## CHASE-PEABODY REGRADE ORDERED

### Plans for Improvement of the Down Town District Are Adopted by Council.

Another interesting session of the city council and of considerable length was held Tuesday night. Five members and the other officers of the city were present. The specifications and plans for the improvement of the business section was adopted, an ordinance adopted authorizing the improvement of Front and First streets east of Chase, and the Olympic Power Co. was directed to proceed with the work of getting the city power station in shape to receive juice. The council kept at work until after 11 p. m.

**Improvement Chase to Peabody Ordered.**

The ordinance committee reported back without recommendations ordinances governing contractors; governing public utility corporations; ordering grade of the two east end improvement districts; and the franchise of the Olympic Power Co. The first named was adopted as read, and has several worthy features, which if followed will possibly be the means of the city being able to recover on the bonds of contractors. It has been the custom to present pleas on the port of contractors, and the council, wishing to assist and accommodate, have in doing this overlooked and waived city interests. The ordinance seeks to provide for this lax method. The second ordinance was referred for one week to take up in conjunction therewith an ordinance of like nature which the engineer had secured. Ordinance directing the improvement of Front and First streets, Chase to Albert, and Peabody and Vine, First to Front, was adopt- by unanimous vote, on motion of Dustman. The ordinance for the big east end improvements district was killed by a three to two vote, Fisher and Wilcox voting against same at this time for the reason as stated that there are no established grades in the district, that the plans are not approved by city engineer which is a necessity, that there is considerable objection from original signers for the improvement because of procedure of improvement district, and other faults which might affect the validity of the work.

**East End Improvement District Turned Down.**

"We have passed enough phoney ordinances," said Fisher, "lets try to get one which will stand the test." These are the conclusions, without going into lengthly detail. The city attorney held that the grades could be fixed any time prior to work being commenced, and that the approval of the plans prepared by Mr. Barkhoff for the improvement district officials, by the engineer was absolutely essential. This brought up the old question of having an outsider to take charge of city work, and brought from the city engineer the statement that while he would not and did not take offense at the seeming slap, he did not think it fair to put the whole responsibility upon his shoulders when he had nothing to do with the work done. He refused, however, to criticise Mr. Barkhoff's work, stating that he had done more work of this kind than he, Filion, ever expected to do.

**Third Street District.**

The city attorney was directed to bring in ordinance approving the assessment roll for the Third street improvement district for work already done. The attorney asked that a committee be named to confer with the property owners of Third street extended and Third street north, stating that the work was very important, and should not be held up on the theory of the counsel for owners that they were not amply protected. There is not an attorney in the city, he said, who would give the opinion that the city could take that property without paying for same. No action.

Supt. of Construction of the Olympic Power Co. Thomas, was announced by Mr. Aldwell, who was also present, to state the condition of the C[illegible]s sub-station. He stated that everything necessary was on the ground to put the station in running order and that it would take little time to do so. The Power Co. has offered to put the station in shape at the actual cost of the time of the men employed on the work, not to exceed $50, with no charge for the Superintendent. This offer was accepted after the liability and probability of Chase Eng. Co. coming to do the work was discussed. Mr. Thomas also stated that the Olympic Power Company was now as well equipped as any power company on the coast to deliver power and that there was no chance of a recurrence of the past difficulties.

All this after the Clerk had read telegrams dated during the past three weeks seeking to have Mr. Chase come here to finish his work and receiving no answer except an acknowledgement of receipt of first telegram.

Letters from Expert Electrician Godfrey were read together with communication from O. P. Co. relative to equipment for measuring juice, which under agreement city is to pay half and own all. Clerk was directed to issue requisition on O. P. Co. for city's half, $783.80.

**O. P. Co.'s Franchise.**

City attorney was not ready to report on franchise of O. P. Co. and matter went over for one week. This brought out some criticism, which Mr. Smith answered with the statement that delay in this matter was possibly valuable, as other cities have tied themselves up to great expense, Tacoma to some $60,000, by being too hasty.

Communication was read from the Pacific Coast Casualty Co., bondsmen for Young & Denio, stating that they were not interested in the suit against city for materials and calling attention to paragraph 4 of bond. Referred to attorney.

The Fulmer Undertaking Co. called attention to very bad condition of Cemetery road. Dustman added that the railway had blocked the old road and new one would have to be kept open by some means. He was advised that it would take $200 or $300 to put road in good repair and moved that the Street Supt. be directed to do work, putting same in good condition clear to intersection with C. street.

Police Justice Davis' report for November showed seven arrests for month and $35 fines collected; some jail sentences were suspended pending good behavior.

Notice was read from purchasers that refunding bonds recently sold by city were practically complete and bonds now being printed.

**Plans for Down Town District Are Approved.**

At a late hour the council reached the plans and specifications for the lower section improvements, but decided to stay with the job and see the matter thru. The voluminous specifications and elaborate plans were gone over thoroughly and finally approved by a vote of 4 to 1, this one vote being refused for the reason that a slight change in grade was proposed to accommodate expediency. All agreed with Mr. Dustman that the grade question should not again be tampered with without good reason, but to save damage suits by a slight modification which would have been incorporated in the present ordinance had it been considered at time led others to allow the change. This change lowers the grade at First and Lincoln streets some three feet and at Oak one foot, making the difference in front of Wilson Hardware Co.'s store some two feet.

The plans call for piling forty feet wide on Railroad avenue, five piles in width; concrete retaining walls on Front street between Lincoln and Oak; pile and plank retaining wall or bulkhead on Front, Lincoln to Chase; piling and plank Lincoln street extension Front to Railroad avenue; piling and plank bulkhead west side Oak First to Front, pile and plank to Railroad avenue. Rest of district to be graded to grade, with possible planked streets on Front and First streets. The sewer through Lincoln street is to be eight feet in diameter of concrete and circular in shape.

The council then took up the canvass of the recent election returns and ye scribe deserted.

Any families, either in town or in the country, who are in need of clothing or whose children must necessarily be deprived of any Christmas joy are invited to call at the Commercial Club room Saturday, the 20th, between 9 and 5 o'clock and select what they need from the clothing and toys sent there. Mrs. H. A. Falk has kindly consented to stay there in charge for the Auxiliary on that date.

## IMPRESSIVE SERVICES BY NAVAL LODGE

### Mr. Ballinger's Address Full of Good Thought and Kindly Admonition to Brothers.

Impressive memorial services were held at the opera house Sunday afternoon by the Benevolent and Protective Order of Elks of Port Angeles, Naval Lodge No. 353. It is interesting to know that similar exercises are held by every Elk lodge all over the world on the same date—the first Sunday of December—in memory of their departed brothers. The stage of the Opera House was tastefully decorated symbolical of the order. Their colors, purple and white, predominated in combination with the Stars and Stripes. The beautiful antlers of the elk were a conspicuous feature of the decorations, while the clock with its hands at eleven, the hour which means so much to an Elk, was just in front of the speaker's stand. The Elks marched in a body to the accompaniment of the Gate City Orchestra. The officers and Exalted Ruler P. J. Wold, occupied the stage with Mr. Ballinger, the speaker, and Rev. Smith.

After the beautiful ritualistic ceremony by the officers of the lodge, Secretary Luppen called the roll of the absent brothers and in response to each name a bright light flashed out from the front of the stage. Four names were added to the list the past year. The invocation and benediction were pronounced by Rev. Stephen Smith of the Congregational Church. The memorial address was given by Harry Ballinger, of Seattle, who took for his subject the Elks motto, "The faults of our brothers we write upon the sand, their virtues on the tablets of love and memory." His address was brief, but full of good thought and kindly admonition. Charity and brotherly love were the two virtues he extolled as those which should be exemplified in the lives of all good Elks. He closed his remarks by quoting that beautiful old poem "Abou ben Adam." The musical numbers on the program were exceptionally pleasing. Mrs. M. E. Troy sang "Abide With Me," which suited her contralto voice to perfection and was greatly enjoyed. Miss Sadie Robertson sang "The Lord is My Light," and with W. C. Nelson in a vocal duet. Both numbers were excellent, as was Mr. Nelson's vocal solo, "The Song of Thanksgiving." After the closing ceremonies of the lodge, the audience joined in singing "Nearer My God to Thee" and remained seated while the officers and members of the lodge marched from the hall, the Gate City Orchestra playing "Marche Militaire."

