VOL. 7. NO. 25. PORT ANGELES, CLALLAM COUNTY, WASHINGTON, FRIDAY, OCTOBER 23, 1896. PRICE FIVE CENTS

SUPERIOR JUDGESHIP.

What It Has Cost Clallam County For Four Years

TO MAINTAIN A SUPERIOR COURT.

Some Things For the Voters of Clallam, Jefferson and Island Counties to Consider When Voting for Superior Judge—An Incompetent Judge Costs Money—Vote for Robert W. Jennings and Save Money for Taxpayers.

There are many things that should be taken into account in casting your vote for the office of superior judge. The legal ability of the candidates is one. Their natural talents is another. And then there is another thing that is not inconsiderable during these hard times. The people of all the counties which make up this judicial district—the taxpayers of Clallam, Jefferson and Island counties—are interested in reducing expenses.

A judge who overrules himself every little while; one who permits lawyers to drag the proceedings of the court unnecessarily; one whose health, sluggish mind and uncertainty are such that it takes two or three times longer than necessary to try a law suit is an expensive luxury. At least this has been the experience of Clallam county.

Some people probably do not realize what it has cost this county during the last four years to maintain its superior court. It has cost the taxpayers of Clallam county to support its superior court for four years under James G. McClinton the snug little sum of $24,627.21. Here are the figures, study them well:

EXPENSES OF CLALLAM COUNTY SUPERIOR COURT.

July 1, 1892, to June 30, 1893		$ 7,476.51
" 1893, to	" 1894	8,073.20
" 1894, to	" 1895	3,659.90
" 1895, to	" 1896	5,417.60
Total for four years		$24,627.21
An annual average of		$ 6,156.80¼

This does not take into account stationery, furniture, postage, fuel or janitor's services or state's portion of his salary.

The cause for this is so palpable that it is a common remark to hear Seattle lawyers, who have had suits here, say: "If only Judge Humes were on the bench." Or to hear Townsend attorneys say: "If only Ballinger were here to try this cause, we would finish in one-half the time."

Do the voters of Clallam county want a continuation of this? Do the voters of Jefferson county want such a court fastened upon them? Do the voters of Island county feel that their county can afford four years of this kind of administration?

It is not necessary that they should have it so. The Democrats, Populists and Silver Republicans have nominated for superior judge a young, vigorous, lawyer; one whose knowledge of the law is excellent; one who thinks rapidly and reasons exactly; one who is not a dyspeptic and one who can and *will* rush business.

Remember, when a score or so of witnesses and two dozen jurors are waiting on the court that *time* is *money* to the *taxpayers* of a *county*.

THE DEMOCRAT-LEADER believe that the voters of Clallam, Jefferson and Island counties appreciate these facts. It believes they will vote for Robert W. Jennings for superior judge.

Robert W. Jennings.

Robert W. Jennings, the nominee of the Democrats, Populists and Silverites for superior judge, of Clallam, Jefferson and Island counties, was born in Brooklyn, N. Y., November 10th, 1864. He was educated at Phillip's Academy, Exeter, N. H., Vanderbilt University, Nashville, Tenn., and Harvard University, Cambridge, Mass., where he was a class-mate of William R. Hearst, the great journalist.

In 1885 Mr. Jennings was appointed to a position in the war department at Washington, D. C., under civil service examination. Here he studied law at the night classes of Georgetown Law School and graduated second in his class in 1888. He was admitted to the bar the same year and resigned his position in the war department. He was then employed by the Columbia Title Insurance & Abstract Company, Washington, D. C., as examiner of titles.

Believing that the West offered better opportunities for a young man than the East, Mr. Jennings resigned this position in 1889 and come to Seattle. After the Seattle fire, he removed to Port Townsend, where he has since resided.

He served one term as prosecuting attorney of Jefferson county where his record was honorable and creditable to him as a man and lawyer. It is admitted by those who know Mr. Jennings that he is a man of exceptional natural abilities, and that he has a thorough legal education. Being a student, his extensive law practice has added to his knowledge of the law. Mr. Jennings will go on the bench as one of the best equipped judges in the state of Washington.

Mr. Jennings has, by hard work and honorable dealings, built for himself a reputation that could well be the pride of a much older practictioner.

There is no reason in the world why a Democrat, Populist, or a Free Silver Republican should not vote for Mr. Jennings. His character is of the best. He is honest, fearless and upright. His morals are good. In all of these he is the peer of any man. In legal learning and talent, his opponent is not to be compared with him. He is young, vigorous and in good health. He is a rapid thinker and a good reasoner. As a judge he would, therefore, naturally save much in time and money to the county that would not be the case if Judge McClinton should be re-elected. While, as said, there is no reason why Mr. Jennings should not receive the unanimous vote of his party, these are some good reasons why he should receive the vote of every taxpayer no matter what his politics.

It is safe to predict that Mr. Jennings will receive a large majority in Clallam county. Jefferson and Island counties will also give him majorities. Mr. Jennings will be Judge Jennings after next January.

HOW TO MARK YOUR BALLOT!

Do Not Lose Your Vote, or Allow Any of Your Neighbors to Do So From Ignorance of the Law.

The Official Ballot This Year Will Appear in a New Form—Study Well The Following Facsimile and Instructions, and Show Them to Your Neighbors and Friends.

The ballot law of the State of Washington has been amended since the last general election. The blanket ballot of two years ago is a thing of the past. The official ballot this year will be a strip of paper eight inches wide, and long enough to contain the names of all candidates legally nominated by convention or otherwise. The amended statute provides the following form, and prescribes that it shall be conformed to as closely as possible. Instructions as to how to mark the ticket will be printed upon the right hand margin of every ballot as shown below:

It will be seen that the name of all the regular party organizations making nominations in the state are grouped together at the top of the ballot.

All the candidates for each office to be filled are grouped together under the title of that office. At the left of each candidate's name is the name of his party, and at the right a blank space is left for marking an "X." At the top of each group, at the left, will be found the line "vote of four," "vote for two" or "vote for one," as the case may require.

The new ballot is much more simple than the old and will prove more satisfactory to the great mass of the electors when they are once accustomed to its use.

An "X" marked opposite the heading of any one party ticket, at the top of the ballot, votes the straight ticket of that party.

To vote for any candidate of any other party place an "X" opposite the name of such candidate at the right.

Confusion in marking is likely to occur in the minds of many electors this year owing to the fusion arrangement entered into at the Ellensburg convention.

Every voter should have impressed upon his mind, and carry with him to the polls these facts:

There is no "Democratic Ticket" in the State this Year.

The Presidential Electors placed upon the ballot under that name are put there for the purpose of aiding McKinley.

