, 1896. PRICE FIVE CENTS

JENNINGS ON SILVER.

The Union Silver Candidate Opens His Campaign in This City.

IN WESTERN CLALLAM NEXT WEEK.

The Efforts to Secure Fusion Fails in Part Though There is Now But One Candidate For Representative—Mr. L. M. Ford, the Nominee of the Democrats and Silver Republicans to Withdraw—A Chilly Frost Meets the Middle-of-the-Roaders.

Hon. Robert W. Jennings, nominee for Superior Judge, has opened his campaign in Clallam county. Last night he addressed a large audience in the opera house, and made one of the best speeches that has ever been delivered in Clallam county. His arguments on the silver question were lucid and powerful. They just cannot be met. Several converts were added to the cause of silver.

To-night Mr. Jennings will speak at Sequim and Saturday night at Dungeness. Next week he will commence a tour of the Western portion of this county. He promises to make as strong a speech to a small audience as he could make in a crowded opera house, so those who can do so should hear him. It will be a treat, indeed.

Mr. Jennings has made the following dates for the West end of Clallam county:

Gettysburg, Monday, October 5, at 7:30 p. m.

Port Crescent, Tuesday, October 6, at 7:30 p. m,

East Clallam, Wednesday, October 7, at 7:30 p. m.

Sappho, Friday, October 9, at 2 p. m.

Shuwah, Saturday, October 10, at 1 p. m.

Forks, Saturday, October 10, at 7:30 p. m.

Quillayute, Monday, October 12, at 7:30 p. m.

Boston, Tuesday, October 13, at 2 p. m.

Hagadorne for Representative

For two days this week the Democratic, Free Silver Republican and the Populist county committees were in session with the object of uniting their forces in view. Tuesday evening the committees reached a basis that was satisfactory only to find on Wednesday that the refusal of some of the Populist candidates to withdraw had upset all that had been done. Three of their candidates permitted their selfish ambitions to sway them, closing their eyes to the great reform movement, which is uniting Democrats, Populists and Free Silver Republicans all over this country, with a dog-in-the-manger spirit, A. A Richardson and others refused to any compromise that did not give them a seat on the grand stand. At last, realizing that fusion was absolutely impossible, not that fair-minded Populists who are in a large majority were not in favor of, the Silver Republicans and Democrats decided that the country's cause required that there be a free silver man in the legislature, so they, in a spirit of patriotism, decided to request Hon. L. M. Ford to withdraw and unite in supporting John D. Hagadorn for representative.

It the true friends of reform do not unite in defeating those who consider first their personal greed and their country not at all it will be passing strange.

A Middle of the Road Frost.

The middle of the road Populists—those who prevented a union of the forces in Clallam county such as obtains in every state in the union and every county but this in this state—held a "rally" Wednesday night. Richardson, O'Brien and Gherke held forth to an audience all of which, save scarce a baker's dozen, refused to give an evidence of approval.

Great revelations were promised the people as to the official conduct of some of the promoters of the cause of silver in this county, but they failed to materialize. Assertions in a general way prove nothing, so those who heard the bellowing of the man who prevented union in Clallam county are more opposed to his candidacy than ever.

Miss Ruth Cook, our court stenographer was present to take down his speech and the vulgarly familiar and coarsely brutal manner in which Richardsgn addressed remarks to her about her business there added much to the contempt in which he is held.

Informal Musicale

Mr. and Mrs. Carrigan entertained a few friends Monday evening with an informal musicale. Refreshments were served during the evening.

There were present Mr. and Mrs. Michell, Misses Powers, Beazley, Carrigan, Lou Crooks; Capt. Cotton, Paymaster Mohun, Ensign Winship and Mr. Charles Cotton.

A large variety of fresh feathers and flowers at Miss Draper's.

The Olympic club rooms have fully justified the reasons for the organization of the club. They are very popular with the officers of the fleet. It is very seldom one can go in without finding several of the officers present reading, writing or playing billiards.

A Money Maker in Hard Times.

I have for the past five years had a pretty hard struggle to make a living, but about three months ago I began selling self heating flat irons and have made from four to five dollars every day, which I think is pretty good for an inexperienced woman, my brother is now selling irons and makes more than I do, but he has sold other things and is more experienced. The iron is self heating, so it is the proper heat all the time; and you can iron in half the time you commonly do and have the clothes much nicer, you can iron out under a tree or in any cool place and one cent's worth of benzome will do any ordinary ironing, so you save the price of the iron in fuel in a few weeks. By addressing W. H. Baird & Co., Station A., Pittsburgh, Pa., you can get full particulars, and I know any one can do splendidly anywhere. We sell at nearly every house and any woman that irons once with a self heating iron will have one as it saves so much labor and does so much better work.

TREACHEROUS ROCKS

At the Mouth of the Port Townsend Harbor Finds Another Victim.

UMATILLA LIKELY A TOTAL LOSS.

She Strikes a Hidden Rock Near Point Wilson Which Digs a Great Hole in Her Bottom—The Captain Runs Her Ashore in Order to Save Her—She Lies in a Very Dangerous Position and Any Sort of a Western Wind Will Tear Her to Pieces.