The names of the brothers who passed away during the past year are J. A. Hawke, P. J. Williams, F. S. Harrington, and W. F. Delabarre.

### SHIPPING SIXTY CASES DAILY

**Have Not Been Able to Keep Up With Demand for Sol Duc Hot Springs Water.**

Dr. Earles of the Sol Duc Hot Springs was a passenger for Seattle Wednesday on business in connection with the bottling works at the springs. The doctor says that they are now shipping out 60 cases of the medicinal water every day and hope soon to be sending out 100 cases. Already the demand is far greater than the supply and the venture promises to be a most successful one. On account of the roads the shipping is all done by way of Port Crescent.

### SURELY A MISUDERSTANDING!

G. L. Tanzer of Seattle has begun suit against C. C. Henry, alleging that he purchased some lots in Syndicate addition from Henry upon his representations that they were near business section and level, paying $800 therefor; that he finds they are two and a half miles from town and in a gulch.

The sheriff's office was notified Monday that a badly decomposed corpse was lying on the banks of the Elwha. Deputy Davis went to the scene and found the remains to be that of a sheep.

### ELWHA JUICE IN TOWN

Electric current from the Olympic and nothing could be found of her on for a short time on several occasions this week, but a few days will be required to get the transformer station in working order before we can have continuous current. The Chase Engineering Company having fallen down on its agreement to finish its work when power was available, the O. P. Co. has arranged to undertake the work for a nominal sum.

### THE MILK IN THE COCOANUT

By reason of the numerous live country correspondents, who are regular weekly contributors to the news columns of the Olympic-Leader, this paper is the best advertising medium and has the largest circulation within the zone tributary to Port Angeles' merchants. Our advertising rates are no higher than those charged by newspapers of little circulation, and really very much cheaper when the service is considered, which after all is the "milk in the cocoanut."

## MIGHT READILY BE DUPLICATED HERE

### Berry Industry Has Made Wonderful Growth at Salem in Past Four or Five Years.

J. J. McDonald is here from Salem, Oregon, for a short business visit, as enthusiastic as ever over the growing of Logan berries as a profitable proposition. Mr. McDonald says that the Salem Fruit Growers Union handled for the berry growers of that section 120,000 pounds of dry Logan berries the past season, the growers realizing 23c per pound or over $400 per ton for the dry berries.

Mr. McDonald raised twenty tons of berries on four and a half acres, or about four tons after they were dried. He dried his own crop, besides drying sixty tons of green berries for other parties at the rate of 3c per pound; these 60 tons of green berries made about 11 tons of dried fruit—a very profitable season's work. Mr. McDonald will remain here a few days and again take up the proposition of the planting of vines with some of the ranchers of this section. He can supply the tips at the rate of $3 per hundred.

Here and there over the county the ranchers are becoming interested in the matter. At Sequim and Dungeness several have already set out Logan berries and others are preparing to do so. When Mr. McDonald was here last winter he sold some 5,000 plants, most of them going to ranchers in the Dry Crek neighborhood. W. D. Guthrie set out 2,000 plants, H .C. Bullock, Frank Fisher, George and Edgar McDonald and others put out a few hundred plants each.

What fruit growing has done for the Wenatchee and Yakima valleys and berry growing for the Puyallup valley, is at present being duplicated at Salem, Oregon, and can as well be duplicated in the fertile valleys and on the table lands of the Olympic peninsula, when our people really wake up to the mater. Mr. McDonald says that no place on this coast has made such rapid strides in the way of good roads, trolley lines and the building up of the country as has Salem and vicinity in the past five years, and all because of the extensive growing of Logan berries.

### HORSES WANTED

I want to rent 6 Big Teams by the month, from January 15 to April 1st. The return of the teams to owner in as good condition as received guaranteed by bond. State your price with driver and without driver. Price must be low, otherwise trucks will be employed.

W., care Olympic-Leader.

## COUNTY'S HOLSTEINS RECEIVED YESTERDAY

### Extra Fine Young Stock in "Advanced Registration" Class. High Butter Records.

The nine head of Holstein cattle purchased for the County Farm by Finch Haggard of Sequim, who shipped in the other half carload for himself, arrived yesterday. They were purchased in Iowa, Wisconsin, and Minnesota, at an average price of about $270.

The young bull's grandsire was King of Pontiac, sold for $10,000 this year; a sister of King of Pontiac has a record of 44 lbs. of butter per week. The heifers, all from one to two years old, have "advanced registered" ancestors, being considerably higher bred stock than any others in Clallam or Jefferson counties. Their dams have records running from 600 to 760 lbs. of butter per year.

Altogether the herd is one of which any fine stock breeder might well be proud, and, as is well known to everyone who has ever lived in a fine stock raising country, its ultimate value to the dairying interests of this county will run way up into the hundreds of thousands of dollars. There is nothing that greases the wheels of prosperity as does agriculture in its various forms and fine stock raising. Railroads, power plants, and great mills are prosperity promoters, but the farm and dairy is the life and wealth of the nation.

### CONG'L BROTHERHOOD MONDAY

**Address by Supt. White on Relation of School to Community at Large**

The Congregational Brotherhood will meet Monday evening, Dec. 15, at 6:30 p.m., for dinner and the transaction of business. The dinner is for members only, but at 8 o'clock Mr. White, Supt. of Schools, will deliver an address on the Relation of the School to the Community at Large. To this the wives of the members and their friends are invited. A large attendance at the dinner is desired, as it is the first regular meeting of the New Year and matters of importance are to be discussed.

### TO OUR FRIENDS.

Friends of the Olympic-Leader, not understanding, have occasionally of late remarked the fact that W. B. Webster, the senior editor, failed to recognize them when passing on the street. Afflicted with a cataract, a slowly thickening film which grows over the eye, he simply is unable to distinguish faces a few feet away, and neither can he longer read the papers, tho he is still able to attend to considerable office work. A similar film was removed a few years ago, since he has been living in Angeles, and we trust that when the conditions are right for the operation, he may be made able to see again as well as before.

E. B. WEBSTER.

### BUSINESS CHANGE

Tony Hedemark has sold his harness business to Messrs. Meredith & Nicholson. The new proprietors are two of Port Angeles' promising young men and well worth the patronage of the trading public in their line. Success to them.

Mr. Hedemark will continue to make Port Angeles his home and proposes to take a hand in the grading contracts on our streets when work begins in the spring.

### STILL PICKING PEAS

Mrs. Leonard Smith has on display at the P. A. Grocery two carrots weighing four pounds each, which, judging by the size, she has been growing for the past half dozen years on her Boulevard ranch. She is also selling some of the finest lettuce on the market, and peas — but what's the use; nobody but a Puget Sounder would believe it anyway.

We are sorry to report J. P. Jensen, the shoeman, laid up with the grippe. Mr. Belford is assisting in the store.

### 300 POUNDS BUTTER DAILY

**This in Addition to Dairy and Home-Made Butter Consumed in City.**

Three hundred pounds of butter daily seems a large amount, but that is what the local Glendale creamery is selling to our home merchants and mills for local consumption. The creamery is making about 400 pounds daily at present. For a time last summer the daily output of this creamery was 900 pounds.

### 150 TONS COAL FOR SHOVEL

One hundred and fifty tons of coal for use in running the steam shovel on the railroad construction work, was unloaded at the People's Wharf yesterday. Engineer Donovan reports construction work proceeding nicely; a location party of sixteen men under Engineer Phipps is now at work locating the grade between Whiskey creek and the Lyre river on the west. It is expected that by May 1st the grade between Port Angeles and the Lyre will be completed.