The Bryan Electors will appear on the ballot opposite the name of the "People's Party Ticket." There are Four of Them; Nathan T. Caton, Isaac N. Maxwell, John B. Hart and DeWitt C. Newman.

To Vote for Silver and the **Fusion State Ticket, place an "X" in the space opposite the name "People's Party Ticket,"** at the top of the ballot.

An "X" placed in the space opposite the name **"Democratic Ticket,"** at the top of the ballot, is a vote for the **Gold Democrats,** and **Against Bryan.**

The same **"X"** used as above will **not** vote the **"Democratic County Ticket."**

To vote the Local Fusion Ticket mark an "X" opposite the name of each candidate, as shown in the form below.

It is ALWAYS SAFE to ignore the party names at the top of the ballot, and **mark an "X" after the name of every candidate for whom you wish to vote,** from the top of the ballot to the bottom. In doing this the **"X"** must be placed after **all FOUR** of the **Presidential Electors.**

Don't Forget that the **Fusion State Ticket** appears after the name **People's Party,** while the **Fusion County Ticket** appears after the name **Democrat.**

ROBERT G. INGERSOLL ON SILVER.

He, Too, Has Changed His Mind—Silver Was Demonetized by Fraud.

Robert G. Ingersoll is one of the McKinley orators who has evidently felt the magnetic touch of Mark Hanna. A short time ago this eloquent orator made a tour of the country lecturing to farmers. The following is taken from the authorized edition of his lecture on "Farming," published in pamphlet form for circulation.

Ingersoll said: "For my part, I do not ask any interference on the part of the government, except to undo the wrong it has done. I do not ask that money be made out of nothing. I do not ask for the prosperity born of paper. But I do ask for the *remonetization of silver Silver* was *demonetized* by *fraud*. It was an imposition upon every solvent man; a *fraud* upon every *honest debtor* in the United States. *It assassinated labor*. It was done in the interest of *averice* and *greed*, and should be undone by *honest men*. The *farmers* should *vote* for only such men as are able and willing to guard and advance the *interest of labor*."

THE BANKERS' FIAT.

Judge Winsor Explains the Fiat Money Wanted by Gold Standard People.

Judge Winsor and Judge Lichtenberg were greeted with a large audience at Dungeness Friday evening. Their exhaustive and clear arguments strengthened the people's cause there as they have done wherever these able speakers appear.

Judge Winsor's expose of the fiat money argument of the gold standard advocates is clear and convincing.

He shows conclusively that the gold standard people are the monumental fiat money people. They are, however, devotees of the bankers' fiat rather than that of the government. For instance, New York bankers have a capital stock of $52,000,000. These same banks, however, have loaned to the people of New York thirteen times as much as the amount of their capital stock. There is not money enough in actual circulation in the United States to pay the loans and discounts of New York banks alone. What does this mean? Simply this: The banks have loaned to the people of New York their own credit, and are collecting interest on it. The business of New York, as that all over the country, is done on credit. There is not enough money in circulation for them to approach a cash basis for business.

A man has credit. The bankers take his note and enter up a credit to him. Against this he is permitted to draw his check. It is presented to one of the numerous banks of the city, and another takes credit for it. It goes into the clearing house, where each bank trades checks with every other, and clearing house certificates are given to which ever bank is entitled to a balance after the trading is done. Thus they go, so that but little money is needed. It is simply a constant exchange of credits—for which the bank charges large interest. Therefore, these same people who are so afraid of the government's fiat are willing to pay large interest for the banks' fiat.

Judge Winsor argues that the demand for money with which to do business without having to pay interest in order to use credit is sufficient to not only keep silver at a par, but to make room for a large paper circulation which would also be kept at a par.

MR. E. B. MASTICK,

A Worthy Man Who Jefferson County Should Send to the Legislature.

The encouraging news is received that E. B. Mastick, formerly of this city, and one of the fusion nominees for representative in Jefferson county, will in all probability be elected. This will be gratifying to the many friends of that gentleman in this county and elsewhere in the northwest. Mr. Mastick was for a long time a resident of Clallam county. He served two years as county commissioner for this county and when his term of office had expired, Clallam county was but three months behind in its county warrants—the total debt being less than $3,000 all told, and Clallam county warrants selling from par to one per cent. and two per cent. premium. While a member of the board of county commissioners, Mr. Mastick established beyond question his right to a reputation for honesty and ability.

Mr. Mastick is a man who has had experience in public affairs and one who will, if elected, make an exceeding useful member of the legislature. If Jefferson county people elect him they will make no mistake. They will be well and ably represented.

Mr. Mastick is the soul of honor—one of nature's noblemen and one whom any people should be proud to honor.

THE DEMOCRAT-LEADER hopes to be able to extend its congratulations to Mr. Mastick upon his election and the people of Jefferson county upon their choice of a representative after November 3rd, 1896.

DEMOCRATIC RALLIES.

The Democratic Candidates Accompanied by Dr. Lewis and G. V. Smith Stumping the County.

The Democratic candidates started West on Monday. They were accompanied by Dr. F. S. Lewis and G. V. Smith.

Monday evening a meeting was held at Gettysburg. W. F. Barker presided. There was a good audience and Dr. Lewis, Geo. V. Smith and D. W. Bryan made rousing speeches. J. P. Christensen and J. E. Beam made short talks also. The audience was well pleased.

Tuesday night the same aggregation held forth to an enthusiastic audience at Port Crescent. At each place Richardson was fully and satisfactorily answered; not only this, but his own crooked methods shown up.

At East Clallam a very interesting meeting was held on Wednesday evening. It was somewhat more than interesting—it was decidedly tropical. A. A. Richardson was there when the meeting took place and after Dr. Lewis, had answered him and pointed out very plainly the shortcomings of Richardson, the fog horn attempted what he called an answer, but in fact was a practical admission of about every substantial charge made.

He admitted holding the county up for half the land fees; he admitted collecting fees after the first term of office had expired while he had no new contract; he admitted that he had demanded a 25 per cent. commission from newspapers for notices of publication which he might be able to furnish. The The Democratic speakers were frequently applauded and warmly congratulated at the close of the meeting.

The meeting was considered by all as very satisfactory from a Democratic standpoint.

The speakers went from Clallam to Beaver where they appeared yesterday. They will complete a tour of the West End of the county early next week.

THE villianous attack made by a few renegade Port Townsend Democrats upon Mr. Jennings is inspired by envy. It is entirely a personal affair on their part, and the animus lies in the fact that the Democrats of Jefferson county preferred Mr. Jennings to them. These are aided by a few lawyers who feel that Mr. Jennings will not be their personal property when he becomes judge of the Superior court.

