CLALLAM DEMOCRACY

Will Meet April 9th to Select Tacoma Delegates.

CENTRAL COMMITTEE COMPLETED.

The Leaders of the Local Democracy Meet and Fill All Vacancies In Their County Committee and Lay Their Plans For Future Conquests—The Apportionment Foots Up a Total of 73 Delegates.

The Democrat County Central Committee met at the office of Chairman H. B. Willson on Tuesday afternoon, pursuant to call issued last week. The attendance was not large on account of the short notice, but enough were present to make a good showing. Chairman Willson presided and in the absence of Secretary Lamoreux, W. L. Marquardt acted as secretary.

On motion of S. Land, April 9th was selected as the date for the county convention for the selection of delegates to the Tacoma convention which will select delegates to the National convention at Chicago. It was, on motion of Dr. Lewis, carried that primaries should be held on the 7th of April.

The representation of the different precincts in the convention was fixed at one delegate at large, and one for each fraction thereof of five votes or over cast for Hon. B. F. Heuston, Democratic candidate for congress in 1894. This was in accordance with a motion made by D. P. Quinn.

F. S. Mackintosh, having removed from Gettysburg, tendered his resignation as a member of the County Central Committee for that precinct. His resignation was accepted and Thomas Gould was selected to fill the vacancy. Other vacancies caused by removal and death were filled, so as the committee now stands it is filled with the following named gentlemen:

Whist Party.

Mr. and Mrs. J. A. Wilson gave a delightful progressive whist party Tuesday evening, interspersed with music and songs. There were four tables and much good natured rivalry among the players as to who should carry off the prize. When the time for counting beans came it was found that Mr. J. A. Wilson had the largest number and Mr. Otto Shields the least. The first prize was a beautiful booklet with a poem, illustrated and embellished by the exquisite art of the latter day engraver. The booby prize was a comical paper skeleton carrying a dainty little Chinese umbrella and went to Mr. Shields.

There was much playful badinage over the fact that both prizes remained in the family of the hostess and a certian young lady darkly hinted that it was all set up, but that she was consoled by the thought that it might call out a repetition of a very enjoyable evening. We won't mention the young lady's name, for she has not much love for us any way.

A delicious luncheon was served about midnight.

There were present: Mr. and Mrs. J. A. Wilson, Mr. and Mrs. Marquardt, Mr. and Mrs. J. W. Troy, Mr. and Mrs. Otto Shields, Mrs. Edna Lewis, Miss Ferguson, Mr. Sidney Bradley and Mr. Horace White.

Buchholz Supper.

Proprietor Buchholz, of the City hotel, gave an elaborate supper last Friday evening to the gentlemen who assisted him at the recent opening of his hotel in the capacity of Reception and Floor Committees. The invitations read that each gentleman was expected to bring his wife or sweetheart and they strictly obeyed the injunction to a man. The supper was a sumptuous affair, and was thoroughly enjoyed by the guests. There were toasts, songs and stories, flashes of wit and repartee and jollity without end.

There were present: Mr. and Mrs. R. C. Wilson, Mr. and Mrs. W. L. Marquardt, Mr. and Mr. W. E. Burnside, Mr. and Mrs. A. L. Johnson, Mr. and Mrs. L. Williams, Miss Love, Miss Helen Love, Miss McDonald, Miss Ferguson, Miss Thompson, Mr. T. T. Aldwell, Mr. H. M. Fisher, Mr. F. S. Mackintosh, Mr. R. A. Grimes, Mr. Hiram Love.

Tooth brushes can now be had from 10 to 15 cents at J. C. Hansen's drug store.

RICHARDSON'S SETBACK

The Court Refuses to Allow His Demurrer.

A NEW TRIAL IN CLUMP BOND CASE.

Judge Ballinger Reverses His First Ruling That the Case Was Properly Brought and Now says that Marquardt's Point, That the Consent of the Court Was Necessary, Is the Law In the Case, Orders New Trial.

The case of Wiley vs. Richardson is one step nearer the supreme court. It is rather a halting step for the defendant, but a step just the same.

