THE DEMOCRAT-LEADER.

VOL. 7. NO. 20. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, FRIDAY, SEPTEMBER 18, 1896. PRICE FIVE CENTS

A STRONG SILVER FUSION TICKET.

The Democrats and Silver Republicans Agree to Fusion.

PATRIOTISM ABOVE ALL ELSE.

They Do All Within Their Power to Bring About a Complete Fusion, and, Failing, They Fuse Themselves and Nominate an Invincible Ticket—Perfect Harmony Prevails Throughout.

For two days this week there were in session in this city the representatives of the three silver parties. From the beginning of the conventions until the fusionists were defeated finally in the Peoples party convention, the one question was whether or not a union of the forces of reform could be affected.

People who put principle above office; those who were in favor of considering Bryan, the state ticket and the defeat of the Republican machine county ticket before consulting the ambitions of those who wanted office, fought in all the conventions all one day and most of one night for the consummation of fusion.

They were victorious in Democratic and Free Silver Republican conventions, but in the Populist convention they met defeat. There A. A. Richardson, who was a candidate for the nomination for county auditor led the fight against union. That he did it because he felt sure that with fusion he could not find a position on the ticket, is generally believed. It was evident from the start that Democrats and Free Silver Republicans would have nothing to do with him. This opposition was even more bitter amongst a great body of the Populists.

These people felt that the selfish ambition of one man was to defeat the consummation of the popular union which is being made in every western state and every other county in this state. This feeling was intensified when, after defeating fusion with delegates, many of whom, it is claimed, had their expenses paid by Richardson, and after securing Richardson's nomination, the proposition was made by the Richardson people to endorse the Democratic nominee for treasurer.

Richardson proved himself that his contention for the middle of the road was for a selfish purpose, as after receiving the nomination himself, he personally approached the Free Silver Republicans and proposed to give freely of the other offices in return for endorsement of his own candidacy. The Republicans would not consider his proposition for a moment. This play but served to make many Populists mad, and it is safe to say that had the convention been reconvened for another session after the middle of the road ticket had been nominated, Richardson's defeat and a fusion ticket would have been the result by a two-thirds vote.

As it is, most Populists admit that the fight on the county ticket will be one between the union Democratic and Free Silver Republicans and the Republican, with all chances of victory with the fusionists.

THE DEMOCRATIC CONVENTION.

The Democratic convention met on Tuesday morning in the old council chamber. There were 50 or 60 delegates present. H. B. Willson, chairman of the county central committee, called the convention to order and called for nominations for temporary chairman. John W. Troy was nominated by W. L. Marquardt and Donald McInnes placed H. B. Willson in nomination. The vote stood Troy, 36; Willson, 14; absent and not voting, 10.

The report was adopted.

The committee on platform reported as follows:

We, the Democrats of Clallam county in convention assembled do reaffirm our allegiance to those great essential principles of Democracy as promulgated by Thomas Jefferson and exemplified by the Democratic party of the United States from its foundations to the present time, to-wit: Freedom of speech, freedom of the press, freedom of conscience, the preservation of personal rights, the equality of all citizens before the law, and the faithful observance of constitutional limitation.

We most emphatically endorse the declaration of principles adopted by the Democratic National Convention which assembled at Chicago on July 7th, 1896. Especially do we endorse the planks therein referring to financial legislation which we believe to be necessary for the perpetuation of a free government, that is to say, we demand the free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1.

We demand that silver be recognized as money of redemption as well as gold.

We are opposed to the present National banking system and believe that all paper money should be issued direct by the government. We believe that all money, gold, silver or paper, should be full legal tender. We endorse the wise and patriotic action of the Democratic National Convention in selecting as the standard bearer of the Democratic party that matchless, that peerless champion of the people and their cause, William Jennings Bryan, and to him we pledge our united and devoted and enthusiastic support.

We also endorse the action of the Democratic Convention of this state in their endeavor by a union of reform forces to make victory for the unlimited coinage of gold and silver a certainty in the state of Washington.

