CAVEN & KUPPLER GET CONTRACT

Bidding Close on Front Street Sewer. Permits Granted for Three New Residences.

All members of the city council were present at Tuesday's meeting. As usual much business was transacted.

Upon recommendation of street committee water held by fill at 7th and Peabody was ordered released. Owners expect to make arrangements shortly to have street filled entire width here.

Water committee reported that the water company had agreed to get a 4-inch main in on Cherry street, south of 11th, just as soon as it is possible to get around to the work.

Ordinance committee reported back house numbering ordinance with recommendation that it pass. It was adopted. Under this ordinance the city engineer will prepare and keep a plat showing the numbers belonging to any particular property in the city. There will be two numbers on each lot, one to every 25 feet, and owners are expected to comply with the provisions thereof. You can get the proper number of your house by phoning, giving the lot and No. and the location of the lot.

Health committee reported as to several bad places, particularly telephone office, rear Goldwater building, for which promises to abate had been made. All the owners had connected up sewer on north side Front street, except Aldwell interests. Mr. Bigelow, in making the report as chairman of the committee, stated that he believed in giving plenty of time, but that there was a limit. One week was given by council to abate nuisances and to connect with sewer.

Marshal Dustman called attention to fact that some of the merchants were using parts of the sidewalk area for the display of their goods contrary to ordinance, and as ordinance has not been enforced for some time he desired to learn of council if it desired that the ordinance be enforced to the letter. He was so directed.

The Lattin Noodle Parlors was given the privilege of putting up an upright sign at the curb in front of their place of business.

Mr. Bigelow presented a letter from former Councilman B. G. Wilcox, now of Dungeness, protesting against unnecessary restrictions against farmers, and against compelling them to put their horses in any barn. Not, said he, that they care so much for the fee but many do not like to put up in a barn where contagion may exist. Other places provide feeding places for teams, why not Port Angeles. He knows of one man in particular who sent $25 to Seattle rather than come here under the restrictions. Flat in vicinity of Odd Fellows Hall was suggested as a place for teams to tie and feed and street superintendent was directed to build an approach to said flat from First street. Also to build hitching rail.

A petition signed by all the residents of the block asked that Sixth street between Oak and Laurel be graded like that portion east of Laurel. Granted with additional that the street from Oak to Cherry will also be likewise graded.

Upon motion of Mr. Bigelow the ungraded portion of Cherry street north of 8th was ordered graded with the grader.

Mayor White called attention to the need of a roller. Street superintendent was instructed to either get the roller at the ball park or make one like it for city use.

Peabody street bridge approach was ordered leveled.

T. T. Aldwell & Co., asked permit to change the windows and repair roof, and build a little addition to building at southeast corner of Front and Lincoln streets, the addition to be of galvanized iron. Permit was granted after considerable discussion, 2 to 4.

City engineer was directed to give water company necessary instructions for the lowering of the water pipe at First and Laurel.

Application of I. Filion for permit to build at C and 9th streets, $2000 residence with concrete basement, was granted.

Maud Ethel Hoare was granted a permit to build at 12th and Peabody, 24x30, estimated cost $550.

Jas. McKinzie was granted a permit to erect a modern residence at 3rd and Pine, with concrete basement, cost estimated $1800.

Bee Publishing Company was authorized to place a 50-gallon gasoline tank in rear of Kuppler building.

Ordinance approving assessment roll for improvement west of Oak on First was read twice and referred.

Hearing under Resolution No. 33, for Francis street trunk sewer was laid over for one week at request of the city engineer. There was no protest filed. A conference of the engineer and council on this work will be held today at 2:30. Upon motion of Mr. Bigelow city attorney was directed to bring in ordinance ordering this improvenemt.

Bids were opened for the construction of the Front street lateral sewer from Vine to Lincoln streets as follows:

Covington & Peterson, 1350 feet 8-inch at 75 cents, 240 feet 6-inch at 68 cents, manholes $50 each, catch basin, $68.75 each, total $2,250.70.

Anderson, Olson & Dahlberg, not segregated, total $2,186.30.

E. Anderson & Co, 8-inch 85 cents, 6-inch 78 cents, manholes $65 each, total $2,527.70.

Caven & Kuppler, 8-inch 68 cents, 6-inch 50 cents, manholes $42, catch basins $58 each, total $2,160.40.

Mettler Concrete Works, 8-inch at 78 cents, 6-inch at 71 cents, manholes $43 each, catch basins $26.25 each, total $2,245.85.

Harry C. Cotton, 8-inch 81 cents, 6-inch 65 cents, manholes $55 each, catch basins $39.90 each, total $2,374.90. Mr. Cotton also submitted an alternate bid on concrete sewer pipe, at a total cost of $2,443.30.

Bid of Caven & Kuppler, being the lowest was accepted.

Bids for the old light plant machinery were read as follows:

Star Machinery Co, plant, as it stands $710.

Gray & Marsh, plant as it stands $705, F. O. B. Seattle.

Port Angeles and Western Railroad $905.

Bids were rejected, promptly and without argument.

Upon motion of Mr. Fisher, clerk was directed to call for bids for construction of sewers in alleys in blocks 53 and 54, and 69, 70 and 71.

Council adjourned.

MRS. KEZIA JOHNSON KEMP

Aged Lady Passed Away Monday Morning at Home of Her Son-in-law, Rev. Stephen Smith.

Mrs. Kezia Johnson Kemp passed away at the home of her son-in-law, Rev. Stephen Smith, Monday morning, the 19th, at 3:25.

Mrs. Kemp was born in Lincoln, Maine, in 1831, but the family soon moved to Jackson in the same state, where the most of her girlhood was spent. Her father was an educated man, a teacher, and under his tuition, in the public schools and at "Foxcraft Academy," she obtained excellent education. Naturally of intellectual taste, her education was supplemented by wide reading. Before her marriage she taught at Vernon, Conn.

At the age of twenty she married Rev. Geo. S. Kemp and devotedly shared his labors in his pastorates in Maine, New Hampshire, Massachusetts and Vermont. After about 30 years of active service in the ministry, owing to a throat affection, her husband was obliged to give up his preaching and they bought a home in East Douglas, Mass.

After the marriage of their daughter, Rev. and Mrs. Kemp spent most of their time in her home. Mr. Kemp's death occurred in 1900 at Lebanon, Conn.

Mrs. Kemp was one of the finest types of New England womanhood, a daughter of the Revolution and a Puritan by birth and training. She possessed in a marked degree those qualities of heart and mind which characterize the women of those states. She had been richly endowed by nature, of charming personality, gracious manner, a loving heart and joyful spirit. She radiated sunshine wherever she went and endeared herself to all with whom she came in contact,but more than all these, the secret of her influence and the mainspring of her life was her faith and love for her Lord and Master. She was a Christian of entire consecration, and her life was a living testimony to the truth that is in Christ Jesus.

Her illness was brief, her death being caused by acute bronchitis. Her last moments were beautiful and peaceful with only intervals of unconsciousness. She knew her loved ones up to almost the last moment and fragments of lovely thoughts occassionally fell from her lips.

In the passing of this rare spirit, earth has been made the poorer and heaven has been made the richer.

She leaves besides her daughter, and son-in-law, Rev. and Mrs. Stephen Smith of this city, and two children Stephen Kemp and Ruth Kezia, a son and wife Mr. and Mrs. Charles Edwin Kemp of St. Petersburg, Florida, and two grandsons, Dr. E. Carl Kemp, American Consul to France, and H. Stuart Kemp, a student at the Carnegie School of Technology in Pittsburg, Penn., and also three brothers and sisters.