## ODD FELLOWS HOLD SOCIAL SESSION

**Grand Master Here to Celebrate Increase of Lodge to One Hundred Members.**

Grand Master F. T. Dayton of the State organization I. O. O. F. spent Monday night in session with the local Odd Fellows and their ladies, and a social session, including a banquet in the spacious dining hall and a dance in the main hall was enjoyed by all. The Grand Master came at this time in response to a promise that he would visit here when the members succeeded in getting over 100 members. This was accomplished some weeks ago, when a class of six took the initiatory, and since have taken the First, and Monday night ending with the Third degree. Mr. Dayton made a plea for more brotherly love during the coming year of his administration, asking this more than for an increase of members but knowing that with this feeling supreme the membership will increase as a matter of course. Judge Ralston, Past Grand Master, also gave some good advice to the members, after which the above named festivities were indulged in.

### NEW LUMBER YARD

**Walton Brothers Will Also Engage in the Building of Bungalows for Reat.**

A lumber yard will be opened up this week in the new wareroom on First street hill by W. B. and M. T. Walton of Seattle and E. J. Walton of Port Angeles. The first shipment of a quarter million feet arrived this week. Offices and other buildings will be put up alongside the wareroom.

The Walton Brothers also expect to do considerable building, and the erection of half a dozen medium priced bungalows will be begun at once on Lincoln Heights. Later, other more pretentious houses will be put up for rent in different parts of the city.

### CHANCE TO DISPLAY THE ANGELES SPIRIT

The Port Angeles Marine Band has again come to the front in a good cause, and on Friday next, the 19th inst., will give a grand benefit dance at the opera house, for one of our most deserving citizens, who has stood up and smiled through a succession of misfortune which would have driven a less sturdier heart to despair. Everything for the event has been donated, there will be no expenses to eat up the receipts, and the band boys feel that it is now up to the citizens to make this a great success. Tickets, $1 per couple, 75c and 25c for ladies. When tickets are offered don't make the solicitor think you are granting a favor by taking one, but look to it and take two or three as a privilege to help a worthy cause.

## AGRICULTURAL NEEDS OF STATE

**A System Similar to that Applied in Irrigation and Drainage Districts to Be Recommended.**

Olympia, Dec. 10.—Senator Metcalfe and Representative Black, Washington members of the American rural credits commission, have just made at the request of Governor Lister, a final report on the agricultural credit needs of this state. One copy of this report, based on a thorough study of European credit systems as applied to the needs of this state, has been filed with the governor, while Senator Metcalfe took another copy this week to a meeting of the American commission at Washington, D.C.

The "Landschaften system" which allows farmers to band together to obtain long time loans for district improvement, is recommended for adoption by the Washington commissioners. This plan is similar to that applied in drainage and irrigation districts.

To guarantee security for such long time loans, however, the farmers must manage their farms so as not to rob the soil, the commissioners report.

The first section of the report, which is of the utmost interest to Washington farmers, as the present session of Congress is expected to enact legislation following the report of the commission is printed below. The balance of the report will be printed in succeeding issues of this paper.

To the Governor of Washington,
Olympia, Washington.

Pursuant to your request for a report upon the agricultural needs of the state, for transmission to the Permanent American Commission on Agricultural Finance, Production, Distribution, Rural Life:

The soil and climate of Washington are unsurpassed for agriculture. It is the one state capable of producing practically everything needed. Its progress and the happiness and prosperity of its people would continue, if it were separated from the rest of the world by an impassible wall.

In Washington as elsewhere the farmers are under capitalized. A system of very long time farm loans is needed on the amortization plan. This can best be secured on the Landschaften system of collective security. This state has extended this system from cities and counties and school districts to port districts, diking districts, drainage districts, irrigation districts and agricultural development districts. It should be extended to provide collective security for loans for thirty years or longer to farmers, payable by amortization. Short time personal loans are also needed at a very greatly reduced rate of interest and much more easily to be obtained.

This necessitates a guarantee that the security, individual or collective, land or personal, shall not deteriorate in value, that it shall be worth as much intrinsically at any time during the loan and when the mortgage is due, as it is the day of the loan. A loan is not justified on a farm which the borrower robs of its productive value, to leave it stripped of its fertility and productivity, as we have done in America for several generations. Farming must be so managed, crops so planned, fertilizer so used that its value is not stolen but maintained, it vital element restored as it is withdrawn in crops. Every farmer in Europe knows this; his first thought is study and analysis of the soil, crop rotation and fertilizer and before he buys his seed, he buys his chemical. Maintaining the productivity of the soil is a contract feature in his loan. Some European governments by law prescribe a crop rotation that shall accomplish this, for without it ruin and starvation would be inevitable.

To this end dairying and raising beef cattle is essential in the grain belt of Eastern Washington and is probably the first step in the develment of the logged-off lands of Western Washington. This will not only preserve fertility but will double the value of the land and produce greatly increased returns. This state is shipping a large amount of lumber east for silos in the grain states. It will profit a thousand times more if these silos were constructed and utilized here in every agricultural section of Washington. It has been demonstrated that corn can be grown for silage anywhere in the state. It should be grown. The carbohydrates are essential. Alfalfa and clover are a matter of course. When our farmers add a dairy herd and silo, they have taken a long step toward providing the protective security that will be needed when a farm credit system goes into effect.

### Cold Storage Turkeys and Ancient Canned Goods Under Ban.

That the drastic pure food campaign that has been pursued for some months by the food division of the state department of agriculture is having effect is shown by the fact that the wholesalers of the state have announced their willingness now to co-operate with the department, and have called a meeting for next week to confer with J. J. Higgins, assistant commissioner in charge of the food bureau.

"Ninety-five per cent of the wholesalers in food products in the state desire to do a legitimate business," states Mr. Higgins. "It is only the fear that the five per cent willing to stoop to improper methods, will obtain some advantage over them that has resulted in the low standards that have been discovered."

That the campaign is having effect is shown by the fact this state received practically no cold storage turkeys for Thanksgiving and altho a carload of birds in a doubtful state of preservation had been shipped to this state the shippers, evidently fearing prosecution, sidetracked the car and disposed of it en route.

Mr. Higgins intends to ask the wholesalers to help the food cause by abandoning the system of "loading up" retail merchants with enough canned goods to last two or three years, to prevent competitors from getting the business. No grocer should buy more than a six months supply, Mr. Higgins states, as the packers guarantee their product for only one year and the selling of three or four years supplies he regards as little short of criminal.

### The "Block System" for State Express Rates.

Washington's public service commission is taking the lead of all states in the union in the effort to secure state express rates that will show a satisfactory reduction from those at present in use. O. O. Calderhead, statistician and rate expert of the commission, has been in St. Paul nearly two weeks now, studying a tentative tariff that the Northern Express company has prepared at the request of the commission. This tariff embodies the "block system" that the interstate commerce commission has ordered installed for interstate rates, the air line distance between points being calculated, so that the cost for a 100 mile haul will be the same at any point in the state.

The block system, it has been estimated, will have the effect of lowering interstate express rates, in all parts of the country, an average of 15 per cent. It is believed, however, that an even greater reduction would follow their adoption in this state, since western express rates have generally been greater for the same number of miles, than have eastern rates.

It is believed that at a meeting of representatives of all state railroad and public service commissions, to be held at Chicago this week, Mr. Calderhead will attempt to organize all the states in support of a plan to issue uniform orders, putting in effect the "block system" for state express rates at the same time the order of the inter state commerce commission becomes effective, next March.

The industrial insurance commission's cost of operation has been reduced to 7.6 per cent of the money collected for compensation of injured workmen, said to be the lowest operating cost of any state or nation with a compensation act. When, at the end of the first year, the commission showed an operating cost of betwen 11 and 12 per cent liability companies cast doubt on these figures, declaring such economical administration impossible, but under the new administration the proportionate expense has been reduced to a much lower figure.