Perry Wiley, the complainant, owned a salary warrant for $33 and he asked the superior court for a writ of mandamus to compel A. A. Richardson, as county clerk, to pay to the county treasurer the sum of $1,273.83, which was moneys collected by the county clerk as fees for taking final proofs in connection with the Port Angeles reserve. The complaint alleges that such fees were collected and that there was a contract with the county commissioners authorizing him to retain one-half of the fees.

A demurrer was entered by Richardson based upon the ground, first, that the contract with the commissioners was valid, and second, that, as the law did not compel him to perform the work, he had a right to retain the fees.

The plaintiff contended that the law required the clerk to pay over all fees to the county treasurer, that it is the duty of the county clerk or any officer to work for the best interest of the county and that having taken these final proofs, it was his duty to turn them into the county treasury.

The Judge has had the matter under consideration and makes an order refusing to allow the demurrer on the ground of insufficiency. He granted an exception and allowed the defendent twenty days in which to make answer. Under the ruling of the court, if the facts are true, Mr. Richardson will be required to pay over the money to the county.

There is no doubt, however, that the case will have to be passed upon by the supreme court as the county clerk is determined to fight it to the bitter end.

Bondsmen's New Trial.

The somewhat famous case of Clallam county against the bondsmen of the ex-County Treasurer Clump will have to be tried over again.

During the recent trial of the case before Judge Ballinger Attorney Marquardt, on behalf of defendants, submitted a motion which called on the court to compel the plaintiff to show on what authority the suit had been instituted.

He made the point that the law requires the consent of the court before such suits could be started and in this case no such leave had ever been secured, but that the prosecuting attorney had brought it on his own motion.

Judge Ballinger at that time ruled that the suit was brought in the proper manner and by the proper official and allowed the case to proceed.

However, Mr. Marquardt was satisfied that he had a fighting chance to make his point stick, although all the lawyers on both sides agreed with the ruling of the court.

Mr. Marquardt saved the point, however, by incorporating it among others in asking for a new trial and after several week's deliberation Judge Ballinger grants the petition for a new trial solely and singly on this point.

The effect of the judge's order is to throw the case back into the superior court and the costs the former trial will have to be paid by the county, which are in the neighborhood of $1,200. It is not likely that the costs of another trial would be much less, and it is rather doubtful if the county commissioners will give their sanction to any further expenditure in the case.

The most the county could secure even if it secured a judgment would be about $3,600 and they will not likely run the risk of paying out more money in the hopes of securing such an amount.

Memorial Address.

Judge J. N. Scott, of Port Townsend, Past Departmet Commander of Washington and Alaska, G. A. R. has accepted an invitation from Pacific Post, Port Angeles, to deliver the Memorial day address on Saturday, May 30th, 1896.

The old soldiers will also hold a camp fire during the evening of the day.

He's Here to Stay.

Mr. J. H. Knight, who moved here from Baldwin, Iowa, with his family and a number of others, made the DEMOCRAT-LEADER a pleasant call this week.

Mr. Knight is of that type of sturdy intelligent farmers who are a credit to any section and who do so much to build up a country on a solid, enduring basis. He has already purchased forty acres of Mr. Jacobs in section 27, range 5, and will start in at once to cultivate it. He does not want to waste any time for he realizes the sooner he gets crops to growing and trees to bearing, the sooner will his income begin to flow in. He is not the least sorry he left Iowa for Washington. On the contrary, he is glad he had the courage to make the change, as he finds everything here better than he looked for.

In the course of the conversation, Mr. Knight's attention was called to a colony of 1,500 Dunkards that has just located in North Dakota and this led Mr. Knight to make known that he had a great many friends among that denomination and he thought he might induce many of them to locate here in Clallam county.

From the tenor of his remarks we were led to suspect that he was closely allied to that organization, and while his modesty would not allow him to assert it, we believe he could exert a great influence among the Dunkards. He stated that there were a great many of his old friends and neighbors who wanted to move and were only waiting to hear a favorable report from him as to this country and they would pack up at once.

"Well," Mr. Knight, "what are you going to say to them."

