$16,000 MOVING PICTURE HOUSE ON FIRST STREET

W. C. Nelson Will Begin Work Next Week on Concrete Building 140 x 50, Having a Seating Capacity of 1200. Ready May 1st.

A new moving picture house, 140x 50, is to be constructed by W. C. Nelson on his First street property, west of the Willson Hardware Co's store, work beginning next week. The building will be of concrete thruout, making it absolutely fireproof. There will be two small stores, on either side the main entrance, and possibly offices above, but the theater will take up practically all the space.

There will be over 800 opera chairs on the ground floor and at least 300 more in the balcony, giving a total seating capacity of 1200 chairs. There will be two rows of loziers on the main floor. The interior is to be finished beautifully in the colonial style; cluster lights will be arranged along the walls. Two moving picture machines will propell the pictures to the curtain, which will be hung with draperies. A big pipe organ and a grand piano will take care of the musical end.

A ladies rest room will be a desirable feature. The building will be steam heated and a current of fresh air will be flowing thru the house at all times. There will be plenty of exits.

Work is to begin the first of the week and the building is to be finished by May 1st. J. Jackson is the architect and C. J. Grandy will be in charge of construction.

Mr. Nelson, we understand, expects to personally conduct the business, which will make him a permanent resident of Port Angeles.

NEW FERRY FOR LAKE CRESCENT

Will Be Ninety Feet in Length with Capacity for 21 Cars. Speed Nine Knots.

A second ferry for Lake Crescent, to be built at an estimated cost of about $5,000, was contracted for by the Board of Commissioners this week, Captain Treiber furnishing the plans and undertaking construction.

The new ferry will be built after the general design of the Marjory, but will be 90 feet in length instead of 65; it will also be wider by four

McARDLE'S TAX COMMISSION BILL PASSES SENATE

Senate Approved Memorial Asking Congress to Look Into Advisability of Advancing Money on Forest Sales for Road Building.

(By Our Special Correspondent)

Olympia, Feb. 4.—Up to the present time the house has passed three of its own bills, out of the 69 introduced, while the senate has passed twelve of its bills, the total number introduced being 160. This is a total of 229 bills introduced in both houses. Of these only three have been passed by both houses.

As far as the legislature is concerned road matters are in a very unsettled condition, altho the senate has indefinitely postponed the two bills introduced by Palmer of King county, which if passed, would have reduced the road money for the coming two years by about $1,000,000. The bills provided for the reduction by a half mill of the permanent highway levy and public highway levy, which would have cut a full mill from the two funds.

It is quite certain that the mother's pension law will not be repealed but it will be amended. The county commissioners of the state and some of the judges of the superior courts have urged that it be repealed but the State Federation of Womens' Clubs ask that it be retained but amended, and it is likely that this will be done. There is some question as to whether or not the public utilities bill, as originally drawn, which provides that before a rival concern may enter a field occupied by a public service corporation it must first secure from the state public service commission a certificate of convenience and necessity, is a good thing, and the indications are that the bill will be modified if it is put thru at all. That there are good points in the law, even its bitter opponents admit, and it may be a compromise can be agreed upon. In regard to labor legislation the first aid fight has not yet opened, for while the bill drafted by the commission appointed by Governor Lister, has been introduced, it has been condemned without reservation by the state Federation of Labor. As yet the labor bill has not been introduced, but the labor men will ask that the employer bear the full cost, that no contracts between companies and hospitals be entered into and that the injured have the right to name their own physicians. The legislative reappointment and the question of the taking of a census of the state are coming up again, but it is thought that nothing will

1915 TO BE MOST IMPORTANT DEVELOPMENT YEAR

From Secretary Teck's Report

There is enough already definitely in prospect for this community and county in 1915 to warrant the conviction that this will be in many ways the most important development year in the history of the city and county. It is the most favorable time for effective community effort, and it is necessary for everybody to promote that united effort which alone can be relied upon to bring results worth while. The Commercial Club is the only organization trying to do that constructive work and its efforts should command the active, enthusiastic support of all residents this side of the cemetery.

FRANK C. TECK, Secretary.

MILWAUKEE INTERESTED IN FACTORY SITES ON SPIT

R. F. Weeks, Division Freight and Passenger Agent, Here to Confer with Commercial Club and Aid in Pushing Work.

R. F. Weeks, division freight and passenger agent of the Chicago, Milwaukee & St. Paul Railway, arrived here on Thursday morning to confer with the Commercial Club and City Council relative to the industrial sites on Ediz Hook, which the city has acquired from the United States government under a 99-year lease. The Milwaukee officials are very much interested in making these tracts available to manufacturers at the earliest possible time and have been in conference with the officers of the Commercial Club to that end for several weeks. Now that the wagon road to be built the full length of the hook has been surveyed and the ordinance annexing the leased ground has been passed, it is necessary to push thru the preparatory work required to make the sites ready for active use.

Mr. Weeks spent two hours yesterday morning at the Commercial Club rooms in conference with the officers and the Industries committee, including Chairman J. W. Lindsay, J. W. Hooker, Lewis Levy and H. Maurice Fisher. City Engineer C. J. Filion was also present and the whole problem was thoroughly discussed. In the evening another meeting was held at J. W. Lindsay's office, attended by the committee, City Attorney Geo. V. Smith, President Craig and Secretary Teck of the Commercial Club. The meeting was for the purpose of considering stipulations and conditions under which sub-leases are to be granted, and these conditions and stipulations, when finally drafted, must be approved by the Secretary of Commerce.

It is planned to reserve a 30-foot strip of tideland along the north shore for street railway purposes, then a 30-foot strip of upland for wagon road and a 20-foot strip of upland for the main railroad line. That is, all the leased portion of the spit, except a 50-foot strip along the north shore, will be platted and reserved for industrial sites.

Forks Basketball Teams Tour East End of County

Forks has two very well developed basketball teams that have been giving the Dungeness, Sequim and Angeles teams plenty of strenuous competition the last week. The Forks girls' team, which was defeated in a speedy game played here last Friday evening with the Port Angeles girls, is made up as follows: Miss Louise Iverson, center; Miss Anna Iverson, right forward; Miss Eva Hossack, left forward, Miss Hazel Hossack, left guard; Miss Emma Wilson, right guard. The young ladies arrived on Friday afternoon on J. C. Grader's auto stage. They attended the boys' game at Sequim Saturday evening and all returned home on Sunday.

The Forks boys' team is composed of M. E. Howard and Boyd Collins, forwards; Alfred Koenig, center; R. H. Palmer, left guard; Frank Buttolphe, right guard. The team was accompanied by Mrs. R. H. Palmer, Daniel Stevens, substitute, and William Collins, and they chartered two

Dr. Lewis Appointed Postmaster for Port Angeles

Dr. F. S. Lewis received word on Saturday night of his appointment as Postmaster of Port Angeles, to succeed the present incumbent, E. E. Fisher, whose term expires February 1. Upon confirmation of the nomination by the Senate, Dr. Lewis will immediately qualify by filing with the post office department the necessary bond, whereupon commission will issue, and he will be inducted into office, two or three weeks hence.

