WHEREAS. The principal issue which at this time engages the attention of the American people in which these principles are involved in the financial question, and

Resolved, That the delegates, elected by this convention to the state convention at Tacoma are instructed to vote as a unit on all questions, and to vote on every question in favor of the unlimited coinage of silver and to urge by all honorable means the selection of free silver men to represent this state in the National convention, pledged to vote as a unit for the free coinage of silver.

In taking the chair, Mr. Marquardt made a speech which was well received. The delegation selected is an especially strong one and Clallam county will have no cause to blush for its representatives in the state convention.

The delegation will present the name of Thomas Malony to the convention as a delegate to the national convention at Chicago and it is quite likely that he will secure the coveted honor.

County Fair.

During the meeting of the Horticultural Society last Saturday, Mr. Carrigan suggested that each member should be turning his thoughts to the next county fair; that everyone in the county should lay plans to raise something especially for exhibition and that strong efforts be put forth to make the display of farm fruits a stunner.

It was a timely suggestion and our people ought to get to work and insure the "best show on earth."

Horses and cattle must have some condition powder in the springtime. Alterative condition powder cleans the blood, kills the worms and acts on the kidneys. 25 cents a package or 3 for 50 cents at J. C. Hansen's drug store.

AN INDUSTRIAL MEETING

Horticutural, City Improvements—Immigration News.

CITY IMPROVEMENTS CHIEFEST.

Details Are Arranged For the Organization of the City Improvement Society, By the Election of Officers and the Appointment of a Committee to Outline a Plan of Operation.

The Clallam County Horticultural Society held its monthly meeting last Saturday afternoon at the Board of Trade rooms. Owing to the fact that there were two other meetings during the afternoon the session was short, but interesting.

The time was employed mainly in a discussion on the subject of fertilizers.

Messrs. Morrisey, Fuller and Marquardt paid their little fee and became members of the society.

J. M. Jordan and T. H. Carter were selected to make reports to the state weather observer at Seattle.

The society then adjourned.

Upon the adjournment of the Horticultural Society the meeting resolved itself into a body to consider the question of street improvements.

George Venable Smith took the chair and announced that this was the third meeting held to consider the proposition of securing relief from the miserable state of the streets that disfigure our city. At the last meeting he had outlined his plan by which he thought they could be improved without the formality of letting out contracts—namely by voluntary contribution of labor and money.

The purpose of the present meeting was to elect permanent officers and to adopt measures looking to effective and systematic operations.

The meeting got down to work at once and elected the following officers: President, G. V. Smith: secretary, William Banks; treasurer, Captain T. H. Bradley.

Mr. Carrigan suggested that as it was essential that the city council co-operate with the association in order that everything done should be by its sanction and assistance that it would be the proper thing to make each member of it a vice-president of the association. The idea was acted upon and the vice-presidents elected are as follows:

At large, P. W. Gallup.
First Ward, J. W. Stewart.
Second ward, D. P. Quinn.
Third ward, F. O. Lamoreux.
Fourth ward, George Sherman.
Fifth ward, Donald Munro.
Sixth ward, J. C. Davis.

It was then moved that trustees to the number of eight be selected, one from each ward and the other two to be the mayor and city attorney. The motion prevailed and the following gentlemen were elected as trustees:

First ward, Capt. W. S. Morrisey.
Second ward, Charles Gilmur.
Third ward, J. P. Chapin.
Fourth ward, J. M. Jordan.
Fifth ward, Judge J. G. McClinton.
Sixth ward, Alonzo Hunt.
Mayor S. L. Myers.
City Attorney W. L. Marquardt.

On motion of Mr. Marquardt the officers and trustees, sitting together, were empowered to draft a constitution and a set of by-laws.