The program for the twenty-first annual convention of the Washington State Dairyman's Association, which convenes in North Yakima December 16th, has been announced. ### FLACONER A CANDIDATE FOR U. S. SENATE

Congressman-at-Large J. A. Falconer, former speaker of the state house of representatives and member of the state senate, made formal declaration Sunday of his entry into the field as a candidate for the United States senate on the Progressive ticket, as follows:

"I am a candidate for the United States senate on the Progressive ticket. I have a deep appreciation of the general expressions urging and favoring my candidacy. My legislative record in this state extends over a period of eight years and embraces measures dealing with interests on public moneys deposited in banks which I fathered, compensation for injured workmen, direct legislation, local option on the liquor question and betterment of industrial conditions.

"My record is fully known to the labor, grange and business fraternity.

"Regarding the Progressive party, I have a conviction that its program is worth while. It is a permanent institution because of the fact that its principles are fundamental to the welfare of the American people, and if carried out will result in a higher standard of citizenship.

"Men and women who have spent the mature years of their lives in an effort to solve these perplexing problems found that populated and industrial centers embraced the Progressive party program because it was an aid to the solution of those problems and as one most nearly meeting their ideals.

"Scores of men and women of the Jane Addams and Raymond Robins type and men like Judge Ben B. Lindsey, who know something of the problems of life and have given their attention to conditions now obtaining or the groundwork and spirit of the Progressive party. On economic lines men of the Roosevelt-Johnson type present through the Progressive program scientific and definite lines of legislation, eliminating secret caucuses and other reactionary methods.

"The people of Washington state are progressive, and the organization of the Progressive forces insures success for progressive principles.

"I should like to have had time to visit every part of the state, but affairs at the national capital demand my time there. In the event of the adjournment of congress in July I shall make a thorough trip over the state before the primaries.

"I enter this contest observing the ethics of progressive principles. I shall strive to win the nomination and election."

According to their custom during the winter months when short hours make logging expensive, the Filion Mill and Lumber Company shut down last Saturday. It is understood that the mill will resume the sawing of lumber in February.

Mr. and Mrs. C. E. Cole have the sympathy of their many friends this week in the loss of their fine baby boy, who passed away Tuesday night. It was just two weeks old, but had had some stomach trouble from the time of its birth.

H. C. Breckenridge of the Blue Mountain district was a Port Angeles visitor Tuesday. Mr. Breckenridge is a great home man, usually making but three or four pilgrimages to town during the year and says he is always glad when he is back home again. His ranch is about fifteen miles southeast of town.

The social session given by the Elks to their wives and families last Saturday evening was probably the best attended of any similar function the lodge has ever given. The opera house was attractively decorated in purple and white and the emblems of the order. Dancing provided the main feature of the evening's entertainment.

We are happy to report that the new sidewalk between Peabody and Lincoln is about completed and soon there will be a walk clear through to Laurel street, as the property owners have all agreed to lay one in front of their homes. The new walk on Eighth street from the bridges to the Lincoln Heights school will also be completed this week. Now if we could just get the City aroused to wash the mud off Front street!

T. H. Carter has sold his nursery ranch on Ennis Creek to Frank Dustman, possession to be given next April. The place is composed of 27 town lots and is a very desirable garden, nursery, or family residence.

Mrs. Minnie Troy, china painter, and decorator, wishes to request all those who expect to place holiday orders with her to do so at once before the big rush begins. A nice stock of decorated china is now on display.

The dance given last Friday evening by the Fraternal Brotherhood lodge was well attended. The Brotherhood's election of officers will be held at Haning Hall, Friday evening, Dec. 12. All members are requested to be present.

Mr. and Mrs. F. A. MacDonald of Ferndale Poultry Farm were pleasant visitors at the Olympic-Leader office Saturday. Mr. MacDonald's splendid success in poultry raising last year has caused him to put forward renewed efforts to supply all demands this summer for young chicks and eggs for hatching.

Mr. Ballinger's splendid memorial address delivered before the local order of Elks last Sunday was also remarkable for its extreme brevity. Mr. Ballinger must have had in mind one of Josh Billings' axioms, "When you strike oil, stop boring." Many people continue boring on down through the gravel and let the oil out at the other end. Not so with Mr. Ballinger's address. He might have talked an hour longer and given even greater pleasure to his audience.

Mr. Luppen had a telegram Wednesday announcing the safe arrival in Seattle of Mrs. Barnes, Mrs. Luppen's mother, who will be pleasantly remembered by many Angeles people as she made her home with the Luppens for some time. Mrs. Barnes is a remarkably smart old lady, being now in her 83rd year. Her granddaughter, Mrs. Marie Robinson McGillivray and little son of Bremerton accompanied her on her trip from Illinois to the Coast. Mrs. Luppen met her in Seattle and they will visit a few days with Mr. and Mrs. Rogers in Everett before returning home. Mrs. Barnes will spend a year at least in Angeles.

Mrs. J. W. Hayne of Pine Hill is a very sick woman at her home as a result of a severe cold she took after leaving the hospital last week Tuesday. She was convalescing after an operation for appendicitis and tho all precautions were taken in removing her to her home she is now suffering from pneumonia.

**EAST END**

From the Press.

Mr. Neal, a sawmill man from Seattle, plans to build and operate a sawmill on William Wright's place, northwest of Sequim, near the Dungeness river. Herbert S. Upper is said to be the principal owner of the mill, which will be managed by Mr. Neal and will have a cutting capacity of sixteen thousand feet per day.

To celebrate the golden wedding of Mr. and Mrs. Wesley Cays there will be a social gathering of the Cays relatives and a few intimate friends at the Dungeness hall on Tuesday. A noon dinner and an afternoon meeting of the folks is planned and a large family assemblage is expected as the affair is something unusual in Clallam county.

The new creamery company are planning to have their building 30x68 feet instead of 26x44 as at first decided upon. The proposed enlargement necessitates a change also of machinery which the company now has under consideration.

Miss Ruth Smith has sent out invitations for a "shower" to be given to Miss Bessie Lotzgesell at the Dungeness hall next Tuesday evening in honor of Miss Lotzgesell's coming wedding to Mr. Frank Knoph.

A good sized cougar was killed Monday night on the Bert Sindars place by Bert and Guy Sindars. The animal was after sheep and had been treed by dogs when his career was ended by bullets.

Robert Grant, the ten-year-old son of Mr. and Mrs. Walter Grant, got a prize of $10 from the Sequim bank for raising a fine vegetable garden. Robert has invested his money in a heifer and is now watching his fortune grow every day.

A complaint charging Henry Cassalery, Walter Gunn, George Miller and Bob Conover with a misdeameanor for shooting ducks from a boat was filed in Justice Alexander's court. Trial set for December 12th.

How to Detect the Alum Baking Powder

"Which are the alum baking powders; how can I avoid them unless they are named?" asks a housekeeper.

Here is one way: take the can of a low-priced powder in your hand and read the ingredient clause upon the back label. The law requires that if the powder contains alum that fact must be there stated. If you find one of the ingredients named alum, or sulphate of aluminum, you have found *an alum baking powder.*

There is another and a better way. You don't have to know the names of the alum powders. Use Royal Baking Powder only; that assures you a cream of tartar powder, and the purest and most healthful baking powder beyond question.

**SERVICE ESPECIALLY FOR MOTHERS AND BABIES**

**Novel Feature in Connection with Cradle Roll at Congregational Church Sunday.**

At the Congregational church next Sunday morning, a new and novel feature will be introduced, a service especially for mothers and babies. The new members of the Cradle Roll, recently organized, will be formally received into the membership of the Sunday School. It is hoped all who are interested in the little ones, as well as those belonging to the "Cradle Roll," will be present and that parents will bring their children for this is to be a service dedicated to mothers and their babies. The following program has been arranged:

Organ Prelude, "Processional", Batiste.

Hymn, "When Mother Love Makes All Things Bright,"

23rd Psalm repeated by all.

