THE DEMOCRAT-LEADER.

VOL. 7. NO. 24. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, FRIDAY, OCTOBER 16, 1896. PRICE FIVE CENTS

DEMOCRATIC COUNTY CAMPAIGN.

Opened In Port Angeles On Saturday Evening Last.

ATTENTION PAID TO RICH.

Dr. Lewis and Dan Bryan Flay the Foghorn For His Treachery.

THEY SHOW UP HIS CROOKED RECORD

A Large Audience Most Enthusiastically Applauds the Speakers Who Attack the 3 Per Cent. a Month Middle-of-the-Road-Until-After-His-Nomination Populist—Some Criticisms of the Chicago Platform Answered.

Dr. F. S. Lewis and D. W. Bryan addressed a large audience in the opera house on Saturday evening on the issues of the campaign—national and local.

Dr. Lewis was in his best spirits and proceeded to shake up the dry bones in an interesting manner.

Chicago Platform and use of Troops.

Referring to the Chicago platform denouncing the arbitrary interference of Federal authorities in local matters as contrary to the constitution, Dr. Lewis read Article IV, Section 4 of the constitution, which provides that:

The United States shall guarantee to every state in this union a Republican form of government, and shall protect each of them against invasion; *and, on applicatihn of the legislature, or of the exscutive*(when the legislature cannot be convened) *against domestic violence.*" The 10th amendment to the constitution provides that:

"*The powers not delegated to the United States, by the constitution, nor prohibited by it to the States, are reserved to the states respectively, or to the people.*"

This would show that the Democratic platform is about right.

Dr. Lewis then read from the Republican platform of 1860 upon which Abraham Lincoln was elected to the presidency, showing that the Republican party then took the same position that the Democratic party does now. Section 4 of the Republican platform of 1860, upon which Lincoln lead the Republican party to victory read "That the maintenance inviolate of the rights of the states, and especially the right of each state, to order and control its own domestic institutions according to its own judgment exclusively is essential to that balance of power on which the perfection and endurance of our political fabric depends; and *we denounce the lawless invasion by armed force of the soil of any state or territory, no matter under what pretext, as among the gravest of crimes.*"

The National Honor.

Dr. Lewis showed that the congress of the United States unanimously passed the Stanley Mathews resolutions in 1878 which said that the national debt was payable in both gold and silver, or either. Therefore, he reasoned, the holders of national obligations had been placed on notice. And the argument that because Wall street brokers had secured loans from England promising payment of gold surely did not bind the American people. "When did you," he exclaimed, "by written promise or by your vote bind yourselves to whatever contract Wall street brokers might make for you?"

Abraham Lincoln on the Supreme Court.

Dr. Lewis mentioned the fact that the Democratic party is censured for its criticism of the supreme court's income tax decision and because it promised to use whatever constitutional authority that was left to have it made a law. Bryan is censured because he said that the income tax law was not unconstitutional until one of the justices had changed his mind.

Abraham Lincoln's speech in one of his joint debates with Douglas was then quoted from. In referring to the supreme courts decision in the Dred Scott case, Lincoln said: "We believe as much as Judge Douglas in obedience to and respect for the judicial department of government. But we think the Dred Scott decision is *erroneous. We know the court that made it has often over-ruled its own decisions and we shall do what we can to have it over-rule this.*"

"The supreme court had in numerous decisions made before 1895 held an income tax to be constitutional," said the speaker, "and at the first hearing the same court that overthrew the law held it to be good. It was not until the second hearing, after one of the judges had reversed himself that the law became unconstitutional. Is the position of Mr. Bryan not parallel to that of Mr. Lincoln in 1860? Is not Republican doctrine of 1860 good in 1896?"

Newspaper Abuse.

The speaker then showed that the same New York papers which are now abusing Bryan were in 1860 abusing Lincoln. The New York Herald, which is now abusing Bryan, said in 1860: "The Republican convention at Chicago have nominated Abraham Lincoln, of Illinois, for president of the United States—*a third rate lawyer.* * * * *They take up a fourth rate lecturer who cannot speak good grammer, and who, to raise the wind, delivers his hackneyed, illiterate compositions at two hundred dollars apiece.*"

Local Matters.

Referring to Richardson's charge that the auditor had falsified the commissioner's records Dr. Lewis stated that such record was the exclusive property of the commissioner's court and the auditor was in no wise responsible for its contents. He then asked of Mr. Merrill Whittier, who was in the audience, whether what he stated was true and that gentleman replied that it was.

The doctor then called attention to the fact that the making of the record in the manner shown by Richardson was a mere matter of form as the absent commissioner held an absolute *veto power* over all business done in his absence. He also showed that the county clerk habitually falsified his own records by stating in all cases of adjournment of causes that "all parties were present and agreeing," when as a matter of fact in many cases they were not so present at all, but had agreed to the adjournment when on the street or in some lawyer's office.

Passing to the issue of salary warrants it was shown that where names of outside parties appeared on the lists it was done simply to aid deputies to pay bills to the parties named and that the stubs in the auditor's office in all cases showed on account of whose salary such warrants were drawn.

Such practice was made necessary owing to unavailable deposits in the First National Bank by Treasurer Clump.

But what were the PRACTICES of RICHARDSON during the whole of Clump's administration? He—said Dr. Lewis—went into the treasurer's office the first of each month with the money collected for court fees in one hand and his salary warrant in the other. Handing Clump the warrant he said, "*here's my salary warrants—I've got the money.*"

Dr. Lewis then read the stubs of receipts in the treasurer's office to show that Richardson had tried the same practice with Treasurer Dorsey, but that officer refused to accept the warrants as cash and only receipted in *part of fees*, and that Richardson held the balance till threatened by the commissioners with a mandamus suit when he turned in the balance.

Land Office Business.

The following is the copy of the law governing fees of county officers, which Richardson chose to disregard when he held up the county for half of the proceeds of the final proofs in all land cases made before him:

SESSION LAWS 1893.

CHAPTER LXXXI.

[H. B. No. 337]

AN ACT prescribing that all fees are paid salaried officers by virtue of their office shall be paid into the county treasury, and prescribing a penalty for failure so to do, and declaring an emergency.

Be it enacted by the Legislature of the State of Washington.

SECTION 1. Every county officer, who, by the laws of this state is allowed a salary, shall, on the first Monday of each month, pay into the county treasury all moneys and sums which have come into his hands for fees and charges in his office, or by virtue of his office, during the preceding month. And no officer is permitted to retain to his own use or profit any sums paid him in his office or by virtue of his office, no matter from what source, but all of such moneys so paid him by virtue of the laws of this state, or of the United States, shall be the property of the county.