The appointment is strictly political, Dr. Lewis having been recommended for the position by National Committeeman John Pattison of Spokane, who in the absence of any Democratic National Congressman or Senator from this state, has all the powers of such. Dr. Lewis has been a fearless advocate of Democratic principles during all the nearly thirty years of his residence here, and is well qualified in every way for the position. The present post office force, with the exception of the Chief himself, being under civil service regulations, will remain the same.

WARREN MORSE BLOCK NOW WELL ALONG

$20,000 Building Will Afford Accommodation for Six Mercantile and Twelve Professional Firms. Will Be Handsome Building.

Six handsome storerooms, two on First street, each 20 by 50 and four on Laurel, each 25 by 50, will be available for business within sixty days, when the Warren Morse concrete block is completed. While no leases have been signed as yet, it is very probable that a grocery, millinery store and a restaurant will be the first occupants on Laurel.

The building, being erected under the supervision of C. P. Grandy, who also had charge of construction of the Chas. Morse block, in which the new post office is located, has two stories and a basement, and is heavily constructed with reinforced walls and pillars supporting steel cross beams, so that other floors may be added later. The corner store room is provided with a large double vault of approved bank construction. Full length plate glass windows will be used on the lower floor, while the second floor, reached by a wide stairway from the main entrance on Laurel street, will be practically all glass.

Concrete has been poured for the second story, while the store rooms on the first are about ready for the lathers.

Port Angeles would have had several additional firms engaged in business had it not been for the impossibility of securing store rooms last summer. By early summer there will again be a constant demand and it is hoped there may be other business blocks under way before that time.

NEARLY 100 FAMILIES MUST MOVE WITHIN SIXTY DAYS

An Ordinance Providing for Preservation of Safety, Good Order and Public Morality of Citizens Being Considered by Council.

All members of the city council were present Tuesday night. Considerable business was transacted.

Street committee reported conditions on Valley street were not as they should be, and that several of the tents up there were on the streets. They made no recommendations and the matter was passed. Health committee reported as to conditions at First and Valley and west of there. On two lots there are nine tents, all occupied, and 21 places in all on the outside property in question and but two toilets for all. Besides other very unsanitary conditions, kitchen slops are thrown broadcast. There is no excuse for such conditions in that locality as tidewater is within 200 feet of the worst and with a little effort the place could be kept clean even with the congestion.

Mr. Fisher moved that obnoxious premises be declared a public nuisance and that the marshal be directed to abate same, using any necessary means to do so. Mr. Muskett, one of the landlords of the district, rose to explain that he had been away for two months or he would not have allowed the premises to be neglected. He had started a cleaning up and was willing to do anything the council might direct. He asked that he be given reasonable time to do this. The motion carried, with the understanding that what is done by owners will not have to be done by marshal.

Later on notice was served upon all occupants of the streets to vacate within sixty days. This applies mainly to Valley street, but will include any others discovered.

The Ordinance Committee reported back ordinances for issuing bonds for C street improvement, and for the annexation of the sandspit to the Sixth Ward, recommending that they pass. They were adopted, after City Attorney Smith had explained that he had made provision for legislative act while in Olympia and that same would undoubtedly become a law.

Marshal brought up the matter of filling the old cesspool at old jail, new jail being connected with the sewer. Referred to committee to ascertain if arrangements can be made to have sluicers fill considerable of the city hall property.

Matter of providing additional room for Treasurer by removing the electrician from his office was left to the engineer to provide plans for

TAX COMMISSION BILL HAS PASSED SENATE

come of these movements, as they will be defeated by the smaller counties. At the present time also it looks as if the short ballot measure would be defeated. The bill advocated by the Club Women of the state providing for the consolidation of the state library and the state traveling library will probably not be passed at this session, although the women are continuing their fight. It is understood that there are enough votes lined up to kill the measure.

The memorial of Senator Davis of Pierce county which asks Congress to look into the advisability of advancing money for the construction of roads to be paid back later out of the forest reserve sales, has been passed by the senate. The government allows a certain percentage of the timber sales for road purposes, and the memorial asks if this cannot be advanced before the sales are made, so that the money can be used on the roads at this time.

Victor Zdnick, the author of the bill placing the University, the State College and three normal schools under one board of regents anounces that he will continue his fight along modified lines, as he is satisfied that the one board regency ideaa cannot be brought about at this time on account of the opposition that has developed in all parts of the state. He will ask that the business affairs of the higher educational institutions be handled by the State Board of Control, and also that there be no duplication of courses.

The appointment of C. A. Reynolds as chairman of the state public service commission, has been confirmed by the senate by a vote of 34 to 4. When early in the session the confirmation of Governor Lister's appointees came up, his name together with that of L. G. Darwin, state fish commissioner, was sent to the rules committee, but the republican caucus agreed to turn out the name of Reynolds for confirmation. Governor Lister wrote a letter saying that he desired his appointment confirmed. The name of Darwin is still being held up, but it is expected that action will be taken on his appointment in a short time. Senator Sharpstein voted for the confirmation of Reynolds, but had read into the record an explanation of his vote. He said that while he did not think that Governor Lister had observed non-partisian principles in making the appointment, and he did not consider Reynolds a good appointment, that he would vote for him, as the entire responsibility rests on Governor Lister. Senator Smith of Clallam county was one of the four who opposed the confirmation of Reynolds.

The McArdle tax commission bills which would reduce the state tax commission from three members to one, and provides that the commission be placed under the jurisdiction of the state land office, were passed by the senate with only fourteen opposing votes. The democrats and progressives voted against the bills. The senate has also indefinitely postponed the Reeves bills, becked by Governor Lister, providing for the reorganization of the tax commission.

SUIT BEGAN AGAINST EX-RECEIVER JANECKE

Charging that J.F. Janecke, former receiver for the Angeles Brewing & Malting Company, at Port Angeles, had refused to turn over $17,685.39 of the funds in his hands, G. M. Lauridsen, the present receiver, begun suit yesterday in Judge Albertson's court to recover the sum from Mr. Janecke and the bond company.

According to the complaint and testimony, Mr. Janecke was appointed receiver on April 20, 1910, giving a $15,000 surety bond. Later, however, this was increased to $50,000. Mr. Janecke says that the superior court of Clallam county ordered him to pay a 40 per cent. dividend, which he refused to do, as he had not received sufficient remuneration for his services as receiver. Whereupon the court removed him as receiver and appointed Mr. Lauridsen in his place. Mr. Janecke, however, refused to turn over the funds until he had received what he considered his just salary.

The amount which Mr. Janecke refused to give up is placed at $18,041.28 in the complaint, but the complaint also states that $355.89 of this was paid on August 6, 1914, and suit is brought for the balance.