"I am going to advise every single one of them, if they can get together a little capital, to come out immediately. I couldn't advise any man to think of settling in this country unless he had enough money to live on for, say, one year at least. In that time I think any one can get any of the land in shape to support a family and after that time he can begin to lay up something. Of course, I mean a man who can and will go out and work. It is no place for a drone. We don't want a man here who can not make a living out of this grand soil. I am more than satisfied and am here to stay. I am willing to do my hard work now, as I feel I shall reap a rich harvest in years to come."

Mr. Knight has promised that he will put himself into communication with his Dunkard acquaintances and will see what can be done toward securing a colony for our county.

Queen's Birthday.

Victorians will celebrate the Queen's birthday this year with unusual splendor. The day happens to fall on Sunday, so the citizens at a general meeting have decided to hold a carnival on the 25th and 26th of May. On the Saturday before the 24th private enterprise will provide other and strong attractions in the line of sports, bicycle races at the Oak Bay track and the professional baseball match between Victoria and Portland at Caledonia park so that the festival will in reality occupy the greater portion of the week. Our good friend R. T. Williams is an active and prominent figure in all the preparations and his Angeles friends will do their share in making the celebration a success.

STILL PEGGING AWAY.

The Association Gets An Encouraging Letter.

DOES THE "MORAL SUPPORT" ACT.

It Was Announced That Col. Coolican Would Arrive at Angeles the First Week In April With a Number of Capitalists, and the Association Decides to Tender Them a Reception on Their Arrival Here.

The Clallam County Immigration Association held its regular weekly meeting last Saturday afternoon at the Board of Trade rooms, with Wm. Banks as chairman.

The secretary read a letter from W. A. Sparks, committeeman of the Beaver precinct, which was placed on file.

The committes on a basket factory and stock raising were granted further time.

The sawmill committee reported that it was still at work and making considerable progress.

Mr. W. L. Marquardt paid his initiation fee and became a member of the association. He made a statement that he had written to a box manufacturer on the subject of establishing a factory at this place.

The secretary read a letter, which had been prepared by the association, to W. J. Doucett, proprietor of the Seattle Box Factory, which outlined at length the advantages and facilties existing here for a successful factory. A motion prevailed that the entire matter be left to Messrs. Marquardt and Carrigan to use their best endeavors to secure such an enterprise for Angeles.

The secretary read the following letter from Col. Coolican:

ST. PAUL, Minn., March 24th, 1896.

Geo. H. Gale, Esq., Secretary Clallam County Immigration Association, Port Angeles, Wash.

DEAR SIR: I sent you by today's mail a couple of packages of our new pamphlet, which I trust will meet with your approval. For the information of the Association I would like to say that we are daily in receipt of communications from all over the United States asking minute details regarding Port Angeles and Clallam county. It keeps us busy night and day answering them. We seldom leave the office before 10 or 11 o'clock at night. This plainly shows that the agents of the Great Northern Railroad are freely circulating the bulletins.

I feel more convinced from day to day that we will succeed in placing a very large number of people in Port Angeles this spring and summer and I think we will be able to keep you as busy at your end as we are kept here. I notice from reports of your meetings, in the newspapers, that the people have taken hold in a true spirit and if it can only be kept up, and each one do what he can for the cause, we will not be long in pushing Port Angeles to the front. "Nothing succeeds like success." We might now say that we are fairly on the road to success and consequently must succeed.

I expect to leave here some time between the 26th and the first of the month and trust to find you all well and happy when I arrive. With regards,

Your very truly,
JAMES S. COOLICAN,
President.

The secretary read a long letter from the promoters of the Polish colony and a motion prevailed that the association invite the gentlemen to meet the members at their next session, Saturday April 4th.

Capt. Morrisey offered a resolution that the association give its moral support to the chamber of commerce in connection with its suit to enjoin the county from issuing any more warrants.

Judge Smith rose to a point of order that the motion should not be entertained as the matter was foreign to the objects of the association.

Capt. Bradley also interposed a strong objection to its consideration on the same grounds, while Messrs. Marquardt and Carrigan thought it was within the province of the association to take cognizance of any such matters and advocated the adoption of the resolution.

