CITY WILL HAVE CLEAN-UP WEEK

Following Which, Summary Action Will Be Taken in All Cases of Neglect.

The city council held an extended session Tuesday night but little business of real importance was transacted. A large part of the night was taken up with sanitary conditions and reports of abatement. According to these reports very satisfactory progress is being made toward making Port Angeles a clean city.

Dr. Bigelow, chairman of the Health committee, reported that a large number of the nuisances reported had been satisfactorily abated, and that about all those notified had indicated a desire and willingness to comply with the committee's request. In one or two cases summary action had been taken; further use of First street by the Thompson residence was abated by the committee having the sewer plugged, thus forcing the abandonment of its use until properly cared for. North of Front street one party had attempted to meet the demands half way, and a change would have to be made. Fills have been made in the business district which is greatly improving the looks and conditions. The government had consented to the government property upon which the city hall stands being filled and a committee consisting of Messrs. Bigelow, and Brennan were named with power to act in this matter. Old Central school sewer, occupying street along 2nd and Peabody, was accepted as part of city sewer system and ordered repaired. Front street east of Lincoln will be cleared.

In this connection the Marshal reported that owing to the absence of any set place where teams could be fed, he had not enforced ordinance prohibiting feeding in the streets in down town district. Mr. Leonard now offers the use of the old Gallagher barn for this purpose where teams can be fed, and where horses will be watered and fed hay and cared for at a nominal charge of 15 cents per head. The offer was accepted and hereafter the ordinance will be enforced by order of council. The district comprises First and Front street, and cross streets between Lincoln and Valley.

A committee of ladies from the Auxiliary, Mesdames McGillivray, Ware and Webster, appeared before council for assistance in rehabilitating the Laurel street zig-zag, by terracing and setting out on the face of the bluff sword ferns and bushes. Street superintendent was directed to assist by furnishing necessary help. The ladies also arranged for a clean-up day and secured the assistance of the city to cart away refuse collected.

J. W. Caven applied for and was granted a license to act as sewer connector.

Messrs. Bigelow, Wolverton and Fowler were named a committee to look up a dumping ground for garbage.

Mr. Wolverton suggested the appointment of a man at $45 per month to be provided with a push cart and street sweepers outfit to keep the business district clean. Dr. Bigelow thought the people should rather be educated to keep the front of their places cleanand moved the purchase of eight additional collection cans. Both motions failed to get a second.

The marshal was directed to post notices warning against throwing any waste materials into the Lincoln street valley.

Mr. Bigelow reported numerous complaints as to water pipes leaking, and water company was ordered to abate this nuisance also.

Upon report of the light committee the offer of $250 for boiler and furnace, etc., at power plant was rejected. One party had offered $600 for entire plant, while former engineer Gibson had estimated that plant should be worth $2,000. The Clerk was directed to advertise for bids for the plant.

CLEAN UP THE RUBBISH

Spring is here! Spring is here.
You can tell it by the wiggle of its ear.
—Jabberings of the Jabberwock.

There is one backyard in this city that is a disgrace!

The owner of this property is one of our leading men,

A nice man, too.

But seems to be mighty careless.

Now we are going to give him an opportunity to clean up that back yard of his.

He will have just ten days in which to do this.

Then if the yard doesn't look better we will publish his name, that all the world may know how careless he is.

There will be no excuse for his not attending to this civic duty later than March 31.

Next weeek remember.

The city officials have specified the week of March 24 to 31 as "Clean Up Week" and arrangements have been made whereby the rubbish that has been accumulating during the winter will be carted away and dumped.

All that the citizens of the city have to do is to collect the old cans, broken dishes, bottles, rags, useless Christmas gifts, Sears & Roebuck furniture, oil stock, love letters, and other junk, and put it in boxes, barrels, sacks, bushel baskets, peck measures or quart cans, place the receptacles in the streets where the rubbish can be conveniently reached and our obliging city fathers will attend to the rest.

Oh! no. They are not going to do the work themselves.

They'll hire it done.

Catch them working!

Remember. March 31 the teams start out.

And put the stuff out where the collectors can see it.

—Apologies to Kent Journal.

Fire alarm signals and police calls were ordered connected with the new telephone office.

Cemetery committee reported favorably and offer of $40 for down timber on cemetery was accepted.

City engineer reported final estimate due contractor on Peabody street bridge at $2,103, recommended acceptance of work, and as no claims were filed against contractor and time was up, amount was ordered paid.

Final assessment roll for this improvement was reported and Saturday, April 17, at 10 a. m., was fixed as time of hearing and equalization on same.

Mr. Fowler reported that Mr. Stewart had men fill ditch in front of his property at 9th and Oak. Mr. Gherke explained that city had drained water from south of Catholic church across Oak street and had opened this ditch to take care of water thus released. The closing of the ditch necessitated the water crossing his property. Mr. Stewart was ordered to reopen the ditch.

Some time ago a two plank walk was ordered placed on Third street from Tumwater to A, which was never put in, because of lack of room. Later a walk was put down Second to A, and the committee now thinks this the better route, and recommended a five foot walk on A, 2nd to 3rd. This was objected to, and

COURT HOUSE COMPLETED

Building Accepted by Commissioners; Furniture Will Be Shipped from Ohio Monday.

The constructive work on the new Clallam county court house is now complete and the County Commissioners at a special session Wednesday, accepted all contract work with the exception of the telephone, which is not completed and the furniture contract. The home steamer City of Angeles will make a special trip to Tacoma Saturday to bring the furniture for which the Pioneer Bindery & Printing Co., of Tacoma, have the contract.

The steel furniture will be shipped the 22nd of March from Ohio and as soon as it is installed the building will be ready for occupancy and the old court house will be a thing of the past.

After the officers have moved in and everything is in running order, the County Commissioners are planning a big celebration. The date has not yet been definitely settled, but it is thought it will be about May 15. The grading of the grounds is to be completed at once, the work being in charge of Constructing Engineer Weber.

BERRY GROWERS PLAN ORGANIZATION

Mass Meeting of Growers to Be Held in Commercial Club Room Monday, March 29th.