Very beautiful and impressive funeral services were held at the home at one o'clock Thursday afternoon, conducted by Rev. Robert S. Osgood of the Prospect Congregational church Seattle. His scriptural readings as well as his remarks, were full of comfort and cheer. He tried to show how death lost its sting when one had lived such a beautiful Christain life as that of Mrs. Kemp. She was victorious over all things even unto death. He said he considered it a great privilege and honor to have

SEQUIM'S ANNUAL MAY DAY

Commercial Club Expects to Pull Off Biggest Celebration Ever Held in the County.

It may be a "Long Way to Tipperary" but it is only a few short days until the annual May Day Celebration will be held in Sequim and the arrangements this year are perfect judging from the reports turned in by the committees of the Commercial Club having charge of the celebration. If the visitors do not have a good time from early in the morning until early the next morning, they will have none but themselves to blame.

As is usual on this occasion the Port Angeles Marine Band will be on hand with all of the latest music and they are going to keep the music working all day no matter what else may be on the programme. In the morning they will start the ball game between the Port Angeles and the Sequim High School boys, which by the way, promises to be a mighty close and interesting game; after this game there will be a band concert lasting over an hour or until the late comers are on hand to hear the speakers.

While the committee instructed to secure a speaker refuse to make any announcement the information has leaked out that they have arranged with one of the leading men of the state to be present on this day. There will be a number of other outsiders who will talk on the subjects of interest to people of this part of the Olympic Peninsula.

One hour will be allowed for dinner and everyone is urged to bring a big basket of lunch and a bunch of friends to enjoy this noonday hour in the Athletic Park, where arrangements will be made to take care of any number of picnic parties.

After lunch the girls of the Sequim school, accompanied by the band, will give the May Pole Dance, which was so popular last year; the girls have been practicing for a long time and have this dance down to a fine point this year.

In the afternoon the Port Angeles Braves or Champions will meet the Sequim and Dungeness ball team in their annual scrap and with the band to liven up the quiet spells this will be one of the main attractions of the day. At the same time the first match games between Port Angeles, Dungeness and Sequim tennis clubs will be played so anyone interested in this sport will have plenty of excitement.

After the games there will be potato races and every old kind of a race between the kids.

In the evening the Commercial Club will give a dance in the new Sequim Hippodrome where the largest dancing floor in Clallam county will be used for the first time. This building is so large it will be possible to handle all of the crowd no matter how large it may be.

Don't forget to come to Sequim on May Day for it will be well worth the trip. Saturday, May 1st.

"THE THIEF" AND "THE IDLER" AT DREAM

"The Thief," Henri Bernstein's tense play picturized in 5 parts, by Box Office Attraction, makes unusually strong offering. Dorothy Donnelly, the creator of Madam X, is starred in this master production. "This picture I count as the strongest production I have shown in some time." B. P. Abbott. At the Dream, Friday, April 23.

"The Idler." This is the second famous William Fox attraction to be shown at the Dream. This photoplay is taken from the well known story of C. Hadden Chambers. It shows a wide scope of marked contrasts, showing scenes of the primitive west and of drawing rooms and bar rooms. We see men of position in society in England transferred to the open. Charles Richman, Catherine Countiss and the beautiful Claire Whitney take the leading roles and some of the great scenes that stand out are of the Coaching party, the stormy interview in the dressing room, the fire in the bar room and the many clashes between the conflicting elements, when the men have returned to England. The Fox Attractions will be shown at the Dream every Tuesday hereafter. We recommend them to our patrons.

AND EVERYBODY KNEW IT

Arthur Hart, assistant manager at the Olympic Power Plant, and Miss Mary Danford of Orting, Wash, were married at the home of the brides parents the first of the week and returned to Angeles Wednesday morning. Some of Mr. Hart's friends put up a little joke on the "newly-weds" and they were shown the sights of Port Angeles in a gaily bedecked auto, which attracted considerable at-

ANGELES HIGH WINS FROM SEQUIMITITES

On Saturday afternoon last the local high school team took a win and lose game away from the Sequim High School team by the score of 12 to 11. The game was replete with errors on both sides and the batting was above the average game. Roscoe and Dey broke off about even on pitching honors except that Roscoe hit the pill for a three and two two-baggers. All the Angeles boys showed good form.

Tomorrow, the local heroes will trounce on the Townsend team with good intentions and a hard shuffle will be the result. Port Townsend is very strong this year from all reports. This game will be the best of the high school ball season and the boys are desirous of a large rooting crowd attending. Admission is 25 cents. Remember Saturday, April 24, at the local ball park.

TOLER DRIVES FIRST CAR OVER OLYMPIC HIGHWAY

To R. M. Toler belongs the honor of driving the first car over the entire Olympic Highway this year. The trip is over 115 miles and was made in good time. Mr. Toler returned from Olympia Sunday. The road will be thrown open to the public about the first of May, and the automobile traffic over it this year is expected to be immense.

WOULD ABOLISH STREET GRADES

Purpose of Proposed Ordinance Not Readily Apparent to Those Who Are Not Initiated.

Councilman Hooker at Tuesday night's session of the council offered an ordinance abolishing and cancelling the grades of certain streets as fixed by ordinance 421, adopted about 18 months ago. The streets named are all streets running east and west, south of First street back to and including 8th, also Victoria street, Peabody to Francis, Caroline, Eunice to Francis, Georgiana, Albert to Francis, Valley, 3rd to8th, Liberty, Front to Victoria. The ordinance was read twice and referred.

Just what the purpose of the abolishment of the grades on these particular streets are is not apparent to the uninitiated. It has always been understood that the grades fixed on the intersection of north and south streets, practically fixes the grades of the east and west streets at those intersections also, so that a partial cancellation possibly will not work a cancellation at all.

The ordinance also repeals sections 4 to 13 inclusive, and sections 16 and 16A of said ordinance 421.

CLARA KIMBALL YOUNG IN "LOLA"—STAR

Clara Kimball Young is the star in the World Film Corporation release of "Lola" which is an adaption of the Owen Davis play of the same name and which has been picturized by James Young who was so largely responsible for the success of "My Official Wife" in which she was starred earlier in the year.

In Lola, Clara Kimball Young appears in a character which has many facts of scintillating interest.

Miss Young is a very versatile woman, who, in addition to being a clever writer, is a trained musician. She designs many of the gowns that she uses before the camera and on the street, and she makes herself invaluable to the scenario department by her wise suggestions and opinions. As a screen favorite she has become so popular, that in a recent contest held by the Motion Picture Magazine, Clara Kimball Young was voted the most popular woman on the screen. She received more votes than Mary Pickford.

This pretty picture will be shown at the Star Theater next week. Read their advertisement in this issue.

DR. WARNER TO HAVE OFFICE IN NEW MORSE BUILDING

Dr. F. E. Warner, optician and optometrist, has leased office rooms in the new Warren Morse building and will move his stock of optical goods about the first of May. He will have much pleasanter and more convenient quarters and his optical parlors will be equipped with the latest and best of everything for the convenience of himself and his patrons. Dr. Warner has been looking after the eyesight of Clallam county people for a number of years and his ability in his profession is an established fact. He has always kept abreast of the times, going east two years ago to perfect himself in the latest and best methods.

MOUNTAINEERS' CLUB HOUSE

Local Organization Will Endeavor to Make "The Angel Mountain" Accessible.

"Williams' Cabin," a two-story log house on the northern slope of Mt. Angeles, is to be leased by the local outing club and refitted for use as a club house.