A. R. Chitwood has bought an interest in a restaurant in Rossland, B. C.

W. H. Mock has purchased the undertaking business of S. H. Brown. He took possession yesterday and will conduct the business in the future.

The congregational church gave a delightful social and musical entertainment Tuesday evening in the Odd Fellows' hall. The room was crowded with an appreciative audience.

Hair Restored to Natural Color.

I have used many preparations for restoring hair to natural color, but never had satisfactory results till I used Zulu Vulier; it will restore any hair or beard to its natural color in three weeks. If it does not they return your money, so you take no risks. People who have never tried it can get a sample package which contains enough to restore any on's hair to natural color, by sending 21 two-cent stamps, to pay postage, etc., to Wilson & Co., New Concord, Ohio. The regular price is $2.50 per package. If it does not restore your hair to natural color, or make any color of hair darker in three weeks, they will return your stamps. This proposition is so fair is so fair that thousands are using it. It is harmless, but never fails. Why can't big money be made by selling Zulu Vulier from house to house. 2

Do not permit a continuation of the McGraw regime. Vote for John R. Rogers for governor.

THERE are more than 2,000 enrolled members of the Bryan Silver club in Canton, Ohio, the home of Major McKinley.

MR. JENNINGS will go the bench from an active law practice. Judge McClinton was appointed judge from a Quilcene farm.

GEORGE LOTZGESELL, Charles E. Gilmur and S. G. Tuttle, will make a model board of county commissioners. Vote for them.

JOHN R. ROGERS stands for economy in state affairs. Vote for him and with him for the entire People's party state ticket.

MR. JENNINGS is a young man, 'tis true, but has Judge McClinton actively practiced law any longer than Mr. Jennings has?

THE Bryan electors are *Nathan T. Caton, Isaac N. Maxwell, John B. Hart* and *Dewitt C. Newman.* Don't forget the names. Vote for them.

JOHN B. ALLEN was a silver man until since the opening of the present campaign. His brother is one yet, and is stumping the state for Bryan.

RICHARDSON says that he will not give THE DEMOCRAT-LEADER any printing if he is elected to office. He will probably give it all to the Tribune-Times and continue to collect a commission for it.

REMEMBER, voters, John R. Rogers, if elected governor, will NOT VETO A DEFICIENCY JUDGMENT BILL when passed by a Democratic Peoples' party and Free Silver Republican legislature.

IF economy is what is wanted in county affairs vote for Tuttle, Lotzgesell and Gilmur.

VOTE for Dan Bryan for prosecuting attorney. He will run the office without a deputy and give the county a lawyer's services.

POPULISTS who are such from principle will hardly waste a vote on three-per-cent-a-month Richardson. They will vote for J. P. Christensen.

J. E. BEAM is one of the most thorough and competent men who ever aspired to office in Clallam county. He has nothing either in his past public or private record that will not bear investigation in the light of day.

WILL Richardson make an affidavit that he never received a commission from the Tribune-Times for the printing that he has turned into that paper. The publishers of the Tribune-Times will not make such an affidavit.

THOMAS GARFIELD, of Grand Rapids, Mich., brother of the late President James A. Garfield, is out in a strong letter endorsing the candidacy of William Jennings Bryan. He says the Republican party has departed from the principles of Lincoln, Logan and Garfield.

DEMOCRATS and Populists will not pay much attention to the Townsend Call's abuse of Robert W. Jennings. That paper is supporting the Republican national and legislative tickets. Of course it opposes the election of a silverite to office. One had as well believe the Courier as the Call.

IN another column will be found a statement of what it has cost this county to maintain Judge McClinton's court. This should be a sufficient reason in itself to cause the voters to vote for Robert W. Jennings for judge. An expense bill like that which our county can show up is the best evidence of incompetancy.

REV. FATHER NUGENT, of Iowa, a Catholic priest of great ability, who has taken the stump for Bryan since Bishop Ireland's manifesto was given out, sums up the campaign about right. He says it is an issue between those who go forth in the morning in search of an appetite for their breakfast and those who go in search of a breakfast for their appetite.

ROBERT W. JENNINGS is accused of being a young man. Pitt, Bonaparte, Clay and Bryan have, each in his turn, had to meet this charge. Pitt was premier of England at 29; Bonaparte was first consul of France and Clay was speaker of congress before they were 30; Bryan was a congressman at 30 and will be president at 36. Surely, Mr. Jennings at 32 should be old enough to be superior judge of Clallam, Jefferson and Island counties.

THE LEGISLATIVE TICKET.

Democrats and Free Silver Republicans must not forget to place an X after the name of John D. Hagadorn, the candidate of the combined silver forces for representative. Mr. Hagadorn is a representative farmer of ability. He understands thoroughly the needs of the people. He stands for all that the candidacy of William J. Bryan stands for. A vote for him is, therefore, a vote for the Chicago platform.

It is essential, to give full force to the victory for the people in the certain election of William J. Bryan for president, that the senate of the United States should be in full accord with his administration. It is the duty of the silver people of this county—Populists, Democrats and Free Silver Republicans—to do their part toward the consummation of a complete victory. This can only be done by the election of John D. Hagadorn for representative. Mr. Hagadorn's name will appear on the Peoples' party ticket. Place your X after it.

The O. K. Grocery still leads in low prices. Everything new and clean.

SOME OF OUR REASONS.

Early in the campaign Richardson asked why THE DEMOCRAT-LEADER did not want him in the auditor's office of this county. We have given some reasons and will briefly recapitulate.

In the first place the Democrats and Free Silver Republicans have a nominee in the person of J. P. Christensen, who is honest, industrious and capable. One who is by all odds the most competent candidate for that office. He is an honest man, and therein lies a reason sufficient in itself to support him as against Richardson.

Richardson, when drawing a salary from the county of Clallam of $1000 a year for his time and services, held up the board of county commissioners, and by refusing to take any final proofs, unless one-half of the fees were turned over to him, beat the county out of over $1.300. This THE DEMOCRAT-LEADER does not believe to be the proper thing for a county officer to do.

THE DEMOCRAT-LEADER does not believe that a man who asks a commission on all the work or patronage he has at his disposal, and Richardson must admit that he has done such, is a safe man to have in a county office.

THE DEMOCRAT-LEADER believes that an officer is allowed a salary to pay him for his services and that he has no right to collect from newspapers or anyone else, one cent that the law intends for payment of their services.

THE DEMOCRAT-LEADER believes that honest men should be chosen to office, therefore, it is opposed to the candidacy of A. A. Richardson and supports that of J. P. Christensen.