Attorney Marquardt was then called upon to state the legal status of such an undertaking, and he took the floor and explained the method which would have to be followed. He stated as a general principle of law that where a man does good there is no law to prevent it and the question to be decided was whether doing such good would inure to our benefit. He did not think anyone would question the benefit to be derived by such improvements; that property values would be enhanced to double their present status and that, therefore, the only point to determine was the manner in which such work could be done so that it would have a full legal standing. This could easily be done through the sanction and approval of the city council and done in such a way that non-resident property owners could be made to pay their share of expense. The streets could be divided up into assessment districts and the work done in small sections, thus avoiding the provision of the law requiring work amounting to more than $500 to be let by contract.

The city council could grant payment of this work to be made in labor or money and thus each property owner could do his own work if he so elected and the cost of improving property of non-residents could be made a lien against such property and the owners could be compelled by law to pay up or lose their property.

As to the style, grades and extent of improvements, that could be left to the discretion of the property owners. The city council would unquestionably allow any grade to be established that might be desired and the extent of improvements would be limited only to the point of not injuring private property.

Mr. Marquardt's talk did much to confirm the feasibility of the undertaking, as it became clear that all that was necessary was hearty co-operation on the part of the people themselves and the work could be accomplished.

On motion of Mr. Carrigan a committee of five, consisting of Messrs. Smith, Marquardt, Morrisey, Bradley and Banks, was appointed to draw up and submit plans by which the proposed work could be carried on, to report at next meeting.

Messrs. Jewett, Fuller and Hunt were appointed a committee to wait upon the city council and ask it to designate a [illegible] of the city.

[illegible] to meet next Saturday at 3 o'clock p. m.

Scene third of this busy afternoon's act opened up with "Immigration."

The players have been rehearsing for some weeks and it didn't take them long to get down to solid work with Mr. M. J Carrigan in the chair as director in general.

On motion of Capt. Morrisey the minutes of the previous meeting was omitted.

Capt. Bradley made a report on the part of the directors as to the work in auditing the books of Treasurer John Bell. The same were found to be correct, with a balance on hand of $8.40 to the credit of the association.

Capt. Bradley also stated the directors had constituted themselves a committee on membership and they were going to try and swell the list of members until it should include the whole population.

The report was accepted and a vote of thanks tendered the directors for their labors in behalf of the association.

Mr. Wm. Banks, chairman of the basket-factory committee made a report of its investigations. The committee has been corresponding with men in this business both in the east and in this state and as a result it has found that to put up a first-class plant to manufacture fruit packages and baskets would involve an expenditure of about $6,800. Such an enterprise would give employment to about thirty persons.

Clallam county possesses all the natural resources for the manufacture of such articles. Spruce and cottonwood abound in certain portions of the county and the committee was convinced that such an enterprise would be a very profitable investment.

Mr. Banks also read the report prepared at the request of Col. Coolican relative to the business of raising and shipping of sheep.

Mr. Carrigan called attention to the custom of undervaluation in weight and value on such shipments by customs officials and commission men and that this fact should always be borne in mind in quoting prices.

The committee was given a vote of thanks and discharged.

Mr. Carrigan then invited those pres-

WEST END RAILROAD.

The Quillayute People Will Try Their Hand at It.

FROM CLALLAM BAY TO LAPUSH.

A Proposition to Be Submitted By Capitalists Who Agree to construct the Road If the Settlers Will Raise a Bonus of Seventy-five Thousand Acres of Land.

The people of Clallam county are just now somewhat worked up over the prospect of a railroad. We have noticed several posters, signed by Michael Earles and D. Kellogg calling a meeting at East Clallam to consider a proposition from some capitalists which if accepted will insure a railroad through the Quillayute valley from Clallam Bay to Lapush. The Beaver Leader in its issue of the 3rd contained an editorial on the subject, a portion of which we reproduce below:

"A party of New York capitalists are expected to arrive in East Clallam soon and they will submit a proposition to the people of this end of the county which, if accepted, will guarantee the construction of a railroad, thus opening a market for our timber and farm produce.