The brewing company's plant was sold while in Mr. Janecke's hands. Mr. Lauridsen's appointment as receiver will continue, therefore, until the affairs of the old company have been closed up.—P.I.

feet, and higher, that the engines may be placed entirely below. The pilot house will also be out of the way, a bridge being provided eleven feet above the main deck, which will be clear of obstruction, affording space for 21 cars, or three abreast. Small cabins wil be built fore and aft the side wheels as in the first ferry.

37,000 feet of lumber will be required in construction, which will commence in about two weeks. It is not expected to have her in operation before the 1st of May, Captain Treiber believing that by taking plenty of time, he can produce a boat 50 per cent better at only $1,000 additional cost, the first ferry having cost about $4,000.

A 40 h.p. Fairbanks-Morse engine, sold thru Fred Farmer, has been ordered and it is expected 9 miles an hour will be attained, the Marjory making about 8 miles with a 15 h. p. engine. Mr. Kalloch, the best known launchman on the lake, will have charge as captain, three men being required. The Marjory has more than paid expenses, even during the winter and it is expected the two ferries will have all they can handle.

The Commissioners also let a contract for graveling the 6½ miles of the Blyn road to L. M. Grant, Ed. Ford and Chas. Cays at 70c a yard, the estimated yardage being 7,500.

A call for bids was ordered for a mile of road out of Clallam in the Clallam-Forks road.

$45,000 insurance was authorized taken out on the new court house, now within a month of completion.

First estimate of $1,376.80, on the Govan contract, Permanent Highway at Eden was approved.

HARRY NOLAN WRITES OF EXPERIENCE WITH FRENCH

The following letter was received by the Elk's Lodge from Harry E. Nolan of Forks, Wash., who arrived home almost as soon as the letter. Trouble with a wound he received from a bursting shell compelled him to ask for a three months leave of absence from the Red Cross service, and he is home to recuperate and try to forget the horrors of war.

Christmas Day

Dear Brothers:

I am working with the French Army at the front in charge of seven ambulances (converted Ford cars) sent out by the American Hospital of Paris. It is wonderfully interesting and exciting work. We are stationed at a little town (am not allowed to name it) about three miles from the firing line. At night we sneak up to the last line of trenches with all lights extinguished and one has to have the eyes of a cat to stay on the road. We load up with the wounded as quickly as possible and observe no speed limits in getting back. The military authorities give us the best kind of treatment. We receive one franc (20 cents a day), all the food we can eat and sleep in the hay on the floor of a one time moving picture theater. We breakfast at five, lunch at 11:30 and supper at 5:30 and hot coffee at any time when working nightly. About 30 shells fell on this town last night. It gives one a damn uncomfortable sensation, especially the first time you hear them sizzling thru the air and landing with a boom. This town has been taken and retaken five times, burned and sacked and is certainly a wreck. A young woman, dressed as a soldier of course, was wounded in the trenches yesterday and brought to a hospital in one of our ambulances. She was the mistress of a young lieutenant, who was killed the day before. Recently I had a glass of wine with an Arab, and he was called away to go into the trenches. That night I carried him back in my ambulance, wounded in half a dozen places and he died on the way. We have experienced such as this every day. I shall be coming back in a couple of months. Note that this letter is carried for nothing. With a Happy New Year to all, I remain, Your Brother,

HARRY NOLAN.

One important piece of constructive legislation which stands to the credit of the present congress is the passage of the bill to consolidate the revenue cutter service and the life saving service under one organization to be known as the coast guard. One important provision of the bill makes the consolidated service a portion of the naval reserve, which may be transferred to the regular navy in time of war by mere executive order.

LINCOLN HEIGHTS

Twenty-six members of the W. L. C. responded to the invitation of Mrs. Hannah Chambers to sew carpet rags for her and they fully realized their anticipations of a good time. The guests demonstrated their ability to work with their hands, as well as their tongues and the hostess again proved herself a most excellent cook; a fact well known to all who have enjoyed the hospitality of the Chambers' family The Lincoln Heights' crowd won the honor of being the first arrival.

Mrs. N. L. Harding spent last week with her son Charlie and family, in their new home on Cherry Hill.

Some of our neighbors are obliged to go quite a distance to milk their cows. O. D. Burgman, who lives at the cannery, must come to 9th and I streets to milk. Mrs. Solf, who lives on 13th and C, goes out to their 10-acre ranch.

During the past week a tent has been erected on Mr. Peter McGoff's lot, occupied by Peter Sheir and his family, former residents, who have recently returned to this city. One tent has been erected on the Dewey Sisson's lots, and E. B. Fleming is adding a bedroom and bathroom to his house.

Mrs. Ketzenberg, who has been ill a number of weeks but was thought to be recovering, was taken so much worse last week that her friends were sent for and for a time her life was despaired of, but she again rallied and it is hoped will recover. The two younger children are still being cared for at the home of Mr. Felix Filion.

L. C. and Daisy Fleming had the honor and the pleasure of being the first ladies to ride in Mr. Lafe Mitchell's new auto.

Miss Nettie Dippold hopes to be able to go to school again next week. she seems fated to miss a portion of each term, on account of illness, but improves the time so well when able, that she keeps up with her class.

DE FUCA

Our last weeks' items failed to reach their destination so we will write them along with the more recent events.

The ladies of the neighborhood called on Mrs. Wm. Wooding, Sr., last Friday afternoon as a birthday surprise. Those present were Mrs. Richards, Mrs. F. Laurens, Mrs. Heuhslein, Miss Helen Laurens, Mrs. C. A. Laurens, Mr. Agnew and several little folks. At four o'clock a dainty lunch was served, after which the guests departed, wishing Mrs. Wooding many more happy birthdays.

On Friday afternoon, January 29, the ladies of the neighborhood met at the home of Mrs. Heuhslein for the purpose of organizing a sewing and needlework society. As several of the prospective members were absent, the regular organization was postponed until next Friday, when they will meet at the home of Mrs. C. A. Laurens.

We were all very much surprised to see our friend Mrs. F. A. MacDonald among us again. She and her friend, Miss Barbour came up from Fairview, where they are visiting, last Wednesday, and spent the day with old acquaintances.

Mr. and Mrs. Wm. Wooding spent Thursday afternoon at the Chambers' home in Fairview.

De Fuca was well represented at the Fairview dance, six in all going down, and they certainly had a dandy time.

George Potter came down from Lost Mountain Saturday and is now spending a few days at the Wooding home.

Mr. and Mrs. Wm. Richards and family were visitors at the Chambers' home Saturday afternoon.

Miss Minna Laurens spent a few days in Angeles this week.

Mrs. J. A. Reeve went to Seattle last week to visit her mother Mrs. Geo. Kimball.

There will be a dance at the De Fuca school house on Saturday, February 13th, and we hope to see a good crowd.