J. P. CHRISTENSEN.

J. P. Christensen is not excelled in the county as a bookkeeper and accountant. His integrity is above reproach. He has a good education and is one of the most intelligent and thorough men in the county. It is, indeed, seldom that a man is nominated for office who combines so many admirable qualities as are found in Mr. Christensen. His experience, his education, his methodical, careful methods all count greatly in his favor. If the voters really desire the best man possible for the auditor's office they will certainly vote for J. P. Christensen.

ANOTHER CAMPAIGN BOOMERANG.

It is claimed that Richardson's supporters are urging that J. P. Christensen, the Democratic and Silver Republican nominee for county auditor, is not a large property owner in this county. That is pretty good itself. Will these people please relate how Richardson acquired his property in Clallam county? Will they tell how much property Richardson had before he was elected to office four years ago? Does not the fact that Richardson held up the county for a large portion of the fees that the law says should be turned into the county treasury account for some of his great wealth? Then there are his commissions, collected for the bestowal of patronage; and, last, but not least, his numerous 3 per cent a month mortgages!

FRANCIS CASEY,

TO THE FRIENDS OF REFORM.

The Free Silver Republicans of Clallam county expect to cast 150 votes. So thoroughly in earnest are these men who have left their old party for a principle that they will, almost to a man, vote the reform ticket from top to bottom. In their efforts for a union of interests given at the conventions they were given, as a just recognition of their strength and stauding, three places on the fusion ticket. True to the cause for which they have enlisted, they consented, rather than to run any chances of seeing that cause defeated, to allow their candidate for the legislature to retire in favor of the People's party nominee.

This was done with a feeling that their People's party friends and allies would appreciate the sacrifice and give honor and aid where such are due.

Messrs. J. E. Beam for county clerk and Charles E. Gilmur for county commissioner are the only representatives that this very important element in the crusade for justice and humanity have left on the local ticket. It will show a broad-mindedness, a spirit of fairness, appreciation and reciprocal feeling on the part of the true friends of the cause in Clallam county if both Mr. Beam and Mr. Gilmur meet with a triumphant election. Otherwise our People's party friends will lay themselves liable to the accusation, already too often made, that they are not a party of true reformers, but are merely out for offices. Our friends cannot afford to permit this indictment to hang. There is too much at stake in the future organization of the new great party of the people.

WHAT DO THEY MEAN?

Are the gold bugs who threaten revolution in earnest? At Detroit, John M. Palmer, Hanna's decoy candidate for president. said:

"For myself, I would prefer to live under a righteous monarchy than to submit to such principles as those declared in the Chicago platform."

There you have it! The man who pretends to be running for president to *save* the *Democratic party* not only repudiates government by the people, but he hints at a refusal to *submit* to the popular will constitutionally expressed. And Palmer pretends to be a Democrat!

But this is not all. Coming hot upon the heels of this anarchistic statement is the declaration of Boss Platt's right hand man, Edward Lauterbach, president of the American Express Company, who, in a speech to the Union League, a New York Republican club, many of the members of which are millionairs, said:

"You are fighting today for just as important a principle as did those brave men in 1861, but is a bloodless fight. No blood will be shed—at least not yet, but if they attempt to subvert your supreme court, if they should succeed, by any chance, in foisting upon you these horrible doctrines—anarchistic, socialistic and communistic—which that platform, adopted by this Populistic brood, contains, WE WILL NOT ABIDE BY THAT DECISION."

What did he mean? Here is the chairman of New York's Republication committee, a many times a millionaire, threatening to refuse to abide by the decision of the voters. It is added to a similar statement made by John M. Palmer, a goldbug United States senator. Do they mean that they will attempt to prevent Bryan's inaugeration?

However, the American people are not afraid of their threats. They will elect Bryan and HE WILL BE INAUGERATED. Do what they will the people are going to run this country.

The chief interest that attaches to the ravings of these plutocrats is it effectually disposes of the question as to who the anarchists in this campaign really are. They are John M. Palmer, Edward Lauterbach, Mark Hanna and the whole breed of Wall street thieves who are paying McKinley's campaign expenses.

REMEMBER James Dick on election day. He is a man of responsibility, one who will make an excellent county treasurer. Mr. Dick can furnish a gilt edge bond in 24 hours.

S. G. TUTTLE should receive the vote of everybody. He will be elected by a large majority anyhow, but he is deserving of the support of all. He is one of the best qualified men for the office to which he aspires that could be found in the county.

CHARLES E. GILMUR will make the county one of the most competent and painstaking commissioners it has ever had. Mr. Gilmur has been unable to make any canvass of the county, but his friends are canvassing for him. He will be elected.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound of imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

EX-SENATOR ALLEN ON SILVER.

When an United States Senator John B. Allen was for Silver.

Ex-Senator John B. Allen, he who made a speech for the gold bugs recently in Port Angeles, on the floor of the United States Senate, January 12, 1891, but a little more than five years ago, made the following statements on the silver question:

"Rob silver of its money functions; convert it into a mere commodity and it becomes practically worthless; and with this elimination of its monetary quality—in order to preserve this equilibrium—one-half of the value of the worlds' assets must be extracted and transferred to and swallowed up in the remaining metal, in order to double its monetary power.

Such a crime is so gross, so stupendous, so cruel and ruinous, that its contemplation excites universal revulsion and universal resistance. And when you marshal its perpetrators and its victims, the disparity is so great as to render its successful commission impossible.

It is useles to contend that silver has been by natural or legitimate processes even partially demonetized. It cannot be sucessfully contended its product has increased unduly with the growth of population, the expansion of world's business, or the distribution of wealth, nor do I concede that taking a reasonable measure of time and judging its relative product with that of gold, having regard to the stock of each on hand and the history of the discoveries of each, its quantity is unreasonably in excess of its sister metal.

I can confidently submit that not a single reason can be advanced for striking down, or discriminating against silver that would not be equally applicable to gold if it had received like arbitrary and unlawful treatment in the last twenty-five years at the hands of the governments and combinations of capitalists and owners of credits. To derange the parity of the metals is not only to reduce the one beneath the established standard, but to advance the other above it, and place each in a condition of fluctuation to become, to that extent, a commodity to be speculated in, the victim of the bulls and bears in the markets.

I hereby announce myself as an independent candidate for the office of Prosecuting Attorney, to be voted for at the general election to be held Nov. 3d, 1896,

JAMES STEWART.

The Darlington, Wis., Journal says editorially of a popular patent medicine: "We know from experience that Chamberlain's Colic Cholera and Diarrhoea Remedy is all that is claimed for it, as on two occasions it stopped excruciating pains and possibly saved us from an untimely grave. We would not rest easy over night without it in the house." This remedy undoubtedly saves more pain and suffering than any other medicine in the world. Every family should keep it in the house, for it is sure to be needed sooner or later." For sale by J. C. Hansen, Druggist.

A Dandy Thing to Sell!