The decision of the chair was that the point of order was not well taken for the reason that the object of the association was "to induce home-seekers to settle in Clallam county" and the estopping of the issue of illegal warrants would certainly have a tendency to induce immigrants to settle in our county. The resolution was then put to a vote and carried.

Capt. Bradley offered a resolution of thanks to President Coolican, Major Harding and Mr. Cain, in connection with the Clallam county pamphlets and the resolution was unanimously adopted.

The secretary read a letter from President Coolican, in which he stated that he expected to arrive here about the first week in April with a party of visitors.

Mr. Carrigan suggested that a reception be tendered the colonel and the vistors on the arrival and a motion was put and carried that a committee of ten be appointed to make arrangements to receive them on their arrival.

The chairman stated that he would take a little time in appointing the committee and that the secretary would advise the members of the same when appointed.

Meeting then adjourned.

The board of directors of the Immigration Association held a meeting after the adjournment.

There were present: Messrs. John Bell, M. J. Carrigan, Capt. Bradley and Geo. H. Gale. Mr. Bell was elected chairman and Mr. Gale, secretary.

Mr. Carrigan, was elected vice-president to fill the vacancy caused by the resignation of Frank Chambers, Sr.

William Banks was elected a member of the board of directors in place of M. J. Carrigan, resigned. Wm. Banks, having taken his seat, the board proceeded to audit the accounts of the treasurer. It was found that eighty-two persons had signed the membership roll and that the receipts were $38 and disbursements $28.40, leaving a balance in the treasury of $9.60.

MUST BE FOR FREE SILVER.

The proximity of the Democratic State convention for the selection of delegates to the national convention brings the question of free silver coinage home to the Democratic people of Washington. The Democrats of this state are far enough removed from Wall street to look at this matter dispassionately and from an unselfish standpoint. They should need no argument to show them their plain duty in the premises. Yet it is not out of place at this time to point out some of the evil effects of the demonetization of silver by the Republican party and some reasons why free silver coinage should be the law of the land.

1. The demonetization of silver has advanced the price of money in twenty years more than 100 per cent. That is, it has doubled the purchasing price of gold—the only primary money of the country.

2. Thus more than fifty per cent. of the producing resources of the country has been transferred to the comparitively small class of the people who are fortunate enough to be creditors.

3. In proportion as gold has risen, the purchasing power of money enhanced, the burden of debt and taxation has increased.

4. In proportion as labor, property and producing resources have declined, the capacity of the people to pay their debts and taxes has diminished.

5. The discount of fifty per cent. on silver requires the American farmer and exporter to pay a like bonus to the producers in the silver countries of Asia and South and Central America.

These are some of the consequences of monometalism. At this late day the injuries resulting from the Republican single gold standard cannot be fully effaced, but by the adodtion of free silver coinage, by again getting down to first principles, by treating the common people with the equity they are entitled to in a free country, the continuation of this class robbery can be prevented.

One party in the United States run by the politicians, in the interest of the politicians and those who are ready and able to pay for their special privileges, is enough. The Democratic party has a record, made by ever adhering to the cause of the masses, of which Democrats are justly proud. Jefferson and Jackson and Thurman never had to look beyond the interests of the people. The Democratic party for a decade fought unremittingly for free coinage. Until recently the record of every conspiouous Democrat has been one of opposition to the war waged on the money of the people by John Sherman and his brethren.

Free coinage is a Democratic tenet. Democrats who love their party, who are proud of the history of its battles for freedom and against favoritism, who are Democrats because of the regard of their party for the interests of the common people, cannot afford to-day to permit a few politicians, at the behest of Wall street and North Eastern creditors, to control the organization of the Tacoma convention.

The voice of Washington at Chicago must be for free silver coinage.

THE COUNTY CONVENTION.

Every Democrat should make it a point to attend the primary in his precinct on next Tuesday, and see he is represented in the county convention at Port Angeles next Thursday. The only way for the people of the United States to be represented in the selection of a candidate for President is to attend the primaries.