For the purpose of discussing and considering the advisability of forming an organization of berry growers in Clallam county this spring, it has been decided by prominent growers of this part of the county to hold a mass meeting of all interested in the subject in the rooms of the Port Angeles Commercial Club on Monday afternoon, March 29, at 1:30 o'clock sharp.

Preparations for this meeting have been under way for several weeks. A large amount of authentic information on the subject has been collected by Secretary Teck of the Commercial Club in co-operation with E. D. Guthrie, George McDonald, S. T. Eddy and other growers of loganberries in this district, and the possibilities and opportunities for the industry here have been very carefully studied and investigated in the light of experience gained by growers in other districts, where berry growing has become a leading rural industry, particularly in the Willamette valley county around Salem, Oregon, which has become the chief loganberry producer in the U. S.

Oregon growers who have visited Clallam county, notably Mr. J. J. McDonald of Salem, one of the organizers of the Salem Fruit Union, admit that conditions are ideal for the industry here. Berries are indeed among the most highly profitable crops that can be grown west of the Cascades.

OUR OIL PROSPECTS

Prof. Chas. Weaver, Professor of Geology, from the University of Washington, will deliver the address before the Congregational Brotherhood next Monday night. His subject will be "Oil" and which in view of the promising fields opening up in various parts of the state and particularly in Clallam county and other parts of the Peninsula, should be intensely interesting to our people here, as well as of great general interest. Supper as usual at 7 p. m., for which plates must be reserved. The ladies are invited to this meeting. The talk will be illustrated by stereopticon.

"Sealed Orders" in 6 parts is billed for the Dream Theater, Tuesday, March 23rd. It is nothing less than a revelation in motion pictures.

200 IN ATTENDANCE AT AUXILIARY BALL

Library Fund Increased by Fifty Dollars, Thanks to the Irish and Their Love of Fun.

A most happy and successful affair in every way was the St. Patrick's Ball given under the auspices of the Library Association. Almost two hundred people were there and they were as merry and jolly a crowd as we would wish to see. The hall decorations were all in honor of the dear Irish Saint and were very pretty and effective. Everybody was Irish for this one day and nearly every costume had a touch of green somewhere.

The orchestra music was unusually enjoyable and their rendition of the pretty Irish songs filled everyone with the dance spirit. Miss Taylor's vocal solo was received with a storm of applause and she graciously responded to an encore. The audience was deprived of the pleasure of hearing Miss Robertson, as she was unavoidably detained at home. The quartette, "My Wild Irish Rose" as sung by Messrs. Selleck, Broulette, McNutt and Welsh, was beautiful, and added greatly to the evening's pleasure. The ladies feel very grateful to these talented vocalists for so graciously assisting. Ice cream, made by the Goldwater Bros., and delicious home-made cakes were served from small tables on the stage and the ladies in charge were kept busy 'till the last bit of ice cream was gone.

The net proceeds will be something over fifty dollars but the ladies had hoped it would be nearer one hundred for such a worthy cause as a public library, but they will be grateful for donations from the many prominent citizens of Port Angeles, who were unable to attend the ball.

SOMEONE BLUNDERED

And put on the headlines that S. E. Stakemiller had bought out the Lutz Clothing Co., instead of C. S. Stakemiller. We want to correct it and say that S. E. is still to be found at the Mathewson Drug Store, while C. S. is busy looking after the exterior improvement of his store, which has been made very attractive with a fresh coat of paint and new signs, and a fine electric sign will soon be added. The interior of the store is also receiving attention and the new spring goods are being very effectively displayed.

LAUREL ZIG-ZAG AN EYESORE

Auxiliary Ladies Propose the Planting of Evergreens and Sword Ferns to Hide Crudities.

The committee of ladies representing the Women's Auxiliary to the Commercial Club, who waited upon the Mayor and City Council Tuesday evening, in the interest of the "Clean Up Week" appreciated the courtesy extended to them and the willingness with which the council complied with their requests.

Laurel street zig-zag is to be cleaned up and made to look as attractive as possible under existing circumstances. Yes, and the whole town is to be cleaned up, and all property owners are urged to begin at once. Don't be satisfied with just cleaning up the yard, but also in front and behind and all around.

Let us all rise up in our might and declare our city is going to be one of the cleanest and most sanitary cities in the state and then beat your neighbor to it by making your premises so attractive he will just have to clean up. Set out a few rose bushes, flowers and plants and have something to exhibit at the Annual Flower show to be held in June. Strangers in our city last year were amazed at the showing of beautiful roses and we ought to be able to exhibit twice as many this year. Tacoma and Seattle have their Dahlia Shows and we can raise just as handsome ones in Port Angeles. Why not have a Dahlia Day during the summer and exhibit the flowers in the windows of the stores?

FORKS WELL YIELDING OIL

Considerable Showing in Every Lift of the Bailer; Investors Now Very Hopeful.

Lewis Levy, who made the trip down to Forks this week to verify for himself and Mr. Castell, the favorable reports received of operations at the oil well, wired yesterday that the bailer is now bringing up considerable oil with gas plainly visible. Mr. Castell, who has had experience in the various western oil fields, says that with 2,000 feet of water, weighing about 11 tons, in the well, he believes a fair showing, say two gallons, of oil in the bailer, is evidence of a certain producer.

THE SUPERIOR COURT

The Superior Court convened on Tuesday of this week clearing up the accumulated docket in three days.

The estate of Anna Markley was finally settled, the residue going to the sole heir Mrs. Dopp.

Demurrer of H. J. Bugge and motion to strike complaint as to Francis Bugge in P. S. Govan vs. Knapman, et al, were overruled and denied and defendants given ten days to further plead.

Petition of Executor Jas. Fitzgerald to sell property in estate of Jas. Skeffington, went over to allow consent of heirs to sale.

Mrs. Eevelyn Ware was appointed executrix under the will of William H. Ware. Mrs. Ware and attorney George W. O'Brien were down from Sequim for the purpose.

A Blyn mother was allowed a pension in the sum of $7 per month begininng April 1.

In the case of L. J. Leonard vs. Asa Steele and Daniel Needham, judgment by default was granted plaintiffs' quieting title to premises occupied by Johnson & Leonard barn. Defendants had paid $1500 on a $13,000 deal and defaulted in their contract.