I have been doing so well this summer selling combination dippers that I think it is my duty to tell others about it. I have not made as much money as some I read about, but I never make less than $3, and often $5 a day; the dipper can be used as a fruit jar filler; a plain dipper; a fine strainer; a funnel; a sick room warming pan, and a pint measure. These eight different uses makes the dipper such a necessary article that it sells at nearly every house, as it is so cheap. You can get a sample by sending, as I did, 18 two-cent stamps to pay postage, etc., to W. H. Baird & Co., Station A, Pittsburgh, Pa., and they will mail you a dipper, and you can go right to work. Anyone can make $3 or $4 a day anywhere.

Agreeably Surprised.

Mrs. Anna Weir was agreeably surprised last Saturday night at the home of Mr. and Mrs. J. B. Cosser by a number of her young friends. Numerous games of various descriptions furnished the entertainment of the evening, after which a bountiful luncheon was served. All report a very pleasant evening spent. The ride out through the woods on the bright, moonlight night as it was, proved a delightful feature. Those present were: Mr. and Mrs. Cosser, Mrs. Weir, Misses S. Troy, L. Troy, Crosby, Coolidge, Nailor, L. Elliott, S. Elliott Haynes, Messrs. G. Cosser, O. Babcock, R. Haynes, G. Brown, E. Nailor. A. J Cosser.

Another Withdrawal.

A. A. Swain, the Democratic nominee for county surveyor, has withdrawn from the race. It has not been settled, as yet, as to whether or not his name will appear on the official ballot on account of the manner of the withdrawal. but he desires it understood that he is not a candidate for county surveyor.

A Statement.

James Stewart, independent candidate for prosecuting attorney, resents the statement accredited to D. W. Bryan by this paper last week. Mr. Stewart maintains that all of Mr. Clump's bondsmen did not offer to settle their shortage, but that some actually refused to do so.

Money! Make it Yourself.

I have never seen anything in the papers about the People's Wind Mill; we call it the "People's" because the inventor never patented it, but let everybody use it free. Any farmer can make a mill himself, and all the material complete will not cost over $10. It is a splendid mill, will pump the deepest wells, and will last longer than any mill I ever had. Any person can get diagrams and complete directions free, as I did, by sending 18 two-cent stamps to pay postage, etc., to E. D. Wilson & Co., Allegheny, Pa., Wilson & Co., sell pumps, and when you get your wind mill going would be glad to sell you a pump if you need it. It is certainly useless to pay $50 or $60 for a wind mill, when you can make one just as good for $10. I think there could be big money made putting these mills up through the country as everybody would like them.

A Bloody Battle.

A bloody fight took place in front of the Albany Hotel, Tuesday evening. The bark Bundaleer, Capt. Oliver Rice, arrived here Monday, fifty-four days out from Shanghai. The captain paid his crew off and discharged them, as he had orders to leave the ship here until she could secure a charter, which, owing to certain peculiarities in her size and arrangement makes it somewhat difficult to secure a charter for her.

It seems on her voyage from China considerable trouble between First Mate Pyle and the crew was had. The sailors claim the mate treated them brutally, particularly those who were weak and unable to defend themselves. Anyway they had it in for him, and as a result he is going around with his head done up in bandages.

The warring factions met in front of Hanson's fish market about 6 o'clock. Capt. Rice, Mate Pyle and Geo. Ulmer were together on their way to the ship. They claim the sailors jumped out from behind the fence and attacked them. The sailors claim they were coming along the wharf toward the party, and the mate started to beat one of their men. Anyhow, they got together. When they emerged from the whirlwind the mate was a mass of blood and the captain was wiping his nose and trying to find the man that struck him, and four sailors were under arrest. Billy Crockett, the deputy marshal, was being shaved when the battle commenced, but didn't wait to have the job finished. He had some trouble rounding up the crowd, but was assisted by E. H. Foster, Frank Merritt, Frank Fisher and Jeff Gear, and they soon landed the sailors in jail. Mate Pyle was badly cut about the head with an axe, and Capt. Rice had evidently got a smash across the face with a club.

The matter came up before Justice Carusi yesterday. The first case was the State vs. James Brooks and Thomas White, for assaulting Capt. Rice. The judge rendered a verdict of acquital, on the ground that it had not been proved that either man had struck the captain.

The second case was the State vs. James Brooks, Thomas White and Edward Peterson for assaulting mate Thos. Pyle. Brooks was convicted of assault and battery and sentenced to 30 days in jail, having no money to pay a fine.

Thomas White was discharged. The case against Peterson was dismissed, evidence showing that he was not present during the fight.

The next case was brought in the name of the city against Edward Peterson for assault on Capt. O. Rice. Peterson was convicted and fined $5 and costs.

Captain Rice was much amused over the verdict, as he said, Peterson was a first-class man and he had a great regard for him, and that they were the best of friends. He had no recollection of being struck by Peterson, and Peterson says he would not have ever thought of attacking the captain, as he had too great a friendship for him to do such a thing.

A Money Maker in Hard Times.

I have for the past five years had a pretty hard struggle to make a living, but about three months ago I began selling self heating flat irons and have made from four to five dollars every day, which I think is pretty good for an inexperienced woman, my brother is now selling irons and makes more than I do, but he has sold other things and is more experienced. The iron is self heating, so it is the proper heat all the time; and you can iron in half the time you commonly do and have the clothes much nicer, you can iron out under a tree or in any cool place and one cent's worth of benzome will do any ordinary ironing, so you save the price of the iron in fuel in a few weeks. By addressing W. H. Baird & Co., Station A., Pittsburgh, Pa., you can get full particulars, and I know any one can do splendidly anywhere. We sell at nearly every house and any woman that irons once with a self heating iron will have one as it saves so much labor and does so much better work.

OUR NEXT GOVERNOR

John R. Rogers Interviewed by a Walla Walla Reporter.

John R. Rogers, while in Walla Walla recently, was interviewed by a reporter for the Statesmen. The interview was as follows, being clipped verbatim from the Statesman:

"Hon. J. R. Rogers, people's party candidate for governor, arrived in the city last night. A reporter of the Statesman called upon him at the Hotel State this afternoon and was cordially received. Gov. Rogers is a man who impresses one at first glance as being a man of great force of character and more than ordinary ability. His conversation proves him a man of deep thought and culture.

"'What do you think of the political situation in this state?" inquired the reporter.

"'Our opponents are doing a vast amount of bluffing. The people are with us, however, all over the State. The republican campaign is not directed in any way towards principles which we advocate, but instead of meeting argument is simple along the line of personal abuse. I am told that leading republicans in the state privately admit that tte state will go for Bryan, but a desperate effort is to be made by them to hold possession of the state government. There are many things that they do not wish uncovered. An enormous increase in the public debt for which the state has almost nothing to show is disgusting moderate republicans. They are demanding explanations which are not given, and which can not be given with credit to the present state administration.

