PAVED STREETS A LUXURY

Sewerage Systems and Other Improvements More Essential at Present Time.

There was a full attendance at the city council meeting Tuesday night Much interest was manifested and some new ideas as to improvements advanced.

Among the latter Mr. Hooker brought in a resolution of intention to improve Front street, Albert to Washington; First street, Lincoln to Race; Francis street, Victoria to 8th; 8th street, Race to C; Lincoln street, south end of bridge to 8th, by putting in a concrete pavement and curb on either side of said streets nine feet in width and six inches thick, base to be rolled with ten ton roller before placing pavement, and intervening dirt center to also be rolled for use only when absolutely necessary.

In support of this resolution Mr. Hooker took the floor and stated that Mre Brennan had taken a special trip to upSound cities to investigate before proposing this work, and Mr. Wolverton had also investigated when upSound. There are miles of suih paving, he said, in Seattle and Tacoma, and those now using same would not do away with it for much more than the cost. We now pay 70c a yard for alleged gravel to be placed on the roads and about $1 to have it taken off. Concrete pavements, he said were in his judgment the best pavement for our peculiar purposes that he could find, and under the plan proposed, would not be expensive, aggregating in cost not to exceed $67.50 per 50-foot lot, which on the ten year plan of payment would be simply maintenance cost, there being no cost after the work is in and the pavement will last 10 to 15 years, and then with an asphaltum covering would be good for 10 or 15 years more. The maximum cost of concrete pavement, according to the investigations was but $1.25 per yard, with a minimum cost of 85c. The cost of the planking pavement now in according to Mr. Brennan who supported Mr. Hooker, is $1.10 per yard. One place investigated, the farmers were up in arms when the plan was proposed. Now you could not take the road from them with a shotgun. They can now take double loads, reach the city in ample time and remain two hours longer in bed.

Mr. Bigelow opposed the plan at this time unless the property owners petitioned to have the work done. We are in a peculiar condition at this time, said he, and particularly on some of the streets. Property owners have about all they can stand and a little more. The way times are we should not burden the property owner unnecessarily. They won't stand it, and the current expense fund will be out some $200 for the preliminary work. Let a petition come in for the work to be done, however, and he would give the people anything they want, provided they pay for it.

Mr. Filion did not believe in forcing improvements upon owners and therefore would oppose the resolution.

On roll call the resolution failed to get the necessary votes, Bigelow, Wolverton, Filion and Fowler voting no.

Another new idea was presented by Mr. Hooker later in the evening, on which he gave his views, he said, to get a thoughtful discussion from the other members. Eighth street bridges were built at the expense of the whole city, he said, and Peabody, Lincoln and all other bridges in the city should be built on the same plan. He had considerable property scattered over city, none of which was assessed for these bridges other than the 8th street, but he was willing to be taxed. The bridges of the city are a general benefit and should be paid by the city as a whole. As now built they practically confiscate property; under the proposed plan none would feel the burden.

Speaking particularly as to Peabody bridge, Mr. Fowler said it was his idea all the time that the city at large should have rebuilt that bridge. The city attorney thought such action illegal, however, and he let it go. The other councilmen failed to express their views on the subject.

Pegram and Stephenson were awarded the contract for the lightning arrester recommended sometime ago as necessary at the sub-station. The price is $75.

Police Judge Davis submitted his report for March, showing collections of $143.60, of which $11.90 were for offenses of the month previous.

Eugene Fata asked privilege of converting the old popcorn stand adjoining the Toggery into a bootblack stand. Referred.

Work in fitting up the Treasurer's office under the direction of the engineer was let to cost $38.

Councilman Hooker received permits to build two five room bungalows on 6th street, between Lincoln and Laurel, to cost approximately $850 each.

C. B. Faires was given permit to make alterations in the Mitchell barber shop.

Chris Kuppler was given a permit to make alterations to the Goldwater building, changing the front of what was lately the Central baths.

A. I. Filion received permission to blast stumps in block 42, under usual restrictions.

A petition signed by a dozen residents of district asked council to grade 5th street between Oak and Laurel in the same manner 4th and 5th streets are graded between Oak and Cherry. Granted.

An ordinance was offered by Mr. Fisher requiring and regulating the numbering of houses within the city. Under the regulating each succeeding block will take 100 additional, with Railroad avenue the dividing line north and south and Laurel street east and west. Odd numbers will have the east and north sides of the streets, and even numbers the west and south sides. The ordinance was referred.

An ordinance was also offered by Mr. Hooker regulating the width and construction of plank and concrete sidewalks in the city. Walks in the residence district must be at least five feet in width and have three stringers beneath. Referred.

Ordinances were referred back by the ordinance committee and adopted by unanimous vote as follows:

For sub-sewer in alley between Second and Third, and between the

CHIEF "BOB," OUR OLDEST INDIAN, DEAD

Barefooted Clam Peddler Said to Have Lived Here on the Bay Over 110 Years.

Port Angeles Bob, a cousin of Chief Seattle, and the best known of the Clallam Indians, being at least 110 years old, died at his little place at B and Third down near the old cannery building on Tuesday afternoon last, where he had waited for many long years for the grim reaper to come and take him into the unknown.

Two years ago, accompanied by W. B. Gould, he visited Seattle for the purpose of proving up, upon which occasion he was entertained by a reporter from the Times, who in announcing his death, writes of his visit as follows:

"Those who witnessed the visit of the rhieftain to Seattle will not soon forget the profound impression made on him by the different sights he saw. His walk from the dock to the postoffice at Third Avenue and Union Street was a constant succession of surprises.

"When a street car whizzed past a friend asked him what he thought of it. "Heap fast," he grunted. Later he boarded one after much coaxing, and instead of watching out of the windows, studied the ffoor intently, confessing that he was waiting for it to open up and spill the occupants.

"The L. C. Smith Building held his attention for several minutes. "Heap high," he declared. "All same mountain." The throngs on the downtown thorofares equally facinated him. "All same Boston," he said. He told his friend that he had seen more Boston men in thirty minutes than previously in his entire life.

"On reaching the postoffice he surveyed the elevator carefully and then took to the stairway adjoining. "Me climb," he announced, and climb he did. Later in the day he was taken out to see Chief Seattle's statue. He gazed on it for several moments earnestly. "Heap big chief," he declared, at last. "All same my father, Chief Norman."

"Bob was unusually well preserved, considering that his life extended back to the administration of Thomas Jefferson. His trips about Seattle did not tire him, but he declared, when it came time for him to take the steamship on his return, that he had seen enough and was satisfied."

Funeral services were held Thursday from McKee and LaFlower's chapel, Rev. Mr. Burkholder officiating; burial in Ocean View.

STATE VS. TALBOT DISMISSED

Judge Guy C. Alston of Everett was here Saturday sitting in place of Judge Ralston, in the case of the State vs. D. M. Talbot, for illegally cutting timber on the lands of Mrs. Duncan. Talbot was arrested something over a year ago, and sometime since a motion to dismiss the action was made by his counsel upon the grounds that more than sixty days had elapsed since his arrest and no showing was made as to why he had not been given a trial. The court stated that he wanted all guilty to be punished, but under the law he could do nothing in this case but dismiss the action, there being no good reason shown why he had not been given a hearing sooner.