Judgment was given against J. G. Garrison for $108.00 on account of automatic scale purchased, it was alleged from the Wells-Butcher Supply

ONE OF THE MOST INEFFICIENT LEGISLATURES IN STATE'S HISTORY

Olympia, March 18.—Over in Tacoma is published a daily newspaper called the Tacoma Times. It is a Scripps-McRae publication and consequently boasts no party affiliation. Like all newspapers of this league it has ideas—radical, sizzling, red-hot ideas, and it places them on the front page in black-faced type half an inch long. Friday it discovered the legislature had adjourned,—AND IT SAID:

CONSIDERED AS A UNIT, THE LEGISLATURE WAS ONE OF THE MOST INEFFICIENT, EXPENSIVE AND TORY-MINDED IN WASHINGTON'S HISTORY.

If its work is permitted to stand, it will have set the state back 50 years.

It did its best to take away from the people the initiative, referendum and recall.

To destroy all vestiges of home rule, and to give the streets away forever to the franchise grabbers.

To repeal the beneficial labor legislation gradually accumulated.

To kill the jitney bus.

To bring back the discredited convention system.

IT WAS AN ANTEDELUVIAN SESSION, AND EVERY PIERCE COUNTY MAN WHO HAD A PART IN IT SHOULD BE PERMANENTLY RETIRED TO PRIVATE LIFE.

The jitney bus measure which met rocks and snags galore in the legislature before it was made into law over the governor's veto will have to stand the test of the courts on its constitutionality, according to word received here from Seattle and Tacoma.

Three courses of action are being considered by the jitney interests, all of which will likely be adopted. The jitney busses of Seattle, Spokane and Tacoma will first be incorporated under a public utility company. The second move will be to circulate a referendum petition and the third to take the law into the courts and keep it inoperative on technicalities.

A. H. Garretson, a Tacoma attorney, who was here Monday, declares the jitney law unconstitutional in that it requires the jitney operator to put up a bond as a common carrier for damage in case of accidents, while other passenger carriers are exempt.

"This is class legislation, pure and simple," declared Garretson. "There never has been such a thing as compelling a carrier to give a bond to protect the public against something that does not exist. Then, too, the bond is so high that it prohibits the jitney from competing. It is unconstitutional to prohibit competition by legislation. The law will not stand."

The quadrennial registration act passed by the legislature and now law is one of the very few measures affecting the interests of the people generally that is followed by no aftermath of knocking. Its passage is commonly admitted to be one of the most salutary laws affecting registration ever passed in the state.

Well on to a quarter of a million dollars will be winnowed into the coffers of the state by the new fish code and the new auto code, the latter bringing in approximately $100,000 and the former $125,000. This auto revenue is an object lesson on how the general adoption of a new invention by the public can be made a source of magnificent income to the people.

A brand new feature that will hereafter affect the deliberations of the public service commission in reaching conclusions is, that under the new law passed by the legislature "certificates of convenience and necessity" must be secured by an opposing interest before a competing company can enter a field of public service where another company is already operating. The foregoing Everett case was the first in which this new law became an element affecting the decision.

In commenting on the work of the legislature and its effects upon the state, Governor Lister when asked after adjournment for his views, said:

"It is too early to make any comment. It would be like stopping a man who is half thru writing a letter and asking him what he had said, and what effect it would have.

"I personally feel that the legislature made a serious omission in failing to take action looking to the calling of a constitutional convention."

Organized labor of the state will circulate a state-wide referendum petition asking for a repeal of the "certificate of necessity" bill, the amendment to the initiative and referendum laws passed, and the port bill. Labor will also take part in securing a referendum on the jitney bus bill. A mass meeting will be held in Seattle on Friday evening of this week and in Tacoma next week to generally institute these movements.

A referendum campaign was instituted in Tacoma Saturday against the new law to restore party conventions. This bill was passed over the governor's veto.

In an address at the Salmon day banquet tendered the salmon canners of Puget Sound, Governor Ernest Lister in outlining the policy of the state is following in generally fostering the fishing industry declared there was need for more hatcheries, and that the state must provide for these as well as for more rearing ponds and a greater efficiency in the propagation of fish.

"So, that we of the West," the governor continued, "will be able to say to our neighbors of the East that we have achieved where they have failed, and show them what true conservation means.'

THE 1915 OVERLAND IS BEAUTIFUL CAR

Judging the merits of an automobile does not differ in principle from judging the merits of live stock. With this fact clearly in mind, there need be no doubt, confusion or uncertainty in choosing a car to meet your needs and desires, however inexperienced in motor cars you may happen to be.

When you buy a cow or a horse you know what qualities you want the animal to possess. You also know the points in its physical make-up which show whether or not it possesses those qualities, and to what extent.

No one could pass off on you, for instance, a heavy, slow work horse as a good traveler on the road, or "beef" cattle as good dairying cows. Their "points" instantly classify them in your experienced eye.

Now let us apply this same reasoning to automobiles. When you buy a car you want certain definite qualities. The sum of these qualities represents the full measure of motor car satisfaction.

You naturally want serviceability—which means strength, long life and general reliability.

You must have safety of course.

You want the greatest possible degree of riding comfort and plenty of room.

You want convenience in operating as well as in caring for your car.

You want substantial yet graceful appearance, for your own satisfaction as well as for its impression value on others.

And, finally, as an automobile is a machine, and therefore needs occasional adjustments and eventually the replacing of worn parts, you have right to expect service.

These being the qualities to seek, what are the "points" by which you can determine whether or not a car measures up to your standard?

Just call up or go over to the Motor Inn and Mr. Bishop will be only too glad to show you, and take you for a ride for that matter, so that you may see what kind of a car the Overland is.

At the G. A. R. Hall,
March, Thursday, the 25th,
Come friends and give us a lift.
The birthdays we wish to celebrate,
Of some of our heroes great;
Lincoln street being in such uproar,
Prevented our doing so before.
McKinley, Lincoln and Washington,
Well, we remember what they done.
'Tis free; you're welcome; you'll be delighted;
Come, or you're the one that is slighted.