"'The increase of interest-bearing indebtedness during Gov. McGraw's administration has been 283 percent. The general fund warrant indebtedness has increased nearly a million and a half during the last four years, to say nothing of the increase of indebtedness in other directions. Grave suspicion in directed towards several departments in the state government, and the principal effort made by the republican party in the present campaign in this state is to prevent investigation by the election of a ticket representing the same party, and in entire harmony with the influences controlling in the state government."

"'How are you satisfied with the workings of the barefoot law?

"'The barefoot school law when it has once had an opportunity to show what it will do will prove to be just what is needed. This law is simply a state tax upon all property of the state for the equal benefiit of all school children, regardless of locality. It is the true American principle and by means of it the poorer school districts will be enabled to afford children within their limits the rudiments of an education which otherwise might be impossible.'

"'What was the origin of this law?'

"'The first bill of this sort was drafted by State Superintendent Bryan and was introduced by Representative Ticket, of San Juan county. The bill introduced by me at the last session of the legislature was almost identical with the Ticket bill. The original bill provided for the allowance of $10 for each child of school age in the state, but as passed the law provides for $6 for each child. Under the old system cities like Spokane, Seattle and Tacoma retained for their own use the money raised for school purpose within their borders, while many sparsely settled districts of the state could not maintain schools and had to go without them. This was on the same principle as for a wealthy man to retain all of his school tax for the benefit of his own children. The law is correct in principle. As things are now the taxes are not being very promptly paid, and many corporations are escaping taxation almost altogether. When the inequalities of our system of taxation are corrected the barefoot law will be found to be all right.'

"'The opposition are telling, Mr. Rogers, that you ara a prohibitionist and A. P. A. What have you to say in answer to these charges?'

"'I am neither the one nor the other. Although I am an American out and out, I never have belonged to the A. P. A., and I see no necessity of belonging to a secret organization in order to assert one's Americanism. While I am a temperance man, I am not a prohibitionist and have opposed the passage of a prohibitory law as being unwise and impracticable.'

"'Is it true that you voted against a bill providing for the placing of a flag on every school house?'

"'Mr. Murray of San Juan county tried to have such a bill brought to the attention of the house, but was unable to get it out of the committee. It did not come before the house and no vote was ever taken upon it. It will be seen that the story is simply untrue.'"

In the Superior Court of the State of Washington for the county of Clallam.

John W. Troy, as the receiver of the Angeles Manufacturing & Development Company, Plaintiff.

vs.

H. K. Bickford, T. A. Vaughn and Lucy Vaughn, the wife of said T. A. Vaughn, Defendants.

The State of Washington to the said H. K. Bickford, T. A. Vaughn, and Lucy Vaughn, the wife of said T. A. Vaughn, defendants:

You are hereby summoned to appear within sixty (60) days after the date of the first publication of this summons, to-wit: Within sixty days after the 16th day of October, 1896, and defend the above entitled action in the above entitled court and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorney for plaintiff, at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

CHAS. E. CUNNINGHAM, Pastor.

Hon. O. C. White, Republican candidate for State printer, made us a pleasant call Friday of last week. Mr. White is a very pleasant and affable gentleman. It is a pity he is opposed by an equally whole-souled gentleman who has the advantage of better politics.

C. P. Brown, Wm. Ritchie, George A. Meagher and Edward H. Hatch returned Saturday from Olympia, where they were examined by the Supreme Court for admission to the bar. They were passed, with a very creditable record. Messrs. Hatch and Ritchie stood 100 in everything and the others were only a few points behind.

Good Bye Party.

On Wednesday evening, at Odd Fellows' Hall, Judge and Mrs. McClinton tendered "A Good-bye Party" in honor of Miss Ruth Cook, Miss Mabel Crosby, Miss Bertha Brandon and Miss Edith Cook on the eve of their departure for California.

These young ladies have, through their gentle and womanly qualities, been great favorites in Port Angeles, and it is with extreme sorrow that their many friends see them depart for their new homes.

The party was intended as a slight testimonial of the affection in which they were held. Unfortunately, owing to the severe illness of Mrs. McClinton, she and Judge McClinton were unable to be present.

Cards, games and dancing made the evening fly very swiftly, until midnight, when a splendid lunch was served. Then tearful good-byes were said, and the young people separated. There were present:

Mr. and Mrs. Snyder; Mr. and Mrs. Ballou; Mr. and Mrs. R. L. Haynes; Mrs. Mc Dougall, Mrs. Wiley; Misses Crosby, Fuller, S. Troy, L. Troy, M. Love, Elliott, Dykes, R. Cook, Fitzsimmons, M. McLaughlin, Raymond, H. Fend, McDonald, H. Love, E. Cook, Taylor, Ware, Brandon, Haynes, Nailor, Coolidge; Messrs. Meagher, Ware, D. McDonald, Shields, McLaughlin, Cole, Richardson, Ray McClinton, H. Dick, Nailor, Maxfield, Evans, Simmer, R. Dick, Hoare, O. H. Babcock, G. Cosser, A. J. Cosser, Roy McClinton, R. Haynes, Main.

New Store.

S. J. Lutz & Co. is a firm that shows its confidence in the future of Port Angeles. They have recently added to their large stock of boots and shoes a complete line of gents' furnishing goods. They purpose to conduct this new feature on the same level of their old business—first-class goods and at reasonable prices. Their success in the past is a guarantee that they will give full measure of value in everything they sell. Mr. Chas. Beam has been secured as clerk, and we predict he will make a popular salesman. The new store is in the room adjoining the one they have used for their boot and shoe establishment.

Miss Hannah Draper is selling all goods at Eastern prices.

A Churn That Churns in One Minute.

I have been in the dairy business all my life and have many times churned for an hour before butter would appear, so when I heard of a churn that would churn in a minute, I concluded to try it. Every day for a week I used it, and not only could I churn in a minute, but I got more and better butter than with the common churn. This is very important information to butter makers. The churn works easily, and will churn an ordinary churning in less than 60 seconds. I have sold two dozen of these churns in the past month. Every butter maker that has seen me churn in less than a minute has bought one. You can obtain all desired information regarding the churn by addressing J. F. Casey & Co., St. Louis, and they will give you prompt and courteous attention.

Mr. Graham was allowed the privilege of working on the ditch in the cemetery, and the work to go towards a lot in the cemetery.

The commissioner was directed to donate five planks to Mr. Degenfield for ditch on Tenth and Laurel streets.

Must Pay Oldest Warrants.