It is well known that there is an organized effort being made by a certain class of alleged Democrats to commit the Democratic party to the Republican gold standard policy. THE DEMOCRAT-LEADER does not believe the Democrats of the United States are in favor of monometalism; it believes the Democrats of Clallam County are in favor of free silver coinage. If they are to have their voice in the premises, if they desire to thwart the deep laid schemes of those who are being benefited by the Republican financial policy that has been so ruinous to their interests, the people must attend the primaries and instruct delegations to the county convention to support free silver.

The time given the people is short. There are reasons to believe that it was so arranged purposely that the few could control. This is all the more reason why the people should be more vigilant. The question as to what the policy of the next administration on this momentous question shall be is of vital concern to the people. Every citizen should have sufficient regard for his own interest and that of his fellows to take the time necessary to get out a good and healthy representation at the primaries, and delegates should be found who will make it a point to attend the county convention if possible. They should hold their primaries and send in their instructions, anyhow, but they should attend the convention if possible.

Let the Clallam county convention be a full one, and let its voice be certain.

IT was hoped that the Supreme court would indicate a plan for counties which are over the limit of indebtedness to provide for the expense of government. However, they have thus far succeeded in dodging the issue whenever it is presented. Under the circumstances, the action of the Chamber of Commerce in endeavoring to prevent the county commissioners from contracting any more indebtedness or issuing any more warrants is probably the best course to pursue in order to get a ruling on the matter

IN a letter to THE DEMOCRAT-LEADER from Carterville, Mo., Mr. Lafayette Henderson, formerly of this city, says that "every man, woman and child here is for free coinage of silver. They say 'we must have it.' "

THE Seattle Telegraph, the new Democratic paper published on the co-operative plan at Seattle, is a bright and newsy paper. Its tone is good and it deserves success.

Get Keller's spraying liquid and kill the insects on your fruit trees.

HISTORY REPEATS ITSELF.

At a time when less than one-fortieth of the people of Hawaii by intrigue and American connivance gained the upper hand of a government whose rule was as an Altruia as compared with the Spanish government in Cuba, the voice of a Republican press and stump, led by Hale, Hoar and other New England statesmen, was raised in behalf of "liberty" and against monarchy. Yet these same men are to-day the defenders of tyranny as incarnated in the person of Captain General Weyler. The recent record of the Republican party as compared with the record of the Federalist party in defending England in her assumed right to seize American merchant ships and impress American seamen, and with that of the Whig party in defending the position of Mexico in opposing American annexation of Texas after maintaining self government for nearly ten years, is evidence that history repeats itself.

The Democratic party to-day, as in the past, represents the real, progressive American idea.

STREET IMPROVEMENT.

The movement to organize the city into street improvement districts is a good one and should receive substantial encouragement. The beautifying of cities is an object that is receiving great attention in other portions of the country, and the improvement of the streets is something that should precede even the beautifying of lots. Work done on the streets is money invested in the improvement of property that will at once add to its value. More property would be sold to visitors in Port Angeles if the streets were in better condition. Property owners should assist in every way possible to advance the proposed plans. The impetus already given to the plan offered by the Immigration Association, by the interest manifested by the property owners, leads us to hope that it will result in much good to the city.

The city council should give this matter the consideration it deserves.

THE Republican congressmen have made the most of the Bayard annihilating resolutions as an opportunity to deliver high tariff orations. Their claim, however, that the recent elections have been an endorsement of a high tariff is nonsense. Everyone knows that the failure of Democrats to give the people a low tariff, the money question and hard times defeated the Democrats. The elections have simply been a rebuke to the Democrats, and cannot in any way be magnified into a protection victory.

THE Republican Congress has been in session four months and the only remedy offered for the alleviating of the ills suffering by the body politic has been a bill passed by Reed's branch of the national legislature to increase taxes. This lead one to wonder what is to be gained by putting the Republican party in control of the government.

MEMBERS of the county central committee should see that primaries are called for the selection of delegates to the county convention and every effort possible should be used to see that voters are notified of the same.

IT LOOKS FAVORABLE.