A special to the Post-Intelligencer on Wednesday from Port Townsend says:

"The American steamship Umatilla, plying between Puget Sound and San and San Francisco, after almost foundering in the straits, was run ashore on Point Wilson at 3:45 o'clock this morning, and is considered to be almost a total wreck.

She struck a submerged rock near where the bark David Hoadley was wrecked some years ago, lost sixteen feet of her keel and tore a ragged hole in her bottom through which the water poured in torrents. The passengers had a narrow escape from being compelled to embark in small boats and leaving the vessel to founder in the middle of the straits.

"The Umatilla left Victoria shortly after midnight in charge of Capt. H. H. Lloyd, a pilot of twenty years' experience, and Capt. J. C. Hunter, the ship's commander. The weather was densely foggy, and against a strong ebb tide the steamer headed for Port Townsend.

At intervals the whistle was regularly sounded, but the course from Victoria does not bring the ship near any headlands, consequently only a very dim echo could be heard. In thick weather a steamer is always coursed by the compass, log and echo of the fog whistle. The ebb tide sweeping down on the port beam of the steamship swung her a point or two off the course, heading the vessel directly toward the wrecked bark Hoadley three-fourths of a mile west of Point Wilson. That was in the proximity of a very low neck of land which lies behind the abrupt bluff that commands Point Wilson.

"The sounding of the whistle brought back no echo. From the top of Morgan's hill, the background of Port Townsend, through the thin mist overhanging a dense bank of black fog, could slightly be discovered the brightness of the electric lights. Then, too, to add to the unfortunate condition of affairs, it is alleged that the fog whistle at Point Wilson was not blowing. Many masters of vessels coming into port lately have made similar complaints, and at the time other captains have averred that the whistle was blowing regularly.

"In brief, such was the outline of the surroundings when the Umatilla struck rock.

The Umatilla, which was running at half speed aud with a bright and cautious lookout forward, without a moments warning struck the rock. A terrible, deep, rumbling, grinding noise followed as plate after plate was being torn off. In an instant the engins were reversed in response to the pilot's signals. The damage was done. Word came from the firemen that she was leaking. Pilot Lloyd instantly realized the situation, and knew that the Umatilla had fallen a victim to the Libby rock.

"Rapid action and a calm judgment was the essential element required to save the vessel from foundering, and the pilot and Captain Hunter were equal to the emergency. The Libby rock is three-fourths of a mile from the shore. Bang went tke gong, and the jingle of the bell was the signal for the big steamship to go ahead at full speed. She rounded to majestically and headed to the east up along the shore toward Point Wilson. It was a race between the inrushnig waters and the ability of the engineers and firemen to keep the engines going. The pilot and captain calmly calulated the time required to reach Port Townsend harbor. The firemen required no urging to stand by their post of danger, away down in the hold of the steamer, thirty feet below the saloon deck, where the water was steadily rising and submerging the fuel in the bunkers. Engineer Lacy threw the throttles wide open. The steamer shivered from stem to stern.

"The water continued to rise in the engine-room and was knee deep. Word was sent to the pilot and captain on the bridge that within five minutes the fires would be quenched. Quick as lightning the vessel was thrown hard over and the steamer head for shore.

"Then the firemen came tumbling up out of the furnace rooms. The water had put out the fires and the speed of the vessel was rapidly declining. It was a problem of doubt whether the steamer would reach shore or go down into the depths of the straits."

It was a problem whether the steamer would reach the beach. Two minutes after she struck all of the passengers were landed safely by means of small boats. The starboard bow of the steamship was stove in badly.

She lies in exactly the same place the British ship Kilbrannan did when she was wrecked some months ago. She lay with her bow in the beach, abreast of the lighthouse, directly in the path of a westerly gale and in a position where any sort of an ocean swell would tear her to pieces. It is about time for the equinoctial gales to come and should they occur, the fate of the Umatilla is sealed.

Again do those treacherous rocks and capricious tides around Port Townsend find a victim.

It will be recalled that the English ship Kilbrannan went ashore about the same spot last spring. It is becoming positively sickening, the number of accidents that are occurring along those dangerous rocks.

They call it a harbor up at that way station, but it honestly strikes us as nothing more than a death pit.

As long as the people up there insist on calling it a harbor and vessels keep on going in we suppose these accidents will happen. But really isn't it about time to call a halt. There surely can't be much commercial advantage for a steamer to call there and she runs the risk of having her bottom staved in every time she goes in.

There is such a thing as running courtesy into the ground, as we can not find any other reason under Heaven why the company keeps on making poor old Townsend a stopping plaae unless it is for the same reason that called forth a famous remark from the governor of North Carolina to the governor of South Carolina, and even then one would be poorly recompensed for the heartache one must suffer in looking at those empty, bedraggled buildings, monuments of misguided judgement and blasted hopes.