"AUNT MOLLIE" ENTERTAINED BY INTIMATE FRIENDS

Mrs. Marion Smith, or "Aunt Mollie," as she is familarly called by intimate friends, became an inhabitant of this world on "St. Patrick's Day in the morning," but we won't name the year. March 19th, 1915, her recent anniversary, will not soon be forgotten by her nor the friends who so successfully surprised her. She certainly was surprised but she went thru the ordeal bravely and made each one feel perfectly welcome. Mrs. Short and assistants prepared a most excellent luncheon. The birthday cake with its surrounding candles and center sparkles was lovely to behold, was fully as good as beautiful and much enjoyed, as was also the meeting of friends and social intercourse. But the evening shades reminded us of supperless husbands. We wished that we might have more such meetings with "Aunt Mollie" and said our adieus. Those present were Mesdames Smith, Maxfield, Burdick, Mason, Fisher, McKee, Bashline, Fleming, Merrill, Sallee, Chambers, Short, Kelly. The combined ages of the nine first named made an average of 74 years and 3 months. The remaining five were too young to be counted but filled their places admirably.

One of the Crowd.

BIRTHDAY SURPRISE GIVEN MISS PETERSON

A very pleasant surprise party was given on Miss Ella Peterson at the home of her mother on Saturday evening in honor of her birthday. Progressive whist was played during the first part of the evening when Mrs. Van Coolidge and Mr. Chas. Lucas carried off the first prizes and Mrs. Bert Sturdivant and Ross Garvin the consolation, after which solos were rendered by Roy Sarff and Wesley Goodwin, which were enjoyed by all. Supper was served at midnight. Those present were Mr. and Mrs. Van Coolidge, Mr. and Mrs. Dell Church, Mr. and Mrs. Chas. Lucas, Mr. and Mrs. Bert Sturdivant, Mr. and Mrs. Bill Morrissey, Mr. and Mrs. F. Malchau, Mr. and Mrs. Mart Johnson, the Misses Mabelle Gherke, Elva Govan and Ella Peterson and Messrs. Ross Garvin, Roy Sarff and Wesley Goodwin.

AGED VETERAN ANSWERS LAST ROLL CALL

Henry W. Busse, formerly of Port Angeles, died at the National Military Hospital at Milwaukee, Wisconsin, on March 14, 1915.

Deceased served in Company G, 5th Iowa Cavalry, and in Company A, Brakett's Battallion of Minnesota Volunteers from October 16, 1861 to October 28, 1864. He leaves a family of 4 sons and 2 daughters to mourn him. Two daughters and one son are residing in Port Angeles at present. He attained an age of almost 75 years.

NOTICE TO TEAM OWNERS

Notice is hereby given that ordinance prohibiting the feeding of teams between Lincoln and Valley and all that section lying north of the south line of First street and between Lincoln and Valley will be, beginning with the 1st of April, strictly enforced. The barn on Lincoln street, known as the Gallagher barn, can be used by people to put up teams at a nominal cost, by arrangement between J. L. Leonard and City Council.

Every Modern Advantage

High Tension Magneto

The Overland has high tension magneto ignition—the most dependable and most uniform system made. Many cars have only the cheaper and less efficient battery system. The battery system is furnished because it is cheaper. But the Overland uses the highest priced system of ignition—the high tension magneto—the same system found on high priced cars.

Don't buy a car that has battery ignition.

Underslung Rear Springs

The Overland has long underslung rear springs. Many cars are still made with those short overslung rear springs. Such springs make a car ride hard. They take all the fun out of touring. The underslung Overland springs are long; have wide openings and swivel seats. This makes them very flexible and smooth riding under all conditions.

Don't buy a car with overslung rear springs.

Simplest Driving Method

The Overland (81) has the control buttons located on the Instrument Board. They are within natural reach. Many cars still have them on the dash or at some other unhandy place. But on the Overland, without stooping or bending forward, you can readily press the buttons that start, stop and light the car. That is why the Overland is so popular with womenfolks. It is so easy to drive—so comfortable and so convenient.

Smooth Working Clutch

The Overland clutch is so designed that it always "releases" freely. It does not grab hold or jerk you from your seat. It works smoothly and evenly without a particle of stress or strain. On many cars the clutch grabs hold with such force that the driver bounces from his seat; the car is seriously strained and the occupants in the tonneau are glad when the ride is over. Don't buy a car with a stiff working clutch.

ORGANIZATION OF THE SAPPHO GLEE CLUB

What will be known as the Sappho Glee Club was duly organized at the home of Mr. and Mrs R. H. Kidd, last Sunday afternoon. A large crowd was in attendance. The afternoon was spent in singing songs and a few favorite solos were rendered on the piano by Miss Bertolett and Miss Lamerau, while Mr. Lanthorn took up part of the afternoon in teaching the essentials of music. All the old time as well as late songs were sung in which every one took part, making the afternoon pass very quickly and pleasantly.

Their first meeting turned out so agreeably that the next meeting was decided to be held at the home of Mr. and Mrs. A. M. Konopaski, on next Sunday afternoon. Among those present were Joseph Hamilton, Mr. and Mrs. George Weldricks, Mr. and Mrs. Lyman Parker, Mr. and Mrs. Kleinburg, Mr. and Mrs. Martin Raun, Mr. H. Grossklaus, George Clark and Peter Schutz, besides a host of young folks.

STEAMER SIOUX TO GO TO PORTLAND

"That there will be a fast steamer on the run between Portland, Astoria and Flavel during the coming summer is now practically certain. The company that is to operate the proposed steamer is the Puget Sound Navigation Company, a corporation controlled by the Joshua Green interests, which owns and operates 37 passenger and freight vessels. The craft that is said to be assigned to this run is the palatial steamer Sioux and which is a vessel of 226 tons net register, equipped with 1000 h. p. engines and has accommodations for 400 passengers.—Astoria Evening Budget, March 8th.

HOW WILL YOU TRADE?

These are Hard Times.