Base Ball Season Nearly Here Again

Victoria, B. C., Jan. 30. '15

Mr. Muck, Manager,
Port Angeles Ball Club,
Dear Sir:

Would like to know if you would care to book a couple of games with the Victoria Northwestern League Club this spring. I might state that the Victoria Club is prepared to take up its full league team to Port Angeles on either April 4, 11 or 18th. These are all Sunday dates as you will draw a bigger gate for these games. Might also be able to accommodate the Port Angeles Club here for a coupli of games in the earlier part of the training season. Please let me know what you think of this. Sincerely yours,

J. GORMAN, The Times.
Victoria, B. C.

BASEBALL PLAYERS ATTENTION

Players and fans are requested to attend a meeting this coming Tuesday night at the Commercial Club, to discuss the coming season.

BASKET BALL TONIGHT AT A. A. A. HALL

THURSTON HAS AN AN AGRICULTURIST

Mr. O. C. VanHouten has been appointed County Agriculturist for Thurston county with headquarters at Olympia. Mr. VanHouten is an Ames graduate with experience in practical dairying and operating creameries. For three years Mr. VanHouten has been Deputy Dairy Commissioner of the state. Washington now has nine County Agriculturists.

All brands of high-grade Cigars and Tobacco at the Brunswick Pool Hall. We are also agents for the Angeles Steam Laundry. Leave bundles here.

While in Olympia last week the local editor was pleasantly entertained at the home of Mr. and Mrs. Preston Troy. Mr. Troy will be remembered by many Clallam county readers of the Olympic-Leader, as he spent the early part of his life on a farm near Dungeness. He is greatly interested in the progress of Port Angeles and Clallam county and keeps himself informed by reading the Olympic-Leader. His mother, Madame Troy, also retains great interest in her old home and friends and made many inquiries regarding them. It was a pleasure also to have a visit with our former townspeople, Mr. and Mrs. FitzHenry, and to find them so happily situated. Mr. FitzHenry is just getting settled in his handsome new offices in the Federal building and has every reason to be proud of them. He looks as though he was enjoying his work and that it agrees with him. Mrs. FitzHenry says Olympia is full of lovely women but they can't crowd out the affection she has for the old Port Angeles friends.

A genuine house warming and surprise party was given Mrs. J. Donahue last Wednesday evening at her new home on 12th and Peabody streets. Dancing and music were the features of the evening. A general midnight supper was served and everybody left for their homes building air castles over the "new" home they expect to have some day. Mrs. Wm. J. Hoare was the comedian of the evening and never failed to bring smiles from all faces present. Mrs. Donahue formerly lived on Eighth, near Peabody.

Mr. Alf. A. Davis, former proprietor of the Jensen shoe store, has been in the city this week visiting with old time friends and taking note of the rapid progress Port Angeles is making. He returned to Ballard today but we look to see him back in the near future taking his place again in our business circles.

DREAM THEATRE

Who keeps your Tires in good running condition

Tires are like people, they need attention and care,

WHO TAKES CARE OF YOUR TIRES?

Are you forced to do it yourself, or do you run around to any garage and mechanic you happen to be near?

Would you like to know the reason that GOODYEAR TIRES are becoming more numerous on our streets?

Would you like to know why GOODYEAR Owners are always so perfectly sure they have the "greatest tire on earth?"

Would you like to have a tire that would give you the satisfaction your neighbor gets from his GOODYEARS?

Then come in and investigate our SERVICE SYSTEM that goes with every GOODYEAR TIRE.

It will give you an entirely new idea of motor-car satisfaction.

It will explain to you just why GOODYEARS are so tremendously popular.

Mayor White has started the foundation for a seven room house on Sixth and Francis.

The Firemen give their Annual Ball on Washington's birthday, the 22nd, at the opera house.

Attorney James Stewart was looking after business matters in Seattle the first of the week.

Mrs. Geo. W. Jeffrey and little daughter went to Seattle Thursday for a week's visit with friends.

Mrs. Sanford Rose entertained a number of her friends at a five o'clock tea Wednesday afternoon.

Ruth Esther Beam entertained a few of her playmates last Saturday afternoon to celebrate her ninth birthday.

Lewis Levy spent a few days at Olympia last week, going down with Attorney G. V. Smith on business in connection with the city.

Miss Dorothy Baffnet is missed from the Phelps' Dry Goods and Millinery store as she has been confined to her bed with an attack of pneumonia.

Phala Harding, daughter of Engineer Harding, living on Second and Laurel, has been sick in bed for the past three weeks with chicken pox.

John MacDonald, who has been in a Victoria hospital for many weeks, is able to be at home again and is shaking hands with his old friends who are glad to see him back.

Services will be held in the Scandinavian language at the German tween Oak and Laurel, Sunday, February 7. 11 a. m. and also in the evening at 7:30.

Miss Ross, Miss Pringle and Miss Newman have opened lady bachelor's apartments in the McNutt home on First and Albert streets. Miss Ross is also conducting a private school for children.

Lieutenant Stika, of the U. S. R. C. Snohomish, and Mrs. Stika, left the first of the week for a visit with relatives and friends in Washington, D. C., and other eastern cities. They expect to be gone about six weeks.

Mrs. C. J. Thenan, who has been visiting in Arlington, Oregon, where they have tatken up a homestead, has returned to Angeles and Mr. Wm. Thenan left Tuesday to live on the new place for a time.

Senator A. A. Smith and Representative Babcock spent the weekend in Angeles. Both are enjoying the experience they are getting as legislators and find life at Olympia very pleasant, though a little strenuous at times.

We wish, thru the newspaper, to thank the ladies of the Baptist church and the other kind friends who assisted in decorating the church for the funeral of Miss La-Follette and for other acts of kindness performed by them.
Mrs. John McDonald.

Miss Constance Hoare returned from Seattle last Monday, where she made a visit of a few days with Miss Lucy Bonker. She declared she had a joyous trip and that all Angeles students at the "U" are doing fine. Miss Hoare went down to Seattle with Mr. and Mrs. T. Trumbull.

Mr. and Mrs. Ray Maxfield of Forks, are mourning the loss of their five months old baby which died last Wednesday and was buried Friday afternoon. Mr. C. E. Fulmer went to Forks and took charge of the funeral services, returning home on Saturday.

Mrs. J. C. Delabarre, Mrs. F. W. Gilbert, Miss Plaisted and Miss Sadie Robertson made up a party to Victoria Monday to see Forbes Robertson in his splendid presentation of "Hamlet." They returned Tuesday morning delighted with the performance which drew crowded houses in Seattle last week.

The St. Andrew's Ladies Guild will give a tea at Parish Hall, Monday, February 15, from 2 to 5 o'clock. The proceeds will be given to aid starving Belgians. Whist will be played during these hours and tea served. Tickets are 25c and we hope the public will aid by liberal patronage to help this worthy cause.

Mr. and Mrs. Getchell, superintendents of the County Poor Farm, wish to thank the ladies of the W. L. C. for the nice cushions sent out to the inmates of the home last week and to say their kindness was very much appreciated. The cushions will add materially to the comfort of the old people who have to sit around most of the day.