Our heart bleeds for those unfortunates who are grinding out a precarious existance at that misnamed "Key City." They have been talking about their "grand harbor" so long that they actually believed they did have a harbor and it is something awful to see the agony of their awakening to the fact that instead of a place of refuge it is fast becoming renowned as a trap to noble vessels.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later." For sale by J. C. Hansen, Druggist.

JONES' MASTERLY TALK

Stirs the Enthusiasm of Free Silver Advocates and Believers.

DEADLY CONTRAST OF AUDIENCES

The Difference Between the Size and Interest of the Free Silver and Gold-Bug Crowds is Especially Noticeable in the Meetings Held So Far—The Free Silver Speakers Are Vastly Superior and Draw Much Larger Crowds.

Hon. John R. Rogers, Attorney General W. C. Jones and Hon. James B. Reavis addressed the people, of Port Angeles in the opera house on Friday evening last.

They were greeted by one of the largest audiences that ever assembled in the Port Angeles opera house. The reception was probably the most enthusiastic that Port Angeles has ever given at a political meeting.

John R. Rogers, who will be our next governor, opened the meeting with a twenty minute speech. Mr. Rogers proved an interesting and entertaining speaker. He is fully informed on the issues of the day and well qualified to handle them from the platform. However, Attorney General Jones was present and waiting to speak on the silver question as only Mr. Jones can, so Mr. Rogers cut his speech short that the time might be given to Mr. Jones. Mr. Rogers made a splendid impression on the audience and was very heartily cheered.

James B. Reavis, nominee for supreme judge, made a few well directed remarks, but he, like Mr. Rogers, soon made way for Mr. Jones, who followed with a speech of two hours duration that was not only eloquent, but convincing.

The audience was fairly set wild with enthusiasm as one by one he answered all the claims of the gold bugs and set forth in a clear and positive manner the reasons for bimetallism.

It will be a long day before the seed sown by Mr. Jones will cease bearing fruit.

The gold bug meetings held in Port Angeles have been very tame affairs as compared with the Democratic meetings. E. W. Ross, Republican nominee for attorney general and Hon. Allen Weir attempted to distroy the effect of the masterly argument of James Hamilton Lewis, but were greeted with a house about two-thirds full at the beginning of the meeting and one that was not one-third full at the close. They did as best they could with the material which they have to make an argument, but failed to make an impression.

Judge Ballinger followed Attorney General Jones on Saturday, and though he had but a small house with which to commence he could not hold them and at the end of an hour or so he quit in order to do so before the audience did.

A New Minuet by Paderewski.

Ignace Paderewski has written a new minuet for the piano, which he has dedicated to his American admirers and given the significant name of "Menuet Moderne." He regards the new composition as his best, and believes that it will meet with greater popular favor than his "Menute a L'Antique," written in 1883, of which over seven million copies were sold in a single year. It is the first minuet written by Paderewski since "L'Antique," and was composed by that famous pianist expressly for The Ladies' Home Journal, and appear in the October issue.

THE McKINLEY AID SOCIETY.

It is Proving a Poor Invention for Republicans—Only Seven Counties in It.

The movement of the Gold Democrats in this state is proving a poor investment for the Republicans if the cost to them is anything like what it is estimated at. Especially is this true in Clallam county.

The gold convention at East Clallam, about which the local gold organs said so much and which was the excuse for a column more or less of matter in the P.-I., was composed of just nine men. Their names and addresses can be furnished at the office of THE DEMOCRAT-LEADER.

They made much noise, but like a bunch of fire crackers, there was neither smoke nor anything else left when they adjourned. When their delegation reached Tacoma, they found just six other counties of the state represented. A total of seven counties out of thirty-four were represented at Tacoma.

These seven counties had fifty-two delegates there. When this is compared with the convention of over 200 delegates representing nineteen counties of Free Silver Republicans who assembled at Ellensburg and endorsed Bryan, the McKinley Aid Society seems a small affair indeed. It must not be forgotten either that the Republicans were but a short time organizing, while the Gold Democrats have had nearly three months to work up their Aid Society of which Grandma Palmer is at the head.

Sofie Convicted.

The jury in the case of Joe Sofie, charged with killing Samuel Fernie, after being out about thirteen hours, agreed upon a verdict of manslaughter. The maximum penalty is 20 years in the penitentiary, the minimum penalty being 1 year.

A motion was made for a new trial in arrest of judgment, and arguments on the motion will be heard October 12, in a probability before Judge Ballinger.

W. L. Marquardt assisted Prosecuting Attorney Stewart in the case, while the defense was conducted by John Trumbull, of Townsend.

Gray Hair Made Dark.

I saw in your paper a statement that Zulu Vulier would restore any head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to natural color. My wife's hair was a light red, and by using Zulu Vulier, her hair is now a beautiful auburn. Anyone can get a sample package of Zulu Vulier by sending 21 two-cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps.

SOME QUEER PEOPLE.

It is amusing to watch the movements and study the arguments of those who are trying to work up the McKinley aid society.