We denounce the partisan, extravagant and wasteful Republican administration of the State of Washington which has ever stood as a barrier between the people, and relief from oppressive burdens imposed by railroad and other incorporations. We especially denounce Governor McGraw for vetoing the deficiency judgment bill and the Republican legislature for refusing the producers of Washington their demand for a fair and equitable reduction of freight rates.

We demand such legislation as shall enable the counties of this state to fund their existing indebtedness, and that therefore county warrants be receivable at their face value, irrespective of the order of their issue. We further demand that the present and obnoxious salary law be repealed and that county officials be paid in county scrip to the end that all parties performing labor for the county shall be paid in the same kind of warrants, irrespective of the service they render said county.

We demand that a law be passed exempting from taxation a reasonable amount, not less than $500, on the improvements of the home of every citizen. Respectfully submitted,

D. MCINNES,
R. T. SMITH,
A. HENDERSON,
F. S. LEWIS,
D. W. BRYAN.

The report was adopted.

Hiram Love was named assistant secretary by acclamation.

A committee consisting of Benton Embree, A. A. Smith and L. M. Ford, from the Free Silver Republican convention then in session in this city was announced as present who desired to submit a communication looking toward a a uniting of fusion of silver forces.

The committee was enthusiastically received and escorted to seats, who then read the following communication:

PORT ANGELES, Wash., Sept. 15, '96.

To the Democratic Party in County Convention Assembled:

We the Silver Republicans of Clallam in convention assembled, and in the name of the people, the name of bimetallism, which is this year the cause of humanity and the voice of God send greeting.

We ask that you join us in a communication to the convention of the People's party now assembled requesting the appointment of a suitable conference committee to arrange if possible the basis of a union of interests on a county ticket.

Respectfully submitted,

L. M. FORD, Chairman.
J. E. BEAM, Secretary.

On motion the request as suggested was granted and C E Mallette, Amore Myers and Dr Lewis were appointed a committee to confer with the Free Silver Republicans.

Convention then adjourned to 2:25.

The convention was called to order at 2:25 p m by the chair, who suggested that if it was the sense of the convention he would appoint a committee to invite the Hon R W Jennings, then in the city to a seat in the convention.

The committee, consisting of Smith, Seal and Mackintosh, found Mr Jennings at his hotel and escorted him to the convention hall where he was introduced, enthusiastically received and invited to address the convention.

Mr Jennings then spoke for thirty minutes on the issues of the day.

At 3:15 the convention adjourned.

The convention assembled at 4:15 p m.

A committee from the Populist convention reported that their convention was ready to receive any proposition for a union of forces.

On motion a committee was sent to the Populist convention and to the Silver Republican convention to submit to them a proposition to appoint a conference committee of nine members from each convention to arrange a basis for the union of forces.

The Populists having decided to ap-

Marry This Girl, Somebody!

I have been reading in your paper about several men and women that have been very successful selling self-heating flat irons, and I concluded I would see what a girl could do. I have worked 12 days and have sold 151 irons and have 218 dollars left after paying all expenses. Everybody is delighted with the iron and I sell one almost every place I show it, as people think they can't afford to be without one, as they save so much fuel and time and don't burn the clothes. I know I can clear clear five thousand dollars in a year. How is that for a girl?

A GRADUATE.

Splendid, my girl, splendid, you are a true American girl. Anyone can get complete information about the self-heating iron by addressing J. F. CASEY & CO., St. Louis, Mo. It seems to be a winner, as everybody selling it writes in its praise. 3

SILVER REPUBLICANS.

Able Leaders Hold An Harmonious Convention.

THEY FUSE WITH THE DEMOCRATS.

Thirty Delegates, Representing Two Hundred Clallam County Votes, All Formerly Republicans, Meet and Assist in the Nomination of a Strong County Ticket.

The most unique, harmonious and perhaps aggressive of the three conventions was the Silver Republican gathering. It was called for the avowed purpose of securing a three-cornered union for the advancement of the silver cause in the county, and that such an arrangement was not consummated is in no wise the fault of that gathering. The convention was composed of some thirty delegates representing the solid city precincts and about one half of the out-lying voting districts of the county.