At a meeting of the trustees of the P. A. Library Association Tuesday afternoon, it was decided to give a ball the evening of St. Patrick's Day, March 17. All public spirited citizens are earnestly entreated to reserve that date from other engagements that they will be at liberty to patronize this entertainment given for so worthy an institution.

A number of new books which are very popular with the reading public, have just been added to the public library. They include: The Valley of the Moon, by Jack London; Eyes of the World, by Harold Bell Wright; Street Called Straight, by Basil King; Peg o' My Heart, by Hartley Manners. The public library is open every Wednesday and Saturday afternoons from 2 to 5:30, and Saturday evening from 7 to9.

Don't forget to take your "bosom friend" down to Shields Cigar Store to be sent to the laundry.

Auxiliary Meeting Tuesday

All members of the Women's Auxiliary to the P. A. Commercial Club are earnestly requested to attend the regular monthly meeting next Tuesday afternoon, February 9th. Mr. C. E. Fulmer will be present and give a short talk to the ladies on the condition of the cemetery and some suggestions as to how it might be improved. Secretary Teck will also address the meeting, so please be prompt in attendance and remember the meeting opens at 2:30 and not 3:30. All those in arrears with their dues are urged to attend this meeting and pay up as the money is needed. Mrs. Jessie Webster, Secretary.

Parent-Teachers' the 8th

Next Monday evening, February 8, the public generally is invited to attend the meeting of the Parent-Teachers' Association and listen to a most excellent address by Prof. Herbert G. Lull of the College of Education of the State University. His talk will be one of particular interest to Port Angeles people as it is on the subject of "The Community's Problem of Education." Let us fill the auditorium to overflowing and absorb from this man some of the knowledge he has gained by long years of study and experience along educational lines.

Miss Maude Nugent and Mr. August Mullish, both of Port Angeles, were united in marriage by Father Albert Erkins, on Tuesday morning, taking the afternoon boat for a short wedding trip upSound. Mr. Mullish has a cozy bungalow almost completed on the Boulevard, where they will go to housekeeping soon after their return. Miss Nugent is a native of England but came to this country a few years ago and made her home with her uncle and aunt, Mr. and Mrs. Charles Such. Later she became a nurse in the General Hospital. Mr. Mullish is a native of Germany and a contractor and carpenter by trade.

Thelma Roberts, only daughter of Mr. and Mrs. Bert Roberts, died Tuesday night at eleven o'clock, at the home of her parents on Sixth and Oak streets, of typhoid pneumonia. Funeral services will be conducted by Rev. Fulmer from the Fulmer chapel, Saturday afternoon. Thelma was a bright little girl of eleven years of age and will be sadly missed in her home and by her many playmates. "The loved one is not dead, but only resting in a world that's free from sin. The Golden gates were opened, and the loved one glided in."

Mrs. J. J. MacKechnie was in attendance last week at the executive board meeting of the W. C. T. U., in Seattle. She returned home Friday morning, her son Ross accompanying her down for a week end visit from the University. Her daughter Abbie also returned with her from Seattle and we are sorry to report that the condition of her eyes will compel her to give up school for the remainder of the year, which is a great misfortune as she was to have finished in June.

High School Notes

Two exciting games were played last Friday between the Forks and Angeles teams, the score for the girls being 27 to 7 and for the boys, 23 to 18, both in favor of our high school. This Friday there will be a game between Dungeness and Angeles. As this may be the last game played here, we expect a good crowd to turn out.

The chemistry classes have given their time this week to the determination of equivalent weights, involving thermometer and barometer readings. They have also studied phosphorous and its poisonous sister, arsenic.

The domesic science girls have been trying their skill at making doughnuts this week. They also had a lesson on the different cuts of meat.

The Freshmen are planning to give their Frolic next Friday evening, turning it into a Valentine Party.

Anyone who would like some difficult experiments may come and help the chemistry students determine the equivalent weights of gases.

Upon motion of Mr. Wolverton, city marshal was directed to have a new floor put in the city jail.

Upon motion of Mr. Filion, bid of W. R. Maxfield of $10 for dead and down timber on NW corner of City Park was accepted.

City Engineer Filion submitted estimates and bonds were ordered as follows:

District 11, to L. W. and Morse, $672.90.

District 20, to L. W. and Morse, $2,350.22.

District 21, to Anderson & Co., $1,534.50.

District 22, to P. J. Woods, $2,-234.04.

Police Justice Davis reported 20 cases before his court during January, some dismissed, and $85.75 collected. Filed.

A. L. Johnson & Co. asked that Railroad avenue driveway be connected across railroad track so that they could connect their property therewith. Referred.

A. L. Johnson & Co. asked that they be allowed to take up sidewalk in front of Kuppler building to permit machinery of Bee Publishing Co. to be put in basement. Granted.

A. D. Mitchell was granted permission to construct addition 18x16 on lot 14, block 174.

W. C. Nelson was granted a permit to build a re-enforced concrete building on lots 13 and 14, block 15, west of R. D. Willson Hardware Co., to cost $16,000.

Mayor White was given a permit to erect a two story frame building on lots 1 and 2, block 206, to cost $1,200.

John Daum was granted permit to erect residence 28x38 on lot 18, block 265.

E. B. Fleming may build an addition to his home on lot 15, block 240. Albert C. Johnson may construct coal bunkers on lot 3, block 1 and George Wilhelm may blast stumps on block 73.

An ordinance was presented by Fisher, read twice and referred, which seemingly had for its purpose, provision for any emergency which may possibly arise in relation to the strike situation, and the control of the strikers. It is entitled an ordinance for the preservation of the safety, good order and public morality of the citizens of the city, and provides against any possible act which may be construed to threaten a disturbance, or addressing any person with any name, appellation, term of reproach, epithet, or in fact addressing any person at all without their consent, by word, gesture or act, or to collect in crowds. $100 fines, or 30 days in jail or both is named as penalty.

Mayor White suggested that inasmuch work of road building on spit will have to be taken up shortly that council should ascertain the nature of the road building material available, so it can act intelligently. There must be certain proportions of sand and gravel to make roadway hold together with oil surfacing. It was agreed that the mayor name a was agreed that the mayor make a committee of two to act with the city engineer in making an examination. Messrs. Hooker and Fisher were named.

Street Superintendent was ordered to put in piece of sidewalk on Second street just west of Cherry.

It was reported that after all there will probably be no steps taken to make assessment district of Peabody street north of bridge. It was ordered that a culvert be put in on east side of Peabody at Second, from north side of Second to a point 140 feet south and that same be covered, also that ditch extend from culvert to gulch. This to give Motor Inn an approach and to get rid of surplus water in vicinity.

Street Commissioner was asked to see what could be done in way of purchasing lots south of gravel pit at 9th and Cherry.