For instance, they maintain that they are actuated by a desire to save Democracy from the "blight of Populism." They held their conventions (?) for the patriotic purpose of forming a nucleus around which the bands of Democracy can rally after they have tired of free silver and the Populist party. Yet, instead of working for Democracy, or for Palmer even, they go abroad in the land and prophesy the election of McKinley and their meetings are addressed by those who are supporting McKinley for President.

One of the delegates from Clallam county to the gold convention (?)at Tacoma in an extended interview published in the P.-I., said that this county would be carried by McKinley, thus playing into the hands of the Republicans for campaign purposes. This is said advisedly, for it cannot be claimed that it was given as an item of news. Everybody knows, who knows anything about Clallam county sentiment that this county will give Mr. Bryan a majority that will nearly, if not quite, reach the ratio of two to one.

The fact of the matter is, the gold Democratic movement is in the interest of McKinley. The promotors of it have no such patriotic motives as they profess. This is shown by the fact that it bears the stamp of the approval of the Republican press. Does anyone profess to believe that the New York Tribune, the Seattle P.-I., or for that matter the Courier or Tribune of this city, have any love for the principles of Democracy which these people claim to be upholding? Have they shown it during the years past? For what do their frequent assaults upon the old Democratic party count if their words of approval are sincere? Do these papers propose to support Palmer? Do not these papers recognize and understand that the movement is one rather in the interest of McKinley than one to save the Democratic party? Would they not hail with delight anything that promised the destruction of the Democratic party?

Democrats can put down a few things as proved. These Republican papers and those Republicans who are putting up money for the gold Democrats are not engaged in the work of saving the Democratic party. They are working in the interest of McKinley and his trusts. The Democrats who are supporting Palmer are aiding them. They, too, are seeking to destroy their party.

HISTORY REPEATING ITSELF.

President Cleveland will go down in history as the fourth president who has abandoned his party while serving as chief executive, and who, in turn, was by his party repudiated. The other three were John Quincy Adams, John Tyler and Andrew Johnson. It is probable that Mr. Cleveland will follow the example set by these honorable gentlemen and henceforth act with the opposition party.

It would add much to the gaity of American politics should Mr. Cleveland follow further in the footsteps of these of this illustrous predecessors and re-enter politics. It would be a pleasant sight to many Democratic congressmen or senators to see the corpulent trust protector of Buzzards Bay who has essayed in times past to direct the the affairs of Democracy sitting in one of the legislative halls of our country on the other side of the aisle. For instance, imagine, if you will, the delight with which Morgan, Vest, Blackburn, Daniel or Tillman would grapple with Wall street's tin-god at close range were they in the senate chamber together! Or, picture to yourself a fight between the perspiring defender of the rich man's money and Bland, Livingston, Culberson, McMillin, McRae, Terry, or our own Jones, should the battle occur in the lower house!

Just for amusement's sake, let us hope that history will repeat itself a little further and that the next few years will find Mr. Cleveland sitting either as a Republican senator or a Republican representative in the National legislature.

TAMMANY hall has sent out the edict that to retain honorable membership in that organization and the New York Democracy it will be necessary to adhere to the cause of free coinage as a Democratic tenet. This is one of the good things Tammany has done this year. The Democratic party has always been a free silver party. It always will be a free silver party, and there could be no better test applied to a Democrat than that of his position on this question. To retain honorable membership in the old party that has for a century fought for the rights of the common people and for the maintenance of the constitution it should be properly required that he be still willing to labor in the cause for which Jefferson and Jackson did service.

SCHOOL OR NO SCHOOL.

The Directors of School District No. 7, which includes Port Angeles, have called a special election for the 10th day of October, for the purpose of permitting the electors to decide whether to allow or to refuse the Board of Directors authority to contract a further indebtedness of $5,000.

A great many of the patrons of the schools voted against the proposition submitted on the 15th of last month to permit the directors to incur an indebtedness of five per cent. because they believed the limit too great. At that time the Directors maintained that only sufficient debt to run the school for six months would be incurred. Now the directors have shown their good faith by asking for only $5,000. This is less than it cost to run the schools six months last year by $1,000.

There are several reasons why this proposition should be supported. Our school district is in debt over the limit that is placed on the directors without the vote of the people. Warrants are, therefore, unsalable. It has now come to the question of more debt or no school. A city the size of Port Angeles in free America without a public school would certainly be in disgrace. The injury the city would receive in the event that no schools were open would be untold times more than the amount of the debt. Take away the means for educating the American youth and you distroy one of our greatest institutions.

Then, again, if we have no school the apportionment of state school money for this city would be lost. This will be about $3,000. This would be used to pay off the debt if we receive it. This would reduce the debt so that even if the full $5,000 indebtedness were incurred, the real increase would be but $2,000.

The question is $2,000 more debt or no school. There should be no choice. Vote "yes."

HON. ROBERT W. JENNINGS.

Hon. Robert W. Jennings, nominee for Superior Judge has opened his campaign in Clallam county. Next week he will hold a series of meetings in Western Clallam. Mr. Jennings is one of the best orators in the state. He will conduct a magnificent campaign and his speeches should be heard by all who desire information on the silver question. The voters of the West end of Clallam county should use every endeavor to get out to hear Mr. Jennings.