Some of the oldest and best known Republicans, who have been familiar and active figures in former Republican conventions, were among the delegates, and they worked with a will, an energy and unselfishness for the purpose for which they came. While they did not succeed in accomplishing what they came for, they got the next best thing, and secured the head of the ticket that was put up by the two-cornered combine.

Mr. L. M. Ford, of Forks, who will lead the silver forces of the county to victory in the legislative fight, was the chairman of the convention.

Mr. J. E. Beam was secretary. Among the active and aggressive workers of the various delegations were such old-line Republicans as Frank Chambers, Sr., Louis Williams, T. H. Bradshaw, Felix Filion, Benton Embree, M. J. Verdue, Richard Fowler, C. E. Gilmur, Charles Beam, L. D. Stewart, W. H. Smythe, Geo. Myers, R. L. Raymond, George Bright, Harry Lamoreux, Frank Long, Thomas Edwards, M. D. Gleason, F. Crosby, H. S. Hansen, M. Miller, A. A. Smith, Geo. Radford, E. J. Hoare, W. D. Parker and N. M. Hawkins.

The following ringing resolutions were adopted:

First—We adhere to the principles and platform enunciated by the national Silver party at St. Louis, on the 22nd of July, 1896.

Second—We also endorse the platform of the Republican Free Coinage party of the state of Washington, declared in its convention at Ellensburg, and hereby commend the admirable ticket nominated at said convention, to the people of the state of Washington.

Third—We have always been adherents to the principles and policies of the Republican party and are still advocates of the platform of that party enunciated in its national convention at Minneapolis in 1892, which declares that "The American people, from tradition and interest, favor bimetallism, and the Republican party demands the use of both gold and silver as standard money."

Fourth—We believe that the present movement for the restoration of silver is the cause of the people and the voice of God.

Fifth—Believing as we do, that the question of restoring silver to its position as standard, constitutional money, is the paramount and supreme issue in the campaign of 1896, we have parted company with the regular organization of the Republican party, for the reason that it has parted company with its time honored traditions as the party of the people.

Sixth—In the language of the matchless young tribune of the people, our candidate for president, we affirm that:

"We do not come as aggressors. Our war is not a war of conquest; we are fighting in the defense of our homes, our families, and posterity. We have petitioned and our petitions have been scorned; we have entreated, and our entreaties have been disregarded; we have begged, and they have mocked when our calamity came. We beg no longer; we entreat no more; we petition no more. We defy them."

Seventh—We demand the most rigid economy in the administration of national, state and county affairs.

Eighth—For the purpose of furthering the cause which we have at heart, we favor a unity of action of all the elements in sympathy with the silver movement.

A. A. SMITH,
BENTON EMBREE,
T. EDWARDS,
Committee.

In the division of the offices on the combination ticket the Silver Republicans secured representative, clerk, commissioner for the 2nd district, justice of the peace and constable.

The county central committee organized by the election of Louis Williams, chairman, and A. A. Smith, secretary. In addition to a union campaign committee, this committee will maintain a separate organization for the purposes of the present campaign. This new party, which has been built up in the past thirty days, from nothing to the splendid showing made in Tuesday's convention, claims a present following of two hundred votes in the county.

Bear Slayer.

Hugh Maguire, who is only about 15 years old, killed three bears last Friday on the Bell ranch, just south of the city limits. He ran across an old she bear and two cubs and before he got through with them they didn't care much whether school kept or not. It took considerable nerve in a youngster, but fortunately Hugh was a good shot and he had no trouble in killing them.

The O. K. Grocery still leads in low prices. Everything new and clean.

In a recent letter to the manufacturers W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicines are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the the side chest, and Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almyst a quarter of a century. The people have learned that they are articles of great worth and merit, and unequaled by any other. They are for sale by J. C. Hansen, Druggist.

A Dandy Windmill, Make It Yourself.