The proposition which will be submitted to the people will be in substance as follows: If the settlers and business men of the West End will raise a subsidy of perhaps twenty-five thousand acres of land, the company will agree to construct, equip, operate and maintain a railroad from East Clallam to the mouth of the Quillayute river. The subsidy is not to be turned over to the company until the road is completed and the rolling stock on and in operation. This proviso relieves the settler from any and all risk, for the land remains his own property until the completion of the road. It is all to gain and nothing to lose. When the road is completed and in operation everyone who has subscribed to the bonus will be glad to give up the land thus subscribed.

The reason for intersecting the Quillayute river at or near its mouth, is to be able to handle all logs driven down the Bogachiel, Calawa, Solduck and Dickey rivers, thus draining the entire west end of Clallam county. It is estimated by competent and conservative authority that there would thus be tributary to East Clallam between thirty and thirty-five billion feet of merchantable timber. There would probably be a sawmill or two built at Lapush and a great deal of the timber sent out would be in the shape of lumber.

Not only would the lumbering interests spring into existence in this valley, but other enterprises would receive a stimulus. Farmers would reap a golden harvest within the next few years. The demand for farm produce would greatly exceed the supply and prices would therefore be stiff. The farmers who have been putting in their leisure time during the past three years of financial depression will, to use a Democrat's phrase, be in clover. Dairying would become lucrative business and stock-raising would flourish.

If the company submits a fair proposition to the people and is able to back it up and build the road if we raise the required subsidy, it behooves each and every one in the West End to get in and drill. Every effort should be made to raise the bonus. The West End is rapidly becoming depopulated owing to the tardy development of the country. With no market at all for our timber product and comparatively no sale for our farm produce; with no demand for labor and with a very limited amount of money in circulation, it becomes necessary for the settlers to remove from the valley as soon as they are able to make final proof on their claims. This unfortunate state of affairs will undergo a change with the construction of a railroad. At the first whistle of the locomotive the people will begin to return, and not only will those return who have left this country, but others will flock to the West End seeking investment and homesteads. Enterprises of all kinds will be started and the West End of Clallam county will blossom as the rose.

It will be taken for granted that the road will ultimately be extended through to Gray's harbor and intersect the Northern Pacific at Aberdeen. But this may not occur for several years, for the passenger and freight traffic would hardly pay the company to extend it at the present time. The principal revenue to the company will be derived from the handling of logs and lumber, and a road to the Quillayute will furnish them business for several years; and we can get along very nicely with a road from Clallam to the mouth of the river.

We shall, of course, expect opposition to the road from the people of Port Angeles. But any opposition from up there will carry little weight down here. The settlers in here have been waiting with more or less patience for Port Angeles to fulfill her promises to the people of the West End relative to building a railroad into this section of the country. The people here have said nothing but sawed wood; while the people of Port Angeles have said a great deal but have sawed no wood."

We think the writer hardly justified in expecting opposition from the people of Port Angeles. On the contrary, our people will stand ready to do everything possible to bring about the consumation of the plan. Whatever will benfit the west end of Clallam county will benefit Port Angeles, and we want to see that magnificent domain opened up to the world. The building of such a road as contemplated means the construction of other short lines, and it wouldn't be long before we had a transcontinental connection.

Port Angeles has made an effort to get a railroad and has not succeeded, but it cannot be laid against us that we have not made the effort, even though it didn't pan out. We cannot see the justice of casting a slur against any honest effort in any direction even though it should not be crowned with success. The disgrace lies, rather, against him who makes no effort. We hope our neighbors will not have to repeat our experiences and that they shall realize all their fond expectations. Port Angeles stretches out the hand of fellowship and says, "God speed you in your undertaking."

FOR FREE SILVER.

Considering the short time in which they have had to organize, the silver Democrats in this state have done well in preparing for the State convention which convenes at Tacoma on Tuesday next. The alarm was sounded at once after the call was issued, and if anything was required to show the earnestness of the free silverites in the Democratic party it was found in the enthusiasm with which they responded.