PORT HEARING MONDAY, MAY 3

Every Step Safeguarded by Law Providing for Submission to the Voters.

The required percentage of electors having declared, by their signatures to the petitions circulated, that they are in favor of the creation of a Port District to include all the county west of McDonald creek, a hearing will be held before the Board of County Commissioners at their next session, Monday morning, May 3rd, when any person may appear and present his objections to the petition.

At the subsequent election, should the Board grant the prayer of the petitioners and order the holding of a special election, three port commissioners will be chosen whose duty it will be to employ a competent man to make a proper survey and investigation of our harbor and its advantages and devise improvements needed, to make plans and specifications and estimates of the same in full. When this is thoroly completed, it is the duty of the commission to place the same before the electors of the Port District for their approval or rejection. If the voters approve, then they thereby authorize the Commission to issue bonds to the amount that is needed to construct the desired improvements. In this way absolutely nothing is done without the consent and approval of the people.

The money derived from the bonds must be used for the purpose for which they were issued and for no other purpose, without the consent of the people, duly expressed at the polls by a majority of three-fifths of those voting at such election.

From the above it is plain that the people have full control of the actions of the Commission, as far as the expenditure of money is concerned, with one exception, that the Commission is given the power by law, to levy enough money each year for the expenses of the Commission, which means only such things as office expenses and the hire of competent office help. The Commissioners themselves receive no compensation.

PAID HIGH TRIBUTE TO COMRADE BOOMER

Public funeral services over the remains of the late George Boomer, editor and publisher of the Peninsular Free Press, were held at the Opera House Sunday afternoon at 1:30 o'clock. A very large crowd was in attendance, many having to stand up at the rear of the hall. Not only his brother comrades but many of the business and professional citizens of Port Angeles were there to pay their respects to the deceased, who had made many friends during his short residence in our city.

The services opened and closed with vocal solos by Madame Fischer-Cole, Mrs. Mason acting as her accompanist on the piano. Madame Cole's deep, rich voice was well suited to the solemn occasion and she sang with a great deal of feeling and expression. Bruce Rogers, an old time friend and comrade of Mr. Boomer, made the principal address, paying a high tribute to the exemplary life and character of his departed friend, and he also made a stirring appeal to Socialist comrades to take up the work he had left unfinished and push it to a successful ending.

He spoke fervently of Mr. Boomer's devotion to Socialism and of his efforts in behalf of the working people.

After all who so desired had viewed the remains of deceased, the flower laden casket was carried down stairs by the eight pall bearers, and, headed by the Marine Band, playing a funeral dirge, and the mourners carriage, they marched slowly down to the wharf, followed by a long procession of sympathizing friends. The remains were taken to Seattle for cremation. The floral offerings sent by friends and different organizations were many and beautiful.

FIRST SHIP TO FUMIGATE HERE

The big bark Inversnaid, British, here to load at Earles mill for Europe, is the first ship to profit by the establishment of a quarantine station at Port Angeles, thereby saving a day's time in going to Townsend and return.

WORK BEGUN ON SUB-SEWER

Work has begun on the sub-sewer on First street east of Lincoln, where a crew of men are now busy excavating for the lateral six feet down in the center of the street.

NEW DEAL ON FOR LINCOLN TRUNK SEWER

There is a new deal as to the construction of the Lincoln street trunk sewer. The city council Tuesday night approved the report of the special committee to further look into the matter. As a result the old resolution of intention has been thrown into the discard, and a brand new resolution takes its place with date of hearing set for May 4.

The committee report is signed by Messrs. Fisher, Wolverton and Fowler, and says in substance: We recommend the alternative plan suggested by the city engineer along the following route: Lincoln street between First and the alley between 8th and 9th, west on alley to Laurel, south on Laurel to alley between 13th and 14th, west on alley to Oak, south on Oak to Broadway. Recommend new resolution for one contract to save expense. Recommend further that engineer be directed to estimate cost of continuing said sewer from First to Front, and that said estimate be refunded to district 11, for sewer already in place.

The new resolution was offered by Mr. Fisher and includes practically the same property in the assessment district, or that lying on top of hill from Valley street to Francis, and south of Railroad avenue, following southwest side of Peabody gulch on east.

AUXILIARY PLANS CLEAN-UP DAY

Annual Flower Show to Be Conducted on Bigger and Better Scale This Year.

The annual election of officers of the Women's Auxiliary to the Commercial Club of this city, was held at their regular monthly meeting Tuesday afternoon and resulted in most of the old officers being unanimously elected for another year, election being as follows: President, Mrs. R. D. Willson, first vice-president, Mrs. E. E. Hopkins, second vice-president, Mrs. D. MacGillivray, third vice-president, Mrs. W. J. Ware, secretary, Mrs. Jessie Webster, corresponding secretary, Mrs. R. Callarman, treasurer, Mrs. A. H. Thompson.

Mrs. W. J. Ware, as chairman of the clean-up and Laurel street zigzag committee, reported the work that had been accomplished, speaking in terms of great praise of the courtesy and kindness the committee had met with at the hands of the Mayor and city council and of their willingness to co-operate with the Auxiliary in their civic improvement work. A motion was made and carried that this same committee be continued to work with the committee from the city council, who have in charge the work on the zig-zag.

Through Secretary Teck of the Commercial Club, it was learned that the G. A. R. and W. R. C. would like to have the co-operation of both the Commercial Club and Auxiliary, in preparing for their Memorial Day services. A motion was carried by the ladies, signifying their willingness to co-operate if so desired.

On account of so many members being in arrears with their dues it was decided to send out a printed notice informing the recipient of the exact amount and requesting them to pay up.

A motion was made and carried that a Flower Show committee be appointed at once to have full charge of preparations for same, also that an entertainment committee be appointed. The plans are now to have a bigger and better flower show than ever before. A resolution was introduced, and adopted, indorsing the work of the health and street committees of the city council in their efforts for a cleaner and more beautiful Port Angeles, and urging them to continue the good work, in which the Auxiliary ladies are glad to cooperate. The ladies are planning to hold a clean-up and weed day in the near future.

Several interested new members have joined the Auxiliary recently and we would be glad to welcome more.

SOL DUC WILL CALL ON EAST END DAILY

The Sol Duc will hereafter call at Dungeness and Port Williams on both trips, instead of Sunday only. She is scheduled to leave Port Williams at 4 a. m. and Dungeness at 4:30 on her way down. Increased freight traffic is assigned as the reason for making the change.

OLYMPIC HOT SPRINGS OPENS SUNDAY, THE 18TH

The Olympic Hot Springs, which have gained such popularity under the management of Everett, Lippert & Shoffel, will open Sunday, April 18th for the season.

VICTORIA 9; ANGELES 3

Northwestern League Team Cannot Pull Off as Long a Score on Local Team as on Others.

With one thousand people yelling themselves hoarse and the Port Angeles Marine Band playing "It's a Long Way To Tipperary," the Victoria Northwestern League team and the Angeles team trotted out onto the diamond of the local ball park last Sunday afternoon to play the first schedule game of the season. Never was there such a gala day in the history of baseball in Port Angeles, nor was there a larger crowd at any one time seen before in this city. Three grandstands filled to overflowing. Autos lined on two sides of the fence. The day was not a day for a pitchers battle. No sun shone. The air was a little too cool for any heated argument between the opposing pitchers. In all, the fans will ne'er forget that which proves the greatest of all American sports.