SEC. 3. Any county officer who is paid a salary, who shall fail to pay to the county treasury all sums that shall have come into his hands for fees and charges in his office, or by virtue of his office, whether under the laws of this state or of the United States, shall be deemed guilty of embezzlement in office, and upon conviction thereof shall be punished by imprisonment in the penitentiary not less than one year nor more than three years: *Provided further* Upon conviction, his office shall be declared to be vacant by the court pronouncing the sentence.

SEC. 3. Whereas, the immediate passage of this act will be beneficial to certain counties in this state; therefore, an emergency is declared to exist, and this act shall be in force from and after its approval by the governor.

Approved March 9, 1893.

It is a well known fact, said Dr. Lewis, that Richardson refused to comply with this law claiming that the county could not compel him to take United States land filings, although he well knew that such was the practice, throughout the land of county clerks, and that the custom had become universal and was therefore a part of the *great common law* of this country.

Seeing that they were, in a measure, helpless in the matter and that they were liable to lose a large sum of money the commissioners reluctantly agreed to give him one half of the fees, less expenses, and signed a contract to that effect dated June 8, 1893. Under this contract Richardson made the snug sum of over $1,300 above all expenses.

Still Takes Half the Fees.

The contract referred to expired on the 1st of January, 1895, but it was shown that Richardson was still taking half the fees in land office filings. The law prescribes that in turning in fees an *oath shall be taken* by each county officer that the accompaning report is a true copy of the fee book in his office. But Richardson was in the habit of making his report of fees collected in land office business accompained by a *simple certificate* under which there would be no liability for perjury. The doctor read one of his certificates, which is as follows:

"*I hereby certify upon honor that* the foregoing is a full, true and complete report of all moneys received by me from U. S. Land matters since my last report to your honorable body.

A. A. RICHARDSON,
County Clerk.

"What is a certificate *on honor* worth," asked the speaker, "when the officer making it has no honor," and he proved conclusively that however Richardson might be excused for taking half the fees while his contract was in force, his doing so now was in clear violation both of the law and his oath of office:

He Gets the Dollars.

The speaker then exhibited and read a copy of the order from the United States land office in Seattle, dated October 11, 1893, doing away with the necessity of furnishing citizenship papers or copies thereof in making proofs on reserve lots and submitted affidavits to prove that as late as *November* 22, 1893, Richardson was still exacting a dollar for making copies of citizenship papers.

STATE OF WASHINGTON,

Olaf Johnson being first duly sworn deposes and says on oath, that he made final proof on lots Nos. 4 and 5, block No. 173 of the Port Angeles townsite reserve on the 22 day of Nov. 1893, and that he made such proof before A. A. Richardson, county clerk of Clallam county and that the said Richardson required him to furnish a copy of his citizenship papers for which he collected the sum of one dollar, although as he, Johnson, has learned and verily believes such copy was not required by the land office.

A Money Maker in Hard Times.

I have for the past five years had a pretty hard struggle to make a living, but about three months ago I began selling self heating flat irons and have made from four to five dollars every day, which I think is pretty good for an inexperienced woman, my brother is now selling irons and makes more than I do, but he has sold other things and is more experienced. The iron is self heating, so it is the proper heat all the time; and you can iron in half the time you commonly do and have the clothes much nicer, you can iron out under a tree or in any cool place and one cent's worth of benzoine will do any ordinary ironing, so you save the price of the iron in fuel in a few weeks. By addressing W. H. Baird & Co., Station A., Pittsburgh, Pa., you can get full particulars, and I know any one can do splendidly anywhere. We sell at nearly every house and any woman that irons once with a self heating iron will have one as it saves so much labor and does so much better work.

THE QUILLAYUTE FAIR.

Third Annual Harvest Home Fair Held in the Valley Oct. 2nd.

PROVES TO BE A GRAND SUCCESS.

The Farmers of the Wonderful Valley Across the Mountains Come Together In Competition of Their Products—The Exhibits Are Unusually Numerous and Varied—Some Fine Samples of Tobacco Shown—John Carnes, the Mighty "Tyee," Carries Off Twenty Three First Prizes.

The Quillayute fair, which was held October 2nd, was well attended notwithstanding the cloudy weather. Early in the morning farmers from the surrounding country began to arrive at the fair grounds, bringing loads of produce which soon made Mr. Maxfield's barn look more like a store house for roots than a barn for hay; and by 11 o'clock the large tables prepared to hold the exhibits were filled to overflowing. As soon as practicable the judges got to work and showed a determination to bring order out of chaos, and with gratifying results.

Jno. Carnes "came loaded for mutton," as he himself expressed it, and took the yew lamb offered by A. W. Smith, the president of this society since its organization, for the largest number of first prizes. Mr. Carnes won 23 first prizes. Not being satisfied with the sheep he hitched on to the premium for the largest display of fresh fruit, and in due time will visit the Quillayute nursery and select six of the best apple trees he can find there. If the society should offer a wife for first premium next year John would walk off with her with as little compunction of conscience as he did with the sheep.

A. W. Smith had a fine exhibit of fruit and vegetables and captured the ducks offered by Mr. Carnes as a premium for the largest number of second prizes.

Mrs. J. S. Maxfield received the keg of pickles for the best collection of canned fruit.

J. W. Smith "cabbaged" the premium for the best display of vegetables and showed that the soil of the Dickey river valley is capable of raising as fine vegetables as can be found anywhere.

What is the trouble with our ladies? They let O. W. Smith get away with the premiums on both bread and butter. The marriageable ladies should take note of the fact that Ollie is not only an industrious and successful farmer, but is also a good bread and butter maker. His herd of Jersey cows are the best in this part of the country, and in the spring he will add a fine group of gladiolus to his already fine and pleasant grounds.

J. Adams was on hand with his log chain and bottle. We don't know where Mr. Adams came from, but it is safe to say that a fellow who can put a sled load of logs into a bottle is well acclimated and entitled to be called a jockey. And while his exhibit may not be classed as art work he is certainly entitled to a premium.

E. Morgenthaler's baby won the pound of candy. There were numerous other exhibits of merit.

J. D. Hagardorn showed some fine vegetables which were worthy of special notice.

L. M. Ford took the first prize on cheese and a box of apples.

Jake Fasel took three second prizes for apples, second prize for pears and second prize for prunes.

Dan Pullen sustained the good reputation of Lapush by showing a fine collection of vegetables, among which were some uncommon fine onions.

For several years the farmers have been raising tobacco, and the fine samples shown by Mr. Clark and Mr. Carnes are good proof that tobacco raising is a success and will pay large profits to the raiser.

In needle work the ladies exceeded all expectations. The space allotted was far too small to do justice to the display. The collection of woolen socks and underwear showed that our women are able and willing to go back to the spinning wheel of our grandmothers and help beat the hard times by home manufacture.

H. B. Smith exhibited a nice young elk. We expect Harvey will have him broke to the saddle and on the race track next year.