The Jeffersonian Silver League, organized by Olympia Democrats, deserves great credit for the activity it has displayed in arousing Democrats to the duty of the hour. Hon. T. C. Van Epps, the president, and Mr. P. M. Troy, the secretary of that organization, have been in correspondence with prominent people throughout the state, and are receiving encouragement everywhere.

The disposition of the Washington Democrats is most positively against changing the traditional policy of the party from its well-known free silver platform.

A GOOD SELECTION.

In the selection of Perry Wiley to fill the vacancy in the board of county commissioners caused by the resignation of Titus M. Graybill, Mr. Knapman and Mr. Whittier did well. The people of this district gave Mr. Wiley a large vote at the late election for that office, he coming within a few votes of defeating Mr. Graybill. It is probable that no other man in the city would come so near giving general satisfaction as the appointment of Mr. Wiley has done. It is a good selection.

CARNEGIE is afraid that with McKinley as the presidential nominee and the McKinley bill as the platform, Republicans would have difficulty in holding the votes of the labering men in Pennsylvania He is afraid the laboring men have made up their minds that the high tariff affords protection to employers only. He is against McKinley.

THE aggregation of Democrats who met in convention yesterday will dispose of any idea that some people may have that the Clallam Democracy is dead.

WASHINGTON Democrats are for free silver. They must so declare at the Tacoma convention.

THE Post-Intelligencer says that Bayard's economic views were approved in England, which indicates that they are not what we want in this country. Well, the Post-Intelligencer's gold views are approved in England and the same rule would indicate that they are not wanted in this country.

CLALLAM county will vote for free silver in the state convention at Tacoma, and Washington will be for free silver at the national convention at Chicago.

JUDGE McCLINTON WAS RIGHT.

There is no question but that Judge McClinton was correct in his position that he could not legally participate in the selection of a county commissioner. The constitution of the state of Washingtion specifically enumerates the office of county commissioner as being a county office and it also provides that where a vacancy occurs in a county office the vacancy shall be filled by the board of county commissioners. The statute providing that the superior judge shall act with the county commissioners in filling a vacancy is unconstitutional without a doubt.

THE DEMOCRATIC CONVENVION.

The Democratic convention which convened at Port Angeles yesterday was a representative gathering. On account of the short time allowed in which to hold primaries and prepare for the convention a good many of the outlying precincts were not represented, yet there was a good convention. The resolutions were not uncertain in any particular. They demanded free coinage of silver and instructed the delegates to Tacoma to vote in accordance with their declaration. Clallam county Democrats are sound on Democracy.

At the Council.

Council met Wednesday evening, all members present.

The street commissioner stated that he was unable to do much good to Peabody bridge. He had wedged it up as best he could. He thought it should be dug down to hard bottom. He thinks it will do as long as dry weather lasts.

The finance committee stated that the treasurer's report was O. K.; in fact he had more money than the report showed.

The report of L. D. Stewart, manager of the Electric Light plant for March read. It shows receipts $145.05 and disbursements $122.25, leaving a cash balance on hand of $22.80. It was referred to the finance committee.

A petition signed by about eighty ladies of Lincoln Heights was read. They asked the council to grant them a zigzag down C or E streets to the beach.

On motion of Munro one thousand feet of lumber was allowed to construct the zigzag down C street to the cannery.

Stephen Land made a proposition to furnish coffins with box, and team to carry the corpse to the cemetery for children under eight years for $5, for all others for $8. On motion the same was filed.

The following bills were read and referred to finance committee:

Wm. Graham, street commissioner $59.06. G. M. Lauridsen, Groceries for poor $17.00. G. M. Lauridsen, one broom 35 cents. S. H. Brown, coffin for Kragh child $8. A. H. Gould driving Kragh family to cemetery $1.50. W. E. Burnside, hire of labor on Valley street $5.00. Chas. Tillman, burying Kragh child $5. L. H. Smith, repairing city water pipe $3.12. The Irwin, Hodson Co. assessment roll 1895, $12. John Dyke ten ricks wood for city $7.50. Louis Williams attorney for city $25.