Mayor Horace White of our little city and his brother peace-keeper, the Sheriff of the county, Mr. Harry Bishop, officiated in the box and behind the bat for a few moments by tossing and catching the first ball. The short little Mayor winded up his arms in big league style and let go with a real "spitter" which sailed across the plate and past the hands of Mr. Bishop. Rightfielder Kaylor of the Victoria team struck at it in the hope that he would get a home run, but he missed the pill by two long feet, which caused him to lose his upright position. Some marvels, those two honorables, Messrs. White and Bishop.

The first two innings proved too much for Angeles. Victoria netted eight runs off McInnes, the speed king, in that time. Four runs they did not earn, and which they got thru the nervousness of our athletes, who sort of lacked that "go-get-'em" stuff when they realized they were playing against professionals. After the second inning was played McInnes was removed from the box and big Pete Reardon mounted the mound. He slackened the speed of the slaughter and let the bunch from across the Strait down with two hits and one unearned run. Pete shot the pellet across the plate in rapid cross-fire action until the sixth inning and then he sat down on the bench and gave Rowley a chance to puzzle the opposing nine. Angeles

REFUND ON DISTRICT 11; SHORTAGE ON R.R. AVE.

The committee named to meet with the city engineer relative to the refund coming to assessment district No. 11, and the shortage on the Railroad avenue job, reported to the city council Tuesday night that district 11 has a rebate coming of $15,136.40; Oak street $1,247.91; on Lincoln street $5,306.67. The committee recommends that bonds for this amount be cancelled, and owners be given credit for amounts on assessments.

On Railroad avenue, however, such a rosy condition does not exist at this time, though by reason of the change in plans sometime ago the assessment on this street was cut from $30,000 to $8,876. It is now found it was cut too much, and a reassessment is now recommended adding $6,427.84 to the cost. The alley work on Front and First streets is short $1,106.

The report was adopted.

PLAY IN VICTORIA SUNDAY

The Port Angeles Baseball team will journey to Victoria Sunday to play the league team of that town. They leave here Saturday night and return Monday morning. They will go across in the gas boat Rhododendron.

HIGH SCHOOLS TO PLAY

The Sequim High School team will be here tomorrow, Saturday, for a game with the Angeles H. S. boys. Baseball park at 2:30; 25c admission.

According to Canneryman Sims of Port Townsend, this is to be a big humpback salmon year, and Mr. Sims can see no reason why the canners cannot get out a full capacity pack.

Governor Lister has designated Saturday, May 15th, as Good Roads Day and urges state wide practical observance.

Mr. Murphy's house on Georgiana and Albert streets was injured to some extent by fire Tuesday morning.

AUTOMOBILE OWNERS SOAKED BY STATE

Every owner of an automobile, whether kept for private use or for hire, must take out a state license under the new automobile law which goes into effect on the 16th of June. The tax on privately owned and operated autos of 25 h. p. and under is $3 per year; under 40 h. p. $5 and over that $7.50.

Autos for hire will be taxed 50c per horsepower, while those running on regular schedules must pay $1 per passenger capacity additional.

Trucks, 2 tons or less, will contribute $10 annually; 2 to 3 tons, $15; 3 to 4 tons $20. Trucks for hire at double rates.

The new road rules are very strict and provide for every conceivable contingency. Speed in cities of 3rd and 4th class is limited to 12 miles per hour, and on any road to 30 miles per hour. No one under 15 years of age may drive unless accompanied by parent.

Licenses will be issued thru the county auditor, the state furnishing therewith two number plates. All licenses expire January 1st of each year, when distinctively different number plates are issued with renewals. All police officers are authorized to enforce the new laws and it is said that in most of the counties this provision will be observed.

It is believed the new law will raise over $100,000 for the maintenance fund of the state roads.

34 CHINESE IN MUTINY

Signed Contract for Two Years But Refuse to Take Chances with German Submarines.

Aboard the steamer Boverick, which arrived at Earles mill from Scotland a few days ago are 34 Chinese deck hands. These foreigners have lately signed a contract for two years service with the owners of the boat and now demand that their contract be rescinded. Owing to the Great War in Europe and with Germany using her submarines to advantage in the North Sea, the Chinese absolutely refuse to go out to sea when the big cargo of lumber is loaded. They say that Port Angeles is far enough. The lumber is for Scotland.

It appears that Germany controls the region for which the ship is designated and the Chinese learned of the fact when the boat entered the United States.

When approached about the contract the Chinese exclaimed, "No go." "No likee German submalines. Piece of paper don't stopee. No go. All same die likee rats in trap."

The captain of the boat is at sea as to deck hands and will undoubtedly have a hard time finding men to replace the bunch of yellow men.

The Chinese will be taken to Seattle tomorrow morning by the customs officers and will be sent back to the home soil.

RUSSIANS BEING LANDED ON EDIZ HOOK

Ediz Hook is the initial landing place for all undesirables, so say the secret service officials, who last Sunday caught two Russians out of a known four, who were smuggled over to this country from Canada by an unknown Indian. The officials now know where the other two men are in hiding and will put the stamp of the government on them as soon as enough evidence and information is secured. The two undesirables who were caught are now in the hands of the immigration authorities in Seattle. In a few months the officials expect to have made a clean sweep of smugglers in this territory.

The annual Congregational meeting of the Presbyterian church was held last week. The opening hour was spent at supper provided by the ladies. After a short social time the business meeting was held. An additional elder was elected and the board of trustees was enlarged. Reports were heard from all departments of the work. The reports showed good progress during the year. All are looking encouragingly ahead.

The dance given by the Yanigan Club in the Opera House Wednesday evening was a decided success and was run under courteous management. The club expects to give another dance in the near future.

All those interested in organizing the Tennis Club for 1915 are requested to meet at the Commercial Club rooms on Tuesday afternoon at 5 p. m. T. T. Aldwell, Pres.

OLYMPIC HIGHWAY TO BE OPEN FIRST OF WEEK

Olympia, April 14.—The state of Washington has a real woman farmer on its payroll now in the person of Miss Harriet E. Wright, farmer at the new state school for girls at Grand Mound, Thurston county. Members of the board of control declare that the progress already made by Miss Wright at the new institution indicates that the male farmers at other institutions will have to look closely to their work or be compelled to take a back seat.

Miss Wright is the owner of a ranch of her own near Bridgeport, Douglas county, which she has worked successfully for several years. she can follow a furrow with a plow as well as any man, it is said by those who have seen her work, has a good knowledge of diversified farming and besides possesses the gift of being able to make the girls at the new institution eager to help in the work and learn something about the practical side of farm life.

Miss Wright was selected for the position by Miss Mary Campbell, the superintendent of the school, who has herself had some experience in practical farming, being the owner of a Yakima county ranch.

The Olympic Highway, the scenic route along the west shore of Hoods Canal, that will open communication for the first time between the upper peninsula and the mainland, will be open by the first of next week, the state highway department announces, "clean-up" crews under Foreman Govan doing quick work.

Three "clean-up" crews now are following the snow line on the Snoqualmie Pass work, and this route across the Cascades will be open by July 1, the department states. Construction work on both these stretches of road was completed last year, but winter prevented them from being used.