I have a neighbor that made one of the People's Windmills, and I have been watching it closely; it is the best mill I have ever seen and anyone can make one for less than $10. I am going to make two immediately and don't see why every farmer cannot have a windmill when he can make it himself for so little money. The mill is durable, powerful and runs easily. Any person can get diagrams and complete directions by sending 18 two-cent stamps to E. D. WILSON & CO., Allegheny, Pa., and any active man can undoubtedly make money anywhere putting these mills up for others, and I see no use of paying $50 or $60 for a mill when you can make one just as good for $10. 3

THE CONVENTIONS.

There is no profit in attempting to disguise the disappointment felt by a large majority of the friends of reform in all the parties which were in session in Port Angeles this week on the failure to agree to a union of forces.

The occasion offered an opportunity for such a union of the forces of reform that there would be no question but that this county would give Bryan and the state ticket an unprecedented majority and that every nominee on the Republican county ticket would suffer defeat. This was what the conditions and surroundings offered to the people Tuesday morning. But all was sacrificed for the sake of the personal ambition and greed of one man.

No one realizes this better than the Populists do to-day. They have seen certain victory in county affairs fade away until they now agree that the fight is on between the Democratic-Free Silver Republican fusion ticket and that offered by the McGraw-Goldbug-Republican ring. They realize that this was the fault of no one but their own county convention. That a grave and serious mistake was made they now admit.

However, the delegates to the Democratic convention, who worked so hard and exhibited so much patience throughout the long two days, can feel that they did the best they could under the circumstances. It is not their fault that there is not a complete fusion. What is true of the Democrats also applies to the silver Republicans.

The Democrats and Free Silver Republicans can congratulate themselves that they have put up the strongest ticket that is in the field. While it will take earnest work, the entire silver ticket from L. M. Ford down can be elected. The ticket is incomparably better than either the Populist or Republican tickets.

A LEGAL CONVENTION.

The Democrats did not comply with the primary election law. Will the county auditor now violate the law by placing that ticket upon the official ballot? We give him this hint as we know there is a rod in pickle for him.—Tribune-Times

The Democrats did comply with the primary election law and the county auditor will doubtless place the ticket upon the official ballot. It is not probable that the county auditor is afraid of the Tribune-Times' hot pickles as he has found them very easy handling for something like four years.

THE MASK OFF.

The action of the three conventions in putting in the field two tickets, insures the election of the entire Republican county ticket.—Tribune-Times.

There you are! How do those who worked so hard against fusion like that?

DEMOCRATS and Free Silver Republicans must not fail to do their full duty to the state ticket. They must understand that in the main, the Populists are working in the cause of the people as well as are the Democrats and silver Republicans. The Populists of this county regret the action of their convention this week; none are more sorry than the delegates themselves.

The state ticket is a good one and is as much our state ticket as it is that of the Populists. Let it not only receive the entire Democratic and Silver Republican vote, but let it receive especial attention, and every vote possible should be secured for the ticket.

THE county fusion ticket is a a good one. The men upon it are representative of the best interests of the people of this county. They are in every instance men who are capable and honest. They are men who have served their country well. Having behind them the forces of reform, they can hardly fail to win. The chances at this writing are all in favor of the success of the fusion ticket.

THE Richardson organ down on the Cherry street piles knows about as much about the workings of the recent Democratic county convention as it knew about the status of the fight for the Republican nomination for lieutenant-governor. For instance, it accuses Attorney Marquardt with being opposed to fusion.

THE middle-of-the-road Pops did their best to elect the Republican ticket. The fusion of Democrats and Silver Republicans is all that will prevent a Republican victory.

A Great Chance to Make Money.

I want to tell you of my wonderful success. Being a poor girl and needing money badly, I tried the Dish Washer business and have cleared $200 every month. It is more money than I ever had before and I can't help telling you about it, for I believe any person can do as well as I have if they only try. Dish Washers sell on sight; every lady wants one. The Mound City Dish Washer Co., St. Louis, Mo., will give you all necessary instructions, so you can begin work at once. The Dish Washer does splendid work; you can wash and dry the dishes in two or three minutes without putting your hands in the water at all. Try this business and let us know how you succeed. 3

A STRONG SILVER FUSION TICKET.