O. Mason was granted the privilege of striking his name from the remonstrance against granting T. Mona a liquor license.

The bill of L. Williams for attorney's fees was allowed.

The clerk was authorized to hire a clerk at a sum of not more than $25 to make out assessment roll for 1895.

On motion it was ordered that a liquor license be issued to T. Mona. On motion the bond of T. Mona was approved.

On motion of Stewart the street commissioner was authorized to fix Fourth and Washington streets at a cost not to exceed $25. The street commissioner was allowed $5 to dig ditch on Eunice and Front streets, provided Mr. Gallup finishes the work after that amount has been expended.

The Democrat-Leader.

FRIDAY, APRIL 10, 1896.

LOCAL PARAGRAPHS.

David Burness has put a cover over the walk in front of his place of business.

Jacob Fassel has been appointed postmaster at Shuwah in place of J. P. Austin, resigned.

We are somewhat delayed in getting out edition this week on account of the delinquent tax list.

Street Commissioner Graham has repaired the bad break in the street at the corner of Lincoln and Front streets.

Alex. Clark was found Thursday afternoon lying unconcious on the ground in rear of the Clark building. He had fainted while on his way to the stable and lay on the ground quite a while before being discovered. Alex finds he is not quite so strong as he used to be before the terrible accident of last year.

Instead of cutting off the front of his building, at Laurel and Front streets, which projected into the street, Mr. David Morse decided to move the entire structure back to the line and commense operations last Tuesday. The work is well under way and will remove an unsightly obstruction to the street. Mr. Morse is to be commended for his enterprise.

Last fall when Mrs. R. R. Harding took up her fuchsia plants she trimmed them up and stuck the branches in the ground, more from force of habit than anything else, as she had no idea that such a delicate plant could stand even the mild winters of our section. What was her surprise the other day when she dug them up to find that every branch was alive and sprouting, and in a number of cases there were well defined roots growing. They had had no protection whatever through the whole winter, and, althought it was an unusually severe one for Port Angeles, these delicate slips throve and waxed strong. Verily, our lines are cast in pleasant places.

Thos. Gould, Wm. Gould, Jas. Gould, Jas. Morrisey, Harry Meek, John Ozier, Elias Daw and Thos. McGarry made up a pretty lively company from Gettysburg and Twin Rivers in the city the latter part of last week. They all came to make proof on their claims. They are all employed in the logging camps in their neighborhood and knocked off work long enough to prove up and, incidentally, to show us what a fine looking class of settlers they produce in those parts. The entire party left on Monday's boat for Twin River, where they attended a dance that night at Jones's place.

State Roads.

The county commissioners have had under consideration the proposition of road through Clallam county to Gray's Harbor, as outlined in the DEMOCRAT-LEADER recently in an interview with Mr. Geo. E. Michell.

They have decided to push the matter and have instructed the county surveyor to survey the route and prepare a statement of the estimated expenses of constructing such a road, for use by our representatives in the legislature in their effortsto secure and from the state.

Easter Entertainment.

The Easter entertainment of the Congregational church last Monday evening was a decided success. The church was literally jammed, even the aisles being filled with chairs and many persons standing up in the rear.

A programme of exceptional merit was rendered. It didn't follow strictly the lines of the one announced, but did not suffer any for that.

It consisted of an instrumental piece on the organ by Miss Nettie Beardsley, on the French harp by Mr. Nailor; on the violin by Mrs. Fenn; a duet by Mrs. Mason and Mrs. Troy; violin music Mr. Beardsley; a song by Mr. Ritchie; a recitation by Mrs. A. L. Johnson; violin music by Mr. Isabel and a solo by Mrs. Mason.

It was by all odds the best entertainment Port Angeles has been treated to in a long time and the audience showed its appreciation by demanding a repitition of almost every number of the programme.