Intended as a mountain road house or inn, the cabin was built of cedar logs, ripsawed and planed, with floors of two-inch cedar planking, laid on heavy squared beams, and provided with rustic stairway and window seats, ornamental window sash, wide porch and large fireplace —undoubtedly the best log building of any kind, with the exception of the Piedmont Hotel, in the county.

However, over a quarter century has passed since Louie Williams, possessed of a vision of a prosperous city on Port Angeles bay, built the inn and road thereto, and the building, particularly of late years, since the few who were interested in the mountain have ceased to keep it in repair, has deteriorated rapidly until there is little left but the walls, roof and floors and it is no longer habitable.

It is the purpose of the mountaineering or outing club to lease the property of the Forest Service and to replace it as nearly as possible in its original condition. To this end, a committee, consisting of D. S. MacNeal, principal of the High Shool, and M. A. Regnier, instructor in manual training, and assisted by other members, is today taking out lumber and tools with which to begin the work. Twenty bunks, tables, cupboards, etc, will be built, and the interior stained and made as inviting as possible. A big campfire is planned for tomorrow evening, when music, story telling and jest will be interspersed with toasted marshmallows, pop corn, roasted apples and other delicacies of campfire fame. Great interest is being taken in this mountain lodge and this first gathering promises to be an eventful one.

It is anticipated that about thirty will participate in the first outing on The Angel Mountain, leaving the town in three parties, on Friday and Saturday afternoons and Sunday morning. A few may go up the trail to the snow line Sunday, the cool weather at this time of the year making a climb most enjoyable.

Those interested in the mountaineering club hope to build up an organization of at least a hundred members, which will not only insure interesting outings, but will make possible improvement of the road and the building of trails and shelters, opening up Mt. Angeles to the general public. The club house will be reserved for the use of the club members and their guests, but shelters will be built for others who may wish to camp there overnight. Fully two hundred people climbed the mountain last year, and nearly as many the year previous, Mr. Fisher's improvement of the trail making the trip possible even to those of little strength. This one trail makes accessible not more than one-fifth and, from the mountaineer's standpoint, the least interesting portion, of the mountain. Fully a thousand people will make the climb each year after new trails and shelters are built. Those wishing to join the club, may send in their application thru any member, or see President Phillips at the Trust and Savings Bank.

TWO FIRES DURING HARD WIND STORM

On Tuesday afternoon and Wednesday morning, during the 30-mile gale, two houses in the east and west end of town caught on fire and gave the fire boys a chance to get into action after a prolonged spell of several weeks since the last fire.

The home of Claude Lewis caught on fire on the roof Tuesday afternoon at 5:30 and was put out before the flame killers had a chance to get water on it. The roof was only partially burned. Two sick women were in the house at the time of the blaze but they were not in danger of being hurt.

The residence of an unknown family living on Tenth, between D and E, was the next alarm, on Wednesday morning. The fire was easily put out by the department. It burned a small portion of the roof.

COUNTY ASSESSOR MARRIED

A double wedding occurred in Seattle last week, the contracting parties being from Port Angeles and Sequim. E. A. Prickett, the present county assessor, was united in marriage to Mrs. Sprague of Sequim, and O. H. Noble and Mrs. Ella E. Hooker, both of Sequim, were married at the same time. Wedding announcements state that Mr. and Mrs. Prickett will be at home in Port Angeles after June 15.

GOING AFTER BUSINESS OF CATALOGUE HOUSES

Mr. Greenbaum is the proprietor of the Peoples' Store which will open up Saturday, April 24, in the newly remodeled store building next to the Harrington Cigar Store. They have an immense stock of gents furnishings of all kinds, also ladies suits and skirts. They make a specialty of men's working clothes at prices that can't be beat. Their aim will be to help you make a dollar go as far as possible, which you can see for yourself by reading their advertisement on the back page of this issue. The new store is one of the most attractive on Front street and they are going right after the business of the whole county in competition to the catalogue houses, which takes so much money out of the county every month. Mr. Greenbaum is a business man of many years experience and intends to make Port Angeles his home. He has leased the new Gutenberg house on Third street for his family residence.

WORK BEGUN ON THE FRONT STREET EXTENSION

Work was begun on Monday on the Front street extension west of Oak street. Jack Woods, contractor, is working a full crew and expects to complete the pile driving in 60 days. Many new buildings will no doubt be built on this extension, which will also give a short route to Valley street and the new freight depot which the Milwaukee intends to put up.

HELP WIPE OUT LIBRARY DEBT

Association Urges Subscribers and Other Friends to Help Pay Grade Tax.

The Library Association is putting forth a strong effort to clear as nearly as possible by May 10th the street grade tax against the Public Library site on 2nd street. Of the amount subscribed at the Congregational Brotherhood some time ago, $165.00 has been paid and some of the remaining subscribers have promised to be ready by that date, when the second installment must be paid. The amount of assessment originally was $744.11, the first installment $74.41 was more promptly paid, when due, leaving a principal of $669.70, together with $44.88 interest now due or a debt at the present time of $716.58. Subscriptions paid are as follows:

J. A. Russell	$100.00
J. W. Lindsay	10.00
R. D. Willson	10.00
J. P. Christensen	10.00
Dr. F. T. Hyde	10.00
Mrs. Marie M. Baker	15.00
S. J Lutz	10.00
James Stewart	5.00

The trustees are anxious to have this list added to materially in the next two weeks, and will be appreciative of any amount handed them be it ever so small. Every dollar helps wipe out the debt, thus bringing us nearer the time when we can apply for a Carnegie Building, as the site must be an unencumbered one. Anyone willing to help will please hand their contribution to any one of the trustees, Mesdames R. D. Willson, D. E. McGillivray, Charles J. Filion, E. E. Hopkins, E. B. Webster, A. H Thompson or Herbert Baker.

TWO UNKNOWN MEN DIE AT ADVANCED AGE

Norman Woolworth, aged 65 years, fell dead in the Brunswick Bowling alleys on Front street Saturday evening at 10 o'clock, of disease of the heart. He has relatives in Seattle and the body was shipped there on Tuesday afternoon.

Charles Suselt, aged 65 years, and unknown in this county, was brought to Taylor's Hospital from Joyce on Monday morning and died of hemorrhage of the brain on Wednesday morning. The body will be buried at Ocean View.

LAW FIRM HAS NEW OFFICES

Judge Cochran and F. L. Plummer moved their law offices this week in a suite of the pleasant front rooms of the Warren Morse building. Judge Cochran has occupied the same offices in the Aldwell block ever since it was built but the present location gives him much pleasanter and better lighted rooms.

ALL BOOSTERS FOR ANGELES

Mr. Lattin, a brother of Mrs. F. M. Dompier, has bought the Ed Short residence on Pine Hill and will make it his home. There is quite a colony of the Dompier relatives here now and they are all boosters for Port Angeles. The Lattin family came from Yakima.

STATE LEVY WILL BE ABOUT 7.17 MILLS

Olympia, April, 22.—It appears probable that a general fund tax levy as low as 1½ or 1.55 mills may be sufficient this year, depending upon the total assessed valuation of the state. This would make the total state levy only 7.12 or 7.17 mills, as compared with 8.07 mills in 1914 and 8.89 mills in 1913.