Continued From First Page.

point a conference committee it was on motion of D McInnes ordered that the chairman appoint a committee of nine members to act on the conference committee on behalf of the Democratic convention. The chair appointed the following: W L Marquardt, C E Mallette, F S Lewis, R J Chard, D McInnes, Thos Evans, R N Getty, John Birmingham and K O Erickson.

This committee had a session lasting till late in the evening. It finally reported that they could not agree with the Populists, who insisted by a vote of 15 to 11 that their convention would under all circumstances and conditions insist upon having for their party the auditor's office. This, of course, meant that they were determined to nominate Richardson for auditor.

The Democrats agreed to take only the auditor, assessor and one commissioner as their share. The Silver Republicans asked for the representative, county clerk and one commissioner. They stood ready to release their demand for the representative, but were not given the opportunity to do so by the Populists. The Democrats would also doubtless have changed their offer had the opportunity been given them.

The committee finally asked that they be continued until morning and the convention adjourned to meet Wednesday at 9 o'clock.

At half past nine o'clock Wednesday morning the convention met and commenced the second day's proceedings.

An ineffectual effort was made to commense to nominate a ticket.

The convention took another recess and met again at 11 o'clock. Again the effort was renewed to secure independent action by the Democrats, but the fusionists voted it down, and the convention adjourned to meet again at 1 o'clock.

When the convention met again it was half past two o'clock. The conference committee reported that the Silver Republicans wanted the offices of representative, clerk and commissioner for the middle district.

The conference committee reported that the difference between them was the office of representative. The convention by a vote of 43 to 16 refused to give this office to the Silver Republicans. The committee again retired, and the Democrats informally discussed the situation, and after Louis Williams, of the Silver Republicans, came before the Democrats and asked that it be given them in the interest of harmony, the Democrats finally consented that the Silver Republicans be granted the office of representative.

The following were then nominated—all by acclamation:

J P Christensen, auditor.
W B Gould, sheriff.
James Dick, treasurer.
D W Bryan, prosecuting attorney.
W D Johns, school superintendent.
A A Swain, county surveyor.
R T Smith, county assessor.
Thos McDonald, wreckmaster.
Geo Lotzgasell, county commissioner 1st district.
S G Tuttle, county commissioner 3rd district.

A communication was received from the Free Silver Republicans that they had selected L M Ford, for representative; J E Beam, for county clerk; and C E Gilmur for county commissioner for 2nd district. These gentlemen were then regularly nominated by the Democrats.

The Democrats also received a communication from the Silver Republicans that they had nominated W H Smythe for justice of the peace and N M Hawkins for constable. These were regularly nominated by the Democrats.

The following were elected delegates to the joint judicial convention: C F Seal, W L Marquardt, J H Young, H M Fisher, Perry Wiley, A L Johnson, D W Bryan, R N Getty.

A committee consisting of W L Marquardt, H B Willson and D W Bryan was appointed to meet a committee of lawyers of the Republicans to decide upon the name of the ticket. It was decided that the ticket should be called the Democratic ticket.

John W Troy was elected committeeman at large and unanimously elected chairman of the county central committee.

The office of county coroner was left for the county central committee to fill.

James Dick withdrew as the nominee for treasurer, but afterwards reconsidered the same and was regularly placed on the ticket by the county central committee.

The county central committee met last evening at the office of W L Marquardt and selected H M Fisher, Secretary and Perry Wiley, Treasurer.

SILVER RALLY.

John R. Rogers, nominee for Governor, and W. C. Jones, nominee for Congress by the silver people of Washington, will be here on the 25th of September to discuss the issues of the campaign. These are both learned and capable men, who will make good speeches. None should fail to hear them.

No School Bonds.

The board of directors of this school district called a special election for September 14th for the purpose of submitting to the voters the question of authorizing the district to incur indebtedness to the amount of 5 per cent. of taxable property.

The election was Monday in accordance with the notice and the proposition was voted down by a vote of 282 to 53.

The opposition to the question arose mainly because of the vague manner in which the notice was given and it was thought better to vote present proposition down and have another one submitted to the patrons of the school.