In the case of State Savings Bank vs. City Treasurer of Port Angeles, being a mandamus suit to compel the treasurer to pay the oldest outstanding warrants of the city. The court, by Judge Ballenger who has had the case under advisement. rendered a decision in favor of the plaintiff, compelling payment of the warrants.

In this case the validity of the plaintiff's warrant was in issue, the defendant claiming them to be beyond the 1½ per cent. limit and, therefore, void. The court, however, hold them to be within the limit and, therefore, valid.

The defense claimed that the moneys now in the general fund which had been collected by way of taxes upon property located within the limits of the annexed territory known as the Reserve, were not applicable to the payment of the plaintiff's warrants, they representing a debt of the city contracted prior to annexation of said territory. Upon this point the court ruled against said concentration, and held such moneys applicable to the payment of plaintiff's warrants.

The court also ruled that the city could not pay cash for current expenses until all outstanding valid warrants were first paid.

Benton Embree represented the plaintiff.

Farewell to Miss Brandon.

The meeting last Saturday of the Ladies' Society of Literary Explorers at the home of Mrs. Ballou was in the nature of a farewell party to Miss Bertha Brandon, who leaves soon for California. The afternoon passed very pleasantly with music, recitations and remarks by the different members of the society. Miss Brandon, although one of the younger members, has shown commendable zeal and intelligence in the work that has fallen to her lot in the society and all expressed regret the past pleasant relations had to be severed. A bountiful lunch was served at the close of the meeting.

Remember Monday Night.

Hon. Charles S. Voorhees, the eloquent ex-congressman, of Spokane, and Hon. J. P. Fay, of Seattle, will speak on the issues of the campaign at the Opera House on Monday evening. This will probably be the last great rally in Port Angeles for the National campaign with outside speakers. Do not forget to reserve that night to hear these eloquent orators. Come early.

The New Hook Spoon Free to All.

I read in the Christian Standard that Miss A. M. Fritz, Station A., St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made $13.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home.

So Says Geo. H. Gale—He Thinks Clallam Pops Made "Jacks" of Themselves.

In a letter to THE DEMOCRAT-LEADER, George H. Gale, formerly of this city, says:

145 West 84th street, New York,
October 8th. 1896.

A. J. Cosser, manager DEMOCRAT-LEADER, Port Angeles, Wash.

DEAR SIR: Since I left home I have traveled quite extensively in the West, South and East, being about a month in New England, and have been surprised to find such an overwhelming sentiment in favor of Bryan and free silver

I heard Mr. Bryan speak in New London, Conn., the other day, before an audience of about 5,000. I predict his election next month by a big majority.

I have received your issues of Sept. 18 and 25. Think the "Pops" of Port Angeles made "Jacks" of themselves in not agreeing to fusion. I think they will "cut no ice" in the election.

Yours truly,
GEORGE H. GALE.

Mine Host Wilson Celebrates.

Mine host Bob Wilson had another one of his annual two-days birthday celebrations on Saturday and Sunday last. Hotel de Sutherland was the scene of the festivities, as usual. The beautiful October weather smiled on the event and succeeded, together with the well-known gorgeous scenic surroundings and the fine fishing and hunting, in making it one of the most delightful of the series. Bob's guests, who had been invited in goodly numbers from both the city and the surrounding country, began arriving at noon on Saturday, and continued coming till night.

At 5 o'clock the banquet was spread, and all the twenty or more guests who participated in the demolition of the good things provided, insist that the table "groaned" in the good old orthodox fashion and in various languages. A goodly supply of a certain well-known plebian extinguisher of raging thirsts was on hand, and not a thirst nor an appetite escaped.

The night was put in by all in an anxious endeavor to see how little sleep each man should snatch, and the only ones who got ahead of the game were those who surreptitiously slipped away to the hay mow. As the golden October sun chased away the fog of Sunday morning a magnificent birthday breakfast of Lake Sutherland trout was served, and shortly after noon the last of the crowd got away for town, all wishing that the popular host might live to have many another such celebration. Among those who attended were Messrs. W. B. Gould, H. B. Willson, L. H. Smith, James Stucky, Otto, P. J. Williams, George W. Meagher, J. A. Wilson, W. R. Dodge, Joe Pearson, John Dyke, A. A. Smith, Gene Hopkins, J. P. Christensen, D. W. Bryan, Uncle Geo. Albright and Lon Albright.

Horticultural Meeting.

A meeting of the Horticultural Society will be held Nov. 7th in the City Hall at 1:30 p. m. An excellent programme is being prepared for the occasion, and all persons interested in the subject are invited to attend. GEO. SHERMAN,
Secretary.

Progressive Hearts.

Miss Myrtle Fuller gave a delightful progressive hearts party Saturday evening. Miss Lou Crooks and Mr. Ed. Hatch won first prizes and Mrs. Wiley and Mr. Ray McClinton were consoled with the booby prizes. Besides cards, the young people were entertained with vocal and instrumental music.

Refreshments were served. There were present. Mrs. Wiley, Mrs. White, Misses Cook, Fitzsimmons, McDonald, Crooks, Jess Crooks, Edith Cook, Raymond and Maude Fuller; Messrs. Embree, Ray McClinton, Simmer, Hatch, Meagher, Cole and White.

Mr. and Mrs. Fuller also took part in the pleasures of the evening and did much to conduce to the entertainment of the younger people.

OUR CANDIDATES.

Short Sketches of Some of Those Who Will Serve Us.

William B. Gould.

The Democratic, Populist and Free Silver Republican candidate for sheriff was born December 22nd, 1855, in Stevenson county, Illinois. Here he lived on a farm until 1866, when he removed to Nebraska City, Nebraska. Billy's father and mother died while he was a small boy, so at an early age he had to earn his own living. When yet a boy he commenced a freighting business which was gradually extended until his operations reached Santa Fe, New Mexico, and Colorado.

Leaving Nebraska, Mr. Gould went into the freighting in Arizona. Here the opening of the mines offered a better chance to make money than the mule freight trains offered, so he sold out and followed mining for nine years in Arizona. In 1883, Mr. Gould came to Clallam and settled at Dungeness. He has lived in the county ever since, at Dungeness, Gettysburg and Port Angeles.

In 1890 Mr. William B. Gould was elected sheriff of Clallam county on the Democratic ticket, defeating Samuel G. Morse, although the county gave a Republican majority of over 200. His record as sheriff was both honorable and efficient. Everybody was treated with uniform courtesy and fairness. In 1892, Mr. Gould was a candidate for re-election and polled his full party vote, and was defeated by only a small majority.