The two items of economical state administration and reduced general fund appropriations by the recent legislature will make this reduction possible. General fund appropriations of the legislature totalled $6,950,911.63, after items vetoed by Governor Lister are deducted. State taxes levied last year and now being paid total $2,553,358, while estimates of various state departments are that their collections during the present biennium will total $2,796,750 more, making a total of $5,350,108 already in sight toward meeting legislative appropriations. This would leave approximately $1,600,000 to be raised by general fund taxes to be levied this year. If the assessed valuation of the state is increased somewhat a 1½ mill levy would raise this amount, while 1.55 mills would raise this amount on the present assessed valuation.

All 1914 levies for the state and its political subdivisions, the taxes now being collected, total $36,818,416, the state tax commission announces, a reduction of approximately 4 per cent from the 1913 taxes. Of this total $13,196,660, over 36 per cent, goes for educational purposes, $6,911,056, nearly 19 per cent. for the various road levies, and 22 per cent for city taxes.

State general fund taxes amount to less than 7 per cent of the total tax bill of the state.

The state tax commission has instructed all county treasurers to demand 1915 taxes immediately from all wholesale and retail liquor dealers, since next year, after the prohibition law has gone into effect, there will be no property upon which such taxes can be collected.

Many saloonmen already are making preparations to go out of business. If such taxes are not paid promptly, the treasurers are instructed to distrain sufficient property to meet the taxes.

Since 1915 levies have not yet been made, the taxes will be computed on the 1914 levy.

Judge John R. Mitchell of the Thurston county superior court has rendered a decision upholding the validity of the new fish code. The gillnetters, who are attacking the new law, will appeal the case immediately to the supreme court.

Proceedings have been instituted in the King county superior court by the state tax commission to compel payment of the inheritance tax on the estate of Cyrus Walker, the millionare lumberman and capitalist, who was reputed to be worth $12,000,000. It develops that about two years ago before his death Mr. Walker transferred his property to his wife. The tax commission contends that this transfer was made in contemplation of death, and insists upon payment to the state of the inheritance tax.

Report of the public service commission on operations of the grain inspection department during the two years ending April 1, shows that receipts of inspection offices maintained at Seattle, Tacoma, Spokane, Everett and Bellingham in the aggregate were considerably more than sufficient to meet the cost of operating these offices, a credit balance of more than $6,000 reverting to the state treasury.

Computations of State Highway Commissioner William R. Roy show that in addition to the expenditure of approximately $1,000,000 on the state highways this year, there will be available more than $2,000,000 this year for permanent highway work under joint supervision of the state and the various counties.

W. H. Cochran of Spokane has been appointed by Governor Lister as a member of the state board of control, succeeding H. T. Jones, who retired April 1 after 12 years service.

The attorney general's office has ruled that under the new fish code, which neglected to make any provision for licensing pound nets for catching smelt and herring, the use of these appliances is prohibited.

The industrial insurance commission has been advised by the attorney general's office not to allow pensions under the compensation act to the families of three employes of the Simpson Logging Company, who were shot and killed recently by a discharged employe.

Reports of the 274 state banks to State Bank Examiner W. E. Hanson in response to the call of March 4, shows their combined resources to be $124,722,859.80, an increase of $2,027,183.9' as compared to resources shown by the corresponding call of 1914.

Minutes of the regular meeting of March 22 were read and approved.

THIRD STREET IMPROVEMENT

The necessity of improving the condition of Third street near A street was discussed and Director Fisher volunteered to bring the matter again to the attention of the city council tomorrow evening.

SEATTLE AUTOMOBILE CLUB TOUR

A leter from President Joseph Blethen of the Automobile Club of Seattle, relative to the forthcoming tour of that club over the Olympic Highway to Port Angeles, Lake Crescent and Mora, and LaPush, was read and discussed. The secretary was directed to ascertain what arrangements, if any, are under way at Mora or LaPush for the accommodation of the visitors, and to take whatever action such investigation may suggest.

VICTORIA-PORT ANGELES TOURIST'S CARS FREIGHT RATE

Chairman E. J. Walton of the Transportation Committee and the secretary reported having obtained from the Phget Sound Navigation Co, a reduction from $7.50 to $5 per ton round trip rate on automobiles between Victoria and Port Angeles, as a special inducement for tourist travel.

MOTION-PICTURE TOUR PROJECT

Proposition of J. A. Adams of Sequim for a motion-picture film showing impressions of a steamboat trip from Seattle to Port Angeles, visit to Sequim, glimpses of this city, of the Lake Crescent road, the ride on the ferry, Sol Duc Hot Springs, Olympic Highway on the Sol Duc divide and the ocean beach at La Push, as an illustrated lecture in the Washington State building at the Panama fair, was discussed and was referred to a special committee composed of Directors Walton, Fisher and Levy, acting with the secretary.

SEQUIM MAY DAY EXCURSION

The secretary was directed to write to the Sequim Commercial Club for explicit information relative to the May Day Festival at the town of Sequim, the program, details and final arrangements for transportation.

PORT DISTRICT HEARING MAY 3

SECRETARY'S SEATTLE TRIP ON APRIL 12-13.

The secretary reported attending to various important matters in Seattle on April 12 and 13. The Chicago, Milwaukee & St. Paul Railway will at once proceed with the compilation of the book projected last fall descriptive of the Olympic Peninsula. Executives of a large sash and door factory concern promise to investigate Port Angeles as a location for their proposed new factory the first week in May. James S. Goldsmith and Geo. F. Russell of the Puget Sound Mills & Timber Co., are endeavoring to induce a large screen door manufacturing concern to build a factory here. Sunset magazine has agreed to specially mention Olympic Peninsula scenic attractions.

ASSAULTS GIRLS AND IS EASILY CAUGHT

Another man has assaulted young girls in the vicinity of the baseball park within the week just past. Jim Curry, a logger, was caught on the beach near the big mill on Sunday, when the girls he assaulted were visiting in that part of town. They recognized him at once and Patrolman Hooker was called and arrested the man of bad language. This is his first offense. The man who assaulted girls heretofore has not been taken into custody as yet, pending more information by the police department.

PECULIAR GAME AT VICTORIA

With the Monday morning issue of the Victoria Colonist the Olympic-Leader received the following score of the game between the Victoria Leaguer's and the Angeles local ball team. The staff of this paper failed to make connections and lost out on the real dope from across the Strait. The article reads:

"The Victoria Maple Leafs kept up their batting mania yesterday afternoon against Port Angeles and engaged in a batting bee that has no parallel in this city, the 21 hits chalked up resulting in a score of 25 runs. On the other hand, the visitors could not solve the puzzlers sent across the plate by Harry Smith and John Raliegh. Despite the one-sided score, there were many brilliant fielding features on the part of the Victoria club, while the antics of Bill Houre on the coaching line provided much amusement for the large crowd.

"Such weird pitching as that of Rowley and the bombardment of whatever slants he had to offer has never been duplicated in Victoria. Rowley walked eight men and was guilty of a wild pitch. In the hitting line, everyone of the Leaf's found him easy, Kelly getting a home run; Tobin a triple; Menges a three bagger, and Otto Nye and Reed each acquiring doubles. Reed was painfully injured in the first inning. Just after he had secured his twobagger, Moir, the second baseman for Port Angeles, reached for a wide throw from Corbett and stepped on Reed's left ankle, the spikes cutting into the flesh. Reed had to retire from the game and was replaced by Shaw.

"Harry Smith displayed some nice pitching, keeping the four hits obtained off his delivery scattered thru four innings. Raleigh was also in grand fettle and twirled grand ball. Menges was the fielding star of the day, three of his four assists being hard chances."

The score of Saturday's game follows:

	R.	H.	E.
Port Angeles	0	4	6
Victoria	25	21	0

Batteries—Rowley and Corbett; Raleigh and Grindle and Haworth.