That Wonderful Churn!

I want to add my testimony to the list of those that have used the Lightning Churn. It does all that is claimed for it, you can churn easily in one minute, and get a large percentage more butter than with the common churns. I never took the agency for anything before, but so many of my neighbors wanted churns, that I ordered 30 and they are all gone, I think in a year every farmer will have a Lightning Churn, in fact they can't afford to be without one as they make so much more butter, and a good little bit of money can be made in every township selling these churns. By writing to J. F. Casey & Co., St. Louis, Mo., you can get circulars and full particulars about the churn. 3

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

Progressive Euchre.

Mrs R R Harding, assisted by her daughter, Mrs White, entertained a party with progressive euchre Thursday evening.

There were present: Mrs. Herrick, Misses Crooks, Cook, Lutz, Fuller, Lou Crooks; Lieuts. Phelps and Wurtsbaugh; Messrs. Cole, Crooks, FitzHenry, Simmer and White.

Of the ladies, Miss Cook secured the first prize, an exquisite doyle, worked in buttercups, and Miss Jessie Crooks, the booby prize, a bottle of "catch up."

Mr. Cole was the lucky one to carry off the gentlemen's first prize, a unique penwiper and Mr. Simmer was consoled with a Chinese scarf pin for being the gentleman to score the least points.

A delicious luncheon was served.

A "Smoker."

The Olympic Club rooms were the scene of a "smoker" Wednesday evening. The officers of the White Squadron were the honored guests and they came out in numbers.

The "smoker" was a success if we are to believe those who participated, at least those who were on the streets the morning after the event. Cob pipes and beer were the chief ingredients, mixed with songs, stories and tales of deeds of daring on the high seas.

Collision at Sea.

The schooner Floyburg was in harbor Monday looking somewhat dilapidated. She was run into opposite Clallam Bay last Friday night by the schooner Sequoia, of San Francisco. Her port side was stove in and her mainmast carried away. The Sequoia hove to and took the crew of the Floyburg, as it was thought she would sink at once. However, she seemed to float all right and the crew returned to her. A line was attached and she was towed to this port. The pump had to be kept going to save her. She will be towed up-Sound for repairs.

The Floyburg was on her way to the fishing banks about Cape Flattery. The blame for the collision is somewhat mixed.

The captain of the Floyburg claims he sounded the fog horn for the port tack and that the captain of the Sequoia must have misunderstood it as he did the same thing and as a consequence crashed into the Floyburg.

Whist Party.

Mrs. C. H. Fuller and Mrs. L. W. Taylor united in giving a whist party at the home of Mrs. Fuller last Saturday afternoon. Those invited were:

SOLDUCK SPRINGS.

They Will Cure the Most Obstinate Case of Rheumatism.

Mr W C Williams, of Port Williams, passed through the city Thursday on his way home. Mr Williams has been a great sufferer from rheumatism for many years. He finally made up his mind to see what the Solduck hot springs would do for him. He has been there for about two weeks and he declares they have made a new man of him. He certainly comes back a firm believer in the effectiveness of the waters for rheumatism.

He says it works like a charm and upbraids himself that he never tried them before. He verily believes a thorough use of the water will cure the worst case of rheumatism, and he is going to preach the new gospel from now on.

Mr. Williams is a contractor and has visited every nook and corner of Washington. He says the Solduck valley is the finest country in the state and that it has a great future, with its springs, great timber and fine soil, to say nothing of the climate.

SEQUIM ITEMS.

Farmers are busy threshing, many are through.

A shower of two hours duration came as a blessing Saturday.

A number of Angeles young folks took in the dance here last Saturday.

Miss Elsie Ware returned last week from several weeks' visit at Port Angeles.

Miss Helen Love, of Port Angeles, is visiting with Miss Lizzie Burrowes at Blyn.

Miss Iva Coolidge, of Port Angeles, is spending a couple of weeks with Miss Grace Grant.

Miss Anna Fields, of Port Angeles, spent a few days at Sequim this week visiting Miss Grant.