Billy Gould is an ardent silver man man, and has at his back all the silver strength—the populist nominee, Mr. F. Edwards, having withdrawn in his favor With this kind of endorsement he is a sure winner. It is with a great deal of pleasure that the people of this county anticipate the genial Billy Gould as Clallam's next sheriff.

John E. Beam.

Mr. John E. Beam, the nominee for county clerk, is one of Port Angeles best known and most respected citizens, having lived among us for the past six years. He was born April 10, 1860, near Winfield, Henry county, Iowa, and lived on his father's farm till 21 years of age, where for several years he had full charge of the place. For two years Mr. Beam taught school in his home county, holding a first grade certificate. He attended Howe's Academy, receiving a higher education, and was afterwards employed as telegraph operator on a branch line of the C. B. & Q., in Washington county, Iowa. In 1885, Mr. Beam moved, with his father, to Anderson county, Kansas, where he served acceptably as assistant cashier in the Bank of Kincaid. In connection with his position in the bank he served two years as Justice of the Peace. where he came into something of a knowledge of law and court usages. Since his removal to Port Angeles Mr. Beam has been engaged in the insurance and farm loan business, in which he has had wide business relations throughout the county. He was a member of the city council and served as mayor of the city for one term. He is a man of family, a property owner and tax payer.. Mr. Beam's qualifications and competency to ably fill the office of clerk are admitted on all hands, and his high sense of duty and moral obligation, together with his personal popularity and unimpeachable private record make him the most formidable candidate in the field for this position. He should be elected by a large majority.

R. T. Smith.

The fusion nominee for county assessor, R. T. Smith, was born in Owen county, Kentucky, April 5, 1835. He was raised on a farm and educated at New Liberty seminary in his native county.

At 21 years of age. Mr. Smith left Kentucky and located in California, where he engaged in mining in Placer and Nevada counties for sixteen years. He then moved to Napa county, California, where he engaged in farming and stock raising.

In 1890, Mr. Smith came from California to Washington and at once located on his farm near Clallam Bay, where he has since resided.

R. T. Smith is a man of ripe experience and sound judgment. He knows Clallam county well, and is not only capable to do the field work in assessing, but has plenty of clerical ability. He will not only poll a large vote in the West End of the county, where he will receive many from the other parties, but he will make a good run all over the county.

The chances for his election are good, and if elected, there is no question but that he will make as good an assessor as this county has ever had.

Daniel W. Bryan.

The Democratic and Free Silver Republican conventions unanimously nominated Dan Bryan for prosecuting attorney.

D. W. Bryan was born in Highland county, Ohio, in 1854. His parents being poor, Dan had to rustle for himself at 16 years of age. By chopping wood, making rails, and, after he had sufficiently advanced in his studies, teaching school, he secured an education for himself.

In 1875 he moved to Nodaway county, Missouri, locating at Maryville, the county seat. Here he taught school and studied law.

He was admitted to the bar in 1881, but accepted a position with the Northern Pacific Railway engineers as a surveyor, and for two years he was engaged in surveying for that company in Montana. In 1883 Mr. Bryan located at Pierce, Nebraska, where he practiced law until 1889, when he came to this state, and shortly afterwards came to Port Angeles.

Dan Bryan's career here in Port Angeles is well known to all. He has earned for himself the reputation of being a conscientious lawyer of no mean ability. For two years he served us as prosecuting attorney during the most trying times in the history of the county. His record is one that any one might well be prond of. At that time, in addition to all the duties that pertain to the prosecuting attorney's office at the present time, the prosecuting attorney had the delinquent tax rolls in his hands. This required most of the time the assistance of a clerk in that office. Yet the cost of this work was but little more than $500 per year. Mr. Bryan promises to run the office, if elected, without a deputy. Those who know Dan Bryan know that he means just what he says:

Charles E. Gilmur.

Charles E. Gilmur, the nominee of the Democratic and Free-Silver Republican parties for county commissioner for the second commissioner district, is a native of Massachusetts. He was born at Lowell, in that state, February 17, 1857. When 20 years of age he left his down-east home and went to the Rocky Mountains, state of Colorado. Here he followed mining until he secured a position with the Denver and Rio Grande Railroad Company, as superintendent of bridge construction. This he followed for two years and a half, when he went to Gallupp, New Mexico. Here he was for two years and a half years superintendent of Bell's coal bunkers. From New Mexico Mr. Gilmur went to San Diego, his influence having secured for him the position of superintendent of the construction department of the Santa Fe system. Here he was also superintendent of construction for the Spreckles Bros.' coal bunkers, wharves and docks. These coal bunkers are the largest on the coast, having a capacity of 14,300 tons.

In 1889 Mr. Gilmur came to Seattle, where he did an extensive pile driving and bridging business. The balmy days of 1890 found Mr. Gilmur in Port Angeles. Since coming to this city, the subject of our sketch has done an extensive contract business. It has mostly been in the line of pile driving and bridge building. He built the Valley street extension, the long Dungeness wharf and the piling for the cannery at this place besides smaller contracts too numerous to mention.

Mr. Gilmur has letters of recommendation from all his employers. His integrity, ability and industry are of the highest.

It is not often that a people have the opportunity to select a man for county commissioner who has had an experience that so well qualifies him for the duties of the office as has been the lot of Charles E. Gilmur.

A Card.

EDITOR DEMOCRAT: I have had many voters ask me the question, "If you are elected prosecuting attorney do you propose to ask for a deputy or clerk to assist you in the discharge of the duties of that office?" I have told all such that I would conduct the affairs of that office without a deputy or a clerk and without any assistance whatever, except in murder cases or in cases involving a large amount of money. I am satisfied that I can do this now, as the law requiring prosecuting attorneys to collect delinquent taxes has been repealed, thus releaving the prosecuting attorney of some of the duties formerly imposed on that office. As economy now seems to be the watch word, I am willing to do my part in reducing the expenses of this office as much as possible.

Respectfully,
D. W. BRYAN,
Nominee for Prosecuting Attorney on Democratic Ticket.

Another Smart Woman.

My husband is poor but proud and he does not want me to work, as I have nothing to do get restless, and after reading in your paper Mrs. Russell's experience selling self-heating flatirons I concluded I would try it. I wrote to J. F. Casey & Co., St. Louis, Mo., and they treated me so nicely that I felt very much encouraged. As soon as I got my sample iron I started out, and sold 8 irons the first day clearing $12. I have not sold less than 8 any day since, and one day sold 17. I now have $226 clear money, and my husband does not know I been working at all, but I am afraid he will be mad when I tell him. Have I done right or should I quit work and leave him to struggle alone.
AN ANXIOUS WIFE.

You are doing just right, your husband should be proud of you, go ahead and show the world what an energetic woman can do. That self-heating iron must be a wonderful seller, as we hear of so many that are succeeding selling it. 2