On the theory that no chances should be taken by this state, with the epidemic of the highly contagious foot and mouth disease recurrent in the east, the state department of agriculture has barred not only the importation of live stock, but also poultry, hides, wool, etc., from all but the western states. The diseases can be carried easily by fowls and is believed to have originated in the middle west thru the importation of hides from Europe.

State Highway Commissioner William R. Roy, in letters written the Seattle and Tacoma automobile clubs, offers all possible co-operation on behalf of the state toward a thoro posting of routes that must be followed along the Pacific Highway this summer, so that automobile tourists may be kept well informed at all times.

While much state and county work will be done along the highway during the summer, it will be planned so that traffic will be stopped at no time. Roadbeds wil be torn up only where a good alternate road is available. Commissioner Roy's plan is to advertise thoroughly these alternate routes and toward this end a complete map of the highway has been made by the department to indicate the routes to be followed.

The first contracts for the biennial program of road improvement will be awarded May 3. The work advertised is six miles of gravel surfacing in Whatcom county and five miles of crushed rock surfacing in Cowlitz county, all o nthe route of the Pacific Highway. This work will be completed in short order so that the improved roads will be available during the coming touring season.

A pedestrian crossing a street directly has the right-of-way over automobiles, but must look out for street cars. If crossing the street diagonally, the pedestrian is taking his own risk. These are rules laid down by the supreme court in a recent automobile accident case.

The rates of assessment fixed for hazardous industries under the compensation act have been more than sufficient in every case, as is shown by a financial review of the industrial insurance commission's work for the three and one-half years during which the act has been in effect.

For a number of classes the rates fixed in the original law have proved to be three or four times as large as necessary. In the printing class, where an assessment of $1.50 on each $100 payroll was provided by law, a 19-cent assessment proved sufficient.

At present the only method of regulating the rating question is for the commission to omit the monthly assessments when a class fund has a sufficient balance to meet all anticipated claims. Under the amendments to the compensation act which will become effective June 10, the commission is, however, given authority to make any necessary changes in rates.

Decision of the supreme court last week in the Skagit River Telephone Company case upholds the public service commission in its contention that it has the right to break up closed combinations between the Pacific and subsidiary companies. The court decides that notwithstanding a contract for exclusive interchange of service between the Pacific and a subsidiary company, the latter can be forced to give physical connections to an independent company, if proper joint regulations for service and rates are made.

An order for 81,600 automobile and motorcycle number plates was given last week by the secretary of state's office to a Los Angeles firm, the plates to be supplied by the state to motorists under the new motor code law. The number plates will be dark blue with white lettering. The metal used weighs approximately forty tons.

Fifty-one prisoners at Monroe reformatory, whose minimum sentences have expired, were granted paroles by the state reformatory board last week, at its first parole meeting since last December. The paroles will become effective as work is found for each man.

Charles G. Heifner, a well known Seattle mining man, has been engaged by the Washington exposition commission to take charge of the state's exhibit work at the San Francisco and San Diego expositions, succeeding Richard Seelye Jones.

The new $300,000 Cheney normal school building was dedicated with appropriate ceremonies Tuesday, Governor Ernest Lister taking part in the exercises.

More agricultural instruction work for Western Washington at the Puyallup experiment station has been decided upon by the board of Washington state college regents.

F. Meredith, new secretary-manager of the Washington state fair, opened offices at North Yakima Tuesday.

shut out Victoria for six straight innings.

Elmer Hanson, pitcher for Victoria, did not have the stuff on the ball and Angeles pushed him into deep water in several places. They jumped on the big boy for eight hits and among them were a three and two bagger. Steele, first baseman for the locals, hit the oval for three bases and nearly sent it over the fence for a homer. Grimes, who succeeded Hanson, was the real puzzler, with his fast breaking curve. Only one safe hit was secured off him.

All the local ballplayers deserve honorable mention and worked hard to pull the long end of the score with them. They never gave up until the last out was put on the scoreboard. Victoria players complimented the citizens on the support they gave the club and declared that they certainly received a real "jolly" good time while here. They wish to thank P. J. O'Brien for the way he treated them.

From latest reports the same teams will again play ball on the local diamond next Sunday afternoon. This will give all those who did not see the game last Sunday, a chance to see some real classy ball playing.

Following is the summary and score by innings:

1st Inning.

Victoria—Kaylor walked. Butler went out, Corbett to Steele. Kelly reached first on an error to Dompier. Reed walked. Tobin hit, scoring Kaylor and Kelly. Menges reached first on an error to Powless. M. Nye hit, scoring Reed and Tobin, and M. Nye was thrown out at second. 4 runs.

Angeles—Moir went out, Nye to Kelly. Powless hit but was caught napping at first. Bayton struck out.

2nd Inning.

Victoria—Harworth flew out to Best. Hanson walked. Kaylor walked. Butler hit for two bases, scoring Hanson and Kaylor. Kelly hit for two bases, scoring Butler. Reed flew out to Riley. Tobin hit but went out, Corbett to Dompier. 4 runs.

Angeles—Riley hit safely and was thrown out at the plate, after circling the bases in fast time. Steele hit for three gases. Corbett singled, scoring Steele. Best fouled out. McInnes hit for two bases, scoring Corbett. Dompier reached first on an error by Butler. Moir went out, Butler to Nye. 2 runs.

3rd Inning.

Victoria—Reardon now pitching for Angeles. Menges was hit by a pitched ball. Nye sacrificed Menges to second and was out at first. Harworth out, Reardon to Steele. Menges scored when Dompier missed the ball. Hanson out, Powless to Steele. 1 run.

Angeles—Powless hit safely. Bayton hit. Riley flew out to Tobin. Powless scored. Bayton out on the throwin at second. Steele reached first on an error and was caught stealing. 1 run.

THE COUNTY SCHOOLS

Joint Teachers' Institutes with Jefferson county will be held during the next two years. The next institute will be held in Port Townsend the early part of the next school year.

C. C. Thomason, field manager for Mrs. Preston, state superintendent, in a circular letter urges a joint childrens' fair to be held next year at the time of the Peninsula Fair. The matter will be taken up with the superintendent of Jefferson county.

C. C. Ferris, state forester and fire warden, in a circular letter calls attention to the importance of teaching pupils in the public schools the importance of doing their utmost to prevent forest fires during the summer months. The subject seems to the county superintendent of such importance that he is issuing this circular letter to the teachers of the county requesting them to give a few minutes each day to the subject. We of Clallam county know very well how a little carelessness in the use of fire may start a blaze that may destroy thousands of dollars worth of propery in a single day. Moreover, the state forester calls attention to the fact that the State of Washington owns hundreds of thousands of acres of timber land which when placed in the permanent school fund will exceed $50,000,000. The pupils who derive the benefit from this great asset should be taught to protect it. Teachers of Clallam county are urged to teach the pupils:

"To be very careful in the handling of fire when in or near the weeds."

"To build their camp fire near water, if possible, and in places protected from the wind, and not up against a tree, log, stump or any inflamable material, and to scrape away all decayed vegetation and other debris, and build it upon the fresh damp earth, and when thru with it put it entirely out, as one coal might start a fire which would destroy human lives and millions of dollars worth of property."