The Washington Star, in a long article on the contest on the financial question now on in the Democratic party, concludes that the free silver coinage forces will have an hundred majority at the Chicago convention. This seems to be about the status of the fight. If the Democrats of the country are fully and properly represented in the convention, the majority will be larger than this. However, the gold forces are in and the "ins" always have a certain advantage, and this might keep the majority for the people down to about the Washington Star's estimate.

THE two great nations of English speaking people, of boasted valor and civilization, are to-day doing much to forfeit their claim to the position at the head of the procession of nations. England's duty to civilization demands that she should subdue the unspeakable Turk with no greater force than America's duty to liberty demands that we should intercede in behalf of Cuban freedom.

LOCAL PARAGRAPHS.

The Albany hotel has been subjected to the house cleaning process this week.

William Ellis and Miss Clara Crable were united in marriage Friday of last week.

Steamer Evangel did not make her regular trip to Victoria yesterday owing to the heavy wind blowing up the Straits.

Attorney Marquardt has been grading his lot on the bluff. He will have a very snug and sightly home when he gets through.

Everett has been selected as the plac of holding the Republican state convention and the time has been fixed for the 14th of May.

The steamer Evangel on her last two trips to Victoria took about 400,000 shingles. She has been averaging about 100,000 shingles to a trip.

Albert Goldwater has moved his tailoring establishment to the building east of Lincoln street. His new quarters are finished up in fine style.

E. A. FitzHenry is preparing specifications for a bridge over the Solduck, which will be submitted to the county commissioners at their meeting this month.

Sunday evening at the Baptist church will be devoted entirely to a song service. The church boasts of some of the best singers in the city and this service will be especially fine.

Indian Bob's little son died last Tuesday. He was a bright little fellow and had been attending the public schools for some time. Old Bob was completely wrapped up in the boy and his grief is inconsolable.

Alonzo Hunt has purchased forty acres of Henry Maguire, the land being part of Mr. Maguire's original homestead claim adjoining the Meagher tract. Mr. Hunt will begin clearing it up at once for the purpose of setting out a prune orchard

The steam schooner W. H. Harrison from Portland, Capt. Latham, dropped into port last evening. She is after the boilers and machinery saved from the fire that destroyed the Dry Creek Mill and which were purchased by the National Packing Company.

What funny things we hear sometimes in a print shop, especially when a delinquent tax list being set up. We happened to drop into the composing room of the DEMOCRAT-LEADER the other day and heard a young lady pleading in a most distracted way for "three embraces."

Attorney Marquardt evidently forgot that Wednesday was April Fool's day. He saw a large, handsome book lying in front of Wilson & Fisher's office and made a frantic effort to lift it up. The joke dawned on him as he discovered the spike that held it to the walk and heard the roar of laughter rolling along the street for about two blocks. He swears he will get even.

The schooner Geo. W. Préscott, bound for Cook's Inlet, was weatherbound in Port Angeles harbor over Sunday. She had 30,000 feet of lumber and some general merchandise. There were also four passengers with mining outfits.

A. L. Johnson, while at Seattle, was told by Mr. Thaggard, proprietor of the hotel Northern, that Col. Coolican had sent a telegraphic order to the hotel to reserve fifteen rooms for his party of capitalists that are on their way to Port Angeles.

Messrs. Seevers and Bohall have gone into partnership and bought out the flour and feed business of J. W. Stewart & Co. They are both well-known and and popular citizens and good business men and we predict success to the new firm.

J. M. Schmitt, a most comfortable looking Tueton from Chicago, has been spending several days in Angeles. He is in business in Chicago, but has been dealing a little in Clallam county property. He has sold considerable Port Angeles reality for parties here and he thought it would be better to come out and see the place himself and could then know better what he was talking about. Mr. Dippold has been showing him around and he is greatly pleased with the place and is glad he came out.

A house belonging to County Clerk Richardson, at 7th and Albert streets, was totally destroyed by fire Friday afternoon. It was occupied by August Katoll and his family. They do not know how the fire originated. The entire upper portion was ablaze when discovered, and the strong wind blowing at the time soon wrapped the whole structure in flames. Mr. Richardson loses $350, as there was no insurance. The occupants saved some of the furniture in the lower part of the house, but lost all their clothing except what they had on.