NEW HORTICULTURAL LAW NEARLY A DEAD LETTER

The late legislature in its efforts to make a showing of economy, practically rendered null and void a really meritious horticultural law by limiting the appropriation for inspectors to be appointed by the commission of agriculture so that not more than ten can be employed. Inspector Brislawn of Everett, for instance, has seven counties to look after, an undertaking manifestly impossible. The code provides that counties may pay for extra inspectors, should the commissioners choose the inspectors to be appointed by the commissioner of agriculture. In other words, the state makes a saving at the county's expense, or at the expense of the fruit grower should the counties not choose to pay for extra inspectors. Luckily, here in Angeles the trees are in good shape, but in the East End, particularly Sequim, there is lots of San Jose scale which is a menace to the young orchards. Assistant Commissioner Morrison is expected down from Olympia within two or three weeks to look over the needs of the district and make recommendations.

Oxfords and Dress Shoes

for summer wear

When you want a new suit you don't go to the shoe store, do you? No, you confer with the man, or woman, who KNOWS clothing, who understands quality, workmanship and style. I don't "know" the clothing, nor the dry goods, nor the millinery, nor the table and bed linen and carpet business. But I DO KNOW shoes. My knowledge of footwear, a knowledge gained thru years of experience with shoes alone, is at your service. The lines of goods I carry are the best to be had. If there were better I would have had them years ago. So why experiment. Why take chances so long as here is a store where the element of "chance" has been eliminated.

FREE EMPLOYMENT OFFICE HERE

Inspector Tom L. Wycoff of Immigration Service to Have Charge of Local Branch.

The Department of Labor, after having conducted an employment office for the past few weeks in the city of Seattle, has decided to establish sub-offices thruout the state.

Henry M. White, commissioner of Immigration for State of Washington, announces that this is found necessary because of the great interest manifested in the new work by the farmers and industrial employers of the state as well as those seeking employment.

Inspector Tom L. Wycoff of the United States Immigration Service at Port Angeles, has been designated by Commissioner White to have the charge of the Port Angeles branch. The employment office will be in conjunction with the immigration office, and all farmers and industrial employers as well as those seeking employment in this vicinity, are requested to file their applications with Inspector Wycoff or with their local postmaster.

The Postoffice Department and the Department of Agriculture are assisting in the work. It is planned to have the sub-offices serve the particular sections in which they are located, since they will better know the needs of their own territory. In this manner those seeking employment will be placed in touch with jobs at a comparatively small cost to themselves as well as aiding the employer to secure help on short notice. Should farm help and other help be scarce in the Port Angeles district, the employer's application will be immediately referred to the Seattle office.

The Department has established distribution offices thruout the United States with the view of bettering the welfare of the wage earners and improving their opportunity for employment; also, with the view of affording the employers a method whereby they may make application for such help as they may need, and whether male or female or alien residents. No limitation is made by the department as to the kind of employment included herein, but on the contrary it is intended to include all, the farmer, dairyman, fruit grower, the railroads, and all industrial establishments. It is especially desired by the department to encourage the return of laborers to the farm and other rural occupations. Applications will be received from employers for domestic help, male or female; also applications from owners of land desiring settlers or tenants.

Careful attention will be given to the selection of applicants with a view of directing to employers only such help as is specified in the applications. No fee will be charged either to employer or the employee for this service.

been asked to perform these last rites over a woman who represented as she did, all that was highest, purest and best in life.

The hymns were particularly beautiful as rendered by a choir consisting of Mrs. Luppen, Mrs. Brown, Messrs. MacNutt and Webber. The first one, "Gathering Home," had been sung at Mrs. Kemp's husbands funeral and she had once expressed a desire that it also be sung at hers.

Crossing each other on the top of the casket, two branches of the Victory Palm had been tenderly laid by Mrs. Smith, symbolizing her mother's victory over death. The body was laid to rest for the present in Ocean View Cemetery, to later be removed beside the body of her husband in Connecticut.

Sweet as the perfume of the beautiful flowers that surrounded her casket, is the memory of the life of this noble self-sacrificing mother and friend.

Mr. C. P. Johnson and daughter Miss Marion and son Cyrus of Seattle were in attendance at the funeral.

COUNTY BUILDS BIG PORTABLE BIN

August Swanson's blacksmith shop presents a busy scene these warm summer days. Mr. Swanson is building a 25-ton portable rock bin for the county of Clallam for road work. It is constructed of Clallam wood and the frame work of cast iron. It will be about 15 feet high and 20 feet in length by 12 feet width. It will carry a gasoline engine hoist and wagons will be able to take gravel from both sides of the bin. The big monster will have extra large wheels so that it can be moved when desired. It will be completed in two or three weeks.

A BUSINESS PROPOSITION

Vital Import of Great Public Project Too Apparent to Be Overlooked or Denied.

"Is it a business proposition?" "How much will it cost me?"

Those are the two questions to be answered.

It is a business proposition because it would provide needed facilities, owned and operated by the public, for the development and handling of practically all the undeveloped resources of Clallam county, and which cannot be properly and profitably developed without such facilities.

The U. S. Forest Service estimates that there are 490,000 acres of agricultural land available in this county. Suppose that we have 200,000 acres of oats, yielding an average of only 70 bushels per acre, or a total of 14,000,000 bushels, or 224,000 tons. Suppose we sell this oats to the government for use in the Philippines. All of it would have to be shipped over the proposed Port District dock. The state public service commission fixes the rate that the dock would have to charge at 25c per ton. The receipts of the dock for handling this oats would aggregate $56,000 each year, or more than one-third the proposed total cost of the dock.

Consider our vast timber resources, which require the facilities of a deepwater dock perhaps more than any other resource; more than thirty billion feet of standing merchantable timber is directly tributary to Port Angeles harbor, if facilities for handling the lumber are provided here.

The Puget Sound Mills & Timber Co. dock is the only one in the county now able to handle deepwater lumber shipments. All other mills shipping by water would have to build similar highly expensive docks, or ship over the public deepwater dock. At present all are restricted to rail shipping, and with the opening of the Panama canal that is a great handicap.

Supposing that this proposed deepwater dock would enable cargo mills to operate that would ship over this dock two big cargoes per month, a total of 5,000,000 feet monthly. It would take 12,000 ships 500 years to carry away our thirty billion feet of standing timber, not taking into consideration the fact that our forest is increasing by growth of new wood at the rate of 108,000 000 feet annually.

The lumber dockage charge prescribed by the state public service commission is 25c per 1,000 feet, so that these lumber operators would have to pay our Port District $6,250 per month, or $150,000 a year for the 24 cargoes of 2,500,000 feet each. Thus it is not at all improbable that the lumber shipping alone would pay back the entire cost of the dock in a single year.

"How much will it cost me?"

There is no good reason why the whole Port District project as at present outlined should not pay for itself entirely thru the earnings of the dock and cold storage plant. Every investigation of the subject seems to indicate conclusively that it will.

But suppose that the worst happens, that it is a total failure as a going business. Suppose we take $150,000 as the total cost of the establishment and that the money is borrowed on a 50-year 5 per cent bond. As the assessed valuation of the proposed district, from McDonald Creek west, exceeds $13,000,000, this great public enterprise would cost the taxpayers 12 and one-half cents per year on each $1,000 assessed valuation. That would pay interest and principal complete.

I do not admit to anybody that the people of Port Angeles and Clallam county are too small to see the vital import of this great public project. I have faith in their wisdom and common sense.