"To put out all fires that they see starting, if they can do so alone, and if not, to notify the neighbors and obtain assistance. If there is no water handy fresh dirt thrown upon a fire will quench it."

Next summer our state and county will be visited by many tourists who will be impressed with the wonderful resources and beautiful climate and scenery of the west, and many of them will decide to return and make their home in Washington, and possibly Clallam county. If the state is covered with a blanket of smoke their main desire will be to get away as soon as possible.

Attention may be called to this subject by eliciting from the pupils their own experience in weeds and forest and by assigning some phase of the subject for compositions. Call attention to the subject three or four times a week until the end of the school year and try to keep before the pupils the importance of doing their utmost to prevent the starting of fires under any but the safest conditions.

County Superintendent.

Oxfords and Dress Shoes

for summer wear

When you want a new suit you don't go to the shoe store, do you? No, you confer with the man, or woman, who KNOWS clothing, who understands quality, workmanship and style. I don't "know" the clothing, nor the dry goods, nor the millinery, nor the table and bed linen and carpet business. But I DO KNOW shoes. My knowledge of footwear, a knowledge gained thru years of experience with shoes alone, is at your service. The lines of goods I carry are the best to be had. If there were better I would have had them years ago. So why experiment. Why take chances so long as here is a store where the element of "chance" has been eliminated.

Puritan Undermuslins

Puritan undermuslins are well tailored garments. They are designed according to the most advanced styles and the workmanship is so good that it would scarcely be duplicated in home sewing.

Puritan undermuslins are very inexpensive, but the makers do not skimp the garments in any way to see how cheaply they can produce them. Puritan undermuslins comprise all grades, from the very fine to the least expensive, only stopping at a point where any article would cease to be good merchandise.

We have a large stock of dainty snow white Puritan undermuslins for this sale—you will enjoy coming to our store if for no other reason than just to see and handle those beautiful Puritan garments.

HIGH SCHOOL NOTES

Everyone be sure to come out and see the base ball game Saturday between Sequim and Angeles.

The high school, instead of giving a play as they had intended to do, will give a dinner at the school house sometime in the near future. It is sure to be a good one for Miss Pazandak will have it in charge and the domestic science classes will do the cooking.

Nineteen Juniors spent a jolly evening together last Monday when they went to the movies and afterwards had ice cream. Mr. Abbott sent up a box of candy which added to the pleasure of the evening. The class decided that they had found a very interesting way of giving themselves a party and would like to try it again some day.

Benj. F. Smith of Decauter, Illinois, left for Burlington, Monday night after spending a week in the city with relatives. He will spend a week with his grandmother in Skagit county before returning east.

THE CITY COUNCIL

From page 1

termini of Lincoln and Oak.

For a sub-sewer in alley between Third and Fourth, from Cherry to Lincoln. (The city just put in a big box drain in this alley between Laurel and Lincoln).

Authorizing the Mayor and Clerk to issue improvement bonds for Front street extension work, and the connecting streets of Valley and Cherry.

Bond of Mettler & Co. for construction of First street sewer was approved.

Depository bond of Bank of Clallam County, $5,000, was approved.

Balance of $33 claimed by Industrial Insurance Commission for city work in January and February was allowed.

A petition was presented by the residents of Cherry street between 11th and 15th asking that the water company be compelled to put in at least a four-inch pipe along the street named. Last summer no less than fourteen patrons were served from a one-inch pipe along Cherry street, south of 11th, ad at times there was not water for domestic purposes, let alone sprinkling. The petition was referred.

Street superintendent reported that he had not fixed the walk up by the brewery for the reason that same was out on the edge of the old road and would cost more to repair than if built new in the center of the old roadway. This was ordered done; old walk in front of brewery was also ordered repaired and raised to keep teams off from same.

The superintendent also reported that the 2-plank walk on A street recently ordered would be of little or no value unless the railroad company could be induced to leave an opening at that point. Referred.

Complaint was filed by Mr. Hellstrom of slipping of fill at his property on 5th and Lincoln streets. Engineer Filion stated that he had called Mr. Anderson's attention to same and he had agreed to fix it.

In the matter of the acceptance of the Lincoln street contract, Mr. Fisher reported that council had gone over work last Monday and same seemed to be in good shape. He called attention to Mr. Anderson's desire to get a payment at this meeting. He had some $7,000 or $8,000 coming. Council could allow $3,000 and still retain 25 per cent as requierd by law. No action.

Alleged holding of water in vicinity of 7th and Peabody by reason of fill made there was referred to street committee.

At suggestion of Mr. Hooker some minor repairs were ordered to approaches of Front and Francis street, to White Creek and Eighth street bridges.

Complaint was made that autos travel too fast in city against ordinance, and around curves on wrong side and at a fast clip, endangering others. Dr. McGillivray tore a tire off his machine being compelled to skid to avoid a collision with one of these wild and careless drivers. Referred.

Council adjourned.

Couldn't Stand the Hoodoo.

He was a college boy, home for vacation, and his mother's cook had prevailed upon him to lend her $5 for two weeks. Much to the surprise of the family, cook departed from her practice of keeping such funds indefinitely and paid the debt promptly. When questioned about it she said:

"No; dat boy never once ask me fer dat money. He never dun me at all, but when I serves his late breakfast in de mornin' he always leave five biscuits on de plate when he uses to eat 'em all, an' he tells me he likes five lumps of sugar in his coffee when everybody knows dat's too sweet. Den when I goes in my kitchen I finds five raw potatoes on my table an' five lumps of coal laid by my stove. Dem fives jes' natchully haints me, so I pays him."—New York Post.

At the Door.

I thought myself indeed secure,
So fast the door, so firm the lock;
But, lo, he toddling comes to lure
My parent ear with timorous knock.

My heart were stone could I withstand
The sweetness of my baby's plea,
That timorous, baby knocking and,
"Please let me in; it's only me."

I threw aside the unfinished book
Regardless of its tempting charms,
And, opening wide the door, I took
My laughing darling in my arms.

Who knows but in eternity
I, like the truant child, shall wait,
The glories of a life to be,
Beyond the Heavenly Father's gate?

And will that Heavenly Father heed
The truant's supplicating cry
As at the outer door I plead,
"'Tis I, O Father, only I?"

—Eugene Field.

A Shining Mark.

A lady grievously tormented with a corn on her toe was advised by one of her friends to anoint it with phosphorus, which in a weak moment she did, but forgot to tell her husband before retiring at night. It had just turned 12 when the husband awoke and was startled to see something sparkling at the foot of the bed. He had never heard of a firefly in the locality, nor did he ever remember seeing such a terrible looking object as the toe presented. Reaching carefully out of bed till he found one of his slippers, he raised it high in the air and brought it down with great force upon the mysterious light.

A shriek and an avalanche of bed clothes, and all was over. When at last he released himself from the bedclothes he discovered his wife gripping her toe and groaning in a corner of the bedroom, but she had got rid of that phosphorated corn.—London Graphic.

Naming a Horse.