Anthem, "Praise Ye Jehovah," Choir.

Prayer, by the Pastor.

Hymn, "That Sweet Story of Old."

Purpose of Cradle Roll, closed with candle object lesson by Mrs. Smith.

Song, "Like a Little Candle."

Recitation, "That's Baby," Evelyn Geisness.

Motion Song, Miss Gilmore's Class.

Exercise of Receiving Members, with white candle, Supt. of C. R. assisted by Wilda and Ruth Smith.

Welcome to the Sunday School, by Supt. of S. S., Mr. DeSwarte.

Hymn, "Savior Who Thy Flock Art Feeding."

Benediction.

Estray, good sized yearling heifer, reddish bown, branded —B on right hip. Suitable reward. H. S. Bullock. 3t46

**H.C. TRUEDELL PASSES AWAY**

Harry C. Truedell, a boy of 13 years, who last September, while in the coast and geodetic service fell from a tree in the Hoh river country, died in Seattle recently from the injuries sustained in the fall. The young man lay crippled at the base of the tree for several hours before he was found, and medical aid could not be secured for twenty-four hours. The Snohomish was sent to the mouth of the Hoh river and brought him to Angeles. An operation was performed and later he was sent to a hospital in Seattle, where he remained a sufferer until relieved by death.—Townsend Leader.

**NOTICE.**

Notice is hereby given that I have sold my harness business to Meredith & Nicholson, who assumed charge Dec. 1st. All accounts due prior to this date are payable to the undersigned.

I take pleasure in recommending to the public my successors as reliable and progressive business men who will give satisfaction and courteous treatment to all patrons.

Respectfully,

### TRAPPER LOST EIGHT DAYS WITHOUT FOOD

**Had to Be Carried Ten Miles Thru Heavy Timber to Nearest House; Now Improving Slowly.**

George Jackopson, a trapper and hunter, was lost in the hills near Thunder creek for eight days and seven nights, during which time he had neiter food nor fire. When found he had crawled into a vacant cabin which he accidentally found and had given up to die there. A party of fifteen to twenty men had been searching for him ever since he got lost. Finally, a day before they found him, the party discovered tracks which seemed to indicate his wandering toward the cabin. After carrying him ten miles thru the thick woods, he is now at the home of Lyman Parker at Shuwah, improving slowly after his unusual experience.

Morgan Terwillegar and Peter Schutz left for the Cascade mountains last Wednesday on a hunting trip to be gone about a month. They took hounds from here which are trained to hunt cougars and wild cats.

George Clark from Portland, Oregon, came in last Tuesday, renewing old acquaintances around his old home. We are all glad to welcome George home again.

Mr. Frank Oberg from Forks spent a few days on the Solduck with relatives. He returned to Forks to resume his work there.

R. H. Kidd and family returned from a trip to Seattle last Saturday.

Victor Oberg and Lloyd Curtis are playing havoc with the wild cats around Bear Creek. They killed four of the animals in two days, when they were interrupted by having to go in search of the man who was lost in the hills.

Among those who went to Angeles last week were Mr. George Weldricks, Mr. Louis Hahn, Mr. Jas. Smith and Mr. R. H. Kidd.

Miss Alice Konopaski from Forks spent a day with her sister, Miss Veleria, who is spending a few weeks on Bear creek.

### FAIRVIEW.

Mrs. Forest of Blue Mountain spent a couple of days with her sister, Mrs. Winters.

Mr. and Mrs. Chambers spent a few days in the city last week.

Rown Luke bought a horse from George Critchfield last week.

Those who went from here to see "The Wolf" at the opera house last week all thot they got their money's worth. I don't think.

Mrs. Luke spent a few days in the city visiting Mrs. Seevers last week.

Hile and Jim Jacobs are baling hay for Mr. Miles of Weaver this week.

Chas. Cary spent last Sunday night at the Emery home.

Some of the small children here have the whooping cough.

Mr. Boomer, the editor of the Free Press spent last Saturday night at the Bosworth home.

A couple of items that were missed last week were that Mrs. Cary and the smaller children have gone to Whittier, California, where Mr. Cary has rented a place. Mrs. Carey was a fine neighbor and will be sorely missed by all her neighbors and friends.

Mr. Chambers had the road engine do some stumping for him before they moved it away. They were working there several days. Mr. C. also had a new chicken house built lately.

After a lingering illness, Grandma Land passed away at her home here last Tuesday morning at 9 o'clock.

### DE FUCA

Too much Thanksgiving dinner, we think, is the cause of all the trouble out this way. Mr. Laurens spent a few days in town that week, and returned ill. Mrs. Richards also came home ill, and is still "under the weather."

Mr. and Mrs. Wooding, Jr., have gone to town to spend a few weeks with relatives.

A small party of friends surprised Mr. Agnew one day last week. The evening was spent in the usual jolly way, Five Hundred being the main game. At midnight lunch was served

Mr. and Mrs. Andersen were guests at "Fernwood," Sunday.

Mr. Ford, one of the engineers for the S., P.A. & L.C. Ry, was a business visitor in the district, Monday.

Cays & Knoph have gotten thru with their contract here, and have gone. The place looks deserted enough now, and will look more so in a few days, as the Railroad Construction have started to move. Both crews were a jolly, well behaved lot of boys and we are sorry to see them go. Rowan & Andersen will establish their new camp at Morrisey's near Long Prairie.

Little Hazel Richards would have you know that she has a birthday as well as others. Her 7th birthday was celebrated a week ago Sunday, by some friends calling to sample her cake, and the many other good things that make a child's birthday a day to be remembered.

Mrs. C. Laurens has gone to town for a few days to do her Christmas shopping (?).

Mr. Mason Burgess of Port Angeles was out last week to look after his interests here.

### LINCOLN HEIGHTS

That bungalow of Mr. Benson's looms up nicely and went up in a hurry under the management of the new firm of Fowler, Harley & Gordon.

The next one, so far as heard from will be Martin Ester's unless the closing of Filion's mill puts a stop to his plans. We hope not for they richly deserve a good house.

Houses are greatly in demand and 'tis a pity the lumber is not at hand to build them.

The sidewalk on north side of 8th is completed up to C.

A fine piano has been installed in the home of Charles A. Filion, and the children are very happy.

Charley Wright has been nursing a sore hand, the result of a cut finger and cedar poison.

Mr. Suthard and Joe Harding are now sawing wood. Why complain that no work is obtainable, so long as there is wood to be cut and a demand for the same. Oklahoma men have worked for 50c per day and realize that small wages are preferable to idleness.

Mr. and Mrs. Lyle Beam were welcome guests at the home of Ernest Harding Friday evening.

### BLUE MOUNTAIN

Mrs. Forest, who has been ailing for some time, is in Port Angeles taking medical treatment.

Miss Glen went to Dungeness Saturday to attend the teachers' meeting.

Charlie Lewis is at home for a few days.

Mr. Fries is at the home of Mr. and Mrs. Brauer, Sr.

Kelly Epson has his greenhouse almost finished.

The quiet of the neighborhood was interrupted by a runaway excitement. Mr. Kale's team, which was at Mr. Breckenridge's house, took fright dashed thru the fence and never slacking up the two steep hills, ran for home. It is a wonder that the bridge withstood the shock as it is getting quite shaky. No damage was done.

Mrs. Bunnell of Texas Valley returned from Everett, where she made quite an extended visit, in time to spend Thanksgiving with the home folks. Lucille, who has been away three months, returned with her.

December 1st, the neighbors and friends gathered at the Brunnel home to help Miss Lucille celebrate her birthday.

Harry Bunnell, having finished work on the county road, returned home Saturday, but he was called at once to Dungeness to take the place of the butter-maker, who is down with the mumps.

The wind of a week ago nearly demolished the high bridge on the Lost Mountain road. A big tree fell parallel to the bridge, missing it by about two feet.