Charles Snyder was on trial Monday before Justice of the Peace O'Brien at East Clallam on the charge of rape, the alleged victim being Miss Edith Last. The suit was brought by the father of the girl. Geo. C. Hatch was employed by Mr. Last to assist Prosecuting Attorney Stewart in the case. Snyder was acquitted of the charge, as it was proven that the girl had attained the age of consent. It is quite likely that Snyder will be arrested on the charge of seduction, as the father is determined to break up the intimacy of the couple.

Sad Accident.

Among the passengers on the Garland Tuesday morning was Loring Chase, who was almost killed at Gettysburg, last Monday.

Chase was employed in the Hall Logging camp in the capacity of teamster. At the time of the accident he was driving a six-horse team with a load of logs and they became frightened and getting beyond Chase's control began to tear along the narrow road. They came to a bend and Chase saw that the whole outfit was going over the bank into the gulch, but he heroically held his post and tried to guide the horses safely along the road. His efforts were not successful and horses, wagon, logs and man went over with a terrible crash.

Chase was caught between two logs and his right leg was crushed to a pulp. The portion below the knee was literally ground off and above the knee the bone was kroken in several places and the flesh was cruelly lacerated.

There was no doctor in the neighborhood, but kind and willing hands did what they could to bind up the mangled limb and to alleviate his pain, but unfortunately there were no anaesthetics at hand and Chase had to endure the excruciating pain until he reached Port Angeles Tuesday morning. He was somewhat relieved here by an injection and proceeded to Port Townsend, where the limb will be amputated. It will be a miracle if he stands the operation.

Chase was a resident of the east part of Clallam county where he own's a ranch. He is about 24 years of age.

City Improvement Association.

A public meeting was held at the board of trade rooms on Tuesday afternoon, March 31, under the call issued by the temporary organization of the City Improvement Association.

There was a good turnout and the feasibility of improving the city by grading streets, bridging gulches, setting street trees and building sidewalks, by voluntary work and contributions was thoroughly discussed for two hours by those present.

Great interest was manifested in the subject and the idea that now, is a good time to go on with the work as without doubt, it can be done as cheap or cheaper now than at any other time later on, was well shown up, and the following resolutions were carried unanimously.

Resolved, That the City Improvement Association issue a call for a public meeting to be held at the board of trade rooms on Saturday afternoon, April 4th, 1896, at 3 o'clock p. m., for the purpose of effecting a permanent organization.

Resolved, That the secretary be requested to extend a formal invitation to the mayor and members of the city council, the city attorney and the city engineer to attend the meeting.

Public Meeting.

A public meeting will be held at the Board of Trade rooms on Saturday afternoon, April 4th, 1896 at 3 o'clock. for the purpose of effecting a permanent organization of the City Improvement Association.

An earnest invitation to attend this meeting, is extended to the mayor and the members of the city council, the city officers and every citizen of Port Angeles who believes in the future of the city, who wants to build up the city and who wants to keep out of debt in so doing. Ladies come, everybody come, we are all interested in this thing.

County Commissioner.

This end of the county probably has not got much to say about who should be appointed to the vacant office of county commissioner from the Port Angeles district, but we believe that if the appointing power does the right thing it should appoint the candidate at the last election from the Port Angeles district who received the next highest number of votes to Mr. Graybill. This method of selection would give the office to Perry Wiley, the Democratic candidate, a man who we understand is in every way capable and worthy of the position It would be an easy solution of the difficulty of making a choice and would be a graceful act on the part of the Republican appointing power to choose a gentleman of opposite political faith, to even things up so to speak, and we do not believe that the fair-minded Republicans of the county would object to it. Let the press of the county speak out and we think it will second our motion to give the vacancy to the next highest candidate from Mr. Graybill's district.—Clallam Bay Record.

CHURCH NOTES.

What the Different Churches of the City are Doing.

FIRST CONGREGATIONAL CHURCH, Corner First and Vine Streets.—Rev. G. W. Nelson, Pastor.