Commenting on the curious names often given to racehorses, a writer in a London daily recalled the historic case of Potoooooooo. The Earl of Egremont had a horse he intended to call Potatoes, and in going around the stable one evening he gave the stable boy in charge of the horse a piece of chalk and told him to write the name on the corn bin. The boy wrote Pot and then, evidently in some doubt as to the correct spelling, finished the word by repeating the letter "o" eight times. This so amused Lord Egremont and his friends that the horse was so named forthwith.

Reversed the Verdict.

A prominent citizen of a large town went raging into the electric light company's office and declared that one of their wires had killed a pet tree on his premises.

"That tree," said he, "has been standing there for twenty years, and we regarded it as one of the family. My children played under it when they were babies, and it is associated with some of the pleasantest memories of my life. When it began to die we all mourned, and we could not imagine what ailed it until yesterday, when I noticed that a wire was lying right across a branch. My poor tree has been electrocuted, and I feel as if murder has been done in my house."

Considerably moved, the agent of the company went to view the scene of the tragedy and found the tree still alive, but feable. When he came to trace the wire he discovered one end nailed to the roof of an old barn and the other twisted around a discarded pole. It had been cut off for at least two years and forgotten. But the occasion demanded something, so he made the following report:

"Tree alive; wire dead. Wire evidently killed by tree. Bill inclosed."

The Look.

Look up and not down. There is never a crown
In the dust and debris of the street.
The God who doth love us, hath hung high above us
The crown that makes glory complete.

Face the east, not the west. You are not at your best
With your eyes set on stars sinking low,
But each rising star's ray, with its promise of day,
Will kindle your heart to a glow.

TOURNAMENT FINANCIAL AND SOCIAL SUCCESS

The Whist Tournament and dance given in the opera house last Friday evening under the auspices of the Library Association was a very pleasant affair, and both a social and financial success. A great deal of credit is due the ladies in charge Meslames J. C. Delabarre, E. J. Walton, and D. McCarthy, who labored so faithfully to make it a success and who were so ably assisted by Messrs. Walton and McCarthy. The round trip tickets to Seattle, generously donated by the Inland Navigation Company, were awarded to Mrs. W. B. Smith and Mr. Clark Slattery for holding the highest scores. A beautiful combination cardcase and purse donated by Mrs. Delabarre, was awarded to Mrs. Thomas Bayton for second highest score, and C. C. Donovan carried off the handsome shaving set donated by Willis Mathewson as gentlemen's second prize. An hour and a half of enjoyable dancing followed the cards.

Dr. Frederick Hyde is now pleasantly located in his new offices in the Warren Morse building. He has a handsome suite of rooms facing Laurel street. They are well lighted and well heated and equipped with all the essentials of a modern, up-to-date physicians and surgeons office.

Great Bargains all this week at Brewster's 5, 10 and 25 Cent Store, see their windows, opposite the Dream Theater.

DR. McGILLIVRAY MADE A KNIGHT TEMPLAR

E. D. Short,, O. A. Pettit, Dr Dobbs, H. H. Huddleston, F. A. Jensen, C. P. Brown, Will Johnson, Dr. McGillivray and Coffey made up a jolly crowd who went to Townsend on the City of Angeles Wednesday to attend a session of the Knight Templars in which Dr McGillivray was to receive his degree. They were met at the boat by Judge Ralston, who had automobiles in waiting to take them on all the pretty drives about the city, including the Fort, where they were shown many courtesies by the officers and were taken on a tour of inspection about the place.

They were then invited to the Judge's home for dinner, his warm hearted hospitality being very much appreciated, as was also the good dinner served by Mrs. Ralston.

We are informed that some of the men were suffering from an attack of indigestion as a result of the excellent Oyster Feed set up to them by Brother Dr. House.

Mrs. M. E. Troy will move her studio the first of the month to the home of her father, Dr. Lewis on First street near Oak, where she will continue her work as heretofore both giving painting lessons and taking orders.

Mrs. W. C. Chambers is growing about 50 new cactus dahlias for the Eastern Dahlia Specialists. She will solicit orders for this firm in the near future.

Mr. and Mrs. T. T. Aldwell went to Seattle Thursday to spend the week end.

Miss McKibben is enjoying a visit from her mother who arrived today from Sedro Woolley.

Miss Laura Bradbury returned to Seattle Sunday after spending the Easter vacation at home.

Mr. and Mrs. L. H. Mitchell of Crescent Hotel, were shopping in Angeles Thursday.

Miss Irene Best entertained a party of young people in a very charming manner at her home Tuesday evening.

Mrs. Jane Benson from Whidby Island, has been visiting with her son, H. A. Benson, and family the past week.

Another auto truck has been bro't to town and is owned by Arthur Coventon, who uses it in his express business.

Mrs. Harry Cook of Seattle is a house guest this week of her sister Mrs. H. M. Fisher. She arrived on Monday.

Mr. and Mrs. Frank Lotzgesell, Mrs. Frank Knoph and baby, Miss Case and Miss Smith spent the day in Angeles Thursday.

J. J. Barker, dairyman of Sequim, was in town yesterday on his regular weekly visit, incidentally renewing his subscription to the Olympic-Leader for another year.

Misses Evelyn Geisness and Helen O'Donnell entertained with a neighborhood picnic, given in honor of little Catherine and Robert, on Saturday afternoon.

Mr. Winfield Harris and Roy Hall went to Seattle the first of the week in Mr. Harris' launch. They are expected home Sunday with a much larger and better boat.

Mrs. David Craig returned from Seattle the latter part of last week to spend the summer with her son Dr. D. W. Craig. Miss Chase went up to Seattle to accompany her home.

S. E. Stakemiller left for Spokane yesterday noon on a visit to his daughter, Mrs. Arthur Walker, and family, expecting to be gone several weeks, during which time he will call on a number of old friends scattered thruout central Washington.

Word comes from Kalamath Falls, Oregon, of the marriage there last Sunday of Miss Margery Weeks and Dr. C. E. Wheeler. Miss Weeks will be pleasantly remembered by many Angeles friends as she made her home here for a number of years.

Leslie Ralph, the infant son of Mr. and Mrs. E. J. Ralph of Eighth and Valley streets, died Wednesday evening and services were conducted by Father Albert at the Fulmer Undertaking parlors Thursday afternoon. The baby was just ten months old.

Mrs. Theodore Rixon was in from the West End Thursday doing some shopping and calling on old friends. She is enjoying country life and says they are busy beautifying the grounds around their home by setting out shrubs, rose bushes and other flowers. She is also experimenting with pond lilies in one of the pretty ponds on the place.

George Pollow, formerly of this city and late of Auburn, Washington, returned to this city for a few days last week to look over some business interests which he has here. He finds everything in shipshape order and was surprised to find the city going ahead so fast. He dropped into the Leader office and took a year's subscription to the paper, which he says he could not do without.

The members of the San Souci Sewing Club have been indulging in a series of showers on the brides-to-be in their Club. Miss Maude Hoare had her turn Monday evening and she was completely surprised. The hostess for the evening was Miss Stakemiller, who entertained at the Robertson home. After busily sewing for a time the guests were invited to the dining room to partake of refreshments. The table decorations were all in pink and white and presented a very attractive appearance. Miss Hoare was escorted to a little side table upon which was arranged her "shower" of pretty and useful gifts, which will be pleasant reminders to her of the many happy evenings spent with the girls of the San Souci Club. After she had sufficiently recovered from the shock of so generous a shower, they all sat down and partook of the dainty refreshments prepared by the hostess.