Frank Broughton, our successful collector, is traveling about with a subscription sheet raising funds for Christmas expenses. All have responded generously, even the strangers within our gates" giving freely. They are the cruisers, Messrs. McIntosh and Delaney.

Geo. King will not now get returns from his hay at the expense of the land. He has purchased two fine looking cows.

### MT. PLEASANT.

Mrs. Lucas went to Angeles Thursday and visited until Sunday.

Fred Eskenburg was a Mt. Pleasant visitor Saturday and Sunday renewing old acquaintances. Fred will be remembered by many as a former Mt. Pleasant boy.

Misses Ruby and Ina Draper were visiting with Irene Race, returning home Sunday evening.

There was a large crowd at the dance in the school house Saturday evening. The music was good and the floor was fine and everyone seemed to enjoy themselves to the utmost. At midnight a delicious lunch was served. We hope there may be many more of these delightful times.

Try Kippered Salmon for Luncheon City Fish Market.

### SEQUIM

Mr. and Mrs. Charles Lusk were made very happy over the arrival of a fine nine pound boy that came to their home Sunday morning, Dec. 7. His little sister is very proud of her little brother. Mother is doing fine.

There was a good crowd with teams at work on the new cemetery Tuesday, the 9th.

Mr. and Mrs. Potter were made glad over the little boy that came to them November 29. Mother and son are well.

Mr. Herman Sindars, Jr., will soon have his beautiful large house on his ranch ready for his family to move into.

Mrs. Jessie Howland, nee Della Albers, and twin boys passed away Tuesday morning, December 2, at her home in Waterford, Minnesota. The deceased was known and well liked in the Sequim community where she taught school in 1909-10. She was a sister to Clara Albers, a cousin to Mrs. Felix Darnell, Mrs. Roy Rice and Miss Sophia Albers, all former school teachers of this county. (Sequim Press please copy.)

Have you seen those gold bricks and nuggets in the window of the Lutz Clothing store? Thereby hangs a tale.

Mr. and Mrs. H. McNutt have the improvement and building fever too and are remodeling their house on First street.

Many useful Christmas gifts will be found at Leland's new and second hand store. Some good bargains in furniture, dishes, and cooking utensils.

Don't cultivate a taste for "tin can." Buy Sealshipt Oysters, fresh from the Atlantic coast. The only oysters worthy of a name. City Fish Market.

Miss Bessie Fowler returned from Seattle the last of the week where she has beenn taking a three months' course in a business college. She will soon resume her work as bookkeeper for J. M. Garrison at the People's Market.

Mrs. W. F. Delabarre and daughter Margaret returned Wednesday morning from their eastern trip and are house guests of Mr. and Mrs. T. F. Trumbull. They leave again next Wednesday for Seattle and will start for Los Angeles about the 20th, where they will join Mrs. W. L. Church and daughter Ruth for the winter.

Ben Wilcox returned Tuesday from Dungeness where he was called to repair the break in the Dungness wharf, some 100 feet having been carried away by the heavy winds of two weeks ago and the consequent wash of logs from the beach blown against the full length of the long wharf. With the velocity of the wind and the immense amount of floating debris it is a wonder the whole wharf did not go out, said Mr. Wilcox. It is the first time in my experience that I have had to anchor the piledriver to prevent it being blown over while at work.

## CITY AND PERSONAL

If you want the official city news you can get it in the Olympic-Leader, the official city paper.

Michael Earles is attending to business matters in the city, arriving yesterday.

Just Received. A shipment of fine large Alaska Salt Herring; 4 fish for 25c. City Fish Market.

Lyman Johnson is expected home next week to remain and will probably go into business with his father.

Wanted.—One or two cheap lots state price and location. P. O. box "U."

Capt. and Mrs. A. W. Horne of Dungeness spent the week end in the city on business and in attendance at the Elks social session.

Mr. and Mrs. J. F. Rudisile of the Clallam Bay Hotel spent a few days in the city the early week, returning home Monday.

Engineer Barkhoff came down from Seattle Tuesday to attend to some business here and to be present at the council session.

It not only gives you a perfect figure, but is restful and comfortable. Doctors recommend Spirella Corsets. Miss MacClure, agent.

Mr. and Mrs. Arthur Cays of Dungeness spent Monday and Tuesday in the city, attending the Oddfellows social session. Mr. Cays was one of the class of six.

Lewis Leland wishes to announce that he is now sole agent in Angeles for the St. Claire range, one of the best on the market. Come and look it over and get prices.

Saturday and Sunday Matinees are becoming very popular at the Dream. They start at 2 p.m. Program changes every day. Watch for our announcement of Special Christmas Feature.

An examination will be held under direction of the Civil Service Commission at Piedmont, Wash., on Saturday, January 10th, for the position of postmaster at that place. The salary was $186 for the last fiscal year. Full information can be secured from the postmaster at Piedmont.

Mr. and Mrs. Gehl of Minneapolis are visiting Mr. and Mrs. H. Gutenberg over the holidays. Mrs. Gehl is a sister of Mrs. Gutenberg; they are on a tour through to California and the southern states for the winter. They are very much delighted with our country and climate at this time of the year.

Complimentary to Mrs. W. F. Delabarre who had just returned from the East, a number of her more intimate friends were entertained at a Christmas luncheon given by Mrs. G. M. Lauridsen Thursday. The table was centered with a large bouquet of holly, brilliant with scarlet berries. Covers were laid for twelve and at each plate was a hand-painted place card done in holly with an appropriate original verse. A most delicious five course luncheon, consisting of turkey, plum pudding, and all the other "fixings" suggestive of the holiday season, was heartily enjoyed. The remainder of the afternoon was delightfully spent with bridge and social converse.

Business is so brisk at the county jail these days that the sheriff has posted a sign, visiting days Tuesday and Friday, from 2 to 4. This institution is getting quite aristocratic.

L. B. Burrell of the Novelty Art Association, Seattle, has been convicted under the new law of fake advertising and fined. He advertised that there was good money to be made in making pillow tops, etc., but after paying fees and for materials those who tried it found the scheme a fake.

Miss Ruth Clark spent a few days in the city with relatives, returning to her home at Dungeness Tuesday with her uncle W. K. Clark.

The ladies of the Catholic church will hold a Christmas tea at the home of Mrs. James Fitzgerald, cor. Eighth and Laurel, Thursday, 18th.

Mrs. Orin Babcock, daughter of H. O. Mason, was very much pleased one day this week to receive from an aged aunt in Saginaw, Michigan, a a shell which has been an heirloom in her father's family for several generations. H. O. Mason's great great grandfather bought it in New York City in 1770. The chief value of the shell lies in its family associations and old age.

# PROCEEDINGS OF THE COUNTY BOARD

## The Commissioners in Regular Session Transact Business of the Public.

Tuesday, December 2, 1913, at 9:00 a. m.

The board met pursuant to adjournment, all members being present.

Minutes of the previous meeting were read and approved.

The board approved the final estimate on the Forks-Quillayute road and instructed the auditor to issue warrants on Road & Bridge District No. 4 in the sum of $2952.03 in favor of J. R. Smith, for same.

The board approved the final estimate on the Tyee-Beaver road and instructed the auditor to issue warrants on Road Bond Fund, District No. 4 in the sum of $3642.68 in favor of Chas. Walker for same, but not to deliver said warrants until ordered by the engineer.

The board then adjourned until Wednesday, Dec. 3, 1913 at 9:00 a. m.

Wednesday, December 3, 1913, at 9:00 a. m.

The board met pursuant to adjournment, all members being present.

The board granted Sloane Bros. an extension of 30 days in which to finish their contract for road from Morse to Siebert's Creek.

The board approved the engineer's estimate on Permanent Highway No. 2, amounting to $1509.62.

The board adopted the following resolution:

"Whereas, the Portland Bridge Co. have not prosecuted the construction of their Elwha Bridge contract with due diligence and failed to commence work on same after being duly notified by the chief engineer, for an unreasonable length of time.