Hard times, if viewed from a mental standpoint, instead of material, can be figured of greater benefit to the ultimate advancement of the human race than a land filled with milk and honey and a medium exchange, ("the filthy lucre") wisely is, has been reiterated. Civilization is a failure. Hard times checks us in our mad race for the world and all there is in it, "Live and Let Live." Let us get down to facts and figures. You, the producers, the tillers of the soil. Keep your soul and body together. Let's go back to first principles. To meet you half way, I will, thru my connection with the wholesale markets, exchange dental work for every product produced from the soil or by the hand of man. Every family needs quantities of dental work. Bring in what you have in marketable shape. Butter, eggs, milk, pigs, chickens, sheep, critters, horses grain or wood or bark off the tree. I will give you the highest market price in dental work, the quality of which none can excell and few to compare at the lowest margin of profit. Come right in. Get busy on your physical welfare and I will do my part to stop the argument of oversupply and demand. Offices are being established in many live communities. Angeles office over post office.

RESOLUTIONS OF CONDOLENCE AND SYMPATHY

In the sudden death of Benjamin T. Smith on Monday, February 22, 1915, the city of Port Angeles lost an admirable and loyal citizen and this Club an active, liberal and public-spirited member. It is therefore with grateful memory of his worth and deep appreciation of his useful citizenship that we record and make public this brief expression of our sense of bereavement, and offer our sincere sympathy to the sorrowing family.

Adopted by the Board of Directors of the Port Angeles Commercial Club, March 8, 1915.

The Port Angeles Commercial Club is conscious of the loss, not only to that organization, but to the city as well, occasioned by the death of Herman Johnson on March 7, 1915. This organization valued Mr. Johnson as an active member whose devotion to the upbuilding and progress of the city never failed and who was always ready and willing to do his full share as a constructive citizen. We shall long revere his memory and we offer to the bereaved family our heartfelt condolence and sympathy.

Adopted by the Board of Directors of the Port Angeles Commercial Club, March 8, 1915.

Fred Bishop and Burgess Korn, of the Motor Inn, left on Wednesday of last week for Forks, Mora and other points in the West End, returning Saturday. The new Overland Model 81, which they drove, is a wonderfully sturdy car, and thru sticky mud and up slippery steep hills, this latest Overland has proved herself to be a Real automobile—especially adapted to all sorts of weather and road conditions "enjoyed" in Clallam county.

PLUMBING ORDINANCE NEEDED

The present agitation of numerous property owners for an ordinance regulating the plumbing business in this city is timely. All buildings along the line of the proposed sewers, as well as those on the present sewer sytsem, must be connected thereto, with this work comes the necessity of city supervision of all sanitary fixtures. Thru lack of necessary regulation, fixtures have been put in in a most careless manner in many of our homes and buildings. Before the installation of sewers each building was connected to its private cesspool or sceptic tank, but now with all buildings along the line of sewers connected, careful setting and construction of plumbing fixtures will be necessary to prevent siphonage or evaporation, allowing germs from entering houses from other houses or from hospitals where there may be contagious cases. As the health of our citizens and the sanitation of the city is the most important of all matters, it is earnestly hoped that our mayor and city council will at an early date pass the necessary regulations for supervision.

A great many ladies called at Miss Nason's new Millinery store on St. Patrick's day at her first opening of the season. The store presented a most attractive appearance and a select line of hats and millinery goods, as well as suits, coats and dresses were on display. Her expert trimmer arrived from Portland today and they are busily preparing for the Easter opening.

Kirschberg's windows are attracting a great deal of attention this week as they are being most handsomely dressed for the Easter season. Beautiful new back grounds of imitation Mosaic ware have been put in the display windows, making a most effective setting for the exquisite display of fine silks, laces, chiffons, etc. The floral decorations throughout the store are unusually attractive.

LOWER ELWHA HAD SOME "QUILTING BEE"

One of the most successful and enjoyable events of the season was that which took place at the home of Mrs. J. M. Dougherty, Saturday, March the 13th, when she entertained in honor of Mrs. Mulholland. The nature of the entertainment was an old fashioned quilting bee, and was also in part a celebration of St. Patrick's day. The guests, who all proved to be very industrious, were faithful in finishing the tasks set for them to do. The dining room was very prettily decorated with hangings of green paper, ferns and myrtle. The color scheme was also carried out in the decorations of the table and in the place cards upon which were written verses appropriate for the occasion. A salute, composed by Mrs. Mulholland, was read by Miss Bown, after the ladies were seated at the table, where they partook of a sumptous dinner which was served at one o'clock. Those who assisted in serving were the Misses Olive Goodwin, May Fosberg, Ruth Bown and Mr. George Aldrich.

After dinner, the ladies were given a chance to exercise their guessing ability in a contest of discovering the names of Irish cities, hidden in poetry.

The prizes were awarded to Mrs. Albert Eacrett and Mrs. Chamberlain. Besides the hostess, Mrs. Dougherty, and the guest of honor, Mrs. Mulholland, the following persons were in attendance: Mesdames Chas. Brandt, Will Brandt, Chamberlain, Critchfield, Davis, Albert Eacrett, Will Eacrett, Eddy, Fosberg, Garrison, Hartley Goodwin, Guthrie, Hopkins, Lewis, Scott, Lundquist, McDonald, Rasmussen, Schuetta and Watkins; the Misses Goodwin and Fosberg and Bown; Messrs. Aldrich, and Dougherty.

LINCOLN HEIGHTS

A number of our citizens have changed locations the past week. Mrs. Doty went to California, where her husband had gone some time previous. Mr. and Mrs. McGoff went down town. Mr. Wheeler has moved into the McGoff house and Asa Byers into the tent on same place. Harry Miller and wife to the Al. Rogers house. Peter Shier and family to the Ayers house vacated by Miller. Mr. Jobella moved from 8th to their own home on 5th street and the Smiths are now located in their new home on 16th. They are much pleased with their location.

Mrs. Paul Hopf's sister Mrs. Jarvis of Arizona and two children arrived at the Hopf home a few days ago and hopes to make a home here if she can find employment.

Mrs. Edna Harding and Daisy Fleming will soon be experts at paper hanging.

The jitney bus is kept quite busy and saves many weary walks and also gives those unable to walk a chance to get out. Ernest Harding is now running the one on the Lincoln Heights, and Harry Miller the one from town to Earles mill. The new one C. D. Harding put on the road this week.