DEMOCRATS must not forget that the Democratic nominee for president is William Jennings Bryan and that the names of the electors who will cast their votes for Mr. Bryan will appear on the "People's Party Ticket." If a Democrat wishes to vote for Bryan, the Democratic nominee for President, he must put his "X" after the name of each presidential elector on the "People's Party Ticket."

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold Process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident anyone can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions to any of your readers for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.

FRANCIS CASEY,
18-31 St. Louis, Mo.

A GOOD NOMINATION.

Mr. Hans Hansen, formerly of Clallam county, is a candidate on the united Democractic, Peoples' party and Silver Republican parties' ticket for representive in the legislature in one of the Seattle districts of King county. Mr. Hansen is well known in this county. For years he lived in the Quillayute country and took a great interest in all things for the promotion of his section of the country.

He was the originator of the movement that led to an apportionment for the survey of the proposed improvement that will make a harbor at the mouth of the Quillayute river. His work in this cause more than all things else brought it to the attention of congress.

Mr. Hansen was the Democratic nominee for county commissioner four years ago, and although defeated he ran away ahead of his party vote. He could have won but he paid more attention to the campaign for good government that was then being conducted than he did for his own candidacy.

Mr. Hansen was in the Olympia Democratic convention four years ago and there stood with the other Clallam county delegates with King county in its noble fight for James Hamilton Lewis for governor.

In politics Mr. Hansen has always been a purist. He never stooped to anything low. He had not that cunning that is some men's strength, but by his directness, his devotion to the right he was a tower of strength in the fight for the people. The people's cause is always his first concern.

Mr. Hansen is a scandinavian, but like most of his people he is in perfect accord with the interests of his adopted country and in principle he is an American amongst Americans.

The next legislature will not contain a more able, honest or devoted champion of the people than Hans Hansen should he be elected. We trust that he may be successful at the polls.

COUNTY CLERK RICHARDSON took fully a half hour to sound the praise of Prosecuting Attorney James Stewart, Wednesday night. It has been scarcely six months since Mr. Richardson was wont to condemn in very harsh language both the motive and ability of Mr. Stewart as a public official. Why the change?

THIS city cannot afford to get along without a free public school. Vote to incur the debt. It will only amount to $2,000.

VOTE for public schools.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

FRIDAY, OCTOBER 2, 1896.

LOCAL PARAGRAPHS.

THE DEMOCRAT-LEADER for the next six months for 50 cents.

There is a fine mounted eagle on exhibition at Hansen's drug store.

BORN—To Mr. and Mrs. Peter McGoff, Sunday, September 27th, 1896, a boy.

The Congregational Sunday school will meet at 12:10 o'clock hereafter.

Mr. and Mrs. W. D. Stivers are temporarily occupying W. L. Marquardt's house.

The churches of the city will commence service at 7:30 instead of 8 o'clock in the future.

Quite a number of Angeles people took in the Brown benefit dance at Sequim last Friday night.

Rev. Chas. Cunningham is occupying the house vacated by Julius Kirschberg, on First and Francis streets.

Paymaster Mohun gave a dinner Monday on board the Bennington in honor of Mr. and Mrs. M. J. Carrigan and their guests.

Mr. and Mrs. Carrigan entertained Admiral Beardslee, Capt. Pigman and Flag Lieut. Willard Saturday evening at their home on Peabody street.

The family of Mr. Mock, who recently moved here from Tennessee, is living in the house formerly occupied by Mr. and Mrs. Cook, on Second near Eunice street.

Mr. and Mrs. Carrigan, Mr. and Mrs. Michell, Misses Powers, Beasley and Carrigan were entertained at dinner Sunday afternoon by the officers on board the U. S. S. Bennington.

B. C. Keller brings intelligence, on his return from Seattle, that his mother-in-law, Mrs. Randall, recently suffered a severe attack of paralysis, but is somewhat improved. Mrs. Keller will remain with her mother until she is entirely recovered.

Rev. C. E. Cunningham, the pastor of the First M. E. Church of this city, who arrived from Stanwood, Wash., last week, will preach next Sunday morning and evening, at 11 a. m. and 7:30 p. m. Epworth League meeting at 6:30 p. m. Everybody invited.

Carsten Bros., wholesale butchers and packers, have gone out of business. Mr. Julius Carstens, a younger brother of the family, who has had charge of the business here, is a young man of excellent habits and business capacity and it is to be regretted that he finds it advisable to withdraw from our business circles.

Lieuts. Safford, Lansdale, Sawyer, Paymaster Littell, of the Alert, and Jno. W. Troy made up a fishing party to the Elwha on Saturday. Messrs. Sawyer, Littell and Troy went on Saturday evening to Lake Southerland returing Sunday. A good time and a fair catch of trout and grouse was the result of the excursion.

The paragraph which appeared in Sunday's Post-Intelligencer, to the effect that Mr. Charles Cotton was severely sick, must have been a practical joke. From all appearances Mr. Cotton never had a sick day in his life and the manner in which he dallies with his wheel would indicate he had a superabundace of health and vigor. He's all right.