"Therefore it is resolved by the board of county commissioners that on and after the expiration of their contract, January 1, 1914, at which time said bridge was to be completed, the said board hereby notifies the said Portland Bridge company that they, the said board of county commissioners will enforce the full penalty of $10 per day for each and every day elapsing thereafter until said bridge be accepted by the chief engineer."

The board opened the bids for the burial of paupers, and laid same over until the January meeting of the board.

It appearing to the board that warrant No. 930 issued on Road & Bridge district No. 2 in favor of R. Eacrett in the sum of $3.00 had been lost, and said R. Eacrett having filed a bond for the issuance of a duplicate of said warrant, the board approved said bond and ordered the auditor to issue a duplicate of said warrant.

The board approved the final estimate on road from Siebert's to Hurd Creek, and ordered the auditor to issue warrants in favor of Cays & Knoph in the sum of $4702.65 on Road Bond Fund, District No. 1 for same, withholding the sum of $75.00 for certain work which contractors are unable to complete at this time.

The board approved the final estimate on Beaver Creek bridge and ordered the auditor to issue warrants in favor of R. E. Mieth in the sum of $2549.01 on Road Bond Fund, District No. 3 for same, with instructions to withhold the sum of $66.25 for the payment of certain disputed claims.

The board examined the following claims and ordered warrants drawn for same as follows:

# Ordinance No. 425.

An Ordinance providing for the improvement of parts of certain streets in the city of Port Angeles, for the creation of a Local Improvement District and for the payment of the cost and expense of said improvement be made by special assessments upon the property in said district, payable by the mode of "Payment by Bonds."

The City Council of the City of Port Angeles do Ordain as Follows:

Section 1. That the following named parts of streets and alleys in the city of Port Angeles, shall be improved by grubbing, clearing, cutting, filling, gravelling, grading and regrading, up to their established grade full width, and by constructing thereon, curbs, gutters, drains, sidewalks, crossings, and doing such other work as may be necessary in connection therewith, all in accordance with the plans and specifications prepared by the City Engineer and on file in the City Clerk's office and approved by the city council, to-wit:

FRONT STREET from the east line of Chase street to Albert street.

FIRST STREET from the east line of Lincoln street to Albert street.

PEABODY AND VINE STREETS between Front and First streets.

Sec. 2. That the cost and expense of said improvement, including all necessary and incidental, shall be borne by and be assessed against the property included in the assessment district, hereinafter created, according to law. The City of Port Angeles shall not be liable in any manner for any portion of the cost and expense of said improvements or any part thereof.

Sec. 3. That there is hereby established a local improvement district, to be called Local Improvement District No. 12, which said district is described as follows, to-wit: All property between the termini of said improvements, abutting upon, adjacent, vicinal or approximate to such portion of said streets, to a distance back respectively from the marginal lines thereof, as provided by law.

Sec. 4. Bonds, bearing interest at the rate of 7 per cent per annum, payable on or before ten years from the date of their issuance, shall be issued in payment of the cost and expense of said improvements, which bonds shall be redeemed by special assessments to be levied and collected upon the property within said district, payable in ten equal annual installments, with interest at the rate of 7 per cent per annum, under the mode of "Payment by Bonds," as defined by law and ordinances of the City of Port Angeles.

These bonds may be delivered to the contractor in redemption of warrants on the local improvement district fund, issued on estimates of the City Engineer, or the City of Port Angeles may, at its election, sell said bonds and make such redemption in cash warrants.

Sec. 5. This ordinance shall take effect and be in force after its passage and approval and from and after five days after its lawful publication.

N. K. MEAD,
Mayor.

ORDER TO SHOW CAUSE
Why Order of Sale or of Mortgage of Real Estate Should Not Be Made..
In the Superior Court of the State of Washington for Clallam County
In the Matter of the Estate of Bodil Christine Vind, Deceased.

H. S. Ralston, administrator of the estate of Bodil Christine Vind, having filed his petition herein, duly verified, praying for an order to sell or mortgage all or a portion of the real estate of said deceased for the purposes therein set forth, and it appearing to the court from said petition that there is no personal property belonging to said estate with which to pay the outstanding debts of said deceased and the debts and expenses of administration; and it appearing that, therefore, it is necessary to sell or mortgage the whole or some portion of the real estate of said deceased to provide funds for the payment of such debts and the costs of administration;

Now, therefore, it is ordered by the Court that all persons interested in the estate of said deceased appear before said court on the 5th day of January, 1914, at 9:30 o'clock in the forenoon of said day, at the court room of said Superior Court, in the City of Port Angeles, County of Clallam, State of Washington, then and there, or as soon thereafter as to the court may be convenient, to show cause why an order should not be granted to said administrator to sell at private sale or mortgage such of the real estate of said deceased as the court may order, as shall be necessary, and that a copy of this order be published at least four successive weeks in the Olympic-Leader, a newspaper of general circulation printed and published in said Clallam County, Washington. Done in open court this 18th day of November, 1913.

## PARENTS AND TEACHERS FORM ASSOCIATION

### Question of Vocational Education Will Be Taken Up at Next Meeting.

A meeting was called in the auditorium of the High School building Monday evening for the purpose of organizing a Port Angeles Parent Teachers' Association. At a meeting held there about a month ago a committee was appointed to draw up a plan of organization and Monday evening this committee presented a constitution, which after some discussion, was referred back for alterations. Dr. McGillivray, president of the school board, acted as chairman of the meeting and conducted the election of officers for the association, which resulted in the following being chosen:

President, Mrs. E. B. Webster; vice-president, Professor White; secretary, Mrs. J. E. Beam; treasurer, Mrs. Frank Fisher.

It was decided to hold the meetings on the second Monday of each month when there will be an open discussion of subjects of vital interest to our schools and it is the plan to have occasional speakers who have made these subjects their life work address the meetings. Similar associations are now to be found in almost all the cities and towns of this state and in most of the other states and have proven a wonderful inspiration and help to the teachers as well as parents. It has long been realized that parents did not keep in touch with the school work of their children and some parents even have never been known to visit a school room or put forth any effort to cultivate the acquaintance of the teachers. This seems rather strange when you consider that the greater part of a child's life is spent in the school room and often under the influence of perfect stranger.

The attendance Monday evening was not what it should have been, tho all those who were there were full of enthusiasm and we hope before another meeting they will have succeeded in enthusing others, for if the interest of a large majority of the parents cannot be aroused it will be of little use to go on and perfect an organization.

County Supt. Geisness was present and asked that the association become part of or at least affiliate with community center leagues now being organized throughout the county so that all may work together in harmony and for mutual benefit. The committee on constitution and by-laws was requested to insert a clause to that effect in the by-laws and present at next meeting.

The next regular meeting will be held the second Monday evening in January when the subject for discussion will be "Vocational Education for Port Angeles Schools. Shall we introduce it and if so how many and what branches. There are various opinions on the subject and this will give all an opportunity to air theirs.

That no parents, however poor, may feel that they are barred from becoming members of this association, there will be no dues; when money is needed it will be raised some other way.

## $300 TO MOVE LIBRARY

### Ladies Auxiliary Let Contract at Meeting Tuesday.

The contract for the removal of the library building onto the lot recently presented to the Auxiliary by Mr. Farmer was let to Fred Mandau at the meeting of the Ladies Auxiliary Tuesday. Mr. Mandau's bid of $300 was the lowest received; he will begin work right away. The ladies are already planning improvements on the building and the setting out of shrubbery to make both building and grounds as attractive as possible. It is to be hoped every citizen of Port Angeles will take a personal pride in assisting in the work.

The librarian's report was very satisfactory, but we would like to see still more subscription cards taken out. Why wouldn't a six months' subscription card make a nice gift for some friend?

Mrs. Madge Nailor, chairman of the whist tournament, reported the net proceeds to be almost twenty dollars.

All those having outgrown clothing, toys, dolls, or books which they would like to pass on to needy families are requested to send them to the Commercial Club room on Front street opposite the post office at any time between now and the 20th. They will be taken care of by a committee from the Women's Auxiliary who will see that they are properly distributed.