CITY AND PERSONAL

Why not organize a dahlia club.

Frank Kalloch was in from Lake Crescent last Friday.

Mrs. James Gibson of Lake Crescent has been spending a few days in town.

C. E. Taft left on Wednesday for Seattle looking for a printing outfit to take up business for himself.

It is a good time now to plant dahlias. If you plant them early they will bloom in 3 or 4 months.

Miss Hazel Faulds of Kelso, B. C., arrived in Angeles Wednesday to be the guest of her cousin, Miss Mae Black.

Mrs. W. A. Stoval returned Wednesday morning from attending the funeral of her father at Hot Springs, South Dakota.

Miss Georgia O'Neill will spend the week end with relatives in Seattle. She is a teacher of the Little River school.

James Hooker is starting this week to build a couple of bungalows on his lots on Sixth street between Lincoln and Laurel.

Mr. and Mrs. J. L. Pegram of the Pioneer Electric Company have moved into Mrs. Kerrihardt's house on Tenth and Peabody.

Miss Bernice Allen of Everett, formerly a popular society girl of Port Angeles, spent the week end here, the guest of Mrs. C. C. Donovan.

Miss Rachel Drum of Walla Walla was the guest of Mrs. Benj. Phillips Sunday and Monday of this week, returning to Seattle on Tuesday's boat.

Mr. Erickson, proprietor of the Erickson Ice Cream and Confectionery parlors, went to Seattle Thursday to bring his wife and baby here to make it their home.

Marriage licenses were issued in Seattle late last week to Frank Doran and Mrs. Mary Green of Sequim, and to Wallie Meagher, formerly of this city and Miss Winnifred Snavley, of Seattle.

Extensive improvements and remodeling are being made this week in the Goldwater building next to Harrington's Cigar Store, which is to be occupied as a gents and ladies furnishing house.

Ray Haynes left on Sunday's boat for Hoquaim, to act as a delegate at the state conference of the Ancient Order of United Workman. He expected to be gone a week or more as he would look after some business matters in Seattle.

Mrs. Arthur Fillon entertained the Woman's Study Club of the Presbyterian church last week in a yellow tea. There was a large attendance. An interesting feature was presented for the entertainment. Nicely served refreshments were provided.

Mrs. George Lippert left Saturday to take charge of the Olympic Hot Springs, there already being several lady guests and Mrs. Everett being engaged in cooking for the boys who are putting in the new low grade trail.

John McDonald, who underwent a severe operation at a Victoria hospital sometime ago, is improving nicely and was looking after his business interests in Angeles this week, but he will have to remain in Victoria under the doctors care for sometime yet.

At the regular meeting of the Rebekah Lodge Wednesday evening a class of four were initiated into membership. They were Messrs. L. W. Callarman, H. VanBrocklin, Harms, and Miss Ferguson. A pleasant social session and luncheon followed the initiatory ceremonies.

Mr. John Hallahan has "the clean-up, paint-up spirit" and is improving the looks of his little house with a coat of paint. His yard and lawn are worthy of special mention as there are none better kept in town. The shrubbery in his yard attracts a great deal of attention as he has a number of odd varieties.

Mrs. Burkhardt has taken up her summer residence at her beautiful Lake Crescent home which she has been adding many improvements. The first thing that attracts the eye are the two large totem poles with their gorgeous colorings standing out prominently in the front garden.

C. S. Stakemiller has just had his new signs put up this week and they are surely artistic pieces of work—a black back ground with gold lettering. A great deal of interest is being manifested in his grand prize contest and specials for each Saturday are helping the contestants to gain votes. This Saturday it will be a dress shirt special and every nickle spent means fifty votes for someone.

According to Saturday's P.-I. Mrs. Chase Garfield, formerly Miss Whiting of Seattle, committed suicide in San Francisco, in a fit of despondency. Chase Garfield, formerly of Port Angeles in his younger days, was in the automobile business in Seattle and later in Los Angeles. Dr. and Mrs. Whiting of Seattle refuse to believe that their daughter committed suicide, holding that she mistook a bottle in her pain. Mrs. Garfield leaves a ten year old son.

VIVIAN MARTIN IN "THE WISHING RING"—STAR

Vivian Martin, one of the most fascinating ingenues of the stage, is starring in the forth-coming World Film Corporation release based on Owen Davis' play, "The Wishing Ring." This play was the vehicle Marguerite Clark used in making her entrance into the legitimate theater. "The Wishing Ring," is one of the three plays that Owen Davis has written of which World Film Corporation has secured the motion picture rights. The other two being "Lola," in which Clara Kimball Young is starring, and "A Marked Woman," in which Barbara Tennant plays the title role.

At present Miss Martin is being seen with Lew Field's company in "The High Cost of Loving" at the Republic Theater, New York City. Her charming personality has been felt for several years on the stage since she made her debut with Charles Warner in his famous play "Drink." Later she was seen with Andrew Mack. As "Peter Pan" in the childrens company that Charles Frohman assembled to present the Barrie masterpiece, "Peter Pan," Miss Martin did notable work on the stage. When that play was withdrawn, she joined the Wm. H. Crane company, appearing in George Ade's "Father and the Boys." Later she was seen in "The Only Son" with Wallace Eddinger.

Her recent appearances have been in the two farces, "Officer 666" and "Stop Thief." During the past season, Miss Martin appeared in Alexander's Carlisles' supporting company in "The Marriage Game." The past summer saw her as a member of the company that presented the Hatton's comedy "The Call of Youth" in Chicago.

Miss Martin comes from an old English acting family, and her performance in "The Wishing Ring" marks her bebut into the screen world.

McCARTY AND HAYNE NEW HARDWARE COMPANY

J. W. Hayne, one of Port Angeles longest-time residents, having been in the employ of the Filion Mill Co., as master mechanic for twenty years, has bought an interest in the C. L. Baker & Co. Hardware Store and the new firm has been incorporated as the McCarty & Hayne Hardware and Furniture Co.

Since purchasing Herbert Baker's interest some four years ago, Mr. McCarty has given up traveling and has increased the stock, buying new lines of goods until the second-hand feature had become of secondary importance and the store has taken a place as one of the regular hardware stores of the town. It is the intention of the new firm to still further increase the stock, and the room will be remodeled and fitted with new shelving for that purpose.

That the new firm and store will become increasingly popular goes without saying. Mr. Baker, retiring from the business, has not decided what he will take up next.

ANGELES HIGH BEATS THE LOCAL SAILORS

Last Saturday afternoon the Port Angeles Central High School beat the Snohomish sailor boys to the tune of 13 to 3. Roscoe McKee proved himself a real marvel in his variety of wonderful curves and the boys of the briny deep at no time had a look in.

This Saturday the H. S. boys will play the Sequim High School.

Our Soda Fountain is Open

for the Season of 1915.

We will follow the same rule that made our fountain so popular during 1914, of serving nothing but the very best in Ice Cream, Fruits and Syrups.

Mr. Tom Lineham, who so ably had charge of this department last season, is again presiding over it.

ABOUT THE COUNTY

MT. PLEASANT

Mrs. A. L. Byers and sons Lad and Ray visited at Sequim from Tuesday until Friday with her brother Martin Keepler and family.