Mr. Whitmore was the unfortunate victim of an accident Monday at Earles mill and is nursing three crushed and one broken fingers. This is hard on a man with a large family who has had but a few days work in five months.

Mrs. John McLeod was taken suddenly ill Friday evening and Monday was taken to the hospital, where an operation was performed and at this writing Wednesday, is reported as getting along as well as could be hoped for.

Mr. LaFlower had another attack last week but is again better.

Mesdames Maxfield, (Sr.) Bashline and L. C. Fleming of the Heights and McKee and Kelly of Pine Hill with several ladies of Cherry Hill, spent a very pleasant time with Mrs. Maria Smith Wednesday afternoon in honor of the anniversary of her birthday.

Our population is increasing. A girl came to the Hover Anderson home and a boy to Mr. Hall's on 7th street Monday last. The latter are newcomers.

DE FUCA

Mr. and Mrs. Charles McDougall were callers at the Wooding home one day last week.

Last week logging operations were started down near the beach below Reeve's place and we now have the distinction of having a whistle in our midst to let us know when it is "quitting time."

Miss Lillian Ware spent the week end in Sequim with her mother.

Mrs. J. A. Reeve has been very ill this week but is better now.

Mr. McDougall had a crew of men and several teams down here last week doing some work on our road, grading and hauling in gravel.

Mrs. F. P. Laurens went to the hospital in Port Angeles last Thursday, where she underwent quite a serious operation.

Mr. Edwin Champion was a Sunday visitor in De Fuca from Fairview.

Mr. and Mrs. Forest of Blue Mountain spent the day at the Richards home last Thursday.

Mr. H. Jacobs was a business visitor at the Wooding home Sunday morning.

FAIRVIEW.

There will be a dance March 27, The special feature for supper will be salad and pie. Ladies please bring the usual lunch.

Miss Alfreda Harbaugh is visiting her sister Mrs. McCumber, who lives at Eden.

Mr. Al Youngest, who has spent the greater part of the winter in California, came home a short time ago.

Mr. Fossett returned from Morton last week. He went up on business.

Mr. and Mrs. Reid of Weaver, spent Sunday at the J. Winters' home.

Mr. Edwin Champion is working for Frank Hebisen, who is clearing land.

On March 4th, Mrs. Harbaugh entertained the F. L. C.

Mrs. Kilmer is spending a few weeks in the city, with her daughter Mrs. Richards.

LOWER ELWHA

Mr. and Mrs. Chas. Brandt of Port Angeles, were visitors in the Valley last Saturday.

Attendance at school has been rather light the past three weeks on account of the sickness of several of the pupils.

We are sorry to hear that Forrest Sturdivant is still very ill at the hospital in town.

Mr. John DeLaney was in town on Monday.

Mr. Garf Davis and family are moving into the Valley this week, having rented the Dougherty farm.

Norman Beam is staying with Mr. L. P. Rasmussen for a few weeks.

MT. PLEASANT

Mrs. Wm. Conway, who has been sick for some weeks, was taken to Taylor's Hospital last Thursday, where she was operated on and at last report was much improved in health.

Irene and Gladys Race visited at Dungeness Saturday and Sunday with Hattie Race.

H. P. McNutt, Geo. Myers and Mr. Kelly of Angeles were business visitors to Mt. Pleasant Thursday.

Mr. A. L. Byers visited with his family over Sunday.

PREPARING THE LAND FOR ESTABLISHING A LAWN

Since the lawn is to be a permanent feature, it is hardly possible to make the soil for the reception of the lawn too rich. The ideal soil for grasses best suited for lawn making is one which is moderately moist and contains a considerable percentage of clay—a soil which is somewhat retentive of moisture, but never becomes excessively wet, and is inclined to be heavy and compact rather than light, loose and sandy. A strong clay or sandy loam, underlaid by a clay subsoil is undoubtedly the nearest approach to an ideal soil for a lawn; it, therefore, shall be the aim in establishing a lawn to approach as near as possible to one or the other of these types of soil In many localities, it will, however, be very difficult to produce by any artificial means at one's command, a soil which will approach in texture, either of the types recommended. Effort should, nevertheless, be directed to attaining as closely as possible, these ideals. This treatment will produce a suitable seed bed for the reception of fine grass seeds.

The above information for the establishing of lawns, has been prepared from bulletins issued by the United States Department of Agriculture by the Port Angeles High School Agricultural Club. The next article will be the selection and the planting of grass seeds.

DAHLIAS.

There are no plants that can be grown entirely in the open that produce as many large and exquisite flowers and of so many beautiful shades and varied colors as the dahlia.

They not only bloom freely but bloom continually until killed by the frost. Dahlias are especially adapted to landscape gardening and on large estates where an endless variety of styles and colors can be grown for table, house and church decorations, dahlias stand preeminent. Mrs. Billie Chambers and Mrs. Pete Chambers have the finest collections of dahlias in Clallam county. Their dahlias of last summer were the most glorious display ever seen in the town.

Pointers on growing dahlias will be written in the next issue of this paper.

FINDS HIGH GRADE STOCK THE RULE AT CRESCENT

S. J. Emery, in Angeles yesterday after a trip thru the Eden valley and Port Crescent country with his big draft stallion, says he was surprised to find the best stock in the county in that region. There have been many fine colts raised in Dungeness, particularly those sired by Courbet, said Mr. Emery, but so many buyers visit Dungeness that they are soon picked up. With the big demand all over the country for first class horses for Europe, there is no question but good prices will prevail for a number of years and ranchers can make no better investment than in raising heavy draft horses.

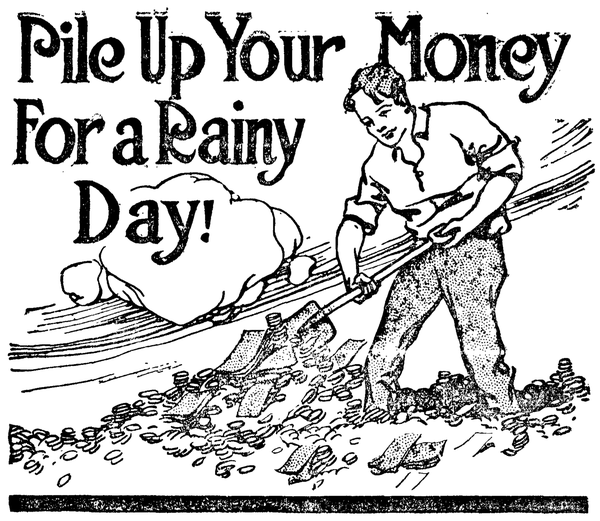
Pile Up Your Money For a Rainy Day!