Preaching every Sunday at 11 o'clock, a. m., and at 7:30 p. m. Sunday school at 12 o'clock or immediately after the morning sermon, Young Peoples' Society of Christian Endeavor at 6:30 p. m. Prayer meeting or mid-week meeting on Thursday eve at 7:30.

The Junior Christian Endeavor Society meets at 2:30 p. m. every Saturday.

Those who attended the Congregational church last Sunday were again treated to an excellent sermon. The morning sermon was appropriate for the week before Easter, the subject "Christ Our Sin Bearer" was very ably handled by the pastor. Many deep and interesting thoughts were presented in such a clear yet forcible manner as to be food for the believing soul and unanswerable argument for the skeptic. The fact of it being a very stormy day did not deter the children of all ages from attending the Sunday school. Miss Anna Fields took charge of the school in the absence of the superintendent, and it being the last Sunday in the quarter Mr. Nelson was called upon to review the quarter's lessons before the school. Etta Sherman led the Young People's Society of Christian Endeavor and although very young yet she proved herself equal to the occasion.

The evening sermon, "Young People and Their Visions" was very interesting and instructive. The subject for next Sunday morning's sermon is "A Perpetual Easter" and for the evening another song service will be held, and something good may be expected from the choir. We venture to say that all who can attend will be amply repaid for coming out.

The Ladies' Aid Society have promised a jolly good time and lots of good things next Monday evening at the church and only ten cents will be for admission.

Easter Carol Service.

Easter will be appropriately observed at the Congregational church on Sabbath April 5th.

In the morning the pastor will preach on the subject, "A Perpetual Easter," and Easter music will be rendered by the choir.

In the evening there will be an Easter Carol Service, consisting of congregational singing and anthems, trios, duets and solos by the choir, with a short address by the pastor. Come all and enjoy these services.

An Angeles Woman Insane.

The steamer Garland from Port Angeles this morning brought as a passenger Deputy Sheriff Burnside, having in charge Mrs. Lease, an unfortunate woman of that place whose mind has entirely gone. Her hallucination is that the officers in Port Angeles are imprisoning persons and allowing them to starve to death. It is surmised that the commitment resulted from the erroneous idea that people in Angeles had to be imprisoned before they starved to death. —Port Townsend Call.

We notice the poor woman didn't stop long at Townsend. She was sane enough to know she would starve to death if she were left in that village, which lies on the Straits to the south of Coupville.

We surmise she got a glimpse of the wan, hungry faces that line the Townsend wharf to watch the Angeles steamers go by crowded with settlers for Clallam county and turned away with horror at the spectacle.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Immigration Association.

The Clallam County Immigration Association is doing a most commendable work in trying to get a sawmill and some other productive industries established in this county. The fact is there is no use bringing in new settlers unless revenue producing industries are brought in also. It is a poor policy to try to fill the county up with poor families for the sake of getting immigration and some of these days citizens will be crying out against it. Get industries into the country and the immigration will come along without any coaxing.—Clallam Bay Record.

Not to be Trifled With.

(From Cincinnati Gazette.)

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are today countless invalids who can trace their complaints to "colds," which at the time of occurance gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by J. C. Hansen, druggist.

DO YOU WANT $100?

If so Here is a Chance to Make it in the Pleasantest Way in the World.

The great prize story, for which the Chicago Record paid $10,000, and publication of which will begin in that paper on Monday, March 23, will also be printed in the daily and weekly Tacoma Ledger. It is written by Harry Stillwell Edwards, of Macon, Ga., and is a story of the old and new south. It is a story of mystery. After all but the last chapter is printed a week will be allowed for readers to guess how the story will end, and the Ledger offers $100 in cash to the reader who shall accurately guess how it ends. If nobody makes an accurate guess the $100 will be divided among the six persons making the most accurate guesses. Here is a chance for everybody to make money easy by reading a mighty good story. The price of the Daily Ledger is 75 cents a month, and of the weekly $1 per year. The DEMOCRAT-LEADER and Weekly Ledger for only $2 per year.