Among the good things brought from Ozette by Mr. Palmquist were ripe strawberries, tomatoes and the largest head of cabbage on exhibit.

O. Erickson deserves special mention for the fine collection of minerals. The future of our country is not dependent on what can be produced upon the surface of the ground, but there are large deposits of coal and mineral paint of the best quality. There is also silver ore and gold bearing sand all awaiting the coming of the miner and capital; and which will reward an thousand fold the efforts of the hardy adventurer.

At noon the crowd divided into social groups to enjoy their lunch; after which they were entertained with an interesting program of singing, and short speeches from prominent farmers. At 3:30 the crowd broke up and started for home, realizing that the third Quillayute fair had been a success.

While the people have had unusual difficulties to contend with it is evident by the interest taken in the fair that Quillayute is progressing, and there is pressing need of thorough organization. A few acres of land should be secured and suitable buildings erected so that when we hold our fair next year we can have our exhibits properly classified and arranged for inspection.—Beaver Leader.

Gray Hair Made Dark.

I saw in your paper a statement that Zulu Vulier would restore any head of hair to natural color in three weeks. As I was very gray I sent for a sample package, and in less than three weeks my hair was perfectly restored to natural color. My wife's hair was a light red, and by using Zulu Vulier, her hair is now a beautiful auburn. Anyone can get a sample package of Zulu Vulier by sending 21 two-cent stamps to Wilson & Co., New Concord, Ohio, and if it does not restore the hair to natural color in three weeks they will return your stamps; it not only restores the hair to natural color, but will stop the hair falling out immediately and is one of the best hair tonics made, and you take no risk, and if it does not satisfy you perfectly they will return your stamps.

HOW IT WILL CIRCULATE.

"How will you get it in circulation?" has been one of the "posers" of the gold talkers all through the campaign. None are so blind as those who will not see. There is, has been, and ever will be but one way to get money of whatsoever kind into circulation. That one way is through the channels of trade. When a debtor can get a dollar by loan, barter or wage, he pays a creditor or exchanger of goods, and thus starts that dollar upon its endless mission. When dollars are too dear to be obtained by loan, barter or wage, and then only, do they refuse to circulate. Dollars are too dear to be obtained, thus when the base upon which they are built is contracted and constantly contracting, and everything else is falling in value. For the past twenty-three years the base on which dollars are built has been contracted and contracting, by the relentless and world-wide warfare on silver as a money base. The demonitization act of '73 was the framing of the coffin of our National prosperity; the repeal of the purchasing clause of the Sherman law was the last nail in its side, and the final fastening upon us of the gold standard, by the election of Mark Hanna to the Presidency, would be the closing down of the lid. The closing will not take place, however, thanks to the recuperative powers and educational capacity of the American masses.

The enactment of a free coinage law under Bryan will break the corner on gold, by the broadening of the base on which dollars are built The long continued slump in prices will be checked. All forms of property other than gold will then have a value again. Dollars will no longer be too dear to be obtained by loan, barter or wage. The unearned increment given them by the present thumb-screw system will be given back to other forms of property from which it has been filched. Then our all-too dear dollars, shorn of their propensities to hibernate, will be sent about their business once again, and made to rustle for a living with the rest of us. Dollars are selfish, and will circulate themselves when they find that there is more in it for them than in lying idle.

ABOUT CAMPAIGN LIES.

In its last issue, the Courier made some statements about campaign lies. It claimed that THE DEMOCRAT-LEADER had printed an an article which it credited to the London Financial News, which had never appeared in that paper; and that the interpretation of the Bismarck letter was one prepared for the occasion.

As usual, the Courier is one or two weeks behind time. On October 5th, the New York World, a gold organ, admitted the authenticity of the News article. Referring editorially to a cable message to it from Ballard Smith, its London correspondent, the World said:

Determined to make a thorough investigation of the matter, the Thrice-a-Week World cabled to its London correspondent, Mr. Ballard Smith, to go to the Financial News office and, if permitted by its owners to examine the files of that paper. Mr. Smith did so and found that the alleged editorial did appear in the issue of that paper of April 30, 1894.

Is that good evidence? Is it specific?

Then as to the Bismarck letter. It is true, Governor Culberson did make some errors in his translation of its contents, but the literal translation is as strong for silver as the one given by the Governor of Texas. The Courier did not publish the "authorized" translation, as made by the Republican Congressman who discovered the mistake. But to show where Bismarck stands, we give it here:

FRIEDRICHRUH, Aug. 24, 1896.

DEAR SIR: I have received your favor of the 1st of July of this year.

I have always had a predilection for bimetallism without, when being in office, presuming to be infallible when confronted by experts. I still believe to-day that it is desirable to strive for the consent of all the principal commercial nations of the world in the direction of bimetallism.

The United States are economically freer in their movements than each and every one of the European countries, and if North America finds it compatible with its interests to set an independent pace, I believe that such a movement would be conducive influence to the establishment of an international agreement.

Assuring you of my most distinguished estimation, I am Your Excellency's most obedient servant. V. BISMARCK.

If there is any comfort here for the Courier or our other gold friends they are very welcome to it.

SHORT sketches of some of our candidates appears in this issue. More will come next week.

WILL the Courier stop its campaign of fraud long enough to prove some of its allegations of fraud? Can it prove them?

A VOTE for John D. Hagadorn for representative is a vote for free silver, and a senator who will be in sympathy with the administration of Mr. Bryan.

DON'T forget to give Jim Price, the Republican machine candidate for Secretary of State, a black eye on election day. He is the man who filed the certificate of nomination of the mongrel assistant Republican candidates for presidential electors as Democrats.

THE Republicans have paid for the Opera House and hired the band for the Palmer and Buckner meeting to-night. These Republican hirelings are the people who are trying to save (?) the Democratic Party! Imagine, will you, the Republican committee of Clallam county putting up $20 in cash to save the Democratic Party from destruction!

If Democrats want to support their party they will cast their votes for N. T. Caton, I. N. Maxwell, John B. Hart and DeWitt C. Newman for presidential electors. These men will cast their votes for Bryan. Their names appear on the People's Party State ticket.

THE Courier alleges that the silverites have misrepresented James G. Blaine on the silver question by publishing garbled clippings from his great silver speech, and that they have been exposed by the Republicans, having Blaine's speech printed and circulated. Is this the truth? Has the Republican county campaign committee any copies of this speech for circulation?

As a matter of fact the entire speech was published in the Seattle Times and circulated by the silver campaign committee. The Times has several times dared the P.-I. to publish it. It has not done it. Will the Courier do it?

Dr. F. S. Lewis, D. W. Bryan and others spoke to large audiences in Dungeness on Wednesday night and at Sequim Thursday night. That at Dungeness was the largest meeting ever held in that town, and the reception accorded the speakers was magnificent. Local matters were handled in an interesting manner.