Mr. Fisher submitted a Resolution of Intention to create an assessment district, to put in a sewer on north side of Front street, between Oak and Lincoln, data to be furnished by engineer after conference with owners as to whether this is to be built on Front street in alley or on Railroad avenue. Resolution adopted. Hearing March 2.

Mr. Fisher thinks city treasurer and clerk have too much authority to purchase supplies, and moved that hereafter they be allowed to purchase only by requisition filed with council.

City Attorney Smith here reported as to his trip to Olympia in attendance at the Municipal League conference. It was a very important meeting and the mayor and city engineer should also have been present. The legislature even awaited recommendations from the league and he had submitted bills amending the sidewalk repair laws which Senator Smith will have put thru. Thru its efforts legislature has restored the funds to the cities of third class and there is some probability that the bill prepared by Mr. Leghorn of the State Accountancy Board whereby the limit of levy will be removed, but which will make any officer liable on his bond for expending any monies in excess of the estimate for his office. This to have all funds maintained. Mr. Smith also sought to remove the engineer's authority to submit assessment rolls based on the zone system, but all engineers of state opposed this, they holding that it was too big a job for engineer to submit rolls based upon the actual benefits. The engineers hold that the findings of the Board of Equalizers on the final hearing is the one that fixes the assessment according to the benefits.

Mr. Wolverton suggested that hereafter requests for permits to build should include specifications for sanitary conditions of premises, this to include where tents are erected also.

Council adjourned.

Correspondence.

Letters and communications received 129.

Letters written 98.

Descriptive literature sent out 180.

More letters and inquiries were received than any other month of the present administration, and with one exception more letters were written than in any other month.

New Members.

Five new active members were enrolled in January, as follows: Guy Dann, Thomas C. Fields, C. C. Henry, E. J. Maynard, Andrew Severyns.

Donation.

Paul P. Whitham, the eminent consulting civil engineer of Seattle, presented to the Club a compilation of valuable "Preliminary Notes on the development of Port Angeles," illustrated with four photos of Angeles and its harbor, and embracing also copy of a special paper on "Port Terminal Problems," illustrated with three hand-colored outline maps of the Ports of New York, Buffalo and Seattle, and with thirty-one photos of world-port harbor projects, including those of Seattle. All of which are bound in cloth, with title in gold.

Leather and canvas bound filing cases for the bills, memorials and resolutions of the state senate and house were donated to the Club by Senator A. A. Smith, who also donated a number of copies of reports of state officers, and with Representative C. L. Babcock provided the Club with complete files of bills introduced at the present session of the legislature.

Events of the Month

Traffic Manager R. M. Calkins, of the Chicago, Milwaukee & St. Paul Railway, President C. J. Erickson of the Erickson Construction Co., and Contractor H. Pederson of Seattle addressed a special meeting of the Club January 5.

Final payment of obligations of the Club contracted before August 1, 1914, was made January 11, 1915.

The president and secretary represented the Club at the road conference held in Seattle January 15, at which time the permanent Olympic Highway Committee was formed. Aside from transportation charges, the officers paid all their expenses personally.

Beaver-Forks-Mora mail routing via Angeles and Lake Crescent was officially inspected and reported on by a postal official about January 20th.

The president, secretary and former President Lauridsen addressed the people of Sequim, Dungeness and Blyn in the Sequim opera house, January 22, relative to the Port District project.

Probably at least partly due to the efforts of this Club, David William Higgins was on January 25th installed as British-Vice Consul at this port by British Vice-Consul J. P. Trant of Portland, Oregon.

The Club employed every practical means available to promote the success of the Sunday afternoon concerts of the Port Angeles Marine Band.

New Industrial and Other Prospects.

A business college from Oregon.

A foundry and machine shop, from Seattle or neighboring city.

Brickyard and concrete construction plant, Seattle syndicate.

Cedar siding and shingle mills for Ediz Hook industrial site.

Several shingle mills along the line of the Milwaukee railway.

Active Cooperation Needed.

There is enough already definitely in prospect for this community and county in 1915 to warrant the conviction that this will be in many ways the most important development year in the history of the city and county. It is the most favorable time for effective community effort, and it is necessary for everybody to promote that united effort which alone can be relied upon to bring results worth while. The Commercial Club is the only organization trying to do that constructive work and its efforts should command the active, enthusiastic support of all residents this side of the cemetery.

Respectfully submitted,
FRANK C. TECK,
Secretary.

A crew of about twenty men is employed on the construction of the railroad bridge across the Dungeness river, says the Sequim Press. The main part of the job is completed and the crew is now at work putting in the wings to protect the bridge. The heavy stringers and ties are not yet in the bridge, and they will be hauled from the Earles mill at Angeles on cars as soon as the track is completed from Port Angeles to the river. All the rest of the bridge timbers were supplied by the Sequim sawmills, but the stringers are too heavy to profitably haul from the mills to the bridge by team. It is estimated that about 300,000 feet of lumber will go into the bridge.

A PRETTY HOME WEDDING

Miss Cora Tillman and Mr. Cyrenos Faires United in Marriage by Rev. Stephen Smith.

A pretty home wedding witnessed by but a few intimate friends and relatives of the bride and groom, was solemnized at the bride's home last Sunday, January 31, at 1:30 p. m. uniting in the holy bonds of wedlock Miss Cora Tillman and Mr. Cyrenos Faires. The marriage ceremony was performed by Rev. Stephen Smith of the First Congregational church, the bride and groom being attended by Miss Mamie Knoph and Mr. Luke Faires, brother of the groom. The bride was lovely in a white gown of accordian plaited chiffon and carrying a large bouquet of brides roses; Miss Knoph, the maid of honor, was attractively attired in a pale blue satin dress with lace trimmings.

Mr. and Mrs Faires took the three o'clock boat for Seattle where they are spending the week. They expect to remain in Port Angeles and will be at home to their many friends at the Tillman residence on Front street after March first. Mrs. Faires is well known in Port Angeles where she has spent most of her life and has hosts of friends, all of whom are wishing for her a most happy married life.

Mr. Faires is one of the new comers to our city, but he has already made a large circle of friends who feel that he is worthy of the fair bride he has won.

Those in attendance at the wedding were Mr. and Mrs. Bert Tillman, Mr. and Mrs. Faires, Miss Gladys Faires, Miss Sarah Fowler, Miss Tillie Fowler, Mr. Arthur Smith and Miss Maude Hoare.

Forks Basket Ball Teams Tour County

automobiles for the trip, the cars of Al Merrill and Jacob Hahn, both Forks. They left Forks on Wednesday morning, January 27, at 9:30 and played at Sequim that evening, after traveling 82 miles by automobile and ferry. On that trip they spent an hour and a half for luncheon at Fairholme and spent two hours here, from 4 'till 6 p. m., making the run to Sequim in 50 minutes flat. They lost the game, 24 to 35.

Next night they played Dungeness and won, 21 to 18.

Friday evening, January 29, they lost to Port Angeles by 23 to 18.