SILVER WEDDING CELEBRATION ON PINE HILL

On Sunday, April 18th, Mr. and Mrs. Herman Krueger were very pleasantly surprised by the Ladies Aid of the Lutheran church and the members of the German Verein and other friends. The occasion was the 25th anniversary of their birthday. They received several beautiful pieces of silver, and all present enjoyed a very pleasant time. Refreshments were served thruout the afternoon and evening, and all went away wishing them many more years of happiness. Those present were: Mr. and Mrs. Herman Krueger, Messrs. Bert and Alvin Krueger, Mr. and Mrs. August Baar, Mr. and Mrs. C. A. Laurens and family, Mr. and Mrs. Geist, Mr. and Mrs. H. Malchau, Mr. and Mrs. N. Heuhslein, Mr. and Mrs. Lehman and family, Mr. and Mrs. H. Fay and family, Mr. and Mrs. D. Gasser and family, Mr. and Mrs. Schaible, Mr. and Mrs. R. Beck, Mr. and Mrs. Alvers, Mr. and Mrs. Harding, Mr. and Mrs. Wilhelm and family, Mrs. John Solf and family, Mrs. Eiban, Mrs. Dippold, Mr. John Spies, Mr. K. Fay, Mr. M. Fay and Mr. B. Hartleb.

The halibut fishing schooner on the beach near the Dungeness light, reported as the Louise, is the Albatros. According to reports received from Dungeness the craft was thrown high on the beach by the heavy sea prevailing Monday night after she went ashore. The life saving steamer Snohomish, went to the scene on Tuesday morning and is making every effort possible to haul the Albatros into deep water.

OLYMPIC-LEADER WANT ADS BRING RESULTS. TRY THEM.

Painful Ignorance.

Two pickpockets, notorious thieves, were on trial. None the less, they contrived somehow to put up a good defense, thanks mainly to the cleverness of the lawyer whom they employed. The detective who had effected the arrest spent a miserable twenty minutes in the witness box contradicting himself repeatedly. "Then what made you suspect the men?" asked the lawyer. "As I said before, one of them was wearing an overcoat with a slit in the lining, so that he might operate more easily." "Come, come," said the lawyer. "Would you arrest me if you saw me wearing such an overcoat?" "No, sir. I happen to know who you are. You're a lawyer." "Well, what's the difference between a lawyer and a pickpocket?" The detective shook his head. "I really don't know," he muttered.—Argonaut.

Lord Rosslyn at a dinner in New York once said of a notorious London spendthrift:

"When he was at Oxford he wired once to his uncle, whose heir he was:

"'If you don't send me a hundred by Saturday I'll blow my brains out.'

"His uncle wired back:

"'You telegraphed me that before, and when I forwarded you my best revolver you went and pawned it.'"

The Ruling Passion.

George Bernard Shaw, the author and playwright, tells this story of a cricket match which took place in his native town not long ago.

"The match, married men versus single men, was in progress," avers Mr. Shaw. "The 'married' innings had closed with a total of 37, toward which Jones, the local grocer, had contributed a lucky 20. Scarcely had the 'singles' commenced to bat when the startling news of a local train disaster reached the ground, whereupon Jones evinced a worried look.

"'What's the matter, Jones?' queried the captain.

"'Well,' Jones replied reflectively, 'my wife was on that train.'

"'Too bad, old man. I'm sorry,' murmured the captain, greatly touched. 'In that case, of course, you want to get away at once?'

"'Oh, no; it isn't that,' explained Jones. 'But, you see, if anything has happened to Annie I ought to be playing for the single chaps.'"

A coal dealer asked some law students if they could guess what legal authority was the favorite of his trade. One answered "Coke." "Right," said the coal dealer. Another suggested "Blackstone." "Good too!" said the questioner. Then another said "Littleton"—and the coal dealer was annoyed.

CITY AND PERSONAL

Mr. and Mrs. Ray Haynes returned from Seattle Thursday morning.

Judge J. J. McClinton was looking after his legal business in Angeles this week.

Mrs. E. J. Walton was hostess to the Fortnightly Card Club Tuesday afternoon.

A baby girl arrived at the home of Mr. and Mrs. Harry Fredericks Tuesday morning, April 20.

Mrs. R. W. Jackson very pleasantly entertained the Cherry Hill Auction Bridge Club Thursday.

R. G. Trumbull and E. Shepperd were taking orders from the grocers in town and county this week.

Mrs. Ray Haynes joined her husband in Seattle Wednesday to attend to some business matters.

J. W. Kinkaid, manager of the Key City Light and Power Co. was looking after business interests in Angeles Wednesday.

Mr. and Mrs. C. E. Cole are very happy over the arrival of a dear little baby girl at their home on Sunday morning, April 18.

Miss Reed of Seattle has been hired as music and art teacher to fill the vacancy caused by the resignation of Miss Porter.

Mr. Tom Olson has taken the agency for the Home Ironing Board Company, and any one wishing to see one of these splendid boards, which help to make your ironing easy, can phone him at No. L-186, and he will be glad to call and demonstrate it to you.

On account of the serious illness of Mrs. Stephen Smith's mother, the P. A. Reading Club postponed its regular meeting last week. Mrs. W. A. Stoval will be the hostess for May 7th and a musical program will be arranged by her with the assistance of Mrs. Troy.

The H. S. pupils have been hustling this week selling tickets for the dinner and entertainment to be given by them with the assistance of the H. S. teachers and Miss Pazandak, domestic science instructor, at the Central school building next Friday, May 7. All patrons of the school are expected to be present.

The daintily dressed doll babies in the display window of Miss Nason's Millinery and Suit House have been attracting a great deal of attention and many a little girl has gazed with envious eyes upon them and their dainty wardrobes. Miss Nason can supply all the baby's needs in wearing apparel and make it look just as sweet and attractive as these doll babies.

An unusually pretty stylish lot of childrens cotton dresses have been on display at Kirschberg's all week. After examining the quality of the goods and the workmanship, mothers who sew, are surprised when they can be sold for such low prices. And yet there are mothers all over the county, patronizing catalogue houses and taking a chance on what they get and paying higher prices.

Monday evening the Book Club tendered a pleasant birthday surprise to Mrs. A. L. Johnson. Conversation and cards and dainty refreshments were features of the evening. High scores and prizes were won by Mrs. Alfred Jensen and Mrs. Andrew Cosser. The hostess was most ably assisted during the evening by "Lizz" who as an artist of culinary science and demonstrator of the same, was entitled to the bouquet of daisies. Many returns of the day were the wishes given by the guests upon departing.

A very angry woman was the one who found she could buy a good broom at Brewster & Co's 5, 10 and 25 Cent Store, for 25 cents after she had paid 35 cents at another place for one that was no better.

T. F. Trumbull was a returning passenger from Seattle Wednesday.

The Cherry Auction Bridge Club met with Mrs. Jackson yesterday afternoon.

Miss Janette Shields is entertaining a party of her little girl friends tomorrow afternoon in honor of her birthday.

Mrs. Paulhamus left on the Sioux yesterday for Payette, Idaho, where she will make a short visit with her daughter and family.

Mr. and Mrs. C. I. Haggith went to Seattle Wednesday, hoping a little change might prove beneficial to her health, which has been very poor of late.

Prepare for warm weather now by getting you a dress of one of those beautiful patterns of summer goods, the Leader Department Store has on display.

Mrs. J. C. House of Port Townsend, Grand Worthy Matron of the Order of the Eastern Star, will visit the Port Angeles Chapter Saturday evening.