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold Process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident anyone can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions to any of your readers for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.

McKINLEY DENOUNCES CLEVELAND

For Discrediting Silver and Enhancing the Price of Gold.

The following is a verbatim extract from the address of William McKinley at the Lincoln Day banquet, in Memorial Hall, Toledo, Ohio, February 12, 1891:

"During all of Grover Cleveland's years at the head of the government he was DISHONORING ONE of our PRECIOUS metals, one of our OWN GREAT PRODUCTS, discrediting SILVER and ENHANCING the PRICE of GOLD. He endeavored even before his inauguration to office to STOP the coinage of silver dollars, and afterward, and to the end of his administration, PERSISTENTLY used his POWER to that end. He was determined to CONTRACT the CIRCULATING MEDIUM and to DEMONETIZE one of the COINS of commerce, LIMIT the volume of money among the PEOPLE, make money SCARCE and therefore DEAR. He would have INCREASED the value of MONEY and DIMINISHED the value of EVERYTHING ELSE—money the MASTER—everything else the SERVANT. He was not thinking of THE POOR then. He had left their side. He was not standing forth in their defense. CHEAP coats, CHEAP labor and DEAR money. The SPONSOR and PROMOTER of these professing to stand GUARD over the welfare of the POOR and LOWLY! Was there ever more INCONSISTENCY or RECKLESS assumption?"

What has CHANGED McKinley's VIEWS on SILVER?

ECHOES OF THE FRAY.

The battle is on all along the line this week.

Two weeks from Tuesday next will tell the tale.

It is refreshing to see the court get a move on itself.

Will the "fog-horn" blow another tune on its next tour?

Hanna's Clallam county sack will be opened next week.

The McKinleyites are a lonesome lot in the fourth ward.

McGraw's chances of carrying Clallam have gone glimmering.

The silver rush line should be pushed from now to the finish.

The silver cause is moneyless, but it is a winner just the same.

Who lost Potter Charles Sullivan, and where did they lose him?

Mr. Hagadorn is now the fusion candidate for representative.

The gold standard cuts a sorry figure in this neck of the woods.

Silver Republicans are turning up in every precinct of the county.

Chairman Ellsworth looks wise and saws. The sack has arrived.

The silver majority in this county will crowd 400 uncomfortably close.

The West End is doing a most patriotic job of fusing after the fact.

R. C.'s bunch of colts started well together, but they are breaking badly.

Wonder if Rich. has been able to find the remains of that "solid West End?"

Hon. L. M. Ford, of Forks, is one of the kind of patriots who save a nation.

Let the campaign of education go on two weeks longer and the job will be done.

It is not generally known that Dorsey is after his EIGHTH year on the county pay roll.

The way to fuse is to fuse. At the polls is the best place to get together anyway.

Our esteemed 2x4 evening contemp. seems to have hooked a Tartar Saturday night last.

It is a poor man's fight, boys, but the silver sun of prosperity will rise on the 4th of March.

Every ward in the city shows a heavy silver majority except the third—and is a stand-off.

Get together! The friends of silver should control every local office in the state this year.

Our Great Receiver will have a chance at the remains of Clallam Republicanism after the 3rd prox.

Don't fail to hear Voorhees and Fay next week. They are two of the best orators in the state.

There are evidences that the T.-T. dosen't expect to "get off" in the Hanna grand distribution.

Clallam county's Gold Democrats are about the lonesomest lot of flockers together one could wish to see.

Many a Republican ward-heeler will live in clover this winter. It is a bad year for stuff to stick to the fingers.

The American people have made up their minds to restore silver, and all the gold in the land cannot change them.

The final apportionment of the Hanna educational fund has been made. It calls for $75,000 to every congressional district.

Fusion was not killed in Clallam. Personal ambitions disabled it, but the friends of reform will get together at the polls.

The friends of silver in Clallam county do not intend to let any one man or set of men stand in the way of success at the polls.

Seattle's ring is almost a thing of the past in our state government John R. Rogers will put the "kibosh" on it January 1st.

It is now conceded that Rich. will be allowed to investigate the auditor's office from the point of vantage of his west end ranch.

The greatest strength of the silver movement lies in the fact that its every devotee is a whole campaign committee in himself.

The union campaign committee in charge of the silver crusade in this county is making the biggest fight it knows how without a campaign fund. Any voluntary contributions will be gratefully acknowledged by either G. V. Smith, chairman; A. A. Smith, secretary; or H. M. Fisher, treasurer.

The middle of the road is being deserted gradually. There is excellent walking on both sides.

One precinct adjacent to town shows up 32 silver votes to 4 gold. Another near by with over 20 votes is said to be solid for silver.

It has been suggested that if the two Hatches would fuse they might get enough votes between them to elect at least one of the family.

Does any one know just how many years the present treasurer has drawn a Clallam county salary? Isn't it about time for his graft to slip a cog?

There will be four sets of electors on the official ballot. Friends of silver should place an X after the names of Caton, Maxwell, Hart and Newman.

It would be interesting to know just how much in school warrants Geo. Hatch would take for an opinion as to the legal status of his own opinion on the silver question.

Fusion is being consummated by slow but steady steps in Clallam county. The few places not already attended to will be "fixed" when the voters get into the polling booths.

Tommy thinks he has both Chris. and Rich. "faded." Chris. thinks the same about Tommy and Rich., and Rich.—well, he won't have time to think while Doc. stays on his trail.

Wonder if the editor of the Courier will find out before the trouble is all over that the same law can't at the same time double the mine owner's wad and cut the laborer's wallet in two?

The Silver Republicans have again demonstrated their unselfishness and disinterested devotion to principle in consenting to the withdrawal of Mr. Ford in the interest of the silver cause. A just appreciation of their sacrifices should be shown at the polls.

Miss Hannah Draper has just received a full line of new walking hats, beaver crown, of the latest style.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

CHAS. E. CUNNINGHAM, Pastor.

In the list of the silver committees last week THE DEMOCRAT-LEADER should have named Alf. Davis as a member of said committee on behalf of the People's party instead of A. U. Davis.

The election to authorize the school district to incur more indebtedness was held last Saturday. The proposition was voted down emphatically, 104 ballots being cast in its favor and 271 against it.

Services at the Congregational church next Sabbath morning and evening, preaching by the pastor on the subjects: "Good People in a Contrary Wind," and "Something Better Than Silver or Gold." The church orchestra, which played so beautifully last Sabbath evening will play again at the evening service.

Mr. W. A, Nulson returned to Port Angeles last week, bringing with him a charming bride. Mr. Nulson will be remembered by many as having lived here for some time until about six months ago, when he went back to St. Louis, his former home. He came out here originally for his health. He had not been home very long before his old complaint reasserted itself, and his physicians told him he would have to come here to save his life.