The bountiful rains this week were most welcome. They have served to clear the atmosphere of the almost unendurable smoke that has prevailed for the past month, besides saving a great amount of valuable standing timber. The fires in the west end of the county have been unusually destructive this summer and the rain has saved millions of feet of fine timber.

NEWS OF THE COUNTY.

Gleanings From the Press of Western Clallam.

Clallam Bay Record.

J. H. Marlette has removed to town from his ranch on the Hoko this week.

Joseph Lemm came down from Port Crescent Friday to visit his family.

Fire has destroyed some valuable cedar timber lately on Merricks ranch on the Sekiou.

Surveyor Shelton is expected here next week with a crew to go out and survey townships 31-14 and 31-15.

W. D. Johns has been engaged to teach school at Bogachiel and intends to leave for his new location next week.

Henry W. Newby and George E. Stearns of Washington, D. C., and L. R. Martin, Port Townsend, arrived on Friday evening.

P. J. Peterson came over from British Columbia last week, where he has been working, and visited his family. He has returned to B. C.

Forest fires have destroyed the homes of Pixley, Bash and Davis and a lot of timber on the ranches in the neighborhood of Burnt Mountain.

B. McKeever and family arrived from Seattle on Monday and have taken charge of the Pioneer hotel and restaurant and fitted it up in first class shape.

W. F. Richardson chief clerk of the Pacific Northwest division of the postal system, has been visiting Neah Bay lately on a hunting trip and left for his home at Portland Monday.

Inspector Newby and party of three men arrived here Friday last to examine the surveys of eight townships in this and Jefferson counties. The first work of the crew is at Sale river and the survey party was taken down there in a boat Monday by Gus Lotzin and F. W. David. David Lavin has been employed in the survey work.

Beaver Leader:

Mr. and Mrs. M. D. Doolittle gave a delightful party last Saturday evening at their temporary residence near the Solduck bridge. Dancing was the principal pastime and was greatly enjoyed by the young people present. A delicious lunch was served by the hostess at midnight.

Forest fires have been doing great damage to timber the past week. There is a big fire raging in the upper Solduck country and millions of feet of timber being ruined. Ranchers are wishing for a heavy rain to quench the flames, for if the present dry weather continues it will be hard to approximate the loss the settlers.

SHUWAH.

The people of Shuwah had a dance in the school house last week which was well attended. Jake Fasel and Len Michals proved that for waiting on a crowd single men are not a failure. The way they can flourish a cup of coffee would astonish a first-class hotel butler.

Mrs. C. E. Maxfield and her mother, Mrs. Belden, are visiting at Quillayute and Lapush.

George Stubbs came in with a load of freight Sunday.

Why

Do people buy Hood's Sarsaparilla in preference to any other,—in fact almost to the exclusion of all others?

Because

They know from actual use that Hood's is the best, i. e., it cures when others fail. Hood's Sarsaparilla is still made under the personal supervision of the educated pharmacists who originated it.

The question of *best* is just as positively decided in favor of Hood's as the question of comparative sales.

Another thing: Every advertisement of Hood's Sarsaparilla is true, is honest.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. $1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

At the Council.

The city council met in regular session Wednesday evening.

Mr. Quinn stated to the council that the road up Pine street hill had been completed all except cutting a ditch across the road and hauling a large log for a breaker. The report was accepted.

Mr. Quinn reported that the fire and water committee had seen Manager Wilson, of the water company, and that he thought a proposition should come from the council first in regard to a reduction of water rent. The report was received and placed on file.

Mr. Fowler reported on slaughter house ordinances. He stated that no ordinance bearing directly upon them existed, but other ordinances bear sufficiently close to embrace them in their provisions.

Mr. Quinn stated that he had inspected the Crosbie walk on Tenth and Valley streets and that he could not see that anything was needed.

The bill of Geo. Jacobs, $15, for twenty ricks of wood, allowed.

The clerk read a petition of Mrs. Matilda Carlile Cooper, praying that the council grant her lots 94 and 95, block H, in Ocean View cemetery, in consideration of her labors in securing the tract of land from the U. S. government which comprises the cemetery.

The council unanimously granted her petition.

The clerk read the resignation of Councilman Lamoreux, which was laid on the table without action.

It was ordered that the street crossing on Peabody street, which Pete Chambers has been using as a crossing, be attended to by street commissioner.

The street commissioner and street committee were instructed to look after the approaches to the Peabody street bridge and to report at the next meeting.

The street commissioner was instructed to fix approach to the south end of Valley street at the wharf.

The fire, water and light committee were instructed to confer with R. C. Wilson and offer him $10 water rent per month for power house, $2 50 per month for city jail and also $12.50 per month for eleven hydrants.

The council then adjourned to meet next Wednesday night.

Carrigan Musicale.

The cosy little home of Mr. and Mrs. M. J. Carrigan was the scene of a delightful musicale Friday evening of last week.