Clay Wolverton and Lloyd Taylor spent a couple of days in the West End this week, Lloyd visiting his parents at Mora and Clay looking over the country in general and reporting that everything was O. K.

The second tournament of the whist series at the Catholic Social Hall will be played Wednesday, April 28, 8:30 p. m. A light lunch will be served after the games. The hostesses for the evening are Mesdames Gould and Sweeney.

McCarty & Hayne, successors to the Baker Hardware & Furniture Co., are remodeling and improving the interior of their store and making it much more convenient as well as pleasant and attractive looking.

Mr. John Herlihy of the Earles Mill returned the first of the week from a business trip to California, while there he also visited the Panama exposition which he says has large crowds in attendance every day.

Mrs. Wolverton wishes to say to her many kind friends, that she is rapidly improving from her recent illness, and wishes to thank one and all for the many kind and healing thoughts sent to her. Words fail to express the appreciation at this time.

Have you watched the rapidly increasing pile of old shoes in the Toggery window? A mighty easy way that to earn 50c or $3.00. What is the best suggestion you can make for dispensing of these old shoes? Write him a little note and tell him and don't fail to read his adv. each week.

On account of removing my optical parlors to the Morse building the first of the month and being anxious to reduce my stock as much as possible before that time, I am offering all my optical goods, including field glasses, reading glasses and binoculars at greatly reduced prices. ABOUT THE COUNTY

LINCOLN HEIGHTS

The older inhabitants of the Lincoln Heights were very much shocked to hear of the sudden death of Mr. Woolworth, who was an oldtime resident and employe of the Filion Mill Co. Recently his family have been living in Ballard, Seattle, but he was working here.

Mrs. Wade had an attack of pleurisy last week and did not get home from the hospital as was expected, but is again recovering.

Mrs. McLeod and Mrs. Chas. Filion are both doing nicely and the latter is expected home Thursday.

Mrs. Geo. Cowan has gone to Portland to see her daughter Hazel Meyers, who is very ill with rheumatism.

Mrs. Gertie Belt has gone to Hoods Canal to join her husband, who is at work there.

Mesdames Pollock, Clark, Harding and Fleming have been callers on their neighbors who are in the hospital during the present week.

J. B. Fleming, wife and Mrs. Bashline spent Sunday evening with Mr. and Mrs. J. H. Chamberlain.

Mr. Lehman, an old resident here, has been quite sick for some time and is attended by Dr. Harrison.

Retha Whitmore was sick a few days with rheumatism but is now better.

Mrs. J. W. Pike was a caller on the Heights Monday and will probably be a resident in the near future.

Mrs. Callarman of 8th street, near Francis, her mother Mrs. Harrison, of Long Beach, California, and sister Mrs. MacArthur, of Sequim, Mrs. Harold Benson, of the Heights and her mother-in-law of Oak Harbor, Whidby Island, were visitors at E. B. Flemings Monday.

Water pipes are being laid on 10th from C to one lot west of D. A much needed improvement.

It is said we are losing our auto bus line which was quite a convenience and will be much missed.

MT. PLEASANT

Sunday visitors to Mt. Pleasant were Mr. Bosse, Mr. Sam Jones, Mr. and Mrs. Herbert Baker and Mr. and Mrs. Conrad Luppen.

Mr. and Mrs. Albert Jacobson and family and Miss Johnson of Angeles visited at Mt. Pleasant Saturday afternoon.

Mr. and Mrs. Charles Harding and son, Mr. and Mrs. Joe Hall and their children visited at the Hall ranch Sunday.

Mrs. A. Schultz arrived Monday to visit at the home of her mother, Mrs. Dietsch.

Miss Fannie Morse is visiting relatives in this vicinity.

Dick Gates arrived in this vicinity to do some work on the Lucas ranch.

Mr. Draper visited Saturday and Sunday with his family.

Mr. Jones of Angeles arrived at the Austin ranch Monday to assist Mr. Austin with his farming for a few days.

Mrs. John Cox arrived Monday to visit her mother Mrs. Mitchell.

Mr. and Mrs. Chas. Lucas and children were out to their ranch Saturday.

A number of the farmers who expect to take cattle into the hills this spring were out Tuesday, clearing out the trail, a number of them staying several days to clear out the upper end of the trail.

DE FUCA

Mr. and Mrs. Wm. Wooding held a sort of family reunion last Saturday and Sdnday as their daughter Miss Florence paid them a visit from Seattle, and both their sons and a daughter-in-law and little granddaughter also were with them.

Mr. and Mrs. N. Heuhslein, Mr. and Mrs. C. A Laurens and family all went to Angeles Sunday to attend another silver wedding celebration.

Mrs. Wm. Wooding, Sr., spent several days visiting relatives in Sequim last week.

Mrs. Burns Thorpe left again for Seattle on Wednesday of last week.

Mr. and Mrs. Wm. Wooding, Jr., have returned to their home in Dungeness.

Mr. A. H. Thompson was a business visitor here last week.

LOWER ELWHA

Mr. and Mrs. John Hickok were in the Valley over Sunday.

Mrs. A. R. Gould entertained several of her friends last Thursday, who came out from town to spend the day with her.

Mrs. N. E. Erickson was hostess at a coffee party last Friday afternoon. Those present were Mrs. Norman, Mrs. Potter, Mrs. Wahlin, Mrs. Dougherty and Miss Bown.

Mr. E. Thompson and family spent Sunday with his sister, Mrs. J. McDonald.

Mr. Clyde Goodwin has been performing some mile-a-minute stunts with his car, Old Faithful, and treating his friends to some lively spins around the corner.

Mr. and Mrs. Hitch are spending several days with Mr. and Mrs. Sturdevant.

We have strictly fresh halibut, caught locally. The price is 10c per pound. You get the best at the City Fish Market. Phone 49.

COUNTY PRINTING

Notice is hereby given that sealed bids will be received by the Board of County Commissioners of Clallam County, Washington, up to the hour of 10 o'clock a. m. of Tuesday, May 4, 1915, at the office of the County Auditor, to do the County printing during the year beginning July 1, 1915, and ending June 30, 1916.

The Commissioners reserve the right to reject any and all bids received.

J. W. WARREN,
Auditor of Clallam County, Washington.

The judge decided that certain evidence was inadmissible. Counsel took strong exception to the ruling and insisted that it was admissible.

"I know, your honor," said counsel warmly, "that it is proper evidence. Here I have been practicing at the bar for forty years, and now I want to know if I am supposed to be a fool?"

"That," quietly replied the judge, "is a question of fact and not of law, so I won't pass any opinion upon it, but will let the jury decide."

SUMMONS BY PUBLICATION

No. 3222.

In the Superior Court of the State of Washington, in and for the County of Clallam.

George F. Gund and Anna M. Gund, his wife, Plaintiffs, versus Harry C. Peet, Angeles Realty Company, a corporation, E. J. Bright and Jane Doe Bright, his wife, Defendants.

The State of Washington, to the said E. J. Bright and Jane Doe Bright, his wife, Defendants:

You are hereby summoned to appear within sixty (60) days after the date of the first publication of this summons, to-wit: within sixty (60) days after the 12th day of March, 1915, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiffs, and serve a copy of your answer upon the undersigned attorney for plaintiffs at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, which has been filed with the clerk of said court.