Mr. Nulson is a great believer in Port Angeles. He is glad to be back, and says the town has a great future, and that he is going to stay by it.

Mr. Nulson is a bright, intelligent young man, and we are pleased to learn that he and his young wife are to be permanent residents of our city.

Churning Done in One Minute.

I have tried the Lightning Churn, you recently described in your paper, and it is certainly a wonder. I can churn in less than one minute, and the butter is elegant, and you get considerably more butter than when you use a common churn. I took the agency for the churn here and every butter maker that sees it buys one. I have sold three dozen and they give the best of satisfaction I know I can sell 100 in this township, as they churn so quickly, make so much more butter than common churns and are so cheap. Some one in every township can make two or three hundred dollars selling these churns. By addressing J. F. Casey & Co., St. Louis, you can get circulars and full information so you can make big money right at home. I have made $80 in the past two weeks and I never sold anything before in my life.
1 A FARMER.

Good Bye, Phila.

The U. S. flagship Philadelphia and the U. S. gunboat Bennington left Saturday morning for Victoria, to make a call of courtesy on the British warships at Esquimalt. They remained there until Tuesday. The Philadelphia started to Mare Island, Tuesday morning, and the Bennington returned to this port, arriving here about 2 o'clock in the afternoon of the same day.

On Friday night, previous to their departure, the two ships indulged in torpedo practice. It made a grand spectacle. The Philadelphia in repelling the attacks of the torpedo boats used her large guns in addition to the small arms, and at times the ship was one blaze of light. The picket boats scattered all about her also keep up a continuous fire. It was a sight rarely witnessed and never forgotten.

E. D. Elliott, Republican candidate for county clerk, accompanied by his wife, spent several days in Angeles this week.

Ed. Hatch, Geo. Meagher, Jr., and Wm. Ritchie went to Olympia this week to be examined for admission to the bar.

K. Y. Church returned home Tuesday from Seattle where he went to assist in the dedication of the Elk's new hall. He reports a great time.

James Dick, Democratic candidate for treasurer, and Geo. Lotzgesell, Democratic nominee for commissfoner, started on a campaign tour of Western Clallam county Tuesday.

A SCORCHER.

Lichtenberg and Winsor Address a Large Meeting.

The large audience that greeted Judges Winsor and Lichtenberg last night at the opera house was well paid for its attendance.

Judge Lichtenberg made a long and able argument to show that the Chicago platform was neither anarchistic or revolutionary. That it is closely in line with precedent and has the authority of the supreme court behind it.

Judge Winsor made one of the ablest arguments yet made on the money question in Port Angeles. The lack of space forbids us to comment at length.

In the beginning of his speech Winsor gave the middle-of-the-road Pops who have put selfish ambition above patriotism in this county a piece of his mind. He told them to get some of their men off the ticket and meet the efforts of others. Democrats, he said, had shown their patriotism by accepting the Populist banner.

He was cheered to the echo. The fusion Pops to-day outnumber the middle-of-the-road people two to one.

Mrs. McLees Dead.

Another historic landmark of our community has passed away. Miss Margaret McLees died Sunday night, October 11th, at 11 o'clock. At the time of her death she was 82 years and 7 months old.

Mrs. McLees had been a resident of Clallam county for nearly thirty years. In her earlier days she lived on the Elwhy river, and was wont to give a vivid description of her experiences during those early days. Cougars were so thick in those times that they would hover around the house all night, carrying off chickens, and even killing hogs. Many a time she lay through the entire night in terror, lest made bold by hunger, they gain entrance to the house and attack them.

For many years her quaint, little figure, clad in deepest black, was a familiar figure on our streets. Although of extreme age she was as lively as a cricket, and her mind was as keen as when a girl of sixteen. The immediate cause of her death was an attack of dysentery.

She was the mother of eight children, only two of whom survive her, the youngest being Mrs. Thomas Petty, who resided here several years.

The funeral took place Tuesday afternoon, at the residence on Pine street, Rev. Nelson officiating.

Mr. Petty, who lives near Seattle, her son-in-law, was present, but Mrs. Petty was unable to come, owing to sickness. Her body was interred in Ocean View cemetery.

From Minnesota.

Quite a large party arrived here Tuesday from Owatonna, Minn. It included Mr. and Mrs. John Chambers and their two children, Mrs. William Chambers and her two children, Mr. Charles H. Stearns and Mr. Tiffany, the father of Prof. Tiffany, of this city.

Mr. Chambers is a brother of Mr. Frank Chambers, the well known, old settler of this county. Mr. Chambers is here with a view to locating, and if the conditions are favorable he will become a resident of Clallam county. His daughter-in-law came out with him to visit with her relatives here, and will probably remain all winter.

Mr. Stearns is an old soldier, and comes out to make this his home. He is well pleased with his new surroundings, particularly as he finds so many comrades in this community.

Prof. Tiffany's father will make an extended visit with his son.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

SOME FUSION ANYHOW.

Candidates in the West End Getting Together.

Fusion is progressing in Clallam county. There is now only one silver candidate for representative, sheriff and county commissioner for the West end of the county.

Hon. L. M. Ford, who was regularly nominated by the Democrats and Free Silver Republicans for representative has, for the sake of unity and in the interest of harmony among t the silver forces, made the election of a silver man to represent Clallam county in the legislature certain, by withdrawing in favor of John D. Hagadorn, the People's Party nominee.

F. Edwards has taken a high position. Believing that there should be but one ticket for the silver fo es to rally around, he has contributed his share to the eternal fitness of things by retiring and asking all his friends to support William B. Gould, the Democratic nominee for sheriff.

Lincoln Sands, the People's Party nominee for commissioner for the West end, has also withdrawn in favor of the Democratic nominee, S. G. Tuttle, of East Clallam. Mr. Sands gets nothing, asks nothing. He is firmly convinced that there should be but one ticket in the field, and has considered the matter and decided that he is not adverse to supporting Mr. S. G. Tuttle, whom all regard as a man who is splendidly qualified for the place.

There are apt to be further proceedings on this line before the end. It is urgently to be hoped that there will be. With one ticket Clallam county would be solidly in line for Bryan, the State ticket and all county offices.

PUBLIC POLITICAL MEETINGS.

The County Being Thoroughly Canvassed in the Interest of Silver.

T. O. Abbott and Fred. G. Merrill, both able lawyers, will speak at Sequim on Monday, October 19th, at 7:30 p. m. and at Dungeness on Tuesday, October 20th, at 7:30 p. m. The people of the East end should not miss this treat.

Hon. Charles S. Voorhees, of Spokane, who was twice sent to Congress from this state, and one of the best orators of the Northwest, and Hon. J. P. Fay, of Seattle, one of the leading Free Silver Republican orators in the state, will speak at Port Angeles on Monday evening, October 26th, 1896.