Mr. Claude Wheeler arrived Thursday to visit his friend, Steven Hall, returning to Angeles Saturday.

Miss Martha Dietsch visited at her home from Saturday until Monday.

Mr. and Mrs. L. T. Haynes spent Sunday at the home of their daughter, Mrs. Clarence McLaughlin.

Grandma Harding, who has been visiting at the home of her daughter Mrs. Hall, returned to her home in Angeles Sunday.

Miss Alvena Dietsch, who was visiting in Angeles for a few days, returned home last Wednesday.

Mr. and Mrs. Oscar McLaughlin visited Sunday at the home of their son Clarence McLaughlin.

Mrs. Wm. Watts and daughter Nadine, who have been visiting in Angeles for a few days returned home Tuesday.

Mr. Patterson, who has taught school here the last two terms, resigned his position last week, and Mr. Alex Scott has been secured to finish out the term.

Mr. and Mrs. Ernest Harding, Mrs. E. B. Fleming and Clarie Fleming were visitors at the home of A. W. Hall Monday.

Mr. and Mrs. H. Baker were visitors to Mt. Pleasant Sunday.

Mr. and Mrs. Jones and son of Aigeles visited Sunday at the home of Mr. O. F. Austin.

Mr. Mitchell of Mt. Pleasant, who has been in poor health for several months, went to the soldiers home about two weeks ago and is reported as very low.

Mr. Wm. Rhebine of Seattle arrived Sunday at the home of Milford Eacrett to visit for a while.

FAIRVIEW

The special feature for supper at the dance April 24th, will be baked beans and sandwiches. Ladies will please bring the usual lunch.

Owing to such busy times, news from Fairview has been scarce but we hope to do better soon.

LINCOLN HEIGHTS

Weather continues fine, with a little more wind than in March but nothing to complain of.

Mrs. N. L. Harding has returned from her sojourn in the county which she enjoyed very much.

Mrs. E. C. Whitmore and daughter, Lenora, went last Friday on the train to visit friends near their old home at Gettysburg. They returned Monday reporting a nice visit and enjoying the seeing of so many cows, and so much milk and cream. She sold their canned fruit stored there, also their beer, and have bought a hive here from Mrs. J. A. Martin.

Mr. Whitmore's broken finger does not improve very rapidly.

Mrs. Hattie Harding furnished a nice dinner Saturday evening for the "newly-weds," Mr. Charles Skinner, of the Snohomish, and Miss Jennie Gonky, a nurse in the General Hospital, and their attendants, Mr. Louie Larson and Miss Myrtle Madison.

Clare Fleming arrived from Bonners Ferry about ten days ago on a business trip and is visiting with friends.

Mr. Winston has gone to Blaine, Washington, to work in a mill there.

A second raid was made on O. D. Burgman's chickens last Saturday night. The thieves must have been alarmed as they left in such a hurry they failed to close the gates. Hardly worth while to return again for the few that remain.

Mrs. Lillie Winters and Mrs. Minnie Fuller visited with Mrs. Grace Filion Tuesday.

Mrs. Annie Pollock visited Mrs. McLeod in the hospital Tuesday. Mrs. McLeod is now able to sit up in the bed a short time.

Mrs. Chas. J. Filion is also a patient in the hospital.

Mrs. Margaret Leyh Wade is expected home from the Taylor hospital Wednesday, the twins are doing nicely and are cared for by the grandma and aunt.

Mrs. Gordon is able to move about in a wheel-chair but does not improve very fast in health.

DE FUCA

Mrs. Burns Thorpe returned from Seattle where she has spent the past three months, Saturday, for a short visit with relatives here.

Mr. and Mrs. Wm. Wooding, Jr., came up from Dungenes Saturday to spend a week at the Wooding home.

The dance at the school house was a success in every way. The attendance was unusually large, there being something over sixty there.

Mr. Wooding and Mr. C. A. Laurens have been improving their property with new fences last week.

If you want furniture or second-hand goods call up McCarty & Hayne Co., phone 117.

Brewster & Co's 5, 10 and 25 Cent Store is drawing the crowds these days. Many articles specially priced for this week.

SILVER WEDDING CELEBRATION IN DE FUCA

On Sunday, April 11, 1915, Mr. and Mrs. N. Heuhslein entertained a large number of their friends and neighbors in honor of the twenty-fifth anniversary of their wedding day. Mr. and Mrs. Heuhslein were married in 1890 in Australia, since which time they have lived in Germany and Port Angeles. A year ago they moved to "Fernwood" where they have made a number of friends.

The parlor of their home was made beautiful in honor of the occasion, with white wedding bells, garlands, and quantities of white lilies and other flowers.

At twelve o'clock the guests were served with a sumptuous five-course dinner. Refreshments were served thruout the afternoon and evening, to friends who arrived later in the day, it being nearly midnight when the last guests departed.

Those present were the Mesdames Heuhslein, Solf, Geist, Kruger, Baar, Beck, C. A. Laurens, Lehman, Wooding, Richards, and F. Laurens; and Messrs. N. Heuhslein, Sr., N. Heuhslein, Jr., Solf, Eiban, Bert Kruger, H. Kruger, Geist, Beck, Jacobs, C. A. Laurens, Lehman, Richards, Fred Solf, M. Fey, F. Laurens, Agnew, Wooding, and Drumb; the Misses Evelyn Gasser, Helen and Minna Laurens, Freda Solf, Frances Laurens, Hazel and Sarah Richards, Ella and Emma Solf, and Herbert and Alfred Lehman.

Mr. and Mrs. Heuhslein were presented with many very beautiful gifts of silver and also other articles. The guests departed with best wishes and congratulations for their host and hostess and expressed the hope that in twenty-five years they might be able to come to their golden wedding.

Mr. and Mrs. Heuhslein take this means to express their sincerest thanks to all for the beautiful gifts and kind wishes.

BARBER SHOP ON FRONT STREET CHANGES HANDS

C. B. Faires, formerly with Pettit, the barber, has taken over the barber shop of Herman Mitchell, on Front street near Oak and will remodel the shop with the latest improvements of that trade. He hopes that he will be able to do the business that Mr. Mitchell has done in the past and wishes the patronage of all of his friends. Mr. Faires left for Seattle the latter part of the week to look over some business in connection with the barber shop.

TO WHOM IT MAY CONCERN

The signed articles appearing in the Olympic-Leader and the Tribune-Times of Friday the 9th, inst., over the signature of Dr. J. W. Taylor are hereby declared to be without any foundation in fact.

Regarding the assertion that I was using my office to satisfy a personal spite, the action of the council in relieving him of the position of city health officer demonstrates that such action was the result of a majority rather than the personal work of any one member.

(Signed) DR. J. E. BIGELOW.

After fighting the reduced freight rates ordered on coal by the public service commission nearly a year ago, the Northern Pacific has offered to install decreased rates from Roslyn to all points in the state and to dismiss the pending court proceedings attacking the commission's rates. The new rates proposed by the railroad are made up on a somewhat different schedule from those ordered by the commission, but are regarded as satisfactory by the coal company and by large consumers of coal. The railroad estimates that the reduction will amount to a decrease of $75,000 annually, which will be taken eventually from the consumer's coal bill.