On Saturday evening they went back to Sequim and won from that tripping team by 17 to 16, after the Sequim team had outplayed them in the first half with the score 14 to 9.

The Forks party ail enjoyed the tour and say they were very well entertained and well treated by all the folks. They covered a total of 221 miles on the trip. Both Dungeness and Sequim have promised to play return games at Forks, and it is likely that Port Angeles will arrange to do the same later in the season.

Forks has a live athletic club with about seventy-five members, and claims to have the only athletic club house in the county. This building is capable of accommodating the entire population of the west side, having a floor space 60x34 feet, beside dressing rooms and balcony.

"SALOMY JANE" HERE ON TUESDAY ONLY

Beatrice Michelena in "Salomy Jane," will be seen at the Dream Theater next Tuesday, February 9th. "Salomy Jane" is a picturization of Fred Armstrong's dramatization of Bret Harte's story "Salomy Jane's Kiss." It is a production of the California Motion Picture Corporation, and is the Alco release of Nov. 2nd. Miss Michelena, the star, is the daughter of Fernando Michelena, a famous tenor of his day. She herself is a soprano, and has starred in light opera and musical comedy. She spent three years in studying for the grand opera. Miss Michelena has been seen in the regular theaters in "A Girl from Dixie," "The Princess Chic" and many other musical comedies and light musical pieces. This famous play is in 5 reels and will be run twice, starting at 7 p. m., and again at 9 p. m. No advance in the prices. Monday, Miss Pauline Bush in "Lights and Shadows."

MISS LA FOLLETTE DIES SUDDENLY

Cousin of U. S. Senator LaFollette and Native of Indiana, Called to Great Beyond.

It has been the sad duty of sorrowing friends to attend the last rites of Miss Sue A. LaFollette, who passed from this life at her home last Saturday, January 30th, after a few days' illness with pneumonia. No one could have passed from among us whose place will be so hard to fill and who was so universally loved and respected. She had a pleasant smile and a kindly word for everyone from the highest to the lowest and she brightened the pathway of all those with whom she came in contact. Her many deeds of kindness and unselfishness can never be forgotten by those who knew her intimately and who could appreciate the full worth of the beautiful life she led. She often said she lived by the Golden Rule and those who were privileged to know her well are sure she lived it to the letter. Her loving disposition and cheery presence have been an inspiration to her neighbors and friends for many years and they indeed feel that some thing has gone out of their lives which can never be replaced. It can be truthfully said of this dear friend of both man and beast, that the world is better because she lived. She has resided in Port Angeles for the past sixteen years; previous to that she spent a number of years on her homestead at Lake Crescent. She has been engaged in the real estate business of recent years and owned quite a little property herself. She has no relatives in this state but the body was ordered sent to her sister, Mrs. M. A. Daly, who resides in Indiana, where Miss LaFollette was born in 1851. Funeral services were held at the Baptist church on Tuesday afternoon, at one o'clock, conducted by Rev. Waite and attended by a large concourse of sorrowing friends. The church was decorated in vines and flowers. The pall bearers were Joseph Pearson, John McDonald, H. F. MacLeod, Fred Stahl, Emil Dermul and H. C. Van Brunt.

"She walked as in a cloister's shade,
And rosaries of blessed deeds
Slipped thru her hands each day."

Opening Day Will Be Held February 11

have been practicing diligently and nothing is left undone to make it one of the season's biggest successes. Everything points to a capacity house, and distance will be no hindrance to lovers of music and song. The excellent numbers and artists are:

Violin Solo, "Romance"—George Parks.

Vocal Duet, "When Spring Climbs Over the Mountains"—Mrs. Troy and T. H. Broulette.

Cornet Solo, "The Bride of the Waves"—Chas. I. Thompson.

Basso Solo, "Rocked in the Cradle of the Deep"—Mr. A. F. Forsythe.

Male Quartette, "Kentucky Babe"—Messrs. Welsh, Broulette, Selleck and McNutt.

Piano, "Hungarian Rhapsody", by Liszt—Miss Mary Stacklen.

Vocal Solo, selected—Miss Sadie Robertson.

Violins and Piano, "Alpine Violets"—Miss Florence Elliott and Mr. Ed. Champion.

Song, "The Queen of the Earth"—Miss Francis Hoare.

Violin and Piano, "The Caliph of Bagdad," excerpts—George Parks.

CHORUS OF TWENTY VOICES WILL SING AT HIGH SCHOOL

A chorus of twenty voices will give a concert in the High School Auditorium Tuesday evening, Feb. 16th. The chorus will be assisted by Miss Edith Baker, pianist; Mrs. E. O. Brown, reader; Mrs. Minnie Troy, contralto; Mr. Broulette, tenor; Miss Elliott, violinist. Remember the date, February 16th, and watch for program next week.

The W. L. C. met with Mrs. Sarah Mitchell last week, 27 members being present. A pleasant social time was had. Mrs. Hill and Mrs. Guy Dann were elected to membership. The Club will meet next week with Mrs. Hattie Thompson.

Grocers may come and grocers may go—but we are here to stay. "Fishers' Art Flour" $1.75 per sack, $7.00 the barrel. Seevers-Norman Co.

CHORAL CLUB PROGRAM A GREAT SUCCESS

The Choral Club Concert, given last Friday evening at the Opera House, under the direction of Professor R. Festyn Davies of Seattle, was a splendid success in every way.

The first part of the program was given by Mr. Davies and Miss Katherine Robinson of Tacoma, and each number was a gem in itself. Mr. Davies possesses a truly beautiful tenor voice and his interpretation of the famous "Celeste Aida" was beyond praise.

Miss Robinson, both as a soloist and an accompanist, showed herself the true artist and won the audience at once by the splendid interpretation of her selections. Her playing was all that could be desired.

Great credit is due Mr. Davies as the director of this Club for the choruses showed conclusively his wonderful talent in this line, and the performance would have done credit to any larger city. It is to be hoped the organization will become permanent and delight Port Angeles music lovers with many more entertainments.

The Club is now commencing to rehearse for the Cantata "Saul" which they will present in a few weeks and which the public is looking forward to with eagerness and pleasure. We predict a large and enthusiastic audience for this next performance.

Impersonator at H. S. Auditorium Tomorrow

Dudley Wagner, impersonator and entertainer, will be the next number of the Lecture Course, to appear at the H. S. Auditorium, Saturday evening, February 6. Mr. Wagner has received flattering press notices, from the many cities he has visited, receiving especial mention and praise for his clever presentation of "Beau Brummel," the play in which Richard Mansfield has achieved such success. Besides his original dialect impersonations, Mr. Wagner presents a varied and interesting program of short stories from Dickens, Thomas Nelson Page and poems from Riley, Kipling and Tennyson. A delightful evening's entertainment is promised all those who attend tomorrow evening.

The Presbyterian Church

The following announcements are given for the Presbyterian church for next Sunday, February the 7th: The subject for the morning is "Self Denial as Seen in the Present Day." In the evening, "The Blind Spot."