The Literary Society closed its meeting Saturday night with a very enjoyable social dance. There were quite a number of new faces present.

Mrs. Emma Malloy Barrett, of Port Townsend spoke at the M. E. Church last Sunday to a large and appreciative congregation. Mrs. Barrett is a good speaker and an enthusiastic revivalist.

A party of young folks from Angeles, comprised of Misses Mabel Crosby and Emily Rushworth and A. J. Cosser and O. H. Babcock spent Saturday and Sunday on the prairie, the guests of Mr. and Mrs. J. M. Grant.

A grand ball will be given at Sequim hall on the night of the 25th inst., for the benefit of James Brown, who was recently injured while leading a number of horses across the mountains. There will doubtless be a large attendance. Many Angeles' people will attend.

Beardslee Serenade.

POPS AGAINST FUSION.

Richardson Controls the People's Party Convention.

THEY SACRIFICE THEIR CAUSE

To Gratify the Ambition of One Office Seeker—Other Candidates Willingly Offer to Step Aside If It Would Help to Get Fusion, But Richardson Wants An Office and Wants It Bad.

The Peoples party convention was called to order about 10:20 by Alfred Davis, chairman of the county central committee. S. P. Carusi, secretary of the county committee, read the call and purpose of the convention.

Mr. Davis then called for nominations for temporary chairman.

R. H. Deming, of Eden, and J. M. Grant, of Sequim, were nominated. The ballot resulted in 54 votes for Deming and 24 votes for Grant.

This vote was generally regarded as an accurate estimate of the fusion and nonfusion elements in the convention, Deming standing for no fusion and Grant in favor of it.

Mr. Deming was escorted to the chair by Messrs. Garland and Edwards and made a short speech of thanks on assuming his duties.

W. B. Main and David O'Brien were elected temporary secretaries.

A motion was then made and carried that the two committees on credentials and on permanent organizationandorder of business consist of one member from each precinct and that the different delegations name their man on the call of roll.

The roll call was then made and the committees appointed.

A motion then prevailed that the chair appoint a committee of five on platform. He announced the following as his selections: Chas. Peters, D. O'Brien, John Cook, A. A. Richardson, J. M. Grant.

The convention then took a recess until 2 o'clock.

The convention was called to order after the recess a little before 2 o'clock. The chair announced that Mr. Ernest Burns would address the convention. Mr. Burns chose for his subject the theory of the state assuming the issue of all warrants and doing away entirely of county and city scrip. Mr. Burns made an able and interesting exposition of the subject.

At the close of his remarks, the chair announced that the committee on credentials asked for further time to report, which was granted.

The committee appointed subcommittees as follow:

Credentials—E. A. Lamoreux, J. W. Smith, E. F. Morris, J. D. Yarnell, R. Shields, Charles McFarland and H. Miller.

Order of Business and Permanent Organization—I. W. Garland, G. Sherwood, J. B. Hickok, Frank Harris, Otto Shields, I. Holmes and J. Doucett.

The committee on credentials made its report which was adopted.

It was recommended that the temporary organization be made permanent, which was adopted.

The following recommendation was also adopted:

"We further recommend that any proposition submitted either by the Silver Republicans or Democrats be considered by the convention as a whole."

The following platform was then read and adopted:

Resolved, That the People's party of Clallam county in convention assembled reaffirm our allegiance to the principles of the national platform adopted at St. Louis and the state platform adopted at Ellensburgh.

And that in county affairs we denounce the plundering of our county treasury by the reckless expenditure of the salary fund in payment of unnecessary deputies in various county offices; that the abatement of this intolerable evil demands the pursuit of a line of rigid economy, retrenchment and reform and that in recognizing the fact that the salary fund by law is ample compensation for the burden imposed by the faithful discharge of official duties, we demand of each candidate a written pledge of his hearty co-operation and support in the accomplishment of this end; Provided, the foregoing shall not apply to candidates for the office of assessor.