The duet of Mrs. Mason and Mrs. Troy and the solo by Mrs. Mason were especially fine, and these two popular singers never appeared to better advantage.

Mr. Geo. Ulmer was called on to tell what he knew about the Rhode Island farmer and put the audience in high good humor by an humorous rambling speech as to what he didn't know about that subject.

After the programme refreshments were served consisting of sandwiches and eggs, with a cup of good coffee.

After this pleasant ordeal had been safely performed, the people were invited to inspect a booth which had been erected in a corner of the church. It contained whole heaps of delicious home-made candy, which could be purchased "at a quite nominal price."

There were also quite a number of pasch eggs cooked and embellished with many quaint conceits, and bearing some loving remembrance of the holy festival celebrated.

The church people were greatly gratified at the success of the entertainment, which netted them $28.70.

Nerves

Are the Messengers of Sense,—the Telegraph System of the human body.

Nerves extend from the brain to every part of the body and reach every organ.

Nerves are like fire—good servants but hard masters.

Nerves are fed by the blood and are therefore like it in character.

Nerves will be weak and exhausted if the blood is thin, pale and impure.

Nerves will surely be strong and steady if the blood is rich, red and vigorous.

Nerves find a true friend in Hood's Sarsaparilla because it makes rich, red blood.

Nerves do their work naturally and well,—the brain is unclouded, there are no neuralgic pains, appetite and digestion are good, when you take

NEWS OF THE COUNTY.

Gleanings From the Press of Western Clallam.

Beaver Leader:

George Loo, of Bogachiel, was at Forks this week on business.

The Odd Fellows of Forks will give a grand "blowout" on the 25th of April.

Farmers have begun to plow their land. The outlook for hops this year is gloomy.

Angeles people are all right with their first-class hotel, but they don't seem to remember that Pete is from the West End.

The county surveyor was down this week to survey the cemetery and to locate a site for the new bridge.

Merrill Whittier is out with a subscription list securing donations of labor to build the bridge at Austin's place. Clallam county is in a bad fix when its county commissioner has to get out with a subscription list to build its bridges. Frank get your injunction ready. County bridge fund $20,000 overdrawn and the county commissioner out begging. I hope the board of trade will look into the matter at its next meeting.

Miss Lutie Pettijohn, of Forks left on Tuesday for Seattle where she will attend school during the coming summer.

Simon S Hartman, of Tunnelton West Va., has been subject to attacks of colic about once a year, and would have to call a doctor and then suffer for about twelve hours as much as some do when they die. He was taken recently just the same as at other times, and concluded to try Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says: "I took one dose of it and it gave me relief in five minutes. That is more than anything else has ever done for me." For sale by J. C. Hansen, Druggist.

CHURCH NOTES.

What Different Churches of the City are Doing.

FIRST CONGREGATIONAL CHURCH, Corner First and Vine Streets.—Rev. G. W. Nelson, Pastor.

Preaching every Sunday at 11 o'clock a. m., and at 7:30 p. m. Sunday school at 12 o'clock or immediately after the morning sermon, Young Peoples' Society of Christian Endeavor at 6:30 p. m. Prayer meeting or mid-week meeting on Thursday eve at 7:30.

The Junior Christian Endeavor Society meets at 2:30 p. m. every Saturday.

Easter Sunday at the Congregational church was observed in a manner long to be remembered by all who were fortunate enough to find a seat. The church was beautifully decorated with flowers, among which were many lillies, beautiful beyond description, typical of purity.

The church was crowded to its utmost capacity both morning and evening and all went away feeling that it was good to be there. The choir being present in full force, favored the congregation with [illegible] which were [illegible] rendered. The sermon on "[illegible] Easter" delivered [illegible] was another of those [illegible] which are coming to be looked for regularly on the corpse-[illegible].

Mrs. Mason, formerly of this city, but now of Seattle, being present favored us with a solo, sung with a clearness and sweetness that held the audience spellbound.

The Sunday school and Young People' Society of Christian Endeavor were well attended and interesting as usual.