Capt. Cotton, on the violin; Lieut. Safford, on the zither and Mr. Chas. Cotton, on the guitar, are all performers of no mean ability and they added much to the pleasure of the evening. Delicious refreshments were served.

There were present: Mr. and Mrs. Michell, Misses Powers, Beasley, Carrigan; Capt. Cotton, Capt. Hanford, Flag Lieut. Willard; Lieuts. Safford, Littell, Lansdale, Ensign Hayward, Father Fay and Mr. Chas. Cotton.

New fall millinery, goods and notions at Mrs. Phelps.

A Churn That Churns in One Minute.

I have been in the dairy business all my life and have many times churned for an hour before butter would appear, so when I heard of a churn that would churn in a minute, I concluded to try it. Every day for a week I used it, and not only could I churn in a minute, but I got more and better butter than with the common churn. This is very important information to butter makers. The churn works easily, and will churn an ordinary churning in less than 60 seconds. I have sold two dozen of these churns in the past month. Every butter maker that has seen me churn in less than a minute has bought one. You can obtain all desired information regarding the churn by addressing J. F. Casey & Co., St. Louis, and they will give you prompt and courteous attention.

Another Smart Woman.

My husband is poor but proud and he does not want me to work, as I have nothing to do get restless, and after reading in your paper Mrs. Russell's experience selling self-heating flatirons I concluded I would try it. I wrote to J. F. Casey & Co., St. Louis, Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my sample iron I started out, and sold 8 irons the first day clearing $12. I have not sold less than 8 any day since, and one day sold 17. I now have $226 clear money, and my husband does not know I been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone.

AN ANXIOUS WIFE.

You are doing just right, your husband should be proud of you, go ahead and show the world what an energetic woman can do. That self-heating iron must be a wonderful seller, as we hear of so many that are succeeding selling it. 2

U. S. CLOTHING and DRY GOODS HOUSE.

A POPULIST'S OPINION.

[A. M. N's description of the Convention.]

The Pops they held their latest convention
They worked it fine and fixed up a slate,
They had for their leader a man of invention,
But it is not quite decided as to his fate.

They elected a chairman, he was kind o' one-sided,
He might have had some object 'tis true,
But the platform was fixed so it was decided
And then they worked with their leader in view.

This leader he went there with every intention
To fix it up and have it his own way,
Now some of the delegates caught the situation
And fought it desperately for all of one day.

He was not seeking office, oh, not for himself,
But the man that sought office should be downed
And ever afterward be laid on the shelf,
That was the argument of this leader around town.

And now they say it was his greatest desire
To keep in the middle of the road till he got himself fixed,
And then for fusion he did aspire
And make a bargain so that it would stick.

He is a general of the G. O. P. style,
Which all true Populists look at with disdain.
To see a man work for self all the while
Is against the principles the Populists sustain.

Now let all true Populists take warning by this
And not be selfish, their own ends to gain;
For with all of his work he surely will miss
The object he sought to obtain.

The convention adjourned with many a sore head
And every one telling how it was done;
But they will have a rehearing, it is said,
For they think none will be elected; no, not one.

You can't buy happiness, but if you are suffering from dyspepsia, scrofula, sault rheum, impure blood, you may be cured and made happy by taking Hood's Sarsaparilla. Hood's pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

A Dandy Thing to Sell!

I have been doing so well this summer selling combination dippers that I think it is my duty to tell others about it. I have not made as much money as some I read about, but I never make less than $3, and often $5 a day; the dipper can be used as a fruit jar filler; a plain dipper; a fine strainer; a tunnel; a sick room warming pan, and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house, as it is so cheap. You can get a sample by sending, as I did, 18 two-cent stamps to pay postage, etc., to W. H. Baird & Co., Station A, Pittsburgh, Pa., and they will mail you a dipper, and you can go right to work. Anyone can make $3 or $4 a day anywhere.

Brown Benefit.

A benefit was given Friday evening at Sequim to Jimmy Brown, the young man who was so badly hurt in the mountains last spring. Our readers will recall our description of it, at the time it happened—how he was crushed by a horse falling on him.

It was thought at the time that he had not suffered permanent injury, but his recovery has not been as rapid as might be wished for, in fact, it is so slow as to lead to the gravest conjectures. He has only been able to get around on two crutches ever since the accident.

It has entailed considerable expense, and as he has not been able to do the least bit of work, his many friends conceived the idea of a benefit to assist him in his great trouble.

As is usual with everything that takes on a philanthropic aspect to the good people of the east end, it was a grand success. Angeles also contributed a share in the good work, quite a number attending from here. They all came home reporting a splendid time.

Dancing was the business of the evening and it was kept up until the early hours of the morning. There were 118 persons who paid for supper. Jimmy was present with his violin and his face showed how fully he appreciated the generosity and regard of his numerous friends. The benefit netted him something like $80.

Progressive Hearts.

Mr. and Mrs. H. E. Lutz entertained a number of friends Saturday evening. Progressive hearts occupied the attention of the guests the major part of the evening.

Miss Fuller and Mr. Wurtsbaugh were the lucky first prize winners.