## "THE SHEPHERD KING."

The choir of the First Methodist Church, under the direction of Miss Edna Holt, will give the beautiful Christmas cantata, arranged by J. Lincoln Hall, entitled, "The Shepherd King," one week from next Sunday evening, December 21st. Since coming to Angeles and assuming charge of this choir, Miss Holt has given several sacred concerts which have been very largely attended and highly appreciated. This one promises to be the best yet given. In next week's paper will appear the program in full.

By an overwhelming vote the House has passed a resolution to cooperate with England in an attempt to secure an international naval holiday for one year. which means suspension of building for that time.

At St. Andrew's Episcopal church, 2nd and Peabody. Sunday services at eight and eleven. Evening services at Sequim. Sunday school and Advanced Bible Class 10 a.m. Chas. E. Rice, Priest-in-Charge.

## A PIONEER MOTHER CALLED HOME

Mrs. Ellen Land died at her home on the farm of Moss Land December 9th, 1913. She was born in Hamilton, Ontario, in 1829. In 1845 she was married to Abel Land, son of Robert Land, the first settler in Hamilton, Ontario. A few years later they came to "the states" and made their home in Ohio. Out of a large family only three sons, Stephen, Paul and Moss, and one daughter, Mrs. Ella Beahan, survive her. These four came to Port Angeles in "colony" times, and after the death of her husband in 1888 she followed them and has since made her home near one or the other of "her boys."

She was a member of the Episcopal church, a woman of stern rectitude, untiring industry and special dignity. A nurse by nature she was in her earlier life the neighborhood reliance and while in later years she clung close to her own fireside. Sickness and sorrow in others called out her greatest interest and sympathy. Her mind and memory were unusually alert for her age and she connected the history of two generations ago with the present in a most entertaining way. Her heart centered in her children and she has left them a memory of ideal home devotion that they may well "rise up and call her blessed."

The funeral services were conducted at Fulmer's chapel Thursday, December 11 at 11 a. m. and interment was in Ocean View.

## WINTER STAGE TO LAKES

We are always glad to see Port Angeles' young men forging to the front, hence a word for our young friend Clay Wolverton. Early in the spring Clay purchased a Ford machine and began to hustle for his share of the public patronage. In addition to supporting himself he more than paid for his car and last week sold his Ford and bought a Reo. He will run a stage to the lakes all winter or whenever the roads will permit and will leave Harrington's news and cigar store three times a week, Sundays, Tuesdays, and Fridays at 8:00 a.m. Clay is honest, kind and obliging and we are glad to see him working up a fine business for himself. Try his new Reo and see what a comfortable easy rider it is.

Captain AtLee of the revenue cutter Snohomish received word while in the harbor last Saturday morning to proceed at once to Destruction Island to the rescue of the schooner Aloha and her crew. When he arrived the vessel had been abandoned, as she was in a water logged condition from having sprung leaks, Power Co.'s plant has been turned Captain Petterson and the crew of ten men were brought to Port Townsend, the Snohomish leaving again Tuesday for Neah Bay and to cruise around Vancouver Island in search of the derelict.

## SCHOOL MEETING AT DUNGENESS LAST SATURDAY

### Very Enthusiastic, Almost a Hundred Being in Attendance. Excellent Spirit Prevailed.

In connection with the social center movement which Superintendent Geisness is working up in the schools of the county, a very enthusiastic meeting was held last Saturday afternoon at Dungeness. The meeting was a decided success from every point of view. Almost a hundred people, many of whom are teachers and school officers were in attendance.

The exercises were opened by an address of welcome by Mr. A. S. Foster, principal of the Dungeness school. Superintendent Geisness was then called upon, and in a very concise and clear-cut address set forth the object of the meeting and of the social center movement. The remainder of the program was carried out substantially as announced last week. Every number was packed with sound practical educational ideas and was received with hearty applause. The music and declamatory numbers rendered by the pupils and teachers of Dungeness, and by Mr. Slater of the Macleay district, were thoroly enjoyed.

An excellent spirit of helpfulness and co-operation pervaded the whole meeting. After the program a bounteous luncheon, prepared by the ladies of Dungeness, was served to all present. And everyone left feeling that the people there are live wires, and that little town is certainly on the map educationally.

## GREETING

Once again the happiest and most welcome of all our holidays draws near. With the compliments of the season to all, we ask you the question of the hour, What about Christmas? The children are asking it with wondering and hopeful expectation of what Santa Claus is likely to bring them. The older people are asking it, not so much in speculation regarding the remembrances that Christmas will bring to them, but rather as an inquiry as to how they are to provide Suitable and Satisfactory Presents for relatives and friends without too heavy a drain upon their time and purse. May we help you to solve the problem and put you on the way of doing your Christmas shopping with Pleasure, Satisfaction and Economy? Our Holiday Stock is complete this season and includes a great variety of practical presents, suitable for young and old. Our prices are reasonable. Call early and make your selections and have them put aside to be delivered later.

## FOOT BALL SATURDAY

### Townsend Teams Will Be Here. Other School Notes

A double basket ball game was played by the girls and boys last Friday evening. A good many of the parents and friends, as well as the students, turned out. The score for the girls' team was 21 to 14 in favor of Georgia Hooker's side and the boys' high school team beat the town team 14 to 7.

In the game at Sequim Saturday night, the A. H. S. boys carried off the honors with a score of 28 to 16.

The Townsend high school will send their boys and girls here for a game on Saturday evening. The girls and boys will play alternately, beginning at 8 o'clock sharp. Two good games are promised and it is hoped that everyone will attend. Admission 25 and 15 cents.

The botany class took a trip to the beach for algae last Wednesday. Many beautiful specimens were obtained and the class hopes to go often.

In the fire drill on Wednesday afternoon, the pupils got out of the building by using the fire escapes in 1 min. 35 sec.

Chris Becker returned Tuesday from Alaska where he spent the summer. He reports Alaska pretty lively and Seattle pretty dead. He will remain until spring, when "the call of the wild" will again doubtless seize him.

Chas. MacDougall and L. C. Mizner and others of Sequim took in the Odd Fellows gathering here Monday night

ADMINISTRATOR'S NOTICE OF SALE OF REAL ESTATE.

Administrator of the Estate of James Stucky, deceased.
Trumbull and Severyns, Attorneys.

Restoration to entry of lands in National Forest. Notice is hereby given that the lands described below, embracing 56.17 acres, within the Olympic National Forest, Washington, will be subject for settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 [34 Stat., 233], at the United States land office at Seattle, Washington, on February 9, 1914. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to February 9, 1914, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: Lots 6 and 7, Sec. 28, T. 30 N., R. 11 W., W. M., and also a portion of lot 9, same section, township, and range, described as follows: Beginning at Cor. No. 1, which is also a forest monument on the west line of lot 9, 5 chains south of the northwest corner of said lot 9; extending thence E. 20 chains; thence S. 9.50 chains; thence in a general westerly direction meandering the north bank of the Soleduck River to the west line of said lot 9; thence N. 9.40 chains, to the place of beginning; except a strip 50 links wide and described as follows: Beginning at a point on the west line of Lot 9, 3.60 chains S. of Cor. No. 1, extending thence 25 links on each side of a line running N. 80 degrees 20 min. E. 40.70 chains; thence N. 34 degrees E. 2 chains, to the place where the end of the strip closes on the boundary of the tract, the net area of the tract being 56.17 acres, application of Charles S. Anderson, of Elwha, Washington; List 6-985. November 20, 1913. C. M. BRUCE, Assistant Commissioner of the General Land Office.

Harry A. Cotton of Port Angeles was called to Port Townsend this week by the serious illness of his father J. C. Cotton. Wednesday's Townsend Leader stated that his father was improving and considered to be out of danger.

Miss Hazel Murray of Clallam was in the city Thursday.