In the evening a carol service was held instead of the usual sermon, although a very interesting address was given by the pastor. Again the choir came in for their full share of the service and rendered solos, anthems, etc., in a manner that might do credit to a larger city than Angeles.

On Thursday evening after the usual prayer meeting a business meeting of the members was held and matters of importance to the church were attended to.

We are informed that several new members are to be received into the church next Sunday morning and we [illegible] that all who would like to [illegible] singing and preaching will [illegible] by attending both [illegible].

[illegible] Church, Rev. F. O. Lamereux, Pastor.

Sunday school 10 a. m. each Sunday. [illegible] 11 a. m. Young People's [illegible] p. m., preaching, 7:30 p. m. Prayer meeting, Thursday at 7 p. m. All are cordially invited.

Easter was appropriately observed by the Baptist church. Their place of worship was beautifully decorated for the occasion.

Over the pulpit was thrown a rich velvet banner, hand painted and showing Easter lillies with a back-ground of ferns and evergreens. The effect was especially striking. Around the church were potted plants and blooming flowers, artistically arranged and presenting a most pleasing picture to the eye.

Rev. Lamoreux' sermon at the morning service was a discourse on the legal features of the crucifixion. It was a novel presentation of that great event and showed much originality and power, and was listened to with rapt attention from the beginning by the large number present.

The evening was devoted to carol service. The choir, consisting of Mrs. Mason, Miss Ferguson, Rev. Lamoreux and Mr. Morris Fisher, sang three anthems during the course of the evening and each was a gem in itself. Their singing gave great pleasure.

Mrs. Mason sang two solos, "Calvary and "Not Ashamed of Christ." It was the first time in months that Mrs. Mason had been heard, but she has lost none of her sweetness and skill as a song-bird. It was a rare treat to hear her.

Miss Ferguson and Mr. Fisher sang "Prayer of the Wanderer" in a manner that fully sustained their reputation as popular singers.

The programme was varied by a clarinet solo by Mr. Eckengren.

Rev. Lamoreux sang a solo in his usual grand style and there was also congregational singing, all joining in the the last number, "God be With You Till we Meet."

So it will be seen that it was an evening full of sweet music and holy exultation.

FIRST M. E. CHURCH, First Street Between Vine and Peabody.—Rev. W. H. Wilson, Pastor.

Services every Sabbath morning at 11 o'clock; Sunday school at 10 a. m.; Epworth Leagues services at 6:30 p. m.; evening preaching 7:30 p. m.; prayer meeting every Thursday at 7:30 p. m.

Peter D. Sisson Killed.

It is our sad duty again this week to chronicle another logging camp accident by which the victim, Peter D. Sisson, lost his life. The accident happened at Harding's camp at Twin Rivers. On Friday morning Sisson and a fellow laborer, John Frank, were at work together on a chute which carried logs down to the water for use on the breakwater which is being built. Sisson was in the lower part of the chute while Frank was at the upper end loosening the logs and starting them down.

He had removed the sticks that held one and it was well started before he thought to warn Sisson. He realized the awful danger of the latter and yelled for him to get out, but it was too late. The incline of the chute is quite steep and the log once started went down like lightning. It struck poor Sisson just about the hips and crushed him to a pulp.

He was carried to a house and every means at hand used to relieve his intense suffering.

A telegram was sent to this city for a physician and Dr. McGeorge went down on the noon boat. He landed at Gettysburg and then walked by way of the beach to Twin Rivers. He reached there about 6 o'clock in the evening, but not in time to help Sisson, who died a few minutes after the doctor entered the room.

Sisson's friends say he stood the awful pain with great fortitude, and assured them all that he would pull through all right. He however, asked them to write to his brother who is at Everett. He was about 33 years old, and his family came from Ontario, Canada.

He was universally liked and was as gentle as a child. He never had an ill word to say against anyone and was noted for his unfailing kindness and generosity. His death cast a deep gloom over the camp as everyone felt his death was a personal loss.