ONE of the queerest things about some people is that they will not follow GOOD ADVICE when they KNOW they OUGHT TO. Perhaps we are all more or less that way. All the wise men of all ages have urged their fellow beings to PUT AWAY SOMETHING for a RAINY DAY. Good old Benjamin Franklin's sayings on economy and saving alone ought to make a bank book holder of EVERY ONE. If you have DELAYED, suppose you act HONESTLY with YOURSELF RIGHT NOW.

NOTICE FOR PUBLICATION

Department of the Interior

U. S. Land Office at Seattle, Washington, February 16, 1915.

Notice is hereby given that Bowhertta Ladder, Indian, of Neah Bay, Washington, who, on May 14, 1907, made Homestead Entry No. 19560, Serial No. 01257, for lot 1, section 17, lots 5 and 6, section 18, and lot 5 section 19. Township 33N, Range 14 West, Willamette Meridian, has filed notice of intention to make five year proof, to establish claim to the land above described, before the Register and Receiver, U. S. Land Office, at Seattle, Wash., on the 28th day of April, 1915.

Claimant names as witnesses: Simon Phillips, Jangie Claphanoo, Chad George, Schuyler Colfax, all of Neah Bay, Wash., and Minnie Youngblood, of Seattle, Wash.

THE CITY COUNCIL

Contiued from Page 1.

a motion to put down a two-plank walk here was also defeated. Later, upon motion of Mr. Hooker, the street superintendent was directed to use some of his old plank in putting in a much needed walk here, thus taking pedestrians from the dangerous route by Third and Tumwater.

Request of B. E. Woods that alley leading from Francis east between Front and Georgiana, be opened to permit use of property in block by teams, was granted.

W. J. Ware filed a claim against the bond of Anderson & Co., contractors, on Lincoln street for $33 for sidewalk material appropriated by said Anderson. Referred to city attorney.

J. D. McRobert was granted a permit to build a bungalow on lot 4, block 346, same to be of frame construction with cesspool connection, to cost $650.

N. Sweeney was given a permit to build on lot 4, block 162, building to be 18x24, and to cost $300.

An ordinance was presented by Mr. Bigelow fixing license for peddler's and street vendors at $10 per annum. Read twice and referred. Also an ordinance ordering the improvement of Front street, Vine to Lincoln, with lateral sewer.

Hearing on assessment roll for Front street extension improvement was set for April 16th, at 2 p. m.

Mr. Hooker called attention to the large number of houses being erected on the government spit, recently leased to the city. He thought in justice to the builders they should be notified of the position of the city in this matter, and it was ordered that city clerk publish notice that they are subject to ejectment on short notice.

C. H. Greene Co., of Spokane, submitted a proposition to act as consulting engineer in regard to the sewer construction proposed by council. Fee to be $250 for work up to $50,000 and one half of one per cent over that amount. The plan is to look over the plans and suggest wherein they are deficient, if at all. City Engineer Filion rather welcomed the plan, but stated that he felt that he could draft proper plans and specifications, and was willing that they be checked over by some big engineering firm, for the satisfaction of the council and the citizens. The matter went over.

Upon motion of Mr. Hooker the street superintendent was instructed to locate the intake to drain at the corner of Front and Albert streets, that connection therewith might be renewed.

Council adjourned.

HEALTH NOTICE

Notice is hereby given that conditions unsanitary existing in the City of Port Angeles has made it necessary for prompt and thorough action with a view to abating the same throughout the City in accordance with action recently taken by the State, County and City Board of Health.

Now Therefore, all persons are hereby notified that on or before March 31, 1915, all garbage and unsanitary matter in and about premises owned or occupied by you must be gathered together in the alleys adjacent for the purpose of being loaded on a wagon for removal and the city will send a team to dispose of the same.

All such owners and occupants of premises in the city are also required to abate at once all sewage or other unsanitary conditions on such premises or adjacent thereto, in the alleys or streets and to abate all unsanitary conditions in your respective premises, under penalties for violations of the nuisance ordinances. You will also report all unsanitary conditions in your neighborhood beyond your control, to the City Board of Health.

DR. BIGELOW, Chairman,
3t11 City Board of Health.

NOTICE

Notice is hereby given that all persons building on the Ediz Hook spit do so at their own risk and may be ordered off at any time by the City of Port Angeles. By order of the City Council, made on the 16th day of March, 1915. J. LYLE BEAM, City Clerk.

THE COUNTY SCHOOLS

The newly elected board of education of the school districts in Clallam county will organize Monday, March 29 by election of Clerk and Chairman. Blanks certifying said election have been forwarded to the clerks in the various districts. The members of the Board are requested to see that the cards for their signatures be signed by every member of the board at the time of organizing in order to avoid the necessity of keeping more than one card at a time.

With a few small exceptions the Institute program is now complete and will probably be printed in this issue. Any one who may have rooms to rent during institute would confer a favor by communicating same to Supt. R. J. White, who has been appointed chairman of the Committee on Entertainment.

The General Health Committee, to be held in Assembly Hall Thursday evening, April 1st, promises to be a very interesting as well as helpful meeting. The various literary and civic organizations thruout the city have responded readily and are cooperating with the county superintendent to make this meeting a success. Dr. Tuttle will lecture on the topic "The Teachers' Work in the Movement to Lengthen Life" and a representative citizen will speak on the subject "Suggestions for the Improvement of Local Sanitary Conditions."

The County Board of Education will meet in the County Superintendent's office Saturday, June 5th, for the purpose of adopting text books for the schools of Clallam county for the term of five years. Some changes will probably be made and teachers as well as directors are requested to report any change which they think especially desirable.