Lieut. Safford favored the company with several songs, which were greatly enjoyed. The whole party then joined in singing college songs, which were sung with a vim that recalled the enthusiasm and vocal capacity of school days.

There was a delightful lack of any stiffness which insured a good time to every one present. Delicious refreshments were served.

There were present: Mrs. White; Misses Fuller, Cook, Crooks, Lou Crooks, Lutz; Messrs. Safford, Spratling, Kearney, Wurtsbaugh, Whitted, Symonds, Wettengell and Chas. Cotton.

TREASURER'S NOTICE.

The Treasurer of Clallam county will pay on presentation at his office in Port Angeles, Clallam County, Wash., the following warrants, and all of prior issue on said funds:

SALARY FUND.

Warrant, No. 203, issued June 1st, 1896.

ROAD DISTRICTS.

Dist. 18—Warrant, No. 595, issued Apr. 16, 1894
Dist. 21—Warrant, No. 421, issued Mar. 6, 1894
Dist. 23—Warrant No. 372, issued Jan. 18 1894

No interest will be allowed after Sept. 11th, 1896.

A. B. DORSEY,
Treasurer Clallam County, Wash.

Bennington Social.

The sailors forming the crew of the U. S. S. Bennington gave a social and dance at Norden hall last Saturday night. The sailors displayed their usual generous spirit, as everything was free.

There was a very large crowd present, in fact, it was almost too large for comfort. The sailors are to be congratulated on the success of their entertainment. There was no hitch or trouble of any kind and everything went as merry as a marriage bell.

The hall was prettily decorated for the occasion and the sailor lads strove in every way to make it pleasant for visitors. The dancing was kept up until a late hour.

Bethel Not to Blame.

The Bethel people wish to state, through the columns of your fair and valuable paper, that there is no truth whatever, in the statement made by some malicious persons to the effect that there had been complaints made by them to the admiral and in consequence the Saturday night liberty of sailors had been cut down to 10 o'clock.

The real culprits seek to throw the blame on the Bethel. It is a very transparent game and don't deceive the blue jackets worth a cent. Jack is a great deal cuter than some folks think he is, and he's all right.

A MEMBER.

Settlers From North Carolina.

William Cox and his brother-in-law, Wm. Young and the latter's family, have moved here from North Carolina. There are nine in the party. Mr. Cox and Mr. Young are shingle men.

Their attention was first directed toward Angeles at the World's fair, on seeing the painting representing our harbor, which led to an investigation of our county and city.

They have taken a house on 7th and Cherry street. Mr. Cox is an old soldier. They are all well pleased with their new home.

If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by J. C. Hansen, Druggist.

How a Woman Paid her Debts.

A lady in Lexington says: "I am out of debt; and thanks to the Dishwasher business. In the past six weeks I have made $530. Every householeeper wants a Dishwasher, and any intelligent person can sell them with big profit to himself. The Dishwasher is lovely, you can wash and dry the family dishes in two minutes, and without wetting your hands. You can get particulars by addressing, The Mound City Dishwasher Co., St. Louis, Mo. There is big money in the business for an agent. I expect to clear $4,000 the coming year. I need the money, why not make it.

Money! Make it Yourself.

I have never seen anything in the papers about the People's Wind Mill; we call it the "People's" because the inventor never patented it, but let everybody use it free. Any farmer can make a mill himself, and all the material complete will not cost over $10. It is a splendid mill, will pump the deepest wells, and will last longer than any mill I ever had. Any person can get diagrams and complete directions free, as I did, by sending 18 two-cent stamps to pay postage, etc., to E. D. Wilson & Co., Allegheny, Pa., Wilson & Co., sell pumps, and when you get your wind mill going would be glad to sell you a pump if you need it. It is certainly useless to pay $50 or $60 for a wind mill, when you can make one just as good for $10. I think there could be big money made putting these mills up through the country as everybody would like them.

SUMMONS.

State of Washington, County of Clallam, ss.
In the Superior Court of Clallam County, State of Washington.

Christina E. Westring, Plaintiff.
vs.
Charles J. Peters, Defendant.

The State of Washington to the said Charles J. Peters, defendant:

YOU ARE HEREBY SUMMONED and required to appear within sixty days after the first publication of this summons, to-wit the 2nd day of September, 1896, and answer the complaint and serve a copy of your answer on the person whose name is subscribed to this summons at the place specified following his said name, and defend the above entitled action in the court aforesaid, and in case of your failure so to do judgment will be rendered against you according to the demand in the complaint filed herein with the clerk of the above named court.

The object of said complaint is to foreclose a certain mortgage, executed by you to the said Christina E. Westring, to secure the sum of three hundred ($300.00) dollars, with 8 per cent. interest thereon from February 2nd, 1895, for $50.00 attorney's fees, as therein provided, and to recover judgment for such deficiency as may occur and costs.

The property involved in this action is lots Nos. 9 and 10, in block 102, in Port Angeles Government Townsite Reserve in aforesaid county.

S. P. CARUSI,
Attorney for Plaintiff.