Benton Embree and W. L. Marquardt will make a tour of the county in the interest of silver, speaking at Port Angeles, the East end and the West end of the county. Their dates have not yet been arranged.

Louis Williams will also participate in the silver campaign, making speeches during the next two weeks.

Dr. F. S. Lewis, G. V. Smith and others will commence a tour of the county next week in the interest of the cause of the people. These gentlemen will also handle local matters.

Their dates are as follows:

Gettysburg, Monday, October 19th, at 7:30 p. m.

Port Crescent, Tuesday, October 20th, at 7:30 p. m.

East Clallam, Wednesday, October 21, at 7:30 p. m.

OUR CANDIDATES.

Short Sketches of Some of Those Who Will Serve Us.

John D. Hagadorn.

John D. Hagadorn, one of the solid farmers of Quillayute, will receive the support of the silver forces of Clallam county—Democrats, Populists and Silver Republicans—for representative in the legislature.

Mr. Hagadorn was born on October 18, 1851, in Livingston county, Michigan, and is, therefore, just forty-five years of age; just in the prime of a vigorous manhood.

Mr. Hagadorn's early life was spent on a farm—in fact, he has always been a farmer. When John was nine years old his father died and from that time onward he had to rustle for himself. When the civil war broke out in 1861, Mr. Hagadorn's older brother and four uncles enlisted in the union army and served throughout its dreary course.

In 1875 Mr. Hagadorn left Michigan for the broader fields of the west. He located first in San Joaquin county, Cal., where for eight years he followed farming. In the fall of 1883 he came from California to Washington and settled on his farm on Quillayute prairie. He has resided there ever since.

During his thirteen years residence in Clallam county, Mr. Hagadorn has made a record for honesty, integrity and good business ability that is the fortune of too few in this world of ours. Mr. Hagadorn has always been progressive—never failing to contribute of his abilities generously to everything which tended to advance his county or locality. His reputation for everything honorable is of the highest.

Mr. Hagadorn is a student. He has read extensively and to a good purpose. He was a Democrat, until disagreement with the financial policy of President Cleveland drove him, with many, many more over this broad land, into the People's party. He is in perfect accord with the Chicago and St. Louis platforms and the great popular movement that will land Mr. Bryan in the White House.

Mr. Hagadorn is a well equipped man of ripe experience, one who in the legislature will be a credit to Clallam county and the cause of silver.

He is a married man and is the father of three promising boys.

James Dick.

For the office of county treasurer, the popular candidate before the people of Clallam county, the one whose election is easily in sight, is James Dick. James Dick is a Dungeness farmer who has made a success of his business. His farm is one of the best in the county and the county's welfare is a personal concern with him. His education and training especially fit him for the discharge of the duties of the office for which he is a candidate.

James Dick was born in Scotland, June 10, 1862, and come with his parents to this country at the age of three years. He lived in Indiana and Pennsylvania, coming to Washington in 1881 and locating near Dungeness. For fifteen years he has lived in this county and now owns, as stated, one of the best farms in the Dungeness valley.

There is a prevailing sentiment that the treasurer of a county should be a man of property and responsibility. He should be a citizen who is deeply interested in the county. The county could collect on execution from Mr. Dick alone all the money that is likely to come into his hands. No bank failure could cost Clallam county a cent with James Dick as treasurer. Mr. Dick's honesty and integrity need no words of praise. They are known. Jim Dick will receive every Democratic vote, nearly all the Populists and a very large Republican vote.

He will be the next treasurer of Clallam county.

S. G. Tuttle.

S. G. Tuttle, the candidate of the Democrats and Free Silver Republicans for county commissioner from the West End, in whose interest Lincoln Sands, the Populist nominee has withdrawn, is a native of Wisconsin. He was born in Fond du Lac county, that state, November 20th, 1860. He lived on a farm until he was sixteen years of age, when he learned the carpenter's trade. He followed this trade until 1884, when he bought an interest in a machine shop. With his usual energy, he went to work and soon mastered the machinist's trade. This he successfully followed until 1891, when he came to Washington to share in the prosperity that is surely the lot of the Evergreen state. Naturally, when coming to Washington, he sought her best county for his future home and at once located at Clallam Bay. Here, he has lived for five years, long enough to earn the esteem of all who know him.

Two years ago he was the Democratic nominee for county commissioner from his district, and although he paid but little attention to the campaign, he was defeated in that Republican year by only 1 vote. This year with the united Democratic, Free Silver Republican and Populist vote, not to mention the large numbers he will receive from the Republicans, his election is assured.

Mr. Tuttle will bring to the office of county commissioner an experience which, with his splendid judgment and business ability, will be invaluable to Clallam county.

George Lotzgesell.

The nominee of the Democrats and Free Silver Republicans for county commissioner for the Easternmost of Clallam county's three commissioner districts is a Clallam county boy. He is the only native son now running for office. Geo. Lotzgesell was born on a farm near Dungeness, Clallam county, May 18, 1860. The Lotzgesell family is one of the most thrifty in the state.

George's father is still living, and has for years been one of the central figures in Clallam county. His children are all citizens of Clallam county and are what is called "well to do." They are all industrious, intelligent; of the kind of material which has made the fame of the Western pioneers lasting. Upon such does the foundation of our Republic rest.

The subject of our sketch owns and resides upon one of the best farms in the Dungeness valley. He owns property in Port Angeles. By hard work and thrift he has made a success of his own business affairs.

Being a heavy tax-payer, Mr. Lotzgesell is working for himself when he works for the county's interests. His honesty and integrity has earned for him the respect of all those who have seen him grow from youth to manhood's estate in Clallam county.

George Lotzgesell will probably get most of the Populist vote and draw largely from the Republicans. He will be a member of the next board of county commissioners.

Boy Killed.

The only son of Frank Robinson, of Eden Valley, accidentally shot and killed himself Saturday last. He and some boy companions were out hunting and fishing. He was left alone with a shot gun while the other boys went up a stream to fish. The boys had not gone far before they heard the report of a gun. They went back immediately upon hearing the shot, and found young Robinson dead. Examination showed that the entire load of shot had entered his side, in all likelihood killing him instantly. It was a very sad occurrence, and Mr. Robinson has the sympathy of a large circle of friends in the loss of his bright little son.

Did You Ever Make Money Easy?

MR. EDITOR.—I have read how Mr. C. E. B. made so much money in the Dish Washer business and think I have beat him. I am very young yet and have had little experience in selling goods, but have made over eight hundred dollars in ten weeks selling Dish Washers. It is simply wonderful how easy it is to sell them. All you have to do is to show the ladies how they work and they cannot help but buy one. For the benefit of others I will state that I got my start from the Mound City Dish Washer Co., St. Louis, Mo. Write to them and they will send you full particulars.

I think I can clear over $3,000 the coming year, and I am not going to let the opportunity pass. Try it and publish your success for the benefit of others.