He was to have proved up on his claim on the 28st of this month. He has a father and sister living somewhere in Canada, besides the brother at Everett, who has been notified of his death. He was buried at Twin Rivers.

McComb Cleared.

In a recent issue we published a communication exonerating Mr. David McComb from any complicity in the death of his wife. It was signed by a large number of his friends and neighbors, and was accompanied by several affidavits from ladies who had been in attendance, on his wife and knew the family. They were too long for publication, so we made a summary statement to the effect that all bore evidence that Mr. McComb had always treated his wife well. Mrs. Althea Stone, one of the parties, sends us word that our statement did not exactly do her justice, as she really knew nothing about the manner in which Mr. McComb treated his wife.

In order that complete justice may be done all parties we will print Mrs. Stone's affidaffit, which is as follows:

LOST MOUNTAIN, March 12, 1896.

Mrs. Althea Stone deposes and says that she was at David McComb's on the night of her death and helped to prepare the body for burial, and took especial pains to have her neat and clean for burial. I also looked for sores or blisters purported by certain persons or person to have been upon her person, and I emphatically state that there were none upon her at that time. Mrs. Stone also says that the statement in the Leader carries the idea that she states that Mr. McComb was the cause of his wife's death directly. But she says she don't mean that. She means that from reports as to him giving her a bath in her condition, would have a tendency to serious results. I know nothing directly only hearsay. I thought that was the impression the coroner got. I meant it that way. She also says that she saw the box of pills there, but does not have have any knowledge of any being taken or given to her. ALTHEA M. SCONE.

Subscribed and sworn to before me justice of the peace in and for Lost Mountain precinct, State of Washington, this 12th day of March, 1896.

M. W. DUNTEN, Justice.

AN INDUSTRIAL MEETING

Continued From Page One.

ent to inspect some fine photographs of the mountain and grass countries back of Angeles, which had been sent him by Mr. E. Fleming, of Victoria.

Mr. Fleming wrote that he was a member of a party of Victorians who spent several weeks in the mountains and that he took the views while on that trip. Mr. Charley Jones, of this city, acted as guide for them and he was present at the meeting and explained the different views as they were presented. In the course of his remarks he took occasion to add his testimony as to the extent and value of the grass lands in the mountains available for grazing purposes. He had found the best lands for such purpose to be the upper levels, from 3,000 to 6,000 feet above the sea. He did not think the cattle would have to be fed over four months in the year. This land was practically inexhaustible. At the head of the Godkin river he had found one patch of about 3,000 acres without a tree on it.

The slopes between this land and the low valleys was, as a general rule, covered with a growth of rather small trees but with very little undergrowth, so that cattle could easily find their way through it anywhere. He thought that they could be wintered on the bottom lands of the valleys without trouble. He knew that horses had been wintered in Press Valley, and he had just been told by Mr. Anderson, who was just from that section, that there had been but very little snow there this winter. There were at least fifty splendid claims around Frank Jones place alone that could be cleared up with comparatively no trouble at all, and which could be used to grow hay and to winter cattle and which would make splendid farming country in the bargain.

A letter from the secretary of the Polish colony was read, expressing regret that it would be impossible for their committee to meet the association on that day, but requested that a proposition in writing be sent them and that it would receive their careful consideration.

It was decided that the matter be left in abeyance until the representatives could meet with the association and have a general talk on the subject.

Mr. Garrigan exhibited some fine gold quartz, which had been secured in the mountains about thirty miles back of Port Angeles. It is a fine specimen, the native gold being clearly visible to the naked eye. It was found by Mr. Jones and he has turned it over to the association to be assayed.

Meeting then adjourned to meet next Saturday at the usual hour.

LITTLE GEM LAUNDRY.

During the winter of 1893, F. M. Martin of Long Beach, West Va., contracted a severe cold which left him with a Cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grown in favor and popularity. For sale at 25 and 50 cents per bottle by J. C. Hansen, Druggist.