CITY AND PERSONAL

Mrs. Victoria was hostess to the W. L. C. March 12th. Twenty members were present. Two new members were added to the club. Mesdames Elizabeth Fisher, Martha Small, L. Fleming, Lillian Hanson and Nellie Best were appointed to represent the club at the Teachers' Institute to be held March 31st, and April 1st and 2nd. Mrs. Ora Hickok will represent the club in making arrangements for the Health meeting April 1st. A pleasing program was given after which all enjoyed a bounteous luncheon. The club adjourned to meet March 19th, with Mrs. Mary Mason.

Mrs. A. B. McCart celebrated her birthday rather unexpectedly last Sunday. She received a phone message about two in the afternoon to come over to her neighbor, Mrs. Lathrop. When she arrived there she was greeted by about twenty of her neighbors and friends, who invited her to spend the afternoon with them and partake of the fine birthday luncheon they had prepared. She was struck speechless with surprise at first but soon regained her composure and everybody enjoyed a happy afternoon. The dining table was tastefully decorated in violets.

"Clean Up Week," under the direction of the Women's Auxiliary to the P. A. Commercial Club, in cooperation with the health committee of the city council will start Wednesday, March 24, and a general clean-up of the whole town is to be made. Next weeks' paper will contain the names of the women who will be appointed to take charge of the work in the different wards.

At the regular meeting of the Royal Arch Masons Wednesday evening the following candidates were initiated: Wm. F. Raithal, J. I. Kirschberg, Dr. F. E. Warner, G. W. Muck, R. G. Stephenson, Corliss Gordon, C. C. McNutt and Fred P. Henson. After the initiatory service a fine spread was served and a pleasant social evening was enjoyed.

J. O. Morse, of the Morse Transfer and Livery Co., has just received another scow load of oats and timothy from the San Juan Islands, which he is selling in scow load lots. He is doing a tremendous business and sells as an average a scow load of feed a week. His line of goods are first class.

The March 4th edition of the Christian Science Monitor, a daily Boston paper, contains a well written and very interesting article by Secretary Teck of the Port Angeles Commercial Club. He tells of the policy United States Forester Henry S. Graves wishes to carry out in regard to Olympic National Forest.

Mrs. Hattie Watson, a Chicago widow, who was disappointed in a matrimonial affair in regard to some man at Earles mill, tried to commit suicide by drowning herself in the by Monday. She was rescued by Policeman Hooker and sent back to Seattle.

G. C. DeSwarte, proprietor of the Angeles Grocery Store on 4th and Francis street, has some interesting prices quoted in his ad this week. It will save you money to give him an order. Phone X-294.

A Port Angeles Scene in 1916

It is estimated that more railroad men wear Hart Shaffner & Marx clothes than any other single make, because their's is a hard occupation on clothing and H. S. & M. suits are built for hard usage.

When asked why a certain conductor of the "Twentieth Century Limited" wore Hart Shaffner & Marx Clothes, he related, that he examined each suit pressed by the porter and found the greatest per cent of them bore H. S. & M. labels and he said, "There sure must be some reason for it." Now he is sure there was.

Our new Suits, Hats, Shoes, Underwear, in fact a complete new stock, is ready for your inspection. Better come in today and see the many new things.

THE TOGGERY

Quality First

Just received a large supply of floor coverings, linoleums, carpets, matting, rugs, all of which will be sold at reasonable prices and are now on display. Also a lot of furniture, such as dressers, library tables, buffets and dining room sets. Everything will be sold at reasonable prices. The H. Gutenburg Hardware Co.

The Peninsula Piano Co, received a car load of fine pianos this week, which makes their large store room look too small for the capacity of their business. Mr. O'Connor has certainly done a fine piano business this winter in spite of the so-called hard times.

THE SUPERIOR COURT

From page 1.

Co. Garrison alleged that he had the scale on trial and that he notified parties that it did not suit him. Court found that he used same for three months, which was an unreasonable time.

The case of Gomoll, mortgagee, vs. J. W. Johnston, and J. R. Gallagher, sheriff, was set for trial on April 7, 9:30 a. m. The ex-sheriff is involved for selling mortgaged property on execution.

Mrs. Smith was appointed administratrix of the estate of Benj. T. Smith, recently deceased.

In the damage case for personal injuries sustained by Laurence H. Jardee, while going about his duties as cook of the Palace Restaurant, by breaking thru the platform, the Court held that plaintiff had possibly more knowledge of the dangerous condition of the platform in the rear of the restaurant than did the owner C. W. Thompson, and dismissed the action. Defendant thru his attorney gave notice of appeal to the Supreme Court.

HIGH SCHOOL NOTES

Aluminium, commercially known as aluminum, is the element that has been the subject of study for the chemistry classes. Aluminium cooking utensils have been scientifically cleaned and cotton cloth dye made fast with alum, a phosphate of aluminium. Alum baking powders and fine chinaware, bricks and tiles are products of aluminium compounds.

No one in the high school will want to miss the Sophomore's St. Patrick's party tonight after seeing the interesting signs on the blackboards this week. Each division of the class has written a play and they intend to act them for the entertainment of their fellow students. It is rather a clever idea and shows that the Sophomore class has plenty of originality.

Since eggs are not so expensive, the domestic science classes have been making omelets and custards this week. The boys have made creamed and German sauted potatoes. They will be soon be able to rival the girls in their ability to cook a dinner.

Have you noticed the wonderful improvement around the city hall? All the old waste and garbage, the accumulation of years, has been taken out from underneath the building and burned and fresh clean dirt filled in. All the other buildings on the street are to receive the same treatment. Dr. Bigelow, of the health committee and City Marshal Dustman are right on the job, seeing that all health nuisances are being abated and it begins to look as though we had made a start towards the City Beautiful. Are you doing your part?

FOR RENT—Two houses with electric lights and city water, very cheap to the right parties, inquire of C. D. Best, 11th and Laurel street.

PRESENTS

"SEALED ORDERS"

IN 6 PARTS

This feature is nothing less than a revelation in dramatic motion pictures. It sets a new and hitherto but hoped for standard of quality.

The story is of two nations on the verge of war and the plot centers around VonHoven, the German spy. A picture of exceptional merit that no one should miss.