A Farmer Candidate.

EDITOR DEMOCRAT: I have had many voters ask me the question if you are elected propose utilizing a portion of your time to assist you in the discharge of the duties of that office?" I have told all such that I would conduct the affairs of that office without a deputy or a clerk and without any assistance whatever, except in murder cases or in cases involving a large amount of money. I am satisfied that I can do this now, as the law requiring prosecuting attorneys to collect delinquent taxes has been repealed, thus releaving the prosecuting attorney of some of the duties formerly imposed on that office. As economy now seems to be the watch word, I am willing to do my part in reducing the expenses of this office as much as possible.

Respectfully,
D. W BRYAN,
Nominee for Prosecuting Attorney on Democratic Ticket.

A Wife Equal to a Gold Mine.

Will some of your readers give me a good recipe for making cold starch? am selling self-heating flat irons and iron a little at every house and have to use some starch every place and want to know how to make good cold starch. My husband was in debt and I being anxious to help him thought I would sell self-heating flat irons, and I am doing splendidly. A cent's worth of fuel will heat the iron for 3 hours, so you have a perfectly even heat. You can iron in half the time and no danger of scorching the clothes as with the old iron, and you can get the most beautiful gloss. I sell at nearly every house, as the iron saves so much fuel everybody wants one. I make $1.50 on each iron and have not sold less than ten any day I worked. My brother is doing well and I think anyone can make lots of money anywhere selling irons. J. F. CASEY & CO., St Louis, Mo., will start anyone in the business, as they did me, if you will address them.

Notice of Sheriff's Sale.

Merchants National Bank, a corporation, Plaintiff.
vs.
Warren R. Dodge, Emma A. Dodge and Inez May Dodge, Defendant.

State of Washington, County of Clallam, ss:

Under and by virtue of an order of sale or special execution, issued out of the Superior court of the State of Washington, in and for Clallam county, in the above entitled action, dated the 7th day of October, 1896, upon a certain judgment of foreclosure of mortgage, rendered and entered in said court of the 7th day of October, 1896, for the sum of nine hundred and thirty-eight ($938.00) dollars and thirty-two ($32.00) dollars costs of suit, interest and accruing costs, and to me duly directed and delivered, commanding me to levy upon and sell according to law, the lands therein described, to-wit:

Lots eighteen (18) and nineteen (19) in block thirteen (13) of the original townsite of Port Angeles, in Clallam county, state of Washington.

Notice is hereby given that I have duly levied upon the lands above described, and that on Saturday, the 7th day of November, 1896, at the hour of 10 o'clock in the forenoon of said day, at the north front door of the court house, of said county, situated in the city of Port Angeles therein, I will sell all of the above described real estate, or so much thereof as may be necessary, at public auction, to the highest bidder, for cash, to satisfy said judgment, interest, costs, and accruing costs.

Dated this 9th day of October, 1896.

W. J. DYKE,
Sheriff of Clallam County, Washington.

ROUSING SILVER MEETINGS.

Large and Enthusiastic Audiences Greet Mr. Jennings in the County.

Robert W. Jennings has completed a tour of Clallam county. Commencing at Port Angeles, October 1st, Mr. Jennings has been all over the county, making all told eleven speeches. Everywhere he was greeted with large audiences. The cause of silver and Bryan has been benefitted in a great degree by his meetings. Mr. Jennings' presentation of the money question is clear, logical and comprehensive. Conviction cannot fail to follow his argument. Letters from the East and West confirm the report that the converts to the cause of the people have been numerous as a result of Mr. Jennings campaign in this county.

There is but little question that Mr. Jennings will himself carry this county by a large majority.

That he will carry Jefferson and Island also seems certain.

At the Council.

The city council met in regular session Wednesday evening.

Davis, on behalf of the street committee, stated that he had seen work done on the south approach of Peabody bridge, and thought that the puncheon should be placed back.

Quinn thought they could make a road out of the puncheon that would do for this winter.

It was moved by Stewart that the report be accepted, and that the street commissioner be instructed to place puncheon back and cut ditches on each side. Carried.

Moved by Munro that Mr. Marquardt be allowed to lay a walk along Eunice street in front of Mr. Lutz's place. Carried.

Mr. Stewart stated that he had examined the reports of the clerk and treasurer and found them all right.

Clerk was instructed to notify Justice Carusi to make his monthly report.

The following bill was read and allowed: W. L. Marquardt, for service in the case of the Bank of Commerce vs. Port Angeles, $250.

Following bills read and referred to finance committee:

William Graham, labor on streets	$ 53 00

The report of electric light manager read and referred to finance committee.

It shows receipts amounting to $249.35; expenses for month, $237.66; disbursements, $249.35.

A communication from County Auditor Troy was read, which showed the assessed valuation of lands within the limits of the city of Port Angeles, as equalized by the County Board of Equalization, as follows:

Real property	$767,319 00
Personal	41,371 00
Total	$808,690 00
The old original townsite was equalized at	$160,960 00
That portion formerly "reserve"	290,850 00

Assessment district ordinance read and referred to ordinance committee:

Mr. Tillman allowed $2 for clearing brush on the road to the cemetery.

The council then adjourned to meet next Wednesday night.

I hereby announce myself as an independent candidate for the office of Prosecuting Attorney, to be voted for at the general election to be held Nov. 3d, 1896,

JAMES STEWART.

Three pounds of walnuts for 25 cents at Lauridsen's.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later." For sale by J. C. Hansen, Druggist.

A Dandy Thing to Sell!

I have been doing so well this summer selling combination dippers that I think it is my duty to tell others about it. I have not made as much money as some I read about, but I never make less than $3, and often $5 a day; the dipper can be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a sick room warming pan, and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house, as it is so cheap. You can get a sample by sending, as I did, 18 two-cent stamps to pay postage, etc, to W. H. Baird & Co., Station A, Pittsburgh, Pa., and they will mail you a dipper, and you can go right to work. Anyone can make $3 or $4 a day anywhere.

DEMOCRATIC COUNTY CAMPAIGN.

Continued From First Page.

Similar affidavits by G. W. Meagher, D. G. Munro and H. J. McGregor were then read.

It didn't amount to *much* the speaker said—only a dollar now and then, but had Richardson any right to it? It was one of Richardson's favorite remarks that "people who live in glass houses shouldn't throw stones," but Richardson didn't live in a glass house, he lived in a *brick house*. Michael Geraghty could tell how he got it—(and the speaker held up three fingers) *three* per cent. a month. Was that Populism? No, it was not Populism. That was what Populism organized to abolish, but Richardson could plead in extenuation that at the time he made this three per cent. mortgage, which robbed Mr. Geraghty of his home, he was a Democrat.

The Cause of his Woe.