Last Sunday was a day full of interest in the Presbyterian church. In the morning Rev. T. H. Lewis, pastor of the Georgetown church of Seattle spoke. In the evening the installation of the Rev. A. H. Burkholder took place. Rev. W. A. Major, D. D. of Seattle took the chief part of the service, assisted by Mr. Lewis. Several fine musical numbers were given. There was a large attendance.

NEW PHOTOGRAPHIC STUDIO IN OPERA HOSE BLOCK

The rooms formerly occupied by the Angeles Studio in the opera house block have been leased by John Kinberg who is remodeling them and will put in a new photographic equipment. Mr. Kinberg says he has been looking for a location ever since the first of the year and has found no place offering equal inducements to Port Angeles. He expects to be ready for business in a few days.

EDEN VALLEY

About thirty-five members of the Rain or Shine Club met at the Eden Valley school house Saturday evening and enjoyed an excellent program, consisting of dialogues, readings and music. Delicious home made ice cream and cake were served and the evening was finished with dancing.

Mr. and Mrs. Martin Keppler and little daughter from Sequim are the guests of Mr. and Mrs. Jay Gould.

Mrs. Harry Mason entertained a few guests Monday evening in honor of Mr. Mason's birthday. A pleasant evening was spent.

The Eden Valley Sunday school, under the able direction of Mrs. D. J. Kelly, has an average attendance of twenty-two.

Sam Lauridsen and Cy McNamara of the Upper Elwha were down Saturday evening.

NEW LIBRARY SYSTEM BILL

Olympia People Win Out in Personal Fight for Control of the State's Library.

The semi-annual session of the executive committe of the State Federation of Women's Clubs, was held in Olympia last Thursday and Friday. The object of the meeting was to hear the reports of the chairmen of the various committees, and to make plans and preparations for the annual federation meeting to be held at Spokane in June. Another object of the meeting this year was that while in Olympia the federation ladies hoped to wield some influence in setting before the legislature a bill for a new library system in the state. This bill was introduced by Senator H. H. Phipps and was brot up for discussion at a joint meeting of the federation board and the library committee of the Senate Thursday evening, the discussion lasted from nine in the evening until midnight and accomplished but little.

Howard Taylor, chairman of the library committee, is prejudiced against the bill and was happy to be in a position to waste all the time possible. He won for himself the contempt of all the ladies present by his arrogant manner of cross questioning advocates of the bill as tho they were witnesses on the stand.

It looks to an outsider as tho a few people in Olympia had taken exceptions to the idea of it being possible to have a better library system than that which they now have directly under their supervision and influence and for their direct benefit and they are making a personal fight of the matter. Librarians and all those interested in libraries all over the state of Washington are working for the new library system, which will put the control of the state library into the hands of those who are interested and willing to give their time to the perfecting of a library system similar to that which Oregon now has and which is considered one of the best and most efficient in the United States.

The Federation women, with their energetic president, Mrs. McKee of Hoquiam, have devoted a great deal of energy and time during the past year to this new library commission, and clubs all over the state have taken an active interest in furthering the movement, so it will be a grievous disappointment to them if the bill fails to carry. Governor Lister is strongly in favor of the bill and five of the judges of the supreme bench passed a resolution last year, asking to be relieved of the responsibility of acting on the commission as the present law demands. Everyone knows that judges of the supreme court have too much on their minds at all times to be bothering about the state library, consequently the librarian has to work at a disadvantage all the time and cannot accomplish the things he would like to. The assistant state librarian, Miss McPherson, is a very interesting young woman and has had the advantage of the best library training in Pennsylvania, and both she and Mr. Hitt, the librarian, are strongly in favor of the new commission. The present commission consists of the supreme court, the governor, and the attorney general—all busy men who have little time to give to the building up of an up-to-date library system, which will meet with the requirements of all the people thruout the state.

Senator A. A. Smith is a member of the library committee and he was petitioned by the P. A. Reading Club to support the bill, so it is to be hoped he will interest himself and try to see that the bill will receive at least fair consideration at the hands of the committee, which it certainly did not at the joint conference.

Later, the bill came up for consideration Wednesday and was indefinitely postponed, which does not mean that it was defeated for the State Federation of Womens' Clubs is too strong an organization to ever accept defeat.

Piano Fund Starts Off $14.25 to the Good

Thank you criticiser, thanks. Do you know (but I reckon you don't) that a great writer once said, "Thru the criticism of my friends, I became what I am today. To my untrained mind and eye my writings were at one time faultless, but the wise knew better, and when their timely criticism reached my ears, I knew there must be somthing wrong. It was then I began studying and traveling and grasping for knowledge as a drowning man grasps for a straw. I had been criticised and I was determined to rise. No matter what happened to me I would be their equal, and thank God I did rise, but it was their criticism that opened my eyes to facts and started me on the road to success."

So if criticiser will just keep busy who knows but what the Fairview Correspondent may soon become great (stove grate) or even (nutmeg) grater still. Criticism applied to the right people (and I'm one of 'em) at the right time is very beneficial. It may sometimes smart a little if applied too vigorously, but nevertheless its a good medicine, and if the giver hasn't the knowledge enough to know that he has done a favor, the receiver ought to have gumption enough to know that he has received one (and most of us do.) Do we who get criticised, get peeved? Well, I guess not, we run out in the front yard and spin around on one heel. But say, do you know there is not one person on top this little round earth, who does not get and give his or her share of criticism and now dear friend with the kind editor's permission, I will gracefully, (him) bow out.

Mrs. McDonald of Vancouver and Miss Barbour of Victoria, were guests at the Chambers home last week.

Ruben Jacobs was a guest at the O. B. Ranch one day last week.

Mr. Anderson has bought a piece of land just south of Mr. Subik's place. He is living there now.

Mr. and Mrs. James Jacobs, who are at present living on the Arthur Cays place in Dungeness, were home a few days this week.

John Winters is now sole owner of the old home place. He has bought the shares of his mother, brothers and sisters, and intends to always live in Fairview. May success be his.

Rown Luke is making a big improvement on the ranch this winter, logging and cleaning up a few acres of land for pasture.

An unusual large crowd attended the dance held last Saturday night. Outside the expenses we now have $14.25 toward our piano. Some time in the near future we hope to give an entertainment to which all are welcome. We wish to thank all and also Mr. and Mrs. Webster, who have so kindly offered to assist us in any way they can.

Mr. and Mrs. James Jacobs were invited guests to dinner at the Fossett home last Monday evening.

Mr. and Mrs. Babcock and family spent Sunday at the Chambers' home.

Mrs. Sutter's lemon pie recipe:

1 cup sugar, juice and grated rind of one lemon, yolks of four eggs, two tablespoons of flour, two cups hot water, boil together until thick and pour in two pie shells that have been already baked, beat the four whites, add two tablespoons sugar and place in oven until slightly brown.