The object of this action is to foreclose a mortgage made by the defendant Harry C. Peet, in favor of the plaintiffs, dated January 30, 1913 and recorded in Volume 19, of Mortgages at page 472, of the records in the Auditor's office of Clallam county, State of Washington, upon real estate situate in said Clallam county, Washington, described as follows, to-wit:

Don'ts and Whys for Piano Buyers

By a Man Who Knows

Don't buy a Piano simply because it looks nice and is cheap. Why? Because a cheaply constructed piano is the shoddiest thing in the world.

Don't buy a Piano because it looks nice and the salesman tells you it was made by a reliable Piano factory, who failed to put their name on it. Why? Because reliable manufacturers want their name on the goods. Why? Because in no other way could they establish a reputation.

Don't buy a Piano with a three quarter plate because some salesman tells you it is just as good as a full metal plate. Why? Because the tension on the strings of a piano at international pitch is forty thousand pounds, and with only a three quarter metal plate more than one half of this forty thousand pounds rests on the wood frame of the piano and the piano will not stand in tune.

Don't buy a Piano without a five ply built up pin block. Why? Because the entire forty thousand pounds tension on these strings rests day and night on the tuning pins of any piano.

Don't buy a Piano without at first ascertaining whether or not there is a reliable piano factory by that name. Why? Because there are over 800 different names of pianos being sold in the United States of which names there are no such manufactories.

Don't buy a Player Piano with rubber tubes. Why? Because rubber is very perishable and has too short life to put in an expensive piano.

Don't let a salesman tell you that the manufacturer of his piano uses rubber tubes because they are easily replaced. A tuner will charge you from 3 to 5 dollars every time he replaces a rubber tube in your piano. Metal tubes never have to be replaced.

Don't buy a Player Piano without an automatic tracker device. Why? Because no two music rolls are cut just alike.

Don't buy a Player Piano with only a three point Motor. Why? Because it runs hard and plays irregular.

Dont buy a Piano from a man you never expect to see again. Why? Because when the sale is made his responsibility ceases.

We are always here. We sell pianos at live and let live prices and on easy terms. If you are thinking of buying a piano, it will certainly be worth your time to come in and see us.

SUMMONS FOR PUBLICATION

In the Superior Court of the State of Washington, for Clallam County.

P. S. Govan, Plaintiff, versus Charles F. Knapman, and Kate Knapman. his wife, W. H. Knapman and H. G. Lawrence, Defendants.

The State of Washington, to the said H G. Lawrence, defendant above named:

You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit, within sixty days after the 19th day of March, 1915, and defend the above entitled action in the above entitled court, and answer the complaint of the plaintiff, and serve a copy of your answer upon the undersigned attorneys for the plaintiff at their office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint which has been filed with the clerk of said court.

The object of the above entitled action is to secure judgment of the above entitled court that two certain warranty deeds made by the defendant, W. H. Knapman; one to the defendant H. G. Lawrence, which is of record in Vol. 93 of Deeds at page 528, in the office of the Auditor of said Clallam county; and one to the defendant Charles F. Knapman, which is of record in Vol. 93 of Deeds at page 527, in the office of the Auditor of said Clallam county, said deeds purporting to convey the hereinafter described property, are fraudulent and void as to plaintiff herein; the premises and real property affected by and involved in said action is situated in said Clallam county, state of Washington, and is particularly described as follows, to-wit:

(Deed to Charles F. Knapman)

All of lot 4 and the west 20 feet of lot 3 in block 1 of First Plat of the Townsite of Sequim, according to the recorded plat thereof.

(Deed to H. G. Lawrence)

Lots 20 and 21, block 1, First Plat of the Townsite of Sequim, according to the recorded plat thereof.

Also, beginning at a point 286.58 feet west of the Southeast corner of the North half (N½) of the Northeast quarter (NE¼) of Section 19, Township 30, North of Range 3, West of the Willamette Meridian, thence in a northerly direction 456 feet, thence in a westerly direction 382.10 feet, thence in a southerly direction 456 feet to Quarter Section line, thence east along quarter section line 382.10 feet to point of beginning, and containing four (4) acres more or less.

ENGINE HERE FOR THE NEW FERRY BOAT

The engine for the big new ferry boat on Lake Crescent arrived this week and the boat is fast nearing completion. The County Commissioners are planning for a big celebration when she is launched, which will be sometime before the middle of May.

Mrs. Homer Hart and daughter of Dungeness were shopping in Angeles Wednesday.

ANGELES SEMI-PRO VS. CORONA'S OF SEATTLE

Port Angeles local ball club will take it on their hip next Sunday to add another victory to their long list. This time the Corona's of Seattlee will journey up here to play their annual game with the Angeles boys. The Corona's have not lost a game this season. Game called at 2:30 sharp.

FREE TRIPS TO PANAMA EXPOSITION AFTER JULY 1

Considerable interest is being aroused in the announcement of the E. W. Merrill Co., that they will give one round trip ticket to the exposition at San Francisco, including meals and berth on the boat, to the person holding the largest total amount of purchases, as shown on coupons, issued from their cash register, between the dates of April 19 and July1st. Five round trip tickets to Seattle, good after July 1st, will be given to the next five highest amounts. This is something worth trying for and we will be glad to answer all questions and give further information if you call at the store or phone No. 5. E. W. Merrill Co.

Dr. and Mrs. H. M. Brock paid their first visit to Lakes Sutherland and Crescent last week and were wonderfully impressed with the beauty and grandeur of the scenery, but particularly enthusiastic over the drive throught the grandest woods they had ever seen.

Mrs. J. A. Smith returned on the Sioux Monday night, after a visit of nearly three weeks with friends in Mt. Vernon, Burlington, Seattle, Georgetown, and Renton. She also was a delegate to the Cedar Lodge No. 30, Degree of Honor, and of the Grand Lodge of the Degree of Honor, which was held at Hoquaim last week, the 14th. Thursday evening Hoquaim gave a rousing banquet in honor of the grand lodge delegates and officers. Tables were set for about 500. The guests marched in to the strain of martial music. A fine program was given, after which dancing was the feature of the evening.

W. C. Nelson's home on the bluff on Front street, promises to be a thing of beauty this summer when the flowers are all in bloom. He has spared no expense and work in the artistic arrangement of the bluff, its rustic appearance appealing to all lovers of nature. Another attractive looking place on the same street is that of the Lonsdale's. On the bluff above the cement retaining wall the ground is dotted all over with red and white daisies, making a pretty picture.

Dr. and Mrs. Harold Butler's son, Edgar, left on Tuesday morning for London, on the steamer Boverick, which loaded and cleared from here for the land across the sea. The steamer Boverick's crew of Chinamen jumped their contract and left the captain without stokers and a crew. Edgar accepted a job in the engineer's department. There is little danger of this ship being sunk by the German submarines as she is loaded with 12x12 timbers. Edgar expects to learn much on his trip.

H. Fathers has been out to Lake Crescent the past two weeks, having had the contract for all the finishing work on the Singer and Sandmyer hotel and cottage. He will get the work all finished next week. He says the proprietors of the hotel expect 125 guests the first of May. A pretty big crowd for so early in the year.

Chris. Kuppler is remodeling and improving in many ways the lodging house at the Earles Mill, which will add greatly to its convenience and comfort. Sanitary wash sinks, shower baths, and new bedding are the many improvements noted.

Word was received by relatives this week of the birth of an eight pound boy last Sunday to Mr. and Mrs. Oscar Graham of Boise, Idaho. He has been named in honor of his uncle, Bob Paulhamus.

J. D. O'Connor, the hustling piano man, made several deliveries of pianos into the West End last week, his wife accompanying him. One piano went to F. D. Kean, the Indian superintendent and teacher at La Push.