Referring to Richardson's threat that in case of his election THE DEMOCRAT-LEADER should have no county printing, the speaker said that the cause of his enmity toward the owners of that paper was abundantly shown by the affidavits which he held in his hand. Richardson had tried to bulldoze them into giving him a rake-off of twenty-five per cent. on the proceeds of all land office proofs. That he had also tried the same scheme with E. M. Bohall, at that time editor of The People, and failed.

The speaker then read affidavits as follows:

STATE OF WASHINGTON, } ss.
COUNTY OF CLALLAM }

John W. Troy being first duly sworn deposes and says that in the summer of 1893 he was president of The Democrat Printing & Publishing Company. That A. A. Richardson, clerk of Clallam county, interviewed him several times during said summer as to furnishing said paper with a part of the notices of final proof for publication; that said Richardson demanded that for all proofs so furnished by him that he should receive of the price to be paid said paper the sum of *twenty-five per cent.* That the said John W. Troy refused to entertain such proposition, but told the said Richardson that if any rebate was made on the price of such publications it would have to go to the owners of the lots on the reserve.

JOHN W. TROY.

A similar affidavit concerning THE DEMOCRAT-LEADER made by L. R. Flowers, business manager, was also read.

The following is the affidavit of E. M. Bohall:

STATE OF WASHINGTON, } ss.
COUNTY OF CLALLAM }

E. M. Bohall being first duly sworn deposes and says, that in the year 1893 he was publisher of "The People," a weekly newspaper published at Port Angeles, Washington. That during the summer and fall of 1893 he received final proof notices for publication from parties who proved up before A. A. Richardson and that the said Richardson demanded from the said Bohall the sum of *twenty-five per cent.* of the proceeds of said publication, with which demand the said Bohall refused to comply, and that thereupon the said Richardson said he should get no more notices if he, the said Richardson, could prevent it.

Referring to Richardson's opposition to fusion the speaker had the greatest respect for those who were opposed to fusion from principle, but it could be shown that as soon as Richardson had got his own nomination on the People's party ticket he made overtures for fusion to A. A. Smith, a member of the fusion committee of the Free Silver Republican party, and when asked to go before a committee of his own party and deny the fact in the presence of Smith, had refused to go.

Dr. Lewis closed by thanking the audience for their close attention and was loudly applauded.

Each hit made by Dr. Lewis was vociferously applauded. The audience was large and enthusiastic throughout.

Dan Bryan Speaks.

D. W. Bryan followed Dr. Lewis. He, too, took a turn at flaying Richardson to the great delight of the audience. Mr. Bryan showed that Richardson had not dealt altogether with facts when attacking him. He showed that the cost of clerk hire in his office had been exaggerated. He admitted having a clerk a portion of the time, but stated that he had the delinquent tax list to collect when he was prosecuting attorney.

Bryan also answered the accusation made that he had permitted the county's interests to lag in the matter of the settlement with Clump.

Richardson had devoted a considerable time to praising Prosecuting Attorney Stewart. Bryan stated that the bondsmen of M. J. Clump had offered to pay whatever shortage that appeared due after a settlement with Clump, provided, a year's time were given, and they would secure the county in the meantime.

This, he said, did not suit Mr. Stewart. A suit was commenced to get not only the amount that the county was short, but the amount which the county had accepted securities for.

A judgment was secured for only the amount short after credit was taken for the securities, and on a motion for a new trial this judgment was set aside on the ground that Stewart had neglected to get consent to commence the suit.

Therefore, after two long years, in which all assistance asked had been granted, the county, instead of having the money, or even good security, had a case pending in the supreme court—a case in which the lower court had decided against the county. Bryan also stated that Stewart had engaged an attorney to assist in these cases at a cost to the county of $1,500, and had it not been for the interference of a taxpayer by injunction, the county would have been out this sum in addition to the great cost it was put to besides losing the suit.

SUMMONS.

State of Washington, County of Clallam, ss.
In the Superior Court of the State of Washington for the county of Clallam.

John W. Troy, as the receiver of the Angeles Manufacturing & Development Company, Plaintiff.

vs.

H. K. Bickford, T. A. Vaughn and Lucy Vaughn, the wife of said T. A. Vaughn, Defendants.

The State of Washington to the said H. K. Bickford, T. A. Vaughn, and Lucy Vaughn, the wife of said T. A. Vaughn, defendants:

You are hereby summoned to appear within sixty (60) days after the date of the first publication of this summons, to-wit: Within sixty days after the 16th day of October, 1896, and defend the above entitled action in the above entitled court and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorney for plaintiff, at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

The object of said action is to obtain a judgment and decree of said court cancelling and setting aside a certain deed of conveyance dated March 27th, 1895, executed by said H. K. Bickford to said T. A. Vaughn to the following described lands situate in Clallam county, State of Washington, to-wit: Urban lots 8 and 9 in block 107 in the town of Port Angeles; known as the United States government townsite reserve; also lot 16 in block 19 of Norman R. Smith's subdivision of the townsite of Port Angeles; lots 23 and 28 in section 30, and lots 6 and 11 in section 31, all in township 31 north, range 9 west of Willamette Meridian; all of the northeast quarter of the northwest quarter of section 21 in township 30 north, range 5 west of Willamette Meridian; all of the northwest quarter of the northwest quarter of section 29 in township 30 north, range 5 west of Willamette Meridian; all of section 21 in township 30 north, range 5 west of Willamette Meridian; and to further adjudge and decree that said deed of conveyance is null and void as to said lands and this plaintiff and that said lands are the lands of said H. K. Bickford in fee simple and that the said T. A. Vaughn and Lucy Vaughn have no interest therein, and to subject said lands to the lien of that certain judgment rendered in favor of Plaintiff against said H. K. Bickford, in the above entitled Court on or about the 13th day of July, 1896, in cause number 1228, for the sum of $1077.09 and costs taxed at $25.60, and to have said lands sold and the proceeds applied to the payment of said judgment, costs and interest thereon and to the costs of this suit, and for such other or further relief as the Plaintiff may be entitled to. The plaintiff designates the above-entitled court sitting at Port Angeles in said Clallam County, as the place of trial of this action. The date of the first publication of this summons is October 16th, 1896.

A Good Wind Mill—Make it Yourself.

I made one of the People's wind mills which I saw recommended in your paper recently, it only cost me $9 40 and is a splendid mill; my well is deep, but it pumps it all right and with very little wind; the neighbors all like it, and as I am a kind of a carpenter, I have agreed to put up nine mills already, on which I can make a nice profit, and there are many others for whom I can put up mills this fall. I dont see why every farmer should not have a wind mill when they can make it themselves for less than $10, any one can get diagrams and complete directions for making the wind mill by sending 18 two-cent stamps to pay postage etc., to E. D. Wilson & Co, Allegheny, Pa., and there can be dozens of them put up in any locality by any one that has the energy to do it.