While the adoption of the platform was under consideration, J. M. Grant offered the following amendment:

Resolved, That in order to achieve this end, we sink beneath patriotic sentiments all local consideration other than for the best interest of such reforms and that petty differences, party jealousies or party tyrany must be crushed out of sight by all patriotic reformers in this hour of national peril more than all else while a gold power is solidly cemented and aided by an unlimited fund for the purchase of votes let nothing devide nor bring discord among those who stand for the amancipation of the nation and the right of the laborer to what he produces.

It called out a very warm discussion, as it was considered as tatamount to a declaration that the convention was in favor of a fusion. It was voted down by vote of 55 to 24.

The convention then listened to an invitation by A. A. Smith, on the part of the Silver Republicans, and Dr. Lewis, on the part of the Democrats, to appoint a committee to confer on the subject of fusion. A motion was made that three members be appoiated as such committee, which was adopted. The chair appointed Messrs. Hallahan, Berkley and Morris.

The convention then took a recess until 5 o'clock to allow the conference.

Upon reconvening, a motion was made that a committee of nine be appointed to confer with the Democrats and Silver Republicans upon fusion.

A. A. Richardson proposed to amend by making the committee consist of one member from each precinct and in speaking on the question took the opportunity of expressing his opposition to fusion. In the course of his remarks he said: "There are greater principles at stake than the spoils of office." It brought out a chorus of derisive yells and laughter.

He was replied to by Judge G. V. Smith, who made a very strong and eloquent plea for fusion.

The amendment of Mr. Richardson prevailed, the committee selected and a recess taken to 8 o'clock.

The convention after a weary wait on the conference committee, finally got together for the evening session.

The clerk then read the report of the committee, which in effect was that the Democrats had asked for auditor, assessor and the commissioner from the 3rd district and that the Silver Republicans asked for the representative, clerk and commissioner of the 2nd district.

The report then went on to state the action of the committee as to what they would recommend, which was as follows:

That the Populists retain the representative, auditor, sheriff, assessor, clerk one commissioner and county superintendent and that they concede the treasurer, attorney, surveyor, two commissioner and wreckmaster.

The report also stated that the Democrats insisted upon the auditor, assessor and commissioner of the 3rd district and that the Silver Republicans would not accept the proposition.

The convention then got into a warm discussion on fusion, which led to a snarl over parliamentary rules and finally A. A. Richardson made a motion that the convention proceed to nominate candidates. While under consideration a motion to adjourn to 10 a. m. Wednesday was made and carried.

Wednesday morning's session opened 10 o'clock.

Chairman Deming stated that the unfinished business would be in order and put a motion to go into the nomination of county officers. It was carried.

Dr. Lewis was then granted five minutes to address the convention. He told them that he thought they were making a mistake if not agreeing on a fusion and emplored them not to be hasty, but to appoint a committee on conference.

There was no attention paid to his appeal and business went smoothly along.

The following ticket was nominated:

Representative, J. Hagadorne.

Auditor, A. A. Richardson.

Clerk, S. P. Carusi.

Treasurer, D. O'Brien.

Sheriff, F. Edwards.

County superintendent of schools Ella Guptill.

Assessor, J. W. Smith.

Attorney, C. Stringham.

Surveyor, E. R. Gehrke.

Commissioner 1st district, W. E. Hamilton.

Commissioner 2nd district, R. H. Deming.

Commissioner 3rd district, L. Sands.

Wreckmaster, J. Berkley.

Coroner, G. W. Vail.

Delegates to judicial convention, D. Griswold, T. H. Carter, G. V. Smith, I. W. Garland, Chas. Peters, J. M. Grant, R. G. Doom and A. A. Richardson.

The selection of justices of the peace was left to the central committee.

Mr. Livermore, of Jefferson, then addressed the meeting, after which it adjourned sine die.

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold Process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident anyone can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions to any of your readers for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.

Gray Hair Made Dark.

I saw in your paper a statement that Zulu Vulier would restore any head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to natural color. My wife's hair was a light red, and by using Zulu Vulier, her hair is now a beautiful auburn. Anyone can get a sample package of Zulu Vulier by sending 21 two-cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps.
